VOLUME 13. NORTH VANCOUVER, B.C., THURSDAY, MAY 16, 1912. NUMBER 188

Adverse Criticisms of Joint Harbor Commission Work

BOARD OF TRADE MAKE PUBLICITY COMMISSIONER HONORARY MEMBER

The regular monthly meeting of the local Board of Trade took place in the city hall last night in the presence of a goodly gathering of members, President Alexander Smith occupying the chair.

Among the correspondence was a letter read from the city coroner, Mr. A. B. Diplock, embodying the jury's recommendation in the North Lonsdale fatal blasting case that some litigation should be passed whereby anyone using explosives should be properly licenced persons with the necessary essentials as to efficiency and character.

Mr. A. G. Perry moved that this recommendation be endorsed and duly forwarded by the council to the Dominion house.

Mr. Alexander Philip, in seconding, remarked that the feeling was that something should be done in this connection so that men engaged in this kind of work should be dealt with similarly to those put in charge of engines. If it was necessary that an engineer should pass examinations it was equally necessary in the case of powder men.

The motion was then carried unanimously.

The resignation of Mr Proctor was accepted with an expression of regret.

New members of the board are Messrs. A. Barclay, C. S. Arnold, R. K. McDonald, J. F. Clarke and H. C. Roberts

The president briefly reported on his attendance at the joint harbor committee in Vancouver, at which meeting nothing was done owing to the different committees and bodies being over represented Mr. Smith's personal opinion was that these joint meetings were not going to come to anything.

Mr. Watts Doney was in agreement with the president's remarks. It seemed to him there was a great deal of personal interest and jealousy in a meeting of a joint harbor commission. It was impossible to believe that any good results would be obtained. A question which demanded consideration was that of the representation of this north shore at meetings held on the south shore. Mr. Doney instanced an occasion when Vancouver council was represented by five members while Mayor McNeish was the only North Shore representative. He suggested that a letter should be sent to Mayor Findlay stating that in the opinion of the board the north shore had not received fair representation.

Mr. Philip, seconding this, sternly assailed the idea of asking the government to appoint an advisory board to continue fighting for a harbor worthy of the natural advantages with which Burrard Inlet was endowed.

Mr. H. C. Wright reminded the board that a meeting of ratepayers will take place in the city hall on Friday night for the purpose of discussing the widening of 4th street.

Mr. William Lawlor, the newly appointed publicity commissioner, was made an honorary member of the board. Mr. Lawler was also invited, at the instance of Mr. G. H. Morden, to address the members. The publicity commissioner expressed thanks for the honor conferred upon him and referred in glowing terms to the future possibilities of the north shore. It was almost inconceivable, said Mr. Lawler, that anyone having a knowledge of the conditions here should be anything else than optimistic. The speaker emphasized the importance of having individual help in his work, and in conclusion referred to the smoking concert which is being arranged for an early date, on which occasion he hoped to get better acquainted with the citizens of North Vancouver.

Mr. J. F. O'C. Wood endorsed the remarks of the previous speakers. The board then accorded a hearing to Mr. J. Duffey, who desired to solicit the interest of the members in an industrial proposition concerned with the manufacture of hard grease. The business would require a capitalization of $10,000 and promised to yield a profit of 100 per cent. The matter was referred to the Trade and Commerce Committee, Mr. Colin Jackson raising a dissentient voice because in his opinion the question was not one for the board to treat in this manner.

To Give Access to Mines

BOARD OF TRADE SUPPORTS IMPORTANT PETITION TO GOVERNMENT

Members of the local Board of Trade last night dwelt upon the necessity of having a road constructed to connect North Vancouver with the iron and zinc mines in the upper valley of the Seymour. Mr. J. F. O'C Wood introduced a petition already bearing the signatures of about one hundred business men of Vancouver and North Vancouver asking the provincial government to construct approximately sixteen miles of road for this purpose The Board unanimously endorsed this petition.

Mr. Alexander Philip mentioned that disappointment had been felt that no step had so far been taken towards the construction of this road. No development work was possible where the mines were concerned, until access was obtained.

Mr. Wood remarked that the petition was supported by a great number of prominent men of Vancouver, among whom were five members of parliament and the chief engineer of the Canadian Northern. If this project was of such importance to Vancouver, what was it to North Vancouver, seeing that the mines were situated almost at her back door! About sixteen miles of road would be required to open up twenty five claims.

The petition made reference to twenty or thirty mineral claims in the valley of Seymour Creek and about the same number located between the upper waters of Seymour creek and Howe Sound which could be reached by an additional three or four miles of road.

LACROSSE COMMISSION APPOINTED

Will Appoint Referees—Will Constitute Final Court of Appeal

The appointment of Mr. J. H. Senkler K.C., of Vancouver and Dr. C. E. Doherty of New Westminster as members of British Columbia's first lacrosse commission was confirmed at a special meeting of the B. C. L. A. held last night at the Elysium Hotel. These gentlemen will be waited on this week by President Harry Cowan and Secretary Fred. J. Lynch of the association, and asked to select a third member of the commission, after which that body will then appoint a referee for the opening match of the season on May 24th and select officials for future matches.

The constitution of the B. C. L. A. was amended so as to constitute the commission a final court of appeal in lacrosse matters and also so as to provide for the permanency of the Board, the members to be elected annually.

LOCAL MEMBER LEAVES FOR OTTAWA

In response to a telegram from the government, Mr. H. H. Stevens, M.P., will leave Vancouver this evening for the Dominion capital. The principal matters which Mr. Stevens will take up with the departments will be Mr Swan's report re harbor development which he will discuss with Hon. F. D. Monk, Minister of Public Works, and the building of government owned elevators on Burrard Inlet which he will discuss with Hon. Geo. E. Foster, minister of Trade and Commerce.

TO FORTIFY BURRARD INLET

Dominion Inspector of Engineers Will Inspect and Report — The North Shore Included in Scheme

That Col. Sam. Hughes is alive to possible contingencies relative to military matters has been further affirmed by the arrival in Vancouver of Lieut.-Col. Maunsell inspector of engineers and director of engineer's service in Vancouver with instructions to inspect Burrard Inlet and adjacent waters and report on the matter of harbor defences. Col. Maunsell was yesterday in consultation with Major Lindsay of Esquimalt and in the course of his duties will visit the North Shore.

Mayor McNeish has called a public meeting in the city hall on Wednesday the 22nd inst., for the purpose of striking committees and making arrangements for the annual celebration of the 1st of July in this city. It is hoped that there will be a large attendanec and an enthusiastic meeting.

Customs Office For North Shore of Burrard Inlet

BOARD OF TRADE DESIRE FURTHER STEPS TAKEN TOWARDS ESTABLISHMENT OF BONDED WAREHOUSE

The Board of Trade was last night notified by the ferry directorate of the decision arrived at by that body in regard to the establishment of a bonded warehouse and customs office on this side of the Inlet. A committee consisting of Captain Cates and Mr. W. L. Boult had interviewed Inspector Busby, who was then the Inspector of Customs and had placed the matter fully before him. Inspector Busby did not encourage the idea and it was utimately decided that the question should not be furthered since with the incoming of railroads the problem would necessarily solve itself.

Mr. A. G. Perry recalled the old saw "While the grass is growing the steed is starving." While the city was waiting for railway connections the necessity for a customs office is becoming the more pronounced.

Mr. H. C. Wright, one of the ferry commissioners assured the board that it was far from the intention of the directorate to in any way hold back anything for the betterment of the city. The ferry board appointed a committee to interview Inspector Busby, who threw cold water on the whole thing. The scheme would necessitate the building of an office for which there was at present no room. The place would have to be kept under lock and key to be opened at any time, and the company would be held responsible for parcels. Mr. Wright added that the ferry company was prepared to give free transportation to any goods held in bond.

Mr. Alexander Philip stated that the Dominion Express Company had told him that if arrangements could be made with the ferry board they were prepared to establish an agency over here.

Mr. Perry mentioned that the Board of Trade had been given to understand that Mr. Busby was rather enthusiastic about the idea.

The president said that the inspector certainly gave them great promise that there would be no difficulty whatever in establishing a bonded warehouse on this side. Mr. Smith was in agreement with Mr. Philip's recommendation.

Mr. Wright reminded the board that the ferry directors had not, during his term of office at any rate been approached by the Dominion Express Co.

The question was eventually referred to the transportation committee.

The Seymour Lumber Company To Assign

MEETING OF CREDITORS TO TAKE PLACE AT EARLY DATE

CONSIDERABLE PORTION OF PLANT FIT FOR FURTHER USE

At a meeting held last evening, the directors of the Seymour Lumber Company decided to assign to the Burrard Development Company. It was also resolved to call a meeting of creditors at as early a date as possible, so that a full statement can be laid before them. It will then be the option of the creditors to determine whether they wish the Burrard Development Company to act as engineers. The directors deem it advisable to adopt this course because the company will act in this capacity for a nominal fee and thus sums will be saved in favor of creditors and shareholders and the directors after going into the matter, consider that with careful and inexpensive management there is no doubt but that the creditors will be paid in full. The directors further advise the companys creditors to appoint three inspectors to act in conjunction with the assignees.

The Seymour Lumber Company's partially destroyed plant has been inspected as far as at present possible and it is found that the logging machine practically intact. In fact quite a considerable portion of the company's machinery can be utilized again. The severest loss is that of the plank road when the company laid at great expense.

Interesting Locals

Rev. W. C. Scalichter is in Victoria this week in attendance at the annual sessions of the British Columbia Conference of the Methodist church.

The widening of 4th street will be the primary topic for discussion at a meeting called by the Ratepayers' Association to be held in the city hall tomorrow night.

Mr. M. B. Martinson of this city is one of the lay delegates from East Vancouver district of the Methodist church at the present sessions of the Conference in Victoria.

The Board of Trade, during last night's meeting, referred in terms of condolence to the unfortunate loss sustained by the Seymour Lumber Company in consequence of the disastrous forest fire.

The North Vancouver section of B company 6th Reg. D. C. O. R., commanded by Sergt. T. B. Diplock, is to compete for the shield donated by Lieut. Scudamore for the best drilled section in B company.

The death took place on Tuesday at his home in Moodyville of Arthur Botting, car conductor in the employ of the B. C. Electric Railway Co., and brother of W. Botting. The deceased leaves a wife and four young children. The funeral takes place today.

DID THE TITANIC SINK TO THE BOTTOM?

Numerous inquiries have reached the office of the "Scientific American" in which it is asked: "Did the Titanic sink to the bottom of the ocean or was she held suspended at a depth of a few hundred feet?" There is only one reply: The Titanic is at the bottom.

Such questions are based upon the erroneous supposition that the density of the water at the bottom of the sea is far greater than that at the surface. Density is here confused with pressure. The pressure increases enormously as we descend, amounting to considerably over 6,000 pounds per square foot at a depth of 100 feet. Divers sometimes work at depths of as much as 150 feet, where the pressure is half again as much, 9,363.75 pounds, to be exact. When provided with special armored diving suits, divers have operated at considerably greater depths; but nothing approaching the depth at which the "Titanic" now lies. This depth is given at 2,000 fathoms, which is considerably over two miles, and the pressure amounts to three quarters of a million pounds per square foot

It is only natural to suppose that under such pressures the density of the water would be increased; but laboratory experiments have shown that it is almost impossible to compress water. Indeed, for a long time it was thought that water was absolutely incompressible; but by the use of more sensitive measuring instruments it has been found that at a depth of a mile the density of sea water is only 1.130 greater than at the surface. However for all practical purposes we may consider that a given volume of water is not materially reducible in dimensions by pressure.

With this clearly in mind, it is very evident that an object that would not float at the surface of the sea could not float at any intermediate point, but must surely sink to the bottom; for it could not displace a greater weight of water at the bottom than at the top, even though the water in the first case was under much higher pressure. As a matter of fact, any air filled chambers or compressible matter in the vessel would be crushed in by the enormous pressure of the water, so that the displacement of the wreck would be growing less as it went down and it would be falling through the water at a corresponding acceleration.

We must also remember that even iron is more compressible than water and consequently a solid block of this material would actually weigh more at the bottom of the sea than at the top. — Scientific American.

The Chicago Telephone company is experimenting with a new coil by which it is hoped to establish telephonic communication between Chicago and London.

Land in England in the reign of Henry VIII. was generally let at a shilling per acre.

North Vancouver, B. C.....May 16, 1912.

MUTUAL CONFIDENCE IN HARBOR MOVEMENT

There appears to be a growing sense of dissatisfaction with reference to the apparent attitude of the Vancouver Board of Trade relative to the development of the harbor of Burrard Inlet. The strictures which Alderman Hepburn of that city recently voiced with reference to the course pursued by that body relative to the matter seem to have found sympathetic response from a section at any rate of the public who interest themselves therein. It is possible that these conditions are based on a misconception and if so, it is to be hoped that such will be promptly removed.

A writer in yesterday's "World" takes up the theme in support of the position of Alderman Hepburn and in a series of pungent paragraphs makes some pertinent observations. One of these paragraphs reads as follows: "Vancouver has too much at stake to permit a few narrow minded individuals to run things according to their own sweet will. The fact that these same individuals have been able to attain a certain prominence in the past, is more due to public tolerance than to any particular merit on their own part."

In the closing paragraph of his letter the writer returns to the charge with renewed directness and vigor as follows: "If Alderman Hepburn is correct in his assertion that there exists a clique among the membership of the Board of Trade that would hold back harbor developments for the sake of personal gain, the sooner the alderman takes the people of Vancouver into his confidence the better it will be for all concerned."

The local Board of Trade has some knowledge born of actual experience of the tactics of the Vancouver Board of Trade in the matter of proposed harbor development. In several instances the endeavor has been made by the local board to arrive at some basis of co operation with the Board of the city on the south shore, but in each instance the effort has proven futile and it would appear that the frustration of negotiations has always emanated from now the same source. The short discussion of harbor matters which developed at the meeting of the local Board last evening made evident the fact that the suggestions made by the representatives of the Vancouver Board at the recent Joint Harbor meeting are not at all in line with the ideas entertained by the North Vancouver Board.

It is to be regretted that these conditions have developed in connection with this important interest. No citizen who thinks along the line of public interests and improvements can for a moment seriously entertain the idea that the harbor of a world port such as Vancouver is destined to become, can be allowed to develop in a haphazard way. It is inevitable that some sort of comprehensive scheme of harbor development shall be evolved and that there must be constituted upon some basis a central Board of Control. So far as the North Shore is concerned there is no public body or private owner who objects to such an arrangement, so far as the principles involved are concerned. Differences of opinion doubtless exist, with reference to the basis or form of organization, but there is no insuperable difficulty in the way of harmonizing all interests involved and of arriving at a harbor scheme as for the North Shore. The advantages of a scheme which include the entire inlet and adjacent waters are, of course, apparent and the scheme should be worked out in that way. It is, therefore, to be regretted that doubts should arise relative to the sincerity of any factor in the situation and it is desirable in the highest degree that all such imputations shall be disposed of with the least possible delay.

BOARD OF RAILWAY COMMISSIONERS

The appointee of the Dominion Government to succeed Chairman Mabee at the head of the Board of Railway Commissioners will certainly find whoever he may be, that the position is anything but a sinecure. As an index to the magnitude of the work falling to the lot of the Commission, there are no fewer than five hundred and ninety nine cases on the docket for consideration at the Toronto sessions which were so abruptly interrupted by the unfortunate death of Chairman Mabee. Not only are the matters submitted to the Board becoming very numerous but they involve very important issues in many instances. The list at the present sessions for illustration includes an application from the Department of Lands of the British Columbia Government for an order regulating the operation of railway locomotives with regard to the spreading of fires adjacent to forest lands during the dry seasons of the year also an application for a hearing with respect to the freight rates west of Port Arthur and also an application re the chronic shortage of cars and engines for the moving of grain from the prairie provinces.

These considerations coupled with the fact that Chairman Mabee administered the affairs of his high office with such conspicuous ability and so entirely to the satisfaction of the Canadian public, combine to make the position one of heavy responsibility to the one who undertakes to discharge its duties as Judge Mabee's successor.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

CITY OF NORTH VANCOUVER

LOCAL IMPROVEMENT ASSESSMENT SCHEDULES

NOTICE OF COURT OF REVISION

TAKE NOTICE that the Assessment Schedules appearing below show the land assessed for the various works of Local Improvement hereinafter set out and the amount assessed on each lot of land and the names of the Owners of such land so far as the same can be ascertained from the last revised Assessment Roll and otherwise.

AND TAKE NOTICE that a Court of Revision of the Municipality of the City of North Vancouver will be held on the Sixth Day of June, at the hour of 10 o'clock in the forenoon at the City Hall at North Vancouver in said Municipality for the purposes of hearing complaints against said Assessments and for revising and correcting said Assessments.

All notices of appeal must be served upon the city Clerk at his office at the City Hall at North Vancouver aforesaid at least eight days prior to such Court of Revision.

Dated at North Vancouver this Third day of May, 1912.

THOMAS SHEPHERD,
City Clerk

For Macadamizing Queensbury Avenue, 20th Street, Sutherland Avenue and Lynn Valley Road from the north side of 3rd Street to the City Limits.

Fence Or Ambulance?

'Twas a dangerous cliff, as they freely confessed,
Tho' to walk near its crest was so pleasant.
But over its terrible edge there had slipped
A duke and full many a peasant.
So the people said something would have to be done,—
But their prospects did not at all tally
Some said: 'Put a fence round the edge of the cliff'
Some, 'An ambulance down in the valley.

But the cry for the ambulance carried the day,
For it spread through the neighboring city;
A fence may be useful or not, it is true,
But each heart became brimful of pity
For those who had slipped over the dangerous cliff,
And the dwellers in highway and valley
Gave pounds or gave pence not to put up a fence,
But an ambulance down in the valley

'For the cliff is alright if you're careful,' they said,
'And if folks even slip and are dropping,
It isn't the slipping that hurts them so much,
As the shock down below when they're stopping,
So day after day as these mishaps occurred,
Quick forth would these rescuers sally,
To pick up the victims who fell off the cliff,
With their ambulance down in the valley.

Then an old sage remarked: "It's a marvel to me
That people give far more attention,
To mending results than to stopping the cause,
When they'd much better aim at prevention.

'Let us stop at its source all this mischief,' cried he,
'Come neighbors and friends, let us rally!
If the cliff we will fence we might almost dispense
With the ambulance down in the valley.

'Oh, he's a fanatic,' the others re joined;
'Dispense with the ambulance! Never!
He'd dispense with all charities, too, if he could,
But no! We'll support them for ever!
Aren't we picking folk up just as fast as they fall:
And shall this man dictate to us? Shall he?
Why should people of sense stop to put up a fence,
While their ambulance works in the valley?

But a sensible few, who are practical too,
Will not bear with such nonsense much longer;
They believe that prevention is better than cure,
And their party will soon be the stronger.
Encourage them, then, with your purse voice and pen,
And (while other philanthropists dally)
They will scorn all pretence, and put up a stout fence
On the cliff that hangs over the valley.

Better guide well the young than reclaim them when old,
For the voice of true wisdom is calling
'To rescue the fallen is good, but 'tis best
To prevent other people from falling,
Better close up the source of temptation and crime
Than deliver from dungeon or galley—
Better put a strong fence round the top of the cliff
Than an ambulance down in the valley.

LOCAL PASTOR HONORED

Rev. A. J. Prosser Given Royal Welcome by Former Parishioners

The Yarmouth Herald of May 7th contains the following item description of the cordial welcome given eRv. A. J. Prosser of this city who is now on holiday in the east, upon the occasion of a visit to Port Maitland, a former pastorate:

On Monday evening, April 29th, the Bereans Class of the Bay View U. B. church at Port Maitland tendered the Rev. A. J. Prosses of North Vancouver, B. C., a reception in the vestry of the church. Rev. E. S. Mason acted as chairman and heartily welcomed the guest of honor. He was followed by the Rev. A. J. Prosser, who gave a very interesting address which was listened to with the closest attention. Addresses were also given by Deacons Jacob K. Crosby, G. W. Bain, J. A. Ross, and H. P. Crosby and Dr. Blackadar, Capt. Jesse Pierce and Josiah Ellis.

All the speakers referred in the highest terms of praise to the work done by Bro. Prosser in organizing the class a few years ago during his pastorate of the church. This class now numbers about 60, including a large majority of the adult male members of the church and congregation.

Miss Florence Perry acted as organist. Appropriate music was furnished by the different choirs. Refreshments were also served. The hearty welcome given Brother Prosses shows the warm place he holds in the affections of those to whom he ministered so successfully a few years ago.

All the printing we do is proof of our ability. We specialize in the little things which are so important, and which add excellence to your work. Our plant and staff, combined with the study we give to the trade, enables us to give satisfaction. We will give estimates, make up dummies or advise you on any work you want done.
