THE C.P.R. AND DONALD.

It is a matter of regret that the C. P.R. could not see their way to treat more liberally the people of Donald who have suffered heavily by the Company's action in removing the workshops. The experience of the Donald people is a severe object lesson to the people of Canada, and supports the contention that trafficking in townsites by railway companies should be put an end to. The people of Donald made their homes there under representations which gave them every reason to believe that Donald was to be a permanent railway centre, and it is very hard upon many of the residents that, after they have spent the best part of their lives there, they should be forced to turn out and make new homes for themselves, while they are handicapped by heavy loses in buildings and improvements which have been rendered valueless. Mr. Forrest, the owner of the Forest House, has alone lost somewhere between $4000 and $5000, and other firms have suffered in proportion. It is a serious thing to have to recognise that there is no stability in any C.P.R. townsite, but that is really the position in the face of the statements and propositions submitted by Mr. D'Arcy. That fact ought to be known and recognised from one end of the Dominion to the other, and should have the early attention of Parliament.

The Minister of Mines has asked Mr. Griffith, Govt. Agent, to send in a report on the advantages of constructing the trail from Donald to Tete Jaune Cache, and similar reports are also being obtained from officers at Kamloops and Revelstoke with a view to deciding on the best route by which to open up that country.

PIMPLES ON THE FACE:—Can be cured in 3 days by the use of Dr. Agnew's Ointment. However impossible this may seem, a few applications will convince. Many are cured who have been disfigured for years. Try it to-day.
Sold by C. A. Warren

A COMPLAINT.

To The Editor GOLDEN ERA:

SIR.—You being now the undisputed exponent of Golden ideas on the principle of the survival of the fittest, I desire to suggest the holding of a public meeting of householders and heads of families to discuss measures to be taken to escape from the present meat monopoly. A pledge by the local heads of families to give their patronage to another firm starting here regardless of what cuts might subsequently be made is I think the right course. Yours etc.,

SUFFERER.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits. 75 cents.
Sold by C. A. Warren.

The Lyceum Company.

On April 24th and 25th the people of Golden will have a chance to witness two good comedy dramas as prepared by the Lyceum Comedy and Dramatic Company, the largest and best spoken of Company that has ever travelled west of Winnipeg, where they had a run of 10 weeks. On Monday the 24th they will produce "The Comforts of a Home," which sparkles with high class comedy throughout, and on Tuesday the 25th the bill is "Under Two Flags," which is a well known romantic drama of the very best order. The Lyceum Company is the only one to travel the west that has ever played the Grand Opera House, Toronto.

Days of Despair

The Tormenting Tortures of Dyspepsia and Indigestion are Dissipated Like Mists Before the Rising Sun with Dr. Von Stan's Pineapple Tablets.

The first tablet encourages you to eat what you like. A single tablet relieves the most acute distress, and there are sixty tablets in a box—vest pocket size—sold at all druggists for 35 cents.

CHAPTER 1.

1. The days of the dyspeptic are sorrowful. Selah.
2. In the rosy flush of the early morn, when all creation is stirred with the thrill of refreshened life—
3. The dyspeptic awaketh, sad-eyed, and dulled with the dread of impending distress.
4. He knoweth that the hot grip of dyspepsia is waiting to strangle the keen relish of his famished body for strengthening food.
5. He turns from the delights of the tablet, as the wicked turn from the joys of the pure in heart. He yearns for the things of which he cannot partake.
6. The juices of his life are dried up with suffering, as a drought dries the sap in a stalk of grain.
7. But, like rich dew to parched verdure, so Dr. Von Stan's Pineapple Tablets will restore the dyspeptic to a joyous condition of good health.
8. The first tablet corrects—and cures are often effected with but a single box—only 35 cents at all druggists.

Sold by C. A. Warren.

TETE JAUNE CACHE GOLDFIELD.

THE SHORTEST ROUTE.

Golden The Best Outfitting Point.

From all appearances there is likely to be a big rush of people to Tete Jaune Cache in the early spring, although at the present time there is no information to justify such a rush. The question now comes uppermost as to which is the nearest and best route. We claim then that the route by the Columbia and Canoe rivers is the best by long odds. In point of distance in the first place, the route from Golden has distinctly the advantage, the distance from here to Tete Jaune Cache being 180 miles, as against 250 from Kamloops, and 480 from Edmonton. There is no denying the fact that distance has much to do with a route to a new gold field where there are no roads or trails built. The next point to be considered is convenience of travel. To start with there is a trail now existing over the greater length and most difficult part of the journey. That trail was orginally built by Mr. Moberly, the eminent C.P.R. engineer, who thoroughly explored the country for a railway line, and was, as a result, in favor of taking the C.P.R. along the Columbia Valley north. Mr. Moberly, in his explorations, built what has since been known as the Moberly trail, running from Golden, and following the valleys of the Blackwater and Columbia river to Canoe river. That trail has since been used a great deal, and although the bridges and improvements made by Mr. Moberly have in some cases been obliterated, many of the advantages of the route remain. Certainly it is a remarkably fine natural route, with easy grades, and as direct as it is possible to get such a route. The Government have since adopted the route, and have effected considerable improvements on it by the bridging of the Wait-a-bit, Bluewater, and Blackwater rivers. A boat has been placed at Bush river and the crossing marked off at Sullivan river. After passing Wood river, near the mouth of the junction of Canoe river with the Columbia river, there are no difficulties of communication and the route is said to be unsurpassed. All the prospectors who have been over the trail tell us that by the expenditure of $2000 or so this trail can be put in excellent shape by following the bench lands. So much for the land travel. But this route has also excellent water carriage. From Beaver there is good water for 20 miles, then a portage over Surprise Rapids. Then there is good water for 40 miles to the foot of Kinbasket lake, whence there are 20 miles of rapids to the junction with Canoe river. There will have to be a portage over this 20 miles. Then there is excellent water over Canoe River for a distance of 40 miles. Thus, with 24 miles of portage, there is excellent water communication to within 60 miles of Tete Jaune Cache. From the end of navigation to the Cache is said to be open rolling country over which a wagon can be driven. We don't wish to disparage the Revelstoke or Kamloops route, but it is very certain that neither of them has a patch of the advantages of this route from Golden. Then, again, Golden is the best outfitting point. With a route such as we have outlined in the way of distance and natural advantages it is a great thing for prospectors to be able to get their supplies at the gateway of this route as cheaply and as effectively as at any other point. The freight and trouble of packing is thus saved. Golden has hitherto done almost the whole of the outfitting for this new route, and is capable of doing, and ought to do, the whole of it in the future. Our merchants are live men, who keep good stocks at reasonable prices, and this contention is already vouched for by the large area for which Golden is already a supply point.

Experience In England.

Diamond Dyes Have First Place In the Old Land.

A Hamilton Lady Says: "Diamond Dyes are Far Above All Others."

Mrs. J. S. Burton, Hamilton, Ont., says: "While living in England I had considerable experience in home dyeing work, and never had perfect success there till I used the Diamond Dyes. When I came to Canada I still used the Diamond Dyes, and am using them now, and will never have any other kind to do my work. Diamond Dyes are far above all others."

ST. PAUL'S CHURCH ANNUAL VESTRY MEETING.

The annual vestry meeting was held at St. Paul's Church, Golden, B.C., on Easter Monday, April 3rd, 1899, at 7:30 p.m. Rev. H. B. Turner, Vicar, in the chair. There were present, Messrs. J. E. Griffith and E. Plowright, Churchwardens; Messrs E. Pughe, Sidesman; C. H. Parson, J. W. Devlin, F. H. Bacon.

The meeting was opened with prayer. The minutes of the previous meeting were read and confirmed. Mr. E. Plowright read the balance sheet showing receipts from offertories $205.90, collections by Miss Lang $163.00, which with the balance from last year made a total of $379.55. The expenditure amounted to $356.90, leaving a balance in hand of $22.65. He also produced a balance sheet showing that he had collected $170.50 for the church debt and had paid $100 to the mortgagor leaving $70.50 on hand.

Mr. C. H. Parson moved and Mr. J. E. Griffith seconded that the two balance sheets be connected and passed as one. Mr. J. E. Griffith moved and Mr. C. H. Parson seconded that the Vicar's stipend be increased to $25 a month as nothing was now coming from Donald.

Votes of thanks were unanimously passed to the churchwardens, J. E. Griffith and E. Plowright; and sidesmen, E. Pughe and Hon. F. W. Aylmer, of the past year. To Mr. Plowright organist, and those who had kindly assisted in the musical part of the services, viz., Mrs. H. R. Moodie, Mrs. E. Plowright, Mrs. J. N. Taylor, Mrs. C. E. Wells and Mr. H. J. Starforth. To Mr. C. H. Parson and Miss C. D Lang for their unremitting work in the Sunday school. To Miss Lang for her kindness in collecting the money for the stipend fund. To various ladies and gentlemen for their assistance in decorating the church at the different festivals and for the loan of flowers, etc. To Mr. H. G. Parson for his gift of hymn books. To Miss Plowright, London, Eng., for a new stole. To Miss Willoughby, London, Eng., for some new altar linen. To the Bishop's English committee for several hymn books.

Mr. E. Plowright moved and Mr. F. H. Bacon seconded that Mr. Downie, E. Knowler, Lacy R. Johnson, represent this parish at the Synod of New Westminster.

Rev. H. B. Turner nominated Mr. J. E. Griffith as his Churchwarden. Mr. E. Plowright was elected People's Churchwarden. Mr. E. Pughe and Mr. J. W. Devlin were elected sidesmen.

A vote of thanks was passed to Mr. E. Plowright for his efforts to reduce the church debt.

Rev. H. B. Turner spoke of the pleasure it had given him and many members of the congregation to see an old friend of St. Paul's in Golden again in Mr. J. F. Armstron and his wife from Fort Steele and spoke of the valuable work he had done for the church whilst a resident here, and of the great pleasure he felt personally to see so many people at the services during Holy week and on Easter Day, the number of communicants being three times as large as on Easter day last year. After a few well chosen remarks he then read a letter from 25 members of the congregation asking Mr. Plowright's acceptance of a cheque for $45 in return for his many years service to the Church as organist.

Mr. Plowright, who was completely taken aback at the unexpected turn things had taken, expressed the great pleasure he felt in doing anything for the church which he had helped to build and had attended since its erection, and desired to thank Mr. Turner and the members of the congregation who had given him this beautiful present.

After the Blessing the meeting adjourned at 8:30 p.m.

At the Magistrate's Court this morning before Mr. Griffith, S.M., D Kimpton was charged on the information of Mabel Clarke, a woman of the town, with having taken $200 from her. The prosecutor was represented by Mr. Fulton, of Kamloops, and accused was defended by Messrs. McCarter of Revelstoke, and Haggen, of Golden. Evidence was taken showing the statements of the prosecutor to have been contradictory and unsupported, while the evidence adduced on behalf of the accused bore out his version that he was innocent of the charge and fully corroborated his story as to how he came by the money in his possession. After a patient and exhaustive hearing extending from 8 a.m. till noon His Worship dismissed the charge as being entirely unsupported.

HEART DISEASE RELIEVED IN 30 MINUTES.—Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 30 minutes, and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of Breath, Smothering Spells, Pain in Left Side and all symptoms of a Diseased Heart. One dose convinces.
Sold by C. A. Warren.

THE C. P. R. AND DONALD.

FINAL DECISION RE COMPENSATION.

Visit of the Claims Agent.

On Monday Mr. D'Arcy, Claims Agent for the C.P.R., arrived at Donald and everybody was on tip-toe to learn the decision of the Company in regard to the compensation to be paid to the residents of the town who suffered damage by the action of the Company, in removing the divisional and workshop point from Donald. Mr. D'Arcy met the leading residents of the town and told them that the only things the Company could do for them were to allow them all the transportation they required in looking out new business sites and in transferring their effects to their new locations. No cash compensation would be allowed. In regard to the town lots the present holders would be allowed what they had paid on the purchase of lots in any other C.P.R. townsite.

The gentlemen present expressed much dissatisfaction that the Company proposed to show them no greater liberality, and said that the statement made by Mr. D'Arcy was no settlement at all. They contended that the effect of Mr. D'Arcy's proposition was tantamount to saying that the C.P.R. accepted no responsibility for their townsites, but might destroy a townsite when they chose, or remove the means of supporting it. The public had thus no pledge of good faith from the Company in purchasing lots in their townsite.

Mr. Forrest remarked that the day might not be far distant when even Cranbrook might be broken up in the same way as Donald was now, although the Company had made representations that this was to be their favored townsite of the Crows Nest Road.

Mr. D'Arcy said that was exactly so. The Company gave, and would give, no guarantee of support to any of their townsites, or of the continuation of their operations there, if it should at any time better meet the economic working to the road to remove to some other point.

WINDERMERE.

(From our Own Correspondent.)

R. A. Kimpton arrived home from the coast on Tuesday's stage.

H. F. Collett, of Starbird & Collett, arrived in town on the 3rd inst. Mr. Collett has secured the townsite of Windermere and will resurvey the same, and lots will be placed on the market at once.

Stoddart's hotel is nearing completion and is certainly the equal of any hotel in East Kootenay.

At the Delphine mine the shaft is now down over 130 feet and the mine is improving all the time. Shipments will commence as soon as navigation opens.

Messrs Taynton & Gordon have made several additions to the Lakeside Hotel during the winter in anticipation of the coming season.

The White Elephant group has been bonded to Starbird & Collett for $50,000 by West & Washburn. Development work on a large scale will be commenced at an early date.

A meeting was held at the Windermere hotel on the 6th inst., of the Windermere Athletic Association. It was decided to have a base ball team for the coming season. The following officers were elected: Fred West, President; Fred Carter, Secy.-Treas.; R. A. Power, Captain. It is understood that Isaac Nolan, late of the Colville team, has been secured to play first base. The Ladies Aid will probably help the boys out financially.

Kimpton Bros. hotel at Athalmer is nearing completion and will soon be open for business.

The Union Group, situated east of Windermere, owned by West & Washburn, will commence work immediately under the direction of B.H. Washburn.

It is understood that Columbia City will be surveyed and placed on the market at once. This townsite is situated between Horse Thief and Toby creeks, west side of Windermere Lake and Columbia River.

A saw mill will shortly be installed at Athalmer to cater to the wants of the district.

It is expected that the coming season will see a large influx of prospectors and promoters into this district.

Advertise in THE ERA.

To Advertisers and Subscribers.

The GOLDEN ERA is published every Friday evening. It is the best advertising medium in the East Kootenay district.

Subscription Rates: $2.00 per annum IN ADVANCE.

While all reasonable care will be taken, the proprietors will not be responsible for any omission or error in any advertisement.

All accounts to be paid to the Managing Director, or his authorized agent, from whom the company's receipt will be obtained.

Advertising rates: Display ads., $1.25 per column inch; Legal ads., 10 cents per line for first insertion, 6 cents for each additional insertion; Reading notices, 12 cents per line each issue. Land and mineral (Crown Grant) notices same as Government Gazette, $7.5.

All business communications should be addressed to the Managing Director, and all literary communications, letters for publication or news items should be addressed to the Editor.

Correspondence is invited on matters of public interest, but to secure publication such letters must be brief. In the case of anonymous letters the name and address of the writer must be enclosed, not for publication, but for the private information of the editor and as a guarantee of good faith. Any letter received later than Wednesday will have to stand over till the following issue.

The Golden Era Co. Limited Liability.

OFFICE, GOLDEN, B. C.

MANITOBA LEGISLATURE.

Thursday, April 6th.

After receiving several petitions and the third report of the private bills committee on Thursday, the House passed in committee the bill to incorporate the Waskada and N. W. railway. On motion of Mr. Fowler, a couple of clauses were added, one providing that the company, at all stations, shall permit and afford facilities for the loading of grain from farmers' vehicles into railway cars or flat warehouses. Mr. Norris' bill to incorporate the Manitoba Midland and Western railway company was taken up in committee of the whole, on motion of Mr. Myers, some discussion followed on the amount of the per mile limit of bonding power. The clause under discussion was allowed to stand; the committee went through the remaining clauses of the bill, and then rose and reported progress. Mr. Fowler moved the second reading of the bill to incorporate the Portage and Northwestern railway company. Mr. McNaught had no objections to the bill, but he urged that the claims of Rapid City should not be overlooked. The towns of Birtle, Shoal Lake, Rapid City, etc., had been built and lands taken up on the supposition that the road would be built on the line selected. The second reading was then passed. Mr. Mulvey's bill to incorporate the Morris, Portage and Midland railway company, and Mr. McMillan's bill relating to the will of the late Alexander McIntyre, were read the second time. Mr. Smith introduced a bill to amend the Winnipeg and Fort Alexander Railway company's charter, and Mr. Mulvey a bill to ratify and confirm an arrangement made by the town of Morris with their creditors. These were read the first time.

The adjourned debate on Mr. Pare's amendment to the amendment to the proposed memorial re proceeds of sales of school lands, was resumed. Mr. Fisher, who moved the adjournment, said he was guided altogether by what had happened in the past. He did not want to ask for grants for three succeeding seasons because he hoped they would never have to ask again for a portion of the capital account. He believed that interest should be paid to the province, and that they would have so considerable a sum from interest that they would never again want $75,000 out of the capital. Mr. Myers agreed with what had been said, that a large part of the lands would be sold, as they were some of the best lands in Manitoba; scores of farmers were anxiously waiting and they would go for a high figure. He joined in the hope that the capital would not require hereafter to be touched. The premier wished the sale to take place in June instead of the fall. Mr. Malvey said those who desired to see the status of the schools increased should have no hesitation to vote for the motion. He would like to see the House united on the question. Mr. Sirett regarded it as a wrong policy to draw money when it was yielding 6 per cent and place it where only 3 per cent would be obtained. Mr. Young agreed that the change was in the right direction, but could not agree that a twenty year term for payment would be an improvement. Messrs. McNaught and Dickie prophesied a good sale. Mr. McFadden figured out that the interest would not make up the sum required. Mr. Greenway was glad the discussion had gone the length it had, as it had brought out the fact that the people of this country ought to have control of their own land and their own funds. Mr. Cameron asked that the memorial be amended by striking out the prayer and substituting the following: "Your petitioners, therefore, pray that your honorable body may so soon as it can be conveniently done, enact such legislation as will authorize the government of Canada to pay over to the government of Manitoba the amount of money in the hands of the government of Canada already realized from the sales of said school lands and transfer to the government of Manitoba the full control and management of the lands not yet disposed of, and your petitioners as in duty bound will ever pray."

The first division was on the motion of Mr. McFadden that the school funds bill be referred back to the committee of the whole. It was lost, the yeas being 2 and the nays 29. Mr. Pare moved the six months hoist. This lost—3 for and 28 against. The third reading of the bill then carried.

The third reading of Mr. Cameron's bill respecting the study of anatomy, and the second reading of Mr. Morton's bill to amend the municipal act followed. Mr. Cameron moved the second reading of a bill to amend the sales of goods act, 1896. Mr. Jackson's and Mr. Mulvey's bills to amend the municipal act were read the second time. Two bills by Messrs. Myers and Jonasson were introduced, and several prohibition petitions presented.

PERRY DAVIS'

The most critical period in a woman's life may be properly called "Blossoming Time." It is the period when she blossoms from girlhood into womanhood.

At this momentous time the best medicine for a woman to take is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate and important organs that are to bear the burdens of wifehood and motherhood. It makes them strong, healthy and vigorous. It corrects all irregularities and displacements and stops exhausting drains. Taken during the period of expectant maternity, it banishes the usual annoyances and makes baby's coming easy and almost painless. It insures the new-comer's health and an ample supply of nourishment. It transforms weak, sickly, nervous, complaining women into happy, healthy wives. Thousands of women have told over their own signatures, the story of the marvelous merits of this great medicine. An honest dealer will not try to persuade you to take something different from what you ask for, for the sake of a few pennies added profit.

Mrs. Anna Ulrich, of Elm Creek, Buffalo Co., Neb., writes: "I was under doctors' care for two years with uterine disease. I was so weak that I could sit up in bed only a few moments. I commenced taking Dr. Pierce's Favorite Prescription and when I had taken one-half dozen bottles I was up and going wherever I pleased, and have been very strong ever since—that was two years and a half ago."

The only constipation-*cure* that never causes discomfort—Dr. Pierce's Pleasant Pellets. At all medicine stores.

The standards board in Winnipeg passed a number of unanimous resolutions affecting the western grain trade.

The annual meeting of the British Empire League was held at Ottawa and speeches were made by many parliamentarians.

The contract to erect a bridge over Athara river given to a United States firm, is causing much adverse comment in England.

Peter White, ex-speaker of the house of commons, was nominated by the Conservatives to contest Brockville in the bye-election.

Hundreds of immigrants from the States arrived in Canada. Many are from the Eastern States and Western States, and will locate in Alberta.

The voters list for the Winnipeg bye-election must be ready by June 13th. T. L. Metcalfe is the registration clerk, and the voting will take place a week later.

John McPhail, a Beautiful Plains farmer, was instantly killed near Neepawa Mr. Stevenson, a neighbor, was seriously injured. The cause was the break in a circular saw.

A New Departure.

Dr. Marschand, the celebrated French physician, has at last opened his magnificently equipped laboratory in Windsor, Ont. There is a large staff of chemists and physicians at his command, and the men and women of Canada may now procure the advice of this famous specialist free of charge.

Dr. Marschand has a world-wide reputation for successfully treating all nervous diseases of men and women and you have but to write the doctor to be convinced that your answer, when received, is from a man who is entitled to the high position he holds in the medical fraternity.

Why suffer in silence when you can secure the advice of this eminent physician free of charge.

All correspondence is strictly confidential and names are held as sacred.

Answers to correspondents are mailed in plain envelopes.

You are not asked to pay any exorbitant price for medicines, in fact it rarely happens that a patient has expended over 50 cents to one dollar before he or she becomes a firm friend and admirer of the doctor.

A special staff of lady physicians assist Dr. Marschand in his treatment of females cases. Always inclose three-cent stamp when you write and address The Dr. Marschand Chemical Co., Detroit, Mich., U. S. A. Mention the Golden Era when you write the doctor.

Acquiring a Record.

Ponca City, I. T., April 4. — Clyde Mattox killed Lincoln Swinney, an Osage ranchman, here last evening with a knife, in the White House club saloon, during a quarrel in which Swinney was the aggressor. In 1891, when a mere boy, Mattox killed a negro in Oklahoma City and was sentenced to death. His mother, after vainly spending a fortune in his behalf, appealed to President Cleveland, who commuted Mattox's sentence to life imprisonment. A second appeal, made in person to President McKinley, resulted in a pardon last year.

Dominion Capital.

Ottawa, April 4.—The Canadian government have got no official advices of the alleged refusal of the United States customs collector at Skagway to allow Canadian goods destined for Dawson to pass through Alaska in bond.

T. I. AND T. L. RAILWAY.

H. B. McGivering, barrister, has returned from London, Eng., where he was floating the Taku Inlet and Teslin Lake railway. He says that American capitalists have been arranged with to construct the road and work will be commenced at once.

Fatal Fire in Montreal.

Montreal, April 3.—Several firemen received injuries yesterday afternoon from the fall of a roof in a big fire which started about 3 o'clock in the dry goods stores of Paquett Bros. on St. Lawrence Main street, near St. Catherine. When the brigade arrived the fire had spread throughout the four stories. The adjoining buildings of Bowin & Bisonette, dry goods and Fogart Bros., boots and shoes also suffered. After the crash Fireman O. Champagne was taken from the ruins half dead and his recovery is doubtful. Paquett Bros.' loss is estimated at $25,000.

NEW YORK BLAZE.

TWO DWELLINGS ON EAST 67TH STREET DESTROYED.

Thirteen Persons Burned to Death and Many Seriously Injured—List of the Fatalities.

New York, April 7.—By fire in two residences in the wealthiest part of the city seven lives were lost to-day. Before the day is over it may be found that the death list will be swelled to thirteen, for during the early morning four persons are missing, and two so badly injured that they may die.

Seven lives are known to have been lost by the fire which destroyed the homes of Wallace C. Andrews and Alfred Adams, on East 69th street, this morning. Seven persons were injured, and four servants are missing, whose names may have to be added to the list of dead. The following are the names of those known to be dead:

Wallace C. Andrews, president of the New York Steam Heating company.

Margaret Andrews, his wife.

Mrs. Georgina B. St. John, sister-in-law of Mrs. Andrews, and wife of G. D. St. John.

Austin B. St. John, 7 years old; Wallace St. John, 3 years old, and Frederick St. John, 13 months old. These three are children of Mrs. St. John.

Mary Loughlin, a servant.

The missing are: Mrs. Boland, kitchen maid; Mary Flannagan, parlor maid; Ann Neary and Eva Peterson, servants.

The injured are: Mrs. Elizabeth Adams shock; Evelyn Adams and Kate Downing, servants, slight burns; Maria Roch, slight burns; Alice White, cook; concussion and slight burns; Mamie Boggue, servant, shock; Nellie Quinn, servant, internal injuries, serious.

Later—Four bodies, supposed to be servants, were found on the top floor of Andrews house, making the total of dead twelve.

The damage to the Adams house is estimated at $20,000. Mr. Adams is this city.

REVISED LIST OF THE DEAD.

Wallace C. Andrews, president of the New York Steam Heating company; Mrs. W. C. Andrews, wife of the former; Mrs. Georgiana C. St. John, sister-in-law to Mrs. Andrews, and wife of G. C. St. John, treasurer of the Steam Heating company; Austin St. John, 7 years old; Wallace St. John, 3 years old; Fred'k. St. John, 13 months old the three foregoing were children of Mrs. St. John; Eva Peterson, servant; Nellie Boland, servant; Mary Flanagan, servant, Annie Neary, servant.

All these deaths occurred in the house of Mrs Andrews.

Mary Loughlin, servant, in the house of Albert J. Adams.

The missing—Kate Downing and Mary Ross, servants in the Andrews' household.

There is every probability that these were burned to death.

The injured—Jennie Burns, servant vant in the Andrews house, not expected to live; Alice White, cook in the Andrews house, condition serious; Nellie Quinn servant in the Adams house condition serious.

double add N Y horror

ANOTHER BODY FOUND.

11 52 a.m.—Shortly before noon another body was found in the Andrews house. It is probably that of Kate Downing or Mary Ross servants This brings the total of known dead to twelve. It is almost certain that there is still another body in the Andrews house which will bring the total dead to 13, with one Jennie Burns so seriously injured that she cannot live.

It is estimated that the Andrews house was worth $175,000. The value of the contents are not known, but there was much fine furniture. A conservative estimate places the value of the contents at $75,000. Dr. Coe, the Andrews family physician, was unable to identify the body of Mrs Andrews. While he was examining the body in the police station, a woman entered, who said she was a cousin of Mrs Andrews When told of the wiping out of the family she shrieked and fainted. She refused to give her name.

Distress in Porto Rico.

New York, April 7.—The Herald says. Brigadier-General Roy Stone, goes to Washington to-morrow to call the attention of the president to the starvation and distress in Porto Rico He thinks that the desperate state of the people may lead to an insurrection if relief be not forthcoming.

Persons are dying of starvation all through the interior, said Gen Stone last evening. In the district of Aguas Bancs there were many deaths. The judge in the district of Comerio had showed him a book in which he had recorded the names of many who died from lack of food.

Navigation Opened.

Toronto April 7.—The season of navigation is now open at Quebec. The St. Lawrence is clear to the sea and about the only difficulty in the way of navigation to-day arises from the fact that no lights are in the river to guide mariners at night.

Kingston April 7—John Moringham committed suicide here last night by hanging. Until recently he lived on a farm near Jones' Falls. He had been neglecting his family, as a result of which they were almost starving and yesterday his wife deserted him, taking her three children with her.

DEADLY CATARRH

has fastened its relentless grip upon some member of nearly every family in the land. Competent authorities estimate that from eighty to ninety per cent. of the entire population of this continent suffer from some form of this repulsive and dangerous malady. If you or any of your family suffer either from recognized catarrh or from the lingering colds which mark its early stages—don't trifle with it. It is the precursor of consumption and death.

Dr. Agnew's Catarrhal Powder

never fails. It is the remedy of all remedies, endorsed by the most experienced and eminent nose and throat specialists of the day, and having a record of a multitude of radical, permanent cures of chronic cases which had been declared incurable. It also cures cold in the head, influenza, hay fever, loss of smell, deafness, sore throat, tonsilitis, asthma and all similar diseases. It is delightful to use.

"I have had chronic catarrh ever since the war," says J. C. Taylor, of 210 N. Clinton Ave., Trenton, N. J. "I had despaired of ever being cured. I used three bottles of Dr. Agnew's Catarrhal Powder and my catarrh has entirely left me." Rev. C. E. Whitcombe, rector of St. Matthew's Episcopal Church, Hamilton, Ont., was a great sufferer. He used Dr. Agnew's Catarrhal Powder, and now proclaims it a safe, simple and certain cure. The Lord Bishop of Toronto, Can., recommends the remedy over his own signature. Sold by druggists.

Dr. Agnew's Cure for the Heart relieves heart disease in 30 minutes. Dr. Agnew's Liver Pills—20c. for 40 doses—are the best. Dr. Agnew's Ointment relieves in a day eczema, tetter and all skin diseases. Cures piles in 2 to 5 nights. 35c. 2

SOLD BY C. A. WARREN

GOLDEN, B. C.

Silencing Hubby.

Young Father (in the future)—Great snakes! Can't you do something to quiet that baby? Its eternal squalling just drives me wild.

Young Mother (calmly to servant)—Marie, bring in my husband's mother's phonograph and put in the cylinder "At Ten Months." I want him to hear how his voice sounded when he was young

His Last Proud Right.

Mrs. Henpeck—Do you dare to look me in the face and say that?

Mr. Henpeck—Not on your life. I propose to always reserve the right to dodge whenever I make a remark to you.

The rolling pin struck a corner of the mantel and fell harmlessly to the floor.—Cleveland Leader.

THEY ARE NOT VIOLENT IN ACTION—Some persons, when they wish to cleanse the stomach, resort to epsom and other purgative salts. These are speedy in their action, but serve no permanent good. Their use produces incipient chills, and if persisted in they injure the stomach. Nor do they act upon the intestines in a beneficial way. Parmelee's Vegetable Pills answer all purposes in this respect, and have no superior.

Guessed Again.

"What did you pay for that suit of clothes?"

"Didn't pay anthing."

"How was that?"

"I beat my tailor guessing. He guessed I would pay, but I guessed I wouldn't."—New York World.

We beg to call the attention of our readers to the advertisement of Dr. Ward's Blood and Nerve Pills in this paper. The firm have also placed on the market Dr. Ward's Liver Pills, which have already proved to be a most excellent family medicine as a cure for constipation, dyspepsia, biliousness, etc. They are sold at 25c per vial, or 5 for $1, or mailed on receipt of price by the Dr. Ward Co., Limited. Toronto, Ont.

Perfectly Safe.

Old Gentleman (who is afraid to cross the trolley tracks)—Tell me, is it dangerous to touch the electric car rails with your foot?

Inspector—Oh, no, not unless you put your other foot on trolley wire, up there!—Fliegende Blatter.

Anxious to Serve.

Mamma—Have you decided what to do in that matter?

Papa—I'm waiting to see which way the cat will jump.

Johnny (eagerly)—I'll make her jump!—Tit-Bits.

ALWAYS ON HAND.—Mr. Thomas H. Porter, Lower Ireland, P. Q., writes: "My son, 18 months old had croup so bad that nothing gave him relief until a neighbor brought me some of DR. THOMAS' ECLECTRIC OIL, which I gave him, and in six hours he was cured. It is the best medicine I ever used and I would not be without a bottle of it in my house."

His Impression.

"I wonder why it is," said the young woman, "that so many people lose their enthusiasm about keeping an autograph album after they reach mature years."

"Well," answered the young man, unconsciously assuming an air of superior knowledge, "you see, a book like that opens a great temptation to everybody from whom you have borrowed money to write, 'When this you see, remember me.'"

Anticipation.

"Now," said the man who had administered the knockout drops, "we might as well relieve him of his watch and chain and diamond pin and his cash."

"Yes," replied his companion. "When he wakes up, he ought to feel greatly relieved."—New York World.

Gentle Woman's Weapons.

After dinner the talk ran upon the claims made by the new woman for the ballot and higher wages The old doctor listened in silence awhile and then said:

"I have nothing to say as to woman's rights, but I have an opinion as to the way in which she should urge them Let me recall one or two facts

"The straw workers near Florence, in Italy, some little time ago struck for higher pay The soldiery was called in by their employers When the troops arrived in a railroad train, they found hundreds of women, young and old, seated on the track. Like nothing so much, said an eyewitness, as a flock of cackling hens.

"The crowd stood around laughing and joking with Italian delight in fun The engine drawing the train stopped, then, threatening to run over them, moved forward a foot or two. The women laughed and calmly sat still The troops were then drawn up in line and pointed their muskets at them

"The women sat immovable, good humored, but resolute They knew the order to fire would not be given In the end they won their point simply by calm, good humored determination Their strength, as they wisely apprehended, lay in cheerful persistence in their demands Tact, common sense and a gentle courteous bearing are woman's weapons—and they have worked marvels in human history."—Youth's Companion.

WONDERFUL ASTHMA RECOVERIES.

Clarke's Kola Compound Officially Tested by the British Columbia Government at the Home for Incurables, Kamloops, B. C., the Medical Superintendent Pronounced Long standing Cases Cured.

Many temporary relief asthma remedies have during the past few years been placed before the public, but until the introduction to the medical profession of Clarke's Kola Compound, nothing has been found to have any effect on preventing future attacks. The Medical Superintendent for the home for incurables in Kamloops, B. C., has had, probably the best chance in Canada to thoroughly test this wonderful remedy for asthma. He reports that on the three cases of asthma where Clarke's Kola Compound has been tried, in not a single instance did it fail to cure, and on one particular case a lady had been confined to her bed most of the time for nearly a year previous to taking this remedy, and less than three bottles have completely cured her. Over one year has now passed, and there has not been the slightest indication of asthma returning. Three bottles of Clarke's Kola Compound are guaranteed to cure any case of asthma. Over 500 case have already been cured in Canada alone by this remedy. Sold by all druggists. Free sample bottle sent to any person mention this paper. Address the Griffiths & Macpherson Co., 121 Church Street Toronto, or Vancouver, B. C., sole Canadian agents.

What They Do Not Say.

He—Your father must be worth at least a million, and you will enable me to go through life in a style I could never hope for without you. I do not love you, it is true, but—one cannot expect everything. If your father fails, I can crawl out of it somehow.

She—Very well. You will never amount to much, but you are good enough as far as you go. I have trifled with so many men that most of them hate me, and I may not get a better offer. If I do, I can break the engagement.—Harlem Life.

Terrible.

Husband (at breakfast)—I had an awful dream last night.

Wife—What was it, John?

Husband—I dreamed that your mother was out riding and the horses ran away. Just as they approached a frightful precipice, with a sheer declivity of 500 feet—

Wife (pale faced)—Oh, John, that was awful!

Husband—I woke up and found it was all a dream. It was simply terrible.—Tit-Bits.

Services In Demand.

Distinguished Tragedian—You say that you are a universal provider.

Distinguished Tradesman—Yes, sir; walk this way.

Distinguished Tragedian—Then find me—er—a properly appreciative audience, and, egad, you shall have 10 per cent of the receipts.—Pick Me Up.

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves' Worm Exterminator. It is safe sure and effectual.

WAS NERVY.

And That's Why He Got a Cheap Dinner.

The longer I live the more convinced am I that it is just as fortunate to be born with presence of mind as to be born with presence of wealth, though it isn't always quite so handy in an emergency. I know, for example, a young man in the town, whose ready wit and a carefully cultivated habit of dining out practically multiply his slender salary by two. He went into a cafe one day at luncheon time and ordered roast duck. The duck was a good sized fowl, and the young man ate just about half of it. The bill was $1.

"Good heavens!" exclaimed the young man. "A dollar for a duck! Outrageous!"

"That's the price," said the waiter, pointing out the thing on the bill of fare.

"Ah," said the young man, "that's for a whole duck. I've eaten only half of that one."

The attendant looked puzzled. The young man called the head waiter.

"See here," said he. "Isn't this a European plan cafe? Isn't a man expected to pay for just what he eats?"

"Yes, sir," said the head waiter.

"Well," the young man went on, "this waiter wants to charge me $1 for a whole duck, when I've eaten only half a duck. It's absurd. You might just as well have an American plan place and be done with it."

"But you ordered duck?" remarked the head waiter.

The young man appeared to relent.

"I'll tell you what I'll do," he said. "I'm disposed to deal fairly with you, even if you have been trying to gouge me, and this is what I'll do. I'll pay you right now for the half duck I have eaten. That's perfectly fair and square, and I'll do more. You just put away that other half there, and I'll come in this evening and eat it. Then I'll pay you for it, but I don't propose to pay for any half duck that I haven't had. When I've eaten it I'll pay for it, and I won't pay for it till then. That's fair, isn't it?"

The head waiter had arrived at the stage when he couldn't have told a half duck from a quartered humming bird He gasped acquiescence. The young man stalked out. An untouched half duck still remains at that cafe to be served C. O. D. to a young man who cometh not, and the head waiter hasn't quite figured it out yet.—Washington Post.

IMPRESSED.

Colonel Stillwell Realized the Truth of the Verse.

The young woman who recites poetry had just been breathing a few soulful stanzas into the ear of Colonel Stillwell. The colonel's ear was not used to it, and he betrayed symptoms of uneasiness.

"You see," he exclaimed apologetically, "I can't really appreciate poetry. I get so busy keeping time to the lines with my feet that I forget to look out for the sense. And when my curiosity gets aroused concerning the sense I forget to keep time. So I may as well confess that it's rather wasted. It might just as well have been done in prose."

"But you surely cannot fail to appreciate the significance of such lines as

"The nights shall be filled with music, and the cares which infest the day
Shall fold up their tents like the Arabs and silently steal away?"

The colonel looked thoughtful. Then he exclaimed:

"No; those lines are all right. They show great knowledge of human nature. I have traveled in the east, and I know all about Arabs. And his character is suggested in that stanza with great delicacy and, at the same time, with accuracy. An Arab will steal anything. You may argue and entreat, and he may apologize and promise, but it won't make any difference. He will go right ahead in his old custom and keep stealing away."—Washington Star.

AN END TO BILIOUS HEADACHE—Biliousness which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and often manifests itself by severe headache. This is the most distressing headache one can have. There are headaches from cold, from fever and from other causes, but the most excruciation of all is the bilious headache. Parmelee's Vegetable Pills will cure it—cure it almost immediately It will disappear as soon as the Pill operate. There is nothing surer in the treatment of bilious headache.

In the Milky Way.

A dispatch just received from Judy's special commissioner in Armenia states that the hopes of reform are hourly diminishing He explains this fact by the dairying assertion that there are Kurds in the whey.—Judy

C. C. Richards & Co.

Dear Sirs,—For some years I have had only partial use of my arm, caused by a sudden strain. I have used every remedy without effect, until I got a sample bottle of MINARD'S LINIMENT. The benefit I received from it caused me to continue its use, and now I am happy to say my arm is completely restored. R. W. HARRISON.

Glamis, Ont.

Are you a sufferer with corns? If you are get a bottle of Holloway's Corn Cure. It has never been known to fail.

Trials of Sudden Wealth.

Mrs. Gaswell—It just makes me mad. Here I go out shopping in my $5,000 Worth dress and just loaded with diamonds, yet folks think I'm poor

Mr Gaswell—They does?

Mrs. Gaswell—Yes, they do. I went into Antigue, Design & Co.'s grand store today to get some furniture for the new house, and at first they didn't show me anything but a lot of old second hand stuff that looked as ef it ud come over in the ark.—New York Weekly

A Social Economist.

"Do you mean to tell me that man wrote a whole book on how to relieve the necessities of the poor?"

"Yes, sir."

"Well, it does seem strange! The idea of taking up a whole book to find out that the only reliable way under present conditions is to go down into your pocket and take out a few dollars—what? Didn't say anything about that method! Well, I declare!"—Washington Star

So rapidly does lung irritation spread and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay, get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Minard's Liniment Relieves Neuralgia

Women Need Not Suffer

From those terrible side aches, back aches, headaches and the thousand and one other ills which make life full of misery.

Most of these troubles are due to impure, imperfectly filtered blood—the Kidneys are not acting right and in consequence the system is being poisoned with impurities.

DOAN'S KIDNEY PILLS

are daily proving themselves woman's greatest friend and benefactor.

Here is an instance:

Mrs. Harry Fleming, St. Mary's, N.B., says: "The use of Doan's Kidney Pills restored me to complete health. The first symptoms I noticed in my case were severe pains in the small of my back and around the loins, together with general weakness and loss of appetite.

I gradually became worse, until, hearing of Doan's Kidney Pills, I got a box from our druggist.

I am pleased to testify to their effectiveness in correcting the troubles from which I suffered.

Permanent Cure of Salt Rheum.

The permanent cure after permanent cure that is being published week by week has placed Burdock Blood Bitters far above all other remedies in the estimation of the sick and suffering.

Even the severest and most chronic diseases that other remedies fail to relieve yield to the blood purifying, blood enriching properties of B.B.B.

Salt Rheum or Eczema—that most stubborn of skin diseases, which causes such torture and is so difficult to cure with ordinary remedies—cannot withstand B. B. B.'s healing, soothing power.

The case of Mrs. Jas. Sanderson, Emerson, Man., shows how effective B.B.B. is in curing Salt Rheum at its worst, and curing it to stay cured.

This is what she wrote:

"Burdock Blood Bitters cured me of a bad attack of Salt Rheum three years ago. It was so severe that my finger nails came off. I can truly say that I know of no more valuable medicine in the world than B.B.B. It **cured me completely and permanently**, as I have never had a touch of Salt Rheum since."

Merely a Contributor.

Editor—You say you have written for all the leading periodicals, but I don't seem to remember seeing your name.

Contributor—Yes, I've written for them all, but, to tell the truth, they haven't accepted any of my work!—Humoristische Blatter

A DEPRESSING SEASON.

It Is Just Now People Feel Most the Effect of Long Months of Indoor Confinement.

Winter is the most trying season of the year so far as the health is concerned. Confinement indoors and overheated and impure air, makes even usually strong people feel dull, languid and generally run down.

A tonic is needed to assist nature in regaining lost energy. April is the month of all months when a tonic is of the most service. Dr. Williams' Pink Pills for Pale People is the only true tonic medicine. They do not purge and thus further weaken the already enfeebled constitution. These pills make rich, red, energy-giving blood, and transform listlesss, tired and worn-out men and women into smiling, healthy, happy work-loving people.

E. Sims, of the Salvation Army, Kingston, writes: "At the time I ordered some of your Dr. Williams' Pink Pills I was physically run down.

I felt a lack of energy, and always had a tired feeling. After using your pills for a time I felt as well as ever I did."

Thousands — some of them your neighbors—have been made well by Dr. Williams' Pink Pills, but you must get the genuine, which are sold only in boxes, the wrapper around which bears the full name, "Dr. Williams' Pink Pills for Pale People." Sold by all dealers or direct from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for $2.50.

The winners of the sewing machines in the Royal Crown Soap Co's. competition for the week ending April 1st are as follows: Winnipeg, Mrs. S. Pritchard, 63 Edward St.; Manitoba, Mrs. W. Lunn, Austin; North West Territories, Charles Davis, Jr., Whitewood. The Royal Crown Soap Co. will continue this competition, giving away three machines each Monday until further notice.

Minard's Liniment Cures Dandruff.

Sensations Said to Be Similar.

"What a strange expression on the face of the gentleman at the foot of the table!"

"Yes; he has either committed a murder or he expects to be called on for a speech."—Stray Stories.

Weight of Newborn Child.

If the cry is loud and the breathing regular, then the child is well For, be it remembered, the average weight of a newborn child is only 7 pounds And while there are many splendidly developed perfect human creatures who press down the scale to 11 and even 12 pounds such excess is exceedingly rare, and there are many that are exquisite in their daintiness, yet fail to weigh more than 4 pounds But these, both alike, if healthy, show a skin smooth and delicately mottled when exposed to the air, flesh firm and elastic to the touch, the bones even, and arms and legs moving easily in their sockets.—Dr Julia H. Smith in New York Ledger

D'WARD'S BLOOD & NERVE PILLS

READ THE PROOF!

GENTLEMEN,—I have for a long time needed something to make blood and build up my system. My blood was watery and thin, lacking strength and vitality. Last January a friend said:—"Why not try Dr. Ward's Blood and Nerve Pills? They will supply the oxygen your blood needs and give you health and strength." I told him I was very skeptical as to any benefit that could be derived from any proprietary medicine and had no faith in them. There the matter rested until four months ago, when reading so much about what Dr. Ward's Blood and Nerve Pills have done for so many people with impoverished blood, I concluded to give them a trial. I have taken four boxes and my unbelief so far as Dr. Ward's Blood and Nerve Pills are concerned has been entirely removed. They are a splendid blood builder and strength restorer, and an invaluable medicine for weak, enervated people. This has been my experience, they having given me strength of body and strong healthy blood.

FRANK E. PAGE.

Dated March 21st, 1899.

Rheumatism Cured.

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household usesfor which we have found it valuable.—W. J. Cuyley, Red Creek, N. Y.

Mr. Cuyler is one of the leading merchants of this village and one of the most prominent men in this vicinity.—W.G.Phippin, Editor Red Creek Herald. For sale by all druggists Henderson Bros. wholesale Agents Victoria and Vancouver.

The Miner and Electrician of Spokane makes the following excellent plea for the support which the people of a district should give their newspaper: "The local newspaper in a mining camp is seldom valued at its true worth. Many mining men, business men and prospectors do not give it the support to which it is entitled more through carelessness than because of a stingy spirit. Rightly managed, the local paper is certainly of immense value to any mining district. Its influence and standing are not confined to the limits of the district in which it is published, for the news it gives of the camp is reproduced and given circulation a thousand fold, and some of it, when unusually important, is scattered to the ends of the earth."

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W.M.Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured-which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by all druggists, Henderson Bros. Wholesale Agents Victoria and Vancouver.

LOCAL AND GENERAL.

WANTED—A BOY, Wages $20 per month. Apply to J. C. Greene, Queens Hotel. Golden.

There are now only four familes of the C. P. R. employes left at Donald, the others having all removed to Revelstoke or other points.

J. McInnes, one of the best known of the C. P. R. employes at Donald, has been promoted to the charge of the Company's yard at Revelstoke.

Mr. J. F. Armstrong, Government Agent at Fort Steele, informs us that his office did 40 per cent of the whole of the land business of the Province for the past year,

The services at St. Paul's Church, Golden, on Sunday next, April 16th, will be as follows: 8 a.m. Celebration of Holy Communion; 11 a.m. Mattins, Litany and Sermon.

L. B. Keyser returned to Golden from England on Saturday and proceeded to West Kootenay on Wednesday. He proposes to carry on mining operations in West Kootenay this season.

On Wednesday Mr. Barron, formerly head master of the Donald school, left to take charge of the Sandon public school. We wish Mr. Barron success in his new sphere, and congratulate him on his promotion.

Mr. Keyser informs us that Mr. Joliffe will return to Golden shortly. It is reported that he has sold to an English Company the Elled D. and Buckskin claims in Cariboo Basin, on the middle fork of the Spillimachene.

The Canadian Pacific passenger department has announced that in May or June next faster express trains will be put on between Montreal and the Pacific coast. Time tables are now being prepared. New locomotives will be used in connection with the service.

The good old town of Donald is now presenting a very dilapidated appearance owing to the way in which the buildings and tenements have been pulled down or dismantled. Mr. Forrest is busy pulling down the Forrest House, and will probably remove to Cranbrook shortly.

The Windermere Merry Makers gave a concert in the Windermere Hall on the 3rd instant. The concert was given under the direction of Mrs. Jas. A. Stoddart and Miss Annie Tegart. The hall was filled to its utmost capacity, and an excellent programme was provided, and no little amount of credit is due to the aforementioned ladies. Refreshments were served during the evening.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. Stroud, Popomoke City, Md. For sale by all druggists Henderson Bros. Victoria and Vancouver.

The steamer Selkirk, which Mr. H. E. Foster has been running on the North Thomson River, arrived at Golden from Kamloops on Monday and was sent down to the landing of the Columbia River on Tuesday to be launched. Her boilers and machinery will be put in, and she will be thoroughly refitted for use in connection with the Gordon Ranch, which is Mr. Foster's property.

On Monday the Rev. Mr. Ladner, Ex-President of the B. C Conference, and Chairman of the District, was on a visit to Golden and took the opportunity of his visit to hold services at the Methodist church, in the evening when he was assisted by the Revs Munro and Cropp. Mr. Ladner, accompanied by the Rev. Mr. Cropp, left next morning for Revelstoke, where a meeting in connection with the Methodist church had been arranged for.

Plan of Hall at Field's Drug Store.

The Hyak is now being repaired and fitted up in readiness for the opening of navigation on the Columbia.

E. B. Nash, of Toronto, has arrived to take charge of the soft goods department at H. G. Parson's store.

Mr. Wells, M. P. P. proposes visiting Victoria shortly with a view to laying fully before the cabinet the requirements of his constituency.

On Monday John Anderson, who was on suspended sentence, was arrested for being drunk and disorderly, and sent to Donald gaol to put in his time.

At the Police Court on Saturday, before Mr. Griffith, S.M., Mabel Clark was convicted of being drunk and disorderly, and ordered to leave town or go to gaol for a month.

An employee of the Columbia Lumber Co. named Coogan, who was working at the mill, has been received into the Golden Hospital suffering from pneumonia.

On Saturday Bert Ranch was brought to the Golden Hospital from Hanna's camp suffering from a severe fracture of one of his legs sustained by a tree falling upon it.

We are informed that the Government have decided to send some one to Tete Jaune Cache to report on the new goldfield before they do anything in the matter of sending in a recorder or arranging to construct a trail.

The Columbia River Lumber Co. are making rapid progress with getting their new machinery in place at the Golden mill and Mr. Bubar informs us the mill will be ready to start operations as soon as the river is open.

The men working on the Delphine on Toby Creek, came into Windermere last week and report that the mine is looking splendidly. In one place they went through 15 feet of solid grey copper ore.

On Wednesday Charles Falk, while at work at Moberly sliding logs into the river at the Columbia River Company's shoot, sustained a severe fracture of the skull, and cut on the head, from a piece of rock sent flying by a shooting log. He was brought to the Golden Hospital where his injuries received prompt attention at the hands of Dr. Taylor.

Mr. Jones, who has been appointed Secretary-Treasurer of the Columbia River Lumber Co., was presented with a $1000 bank note by the employees of the C.P.R. at Winnipeg, on the occasion of his leaving for Golden, and Mrs. Jones was also the recipient of a handsome gift from the same source. Mr. Jones will doubtless be a great acquisition to Golden.

Capt. Miller, of the Gwendoline, was spying out Canal Flat the other day with a view to navigating the Gwendoline over the piece of land between the Kootenay and Columbia rivers, and having decided that he can steer his good ship on land as well as water he intends bringing her over as soon as he can get her up the Kootenay river. The Gwendoline will therefore be added to the Upper Columbia Navigation Company's fleet at Golden so that we shall have a first class service this season between Golden and Windermere. The Gwendoline has hitherto run on the Kootenay river between Fort Steele and Jennings.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examinations" and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all derangements, weaknesses, irregularities and displacements of internal organs peculiar to women.

GOLDEN BOARD OF TRADE.

A meeting of the above was held at the secretary's office on Tuesday afternoon when there were present: H. G. Parson, President (in the chair); J. G. Ullock, Vice-president. C. H. Parson, M. Dainard, C. A. Warren. and E. A Haggen, Secretary.

The report of Mr. Gamble, Provincial Engineer, on the Kickinghorse river at Golden and a letter from Hon. Mr. Tarte, Dominion Minister, on same, was read, and it was resolved to represent to Mr. Bostock, M.P., and Mr. Wells, M.P.P., the desirability of the Dominion and Provincial Governments co-operating in carrying out the work of dyking the river as recommended by Mr. Gamble.

It was resolved to write to Mr. Wells, M.P.P., and urge the establishment of the Court house at Golden, and that the following works should be put in hand during the coming season: $2000 for trails in Spillimacheen district, $200 for trail on north fork of Canyon Creek and $600 for south fork, $200 for Fifteen Mile creek, $200 for road at Carbonate Landing, $500 for wagon road from Golden south, $2000 on trail between Donald and Tete Jaune Cache.

It was decided to ask Mr Wells M P. P. also to represent to the Government the desirability of extending the Gold Commissioner's district of North East Kootenay to include new gold field of Tete Jaune Cache, and that a Mining Recorder should at once be sent in there by the route from Golden as the most readily accessible.

A resolution was passed, to be forwarded to Mr. Bostock M. P., asking that the mattrass work necessary for the protection of the river bank at Carbonate should be done by the Dominion Government as soon as possible.

It was resolved to ask Mr. Wells M. P. P. to draw the attention of the Government to the fact that the route north from Golden by the Columbia and Canoe River Valleys is the shortest and most accessible to the new goldfield at Tete Jaune Cache

Mr. Wells is also to be asked to have the Magistrate at Golden included in the list of Magistrates authorised to hold small debts court suittings.

It was also decided to enlist the co-operation of Mr. Wells M. P. P. in getting the fire grants available for Donald and Golden for the fire department at Golden and that the fire appliances at Donald be sent to Golden when no longer required there.

The matter of a wagon road into the Spillimachene country was also considered, and it was decided to instruct the Secretary to get out a petition asking for a toll road, and that Mr. Wells be asked to represent the proposition to the Government.

It was decided to ask Mr. Wells to represent the desirability of a permanent constable being stationed at Golden.

A circular was read from the Rossland Board of Trade re holding a conference of Boards of Trade and it was decided to support the idea, and suggest that such conference be held at Rossland as the most convenient centre, that the meeting be held early in May, that the number of delegates be two from each board, and that among the subjects for discussion should be the eight hours day for miners, transportation of ores, alien law, encouragement of lead smelting, and the system of granting of charters for railway and other public franchises.

CATARRH RELIEVED IN 10 TO 60 MINUTES—One short puff of breath through the blower, supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this Powder over the surface of the nasal passages Painless and delightful to use. It relieves instantly, and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsilitis and Deafness.

Sold by C A. Warren.

Fountain of Health and New Life.

Paine's Celery Compound

Is the Mightiest and Most Effective of all Known Spring Medicines.

'Tis an Eminent Physician's prescription.

Edward E. Phelps, M.D., LL.D., a leading professor in the celebrated Dartmouth Medical College, first prescribed what is now known in every home of the civilized world as Paine's Celery Compound, a positive cure for the common ailments and diseases of spring, such as blood troubles, kidney and liver complaints, dyspepsia, nervous diseases, neuralgia and rheumatism.

As a spring medicine, Paine's Celery Compound now occupies first place in the estimation of medical men. It has been tested by members of the profession in cases where ordinary prescriptions have failed, and in every instance the wonderful compound has maintained its claims and banished disease.

The action of Paine's Celery Compound on the nervous system in spring time is marvellous in health producing results. It quickly purifies the vitiated and impure blood, braces the nerves, rebuilds the tissues, adds to flesh and weight, increases the appetite, augments the powers of assimilation, and keeps the whole digestive organism in proper repair.

Paine's Celery Compound has done a grand work for millions in the past. Surely this is the best guarantee for those who are now ailing and physically broken down. Every city, town and village in this vast Dominion can furnish its proofs of the virtues of Paine's Celery Compound—well attested cures.

A few bottles of the great spring medicine used at this time will give to every man and woman the blessing they are so earnestly seeking—true health.

RELIEF IN SIX HOURS.—Distressing Kidney and Bladder Diseases relieved in six hours by the "South American Kidney Cure." This new remedy is a great surprise and delight on account of its exceding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy.

Third Junior—1 Minnie Sutherland, 2 Jack Parsons, 3 Blanche Love.

First Class—1 John Soles, 2 Allan Hanna, 3 Katie Pughe.

II. Primer—1 Charlie Dalquist, 2 Arnold Hanna, 3 Robert Miller.

I. Primer—1 Arthur Kenny, 2 Louisa Antoya, 3 Tony Desormeau.

Actual average for month—38.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Eletric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved, that Electric Bitters is the best blood purifier — It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver kidney and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by all druggists, every bottle guaranteed.

DONALD SCHOOL.

The following is an abstract of the Donald school report for March:

II, Reader—1 Stanley McKay.

I. Reader—1 Harrie Dunne.

II. Primer—1 Joe Nealon, 2 John Caldwell.

I. Primer—1 Arthur Campbell, 2 Ivy McMillan.

Chart—1 Maggie Nealon, 2 Hunie McKay.

Average attendance—15.

The Senior Department is now closed and Miss Millard remains in charge of the school.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Sold by all druggists at 50 cents and $1.00. Every bottle guaranteed.

He Fooled The Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 13 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve the surest Pile cure on earth, and the best Salve in the World. 25 cents a box. Sold by all druggists. 4
