Spanish. American War.

General Toral, the white-haired commander of the Spanish forces, was present throughout the session of the surrender commission, and appeared to be nearly heartbroken. He spoke bitterly of the fate which compelled him to sue for peace but had no word to say against the gallant men who had conquered his army.

He declared that he had little chance to win. "I would not desire to see my worst enemy play with the cards I held," he said to one of the commissioners. "Every one of my generals were killed or wounded.

The total losses of the United States at Santiago were 246 killed 1,548 wounded and 84 missing.

Santiago July 17.—General Shafter has just sent this dispatch to Washington:

"I have the honor to announce that the American flag has been this instant, noon, hoisted over the house of the civil governor in the City of Santiago. An immense concourse of people was present. A squadron of cavalry and a regiment of infantry presenting arms, and the band playing the national air, a light battery fired a salute of twenty-one guns. Perfect order is being maintained by the municipal government. The distress is very great, but little sickness is in the town. There is scarcely any yellow fever. A small gunboat and about 200 seamen, left by Cervera, have surrendered to me. Obstructions are being removed from the mouth of the harbor. Upon coming into the city I discovered a perfect entanglement of defences.

"Fighting as the Spaniards did the first day it would have cost 6,000 lives to have taken it. Battlions of Spanish troops have been depositing arms since daylight in the armory over which I have guard. Gen. Toral formally surrendered Plaza and all her stores at 9 a. m. (Signed)

SHAFTER."

On Thursday the garrison of Santiago surrendered to the United States troops. The fleet under Admiral Sampson was preparing for a desperate attack on the city just when the news of General Torals surrender came.

Spain now proposes terms of peace. So far the proposition from Spain offers the capitulation of Cuba and Porto Pice to the United States, together with a naval station in the Phillipine Islands, if the United States will return to Spain the Phillipines. It is understood that President McKinley is in favor of acceptance of these terms.

The crack ship of the Spanish fleet, the Pelayo, has been disabled by fire in the Mediterranean Sea.

The Spaniards at Guantamano and Caimanero have surrendered to the American forces.

There have been hot times between Admiral Dewey and the Spanish Admiral at Manila. The Germans interfered on behalf of the Spaniards whereupon Dewey demanded to know whether Germany was at war or peace with the United States. The German Admiral apologised. but afterwards wrote objecting to Dewey examining German ships. Dewey replied that he would examine German ships as often as he wanted to. On the German warship Irene refusing to submit to examination Dewey opened fire on her and she soon hauled to. The German Admiral has reported the matter to his superiors.

The bombardment of the outports of Havana was begun on Monday by seven warships. The Spanish gunboats which attempted defence were soon destroyed.

Spain has withdrawn from suing for peace for the present. General Miles has been ordered to invade Porto Rico, and Admiral Watson has been ordered to get his fleet in readiness to sail for Spain and bombard Spanish ports.

Over 22,000 Spaniards surrendered to General Shafter at Santiago, handing over 10,000 rifles and 10,000,000 rounds of amunition.

Notice.

A General Meeting of the Golden Hospital Society for the election of Trustees for the ensuing year will be held at the offices of the Upper Columbia Company, Golden, B. C.,

On Thursday, August 2nd, 1898, at 8 o'clock p. m., in the evening.

Similar meetings will also be held at Donald, Beaver, Palliser, Field, Thunder Hill, Wasa, Fort Steele and Windermere, at the same date and hour. 476je9

Notice.

I intend to sell two (2) sorrel horses, one belonging to R. Rusk and the other to F. Anderson, if the amount due me for keep is not paid within ten days.

J. L. McKAY.

After The Battle.

The Lies That Killed. An Enquiry Demanded.

Among the lies promulgated at Donald to influence votes were the statements that if elected Mr. Wells intended to take steps to have the Court-house removed from Donald, and that Mr. Bostock, M. P., threatened to have Mr. Patmore removed from his position as Postmaster at Donald if he supported Mr. Neilson. As to the first lie, Mr. Wells had never entertained the idea with which he was charged, though now that the people of Donald have shown their desire to institute a system of local jealousy toward Golden, the people of Golden would be perfectly justified in taking up the challenge and pressing the fight. Golden has hitherto shown the utmost forbearance towards Donald, the people here having refused to endorse the proposition made some time ago, that as Golden was the most central point for the district and the leading business and trading centre, the Court-house and head offices of the Government should be removed here. Golden co-operated with Donald most heartily on the occasion of the recent sports and in every movement in which the two towns were mutually interested Golden has loyally assisted Donald. Such a charge as that made in the first lie therefore comes with ill grace from the people of Donald, especially when that lie was invented for the deliberate purpose of stirring up feelings which should lie dormant for election purposes.

In reference to the second lie, as to Mr. Patmore's position as postmaster, the circumstances are still more discreditable. Mr. Bostock visited Donald, and among other things he wished to give what influence he might command among his friends in the cause of the Opposition party. Mr. Patmore and he are old friends, and it appears that Mr. Bostock suggested to Mr. Patmore in a friendly way that it would be better if he took no active part in the election, but simply voted as he liked. Mr. Patmore immediately went to Mr. Pitts, as chairman of Mr. Neilson's Committee, and withdrew his name from that Committee, giving Mr. Pitts to understand that he had done so at the demand of Mr. Bostock. Mr. Pitts of course informed the others, with the result that the idea got abroad that Mr. Bostock had threatened to have Mr. Patmore fired if he interfered on behalf of Mr. Neilson at the election. This story created indignation among Mr. Patmore's friends, and instead of Mr. Patmore taking steps to check the lie, as he should have done, he admits that he rather encouraged it, not so much against Mr. Wells or against the party, but because "I wished to be revenged on Mr. Kimpton with whom I had a fall-out and who was strongly supporting the party and Mr. Wells." The position then is this, that a gentleman holding position as a public officer in the Dominion Postal service appears to have used the private and friendly conversation of the Member of Parliament for the district to damn the Liberal and Opposition party, in order that he might have revenge on a member of his family over a personal quarrel. Such condnct cannot be condemned in terms too severe and as the result was a serious one to the Opposition party, we consider that Mr. Bostock is bound in duty to the party to demand an official inquiry into this whole matter. The matter is too serious to go un-noticed, and just after the election, when the facts are fresh, is the time to have such matters investigated with a view to stopping their recurrence. These are not matters affecting the individual alone but the whole machinery of Government, and the party will insist on the inquiry being held.

The Political Outlook.

The Winnipeg Tribune says:—"It will be a fortunate thing for the province if it should turn out that the Turner government is beaten, for there does not appear to be much doubt that its record has been about as bad as it could be, and that it has been thoroughly corrupt and extravagant. No doubt in the case of British Columbia, as in the case of the Dominion two years ago, it was time for a change.

"The hero of the hour seems to be our old friend, Hon. Joseph Martin, who, Manitobans will be rejoiced to observe, has been triumphantly elected in Vancouver. Not even Mr. Hagel, of Gimli ballot-box fame, with all his "etc., etc., etc.," denunciations could do Mr. Martin any harm. Indeed, it might have been better for the government if it had paid Hagel to keep quiet. Mr. Martin was grandly vindicated right here in Manitoba in every phase of his connection with the Northern Pacific, and it was a low-down business to attempt to revive the subject in British Columbia. However, Mr. Martin has downed his enemies, he has triumphed with the people where all his political triumphs were won, and if he is given the chance he will do more for British Columbia than any political deliverer the province could secure if it hunted the Dominion. No man has appeared in public life in Canada in many a day that is entitled to be considered in the same category with Joseph Martin, and the Pacific province is to be congratulated upon securing his services."

FRIDAY, JULY 22, 1898.

UPPER COLUMBIA NAVIGATION COMPANY.

An institution that made itself obnoxiously evident in the election was the Upper Columbia Navigation Company. We dont want to attack unnecessarily any individual or corporation but we do say that this Company is a public transportation Company, operating under public charter, and those connected with it ought to have had some sense of decency. At one meeting at Windermere the whole crew from Capt. Bacon down attended apparently with no other object than making a disturbance such as might be expected from hoodlums brought up in the densest ignorance of common courtesy. Travellers by the Duchess during the election had frequent cause of complaint as to the unseemly partisanship displayed by the officers and crew and we saw one incident which had it occurred among the employes of any other transportation company would have resulted in the whole of those who were connected with it being immediately fired, and rightly so. The settlers up the valley make no bones about it, that they have considered the Navigation Company their greatest enemy, having monopolized their lands, evaded its just share of taxation, caused the flooding of their meadows by its canal and other schemes. That is one of the reasons why the Dominion Government took away the mail service from the Company. The main reason given by such men as H. G. Low, A. F. Macaulay and others for their desertion of the Liberal and Opposition parties in this election, and for their present condemnation of the Liberal Member for the District, Mr. Bostock, is that the Dominion Government have now permitted the mails to be again carried by the Navigation Company, and that Mr. Bostock obtained from the Dominion Government a refund or promise of refund of the penalties imposed on the Company in connection with the North Star last year. Now the Liberal party as a whole was prepared to let bygones be bygones, but if the Navigation Company and its officers are again going into active politics in the offensive manner displayed during the recent contest, then the Liberal party, (which will now be the Government party in this Province) have no option but to accept the gauntlet thus thrown down and enter the lists with the Navigation Company. What is more, we will back the people, as represented by these parties, to win every time, if they are driven by such offensive partisanship to take the bit between their teeth. We regret the necessity that has arisen for the publication of this article. We would rather see the people and the Navigation Company working together in harmony. We believe in the doctrine that sound and prosperous industries are a boon to a district and we would rather be in the position of being able to say that the interests of the Navigation Company and the people were synonymous. The position which we have taken in this article has been forced upon us by what we have seen and heard from reliable sources during the last month. We are prepared to fight for the people against any corporation whenever the occasion may arise.

As instances of the despicable methods resorted to in the Government camps to secure votes for the Government candidate for North East Kootenay, a supporter of Mr. Wells was fired from H. G. Low's camp on the Beaver, while another supporter of Mr. Wells was threatened in J. Good's road camp up the Columbia Valley. It is high time that the Government officers recognized that they are servants of both sides, and draw their pay from the taxes paid by Government supporters and Oppositionists alike. They have therefore no right to use their positions as officers and overseers having control of public moneys to the advantage of the Government candidate as against the Opposition, and the practice hitherto adopted in this respect has got to be put an end to once and for all. An officer who uses his position in the way complained of is unfit for such position, and the sooner he is removed from any place of power or authority the better in the interests of good government.

Even a brave man shudders at the thought of being torn and rended in the jaws of a ferocious tiger. In every walk of life, from that of the laborer to that of the professional man, there are thousands at the mercy of a tiger more relentless than any found in all India. That tiger is the dread disease known as consumption. It slays more men and women yearly than there are rain drops in a summer shower. It steals upon its victim with noiseless tread.

There is a sure and certain protection against this deadly disease, and a sure and speedy cure for it, if it is resorted to in time. It is Dr. Pierce's Golden Medical Discovery. This wonderful medicine acts directly on the lungs through the blood, tearing down old, half-dead tissues, building up new and healthy ones, driving out all impurities and disease germs and expanding the lungs and introducing life-giving oxygen into the circulation. It has wonderful curative powers and allays all inflammation of the mucous membranes of the lungs and bronchial tubes. It makes the appetite keen and hearty, the digestion and assimilation perfect, the liver active, the blood pure and rich with the life-giving elements of the food, and the nerves strong and steady. It is the great blood-maker and flesh-builder. It has the most marvelous sustaining powers of any known medicine. Thousands who were upon the verge of a premature grave have testified to their recovery through its wonderful virtues. Medicines dealers sell it, and have nothing else "just as good."

When a dealer urges some substitute he's thinking of the larger profit he'll make—not of your welfare.

Dr. Pierce's book, "The Common Sense Medical Adviser," is a treasure in any family. It contains 1008 pages and 300 illustrations. A copy FREE to every person who will send to the World's Dispensary Medical Association, Buffalo, N. Y., 31 one-cent stamps, to pay cost of customs and mailing only. For cloth binding, send 50 stamps.

Golden-Fort Steele Road.

Its Tragical Side.

The road between Golden and Fort Steele is not without its tragical side. Beyond Mr. Umffrey's ranch, on the old trail is the scene of the murder of a man named Baird, who was shot for his money, which amounted to over $4,000. The party attacked consisted of three, M. Dainard riding at the head of it, Baird second, and the third man followed close on Baird, who was shot dead from his saddle. The third man was twice fired at and wounded by the second shot. Mr. Dainard escaped by his presence of mind and smartness of his horse, as he was not armed to withstand a police rifle which was used by the murderer. At the time the Mounted police were suspected of being mixed up in the affair and the rifle and their conduct were strong evidence of it. Baird was buried on the hill-side, and a man named Kelly was subsequently arrested in the States on suspicion of being the murderer but all efforts to extradite him were futile.

The next scene of tragedy is Deadman's Creek, where a prospector was shot. The murderer in this instance was never discovered. Indians were suspected, but it is also thought that a white man was at the bottom of the affair and that the object was robbery.

It is Extreme Folly

To use medicine to cure effects instead of using Paine's Celery Compound to get rid of the cause. Paine's Celery Compound will make you well and strong. All the while you are using it the nerves gain in power and strength, the digestive organs are fully toned, and lost health is rapidly returning.

It is extreme folly to neglect the insignificant ills, aches, pains and tired feelings that some people look upon as merely trifles. You should remember that the hot summer weather aggravates the little ills of life, and these little ills frequently develop serious disturbances and deadly diseases. Paine's Celery Compound should be used at once to brace up the diseased nerves, purify the blood and fortify the system. Weak children, frail and weary women, and tired and broken-down men find a new existence in Paine's Celery Compound, nature's true life-giver. 473

It is Safe to Follow

The example of the millions of women who have made the Diamond Dyes their chosen and only dyes for domestic dyeing. The faith of all is so firmly established in the powers and excellence of the Diamond Dyes that they would not use any other make even if the common dyes were given free of cost.

Valuable and useful goods should not be experimented on with poor and untried package dyes. Ruin and loss of goods and money will meet the users of adulterated dyes.

Follow the safe example of earth's millions and use the Diamond Dyes, and success, happiness and pleasure will be your reward. 474

MAIDEN BLUSHES.

How They Fade When the Hand of Disease and Disorder Lays Hands on Them—What a God-send is a Reliable and Well Tried Remedy—How we Hail the Return of the Pink of Health Under its Influence—If it's Good for the Maiden, it's Good for the Mother.

"My daughter had been ailing for nearly two years with nervous prostration, indigestion and other complaints which girls in their teens are subject to. For days at a time she was confined to her bed, and could retain nothing on her stomach. Our family physician finally declared she was in a decline. We despaired of her recovery. She gradually grew worse. I had found so little benefit from remedies I was skeptical about trying South American Nervine I, however, procured a bottle and relief came like magic; the pain left her in a day, and after taking five bottles she was completely cured, and as well and hearty as ever she had been." Mrs. Geo. Booth, Orangeville, Ont.

Sold by C. A. Warren. 475

PROSTRATED, EXHAUSTED.

NO SLEEP—NO REST.

ALL do not appreciate the words of John G. Saxe, who sang, "God bless the man who first invented sleep!" But appreciation is not wanting to those who have suffered as Mrs. White, of Mara Township Ont., who became so ill with nervous troubles that, to quote her brother, Mr. Donald McRae, a well-known resident of that illustrious section of North Ontario: "My sister had not slept a night for over three months. She could not have stood this much longer, and it was only when death seemed imminent that South American Nervine became the good physician. After taking the first dose of the Nervine she slept all night, and gained in flesh until perfectly well, and has now no sign of nervousness." This is a wonderful medicine in the severest cases of nervousness, and the greatest flesh-builder to be found anywhere in the world.—25.

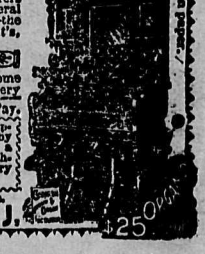
WASHINGTON, N. J.



Round About The Ranches

FAIRMONT.

The hospitality of the home of Mr. and Mrs. S. Brewer at Fairmont has such a deservedly high reputation that it has spread far and wide, and many a traveller makes this his special point of call. The garden attached to the homestead is now a picture, with its strawberry plants and apple-trees in bloom. The apple-trees were planted four years ago and have a big show of fruit. Owing to the success so far achieved Mr. Brewer proposes to plant out an orchard of two acres of apple and other fruit-trees. Mrs. Brewer has her dairy located on the creek which flows by the homestead, and this with the ventilation and style of building keeps it at a suitable temperature for dairy purposes. On the farm there are 22 acres this season under oats and barley. Mr. Brewer is experimenting with brougham grass and the result will be of great interest to the other settlers in the valley.

One of the nicest ranches in the Upper Columbia Valley is that owned by J. Young at Fairmont. The buildings are of a superior character and there is not a better barn and stable in the district. The area of the farm is 150 acres, and Mr. Young devotes his attention to the breeding of horses and cattle, his stock showing signs of careful breeding. Another thing about the farm that strikes the visitor is the apple-pie order in which everything is kept—gates, fences, and buildings. Mr. Young has just completed the erection on the main road of one of the best log fences to be seen in the district.

Mr. Bennett, of Fairmont Springs, will have 8 acres in oats this season, one and one-half acres of potatoes, and ten acres in timothy hay. Two acres of wheat are grown for fowl-feed. Mrs. Bennett raised this season about a hundred chickens. Dairying is adopted to some extent. Horses are bred on the ranch, which is a good example of the way in which mixed farming may be conducted in the district. The ranch is leased from Mrs. Galbraith, of Fort Steele, and is prettily situated on the terrace above the Golden-Fort Steele road at Fairmont.

Messrs. Hardie Bros. are selling off the whole of the stock on their Fairmont Ranch. Recently Messrs. Hardie took over 100 cayuses through the Crow's Nest Pass with a view to selling them at McLeod or Calgary.

THUNDER HILL.

One of the beauty spots of the District is the homestead of J. Bullman, at Thunder Hill, on the west bank of the Upper Columbia Lake. With such a nice and well-built house, and grounds occupying a picturesque spot on the shore of the lake, Mr. Bullman's is an ideal home. In addition to ranching Mr. Bullman devotes his attention to freighting between Windermere and Fort Steele as well as to running the Canal Flat Hotel. On the ranch there have been sown this season five acres of oats, and a crop of timothy will be taken from 20 acres. An orchard will also be planted out. Two four-horse teams are kept for the freighting part of the business. Mr. Bullman has been desirous of effecting needed improvements at the Canal Flat Hotel, in the shape of stable accomodation and so forth, but has been unable to carry out his desire in this direction owing to the one-sided terms imposed by the landlords of the house,—The Kootenay Land Company. This is but one more instance of the tyranny with which these charter-mongers block bona fide settlement. A grand feature of the dwelling-house arrangements on the homestead is that for supplying it with water, a flume from the irrigation ditch carrying the water right underneath the kitchen, thus affording an ideally convenient supply of water at all times. Mr. Bullman also runs the Thunder Hill Post Office, which is a great convenience to the settlers of the district. Mrs. Bullman is a favorite hostess, and a call at this comfortable and hospitable home is well repaid.

Mr. Russell, who has been for some time on Mr. Bullman's ranch at Thunder Hill, has taken up a ranch of his own near Findlay Creek and will shortly take up his residence upon it. He intends making a specialty of raising hogs.

Mr. Spencer, whose ranch is situated on Findlay Creek, will put up 100 tons of hay this season. Mr. Spencer is getting his ranch into good shape and has added another nine acres this season to the area already cleared. Mr. Spencer goes in for the breeding of both horses and cattle on his ranch.

The Hon. F. Lascelles has a beautiful retreat at the southern end of the Upper Columbia Lake. Although Mr. Lascelles does not trouble himself much about ranching he has a garden that would be a treat to the epicure. In this pretty corner of the Columbia Valley the snow-fall is exceptionally light, with a delightful season all the year round. Spring comes early in this lovely spot, and this season, late as it was, Mr. Lascelles had asparagus and other table vegetables early in May. With boat, fishing-rod, and gun he must lead a charming life.

KIDNEY SENSE.

Cure-alls are out of the Question in Kidney Disorders—A Liquid Solvent—A Specific Kidney Tonic is the Only Safe Remedy.

How many Discover When It Is Too Late that the kidneys have literally been ground out by the little solid particles which are contained in the blood of all sufferers from kidney disease, and which accumulate in these organs. Common sense says and medical science has proven it that a liquid solvent which will dissolve these solids and eradicate them from the system is the only sure cure for kidney disorder. South American Kidney Cure is a solvent. It has been tested in almost hopeless cases, and there is yet to be recorded against it a failure to cure when it has had a faithful trial. Pills will not do it as they are not solvents. Don't trifle.

Sold by C. A. Warren. 475

GONE TO A SHADOW.

Racked by Pain, Bed- Ridden, Life Despaired of—South American Rheumatic Cure was the Good Angel Which Stilled the Tempest and Piloted Safely Into the Harbor of Health.

"I was so troubled with sciatica that at times the pain and suffering I experienced was excruciating. I failed in flesh to almost a shadow. I was almost continuously in bed for over a year, and I had spent hundreds of dollars in doctoring. I had almost given up hope of a cure. A relative who had been cured of the same disease by South American Rheumatic Cure, induced me to try it. The first dose gave me instant relief. After using three bottles I was completely cured." William Marshall, Varney P. O., Ont.

20 YEARS IN DETROIT.
250,000 CURED.

WE CURE EMISSIONS

Nothing can be more demoralizing to young or middle-aged men than the presence of these "nightly losses." They produce weakness, nervousness, a feeling of disgust and a whole train of symptoms. They unfit a man for business, married life and social happiness. No matter whether caused by evil habits in youth, natural weakness or sexual excesses, our New Method Treatment will positively cure you.

NO CURE—NO PAY

Reader, you need help. Early abuse or later excesses may have weakened you. Exposure may have diseased you. You are not safe till cured. Our New Method will cure you. You run no risk.

250,000 CURED

Young Man—You are pale, feeble and haggard; nervous, irritable and excitable. You become forgetful, morose, and dependent; blotches and pimples, sunken eyes, wrinkled face, stooping form and downcast countenance reveal the blight of your existence.

WE CURE VARICOCELE

No matter how serious your case may be, or how long you may have had it, our NEW METHOD TREATMENT will cure it. The "worry veins" return to their normal condition and hence the sexual organs receive proper nourishment. The organs become vitalized, all unnatural drains or losses cease and manly powers return. No temporary benefit, but a permanent cure assured. NO CURE, NO PAY. NO OPERATION NECESSARY. NO DETENTION FROM BUSINESS.

CURES GUARANTEED

We treat and cure SYPHILIS, GLEET, EMISSIONS, IMPOTENCY, STRICTURE, VARICOCELE, SEMINAL LOSSES, BLADDER AND KIDNEY diseases. CONSULTATION FREE. BOOKS FREE. CHARGES MODERATE. If unable to call, write for a QUESTION BLANK for HOME TREATMENT.

LOCAL AND GENERAL.

The C. P. R. has raised the transcontinental rate 19 cents per ton

N. Hanson, of Wasa, has applied to pre-empt 169 acres of land on Grundy Creek.

It is reported that the British American Corporation have purchased the Halcyon Springs Hotel.

The Canadian Bank of Commerce has opened a branch at Cranbrook and will also open at Fernie, Coal Creek.

Sheriff Redgrave's garden at Donald is again a picture, with its magnificent growth of vegetables of all sorts.

The Kootenay Mail remarks: "The people of British Columbia dealt Turnerism a fatal blow on the 9th instant."

The election for Banff constituency in the N. W. T. Legislature will take place between Rev. J. McDougall and Dr. Brett.

The Prospector sarcastically remarks: "Those who have been promised government positions in return for their support will now get their reward, having delivered the goods."

Miss Winnifred Armstrong daughter of Gold Commissioner Armstrong carried off the prize for proficiency in German at the All Hallowes Canadian School, Yale.

A. W. Neill, who has been elected in the Oppositien interest for Alberni, was an old comrade of Constable Cox in the C Battery of the Canadian artillery.

Those whose names are not on the electoral roll should take steps to register at once. We shall be glad to supply forms of registration to those requiring them.

Among election facts most significantly noticeable are the losses of deposits by three Government candidates and the startling proximity of three others to the same.

The Bishop of New Westminster arrived in Golden on Tuesday. Here he held services at St. Pauls church on Thursday evening. His Lordship left by Friday's boat for Fort Steele.

We are in receipt of the first number of the Lilloot Prospector published at Lillooet by R. A. Fraser. Mr. Fraser deserves great credit for the excellent maner in which the paper is got up.

Services at St. Peters Church, Donald, on Sunday July 24th will be:—8 a. m. Celebration of Holy Communion 11 a. m. Morning Prayer and sermon 7. 30 p. m. Evening Prayer and sermon.

The Sentinel says that "The Attorney-General before quitting his job would be doing his duty if he were to prosecute certain illegal voters." The trouble with that gentlemen is that the offenders were government supporters.

News from Coal Creek reports serious fires there, and also that an engine-driver and fireman were killed on a freight train which came into collision with another train that had got away.

The Columbian says: "The reign of Turnerism, with all that that implies, is at an end; for a Government that has been completely shorn of a majority of nearly two to one, in the elections is a political corpse.

The Columbia River Lumber Co. have put in a busy season at Salmon Arm. The Company's Manager, Mr. Carlin, informs us that the season's output from this camp alone has been 225 cars of bridge piling. etc.

In connection with the Presbyterian Church, Golden, Sabbath services will be held at 11 a, m., and 7:30 p. m. Sabbath School 2.30 p. m., choir practice on Thursday at 8. p, m. and prayer meeting on Friday at 8. p. m.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper, of El Rio, Cal. "For small children we find it especially effective." For sale by all druggists, Langley & Co., wholesale Agents Victoria and Vancouver.

The first gold ship is down from the Yukon and had on board two brothers named Butler, who claimed to have cleaned up $400,000. Exceedingly good strikes have been made on the new benches at Eldorado and Bonanza. French Creek and Skookum Gulch are reported to be enormously productive at high levels.

Mr. Henderson, of New Westminster, is reported to have declared for the Opposition party, giving that party a clear 20 members, while the Government have only 15, but this may be increased by two when the Cassiar returns come in. The Opposition are therefore still in a safe majority. One independent has not yet declared for either side.

We are glad to see that in their hour of victory the Opposition leaders have not forgotten the North Riding of East Kootenay, although it turned dog on the party. Mr. Wells was sent for to attend the Opposition conference at Vancouver on Wednesday, and went through on Tuesday's express for the purpose. Mr. Wells will remain in touch with the leaders of the Opposition, and with the Government which they will shortly form to replace the Turner Government, and although he has been defeated at the hands of the electors of North East Kootenay, Mr. Wells will not let that interfere with his desire to see the interests of the district attended to. His influence with the leaders of the party will always be available to be exerted in the best interests of the electorate.

Major Clohecy came in from the Bennison mine this week, taking the route down the Beaver Valley. He came that way expecting to find the trail nearly completed, but as it had got in only 16 miles the Major had a considerable amount of rough travelling to do.

The Cranbrook Herald states that arrangements have been made for the building of a smelter and refinery there and for the installation of a plant for generating electricity to the extent of 2000 h. p. The same authority states that the Crows Nest line of railway to the North Star landing has been altered and will be put in hand at an early date.

The crushing defeat which the Turner Government sustained at the polls is evident from the fact that the votes polled for the Opposition exceed by nearly 3000 those polled for the Government. Taking the votes recorded this shows a result that the Opposition vote exceeded that of the Government by nearly 20 per cent.

Now that the elections are over and there are no more votes to be bought with government moneys, instructions have been given to stop the public works in hand. H. G. Lowe has been instructed to cease work on the Beaver trail to the Bennison mine, and J. A. Good left Golden on Tuesday morning to clear up the work which he had in hand on the Golden-Fort Steele Road.

On Sunday John Conkrite, of Carbonate, was brought down by the Duchess and taken to the Golden Hospital, where he was found to be suffering severely from pneumonia. He died on Tuesday morning. Diseased was 78 years of age at the time of his death. The funeral took place on Thuresday, Rev. H. B. Turner conducting the funeral obsequies.

We regret to announce the death of H. Woodley, only son of the late G. Woodley. Deceased was 32 years of age at the time of his death and was well and favorably known in Golden, having had charge of the dining rooms of the Columbia House for some time. Deceased leaves a widow. His life was insured. Much sympathy is felt for the widow and family in their bereavement. The body has been taken East for interment.

The Government are so dissatisfied with the result of the elections that they intend protesting the Revelstoke, Kamloops and East Lillooet seats. The Opposition party will retaliate by protesting Nort East Kootenay, South East Kootenay, the four Victoria seats, Comox, North Victoria, and Esquimault, so that the Turner Government will wish they had left their protesting alone.

Our baby as been continually troubed with cholic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We wantto give you this testimonial as an evi dence of our gratitude, not that you need it to advertise your meritorious remedy.—G. K. Law, Keokuk, I. For sale by all druggists, Langley & Co, wholesale Agents Victoria and Vancouver.

A conference of the Opposition party was held on Wednesday at Vancouver, when it was decided to formulate a demand to the Governor that he follow the example of Lord Aberdeen in the Dominion election, and refuse to allow the government to make any appointments or do any new business after it has ceased to command a majority of the legislative assembly. The Government party estimates that Turner will hold on until next session.

The Turner Government have added another crime to the list with which they are indicted before the country. When they saw how the elections had gone against them they hurried to Cassiar a messenger to direct that the nominations be closed immediately. The result was that two Government nominees and a Government Independent were nominated before anybody else knew anything about it. Two Opposition candidates had intended running but did not get an opportunity to get in their nominations.

The Nelson Tribune says:— "Complete returns from all parts of the province show that the Turner government has been defeated. This will be welcome news to the great mass of the electors throughout the province, who in very many instances were deprived of the right to a fair expression of their opinion at the polls, by one of the most shameful measures of represenation that ever cursed any province in this dominion. The defeat of the Turner Government will make a new era."

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a travelling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." Sold by all druggists, Langley & Co. wholesale Agents Victoria and Vancouver.

On Wednesday night the Harry Lindley Company opened at the Columbia Hall, Golden, for a season of four nights. Last night East Lynne was put upon the boards and was a great success. Tonight the Company will appear in the "Circus Girl, or Arabian Knight" This is one of the best comedies that has been put upon the stage and those who can enjoy a night's good laughter should not fail to attend. A dance will be held at the close of the entertainment tonight.

Members of Mr, Neilson's Committees at Donald and Golden inform us Mr. Neilson will go over to the Opposition party rather than let the district suffer by his being in the cold when the Turner Government lays down the reins of power. We dont see how Mr. Neilson can possibly do any such thing seeing that it is but a recent date since he threw over the Opposition party to support the Government, and ran the seat as a straight-out Government supporter.

The C. P. R. are effecting great improvements at Glacier House. A large acetylene gas plant has been put in and extensive additions have been made to the hotel accomodation in view of a large influx of tourists this season. A gentleman who has travelled the world over informs us that he considers the mountain scenery at the Glacier the finest in the world and that tourists visiting the locality every year could find plenty of objects of interest to attract their attention at each visit for years to come. Miss Morrison, formerly of Mt. Stephen House, is now manager of Glacier House.

The mining expert sent out by an English Company to inspect some properties on Ice River had a lively experience. On his return to Leanchoil, he found the Kickinghorse so high that it was not safe to ford it ok horseback, and the party were stuen there for two days without food till they succeeded in attracting the attention of one of the railway men across the river. He came to Golden and advised M. Dainard, who took a boat up on a train and rescued the expert from his unpleasant position.

Owing to the high water, the dredge on the Upper Columbia River has put in a season than has been next to useless. It is not that there is not plenty of useful work to be done, for there is the dredging of the Kickinghorse, that might have been put in hand to imprve the river channel at the town of Golden. A wharf is also urgently required at Carbonate, which is, next to Windermere, the busiest point on the river. This is a work that might very well be done by the employes of the dredge. At present there is no proper method of landing passengers and caergo here. Perhaps an arrangremight be made with the Navigation Company as to sharing the cost of the work.

Why is it that one man is old and decrepid at 45, and another hale and hearty at 80? It depends on the care he takes of himself. Often a man's body gets out of repair—the trouble grows until it lays him out in bed. Whenever a man feels that he is not as he ought to be, whenever he finds that he is losing weight and that his ordinary work gives him undue fatigue, he needs Dr. Pierce's Golden Medical Discovery. If he keeps on working with his liver inactive and his blood impure—he keeps his nerves and his body under a constant nervous strain. He will not be hearty when he is old. The "Golden Medical Discovery" cures many so-called diseases because nearly all illness springs from the same thing—bad digestion and consequent impure blood, The "Discovery" makes the appetite good, the digestion strong assimilation easy, and the blood rich and pure.

Duchess Passenger List:—July 15—To Carbonate: Hon. F. W. Aylmer, J. C. Joliffe, A. Brown, J. Henderson, E. A. Haggen; Spillimachene, J. McMillan; Columbia Valley: P. Moore; Windermere: C. A. Warren, F. J. Ryan, W. Ullock, J. Legacy, Rev. Father Coccola, W. G. Mitchell-Innes, Mrs. Stevenson; Fort Steele: Archdeacon Pentreath, D. Hunter, Murk.

Return trip:—From Steele, Mrs. White Fraser; Windermere: P. Millward, W. G. Mitchell-Innes, Mrs. Freeman, C. C. McKay; Spillimachene: W. Maneely; Carbonate: J Henderson, Anderson, E. A Haggen.

July 18th—To Carbonate: J. Reeg. A. Mckenzie, L. Keyser; Spillimachene: J. A. Good; Windermere: O. Johnson, C. L. McKenzie, J. E. Griffith, W. G. Mitchell-Innes; Fort Steele: W. Routh, Mr. McMahon.

Return trip—Windermere: O. Johnson, Mrs. Deschene; Spillimachene: Brock; Fort Steele: J. Keenan.

The Torouto Telegram says.—"It is Hon. Joseph Martin's destiny to have a hand in the smashing of the Norquay Government, the Tupper Government, and now the Turner Government."

Referring to Premier Turners' attempt to ignore the result of the Elections the News Advertiser says.—"With the whole machinery of the administration stopped with urgent matters of great—almost vital--importance to various parts of the Province, at a standstill; with the interests of the Province suffering on every hand and valuable time lost, which, in some cases, can never be retrieved, what excuse can the members of the Government offer for such a state of things? Nothing, absolutely nothing, but their overwhelming desire to retain place and power! Let Mr. Turner adhere to his determination to ignore the voice of the electorate and to draw a few months' more salary while waiting for the time when he must meet the representatives of the people. The end will come all the same and every week's delay will strengthen the forces of the Opposition to whom the majority of the electors at the polls have given the control of Provincial affairs."

ANAEMIA, OR BLOODLESSNESS

Its Victims are Pale in Color, Subject to Dizziness, Palpitation of the Heart and Other Distressing Symptoms.

From the Echo, Plattsville, Ont.

Anæmia, which literally means bloodlessness, is prevalent to an alarming extent among young girls and yong women of the present day, and is a fruitful source of "decline" and consumption. The symptoms of this trouble are many, but among the most noticeable are pallor of the face, lips and gums, shortness of breath on slight exertion, dizziness, severe headaches, weakness of the vital organs palpitation of the heart, and dropsical swelling of the limbs. The more of these symptoms shown, the greater the necessity for prompt treatment. Among those who have suffered from anæmia and found a cure is Miss Emily Webb, a young lady residing near Wolvertons Ont. Miss Webb states:—My illnes, first came on when I was about sixteen years of age. My complexion was a pale waxy color; I was troubled with general weakness, dizziness and palpitation of the heart. I was placed under medical treatment but the medicine prescribed by the doctor did not appear to do me the slightest good. As time went by I was slowly but surely growing worse. I was unable to do any work about the house, and my limbs would tremble to such an extent at the slighest exertion that I could scarcely stand upon my feet. Then my stomach became so weak that I vomited almost everything I ate; I grew despondent and feared I would not recover. While in this condition a friend urged me to try Dr. Williams, Pink Pills and I followed the advice. After I had used two boxes I noticed an improvement and my heart was gladdened with the hope of renewed health. At the end of six boxes my appetite had fully returned, and with it strength, color to my cheeks, and brightness to my eyes. I still continued taking Dr. Williams' Pink Pills until I nad taken in all twelve boxes, and I can truthfully assert that I am healthier and stronger than ever I was before. I owe this to Dr. Williams' Pink Pills, and I would urge all girls who suffer as I did to give them a fair trial.

Dr. Williams' Pink Pills have done more to make strong, healthy, rosy-cheeked, bright-eyed girls than and other medicine ever discovered any mothers should insist upon their daughters taking an occasional course of this medicine. Sold only in boxes. the wrapper around which bears the full name, "Dr. Williams' Pink Pills for Pale People.,' Offered in any other form the pills are substitues intended to deceive. 376

How's your Heart?

Death is always due to the heart's failure to keep the blood in circulation.

Nervousness, debility, weakness, loss of flesh are always due to the same cause.

If the heart continually pumps pure, vigorous, vitalized blood into the tissues, daily wasted by work or worry, you can never be sick.

DR. AGNEW'S HEART CURE

goes to the root of all disease—goes to the heart—strengthens it in 30 minutes, and regulates it—helps it to do its work properly—prevents and cures all heart disorders, nervousness, sleeplessness, female complaints and all other ailments traceable to a weak heart, imperfect circulation, mal-nutrition and poverty of the blood.

If you have palpitation—if you have shortness of breath—if you have a weak or irregular pulse—if you have chilly sensations, faint spells, nightmare—if you do not feel as strong and vigorous as you ought—go to your nearest druggist and get a bottle of DR. AGNEW'S HEART CURE. it will strengthen your heart and nerves, give you refreshing sleep, and restore your lost vim, energy and health.

$1.00 a Bottle or 3 Bottles for $2.50
