VOLUME 13. NORTH VANCOUVER, B.C., MONDAY, MAY 20, 1912. NUMBER 203

Police Magistrate for North Vancouver

Victoria Press Intimates the Appointment of H. D. Ruggles

According to the Victoria press, Mr. H. D. Ruggles has been appointed by the provincial government to the police magistracy of the city of North Vancouver. Interviewed this morning Mr. Ruggles stated that he had so far received no official intimation of his appointment. He had seen a paragraph in a Vancouver paper announcing that "H. D. Ruggles had been appointed police magistrate for South Vancouver" and understood that the "South" had been altered to "North" in a later edition. This press despatch was sent from Victoria and could be probably relied upon. Otherwise, up till noon today Mr. Ruggles had heard nothing officially.

A few weeks ago there was an interchange of correspondence on the subject of the police magistracy of this city between the city council and the provincial government. The council on the motion of one of the aldermen, decided to ask the government to make such an appointment. In reply the provincial authorities asked the city what stipend it was prepared to pay such an official. The council intimated that the city was prepared to pay its police magistrate $1,000 per annum. The Conservative Association then gave careful consideration to the matter, with the result that the executive recommended Mr. Ruggles as appointee and wrote the government accordingly. So that the above tidings are by no means without local substantiation.

The appointment of a police magistrate in succession to Mr. Arnold E. Kealy who is now in Eastern Canada, is in every way a desirable step. While at present the city is so beautifully behaved that police court cases are few and far between, there inevitably occurs periods of reaction when the department is kept continuously busy and when the need of a police magistrate to hold regular daily sessions is particularly felt. It is also anticipated that before very long the establishment of a small debts court will become an accomplished fact. Mr. Ruggles is a partner of the firm of barristers, Ruggles and Layton, whose North Vancouver office is located in the post office block. Mr. Ruggles has been a resident of this city two years, his home being on 6th street east. He has figured professionally in many civil and criminal actions on this side of the Inlet, appearing for prosecution or defence with equal success. A brother barrister, who shall be nameless, once remarked to a representative of this paper after the hearing of a civil case in which Mr. Ruggles had gained his point in a peculiarly subtle round about fashion: "Ruggles for the defence is like a blind teamster. You can never tell what he's driving at till he's got there!" His capacity for level-headed judgment and his thorough knowledge of law well equip him for the police magistracy of a progressive city.

Telephone Statistics for February

North Vancouver Stands First in Per Centage of Increase for February—Sixth in Number of Phones

North Vancouver ranks third for the month of February in the matter of good out calls. Vancouver was first with 34,998, New Westminster second with 12,375, and North Vancouver third with 6597. This city stands sixth in the list of the cities of the province in the matter of the number of telephones in use, the list being as follows: Vancouver 17554, Victoria 5157, New Westminster 1467, Nelson 625, Nanaimo 523 and North Vancouver 488. This city, however, recorded the largest per centage of increase in the province for the month of February, there having been installed in that month ninety new telephones, an increase of 22.6 per cent. Nanaimo added twenty-one, Nelson remained stationary, New Westminster added eighty-one, Victoria sixtyseven and Vancouver and North Vancouver 1425.

Dr. Ernest Hall in Lynn Valley

The pending application for a liquor license in connection with the first class tourist hotel that it is proposed to erect just beyond the car terminus in Lynn Valley which is applied for by W. C. Kennedy of Vancouver, is causing considerable stir among the residents of the Valley, insomuch that a large audience gathered last (Sunday) evning to hear Dr. Ernest Hall deliver a lecture on the effects of alcohol from a physician's standpoint.

The lecture was illustrated by lantern slides and was masterful in subject and delivered in Dr. Hall's inimitable style. He dwelt with the effects of liquor on the human body and on the social community. He showed by statistics that even the medical profession were gradually ceasing to prescribe alcohol in all cases of sickness. Figures from the London hospitals were produced to show the corresponding amounts of money spent on alcohol and on milk, while the latter had increased about 9 times the former had dropped to a greater extent.

Dr. Hall also clearly showed that the social vice and the establishment of a red light district and even the betrayal of trust placed by young girls in men who took liquor, was but a natural outcome of this trade, for what a man acquired last he lost first and this was self control and respect for others. With regard to the fact that the license asked for in Lynn Valley was connected with a first class hotel Dr. Hall condemned the same all the more, for he contended that these were the places where young men could the more easily persuade their girl companions to take their first drink, and, continued Dr. Hall, "Mothers, your girls are no longer safe after that happens."

The popular fallacy of alcohol aiding digestion was exploded by the lecturer, he proving that all that drink did was to deaden the danger signals sent up to the brain by the nerves from the stomach.

In answer to a question Dr. Hall replied that the establishment of a bar in any community paved the way for a red light district and in the event of such happening the growth of population was reduced one half which should said the doctor, be guarded against nationally. Especially at this time, he argued, when Canada was just entering into her birthright the greatest and grandest God has ever given—should the fostering of the drink traffic and the encouragement of social vice be avoided.

The meeting opened by a hearty rendering of "Throw out the Life Line," the whole mass singing as if they meant to put the sentiment into effect regarding the pending liquor license, believing the truth of the stanza

Better guide well the young than reclaim them when old.
For the voice of truth wisdom is calling
"To rescue the fallen is good, but 'tis best
To prevent other people from falling.
Better close up the source of temptation and crime.
Than deliver from dungeon and galley
Better put a strong fence round the top of the cliff
Than an ambulance down in the valley

Newsy Paragraphs

The dredge Mastodon is to be placed on the Wallace ways on Wednesday when she will undergo a general cleaning and overhauling.

Mr. and Mrs. A. P. Hughes and family have taken up residence in this city for the summer months. On Saturday they moved into the home of Mr. J. H. Pilling who intends touring Saskatchewan and Manitoba.

Major James P. Fell has made arrangements for the North Vancouver corps of Field Engineers to use Larson's Pavilion as their temporary drill hall. The first drill is appointed to take place on Wednesday night.

The fire brigade was called out yesterday to 17th street and Bewicke Ave. to quell a bush fire which was threatening to imperil several houses. The brigade was successful in getting the fire under control before any damage was done.

Government Post Office Inspector Ross is now actively considering the question of a free mail delivery for this city. The inspector has announced an intention to visit North Vancouver to acquire information necessary to the furtherance of the scheme.

A Thimble Tea will be given by the Ladies' Aid of St. Andrew's Presbyterian church on Wednesday afternoon, 22nd, at the home of Mrs. McBain, Lonsdale and 5th street. The proceeds will be devoted to the furnishing fund of the new church and all ladies are cordially invited.

Mr. H. E. Reid, Grand Master at Arms of the Order of Pythias, and Brother Arthur Davies and Allan Wheeler leave for Victoria tomorrow to attend the Grand lodge which meets there. An endeavor will be made to secure next year's meeting of the lodge for North Vancouver.

North Vancouver's Athletic club newly organized by Mr. Frank Popham, is anxious to secure amateur lacrosse players, the idea being to place a representative team on the field to meet visiting aggregations from several cities in the west. The scheme is one which should receive encouragement.

The efforts of those ladies who, under the command of Mrs. Wolfe Merton, solicited on Saturday on behalf of the Society for the Prevention of Cruelty to Animals, realized the approximate sum of $120. Last year $98 was raised by this means. Mrs. Wolfe Merton was assisted in this city by Miss Mollie Bunbury, Miss Mary Allan and Master M. Ramsay.

Y. P. S. C. E.

The picnic of the Bible Class and C. E. will start from St. Andrew's church, for Seymour Canyon on Friday at 9.30 a.m. Any young people desirous of getting acquainted with the members of the society are hereby welcome.

LACROSSE NOTES

Third Commissioner Appointed—Toronto to Institute Legal Proceedings for Violation of Contracts.

Hon. D. M. Eberts, Speaker of the British Columbia legislature, an ardent follower of lacrosse for many years, was appointed as the third member of the commission which will govern the lacrosse games in the B. C. L. A. this coming summer, at a meeting held Friday afternoon. Those present at Friday's affair were Harry Senkler K.C., of Vancouver, and Dr. C. E. Doherty of New Westminster, the two commissioners already appointed by the B. C. L. A., and Fred Lynch, secretary.

The commission is now completed and the prospects of one season of harmonious lacrosse are very bright as a result. In securing Speaker Eberts, as the third member of the commission, the association can consider themselves very fortunate, while a commission composed of such calibre cannot but fail to raise the standard of lacrosse in the province.

That R. J. Fleming, manager of the Toronto Street Railway and president of the Toronto Lacrosse Club, will make an effort through the courts to enforce the contracts which it is alleged "Newsy" Lalonde, Len Turnbull and Cliff Spring, well known Coast players, entered into with his club is evident by the letter received yesterday by President Con Jones of the Vancouver Lacrosse Club from George C. Stiles, a prominent Toronto lawyer, who is looking after the interests of the Vancouver Club in the East. Mr. Stiles says that Mr. Fleming has been advised by his lawyers that he has a good case against the Western players, and he promises to take action against them unless they return to Toronto.

KOOTENAY NOMINATES MR. R. F. GREEN

Former Provincial Minister Conservative Candidate to Succeed A. S. Goodeve

Nelson, May 16.—Robert F. Green, for many years a merchant and prominent citizen of Kaslo but lately resident in Victoria and ex-Minister of Lands and Works in the provincial government, was today chosen on the first ballot as Conservative candidate for the vacancy for Kootenay in the Dominion House, created by the appointment of Mr. A. S. Goodeve, ex M.P., to the Railway Commission.

Mr. Green was proposed by Mr. Harold Selous, ex-Mayor of Nelson, and seconded by Mr. John Lyon, of Revelstoke. There were two other nominees, but Mr. Green secured a majority on the first ballot. It is not considered probable that the Liberals will put a candidate in the field, the rank and file of the party being opposed to a contest, although several Liberals are anxious for the honor of being a candidate.

Fierce Forest Fires

Yukon Valley Roaring Furnace—Area South of Revelstoke Swept by Flames

A despatch from Dawson City to Seattle states that the Yukon Valley is a roaring furnace for 200 miles between Big Salmon and Stewart City. Everywhere forest fires are raging, but not near any city. Hundreds of thousands of acres of virgin forest are being swept. Possibly 1,000,000 cords of splendid wood and timbers have been ruined. At Coffey Creek so hot was the fire that it leaped the river. Six hundred cords of wood piled there, belonging to Harry Reynolds, were burned.

From Nelson comes the information that forest fires, starting apparently at two points, swept through ten million feet of lumber in the Dominion railway belt between Arrowhead and Revelstoke last week end, but probably did not destroy more than about ten per cent. of the merchantable trees, according to W. F. Loveland, acting supervisor of fire wardens, who has just returned from the main line city. The burned over area is the property of the Dominion Sawmills, Ltd. One hundred C. P. R. men, 35 employees of the lumber company and the Dominion fire protection service secured control of the blaze after a stern fight which lasted from Thursday until Saturday night, stated Mr. Loveland.

SUCCESSFUL WESTERN PIONEER

Mr. Alexander Macdonald Will Retire a Millionaire.

Winnipeg, May 16.—It was announced today that Mr. Alex. Macdonald, one of the pioneer wholesale grocery merchants in this city, will sell out his business here and in other parts of Western Canada for a figure around $3,000,000 and will take up his residence in Scotland.

The V. A. C. lacrosse team defeated the Fairviews in the first game of the season on Saturday 9 goals to 2. The Fairviews were admitted to the provincial amateur league.

Mrs. J. F. King of 5th street east has gone east on an extended visit to relatives at Woodstock, New Brunswick. Mr. King will follow in about two months and will remain until October when they will return to their home in this city.

MONTREAL HARBOR IMPROVEMENTS

Montreal May 17 Improvements costing $2,000,000 will be begun to Montreal harbor in a few days. New works include the erection of a new 1,200 foot pier, the lengthening of several others, and the deepening of Basin No. 1. Improvements are rendered necessary by the larger ships now entering this port.

JULY 1st CELEBRATION
Meeting on Friday Evening May 24th

The public meeting called by the Mayor to take place in the city hall on Wednesday evening for the purpose of making arrangements for the annual celebration of the First of July in this city, has had to be deferred until Friday evening, May 24th, owing to several persons whose presence will be necessary having previous engagements on the night originally chosen. North Vancouver, B. C.....May 20, 1913.

ROAD THROUGH SEYMOUR INDIAN RESERVE

The negotiations which the district of North Vancouver has been carrying on with the Department of Indian Affairs for some months past for the purpose of purchasing a road allowance from Keith road to the waterfront through Squamish Indian Reserve number three to Burrard Inlet, are well advised and it is important in the public interests that they should be brought to successful conclusion at an early date.

At the present time there is no street running down to the waterfront for the entire length of the reserve, a distance of practically one mile and it is clearly inadvisable that such a condition should be allowed to exist any longer.

There is a large district lying north of Keith road which would be splendidly served by this road and by its extension northward. It is neither necessary nor just that this extensive section should be shut off from direct access to the waterfront and it is desirable that all uncertainty in that regard be removed in the near future.

The new ferry service to points in the district east of the Seymour is now a fact and it is the desire of the Company to establish a port of call at the street end in question as soon as arrangements can be made. A wharf will be constructed immediately upon the receipt of advice from the Department that a road allowance has been granted.

The Indians themselves, it is understood, are very anxious that the road be built for the reason that it would provide them with ready access for vehicles to and from Keith road in one direction, and would also provide them with a direct ferry service to and from Vancouver in the other direction.

An agreement had been reached with the Indians whereby the district was to pay the sum of one thousand dollars per acre for the land required for a road allowance and no one questioned that the bargain would be speedily concluded accordingly. Some obstruction has been placed in the way however, apparently through the advice of the local Indian agent, with the result that the weeks are passing, valuable time is being lost, an undesirable condition of affairs from the public view point is being perpetuated, property owners are being subjected to prolonged and unnecessary inconvenience, the establishing of a ferry service which would be of immense advantage to the section tributary to the road is being indefinitely postponed and the progress of the community is being correspondingly retarded.

If the price which the Indians have agreed to accept does not commend itself to the judgment of the local authorities in such matters, the District Council stands ready to arbitrate the matter and to accept the award of the Board of Arbitration. The local authorities re Indian affairs have been advised to that effect, but still the matter is unnecessarily delayed.

It is to the public interests that this roadway be established before any line of railway establishes its lines in the vicinity, in order that the control in this respect be with the people, but the prevailing vexatious delay bids fair to prejudice the public interests not only in this, but in other respects with reference to the necessary three quarters of a mile of public highway.

The speedy termination of the present unsatisfactory condition of affairs in this connection is imperative in the public interests and it is to be hoped that means will be found to permit of the successful conclusion of the efforts of the district council to secure the road allowance without further delay and to give public access to the waterfront at a point adjacent to Seymour river.

FORESTS IN RELATION TO WATER SUPPLY

The water supply of a district is always considerably influenced by the forests at or near the head waters of its streams. This is one of the reasons why large districts have been set aside by the government of the Dominion of Canada and many other governments to be kept permanently as forests.

The soil within the forest, largely composed as it is of decaying and decayed leaves, twigs and other vegetable matter, acts much like a sponge in soaking up the moisture that falls. On the other hand, the absence of high winds within the forest does much to prevent or lessen evaporation.

The Riding Mountain and Turtle Mountain Forest Reserves in Manitoba are good examples of this fact. In the Riding Mountain reserve are the head waters of the Minnedosa, Little Saskatchewan or Rapid' river, one of the most important tributaries of the Assiniboine from which by the way the town of Minnedosa is now deriving power. On the other side of the reserve issue many rivers among which are the Vermilion, Valley and Ochre rivers and Edwards Creek. The last named is a source of water supply for the town of Dauphin.

In the Turtle Mountain Forest reserve are to be found the sources of the Pembina and Whitemud rivers, as well as of many smaller streams, some of which lose themselves in the prairie.

Cutting away the forest from the head waters of the streams would mean that in spring the melted snow would rush down these water-courses in a torrent and be wasted, not to speak of doing considerable damage in its course while in summer the stream beds would be almost dried up.

Thus not only would the streams be deprived of any possible value in producing power, but their value to the soils of the farming districts in keeping up a steady supply om moisture would be much lessened if not altogether destroyed.

Illustrations, such as the above, serve to emphasize the necessity of the adoption of measures for the protection of the watershed of the North Shore upon which is destined to devolve the responsibility of providing an adequate supply of water for all purposes for the immense population which will inhabit the shores of Burrard Inlet and immediate vicinity. The problem of preventing the mountain slopes of the North Shore from being denuded of their forests is one of vital moment to adjacent cities.

Sayward Land District

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North west Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any agent or Sub Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

CITY OF NORTH VANCOUVER

LOCAL IMPROVEMENT ASSESSMENT SCHEDULES

NOTICE OF COURT OF REVISION

TAKE NOTICE that the Assessment Schedules appearing below show the land assessed for the various works of Local Improvement hereinafter set out and the amount assessed on each lot of land and the names of the Owners of such land so far as the same can be ascertained from the last revised Assessment Roll and otherwise.

AND TAKE NOTICE that a Court of Revision of the Municipality of the City of North Vancouver will be held on the Sixth Day of June, at the hour of 10 o'clock in the forenoon at the City Hall at North Vancouver in said Municipality for the purposes of hearing complaints against said Assessments and for revising and correcting said Assessments.

All notices of appeal must be served upon the city Clerk at his office at the City Hall at North Vancouver aforesaid at least eight days prior to such Court of Revision.

Dated at North Vancouver this Third day of May, 1912.

THOMAS SHEPHERD,
City Clerk

For Macadamizing Queensbury Avenue, 20th Street, Sutherland Avenue and Lynn Valley Road from the north side of 3rd Street to the City Limits.

Canada's National Parks

The recent setting apart of the Rocky Mountains Forest Reserve calls renewed attention to the series of national parks and forest reserves formed with commendable foresight by the Canadian government in the mountain districts of Alberta and British Columbia. During the session of the Dominion parliament of 1911 a new Forest Reserves and Parks Act was passed, covering no fewer than twenty-four parks and reserves, with an area of 16,760,640 acres, or nearly thirty thousand square miles. These hold within their wide boundaries some of the world's grandest scenery and conserve the sources of the great rivers which lie in the snowfields and glaciers of the continental watersheds. The largest are the Rocky Mountains Park, Banff, with an area of 1800 square miles; the Yodo National Park of 560 square miles; Glacier Park, 488 square miles; and Jasper Park, 1,000 square miles.

FISHING BOATS VIOLATE REGULATIONS

Customs Officers Seize Twenty-one Boats on Boundary Bay

Further investigation into the seizure of the score of fishing boats by the Canadian customs authorities at White Rock shows that that action was taken only as a result of months of detective work on the part of both the Canadian and the American customs officers.

The American customs men some time ago received information that a fishing schooner loaded at the Nickle mackel River, on the Canadian side, had discharged its cargo at the wharf of Messrs. George & Barter, canners of Point Roberts, omitting, however, the formality of paying the $1,700 duty due. Subsequently other boats from the Fraser landed fish at the same point without paying duty. As the result of the report of a secret service official sent from Washington to enquire into these lapses, Messrs. George & Baxter were compelled to pay into the United States treasury sums totalling $16,700.

During the proceedings in the United States customs department, it was found necessary to seize the books of the Point Roberts Cannery Company, and in these were found to be written the names of the Canadian consigners to the firm. After the investigation the list was sent to Ottawa, and the Canadian enquiry is the result.

HIGHWAY POST IS STOLEN BY RIVALS

Vandals Uproot Sign Planted with Great Ceremony—Criminal Action to Be Taken

New Westminster, B. C., May 20. The bitter spirit of rivalry existing in the towns of Alberni and Port Alberni, on the west coast of Vancouver Island, culminated a few days ago in an act of vandalism—the uprooting of the first post of the Canadian Highway, planted with imposing ceremony on Saturday, May 4, by the president of the Canadian Highway Association, in the presence of an assembly including many of the prominent figures of British Columbia and the state of Washington.

Port Alberni has been a keen aspirant for the honor of providing the site of the post, but, because of the advantages of location, this has been awarded to the old town.

A few days after the post had been planted, in the dead of night, three of the residents of Port Alberni stole out from their town, armed with pick-axes, shovels and crowbars, and proceeded to the old town, where they quickly uprooted the initial sign post of the Canadian Highway and carried it in triumph to Port Alberni. The disappearance of the sign was the one object of conversation in Alberni the following morning, and early in the day an emergency meeting of the prominent men was called, and immediate action decided upon. Concentrated suspicion pointed due south, but even before a definite plan of action was decided upon a group of men was seen approaching from Port Alberni, bringing with them the descrated sign. The bearers of the sign post tendered the old town profuse apologies from the Mayor, A. E. Waterhouse, and the members of his council.

Thus the matter ended in so far as the Albernis are concerned, but it is probable that more will be heard of it, as the officers of the Canadian Highway Association are extremely annoyed at the liberty taken. The tampering with sign posts is a criminal offense in Canada and liable to severe punishment. Several prosecutions have been instituted by the Pacific Highway Association in the past few months, when proof could be adduced against some party or parties who had wilfully tampered with or mutilated their signs.

In order to mitigate against the possibility of the repetition of this fool trick, it is the intention of the officers of the association to take proceedings against the Port Alberni men who tore up the post, and to make this an example that will serve as a warning to others. Speaking on this subject yesterday, President W. J. Kerr said: "To look upon the tearing up of the first post of the Canadian Highway as an act of desecration, in every way as objectionable as would be the removal of the corner stone of a sacred edifice. This post was planted with due form and ceremony in the presence of over 1,200 people, men of prominence from all the coast cities and from Seattle, Tacoma and Portland taking part in the function. It certainly is humiliating to these gentlemen to think that after the expense and inconvenience to which they were put, such an unfortunate thing should happen. I only trust that the incident will mark the culmination of the feeling between the towns of Alberni and Port Alberni, and that from now on these two places will cultivate a more friendly spirit and some of that sweetness of disposition and charity which makes for the betterment of all things."

PROVINCIAL MINISTER LEAVES FOR OTTAWA

Hon. Thomas Taylor Will Meet Premier Mc Bride at Dominion Capital—Important Conference Pending with Federal Government.

Hon. Thomas Taylor, minister of public works, left the capital on Thursday last for Ottawa, where he proposes to meet with Premier Mc Bride on his return from England, and, with his chief, engage the attention of the Dominion government authorities on a series of questions affecting the relations of the provincial government with the federal government and also with the other provinces. Mr. Taylor will stop over at Vancouver in order to discuss with the various municipalities lying between and embracing Vancouver and New Westminster the question of government assistance on some important road work on the mainland.

Mr. Taylor briefly outlined the various questions which form the basis of his visit at this time. He stated that perhaps the most important question to be discussed by the provincial authorities with the federal government was that relating to the grant for highways. At last session a bill was passed making a grant for the whole of the provinces of the Dominion on a per capita basis, but the senate threw it out. It is generally understood, however, that when parliament sits again another bill with the same object will eb introduced and passed through the lower house. Mr. Taylor will take up the provisions of that prospective measure in so far as they effect British Columbia. The provincial authorities do not regard a per capita basis as representing a fair calculation.

Speaking on the subject, Mr. Taylor said: "That provision would be most unfair to British Columbia, because it is very differently constituted to the other provinces. The construction of highways in this province offers far greater difficulties than it does in any other province in the Dominion, and then, in addition to that important factor, the labor element makes the expense still greater; and, consequently, we think that special consideration ought to be given British Columbia. Over and above the considerations mentioned, there is the cost of material to be taken into account . I think we have a very good dease in this respect to take before the Dominion authorities.

Cost of Wharves.

Another matter involving something like a half a million dollars to the province is that affecting the cost of constructing and maintaining wharves up and down the coast line. Mr. Taylor pointed dout that the provincial government had spent $500,000 on this work at various times, despite the fact they were of the opinion that the wosk should have been done by te Dominion government, the wharves being under the sole jurisdiction of the federal authorities.

"Our idea," said Mr. Taylor, on this point, "is to be reimbursedd for our expenditure in the past. I don't think it has ever been seriously denied that the work of constructing and maintaining wharves should be done at the expense of the Dominion government, and now we intend taking the matter up with a view to getting back what we have spent in keeping that work abreast of the times."

Turning to the other matters to be discussed at Ottawa, Mr. Taylor referred particularly to the question of the harbor line at Prince Rupert. The G. T. P. has made application to the Dominion government to have another line adopted, which new line if adopted, would interfere with the effectiveness of the splendid government wharf by making it practically impossible to land at it. The provincial government desires that the original harbor be sustained andd the premier and the minister of public works will press their arguments to that end dupon the Dominion government authorities. It may be stated that the wharf which has been erected by the government at Prince Rupert is one of the first of the kind, as well as the finest to be constructed on the American continent. It cost in the neighborhood of $175,000.

Repayment of Cost.

The fourth point which will be taken up by the premier and dthe minister of public works with the Dominion authorities is one that has been before the government for some time but no ddecision detao taoi oidd etao etao decision has as yet been come to. It is in regard to the claim of the provincial government for the moneys expended upon the work of protecting the river banks of the country from erosion and other evils attendant upon flood and the sundry other elements that have a devastating influence when not properly controlled. Mr. Taylor declares that in this as in all other points of his mission he is confident of meeting with the kindly consideration of the Dominion officials. He claims that every one of the items to be discussed has been threshed out repeatedly, and the provincial authorities are unanimous in their belief that it is up to the Dominion government to meet the situation generously.

Mr. Taylor expects to be gone for about a month. In all probability he will return to the capital with Premier McBride.
