Conference re Second Narrows Bridge

The conference held at the city hall, Vancouver, yesterday with reference to final arrangement of details as to Second Narrows bridge was attended by representatives of the city council of Vancouver, the city council of North Vancouver, the council of the district of North Vancouver, Burrard Inlet Tunnel and Bridge Company and the V. W. & Y. Railway Company. A draft agreement was submitted, the salient points of which have already been published, the chief features of which were that the bridge should be built by the Burrard Inlet Tunnel and Bridge Company to whom the Dominion subsidy has been awarded and that the approaches should be built by the V. W. & Y. Railway Company, the same to be handed over to Burrard Inlet Tunnel and Bridge Company in consideration of shares in that Company's stock to be given the V. W. & Y. Railway Company. The probable location of the bridge constituted one of the important items under discussion and in response to a question from Mayor McNeish, Mr. W. MacNeill managing director of the V. W. & Y. stated that the site held by his company is just west of the power line of the B. C. Electric Railway Company. The approaches on the south side would be about one hundred feet in length and those on the north shore about a quarter of a mile long. The approaches at each end turn westward. The total cost of the approaches would approximate $200,000. Mr. MacNeill was of opinion that in addition to shares in Burrard Inlet Tunnel and Bridge Company his Company should be guaranteed representation on the Board of Directors. With reference to the time limit for the construction of the approaches, the agreement provides that the V. W. & Y. will begin to build the same simultaneously with the commencement of bridge construction and that they will be completed as soon as the bridge is ready for use. After lengthy discussion it was arranged that the councils of the respective municipalities interested each appoint two representatives on a joint committee to confer with the representatives of Burrard Inlet Tunnel and Bridge Company and the V. W. & Y. Railway Company for the purpose of arranging all outstanding differences upon the basis of the agreement submitted.

DOMINION DAY CELEBRATION

Industrial Exhibits---A Notable Feature

The industrial exhibit in connection with the annual Dominion Day celebration promises to be one of the most valuable features of this year's program. The committee in charge had decided that the exhibits shall be of a stationary character and the location chosen is the south side of the Esplanade from Lonsdale Ave. westward. It is desired wherever possible to induce exhibitors to put some life into the respective exhibits by means of actual demonstration of the work done. For this purpose arrangements have been made with the B. C. Electric Railway Co. to instal the necessary transformers so that electric power will be available to all those who may need it for carrying out any scheme that they may devise in connection with their exhibit. A partial canvas of local industrial conditions has already been made and the merchants and others will be called upon by the committee at an early date. All those who have been consulted up to the present have not only readily agreed to make exhibits but many have been enthusiastic in their praises of the scheme. It is the universal opinion that a series of stationary exhibits can be used to splendid advantage by local firms for advertising purposes and also that the whole scheme can be made an advertising medium of exceptional merit for the North Shore. The committee has decided to classify the exhibits as follows: Industrial exhibits (with demonstration) first prize $20, second prize $15, third prize $10, industrial exhibits (without demonstration) first $15, second $10, third $5; mercantile exhibits (with demonstration) first $20, second $15, third $10; mercantile exhibits (without demonstration) first $15, second $10, third $5. The sum of $50 will be provided in addition to the above, to be allotted as the committee may decide to any exhibits not covered by the above classifications, upon special mention of the judges. Exhibits are to be in place by 10.30 o'clock on the morning of Saturday, July 1st, and are to be in full operation from that time until twelve o'clock noon during which time the judging will take place. Endeavors are now being made to induce three prominent and disinterested citizens of Vancouver to act as judges. Exhibitors are not to be allowed to sell any commodities from their booths in the series. The committee is now ready to register applications for space, which will be dealt with in the order of their reception. Intending exhibitors are requested to communicate with the business manager of the celebration, Mr. T. S. Brown, North Vancouver, or with the chairman of the Industrial Exhibit Committee, Geo. H. Morden, editor of the Express at the earliest possible date in order that all details may be arranged to the satisfaction of all parties.

Communication

Editor Express:

Dear Sir,—Will you grant me space in your paper to bring before your readers a suggestion regarding Mahon Park? I went over part of the park a week ago and it has occurred to me what a valuable asset it would be to North Vancouver if this park was seeded down and laid out for a short golf course. There is nothing I think that could be done that would make this side more popular from a residential point of view than to have a good golf course and it is only necessary to suggest it to people who have seen or played the game elsewhere to make the idea popular.

No doubt it would take a great deal of work to put the park in shape but if there is sufficient public interest in such a scheme, the city council might be asked to set aside the park or a large portion of it for that purpose and to lay their plans accordingly. The course would be a public one and a small charge, say 10 cents per game, would be made, thus making it self supporting after the initial cost of laying out.

If you will kindly allow the space, Mr. Editor we might perhaps hear from others who are interested.

JAMES CHAPMAN

The local baseball team left this afternoon to play a match with South Hill, team in South Vancouver. Capt. Anderson had charge of the boys.

Fire In Prairie Town

Swift Current Menaced by Raging Flames—Fire Now Under Control

A fire which assumed dangerous proportions and at one time seriously threatened the entire city, broke out last night in the basement of the premises of the Great Northern Supply Company. The flames soon spread to the lumber yard of the International Lumber and Implement Company and made such headway that at one time it was thought that the business section of the city would be fire swept and an urgent call was sent out to Mayor Snyder of Moose Jaw for assistance and a special train from that city was prepared to convey fire fighting apparatus. The fire was brought under control, however, before the train got away and the request was countermanded.

The Great Northern Supply Company saved nothing from the flames their loss being estimated at $75,000, insurance not stated. The loss of the International Lumber Company is placed at $65,000 with $52,000 insurance.

A despatch from Toronto states that a Grand Trunk express train running at the rate of fifty miles an hour, jumped the track at Newcastle, Ont., Friday morning. J. Madill, a commercial traveller of Toronto, was killed and several were seriously injured.

The demonstrating wagon of the Calgary Milling Co. was recently seen on the streets of North Vancouver under the management of Mr. Baker, the Company's agent. Mr. Baker has a three months' contract with the Company to demonstrate the Seal Brand Flour and thousands of the residents of the city and district on Wednesday regaled themselves upon the excellent waffles which the operators of the plant provided—these were cooked in sight of all and proved to the house wife or household which had the privilege of tasting them that Seal Brand Flour is the premier article of its kind in the modern science of culinary creation.

The case of Thos. Cunningham charged with carelessness in connection with blasting operations on the Esplanade was heard before Mayor McNeish on Wednesday morning. Constable Prime was standing a short distance from the scene of operations when the explosion occurred and hunks of rock and real estate whizzed past him, one of the stones breaking a window in the office of the B. C. Electric Ry. Co's. building. The mayor allowed Cunningham to go with a warning and instructed the clerk to report the occurrence to the firm of contractors for which he was working.

The real estate firm of Campbell & Evenson, Lonsdale Avenue, have just completed the most successful week of their business career. Recently the firm secured an option on Blocks 42 in the resubdivision of 265 and 552, Lonsdale Estate, in the vicinity of the new car line on Fell Avenue. In the past six days nine lots in these subdivisions have been sold by the firm and several lots have been reserved for prospective buyers. The above seems sufficient indication that the real estate values which have been undergoing such a quiet period of late are moving and if the Second Narrows bridge negotiations come to a successful conclusion North Vancouver will certainly experience the biggest boom of her history.

Lynn Valley Notes

(Express special correspondent)

Mr. and Mrs. Hicks of Vancouver were visiting Mr. and Mrs. Blair on Sunday last.

Mrs. Bob. Harvey and family, with Mr. Robbie Brown from Hillyard, Wash., are the guests of Mrs. Robt. Brown.

A select party of friends gathered at the home of Mrs. Gould, Doran Road, Tuesday evening and spent an enjoyable time.

All ladies interested in church work are reminded of the afternoon tea to be given at Mrs. Robt. Brown's Fisher Road, Tuesday, June 20th. A small charge of 10 cents is asked to aid in the work of the church.

Mrs. Frank McCarthy, N. Vancouver, is visiting her mother in the Valley this week before leaving for Port Mann to join her husband who has charge of the steam shovels at the Port.

A musical evening was given at the home of Mrs. H. Douglas on Wednesday. Instrumental and vocal selections were given by several of the guests and were highly appreciated. Refreshments were served and social intercourse indulged in for a time.

The proprietors of the Lynn Valley general store suffered the loss of one of their delivery horses last week through a bad attack of colic.

Mr. and Mrs. Duncan are located in their new home, Lynn Valley, cor. of mill and Centre Road.

A busy day was experienced at the Lynn Valley post office Wednesday, caused by the sending forth of the tax papers to property owners. Over 2,000 of these letters to date have passed under the official stamp of the postmaster.

It is quite customary for some taxpayers to postpone the payment of their taxes until the last day allowed before the shutting off of the discount but it is rather unusual to find a tax payer who is invariably eager to pay his taxes before anybody else has thought of doing so. There is one property owner in North Vancouver, however, who covets the distinction of being the first ratepayer each year to pay his taxes. Friday morning Mr. D. G. Dick waited on the city treasurer, and when the interview ended, Mr. Dick departed from the city hall exhibiting with what all will consider commendable pride, three receipts numbered respectively 1, 2 and 3 for the year 1911. For several years past Mr. Dick has accomplished the same feat, which clearly shows that this is no sudden burst of spasmodic generosity but a long established practice upon his part.

NORTH VANCOUVER, B. C. . . . JUNE 17 1911

GROWTH OF FERRY EARNINGS

The detailed statement of monthly ferry earnings from January, 1901 to May 1911, prepared by the secretary of the Company, which appears elsewhere in this issue, brings out very forcibly the phenomenal growth of the earnings of the Company and affords excellent material for instructive comparisons. It will be noted at once that the earnings for the month of March this year were greater than the earnings for the entire year 1901, the earnings for the month of April, 1911 were greater than those for the entire year 1902 and the earnings for May 1911 were almost equal to the aggregate earnings for the year 1903.

The total earnings for the year 1910 were over two thousand dollars greater than the combined earnings of the entire period of five years from 1901 to 1905 inclusive. The total earnings for the first five months of the present year were greater than the aggregate earnings for the years 1901, 1902 and 1903 together with the first eight months of 1904, while they are nearly as great as the entire proceeds for the year 1907.

It would be reckoned a very poor record for a single day at the present time if the receipts were not greater than those for the average month of the year 1901. To specify with reference to daily receipts, takings for the 1st of July, 1910 were $911 and those for May 24th of this year $876, from which facts it is evident that the receipts for July 1st this year ought to run well over the one thousand dollar mark or practically as much as the biggest month's earnings for the year 1901.

The probable total earnings for 1911 based on the ratio which the first five months of last year sustained to the earnings of the whole year are so startling as to cause one to hesitat to accept the analogy as a reliable method of computation. If the seven last months of the year 1911 show the same proportions in comparison with the first five months of the year that the last seven months of the year 1910 bore toward the first five months of the year, then the total ferry receipts for the present year will amount to approximately $150,000, an amount only about ten thousand dollars less than the total earnings for a period of seven years from 1901 to 1907 inclusive and an amount considerably greater than the combined earnings of the two previous years 1909 and 1910.

Comparisons such as these will greatly assist the ratepayers in getting a proper perspective upon the pace at which the ferry traffic has developed and from the vantage ground thus attained by projecting the results into the future they will be able to gauge with some approach to accuracy the probable progress of the years to come. Viewed in this light the question which presents itself assumes tremendous importance and the palpable answer to the question takes to itself prodigious proportions "What is it necessary to do in order that the facilities continually at hand shall prove adequate to cope with the astonishingly rapid development of our ferry traffic?" This is a department of public interests with respect to which the Board of Ferry Directors and the ratepayers of North Vancouver need to "look alive" in the most advanced significance of the phrase. Delays will prove fatal and to stumble at trifles were superlative folly. The community should be alive to this situation and move with that confidence and enterprise which to date has proven such a cogent factor in the phenomenal progress and prosperity of North Vancouver.

Canadian Verse

THE CANADIANS ON THE NILE.

By William Wye Smith.

[Rev. William Wye Smith of St. Catharines was born in Scotland in 1827. He is chiefly known for his New Testament in Broad Scotch. He also wrote a volume of poems published in 1889, from which the following is taken.]

O, the East is but the West, with the
sun a little hotter;
And the pine becomes a palm by the
dark Egyptian water;
And the Nile's like many a stream we
know that fills its brimming cup;
We'll think it is the Ottawa as we
track the batteaux up!
Pull, pull, pull! as we track the
batteaux up!
It's easy shooting homeward when
we're at the top.

O, the cedar and the spruce line each
dark Canadian river;
But the thirsty date is here, where
the sultry sunbeams quiver;
And the mocking mirage spreads its
view afar on either hand;
But strong we bend the sturdy oar
towards the Southern land!
Pull, pull, pull! as we track the
batteaux up!
It's easy shooting homeward when
we're at the top!

O, we've tracked the Rapids up, and
o'er many a portage crossing;
And it's often such we've seen, though
so loud the waves are tossing!
Then it's homeward when the run is
o'er! o'er stream and ocean deep—
To bring the memory of the Nile,
where the maple shadows sleep!
Pull, pull, pull! as we track the
batteaux up!
It's easy shooting homeward when
we're at the top!

And it yet may come to pass that the
hearts and hands so ready
May be sought again to help when
some poise is off the steady!
And the Maple and the Pine be
matched with British Oak the
while,
As once beneath Egyptian suns the
Canadians on the Nile!
Pull, pull, pull! as we track the
batteaux up!
It's easy shooting homeward when
we're at the top!

HOME SONG.

By Duncan Campbell Scott.

[Duncan Campbell Scott has been Chief Accountant and Superintendent of Indian Education in the Indian Department at Ottawa since 1893. He was born in 1862, and married Miss Belle W. Botsford, the prominent American violinist. He was one of the editors of "Makers of Canada," and has issued three volumes of verse, "The Magic House," "Labor and the Angel," and "New World Lyrics and Ballads," and a novel, "In the Village of Viger."]

There is rain upon the window,
There is wind upon the tree;
The rain is slowly sobbing,
The wind is blowing free:
It bears my weary heart
To my own country.

I hear the whitethroat calling,
Hid in the hazel ring;
Deep in the misty hollows
I hear the sparrows sing;
I see the bloodroot starting,
All silvered with the spring.

I skirt the buried reed-beds;
In the starry solitude:
My snowshoes creak and whisper,
I have my ready blood.
I hear the lynx-cub yelling
In the gaunt and shaggy wood.

I hear the wolf-tongued rapid
Howl in the rocky break;
Beyond the pines at the portage
I hear the trapper wake
His "En roulant ma boule,"
From the clear gloom of the lake.

O, take me back to the homestead,
To the great rooms warm and low,
Where the frost creeps on the casement,
When the year comes in with snow.
Give me, give me the old folk
Of the dear long ago.

Oh, land of the dusky balsam,
And the darling maple tree,
Where the cedar buds and berries,
And the pine grows strong and free
My heart is weary and weary
For my own country.

ELECTRIC CLOCKS

OUR LATEST IMPORTATION

Science and the superior knowledge of the age has given us many serviceable wonders. Among these is the electric clock, which is proving its worth wherever it has been introduced. We are placing on the market in Vancouver for the first time a number of these clocks which have just arrived from England, where their reliability as timekeepers has been tested and proved to be perfect, while their durability is most wonderful. The mechanism of this clock is of the simplest, and if by any accident should be disordered is easily repaired. These clocks are now on view in our store and are indeed interesting. See them if you should desire a high grade timepiece.

Pleasant Fields of Holy Writ

International Sunday School Lesson—Second Quarter. Lesson XI. 2 Kings xviii : 1-14. June 18, 1911.

THE DOWNFALL OF SAMARIA

It is the surprise of the historian—this page written at the very dawn of authentic history, but full of circumstantial detail. The walls of Rome were only three decades old when this record was made, yet its truthfulness has verification in the inscription at Horsabad in which Sargon says: "I besieged, took and occupied the city of Samaria and carried into captivity 27,280 of its inhabitants. I changed the former government and placed over it lieutenants of my own. The fate of the Ten Tribes has always been the play-ground of the imagination. Ingenuity and learning has been shown in framing theories and defending them. All start with the presumption that the tribes preserved their identity modified only by climatic and other conditions. The wide divergence of theories is apparent in that some find them in the Afgans, Tartars Nestorians, Jews of Malabar, North American Indians and even the modern English. Thus one theory kills another and all conspire to show that the "lost tribes" are lost. The question of cause is more important than that of locality. "Why" rather than "Whither" The question is answered in Scripture. It has been aptly called the nation's epitaph written by the finger of God. It is also an autopsy on a nation's corpse to find the disease of which it died. The inquest is so thorough as to leave nothing of fact wanting. The post-mortem report is in the clearest cut terms possible. Israel cloaked his evil practices with pretense that he was honoring God. But he soon threw away the cloak. Heathen highplaces, images and altars multiplied. He was deaf to the Lord's entreaties by his prophets. He was disobedient and hardened. He went the limit of superstitious cruelty offering human sacrifices. Parental instincts were so blunted that children were burned alive to Baal. This brought the judicial anger of God. The order for national disestablishment was issued in the court of heaven. Sargon—the Assyrian, was the unconscious instrument—carrying into effect the will of God who holds nations as well as individuals accountable for their deeds.

THE TEACHER'S LANTERN

The fall of an empire is always an event of absorbing interest. It is the black back-ground against which the principles which make for and against national perpetuity can be well defined. The fall of Israel was the inevitable conclusion of its course of unrighteousness. All that could be done was done to save Israel from its fate. No nation ever had more faithful or fearless reformers than Amos and Hosea. They were last in the succession but like their predecessors were unsuccessful. Israel had a striking object lesson in the career of the southern kingdom. Its religious revival was attended by material prosperity. Hezekiah the king of the south joined the prophets of the north in their effort to call the kingdom to repentence. It is an historical sarcasm that the last king of Israel should bear the name of the earliest of the judges, Hoshea and Joshua are the same. A parallel is found in Romulus Augustus—last of Roman emperors who wore the name of both the founder of the city and of the empire Hoshea was far from being the meanest of the nineteen kings of Israel. It is pure assumption to say the Israel must needs fall prey to the world powers without reference to moral conditions. Palestine was naturally easy of defence. It might have perpetuated itself if high moral conditions had maintained. There is a national life as well as an individual life. God deals with nations as if they were persons. The Lord's plumb line which Amos saw is still let down from heaven. Nations must stand true to it in order to insure perpetuity.

YOUNG PEOPLE'S DEVOTIONAL MEETING. June 18, 1911. Ephesians iv : 25-26 ; v : 1-2.

GRACE FOR PRACTICAL DUTIES

The bible is a hand-book of ethics. It descends to the minutiae of conduct one's duty to self and neighbor and the latter as organized in family—neighborhood and state. But better than that it is the revelation of a living principle, a kingdom of heaven in the heart which will in any instance not only reveal what the conduct should be, but also empower one to make the ideal conduct real. Thus the bible is not only a formulary of behaviour, it is spirit and life itself.

LADIES' HAIRDRESSING

PERMANENT HAIR WAVE
Every lady longs to have wavy hair. It is now within the reach of everyone. For some years cut hair has been permanently waved, but the process it had to undergo was too severe for it to be applied to hair on the head, but now science has discovered a method by which the hair can be waved without injury to hair or scalp. The wave will not wash out and damp weather will not affect it. The process leaves the hair soft and wavy. It has become the rage in Paris, London and all the large cities of the States. Special rates for one month. Any information regarding the work will be gladly given to any ladies who will call or write to
