BRILLIANT VICTORY

Of the Anglo-Egyptian Army Over The Dervishes.

London, Sept. 5.—The Anglo-Egyptian army has gained a brilliant victory over the Dervishes, thousands of whom were killed during the engagement. The sirdar has dealt a death blow to Madhism and entered their capital, Omdurman.

On Thursday night the Anglo-Egyptian army encamped 8 miles from Omdurman. At dawn on Friday, the cavalry patrolling towards the capital found the enemy advancing to the attack in battle array and chanting war songs. Their front consisted of infantry and cavalry, stretching out for three or four miles. The warriors advanced with all their old time ardor. The Anglo-Egyptian infantry formed up outside the camp.

At 7:30 the enemy crowded the ridges above the camp and advanced steadily. Ten minutes later the artillery opened fire which was answered by the Dervish riflemen. Their attack developed on the left, and in accordance with their traditional tactics, they swept down the hillside with the object of attacking the British flank. The withering fire maintained for 15 minutes by all the line, frustrated the attempt, and the Dervishes, balked, swept toward the centre of the British line, upon which they concentrated a fierce attack.

A large force of horsemen, trying to face a continuous hail of bullets from the Cameron Highlanders, the Lincolnshires, and the Soudanese, was literally swept away, leading to the withdrawal of the entire body, with their dead strewn on the field.

The bravery of the Dervishes can hardly be over-stated. Those carrying flags struggled to within a few hundred yards of the British line, while the mounted Emirs absolutely threw their lives away in bold charges. When the Dervishes withdrew behind the ridge in front of their camp, the whole force marched toward Omdurmen.

As the troops surmounted the crest adjoining the Nile, the Soudanese, on the right, came into contact with the enemy, who had re-formed, under cover of a rocky eminence, and had massed beneath the black standard of the Khalifa, in order to make a supreme effort to retrieve the fortunes of the day. A mass 15,000 strong, bore down on the Soudanese. General Kitchener swung round the centre and left of the Soudanese and seized the rocky eminence and the Egyptains, hitherto held in reserve, joined the firing line in 10 minutes, and before the Dervishes could drive their attack home, the flower of the Khalifa's Army was caught in a depression and within a zone of withering cross fires from the three brigades, with the attendant artillery. Finally they broke and fled, leaving the field white with jibah-clad corpses, like a snow drift dotted meadow.

Omdurman was occupied after a battle in which only slight resistance was offered by the Derviishes. The Khalifa who had re entered the town, fled on the approach of the army.

Among the cheif incidents of the battle was brilliant charge by the 21st Lancers, under Lieut.-Col. Martin. Galloping down on a deatched body of the enemy they found the dervish swordsman massed behind, and were forced to charge home against appaling odds. The Lancers hacked through the mass, rallied, and kept the dervish horde at bay. Lieut. Grenfell, nephew of General Sir Francis Greenfell, was killed, four other officers were wounded, 21 men were killed and 21 wounded.

THE PLEBISCITE.

To the Editor of THE GOLDEN ERA.

SIR,—Three weeks more and there will be placed before the electors of the Dominion of Canada one of the most important, if not the most important, questions ever voted on by the people of any country. On September 29th next the Canadian people will be given the opportunity to declare whether it is their wish to prohibit the manufacture, importation and sale of intoxicating liquors.

This is a national question. It takes rank with the confederation of the provinces, or the suppression of slavery. Those interested in it should use every means to spread right ideas on subject. This is not the time to speculate as to the result of the plebiscite, or as to what action the Government may take in case prohibition carries. Now is the time to enlighten public sentiment.

Let me quote the statements of a few representative men in this and and other countries:

President Lincoln in a speech at Northfield, Ill., Feb, 22nd, 1842, said: "Whether or not the world would be vastly benefitted by the total and final banishment from it of all intoxicating drinks seems to me not now an open question. Three-fourths of mankind confess the affirmative with their tongues, and, I believe, all the rest acknowledge it in their hearts. And when the victory shall be complete—when there shall be neither a slave nor a drunkard on the earth—how proud the title of that land which may truly claim to be the birth-place and cradle of both these revolutions, that shall have ended in that victory. How nobly distinguished the people who shall have planted and nurtured to maturity both the political and moral freedom of their species."

Hon. John Bright said: "If for five years England would give up the use of drink, at the end of that time she would be such a paradise that you would hardly know the country again."

Hon. Wm. E. Gladstone, when waited on by a deputation of brewers to consult him about revenue, said: "Gentlemen, you need not give yourselves any trouble about the revenue. The question of revenue must never stand in the way of needed reforms. Besides with a sober population, not wasting their earnings, I shall know where to obtain the revenue."

The Rt. Hon. Sir Stafford Northcote, M.P., when Chancellor of the English Exchequer said: "If the reduction of revenue derived from spirits be due to a material and considerable change in the habits of the people, and increasing habits of temperance and abstinence from the use of ardent spirits, I venture to say that the amount of wealth such a change would bring to the nation would utterly throw into the shade the amount of revenue that is now derived from the spirit duty, and we should not only see with satisfaction a diminution of the revenue from such a cause, but we should find in various ways that the exchequer would not suffer from the losses which it might sustain in that direction."

Canada's greatest finance minister, Hon. Sir A. T. Galt, said, in a speech, Sept. 25th, 1878: "I am quite prepared to establish before this audience to-night, that the finance minister who should succeed, by prohibiting the traffic in intoxicating liquors, in restoring the $16,000,000 now lost to the people of this country, and wholly wasted, the finance minister who should succeed in doing that, and should also save the indirect loss that arises from the injury that is done to society by it, I say he will have no difficulty whatever in raising the sum of money which appears in the first instance to be thus lost to the revenue There can be no doubt about it."

Hon. G. E. Foster, finance minister in 1884, said that if Canada would suppress the liquor traffic in ten years she would hardly know herself, so greatly would her prosperity be increased."

If you will give me space I shall try to send you a few pointers for next issue.

I am, etc.,
CANADIAN.

Donald, Sept. 5, 1898.

Chronic Diarrhoea Cured.

This is to certify that I have had chronic diarrhoea ever since the war. I got so weak I could hardly walk or do anything. One battle of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me sound and well.
J. R. GIBBS, Fincastle, Va.

I had chronic diarrhoea for twelve years. Three bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me.
S. L. Shaver, Fincastle, Va.

Both Mr. Gibbs and Mr. Shaver are prominent farmers and reside near Fincastle, Va. They procured the remedy from Mr. W. E. Cooper, a druggist of that place, who is well acquainted with them and will vouch for the truth of their statements. For sale by all druggists, Langley & Co., wholesale Agents, Victoria and Vancouver. 521

ROUND ABOUT THE MINES

P. S. Van Courtland has transfered his interest in the Anaconda on No. 2 Creek to H. P. Shaw.

A big strike is reported on the Hootalinqua river, the claims panning from $6 to $8 per day.

The Nip and Tuck Co. have taken a lease of five acres of ground on Perry Creek, and propose to operate it.

A. P. Shaw, of Vancouver, went up to McMurdo Creek last week to inspect the I. X. L. with a view to making a deal.

Messrs Johnston Bros have made a splendid find on Prixie Creek, on the south fork of Horse Thief Creek. There are something like 13 inches of rich clean ore, of high grade on the lead.

The Turner faction have been successful in the first stage of the battle in the courts over the Le Roi mine, Judge Irving having cancelled the appointment of receiver, but limited the output to 100 tons a day.

The other morning a pack train of 15 horses left the Salmon beds to inaugurate the shipment of ore from the mine on Toby Creek owned by Messrs. Kimpton and Starke. An order has been sent to Calgary for another 15 pack outfits for the work.

E. R. Perry, of Vancouver, has transfered to G. W. Booth three fourths interest in the Copper Queen claim on the north fork of the Spillimachene, and also a similar interest in the Black Hawk claim on Crystal Creek. Mr. Booth has in turn disposed of these interest to C. E. Seymour of Vancouver.

Mr. Griffith informs us that tha galena property on Toby Creek, owned by Messrs Kimpton and Starke, is one of the best things he has seen in the district. There are 3 feet of solid ore in the lead, and the lucky owners intend shipping. If more owners would adopt that course, instead of waiting for buyers to turn up, it would be better for the district and its development.

A. P. Shaw, of Vancouver, has taken a bond on the I. X. L. claim on the horth fork of the Spillimachene, owned by Messrs Richardson and Jameson. The terms on the bond are that Mr. Shaw is to run a tunnel 50 feet in length by the 15th of October, and that if he is satisfied with the results he is then to pay $3,500 for the property.

The Golden Rink Co.

A meeting of those interested in the building of a skating and curling rink, was held in the Columbia House on Wednesday evening, Mr. J. E. Griffith, S.M., in the chair. Mr. H. G. Parson explained that the Golden Rink Co. had been incorporated of whom the provisional directors were Messrs. Hon. F. W. Aylmer, Capt. Bacon, C. H. Parson, C. A. Warren, W. McNeish and H. G. Parson. The principal delay in connection with the scheme had been the procuring of a suitable site. The site near to the bridge which had been agreed on as the best was found on being surveyed to be too small. The only other available site was on the south side of Calgary street, between Fourth Avenue and the tramway. This site was composed of eight lots, and the committee were authorised to negotiate with the Townsite Co. re the purchase of the same. The plan of the new rink having been approved at a former meeting there was no further business discussed. At the close of this meeting the directors held a meeting and elected the following officers for the ensuing year:

President—C. A. Warren.
Vice President—Wm. McNeish.
Secy.-Treas.—H. G. Parson.

Mr. James Henderson has been asked to prepare complete plans and specifications of the new rink, and also to furnish a bill of all material required. Satisfactory arrangements have been made with the Lumber Company for the lumber necessary. The secretary has been instructed to get out a subscription list and canvass the public for shares. It is hoped that he will meet with a ready response as on the success of this enterprise depends in a great measure the providing of amusement for one and all during the winter months. The company is capitalized at $5000, divided into 500 shares of $10 each. The scheme is now on a business-like footing and there should be no difficulty in making a success of it. It is necessary however that the shares be subscribed for at once so that actual work may be commenced immediately.

Good Enough to Take.

The finest quality of loaf sugar is used in the manufacture of Chamberlains Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, la grippe, croup and whooping cough it is unequalled by any other. It always cures, and cures quickly. For sale by all druggists, Langley & Co., wholesale Agents, Victoria and Vancouver. 521

NEWS IN BRIEF.

Amongst the luckiest passengers on board the Tees from the Yukon are Wm. Thorburne, of Edmonton, who brings $650,000 and John Allen of Calgary, with $25,000 in gold.

A revision of the Dreyfus case has been ordered.

Several deaths have been reported, caused by the extreme heat prevailing at New York.

Great Britan is expressing sympathy with the Czar's peace proposals.

Russia will convene a peace conference as soon as peace between Spain and the United States has been concluded.

Six United States engineers have been drowned at Tybee Island.

The Chicago limited express train was wrecked by tramps near Fulton, N. Y. and three people killed.

War department is using every effort to hasten withdrawal of troops from Porto Rico on account of alarming sickness.

There is a rumor that Dreyfus is dead.

Russia has intimated that she will respect the British spheres of influence in China.

An alarming conflagration has destroyed over £150,000 worth of property in the City of Bristol, England.

Seventy-five per cent of the Manitoba wheat is already in, the yield being heavy and quality good.

Medicine Hat and Wolsely are being incorporated as towns.

At Toronto on September 2 the temperature reached 98 in the shade.

The inter-state commerce commission has decided against the Canadian Pacific railway in the matter of differentials.

Tenders are called for the supply of a summer and winter weekly mail service between Canada and Great Britain.

At the hearing of the bigamy charges against Middleton at Woodstock on Tuesday next, two of his alleged wives will testify against him.

Twelve deaths occured in New York on Monday caused by the excessive heat.

The southern cities are quarantined against New Orleans on account of yellow fever.

The Montreal express train dashed into a trolley car at Cahoss on Monday and 14 people were killed in the smash.

The celluloid works at Jersey City have been burned.

Madame Dreyfus has appealed to the Minister of Justice for a revision of her husband's case.

Cavaignac, the French Minster of War, has tendered his resignation on account of the Dreyfus affair.

The revenue returns for the past seven months for the Yukon district is aggregated at $550,142.

Vancouver is to be garrisoned by imperial troops and fortified.

Passengers from Dawson City say that shortly before Registrar Wade left he had a row with Leroy Pelky a correspondent of New York paper, whom he thrashed for making remarks about his alleged official misdoings.

The commissoners who are to investigate the Newfoundland French shore difficulty have sailed from England.

The Methodist conference decided to raise one million dollars to pay off the church's debts.

Fourteen men were instantly killed and 20 badly injured by the fall of two spans of the New York & Ottawa railway.

Donald School.

The following is an extract from the monthly report on Donald school:

I. DIVISION.

Class IV.—1. Eliza Shaw, 2. Flora Palmer.

Class III.—1. Winifred Daniels, 2. Norma Macnab.

Class II.—1. Fred Urquhart, 2. Hilda Hobbs.

II. DIVISION.

II. Primer.—1. Emile Colarch, 2. Rose Match.

I. Primer.—1. Maggie Daniels, 2. Annie Corson.

Chart.—1. Winnie Ainsworth, 2. Willie Gallicano.

There is a decided improvement in the school since the addition of an assistant teacher, and much better results are anticipated.

Several new maps are needed badly. The only ones in the school are maps of the Eastern and Western Hemispheres, Dominion of Canada and British Columbia, and these are all old except the last. There should be a map of each of the continents, and one showing the British Empire.

FRIDAY, SEPTEMBER 9, 1898.

THE NEW GOVERNMENT.

The by-elections will take place on September 17th, when the members of the Semlin Government will again place themselves in the hands of their constituents. Premier Semlin and the Hons. Dr. McKechnie, Joseph Martin, and F. C. Cotton were returned at the late elections by such immense majorities over the Turnerites that these gentlemen should be elected on this occasion by acclamation. Should the Turnerites offer any opposition, it can only be out of pure cussedness for they have been beaten, and badly beaten, in each of the constituencies referred to. Besides, the gentlemen appointed to the Cabinet are all good men, who cannot fail to again command the support of their constituencies by immense majorities, under any circumstances. The only member of the present cabinet who was closely run by a Turnerite candidate was the Hon. J. F. Hume. That Mr. Hume is an able man, has rendered good services to his constituents, and to the Province, there cannot be any doubt. His loyalty to his party in the days of its adversity, and the fact that he was always found on the side of good government, coupled with the fact that he will not on this occasion have to fight against the corruption of the Turner Government, ought to ensure him the by-election if not by acclamation, at least by a large majority. The dealings of his late opponent Mr. Farwell, in connection with the Revelstoke townsite, showed clearly that he belonged to the boodlers, of which this Province must be rid for its own good. While we must admit that Mr. Farwell would have been a fitting supporter of the Turner party, he would be entirely out of his element as a representative of the people in a parliament that is led by a government that is pledged to reform and to the substitution of good government in the place of the corruption of the past.

"The destruction of the Turner government was the first need of British Columbia," writes a well informed Eastern Canadian critic. He continues that the Turner administration was "a system which degraded the representatives of the people into mere grabbers of pork for themselves or their constituencies." But the people gave the Turner gang "beans" to go with the pork on July 9th.

The Liberal-Conservative Convention at Vancouver has decided that Party lines will be drawn at the next general Provincial election but the Semlin government will not be opposed or embarrassed.

HAMILTON GROANS.

Are Turned to Song—And Pains are Effectually Dispelled by the Greatest of all Pain-cures—South American Rheumatic

Mr. A. McFarlane, 246 Wellington Street N., Hamilton, says: "Was very bad with rheumatism for many weeks—cured with two bottles of south American Rheumatic Cure." Mrs. Phillips, Sr., corner Hunter and Gaith streets, Hamilton, says; South American Rheumatic Cure is the quickest relief for rheumatism I ever tried.," Mrs. Parkin Birbrook, says: "I had sciatica so badly I could not put my feet to the floor pains were intense. Great relief from one bottle—4 bottles completely cured." Mr. J. S. Bates, Granford, writes: "South American Rheumatic Cure is the best remedy in the world for acute rheumatism. Have tried it and know."

Sold by C. A. Warren. 519

Next to the prospects of an Anglo-American alliance the most important news that has been conveyed to the British public for some time is the fact that an alliance has been negotiated between Britain and Germany. These three powers control the peace of the world, and defeat the combination of the whole of the others. The alliance has doubtless been brought about by the recent threatening attitude of France, who evidently has in view the re-opening of the quarrel with Germany at a favorable moment. With Russia and France in alliance there is thus a combination to which the peace of Europe could not be entrusted and hence the necessity for the new alliance between Britain and Germany.

Of the relations between Lieut.-Governor McInnes and Premier Turner the Sentinel says: "It is perhaps well that the public should know to what infamous lengths the late Government would go in order to retain office, but the exposures now being made will create a very bad impression abroad and for a time at least, the result will be injurious to this Province. If lasting disgrace is to be averted ex-Premier Turner and ex-Attorney-General Eberts should be compelled to retire from public life. For them to continue to sit in the Legislature as representatives of the people, will be to invite the contempt of the world."

The Manitoba Free Press thus refers to the humiliating position in which ex-Premier Turner has been placed by the publication of the Governor's correspondence: "Mr. W. W. B. McInnes, M.P., discloses a humiliating page in the recent political history of British Columbia. He says that Premier Turner offered him a position in his cabinet. It is nothing short of scandalous that a defeated Prime Minister should seek to retain office through the pleasure of the Lieutenant-Governor's son."

The Daily Leader, of Newcastle, says positively, when France, supported by other continental powers, including Germany and Russia, proposed to Salisbury a joint intervention with object of rescuing Spain, humiliating America and asserting European supremacy in the foreign complication of the western world, the Marquis replied in effect that if the plan was not directly abandoned, not only would Her Majesty's government refuse to countenance it, but it would join forces with America and declare war on France or any other country coming to her assistance. The scheme, the paper adds, was dropped forthwith.

The clouds have hardly held more rain drops than the tears which have fallen from women's eyes. There is a world of truth in the old song which said: "Man must work, and woman must weep." Women must weep not only for the troubles and ills of those they love, but because of the physical agony and suffering that they themselves endure in silence.

Nine-tenths of the pain and suffering that women undergo could be avoided by a little knowledge, and a resort to the right remedy. When a woman feels weak, sick, nervous, fretful and despondent, and suffers from pains in the back and sides, and burning and dragging down sensations, she is suffering from weakness and disease of the distinctly feminine organism. Dr. Pierce's Favorite Prescription is the best of all medicines for ailing women. It acts directly and only on the delicate and important organs that make maternity possible. It makes them strong and well. It allays inflammation, heals ulceration, soothes pain, and tones the nerves. It does away with the usual discomforts of the timorous period, and makes baby's coming easy and almost painless. It is the discovery of Dr. R. V. Pierce, an eminent and skillful specialist, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. No honest dealer will urge a substitute for this superior medicine.

"I cannot say too much for Dr. Pierce's Favorite Prescription," writes Miss Clara Baird, of Bridgeport, Montgomery Co., Pa. "I cannot praise it too highly for the good it did me. If any one doubts this give them my name and address."

Send for Dr. Pierce's Common Sense Medical Adviser. Paper-bound, 31 one-cent stamps; cloth-bound, 50 cents. Address Dr. R. V. Pierce, Buffalo, N. Y.

Miners! The way for you to succeed is to make known the resources of your camps. The way to do that is to send news of your finds to the GOLDEN ERA. Subscribe yourself to the ERA and send it to your friends. The ERA will tell them all about it better than you can.

FOR THE AGED.

Paine's Celery Compound gives the needed stimulus to good digestion and assimilation, and keeps the blood pure.

Nature's Medicine brings health and happiness to those in advanced years.

King David, the sweet singer of Israel says: "The days of our years are threescore and ten; and if by reason of strength they be fourscore years, yet is their strength labor and sorrow."

The physical troubles and burdens of old people are many. Disordered nerves, constipation, flatulence, drowsiness, indigestion, palpitation and impoverished blood seems to make them grow weaker from day to day.

Paine's Celery Compound is a precious and invaluable medicine for old people. It is nature's true nerve, tissue and flesh builder; it keeps the blood *pure and fresh from day to day*, regulates the organs of digestion, and keeps the appetite natural and healthy. No other medicine in the world so quickly *recruits the strength and waning energies* of men and women advanced in years. Paine's Celery Compound has added many long years to the lives of old people in the past, and to-day thousands sing the praises of the wonderful medicine, because it has bestowed peace and comfort and kept them free from the infirmities of old age. 522

Liberal-Conservative Convention.

At this convention held at Vancouver last week the election of officers resulted af follows:

Honorary president—The Hon. Sir Chas Tupper.

President—Dr. D. H. Wilson.

Vice-presidents—A McGregor, Nanaimo; D R. Ker, Victoria; C. Wilson, Q. C. Vancouver; R. McBride, M. P. P., New Westminster; R. F. Green, M, P. P., Yale.Cariboo.

Secretary—G.H. Cowan.

Treasurer—Hon: E. Dewdney.

It was resolved that the president, officers, and committee to draft the platform of the party.

The convention passed resolutions approving this action of Sir Charles Tupper, congratulating Col. Whitney of Ontario on his recent fight, urging enquiry into the Yukon administration, and resolving that the smelting and refining of our silver-lead ores is an industry which should be fostered *and encouraged by placing a duty on* raw product of lead imported into Canada.

The following resolution was also adopted: "That in the opinion of this Convention it is desirable that the Liberal-Conservative party should as a party take part in Provincial elections for the purpose of ensuring the government and legislation of this Province on Liberal Conservative principles, and in order to carry this into effect "at the next general election for the Province" that candidates be invited to stand for such constituencies as are likely to return Liberal-Conservative members pledged primarily to support a Liberal Conservative Government as distinguished from a Government composed of Liberals or partly of Liberal-Conservatives and partly of Liberals, and that a platform or statement of principles applicable to local politics be drawn up."

One Source of Pain and Suffering Under Human Control.

The remedy known as South American Kidney Cure never fails to give relief in six hours is all derangements of the kidneys or bladder. Bright's disease, diabetes, inflammation or ulceration of the kidneys, neuralgia, consumption, hemorrhage and catarrh of *the kidneys, inflammation of the bladder*, etc. It purifies and regulates the urine, removes sediment in urine and prevents scaldings. It is worth a thousands times its cost for prostatic troubles in the old, such as enlargement, inflammation and ulceration of the prostrate gland. 519

A POPULAR HOME WORK.

Successful Only When the Diamond Dyes are Used.

In thousands of happy and thrifty homes in the Dominion and in the colony of Newfoundland the work of rug and mat making is becoming very popular. Home made rugs and mats are mats more highly esteemed just now than imported goods. This is not surprising when we remember the fact that the home articles are the best wearing and prettiest.

The Diamond Dyes have given a great impetus to the work of making homemade rugs and mats. In former times the troublesome part of the work was the dyeing. With the old fashioned and poorly prepared dyes the dyeing operation was long and unsatisfactory. The introduction of Diamond Dyes with their special colors for wool, and for cotton and mixed goods, has been a boon to womankind. Old and faded rags and yarns for mats and rags can now be dyed any beautiful and brilliant shade with the Diamond Dyes—shades that are perfectly fast to sun and soap.

If you wish to be at all times successful in dyeing for rug and mat making, we here utter a warning note against the use of adulterated package and soap grease dyes that only produce muddy and streaky colors that cannot possibly stand an ordinary washing. Ask for the Diamond Dyes, use them as per directions, and your *success is sure.* 523

NEWS IN BRIEF.

A fire broke out in the electric company's power house, at London, Ont., and in a very short time the city was in darkness.

Col. Henry, who has been proved to have forged the documents convicting Dreyus in the French military scandals has committed suicide.

Bertrams ship building plant in Toronto has been destroyed by fire. The loss is upwards of $250,000.

Wm. Campbell, Conservative was elected for Queens, Prince Edward Island, by majority of 75 over Dr. Robertson Liberal.

The Canadian customs receipts for August show an increase of $372,528 over the month of August 1897.

The Dominion Government will demand indemnity from the United States for the Meagher outrage at Port Lambton.

The Hon. Joseph Chamberlain will confer with the Canadian cabinet ministers on international questions.

A Williamson and Geo. Dowling were commited for burglariously entering the store of W. Rodgers at Regina.

Fred Johnson is suing the Dominion government for damages alleged to have been suffered by him through malpractices of some of the Yukon officials.

THE CHANCE OF YOUR LIFE.

LOCAL AND GENERAL.

Major Walsh estimates the Yukon output at eleven millions.

The Independent Order of Foresters will admit women to membership.

G. S. McCarter has applied to take up a block of timber near Arrowhead.

Bar-rooms must close on the day of the prohibition plebiscite.

It is reported that G. Rury has made a valuable discovery of gold-bearing ore on McMurdo Creek.

Some little excitement has been caused at Calgary by the sudden disappearance of Mrs. Edward Joyce.

T. Forrest, of Donald, has let the contract for the erection of an hotel at Cranbrook, on the Crow's Nest Road.

The Rev. Mr. Gray, of Banff, will preach in the Presbyterian Church next Sunday both morning and evening.

A tunnel, 3,700 feet in length, has been contracted for to go through the mountain four miles from Brooklyn, on the Columbia and Western railway.

The tramways of Victoria City are now run by electricity, generated at Goldstream and conveyed into the city by wires,

A bridge crew has been in Golden during the past week, strengthening the bridges for the running of the big consolidated engines between Revelstoke and Laggan.

The C.P.R. is preparing an exhibit of minerals for Boston, in order to demonstrate to capitalists of the east the great value of the mineral resources of this country.

By next month the Pacific division of the C.P.R. will be extended to Laggan and this portion of the road will then come under the jurisdiction of Messrs. Marpole and Duscheney.

It is reported that two excursionists began scuffling on the platform of a car, while east of Fort William, and one of them lost his balance, fell beneath the cars and was instantly cut to pieces.

The C.P.R. have altered 200 flat cars into box cars in order to accommodate the wheat traffic which is expected to be heavy this year. New engines are being turned out at the rate of one a week.

Twenty-eight car loads of beer passed through Golden this week in transit from the Schultz Brewery company of Milwaukee, to Manila, via Hong Kong. A train load of beer is not an event of every day occurrence in this section of the country.

A regular train service was inaugurated on the Crow's Nest Pass railway on Monday. It will be a tri-weekly service, the trains leaving Macleod on Mondays, Wednesdays and Fridays for Cranbrook, and returning on alternate days.

On Monday next the Dominion Express company will open offices at the following points on the Crow's Nest Pass railway: Pincher Creek, Bull's Head, Fernie, Wardner, and Cranbrook. Parcels for Fort Steele will be billed to Cranbrook.

The work of laying the steele on the Crow's Nest Pass railway is proceeding rapidly. The track layers were due to reach Moyie City on Wednesday, and there is now every prospect of having the rails laid to Kootenay Lake before the snow flies.

The Prospector says that a strong English syndicate are seeking a charter for a railway from the vicinity of Elk river, up the east side of the Kootenay valley to Fort Steele, thence north to Golden.

It is reported that General Manager Whyte stated on his journey through last week that the Donald shops would be closed and the proposed C.P.R. changes brought into effect by November 1st.

The Columbia River Lumber Co. have a camp of 50 men at work between Fifteen Mile and Canyon creeks on the Columbia. A dozen teams of horses are also employed at this camp.

The body of A. G. M. Spragge, the well-known solicitor, formerly of Donald, has been found in the Columbia river below Revelstoke, and it is now considered certain that he was drowned accidentally while out hunting.

The Golden school will be re opened on Monday. The additions to the building have more than doubled its capacity and with the probable increase in the attendance Mr. Bates will shortly require assistance in the teaching staff.

The services at St. Paul's church Golden, on Sunday next Sept. 11th will be as follows: at 11 a. m. Morning Prayer and Celebration of Holy Communion! At 7.30 p.m. Evening Prayer and sermon.

A gang of men is now engaged at Donald taking up the side tracks with a view to relaying them at Field. The Revelstoke shops will be open by the end of October and the repair work will then be transferred to that point and the Donald shops finally closed.

The pain of a burn or scald is almost instantly relieved by applying Chamberlain's Pain Balm. It also heals the injured parts more quickly than any other treatment, and without the burn is very severe does not leave a scar. For sale by all druggists, Langley & Co, wholesale Agents Victoria and Vancouver. 521

Mr. William White, general manager of the C.P.R. lines west of Winnipeg, in an interview with the Vancouver News-Advertiser stated that he was out here partly to arange for all the available power and rolling stock to be concentrated at a convenient spot.

The union picnic which takes place to-morrow will start from the Kicking Horse bridge at 9:30 a.m. sharp. The committees of management have made the most complete arrangements and a good day's enjoyment is anticipated both for young and old. Everybody will be made welcome.

Mr. F. P. Norbury of Fish Lakes, Fort Steele, has been called to England and will shortly be leaving East Kootenay. The district has had no more valuable and deservedly popular resident than Mr. Norbury, and the best wishes of the people of East Kootenay will go with him.

The Kootenay Mail says the Kootenay Railway and Navigation company will locate a line from the foot of the Houser lake to the Upper Duncan river up as far as Hall creek. This road, intended to act as a feeder to the new company's system, will open up an immense district.

The Province Company have issued an excellent map showing the results of the late electione for the Province. Taking the area and population the blue coloring, which indicates the reform party, is forcibly shown as having swept the country, while the red coloring shows how small a part of the Province after all lent itself to the maintenance of the party of boodling and corruption.

The C.P.R. workshops at Calgary will be started almost immediately. It is estimated that they will be in use by the 1st of January next. The cost of the buildings will be about $50,000, and they will include an engine house for 12 engines, machine shop, car shop, blacksmith shop, store, coal tanks, ashpits and turntable. Seventy-five men will be employed on the buildings.

The Nelson Tribune says if there are any conservative candidates who have designs upon the constituency at present represented by Hewitt Bostock, M. P., they should take the stump at once. It will take an ordinary man from now until the next federal general election to cover this precious district and cost the candidate more in travelling expenses than the indemnity will amount to in the ordinary life of a parliament.

It is understood that the provincial government will shortly complete arrangements for the purchase of gold brought down by miners returning from the north. The assay office is now equipped with the proper apparatus. This will be a very popular move by the government as there has long been an agitation to have it done, merchants pointing out what a great loss British Columbia suffers by miners flocking to Seattle.

The New Denver Lodge says that Walter J. Spaul came in from Palliser, B.C., Saturday and spent several days with his many friends. The local K. of P. lodge tendered him a striking recognition of his valuable services while a member of the lodge during his stay in New Denver. An address was delivered him, also a Past Chancelloris jewel. He left Tuesday to take charge of the books for Genelle's saw mill near Robson.

Messrs. Ross and Pellegrino, of Horse creek, are amongst the most enterprising ranchers in the district. This season they have grown magnificent crops of all sorts, and their garden truck, consisting of cabbages, turnips, carrots, and squashes would be hard to beat. They have also grown corn with a certain amount of success, and have a fine herd of about 40 head of cattle. They have commenced the building of a new house, intending to convert the present one into a stable.

E. Johnston, J.P., of Windermere, has made a splendid deal. He has sold his ranch at the mouth of Toby creek to the Mines Development Co., who intend to utilise it as a townsite. The price was $6000 spot cash. He has also sold his galena mine to the same Company for $40,000 on a bond, with a deposit of ten per cent. That is the best deal that has taken place in the district and shows how North East Kootenay is coming to the front.

When at Windermere last week Mr. Griffith, Government Agent, inspected Toby Creek, with a view to ascertaining its accessibility for a road to connect Windermere with Argenta over the saddle. He found, however, that the lowest point on the range over which a road would have to go was 8,500 feet, and that owing to the steepness of the summit the scheme was impracticable. This is to be regretted, as direct communication between East and West Kootenay would have been of great advantage.

A gentleman returned from the Yukon says: "From the time I arrived to Aug. 1, I estimated about 85,000 passed. Over eighty boats were wrecked on Miles Canon and White Horse Rapids and eleven lives we know of were lost. It was a common thing to see boats going through upside down or half filled with water and nobody with them. There were, no doubt, hundreds of people who have gone out to Klondike who will never be heard of again. The number who came out during the same period would be about 400 and I estimate that three out of every four of them made money.

Read the GOLDEN ERA.

J. Pratt has earned a high reputation as a gardener, and this season had about two acres of garden truck alongside the track at Golden station. The crops of cabbages, onions, parsnips, carrots, beets, beans and potatoes it would be hard to surpass.

LICENCE AUTHORISING AN EXTRA-PROVINCIAL COMPANY TO CARRY ON BUSINESS

"COMPANIES ACT, 1897."

CANADA:
PROVINCE OF BRITISH COLUMBIA.
No. 104.

THIS IS TO CERTIFY that the "New Golden British Columbia, Limited." is authorised and licenced to carry on business within the Province of British Columbia, and to carry out or effect all or any of the objects hereinafter set forth to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No 6, Queen Street Place, in the City of London England.

The amount of the capital of the Company is £12,000 divided into 12,000 shares of £1 each.

The head office of the Company in this Province is situate at Vancouver, and William Gilbert Mitchell Innes, mining agent, whose address is Vancouver aforesaid, is the attorney for the Company.

The objects for which the Company has been established are:—

(a) To purchase, take on lease, or otherwise acquire, mines, mining rights, and metalliferous land and any interest therein, and to explore, work, exercise, develop and turn to account the same, and in particular to acquire and take over all the properties, mines, estates land hereditaments and rights, the property of a Company known as Golden British Columbia, Limited, now in liquidation, together with the assets and effects of such Company, and with a view thereto enter into and carry into effect, either with or without modificatsons, a draft agreement which has been already prepared and is expressed to be made between Golden British Columbia, Limited (therein called the old Company), of the first part, Frederick Hebert Williams, liquidator of the old Company, of the second part and New Golden British Columbia, Limited (therein called the new Company), of the third part.

(b) To crush, win, get, quarry, smelt, calcine, refine, dress, amalgamate, manipulate, purchase, and prepare for market, ore metal and mineral substance of all kinds, and to carry on either upon or in connection with the premises or elsewere, the business of miners, mslers, smelters, and workers of any process in the production, reduction, and making merchautable of minerals, metals and metallic products, supplies of water, merchants, and manufacturers, and workers of any minerals, metals, articles and things used in or in connection with mining, milling, smelting and other processes aforesaid, or any of them:

(c) To search for mines and minerals either on land known to contain such mines and minerals or otherwise, and to buy and sell, lease or take up, the rights of search or other miners' rights or claims under any mining statues or regulations of any place where the Company carries on operations, and other rights respecting the same:

(d) To acquire options, or enter into contracts for the purpose of any grants concessions, leases, or setts, easements, or interests in lands, waters, mill sites, townships, mines, minerals, and other hereditaments, and any plant, machinery, implements, conveniences, provisions and things, and any other property, real or personal, movable or immovable, for purposes incidental thereto, or to any other objects of the Company, or capable of being used in connection with metallurgical operations or required by workmen or others employed by the Company, and to work, transfer, let, or sublet the same.

(e) To acquire any inventions, letters patent or licenses, capable of being used for the purpose of the Company or any of them, and to work, transfer, let, or sublet the same:

(f) To acquire and undertake the whole or any part of the business, property and liabilities, of any person or company carrying on any business which this Company is authorised to carry on; and to acquire and hold any shares, stocks, bonds, obligations, debentures, securities, negotiable or otherwise, of or other interests in any English, colonial or other companies, associations or undertakings capable of being managed or conducted so as directly or indirectly to benefit the business of the Company. Also to advance money on any such shares, stocks, bonds, obligations, debentures, securities of or other interests in such companies, associations or undertakings, and to accept such shares or stocks, bonds, obligations, debentures or securities as partial or full security for payments due to the Company.

(g) To acquire, construct or hire, or join with others in acquiring, construction or hiring, any mills, canals, waterworks, machinery, roads, bridges tramways, railways, engines, plant, stock, buildings, works, matters, or which may be necessary or convenient for the purpose of the Company, or any of them, and to the working of the same or any part thereof:

(h) To improve, manage, develop, let, underlet or sell, or otherwise dispose of, charge or deal with in any manner whatsoever, the undertaking or any part or parts of the property of the Company, or any rights, wayleaves or easements in or over the same, and to accept as payment therefor either cash or shares and partly shares, in any other company purchasing the same.

(i) To establish and maintain agencies of the Company in British Columbia and in any other colony, dominion, foreign country or state, and to procure the Company to be registered or incorporated in any such colony, dominion, foreign country or state.

(j) To amalgamate with any other company having objects altogether or in part similar to the objects of this Company, and to enter into partnership, joint adventure, reciprocal concession or otherwise, with any company or person or firm engaged or about to engage in any business or transaction which this Company is authorised to engage in, or capable of being conducted so as directly or indirectly to benifit this Company:

(k) To hold, in the names of others any property which the Company is authorised to acquire, and to carry on or do any of the business and acts and things aforesaid, either as principal or agent, and either by the agency of or as agents or trustees for others:

(l) To make, purchase, sell, accept or indorse bills of exchange and other instruments, negotiable or otherwise and to borrow money either with or without security, and either upon negotiable instruments or otherwise' including the issue of debentures charged upon all or any of the Company's property (both present and future), including its uncalled capital:

(m) Mo promote and form other companies for any of the objects mentioned in this Memorandum:

(n) To invest and deal with the moneys of the Company not immediately required upon such securities and in such manner as may from time to time be determined:

(o) To distribute any of the property of the Company among the members in specie:

(p) To carry on business in any part of the world and to do all such things as are incidental or conducive to the attainment of the above objects.

Given under my hand and seal of office Victoria, Province of British Columbia, this 8th day of August, one thousands eight hundred and ninety-eight. [L.S.] S. Y. WOOTTON,

Registrar of Joint Stock Companies.

How's your Heart?

Death is always due to the heart's failure to keep the blood in circulation.

Nervousness, debility, weakness, loss of flesh are always due to the same cause.

If the heart continually pumps pure, vigorous, vitalized blood into the tissues, daily wasted by work or worry, you can never be sick.

DR. AGNEW'S HEART CURE

goes to the root of all disease—goes to the heart—strengthens it in 30 minutes, and regulates it—helps it to do its work properly—prevents and cures all heart disorders, nervousness, sleeplessness, female complaints and all other ailments traceable to a weak heart, imperfect circulation, mal-nutrition and poverty of the blood.

If you have palpitation—if you have shortness of breath—if you have a weak or irregular pulse—if you have chilly sensations, faint spells, nightmare—if you do not feel as strong and vigorous as you ought—go to your nearest druggist and get a bottle of DR. AGNEW'S HEART CURE, it will strengthen your heart and nerves, give you refreshing sleep, and restore your lost vim, energy and health.

$1.00 a Bottle or 3 Bottles for $2.50
