ROUND ABOUT THE MINES.

The returns from the ore treated at the great Anaconda mine during the past year show that the copper averaged 4.26 per cent, silver 3.48 ozs. per ton, and gold .016.

Although the most of the plant is now at Albert Canyon the Waverly Mines Co. have decided to abandon the erection of their concentrator till more development has been done.

In view of the successful results of their development work on the Pretty Girl group on Horse Thief creek, it is probable that after all the New Golden British Columbia Limited may carry on a winter camp there this season.

Mr. Power, foreman of the Swansea mine, went to Windermere by Tuesday's stage with instructions to discharge all the men there and engage a new lot. The company will sink a shaft from the second tunnel on the ore and will probably carry on work all winter.

The Prospector says it is the intention of the Alberta and East Kootenay Development Co., which owns the Cariboo mine at Moyie, to put in a winter camp this fall, for the purpose of further developing its resources. The property is rich in native copper.

The Silvertonian says: "One of the changes to the Mineral Act that is being agitated, is that where a prospector fails to do his annual assessment work, the claim will not be open for re-location but will revert to the Crown and be advertised and sold at public auction to the highest bidder." Here is a matter for the Miners Association to discuss.

The B. C. Mining Journal says that: "Tuesday's stage brought down from Quesnelle Forks gold from the Cariboo hydraulic mine to the amount of $34,930 in a solid mass. It is the result of only a partial washup made some weeks ago. Water at this famous mine is holding out exceptionally well this year and a good sized gold brick will be sent out at the close of the season. So far there has been about $100,000 sent down this season."

W. A. Carlyle, formerly Provincial Mineralogist, thus writes of the progress of East Kootenay: "Many people, strong financially, have been quietly reconnoitring, and steady advance is to be reported in East Kootenay. There are already several very fine mines, and others will certainly be added to the list before long. For a young country, almost unheard of seven years ago, the rate at which it has opened up and the development of the mines have been truly wonderful."

W. G. Mitchell-Innes returned on Monday from a visit to the Pretty Girl group on Horse Thief creek. He confirmed the good news we published in last issue, that there was three feet of solid ore in the shaft. In fact the size of the ore body there runs up to 3½ feet. The shaft on the Pretty Girl is down 30 feet in solid ore. The tunnel on the New Ceum claim of the group is in 235 feet, and a cross-cut is now being run from the end of the tunnel to cut the lead at a depth of 100 feet. The tunnel on the Gold reef is in 50 feet, and the open cut on the Minnehaha Fraction has been extended to a length of 300 feet. Assays which Mr. Mitchell-Innes has had made on the ore at the bottom of the shaft on the Pretty Girl claim show excellent values.

BOARD OF TRADE.

MEETING OF COUNCIL.

A meeting of the Council of the Golden Board of Trade was held at the office of the Upper Columbia Navigation Company on Friday evening, when there was a full attendance.

The by-laws were drawn up for approval of the general meeting.

As Mr. Warren was the only one of the Fire Wardens who responded to the invitation of the Council for a conference in regard to providing better fire protection for the town, the matter dropped, but the President stated that he was in communication with a firm of makers of fire engines. It was decided that on a reply being received the Council should interview the Government Agent on the matter and as to the best means of utilising the Government grant for the better protection of the town from fire.

The Secretary was instructed to write to a banking institution which last year held out hopes of Golden being included in this year's list of new offices, and ask that they should inform the Council as to their decision on the matter.

GENERAL MEETING.

The adjourned general meeting of the Board was held at the Columbia House on Tuesday night. In the absence of the President, the Vice-President, J. G. Ullock, occupied the chair.

The outward correspondence, and by-laws as submitted by the Council were read and approved, and the meeting adjourned.

In the course of the meeting Mr. W. G. Mitchell-Innes warmly approved the action of the Board in regard to the proposed telegraph line between Golden and Windermere.

CURLERS RE-ORGANISE.

An Enthusiastic Meeting.--Election of Officers.

An enthusiastic and well attended meeting of the Golden Curling Club was held in the Columbia House on Tuesday evening. President C. A. Warren in the chair. The secretary's report for last year was read and adopted. The following officers were then elected for the current year:

President—C. A. Warren.
Vice-President—J. G. Ullock.
Secretary-Treasurer—D. M. Rae.
Umpire—H. G. Parson.
Representatives to Manitoba Branch of R.C.C.C.—W. Georgeson and Thos. Kelly of Winnipeg.

Mr. W. C. Wells was re-elected an honorary member of the club.

The membership fee was fixed at $10.

The officers of the club were named an Executive Committee and were authorized to make all arrangements regarding renting of ice with the Rink Company.

The following were elected skips: C. A. Warren, W. McNeish, J. G. Ullock, D. M. Rae, H. G. Parson, and J. Henderson; any member may, however, make up a rink, but must notify the secretary of his intention to do so.

It was resolved that the curling stones which had been won in the past and any which may be presented to the club in future, become the property of those winning them, and not, as has been the case heretofore to belong to the club.

It was also resolved that all members pay up before they are allowed to curl.

The next meeting of the club will be held on the 1st of November when the executive committee will report what arrangements have been made with the Rink Co. regarding ice, and skips will report as to formation of rinks.

Intending members will kindly hand in their names to the secretary without delay as it is necessary for him to forward a report, which includes a list of members, to the secretary of the Manitoba Branch at Winnipeg not later than Nov. 1st. A number of new men have already signified their intention of becoming members and the "roarin' game" is destined to become more popular than ever in Golden this winter.

Prospective Amendments to Mineral Act.

We are glad to learn, says the B.C. Mining Record, on very good authority that some slight but nevertheless important amendments to the Mineral Act are likely to be considered at the next session of the Provincial Legislature. Briefly one of these changes will provide that all mineral claims, the locators of which failed to comply with the regulations in regard to annual assessment work or otherwise, will not be open to re-location, but will revert back to the crown and after being advertised a certain length of time will be sold by public auction. Another reform will compel owners of claims to purchase, after completing each annual assessment work requirement for five years, a metal plate with all necessary information of ownership, location and date stencilled thereon.

THE COPPER MARKET.

A Good Prospect.

Messrs. Lewis & Son, of Liverpool, report: "The position of Copper at present is very strong. The expected giving away of the American market to a level with European prices has not taken place, the consumption in the United States being so large that the excess of production—which during July and August was 4,600 tons below the average of the previous six months—available for export to Europe has considerably diminished during the past two months; while stocks in the hands of American producers and consumers are much reduced. The continent will require a great deal of copper during the next three months, most of which has yet to be bought; while in England the demand for engineering and shipbuilding purposes is almost unprecedented, and the application of electricity to traction is rapidly extending. Large quantities of copper will be absorbed in the manufacture of sulphate during the next eight months, the demand for it now being very active, and India is expected to materially increase its imports, comparatively little having been bought for that market in the prst two years.

Instead of increasing, as was expected, the production of the United States has lately fallen off considerably, and it is stated on good authority that that of Montana has reached its maximum and is more likely to decrease than to increase in the future.

Lucky Golden.

Sir William Van Horne is authority for the statement that it will cost the C.P.R. the sum of $200,000 to transfer its divisional buildings, etc., from Donald to Golden, but that the Company expects to reap considerable benefit therefrom. The people of Donald believe that a great injustice is being done them in this matter, and, with that idea in view, a deputation waited on Sir William Van Horne and party while en route for this city. One gentleman, Mr. Forrest, pointed out that the loss to be sustained by him, in connection with the change, would be about $8,000, Messrs. Manuel and Ruttan place their loss at $4,000, and Messrs. Kimpton and Pitts at $5,000. Nevertheless, the company will carry out the project, which it has had in contemplation for over ten years.—Vancouver World.

S Barber has purchased at Wrangel another boat for the Yukon traffic.

Mrs. A. G. M. Spragge has decided taking up her residence at Vancouver.

M Carlin has completed his grading contract at Field.

T. Forrest, of Donald, has gone to Cranbrook to look after the building of his new hotel there.

It is reported that Messrs. Fulmer & Kerfoot have secured the new mail contract between Golden and Windermere.

H. G. Parson, the well-known merchant of Golden, is ill with typhoid fever, contracted on his recent trip to the Crow's Nest road.

J. Vassar, of the Columbia River Lumber Co., will be removed from the Beaver offices of the Company to Golden, where he will have charge of the store.

The many friends of J. McLeod, the popular C.P.R. decorator at Donald, will regret to hear of the death of his brother at Nova Scotia, the cause being due to internal hemmorrhage.

At the County Court at Donald yesterday W. G. Neilson was appointed administrator in the estate of the late A. G. M. Spragge, on the application of G. S. McCarter.

There are two or three men in Golden to whom the following remarks of the Wetaskiwin Free Lance are particularly adapted: "It seems strange that we cannot mention a citizen's name without his getting hot under the cellar."

The Oddfellows of Donald are to have a gay time to-night on the occasion of the visit of G. M. Bro. Henderson. A banquet will be tendered to him at the Forest House after the close of the Lodge.

The Donald school presents a flourishing appearance, the attendance being good. Mr. Barron is enabled to do better work now that he has the assistance of Miss Millard, and this lady is a great favorite with parents and pupils.

At St. Paul's Church, Golden, the services on Sunday next, Oct 23rd will be: 8 a.m celebration of Holy Communion, 11 a.m. Morning Prayer, Litany and sermon; 7:30 p.m. Evening Prayer and sermon.

Mr. Morris, Manager of the Imperial Bank of Canada, at Calgary, is an up-to-date officer. He has got up for the use of this branch of the bank a post-card with a finely executed etching illustrative of ranching life in the north-west.

BRITAIN AND FRANCE.

Preparations for War.

Paris, Oct. 17.—Inquiries made to-day at the offices of the French ministry of marine confirm the report as published by Le Soliel in a dispatch from Toulon, saying that Vice-Admiral Fournier, who is now at Tunis with the minister of marine, M. Lockroy, will return immediately to Toulon, where orders have been received to speedily prepare the armored cruisers Admiral Trehoart, Bouvines, Jemmapes and Walmy for active service, and that in addition orders have been issued to send the largest number of gunners to Brest without delay to man the forts and batteries there. The vessels mentioned are to be promptly placed on a war footing and are to be sent to Brest.

Rumor connects the French naval preparations with the question in dispute with Great Britain as to the possession of Fashoda on the Nile.

The Paris papers to-day, in chronicling the movements of the British fleet in the Mediterranean, announce that three British ironclads are engaged in gun practice off Pizerta, the French naval station in the Mediterranean, on the African coast.

London—Every indication points to probability of war between Britain and France. The British government is silently and unostentatiously making her preparations and putting her war ships in order. Orders have been issued that no English manufacturers are to make or to accept contracts to manufacture either arms or ammunition without having first received the consent of the government. On all the war vessels in course of construction the work is being rushed along at the dockyards. A leading small arms manufacturer has been asked the question as to whether he is prepared to undertake an order to turn out 1,000 magazine rifles weekly. When it is remembered that the government factories are turning out about 4 000 per week the inquiry is very significant. Orders have been issued to have four new cruisers prepared for immediate service.

Californian Farms For Sale.

$1200—200 acres; $300—20 acres; $2500—84 acres; $800—40 acres; $6000—1200 acres; —$2500—80 acres; $2000—20 acres; $1500—100 acres; $1000—20 acres; $1200—10 acres; $1200—80 acres; $600—50 acres; $13,800—460 acres; $2500—760 acres; $800—80 acres $12,000—900 acres; $2170—217 acres; $720—24 acres. They are in California, 150 miles south of the Oregon line, in a valley five miles wide at east end and tapering to a point 15 miles west through which a large creek flows; on the trunk line railroad connecting San Francisco and Portland. The market is good. Farm products always bring the highest price. Best natural roads in the world—never muddy. Near many gold mines. Elevation, 500 feet; yearly rainfall 36 inches; plenty of wood; water is pure, soft and cold; no alkali; no chills, no lung trouble, no rheumatism; seldom any snow ever falls. Crops never fail. Coldest weather 24 degrees above zero—no cold winters, no sunstrokes; no muddy streets; no cyclones, no hurricanes or floods. No better climate can be found. The products are flowers of every kind, figs, peaches, pears, prunes, plums, cherries, almonds, walnuts, raisins, grapes of all varieties; wheat, barley, rye, oats, hogs, sheep, chickens, etc. The best of society; schools are first Class. Congregational U. B. and Baptist Churches. The people are white, wide awake, generous—highest type of American citizenship. There is no government or railroad land there; no farms for rent.

We have an agent in the town to show these places free of charge who will also furnish abstract with each sale showing clear title. For circulars containing maps and full information address,

To Advertisers and Subscribers.

The GOLDEN ERA is published every Friday evening. It is the best advertising medium in the East Kootenay district.

Subscription Rates: $2.00 per annum IN ADVANCE.

Alterations and changes of standing advertisements must be in the office not later than noon on Wednesday to ensure insertion, but casual advertisements will be received up till noon on Friday.

While all reasonable care will be taken, the proprietors will not be responsible for any omission or error in any advertisement.

All accounts to be paid to the Managing Director, or his authorized agent, from whom the company's receipt will be obtained.

Advertising rates: Display ads., $1.50 per column inch; Legal ads., 10 cents per line for first insertion, 6 cents for each additional insertion; Reading notices, 12 cents per line each issue.

All business communications should be addressed to the Managing Director, and all literary communications, letters for publication or news items should be addressed to the Editor

Correspondence is invited on matters of public interest, but to secure publication such letters must be brief. In the case of anonymous letters the name and address of the writer must be enclosed, not for publication, but for the private information of the editor and as a guarantee of good faith. Any letter received later than Wednesday will have to stand over till the following issue.

The Golden Era Company Limited Liability,

OFFICE, GOLDEN, B. C.

The Golden Era

FRIDAY, OCTOBER 21, 1898.

FIRE PROTECTION FOR GOLDEN.

One of the most urgent matters affecting Golden is that of fire protection. There is no doubt that, if a fire got hold in this town under the same conditions as New Westminster, the main part of the town on the right bank of the Kickinghorse River would be swept out of existence in a very short time. That this position is recognised by the business people of the town was evident from the strong support promised for the recent proposal to obtain a fire engine and supply of hose for the town. That effort should not be abandoned, and it is hoped that the result of the information now being obtained by the Board of Trade will be such as will enable the town to be provided with a first-class steam engine and the necessary appliances to cope with a fire in the event of one breaking out. The fire wardens should co-operate with the Board in every way to secure this object.

TELEGRAPH LINE TO WINDERMERE.

A matter that has been taken up by the Board of Trade, and that requires attention, is that of establishing telegraphic communication between Golden and Windermere. As will be seen from the list of records in this issue the past season has been an exceedingly busy one at Windermere. With so much activity, there is ample warrant for the request that the Dominion Government should come to the rescue and provide this much-needed telegraphic communication. We have no doubt that Mr. Bostock, M. P. for the district, will do his utmost to have effect given to this suggestion of the Board of Trade.

A BANK FOR GOLDEN.

Another matter that the Board of Trade has taken up is that of securing the establishment of a chartered bank in Golden. Some time ago a statement was compiled by Mr. S. Barber of the volume of business done in Golden, and that gentleman, with his banking experience, was firmly convinced that Golden was a point where the business would prove amply remunerative for such an institution. At present the most of the business connected with Golden is transacted at Calgary and Revelstoke, and while the Banks at these towns have spared no effort to meet the requirements of their clients at Golden, this does not fulfill the advantages that would accrue from having a bank in the town itself. It is to be hoped that the renewed efforts now being made will result in a bank being secured for Golden at an early date.

KIDNEY POISONS

Sap the Life Spring and Make Putrid the *Health Fountain*—South American Kidney Cure Cleanses and Purifies.

If the kidneys fail to do their work other organs become involved; poisons generate—circulate through, and violate the whole system. Disease and disaster are as sure as sunrise if neglected. South American Kidney Cure acts on the kidneys like magic. It's a liquid and attacks the ailing parts, quickly stops the spreading of disease, drives out the foreign substances, and brings this important organ back to a healthy normal state, it's a kidney specific. 557

Sold by C. A. Warren.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Sold by all druggists at 50 cents and $1.00. Every bottle guaranteed. 4

SHOCKING MURDER.

Indians Suspected.

Dominion City, October 16.—The Galician settlement, about 15 miles east from here, is the scene of a most shockingly diabolical and cold blooded murder in which an entire Galician family has been hacked to pieces with an axe. The victims of this horrible outrage include four children and the father of the family. More horrible if possible is the fact that the mother is suspected of having committed the inhuman crime. The man and children were discovered dead in the house by a neighbor who chanced to visit the place. The weapon used in the tragedy was an axe, the father's head was nearly severed from his body, and the children were more or less mutilated. The exact time when the crime was crime was committed is not known, but it must have taken place during the last 24 hours.

October 17.—(1 a.m.)—Nothing has been heard of the mother of the family until to-day when it was found that she was staying at the house of a neighbor, some quarter of a mile from the scene of the murders. Naturally suspicion fell on her, but she is now proved innocent. There is a suspicion that Indians may have been the murderers, as the bodies are all mutilated, and the house had been robbed.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Eletric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved, that Electric Bitters is the best blood purifier — It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver kidney and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by all druggists, every bottle guaranteed. 4

ROCKY MOUNTAIN SCENERY.

The Grandest in the World.—What an Eminent Tourist says of It.

Dr. Webb informed a Free Press reporter: "This is my sixth visit to the Canadian Rockies and I enjoy it every year more than I did the previous one. I could go back to-morrow and enjoy it just as well as I did last week, and so could Mrs. Webb. You have along your Canadian line the only scenery worth seeing in crossing the continent to the Pacific coast. Some of my party recently returned from Switzerland and each one said that they did not see in that country such a splendid expanse of scenery as one views going through the Canadian Rockies. The development of your towns and cities is also very markec. I notice this, perhaps, more than you who are residents of the west; and I think you have a future so grand that one can hardly imagine the greatness."

Be Fooled The Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve the surest Pile cure on earth, and the best Salve in the World. 25 cents a box. Sold by all druggists. 4

The D&L. EMULSION

CONSUMPTION and all LUNG DISEASES, SPITTING of BLOOD, COUGH, LOSS OF APPETITE, DEBILITY, the benefits of this article are most manifest.

By the aid of The D. & L. Emulsion, I have gotten rid of a hacking cough which had troubled me for over a year, and have gained considerably in weight.

Perfect Satisfaction in Every Province.

DIAMOND DYES

Are True Home Favorites.

"I find great pleasure in dyeing with the wonderful Diamond Dyes. They make old clothes, dresses, silks, feathers and wool goods look as good as new."

MRS. M. R. BELL,
Victoria Harbor, Ont.

"Have used the Diamond Dyes for many years and they have proved true and sure to color every time. They are without doubt the best of all dyes."

MRS. J. G. WALKER,
Quebec, P.Q.

"I am a farmer's wife and have used Diamond Dyes for years, and am well satisfied with them. I highly recommend Diamond Dyes; they are the most valuable and surest of all dyestuffs."

MRS. A. HODGES,
Nicholsville, N.S.

"I have used a great many of the Diamond Dyes and find them the best for all kinds of dyeing; will have no other kind for my work."

MRS. JAS. HARRIS,
Robinsonville, N.B.

"I have used the Diamond Dyes with great success. I recommend them to all ladies who wish to do their own dyeing. For coloring dress goods they are just perfect."

MRS. MCNEILL,
Stanley Bridge, P.E.I.

"The Diamond Dyes are a great success. I have used them several times and they always turn out lovely colors. I am delighted with them."

MRS. JOHN LOWE,
West Selkirk, Man.

"We use the Diamond Dyes and find them fast and beautiful colors; they are the best."

MRS. CHAS. JOHNSTON,
Montgomery, N.W.T.

"The Diamond Dyes are the best sold in the country; they always give me satisfaction, and I will always praise them."

MARY A. STEADMAN,
559 Vancouver, B.C.

TROUBLE IN FRANCE.

A Revolution Threatened.

Paris, October 12.—It is announced here this morning that a military plot to overthrow the government has been discovered. It appears that the plot was discovered by a general holding an important position. The conspirators where to have taken action today during the absence of the Minister of War, General Chaucine.

A PITIABLE CRIPPLE

From Rheumatism—Blistered by Doctors Till he Didn't Know Himself—South American Rheumatic Cure Performs a Wonderful Cure.

D. Desanetels, Peterboro', writes: "For months I was unable to work, had rheumatism in every part of my body. I was blistered by doctors at ten different times. My hands were drawn out of shape, my fingers were distorted, and my wrists and forearm were double their natural size. My leg was encased in a plaster case for four months. I tried South American Rheumatic Cure; I took two bottles. Twenty-four hours after first dose I felt like a new man. One week after I was able to go to work. Now I am as hearty and strong as ever." 557

Sold by C. A. Warren.

A Popular Teacher Speaks About Paine's Celery Compound.

The Great Life Saver cures even at the Eleventh Hour.

Mr. Belyea's Letter Should be Read by all Sufferers.

Gentlemen:—In the winter of 1884 I was taken with a severe attack of neuralgia in the head and shoulders. Since then it became seated, and I gave up the idea of ever being cured. Have taken medicine prescribed by different physicians, but all to no avail.

Some three months ago I was induced to try a bottle of Paine's Celery Compound. Before I had taken half of it I began to feel better. Sleep, which in my early days appeared so refreshing, has in these years of affliction been made up of frightful dreams; but not so now, as the medicine began to have a telling effect on my nerves.

I have taken three bottles of this glorious mesicine, and to-day I can say that it is the first time in eleven years that I have felt none of those piercing pains to which I had once been a victim. Let me say to any person who may read this testimonial, in this province or elsewhere, that if you discredit this statement, just write me and I will be only too glad to inform you of what has cured me of neuralgia and a shattered nervous system.

Yours respectfully,
LEVERETT A. BELYEA,
560 Hampstead, N.B.

Plot to Kill the Kaiser.

London, October 17.—The Alexandria correspondent of the Daily Mail says: A plot to assassinate the Kaiser is hourly proving more important, each arrest disclosing more ramifications. Documents found on prisoners disclose a plot to kill King Humbert to be already well matured.

Sixteen persons all Italians have up to the present been arrested. The original plan was to throw bombs of gun cotton and fulminate of silver on to the carriage of the Emperor William as the cortege passed through a narrow street in Cairo.

The Appetite of a Goat.

Is envied by all poor dyspeptic whose Stomach and Liver are out of order. All such should know that *Dr. King's New Life Pills*, the wonderful Stomach and Liver Remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. *Only 25 cents at any Drug Store.* 4

Miners! The way for you to succeed is to make known the resources of your camps. The way to do that is to send news of your finds to the GOLDEN ERA. Subscribe yourself to the ERA and send it to your friends. The ERA will tell them all about it better than you can.

A CEASELESS TORMENT.

Eczematic Gnawing and Irritation Have a Short Stay after one Application of Dr. Agnew's Ointment—It Helps Immediately and Cures Quickly.

C. W. Howard, Peak's Island, Me., writes: "Enclosed find 35 cents, for which kindly send me a box of Dr. Agnew's Ointment. I have been afflicted for a long time with eczema, and it has done me so much good I want to try another box. The first application gave me more relief than any thing I ever tried. *It's going to cure me outright.*"

Sold by C. A. Warren 557

Tenders for a License to Cut Timber on Dominion Lands in the Province of British Columbia.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tender for Timber Berth, 186," to be opened on the 14th day of November, 1898, will be received at this Department until noon on Monday the 14th day of November, 1898, for a license to cut timber on Berth No. 186, comprising 480 acres, more or less, situated on the East side of the Columbia River, in the Province of British Columbia, and described as follows:—

Commencing at the North-west corner of Timber Berth No. 114 at the river bank, thence Easterly along the Northerly boundary of the said Berth a distance of 60 chains thence Northerly parallel to the general bearing of the East bank of the said River within the berth 80 chains, thence Westerly parallel to the Southerly boundary 60 chains, more or less, to the river bank, thence Southerly along the East bank of the said river to the point of commencement.

The regulations under which a license will be issued may be obtained at this Department or at the office of the Crown Timber Agent at New Westminster.

Each tender must be accompanied by an accepted cheque on a chartered Bank in favour of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

No tender by telegraph will be entertained.

JOHN R. HALL,
Secretary.

E. C. Senkler, barrister, of Nelson, has been appointed Gold Commissioner in the Yukon in the place of Gordon Hunter, resigned. Mr. Senkler will leave for the north without delay.

John McKay, of Sinclair; Joseph Young, of Fairmont Springs; and Joseph Bulman, of Canal Flat, East Kootenay, are gazetted Fence Viewers within and for that portion of the East Kootenay Electoral District known as the Windermere Mining Division.

The Alberta Tribune says: "A. E. Cross of the Calgary Brewing Company states that his company will add large additions to their Brewery next year. Work is now going on on a 30,000 bushel elevator for barley. He wishes that the farmers of Alberta would grow more barley.

A special meeting of Rocky Mountain Lodge No. 34, I.O.O.F., will be held in their hall to-morrow evening at 8 o'clock, for the purpose of meeting Grand Master Henderson of New Westminster who will be here on that date. Visiting brethren are cordially invited to attend. The lodge will entertain the Grand Master to an oyster supper which will be provided by Bro. W. A. Skelton at the Russell House.

H. B. Walkem, the C.P.R. engineer, has lately returned from an extensive visit to the country in the vicinity of Albert Canyon. In his investigation, Mr. Walkem found that to build a railway from there to the Waverly and Tangier mines, would be impracticable, on account of the large number of snow-slides in that section. For instance, it would cost in the neighborhood of $300,000 per mile for the 25 miles of the distance. With some engineering difficulties, which, however, may be overcome, a railway could be carried from the mines towards the Columbia river. Until this is done it appears as if no great quantity of ore would be shipped from the mines mentioned.

E. C. Peck, who has returned from the Peace river and Edmonton trail district, reports strikes on Peace river averaging $20 per day per man, and is confident that enormously rich finds will be made higher up where the river has not been explored. The Edmonton trail will yet unfold many stories of suffering. The Kergin party from California, twenty strong, went in in July, 1897, and reached Fort Graham in July, 1898. Forty-nine out of fifty horses starved to death, and the men were reduced to want and terrible suffering. Many deaths have occurred on the Edmonton trail. Of one party of six one died of scurvy, two were drowned, and after a year's suffering three have reached Klondike. He did not ascertain the names but knew that a large number of fatalities had occurred.

A deputation from the hockey club waited on the directors of the Rink Co. this week for the purpose of seeing whether the plan of the new rink could not be altered so as to provide for an additional 14 feet in width to the skating portion, to make it large enough for hockey playing. The directors stated that the proposed alterations would cost not less than $800 the only terms on which they could agree to make these alterations would be by the hockey club guaranteeing to raise this sum. The hockeyists were not prepared to do this so the matter was dropped. The building of this new rink has been talked of for the past year and it is to be regretted that the hockeyists did not take steps at an earlier date to lay their requirements before the directors, instead of now when the building is so far advanced when any alterations mean a serious delay and so large an expenditure.

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? The intelligent physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers, bodly and mentally, in silence. There is undue weariness, unexpected pain, unreasonable tears and fits of temper. Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is specific for the peculiar weakness, irregularities and painful derangements of woman. Careless, easy-going doctors frequently treat their women pattients for biliousness; nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs distinctly feminine, and no help can come till they are made perfectly strong by the use of Dr. Pierce's Favorite Presciption.

Send 31 cents in one-cent stamps to World's Dispensary Medical Association; Buffio, N. Y., and receive Dr. Pierce's 1008 page COMMON SENCE MEDICAL ADVISER; illustrated.

In the old frontier days hundreds of pioneers were tortured and burned at the stake by cruel Indians. The tortures endured by these martyrs must have been something horrible.

There are thousands of men to-day who are being slowly tortured to death at the stake of disease. Their bodies cry out but in a language that only the sufferers themselves can hear. When a man is suffering in this way his body cries out with an aching head, a sluggish body, muscles that are lax and lazy, a brain that is dull, a stomach that disdains food and nerves that will not rest.

A wise man will heed these warnings and will resort to the right remedy before it is too late. Dr. Pierce's Golden Medical Discovery makes the appetite keen and hearty. It invigorates the liver. It promotes the natural processes of secretion and excretion. It makes the digestion and assimilation perfect. It purifies the blood and fills it with the life-giving elements of the food. It tears down old and worn-out tissues and replaces them with the firm, muscular tissues of health. It is the great blood-maker and flesh-builder. It is the best nerve tonic. It cures 98 per cent. of all cases of consumption, weak lungs, bronchitis, lingering coughs and kindred ailments. Found at all medicine stores. Accept no substitute that may be represented as "just as good." The "just as good" kind doesn't effect cures like the following:

"Twenty-five years ago eight different doctors told me that I would live but a short time, that I had consumption and must die," writes Geo. R. Coope, Esq., of Myers Valley, Pottawatomie Co., Kans. "I finally commenced taking Dr. Pierce's Golden Medical Discovery and am still in the land and among the living."

Don't suffer from constipation. Keep the body clean inside as well as outside. Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

Mr and Mrs J C Greene returned on Monday from the coast, where they had a pleasant holiday.

Yesterday was the last sitting of the County Court at Donald. In future it will be held at Golden.

Mr McMillan, C P R agent at Donald, is off on a holiday, and his place is at present taken by Mr Moose, of Revelstoke

Capt Bacon intends going to his old home in the east for the winter. He has not been there for some time and we wish the popular skipper full enjoyment of his well-earned holiday.

It is proposed to remove the Masonic lodge from Donald to Golden. The Golden Masons should co-operate in the proposal in view of the advantage of starting with a working lodge.

F E Hobbs, foreman of the Donald shops, has gone to Vancouver, where he has been promoted to the foremanship of the C P R shops there Mr Mee is taking his place at present at Donald, but S Fraser will be placed in charge on his return

Mr. Gibbon, father of; Miss Gibbon school mistress at Windermere, has been on a visit through the Columbia Valley and is highly pleased with what he has seen. He has gone through to Fort Steele, and through West Kootenay to his home at Port Moody.

The residence of J. McInnes, of Donald, was burned last week, Mr. McInnes losing his furniture and effects, $160 in cash, a gold watch and valuable papers He was insured with Manuel & Ruttan for $450 in the Phoenix and his loss was $400 above that amount Much sympathy is felt for Mr McInnes, who is one the most highly esteemed residents of Donald.

The Golden School Trustees have received a reply from the Education Department stating that the attendance at the Golden school is not sufficiently large to justify the appointment of an assistant teacher but as soon as it is waranted the appointment will be made.

At the County Court at Donald yesterday naturalisation papers were ordered to issue by His Honor Judge Forin to the following: Dominique Lerro, Giavano Appinglise, A.A. Ottawason, F. W. Johnston, and C. A. Lindlow, Donald; and to A. M. Glad, C. O. L. Anderson, D. Nicholson, C. Nicholson, M. de Grazia, C. Ross and Antonio Pellegrino, Golden.

At the County Court at Donald yesterday His Honor Judge Forin presided. In the case Lusk vs. Deacon, claim for $136, judgment was entered for pltff. for $104.97. In the case Tom vs. Miller, judgment was given for pltff. for $50 without costs for damages for breach of lease. G. S. McCarter appeared for the plaintiffs in both cases, and the defendants were not represented by counsel.

A hockey club has been formed in Golden, a meeting for the purpose havihg been held at C W Field's shop on Monday night There was a large attendance and R M Wilson was voted to the chair. W G Neilson, M P P, was elected hon president, C A Warren hon vice-president, G B McDermot president, R M Wilson vice-president, Dr Taylor captain, E Plowright sec.-treasurer A committee was appointed to meet the directors of the curling rink with a view to securing the provision of suitable accommodation in the new rink

A meeting of the council of the Board of Trade was held at the office of the secretary this afternoon when there were present Messrs. J.G. Ullock, vice-president; C. A. Warren, C. H. Parson, M. Dainard and the secretary. It was decided to draw the urgent attention of the Dominion and Provincial Governments to the danger of the town being again flooded in winter owing to the channel of the Kicking Horse being blocked, and to ask that prompt steps be taken to have a proper channel cut. The council will also wait on the gold commissioner in regard to the matter.

The Prairie City Quartette.

The Prairie City Quartette gave an entertainment at the Oddfellows' hall, Donald, last night, when there was a good attendance. The entertainment was a great success, almost every item rendered by the clever company being encored. Mrs. Stanley Adams is an accomplished pianist; Mr. Stanley Adams is splendid in his singing of either the comic or the sentimental. Miss Nellie Campbell's selections ever captivate her audience till they want more, and Mr. Fred Kennedy is a master hand on the cornet. One of the best features of the entertainment will be found in the duets by Miss Campbell and Mr. Adams. A nice dance was held at the close of the entertainment last night. The party had a most successful tour of the coast cities, their entertainment at Vancouver under the auspices of St. Andrew's Presbyterian church being attended by over a thousand people. The company will appear at Golden to-night and the entertainment cannot but be enjoyed by all who avail themselves of this opportunity.

Tenders for a License to Cut Timber on Dominion Lands in the Province of British Columbia.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tender for Timber Berth, 186," to be opened on the 14th day of November, 1898, will be received at this Department until noon on Monday the 14th day of November, 1898, for a license to cut timber on Berth No. 186, comprising 480 acres, more or less, situated on the East side of the Columbia River, in the Province of British Columbia, and described as follows:—

Commencing at the North-west corner of Timber Berth No. 114 at the river bank, thence Easterly along the Northerly boundary of the said Berth a distance of 60 chains thence Northerly parallel to the general bearing of the East bank of the said River within the berth 80 chains, thence Westerly parallel to the Southerly boundary 60 chains, more or less, to the river bank, thence Southerly along the East bank of the said river to the point of commencement.

The regulations under which a license will be issued may be obtained at this Department or at the office of the Crown Timber Agent at New Westminster.

Each tender must be accompanied by an accepted cheque on a chartered Bank in favour of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

No tender by telegraph will be entertained.

JOHN R. HALL,
Secretary.

Department of the Interior,
Ottawa, 12th September, 1898. 561

A Canadian Medicine

Which has Made a Wonderful Reputation Throughout the World.

Every Cure Published is Investigated by a Responsible Newspaper--The Advertiser has Looked into and gives Below the Particulars of one of these Cures.

From the Advertiser, Hartland, N.B.

The Advertiser has come across still another instance of the remarkable curative powers of the famous Canadian remedy, Dr. Williams' Pink Pills for Pale People. Mr. William Tedlie, of Lower Brighton, a prominent lumberman and farmer, came very near being a cripple from rheumatism, the dread disease so prevalent along the St. John River. Mr. Tedlie is now 65 years of age. Five years ago he was taken with the first symptoms of rheumatism—over exposure, the stream drives and the general hard life of the lumberman, paved the way for the lodgement of the excruciating disease. The symptoms first manifest were pains through the legs, arms and hands. Gradually conditions grew worse. At intervals there would be an abatement of the malady, but for months each year he was very nearly helpless. The pain was so agonizing that sleep was out of the question, and to work was impossible. The afflicted man had so often read of the wonderful efficacy of Dr. Williams' Pink Pills in cases similar to his own, that he resolved to try them. He says, however, that he was not hopeful of receiving much benefit, as he had tried many medicines without any good results following. He began the use of the Pills and by the time of a couple of boxes were used he found they were helping him. Thus encourged he continued the use of the medicine and gradually the pains and soreness left him, he was able to sleep soundly, and enjoy an excellent appetite. In fact after using Dr. Williams' Pink Pills for less than two months Mr. Tedlie says he found himself in the best of health. He is now a warm friend of this great medicine and urges similar sufferers not to experiment with other medicines but at once begin the use of Dr. Williams' Pink Pills.

Rheumatism, sciatica, neuralgia, partial paralysis, locomoter ataxia, nervous headache, nervous prostration and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers or sent post paid at 50c a box or six boxes for $2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute. 532

CATARRH RAVAGES!

DR. AGNEW'S CATARRHAL POWDER ARRESTS THE MALADY IN AN INSTANT AND CURES AS BY MAGIC.

Your case is not hopeless, no matter how long standing or acute it may be—and no case so slight you can afford to neglect it. This greatest of catarrh cures will relieve a cold in the head in 10 minutes and has authentic testimony to its credit, where cases of half a century's standing have been cured in a wonderfully short while. It's simple, harmless, painless and easy to apply—one short puff and relief comes.

Symptoms of Catarrh are:—Foul breath, husky voice, aching all over, stopped nose, nasal discharge, dropping in the throat, pain over the eyes, tickling in throat, no sense of smell, losing sense of taste, throat dry in morning, pain in back of head—any and all of these symptoms are present in catarrh in head and throat and is the result of neglected cold. Neglected catarrh leads to incurable pulmonary complications.

Rev. Dr. Bochror, Buffalo, says:—"My wife and I were both troubled with distressing catarrh, but we have enjoyed freedom from this aggravating malady since the first day we used Dr. Agnew's Catarrhal Powder. Its action was instantaneous, giving most grateful relief within ten minutes after first application, and we believe there is no case but it will immediately relieve and permanently cure."

DR. AGNEW'S CURE FOR THE HEART—The first dose gave relief in half an hour is an every-day testimony to the worth of the great heart remedy, and one or two bottles in most cases works an absolute cure—almost a miracle in many cases—but never has failed to cure a case of heart disease where it had fair trial.

DR. AGNEW'S OINTMENT—Itching, blind, ulcerating or bleeding piles relieved with one application, and cured in from three to five nights. An effective remedy for all skin diseases in old and young—35 cents.

DR. AGNEW'S LIVER PILLS—for sick headache, biliousness, nausea, dyspepsia, indigestion, bloating after eating, constipation—pleasant little doses and no bad after effects—25 cents a vial.
