DOMINION DAY CELEBRATION

LOCATION OF EVENTS

The program for the annual celebration July 1st is rounding into form in a most encouraging manner and gives every promise of a day full to the brim with attractive events of a most varied character. Dominion Day falls on a Saturday this year and it, therefore, becomes necessary to dispose of the entire program in a one day celebration instead of two as last year. This will mean that many of the events will have to be put on simultaneously and accordingly the program is being arranged so that recreation park, Victoria park and the waterfront will all be utilized at the same time for different features of the day.

OFFICERS AND CREW OF RAINBOW

H.M.C.S. Rainbow will anchor close in to the North Shore and will participate in the celebration. A series of events has been arranged exclusively for the members of the crew of the cruiser and the reception committee will provide a refreshment booth which will constitute the headquarters of the crew on shore for the day and to which only sailors in uniform will be admitted.

GRAND OPENING

The captain of H.M.C.S. Rainbow will land at Larson's wharf at ten o'clock a.m. where he will be met by Mayor McNeish, Reeve McNaught and other prominent local men and conducted to the grounds adjacent to the wharf where a band of forty pieces will be stationed in the bandstand rendering patriotic selections. Here a few short addresses will be made and the celebration will be declared formally opened.

THE WATERFRONT

The aquatic sports will constitute one of the leading attractions at the waterfront during the day. The land sports for the sailors will be held on the Esplanade in the morning and the water sports for the sailors in the afternoon. The other aquatic sports will be held during the morning.

RECREATION PARK

The fifteen mile Marathon race will be put on at Recreation Park in the morning and will be followed by a first class baseball match between two leading amateur teams from Vancouver.

VICTORIA PARK

Victoria Park will present a busy scene all day long. The annual children's sports will begin immediately after the formal opening and will extend over a large portion of the day.

The Boy Scouts will be present over one thousand strong and compete for two trophies in the form of a challenge cup and a shield.

The field sports will likewise be held at Victoria Park under the guidance of the committee of which Councillor Allan is chairman and superintended by a representative of the B.C.A.A.

INDUSTRIAL EXHIBIT

The industrial exhibition will be stationary this year instead of in the form of a parade as last year and will be located on the Esplanade immediately west of Lonsdale Avenue. Arrangements have been made for providing electric power to all exhibitors who may wish to use it and it is expected that the exhibition will be enlivened by several exhibits showing goods in the actual process of manufacture. Indications point to the industrial exhibition as one of the most valuable features of the day.

FIREWORKS

The display of fireworks in the evening on the waterfront will greatly exceed any similar display hitherto attempted on the North Shore and will mark a distinct advance upon any display hitherto put on in the province. The two bands of twenty pieces each which will perform throughout the day, will be combined for the evening and will render a choice program in connection with the fireworks display. The program includes a fixed piece giving a portrait of King George and Queen Mary and also one representing H.M.C.S. Rainbow as well as a well selected assortment of pictorial pieces, bombs, rockets, etc.

DETAILS AND FINANCE

The details of the several departments are being carefully worked out by the respective committees and the day will be one of sustained attractions so arranged as to provide the public with a continual round of enjoyment. Approximately $2,500 has been appropriated this year by the general committee for the several features and events of which one half is already subscribed principally by the city council, the district council and the ferry company. The business manager, Mr. T. S. Brown will wait on individuals and firms within a few days to receive their contributions to the fund.

BANQUET

Arrangements are under way to entertain the officers of H. M. C. S. Rainbow at a grand complimentary banquet on the evening of Monday, July 3rd of which more definite announcement will be made later.

Building Permits

Building permits issued since the 19th inst. by Mr. Fugler, the building inspector, are as follows:

John McVeitch, camp on 17th street, $150.

James Marsden, camp on Wolfe street, $100.

Storage warehouse for Board of Works, city on 4th street, $200.

P. McPhee, four-room cottage on 25th street, $1,000.

Peter McDonald, bungalow on 26th street, $1,000.

James Lilalian, residence on Second street, $2,000.

Coal and Supply Co., warehouse on St. George's Ave., $500.

Rev. A. J. Prosser, 2nd street east, residence $1,950.

Dr. Agneo, 20th street, shack $150.

Robt. Achinson, shack on 24th street, $400.

Mrs. Dubberly, shack on Esplanade $200.

A. S. Emmerson, shack on 4th street, $100.

Wm. McLean, shack on 18th street, $200.

A. Willars, shack on Esplanade, $50.

W. A. Thompson, shack on 28th street, $100.

LAING--FOX

The wedding of Miss Mary Laing, formerly assistant city treasurer, took place on Coronation day at the church of St. John, Rev. Hooper officiating.

The lucky young man, Mr. George Fox, superintendent of waterworks at Vernon, B. C., was formerly an employee of the city of North Vancouver where he first became acquainted with Miss Laing, and although he has been away from this city for some time, the great distance and the alleged poor postal service has not been sufficient to make him forget the associations and he finally returned to claim his bride.

Miss Laing was dressed in a creation of cream poplin, with a picture hat, the only ornament she wore being a pytaree bracelet of silver, the gift of Miss A. Donaldson. She was given away by her father, Mr. D. Laing.

The groom was supported by Mr. W. Bryan, of Vernon.

The church was very handsomely decorated by the girl friends of the bride under the direction of Mrs. W. Graham.

After the ceremony a delightful wedding breakfast was enjoyed at the home of the bride's parents. The couple left last evening for Harrison Hot Springs where a portion of their honeymoon will be spent and Vernon will be their future home.

North Shore Census

Mr. Geo. J. Phillipo, chief census enumerator for North Vancouver city and district is well pleased with the services rendered by his corps of enumerators during the census taking period. The work is now practically complete as there remain only a few scattered settlers here and there to be listed whom the enumerators have not been fortunate enough to find at home to date. It has been found necessary to extend the period in British Columbia until the end of the week by which time there is no doubt that the work will be fully completed on the North Shore. Mr. Phillipo declined to divulge the probable results of the count but it is understood that the respective enumerators have discovered a much larger population on their several fields than was anticipated and it is a safe statement that the population of the North Shore will total between seven and eight thousand.

CROWNED JUNE 22nd, 1911

George V. by the Grace of God of the United Kingdom of Great Britain and Ireland and of the Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

Local News Items

Mr. C. Holtz and wife of Squamish are visiting friends in the city.

Latest reports from Mrs. J. H. English show a decided improvement in health.

Mr. R. L. Butler of Los Angeles, Cal., is a guest at the Hotel North Vancouver.

There will be mass every Thursday at the church of St. Edmund's at 8 a. m. while Rev. Father Bernard is staying in the city.

The real estate firm of G. C. Walker & Co. has moved from their old location near the ferry wharves to the offices formerly occupied by Martin & Smith.

The city police have been notified that a youngster, Robert Vandrek, Burnaby street, Vancouver, has been missing for some days and it is presumed that he came to North Vancouver.

On Wednesday evening Mr. P. Larson of the Hotel North Vancouver entertained a party of automobilists from Seattle and Portland who were here for the coronation celebration in Vancouver.

Mr. Walter Owen, chief of police of the Atlin and Skeena districts, is in the city. Mr. Owen was a former resident of North Vancouver and expresses surprise at the development which has taken place here within the last few years.

The Ladies' Aid of the North Lonsdale Presbyterian church are holding an ice cream social and concert on Friday, June 30th, in the church. Admission for adults will be 25 cents in aid of church funds, but children will be admitted free.

Mr. and Mrs. R. F. Chapman and family of Saskatoon, Sask., accompanied by Mrs. Chapman's mother are visiting Mr. and Mrs. Geo. J. Phillipo, at their home, corner Fourth street and St. Andrew's. Mr. Chapman is chief dispatcher for the C.P.R. at Saskatoon.

The Ridgeway school celebrated the coronation on Wednesday afternoon with a program given by the children and teachers, consisting of songs, recitations and speeches. The school was very prettily decorated throughout. The feature of the afternoon was the singing of little Helena Patterson.

The arrival of a baby girl is causing much joy in the home of Mr. and Mrs. J. A. Calder, First street.

The McDonnell & Gzoski Co. will put on an additional 600 men in the coming week in order to cope with their contracts. This will make a total of over 1,400 men engaged upon city work which is only a couple of hundred less than Vancouver.

Rev. Mr. Prosser of the Baptist church is about to erect a very pretentious dwelling on Second street east. The residence will be of two story construction, concrete foundation and modern in every particular. The architect and contractor is Mr. N. Y. Cross of Hamilton street, Vancouver.

Mr. and Mrs. Tarte of North Vancouver are leaving for a visit to the east shortly. The choir of St. Edmund's church, with which Mr. and Mrs. Tarte have been associated, are deeply deploring the loss of two of their most active members.

District Council Meets

Owing to the fact that the public holiday in honor of the coronation ceremonies fell on the day of their regular meeting, the district council held a short session on Wednesday afternoon at five o.clock.

The familiar face of Councillor Lawson was missed from the gathering, making two absentees, Coun. Ward being at present in London taking in the sights of the coronation festivities.

Nothing of importance in connection with the correspondence was noted with the exception of a letter from Mr. John Parkinson, who stated that as he intended erecting a residence that would cost in the vicinity of $4,500 on lot 3, block 6, D. L. 813, he would request that the council open up a road in that vicinity in order that building operations might be facilitated.

The engineer reported that the total cost of clearing the Keith Road extension was to date $4,277.15, the area covered being about nine and three quarter acres.

The reeve and Coun. Allan were appointed the delegates from the council to confer with representatives from the various municipalities, the V. W. & Y. Ry. Co. and the Burrard Inlet Tunnel and Bridge Co. regarding the furtherance of the Second Narrows Bridge project.

The resignation of Miss Grace Campbell was accepted and the clerk instructed to fill the vacancy at an early date.

PATRIOTIC CLOSING EXERCISES

PRESENTATION BY SCHOOL CHILDREN TO PRINCIPAL BENNETT

Schools in the municipality celebrated the eve of coronation day with patriotic exercises, possibly the largest celebration being that held at the school on Chesterfield Ave. at the corner of Third street. The program here consisted of songs and recitations by the pupils and speeches by those of the trustees who were present.

Mr. McDowell conducted the exercises and gave a short talk to the children outlining the evolutions which Canada has undergone since the combining of the provinces into the Dominion. He also spoke of the grand resources of our province as compared with the other rich provinces of the Dominion and emphasized the necessity of building a concrete foundation of enduring strength in educational and commercial features, to assure the future of the province.

The program as given by the children was as follows:

Song chorus entire school, "British Heroes"; essays, George V., Esther Palmer and Ella McColl; vocal duet, "It's only an old bit of bunting," Donald McColl and Wesley Mannering; essays, the coronation, George Cant and Colin Cameron; song chorus by school, "The Maple Leaf"; recitations "My own Canadian Home," "The Flag," Kate Browning and Alice Wilson; flag song by the primary department; recitation, "This Canada of Ours," Jennie Graham; song by school "O Canada"; recitations, "Dominion Day," Alberta Steacy; song by school "Rule Britannia," recitation, "Recessional," Freeman Thomas; "God Save the King."

On behalf of the pupils of Principal Bennett's department, Chairman Steacy of the school board presented the following address, accompanied by the beautifully finished mission style student's electric lamp, donated by the class as a token of their appreciation of the principal in his efforts on their behalf during his term of office.

"Mr. Bennett—The duty which devolves upon me of acting as spokesman for the boys of your class upon this occasion is one which affords me the utmost pleasure for many reasons but chiefly because the token which they now present is intended as a tangible expression of their high regard for you, as their instructor and as their friend. This thoughtful act upon their part proves conclusively that you have the invaluable faculty of winning the affection of the boys who come under your personal tuition from time to time. The inestimable value of this endowment in one whose calling is that of instructing the youth will be readily recognized by you as the successful member of the teaching profession, as it is by myself as a former member of that profession. It is a faculty which has been possessed in a marked degree by all those who have risen to eminence as teachers and which must be placed in the very forefront of the qualifications which are necessary to the highest and most enduring success in your honorable calling.

It is this faculty of securing the implicit confidence and the sincere regard of his pupils which distinguishes the true educationist from him whom I may term the mere pedagogue. Under conditions which are thereby made possible the teacher is not merely an imparter of information concerning which the pupil happens to be ignorant, but he is a moulder of character in those young and plastic natures which are entrusted to his care and his is the exalted privilege of working out the highest and noblest ideals of his honorable calling and of attaining to the best and most lasting usefulness in his profession. The teacher who can win the affections of his pupils not only can but inevitably must so impress the influence of his own personality upon those who come under his instruction that their entire future will be affected thereby. To him falls the high privilege of not only equipping his pupils intellectually for their future duties and responsibilities, but also of grounding them in right principles of living, of instilling within them right motives of conduct, of engendering within them a love for truth, justice and the right which will prove of the very greatest helpfulness by sending them out into life with high conceptions of what constitutes true manliness and which will give them the best possible start toward honorable and successful careers.

You will therefore agree with me sir, that the value of the token which is now presented lies in the fact that it is a spontaneous and sincere expression of the sincere personal regard in which you are held by the boys of your class and I am sure that in this light you will accept it and count it valuable indeed.

I may further add that as trustees and as parents we consider ourselves fortunate that the training of our boys and girls during a particularly impressionable stage of their development is entrusted to one so fully capable as yourself and to one who so worthily merits our implicit confidence and our deepest respect.

In presenting this token we do so with the wish that you may long be spared to adorn the profession with which you are identified and to render your valuable assistance in training up for Canadian citizenship boys and girls who will prove worthy members of society in all those relationships and responsibilities which in the course of events and in the lapse of years they will be called upon to assume."

Mr. Steacy's address was received with rousing cheers and was suitably replied to by Principal Bennett who was touched by the thoughtfulness of his pupils. An address by Mr. Fraser of the school board completed the exercises.

REVIEW

This part of the Bible is pre-eminently a cross-section of human life. For this reason although very old it is peculiarly up to date and has application to current affairs. Not of Elijah alone but of each character here introduced St. James might have said "he was a man of like nature with us." Strength and weakness both are exemplified. The whole gamut of human passions is run. The inevitable document of various courses of conduct is faithfully depicted. We are taught by example which the proverb says is better than precept. That is a crude and hasty judgment which relegates those incidents to the category of more stories of a far-away land. They show human life, its motives fair and foul, its sufferings, successes, possibilities. Elisha, Naaman, Joash, Jonah, Uzziah, Isaiah, Micah, Hosea, Hezekiah and the rest are alive today and will reappear in every age. They are human types and as such are the chief study of mankind. "A mighty man—but!" That "but" is the wold-note. The meanest scullion would not have exchanged cuticules with Naaman. The leper must be dispossessed of his heathen ideas and accept cure as a gift. The great general's greatest victory was his victory over himself. He buried his pride as well as his leprous incrustations deep in the Jordan. The protective forces of Providence circling the prophet Elisha took for the time material form pictures of flaming chariots with angel charioteers moved before the wondering eyes of the prophets' servant—illustrating the truth that after all the unseen is the real, the invisible the mighty. The open tomb of Jesus became a bureau of information for the dismayed disciples on the first Easter morning. White liveried angels were there to point where Jesus had lain and say "Not here! But risen!" What the Forum is to Rome and Acropolis is to Greece, the temple is to Palestine. History of temple is history of nation. Names despicable and illustrious, deeds valorous and ignoble doctrines of faith and usages of ritual, all are shrined and exemplified here. It is epitome of a thousand years. It was not merely place of devotion but monument to religion. Its material condition, therefore, at any time was barometer of religion, high or low. Repair of the temple for this reason was matter of first concern. The book of Jonah is splendid protest in allegory against the racial prejudice which would limit divine pity to a single race. The infinite love of God is the solitaire with which the book blazes. The great strength of Uzziah struck root into the river of religion. It flourished until a whole nation could be sheltered under it. But his glory suffered eclipse like Solomon's. He would fain add priesthood to kingship. Then it was that leprosy came on the king's brow and censor dropped from his hand. Isaiah's vision of God in the temple was not a mere majestic sensation. Its results were practical. It was borne in upon him that the Lord needed a messenger and that was matched on his part with sense of readiness. Isaiah appears in a new role—that of temperance lecturer. His style does not change. It is still elevated. But jewels of hilt detract nothing from keenness of blade. His richly traced sword lays wide the nation's heart with its wicked thoughts and intents. Both Mt. Sinai and Beatitude are in the book of Micah. The first chapters quake with denunciation and the closing contain the sentence of the court of heaven against the guilty nation. But between like jewel in ring, stands the radiant portrayal of the triumph of Zion and the birth of the Messiah. The state has a personal life like that of the individual. It is amenable for its conduct. The principle is illustrated in the case of the Northern Kingdom A thorough-going reformation was the foundation on which the efficient reign of Hezekian was built. Temple was cleansed and Passover kept before the young king inaugurated his brilliant policies. Fate of the Ten Tribes has always been the playground of the imagination. But one theory kills another and all conspire to show that the "lost tribes" are lost. "Why" is more important than "whither" and this the Bible answers. Israel was disobedient and hardened, deaf to God's prophets. He went the limit of superstitious cruelty. So the order for national disestablishment was issued in the court of heaven and Sargon made the unconscious instrument of its execution.

YOUNG PEOPLE'S DEVOTIONAL SERVICE. June 25, 1911. 2 Corinthians xi:21-28.—A Missionary Journey Around the World—VI. Missions in China.

It stands to the credit of Christian Missions that they first awakened China to the superiority of Western education. This led to the discarding of memorized Chinese classics as test for government service. The abrogation of this venerable custom is mark and measure of the transition of the mightiest nation on the globe. That is the achievement of the church through her missions.

SAY SOMETHING GOOD

Pick out the folks you like the least
and watch 'em for a while,
They never waste a kindly word, they
never waste a smile;
They criticize their fellow men at
every chance they get,
They never found a human just to
suit their fancy yet.
From them I guess you'd learn some
things if they were pointed out,
Some things that every one of us
should know a lot about,
When some one "knocks" a brother,
pass around the loving cup,
Say something good about him if you
have to make it up.

It's safe to say that every man God
made holds trace of good,
That he would fain exhibit to his fellows if he could,
The kindly deeds in many a soul are
hibernated there,
Awaiting the encouragement of other
souls that dare
To show the best that's in them and
a universal move
Would start the whole world running
in a hopeful, helpful groove,
Say something good to paralyze the
"knocker" on the spot—
Speak kindly of his victim if you know
the man or not.

In speaking of a person's faults, pray
don't forget your own;
Remember those with homes of glass
should seldom throw a stone.
If we have nothing else to do but talk
of those who sin
'Tis better we commence at home and
from that point begin,
Then let us all when we commence to
slander friend or foe,
Think of the harm one word may do
to those we little know.
Remember curses sometimes, like our
chickens, "roost at home",
Don't speak of other's faults until we
have none of our own.

District of North Vancouver.

SEALED TENDERS will be received until 8 p.m. on Thursday, 29th June, by the Municipal Clerk for the clearing, grubbing and grading of the following roads:

LADIES' HAIRDRESSING

PERMANENT HAIR WAVE

Every lady longs to have wavy hair. It is now within the reach of everyone. For some years cut hair has been permanently waved, but the process it had to undergo was too severe for it to be applied to hair on the head, but now science has discovered a method by which the hair can be waved without injury to hair or scalp. The wave will not wash out and damp weather will not affect it. The process leaves the hair soft and wavy. It has become the rage in Paris, London and all the large cities of the States. Special rates for one month.

Any information regarding the work will be gladly given to any ladies who will call or write to

A UNION PRINTING TRADES LABOR COUNCIL VANCOUVER B.C.

NORTH VANCOUVER, B. C. . . . . JUNE 23 1911

RAILWAY FROM BURRARD INLET TO FORT GEORGE

North Vancouver is, in the nature of things, very closely interested in any movement which may develop looking to the construction of a line of railway from Burrard Inlet northward and eastward to connect with the main line of the Grand Trunk Pacific Railway and other northern transcontinental lines. In view of the fact that the Canadian Northern has decided to keep to a more easterly route and to practically duplicate the lines of the C.P.R. along the lower Fraser it becomes the more unavoidable that the next railway which would reach Burrard Inlet from the east must choose an independent route. The number of alternative routes to Burrard Inlet from northern and eastern British Columbia is exceedingly small, so small indeed that it becomes a practical certainty that the next railway seeking access to this harbor from that direction must follow the Upper Fraser southward to a convenient point and then turn westward to the Squamish and down the Squamish to the head of Howe Sound. From the head of Howe Sound to Burrard Inlet, opinion is divided as to the most likely route. It is well known that the east shore of Howe Sound presents no engineering difficulties but that the roadbed would be somewhat expensive to construct on account of the fact that it must be cut out of the side of the hills for the entire distance for which purpose a great deal of rock work, together with a considerable amount of bridging might be necessary. There are those who are of opinion that a feasible route could be located from the Squamish Valley to the head of Seymour river and thence to Burrard Inlet, but on the other hand there are those who stoutly contend that while the grade down the Seymour to the Inlet would be ideal yet that it is impossible to find a workable grade from Squamish Valley up to the head of the Seymour (an altitude of three thousand feet, without starting at a point so far eastward as to altogether miss the fertile Squamish Valley while at the same time necessitating the added burden of the cost of construction and maintenance of a typical mountain railway. It is commonly accepted opinion, therefore, that the route chosen would follow the east side of Howe Sound to Point Atcheson, thence eastward along the north shore of English Bay to North Vancouver.

There are at least three considerations which enter into the situation to impress the desirability of securing the terminals of this road, when it comes, for the North Shore. In the first place the entire country through which this road will pass is one of incalculable natural resources and of immeasurable possibilities with respect to timber, minerals and agricultural lands, in the second place the route thus outlined would constitute the shortest existing route from Edmonton to tide waters and would provide an ideal grade averaging less than one per cent for which reason it would become the chief highway for the great traffic which is destined to be created by the shipment of grain from the prairie provinces to the world's markets, via Burrard Inlet, in the third place there would probably be a considerable amount of through passenger and freight traffic from the east and from Europe which could be diverted to this route. In point of fact the construction of this road is absolutely essential to the interests of the lower mainland and it would be a most grievous error were this mportant project allowed to languish until the completion of some competing line had created another channel for traffic and had established connections with this valuable trade which would render it difficult if not impossible for the line designated to come into its own.

It is further evident that the North Shore would be the logical location for the terminals of this line of railway. At a reasonable calculation it will be four or five years before this line is in actual operation. By that time Second Narrows bridge with connecting lines of railway running for twenty miles east and west along our deep sea waterfrontage, will have been in use for some time. Our waterfront will be occupied by many large manufacturing establishments, wharves and warehouses of extensive dimensions will have been constructed, and the north shore will have become a port of call for the largest sea going vessels. In a sentence, the undeniable advantages of the North Shore as an ideal ocean port will have been proven to a demonstration. Added to this the North Shore will then be the only location where a railway company could procure that amount of continuous water frontage, together with the contiguous acreage necessary for yards, wharves, warehouses, elevators, shops, etc.

In view of these, the salient features of this project which we have endeavored to outline it becomes evident that North Vancouver is most closely interested in any movement looking to the furthering of the construction of this line and that, so far as possible, this community should make its influence felt therein.

Any such movement, in order to proceed along right lines, should take cognizance of the fact that there are already in existence several railway charters covering the proposed route of this new railway, some of which have been in existence for many years, but that of them all, there is only one company which has as yet shown its good faith by actually constructing its line or any portion of it. The Howe Sound, Pemberton and Northern Railway has constructed and has now in regular operation a section of its line from Newport, at the head of Howe Sound, eastward and has under construction another section which aims at reaching Pemberton Meadows in the near future, thus affording this magnificent Valley an outlet for its produce, for which boon, settlers have been crying out for several years past. It is in order, therefore, to suggest that it would be wise in seeking to hasten the construction of the proposed line to endeavor first to accomplish this purpose through that company which has already accomplished a considerable portion of the work upon its own initiative.

NOTICE

NOTICE is hereby given that application will be made to the Parliament of Canada at the present session thereof for an Act to incorporate a company under the name of The North Arm Bridge and Railway Company, with power to lay out, construct, operate, maintain, and use a bridge across the North Arm of Burrard Inlet from a point on the seashore commonly known as The Turtle's Head to a point on the west shore on Lot 575 directly north of the Island known as White Rock. Such bridge to be both for foot passengers, carriages, street railway and railway purposes with the necessary approaches, and with power to connect the said bridge with existing and future lines of street railway and railway and for the purposes of connecting with the said street railways and railways to lay out, construct and operate one or more lines of railway not exceeding ten miles in length.

And with power to construct, equip maintain and operate a line or lines of railway from some point on Lot 256 at the end of the Canadian Pacific Railway Company's branch line from Port Moody and following the North Shore of Burrard Inlet to a point in the City of North Vancouver or to connect with any railway that is or may be constructed on the North Shore of Burrard Inlet.

And for the purposes of its undertaking to acquire and develop water, electric or other power or energy, and to erect lines for the transmission of the same, and to transmit and deliver the same to any place in the Cities or Municipalities through which the works of the Company are authorized to be built, and to receive, transform, transmit, distribute and supply such power or energy in any form and to dispose of the surplus thereof, and to collect rates and charges therefor.

It is intended that the works of the said Company shall be declared to be for the general advantage of Canada.

The WARBURNITZ PIANO

MADE SPECIALLY FOR US

If you were standing before a Warburnitz Piano you would doubtless be struck with its handsome case of exquisite design. You would also find the most thorough workmanship and best materials.

This piano possesses a scientifically made sound board quite different to any other piano which causes it not only to retain its original purity of tone but to improve with age.

Our low rent and expenses enable us to sell these instruments at considerably lower prices than other high grade pianos are sold for. Prices $350 to $400.

Warburnitz Piano House, Limited

HEALTH ACT

Regulations for the Sanitary Control of Lumber, Mining and Other Camps, Sawmills and Other Industries Situated in Unorganized Districts.

1. Every employer of labour on any work in any lumbering, mining, construction, or other camp, sawmill, or other industry situated in any portion of an unorganized district, shall, upon the establishment of each and every camp or work, forthwith notify the Sanitary Inspector of the Province of the establishment of the same, and when requested to do so shall furnish such particulars as may be required by the said Inspector.

2. The owner, manager, agent, or foreman of any lumber, mining or other camp, sawmill, or other industry located within an unorganized district shall, in connection with every such industry or works, be responsible for the execution and enforcement of any regulation herein contained or hereafter to be adopted.

3. If in the opinion of the Sanitary Inspector the site of any camp or works is unhealthy or unsanitary, he may order the removal of such camp or works to some other site to be selected by him.

4. Any house, tent or dwelling occupied by the employees engaged in any industry located within an unorganized district shall contain sufficient cubic feet of air space for every occupant thereof as may in each instance be deemed necessary by the Sanitary Inspector, and shall further be provided with efficient means of ventilation. The floor of every dwelling shall be constructed of boards or planks or other material equally suitable for the purpose, raised on supports at least one foot from the ground, and so made that it shall be tight. Every dwelling other than a temporary tent shall be lighted by windows so constructed that they can be opened when necessary.

5. The method of ventilation of every dwelling in which a stove or furnace is used shall be such as will satisfy the Sanitary Inspector. The temperature of the room shall be maintained at from 60 to 65 degrees Fahr. and a shallow pan supplied with water shall be kept on the stove to supply air moisture.

6. Every camp or works of every industry coming under these regulations shall be equipped with a washhouse or laundry containing a stove and tubs for bathing purposes.

7. Every camp or works shall be supplied with a building or tent properly constructed and set apart as a kitchen, and having a dining-room in connection therewith, with proper conveniences for the cleanliness and comfort of the employees.

8. Proper receptacles must be kept on hand into which all refuse, whether liquid or solid, must be placed, and such refuse must be regularly destroyed by fire or removed to a safe distance from any building and be so deposited as to not create a nuisance or contaminate the drinking water.

9. Latrines, earth, or other closet must be located, constructed and maintained in a manner satisfactory to the said Sanitary Inspector.

10. Stables in connection with any camp or works must be located as not to contaminate the water supply, and must not be less than 125 feet distant from any dwelling or kitchen. This distance may be increased at the discretion of the Sanitary Inspector.

11. The water supply of any camp or works must be uncontaminated and obtained from a source satisfactory to the Sanitary Inspector.

12. Printed copies of these regulations may be obtained from the Sanitary Inspector.

13. Should the Sanitary Inspector find that any of these regulations are not complied with, he may, where necessary, take steps to enforce them, and the expense of such action shall be paid by the employer or his agent.

14. The penalties contained and provided in section 97 of the "Health Act" shall apply to the violations of any of these regulations.

15. The Sanitary Inspector may, where deemed necessary, obtain the services of any Provincial constable or constables to assist him in the performance of his duties and to aid in the enforcement of these regulations.

By Order,
L. T. DAVIS, M.D.,
Sanitary Inspector,
Victoria. 20-6

REASON DETHRONED THROUGH FEAR

Russian Goes Insane at Prospect of Deportation to His Native Land

From Nelson comes the story of the case of John Smith, a Russian, who was driven insane through fear of deportation to Russia at the expiration of a term for which he was committed for theft. Smith's story contains the basis of a thrilling tale. About two years ago he was a telegraph operator in St. Petersburg. He became a nihilist and was persuaded to alter a telegram that was to be sent by the government authorities to a prison 200 miles from St. Petersburg. It was addressed to the governor of the prison and ordered that several political prisoners who were there incarcerated should be executed without delay. Smith, according to instructions, changed the word "executed" to "released". The prisoners were accordingly set at liberty and successfully made their way out of the country. A few days later the plot was discovered and Smith was thrown into prison where he remained for four months. Then his friends succeeded in smuggling to him a uniform of a high officer of the government which Smith donned and walked out of the jail. He escaped to England worked for a few months in London, later worked his passage round the Horn on a freighter and went to Nelson from Vancouver last October. At Nelson he secured a situation as porter at the Tremont hotel, later eloping with a young Russian woman of that city with her two children. Incidentally he took with him silver, jewelry and other articles of value belonging to the wife of one of the proprietors of the hotel. Being captured he pleaded guilty to a charge of theft and was sentenced to eighteen months' imprisonment with deportation to Russia at the termination of his sentence. He was taken to the provincial jail and after exhibiting signs of fear for several weeks became unmanageable, absolutely refusing to eat. For over a fortnight he was fed through a tube but he gradually became insane to a greater degree being finally committed to the asylum at New Westminster, where he will be taken in a few days. Smith's fellow countrymen declare that his mental breakdown is due to the fear of deportation to Russia at the end of his sentence.

CLOUDS OBSCURED ECLIPSE OF SUN

The disappointments which so frequently attend the most painstaking plans and preparations for modern astronomical observations are forcibly exemplified in the experiences of the party which arrived in Los Angeles on Wednesday last. Wr. Wm. J. Lockyear and F. K. McClean were sent to the Friendly Islands by the British government with a full equipment for the purpose of observing the eclipse of the sun on April 29th. The result of their expedition was concisely stated by Dr. Lockyear when he declared "Our expedition was not worth the money the government expended. Unfortunately clouds came up just at the time of the eclipse and remained until the eclipse was ended." Dr. Lockyear and Mr. McClean paid a visit to Mount Wilson observatory and will inspect yet others on their way east. They will sail from New York for London on July 5th.

DO TELL US

Why is it when a woman shoos a hen
She cannot throw as straight as gentlemen?
Is it because she has too many curves
That from her hand the missle always swerves,
Swats her poor husband in the eyes
Or through the parlor window flies?

Why is it when the preacher's asked to dine
His kind eye sparkles like rich ancient wine?
Does he have vision like prophetic seer
That brings the distant chicken near?
Say, can he smell roast rooster a whole year before
The axe has spilled the cackling victim's gore?

Why is it, now, that poor old Johnny Slow
Has never made the grocer business go?
Why do big cobwebs festoon all his shelves
And rats and mice swarm out to help themselves?
Now tell me why that poor soul can't succeed
Like yonder money making Billy Speed.

Well, dear, we'll answer this for you
If you'll reply, to questions one and two
Bill Speed believes in using printer's ink
And that's just why he's making piles of chink
His store and goods are just the proper caper
Because he advertises in THIS paper.

SEX AND LONGEVITY

Woman Has the better of Man in the Term of Life

It is a well known fact proved over and over again in vital statistics that the term of life of women is slightly longer than that of men. Just why this is so has never been explained satisfactorily. One fact, however is clear, and that is that during early years females possess a greater tenacity of life than do males.

The difference of the mortality rates during the first few years of life is striking. During the first year the mortality among males is decidedly *greater than among females.*

Although more boys are born than girls, the proportions are reduced to almost even terms at the end of the first year by the excessive male mortality. Even during the first four years the mortality among males exceeds that among females, notwithstanding the fact that there are practically no distinctions made in the management of the two sexes. Both are subject to the same conditions, are dressed virtually the same and receive the same food.

At the age of about five years the comparative death rate among girls begins to increase. This has been attributed to the fact that boys of this age are more in the open air. The mortality in both sexes diminishes from this time until the twelfth year, when it attains its lowest point. It then steadily rises, being larger in each successive year. Between the twelfth and sixteenth years the death rate among girls increases more rapidly than among boys, but after the sixteenth years for several years the rate of increase is more rapid on the male side.

West Vancouver News

(Express special correspondent)

Hundreds of people are now under canvas all along the shore of this most popular camping site and many more families are coming over as soon as the schools in the city close and they can take their children with them.

A great many houses are being erected this summer and in fact the transportation company have as much as they can do to handle all the freight which is consigned to Hollyburn wharf. Many loads of brick and building material have been delivered at Dundarave where Mr. Lance is erecting a large and handsome residence.

Many new roads are now being opened up in different parts and three of them have just been completed, viz. Nelson Avenue, Balfour street on the southern boundary of district lot 1058 and the road connecting the Keith road with the open government road on the boundary of district lots 1013 and 1074. Work has also been commenced on the extending of the government road to join Nelson Avenue and widening of the Gordon Road.

The municipality of North Vancouver are having the floats repaired and widened at the ferry wharf which has much improved the landing facilities for passengers to this district. Negotiations are now being carried on with the Dominion government at Ottawa for the reconstruction of Hollyburn *wharf, part of which was washed* away some time ago, and there is every chance of the work being started shortly owing to the danger to the travelling public.

The real estate market in this section has been getting its full share of attention during the past few weeks *and many good deals have been put* through mostly to those people who are looking for a home site consisting of one or two acres and being well situated. One of the best sales completed was that of the south half of district lot 1088 containing nine acres which was purchased by Mr. D. Spencer of Vancouver who intends making this his home in the near future. Messrs. Lawson and Lefeaux will be moving into their new office at Hollybur wharf shortly as same is nearly completed which is to be used for real estate and will also be the office of the West Vancouver Transportation Company Limited.

This summer will be a good test in land cultivation at West Vancouver as many of the residents have already planted a good variety of flowers, vegetables and fruit and the results have not been in any way disappointing to those who are taking an interest in this most useful and healthy hobby. One of the first pieces to be cultivated this summer was that of Mr. MacPherson on the Keith Road which is attracting a great deal of attention to enthusiastic gardeners visiting the locality and wishing to know the possibilities of the soil. Mr. White is having the whole of block 15, D.L. 554, facing on Beaconsfield street, cleared and graded where he intends erecting several hot houses this summer. This tract comprises five acres and is most beautifully situated for a *nursery.*

THIEVES ENTERED STORE

Last night the dry goods store of William Cummings on Lonsdale Avenue was entered by thieves and a quantity of goods, including footgear, and clothing taken. The police are of the opinion that this robbery has been committed by the same person or persons who have been working through the city and district of late entering private houses and shacks when their owners are absent and taking their toll of valuables or money. No clue to the identity of the miscreants is to hand as yet, but the local police department has the matter in hand.

District of North Vancouver.

SEALED TENDERS on the prescribed forms and accompanied by certified cheque or cash for five per cent. of the amount of tender will be received by the Municipal Clerk until 8 p.m. on Thursday, 29th June, 1911, for the following work:

Clearing, grubbing and grading of road northwards from Frederick Road D. L. 2003.

Two roads in Block B, D. L. 2003.

Extension of Harold road, east of Fromme Road, D. L. 2023.

Clearing, grubbing and grading right of way for sidewalks on Frederick Road west, Fromme Road north, Doran Road west of Centre Road, and Hoskins Road, Lynn Valley.

Grading and gravelling of Main street, D. L. 204.

The lowest or any tender not necessarily accepted.

J. R. COSGROVE,
District Engineer.
District Municipal Office,
North Vancouver, B. C.,
17th June, 1911. 27-6

Mr. and Mrs. C. C. Rowland, First street east are congratulating themselves upon the arrival of a son.

The sad death occurred yesterday of the little 14 months' old son of Mr. and Mrs. W. H. Rogers, 4th street.

In the Presbyterian church, Lynn Valley, on Sunday morning special reference will be made to the coronation and the National Anthem will be sung.

Mr. and Mrs. Fowler left yesterday for a short holiday to Seattle, Victoria and Portland, the Sound cities. They will return to the city on Monday.

A special coronation service is being arranged at St. Andrew's Presbyterian church, Keith Road. Special speakers and special music by the Sunday school is promised. The service is at 2.30 p.m. and every resident of North Vancouver is invited.

Holy communion will be celebrated *in St. Andrew's Presbyterian church* next Sabbath at 11 a.m. Preparatory service this evening at 8 o'clock when new members, whether on profession of faith or by certificate will be received and confirmed. Any person who wishes to join the fellowship of the church on this occasion are requested to be present at the service this evening.

LAWRENCE--PEERS

Mr. R. C. Lawrence, the popular motorman in the employ of the B. C. Electric Railway Co. of this city, was married on Wednesday to Miss Katie Peers, of Bressey, Peers & Boult. Rev. Mr. Owen of Christ church, Vancouver performed the ceremony. The happy couple will reside on 8th street.

NOTICE TO CONTRACTORS

TENDERS are invited and will be received until Friday, 30th June, for the erection of a house on block 23, D. L. 553. Plans and specifications may be obtained at the house of the undersigned (junction 8th and 13th streets).

The lowest or any tender not necessarily accepted.

H. L. McPHERSON. 30-6

District of North Vancouver.

The time for receiving tenders for King, Queen and Nye streets, Westover and Allan roads, road in D. L. 1089, road in D. L. 1092, and 1103, Lloyd Avenue, has been extended until 5 p. m., Monday, the 26th day of June.

JOHN R. COSGROVE,
District Engineer. 23-6

TENDERS WANTED

SEALED TENDERS marked "Tender for grading" will be received by the City Clerk of the City of North Vancouver, up to 12 o'clock noon on Monday, July 3rd, 1911, for grading *the following streets:*

Esplanade and Crescent street from St. George's Avenue to St. David's Avenue.

First street west, from Lonsdale Avenue to Forbes Avenue, including Chesterfield Avenue, Mahon Avenue and Semisch Avenue, from First street to Second street.

Second street from a point 300 feet east of St. Andrew's Avenue to St. David's Avenue.

Sealed tenders marked "Tender for Third street sewer" will be received by the City Clerk up to 12 o'clock noon on the 3rd day of July, 1911, for constructing a sanitary sewer with lot connections on Third street, from St. Andrew's Avenue to St. David's Avenue.

All the above mentioned work to carried out according to plans, profiles, cross sections and specifications, prepared by the city engineer.

All tenders for the above mentioned work must be made on forms of tender supplied by the city engineer.

A cheque for 5 per cent. of the amount of the tender must accompany each and every tender.

The lowest or any tender not necessarily accepted.

The following is a list of estimated quantities of work on each job:

Esplanade and Crescent street grading 14,000 cubic yards of excavating, 30,000 feet b.m. of retaining wall.

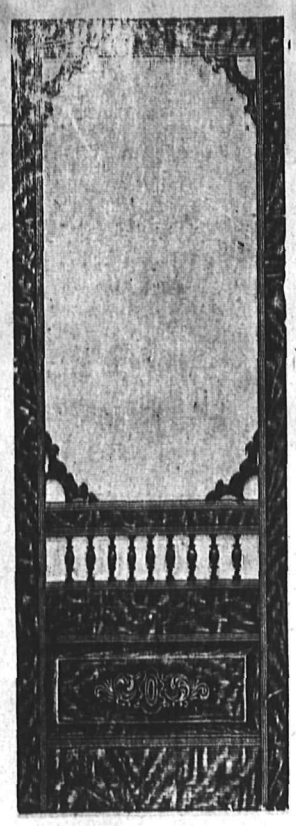
First street—29,000 cubic yards of excavating, 20,000 feet B.M. of retaining walls.

Second Street—17,500 cubic yards of excavating, 30,000 feet B.M. of retaining walls.

Third street sewer—1374 feet of 12-inch sewer, 2060 feet of 4-inch sewer, 3 ventilators, 2 man holes.

Contractors must tender on each job separately.

GEORGE S. HANES,
City Engineer.
June 23rd, 1911. 70-30-6



Screen Doors

Don't wait, get them at once and get them hung, as it is easier to keep out the flies than *it is to get clear of* them after they're once in. Our line of doors is complete, price ranging from $1.50 to $3 each.

Screen Windows

in eight different sizes, adjustable to any window. The prices are right and the quality is the best.
