MEETING OF COUNCIL

Little Business of Importance Transacted.

Presentation of Petition For City Support of Citizens' Band—Bills Ordered Paid.

The city council met Monday evening with Alderman Sharpe in the chair. Aldermen present—Galloway, Bannerman, Cropley and Sullivan.

The following letters were read: From Poulson & Swan of Rossland, asking for immediate payment of their bill in connection with arbitration case.

From Percy F. L. Woodruff, wanting to rent cemetery farm. The clerk was instructed to write him saying that the council did not intend renting the farm at present.

A letter was received from the city engineer saying that he had written to Kamloops to find what would be the cost of obtaining duly certified copies of all the registered plans from which to compile a new city map.

A communication was received from Dr. J. E. Schon asking for a larger apportion of cemetery ground for the use of the Anglican church. The communication was referred to the standing committee with power to act.

A letter was also received from Wm. M. Brewer of Rossland, asking that the city make an appropriation for the purpose of advertising the mineral resources of British Columbia in the Engineering and Mining Journal. The clerk was instructed to write Mr. Brewer asking for fuller particulars.

A petition was presented asking that an appropriation be made for the Citizens' band. The clerk was instructed to write the manager that the band would be paid $5 per week for playing on the public street not less than one night per week, Saturdays preferred.

The following bills were presented and ordered to be paid:

Miller Bros	$35 35
Cunningham & Anderson	58 75
Boyd, Burns & Co.	63 28
G. F. Craig	10 00
J. L. White	9 50
Fashion Livery Stable	5 60
G. N. Owen	13 00
A. Larkins	29 80
Hunter-Kendrick	1 65
Columbia Telephone Co	3 00
Rendell & Co.	2 20
Caulfield & Lamont	29 95
Greenwood Hardware Co	53 50
Atwood & Thompson	17 50
Cameron & Palmer	10 40

The arbitration committee reported as follows: Ostroski offered to give a free deed for land required by the city for an alleyway on the condition that he has the right to erect an archway over the alleyway 12 feet high, and that the city shift warehouse back to its proper grade; that he be paid $800, he paying all legal and other expenses up to date on his side, and that Silver street be narrowed to 60 feet between Greenwood and Wellington streets. The report of the committee was recepted and the necessary steps were ordered taken to put it into effect.

The treasurer was empowered to draw a check for $275 in payment for city safe now at depot. The nuisance inspecior was instructed to strictly enforce clause 12 of the health by-law.

Council adjourned.

WAR NOTES.

It is believed here, says a Cape Town dispatch of May 9th, that on the arrival of the British at the Vaal river a proclamation will be issued annexing the Orange Free State to the dominion of the Queen, and demonstrating the determination of the Queen's forces to assert British supremacy. The British losses at Brandfort are now reported to have been much heavier than was first reported. After the battle the British patrols visited the farm houses in the surrounding districts, and all the men were taken prisoners, while horses and guns were removed. Lord Roberts is thus adopting a sterner policy with a view of preventing guerilla fighting in the rear of the British. Horses are now commandeered, and farmers' houses, where guns are found, are destroyed while the men are arrested.

Six hundred British cavalry crossed the Vaal Friday at Kalnberg, about 18 miles below Fourteen Streams and went to Taungs followed by commandoes. A second detachment of British crossed at the same place on Saturday. The Griqualanders under General Anzwegen, after being reinforced, repulsed the British and forced them in the direction of Taungs. General Anzwegen was killed. The other Boer casualties were seven wounded. The British loss was heavy. Everything was brought away from the laagers except a few tents left to attract the enemy's shells. Taungs is occupied by 500 Boers.

A dispatch to the London Daily Telegraph from Smaldeel, dated Tuesday, May 8, says: "Stores are being accumulated here. Convoys are proceeding regularly to the north, and also to Wynburg. General Hutton's brigade, while skirmishing yesterday, took 60 prisoners."

A Pretoria dispatch of May 9th, says: President Kruger has received a telegram from a burgheress asking if the time has not arrived for the formation of a corps of women, adding that she is prepared with a body of volunteers to take up arms in defense of the independence of the Transvaal.

THE CORPORATION EDITOR.

(Written for the Miner.)

'E's a bloomin' funny Tommy
And 'e talks a lot o' bosh.
The C. P. R. 'as strings on 'im,—
Which isn't any josh.
'E's a talkin' through 'is whiskers
Because 'e's paid to lie,
And the 'arm 'e'll do Joe Martin,—
You can put it in your eye.

'ARRY.

This is Rich.

Grand Forks, May 12.—Charles Powell, local manager for the Hunter-Kendrick company, is authority for the statement that one firm in this city recently paid $80,000 for freight rates for a period of three months.

Has Montgomery, Ward & Co. established a branch in that large city?

Labor Mass Meeting.

There will be a mass meeting of laboring men in Miller's hall on Saturday evening, May 19. All friends of labor are requested to attend the meeting.

Great Bargains in men's straw hats at G. F. Williams.

TISDALL RESIGNS

Will Not Oppose the Premier in Vancouver.

Houston is Nominated in Nelson.—Union Labor Meeting—Mackintosh Coming to Greenwood.

Vancouver, May 13.—C. E. Tisdall, ex-M. P. P., has resigned his nomination on the straight conservative ticket and is retiring for business reasons. The convention meets on Monday evening to elect a new candidate. Ex-Attorney-General Eberts left this afternoon on a stumping tour to Lillooet and other points.

Houston Nominated.

At the convention of the Provincial party, which met in Nelson on Saturday evening, John Houston was tendered a unanimous nomination as the party's standard bearer in the approaching provincial elections. The convention surpassed all other gatherings of the kind both in point of attendance and enthusiasm, and the ovation which the candidate received upon being presented to the convention was one which will doubtless linger in the recipient's mind for many years to come.

Fight For Leadership.

There is a fight on among the conservatives as ts leadership. C. H. Mackintosh of Rossland has money and is spending it freely in hiring brazen-throated spellbinders and in purchasing newspapers. Charles Wilson of Vancouver has the prestige of nominal leadership and a platform that not even he himself stands on. What a fall this is from the traditions of the grand old party that John A. Macdonald kept in power for a quarter of a century. —Tribune.

Jeffries Defeats Corbett.

New York, May 11.—Jeffries won the fight with Corbett, putting his opponent out in the 23d round with a left-hander on the jaw. The betting before the fight was 2 to 1 on Jeffries. The men's weights when they entered the ring were: Corbett, 182 pounds; Jeffries, 200. Jeffries entered the ring at 10:20 p. m., and was followed a minute later by Corbett. The men shook hands and at 10:34 were in readiness for the contest to begin.

POLITICAL EXTRACTS.

W. M. Lawrence, a hardware man at Revelstoke, was the choice of the Martin liberal convention on Saturday. H. A. Brown, L. Lewis, F. Lewis, etc., were other names mentioned.

Ralph Smith, an ardent worker in the interests of the masses, says of Hon. Joseph Martin: "His principles are first-class. If Joe Martin gets into power and brings forward the principles he has laid down I will support him."

Hewitt Bostock has been given some straight pointers by his liberal friends. The result will likely be that his organs, the Vancouver Province, Kamloops Sentinel and the little rooter, the Golden Era, will be whipped into line. —Ferguson Eagle.

PICKED SPECIMENS.

Little swear-wheels, in form not unlike the Burman prayer-wheels, are now in use on the golf links in Kashmir They are conducive to silence, as when one misses a particularly good stroke, one takes the wheel hurriedly from the caddie and violenty turns it around.

Two Boston men on their way to Taunton on their wheels, stopped at a farm house for bread and milk A small boy of six or thereabouts seemed interested in them, and offered to do the "cake walk" for two cents. After the performance they invited him to have a cooky. He took one without any acknowledgement, when one of them asked, "Do you know what 'thank you' is in English?" Without any hesitation the youngster made answer, "Do you know what 'shut up' is in French?"

A braw son of Scotia accepted an invitation to spend a fortnight with a friend in London, whose quarters were in the dense purlieus of Clerkenwell. On joining his host at breakfast the morning after his arrival the following colloquy took place, much to the annoyance of the mistress of the house: Host.—"Well, Sandy, old man, how did you sleep?" Sandy.—"Aweel, mon, to say the truth, na so vara weel." Host.—"I am sorry to——" Sandy (interruptfng)—"Ah, dinna fash yesself, mon! I was better aff than the fleas, for they never closed a blessed e'e the whole night."

At a meeting of an autograph society composed of young women in Chicago, one particular celebrity who had remained obdurate to all requests for his signature was almost unanimously voted a "mean old thing." The one girl who had not concurred in the general condemnation asserted that the others did not know how to manage this particular lion. "I'll show you," she declared, and forthwith wrote and mailed to the celebrity a request composed of only two words. They were "Autograph please." At the next regular meeting the girl appeared triumphantly waving a sheet of letter-paper over her head. It was the reply of the celebrity. He seemed reproachful. All he wrote was: "You must be pressed for time," with his signature following.

The family of Count Tolstoi has a large circle of acquaintances and hardly an evening passes but there are guests, says the Newcastle (England) Chronicle At one music party a lady's singing displeased Count Tolstoi's boys, and they adjourned to another room and made a noise, Their father lost patience and went after them, and a characteristic admonition ensued.

"Are you making a noise on purpose," he asked.

After some hesitation came an answer in the affirmative: "Y-y-yes."

"Does not her singing please you?"

"Well, no. Why does she howl?" declared one of the boys, with vexation.

"So you wish to protest against her singing?" asked Leyeff Nikolaevitch, in a serious tone.

"Yes"

"Then go out and say so, or stand in the middle of the room and tell everyone present. That would be rude, but upright and honest. But you have got together and are squealing like grasshoppers in a corner. I will not endure such protests."

Call at Robbins Bros. stables for first-class saddle and driving horses. They have the nobbiest rigs in town.

PLATFORM OF THE MARTIN GOVERNMENT.

1. The abolition of the $200 deposit for candidates for the legislature.

2. The bringing into force, as soon as arrangements can be completed, of the Torrens registry system.

3. The redistribution of the constituencies on the basis of population, allowing to sparsely populated districts a proportionately larger representation than to populous districts and cities.

4. The enactment of an accurate system of government scaling of logs, and its rigid enforcement.

5. The re-enactment of the disallowed labor regulation act, 1898 and also all the statutes of 1899, containing anti-Mongolian clauses if disallowed as proposed by the dominion government.

6. To take a firm stand in every other possible way with a view of discouraging the spread of Oriental cheap labor in this province.

7. To provide for the official inspection of all buildings, machinery and works, with a view of compelling the adoption of proper safeguards to life and health.

8. With regard to the eight hour law the government will continue to enforce the law as it stands. An immediate enquiry will be made by the minister of mines into all grievances put forward in connection with its operation, with a view of bringing about an amicable settlement. If no settlement is reached the principle of the referendum will be applied and a vote taken at the general election as to whether the law shall be repealed. If the law is sustained by the vote it will be retained on the statute books with its penalty clause. If modifications can be made removing any of the friction brought about, without impairing the principle of the law, they will be adopted. If the vote is against it the law will be repealed.

9. To re-establish the London agency of British Columbia, and to take every effective means of bringing before the British public the advantages of this province as a place for the profitable investment of capital.

10. The retaining of the resources of the province as an asset for the benefit of the people, and taking effective measures to prevent the alienation of the public domain, except to actual settlers or for actual bona fide business, or industrial purposes, putting an end to the practice of speculating in connection with the same.

11. The taking of active measures for the systematic exploration of the province.

12. The borrowing of money for the purpose of providing roads, trails and bridges, provided that in every case the money necessary to pay the interest and sinking fund in connection with the loan shall be provided by additional taxation so as not to impair the credit of the province.

13. In connection with the construction of government roads and trails, to provide by the employment of competent civil engineers and otherwise that the government money is expended upon some system which will be advantageous to the general public, so that the old system of providing roads as a special favor to supporters of the government may be entirely discontinued.

14. To keep the ordinary annual expenditure within the ordinary annual revenue, in order to preserve intact the credit of the province, which is its best asset.

15. To adopt a system of government construction and operation of railways, and immediately to proceed with the construction of a railway on the south side of the Fraser river, connecting the coast with the Kootenay district, with the understanding that unless the other railways now constructed in the province give fair connections, and make equitable joint freight and passenger arrangements, the province will continue this line to the eastern boundary of the province. Proper connection with such Kootenay railway to be given to the island of Vancouver. With respect to other parts of the province, to proceed to give to every portion of it railway connections at as early a date as possible, the railway when constructed to be operated by the government through a commission.

16. A railway bridge to be constructed in connection with the Kootenay railway across the Fraser river, at or near New Westminster, and running powers given over it to any railway company applying for the same, under proper conditions.

17. In case it is thought at any time advisable to give a bonus to any railway company, the same to be in cash, and not by way of a land grant; and no such bonus to be granted except upon the condition that a fair amount of the bonds or shares of the company be transferred to the province, and effective means taken to give the province control of the freight and passenger rates, and provision made against such railway having any liabilities against it except actual cost.

18. To take away from the lieutenant-governor-in-council any power to make substantive changes in the law, confining the jurisdiction entirely to matters of detail in working out the laws enacted by the legislature.

19. The establishment of an institution within the province for the education of the deaf and dumb.

20. To repeal the alien exclusion act, as the reasons justifying its enactment no longer obtain.

21. An amicable settlement of the dispute with the dominion government as to Deadman's Island, Stanley Park and other lands, and an agreement with Mr. Ludgate, by which, if possible, a sawmill industry may be established and carried on on Deadman's Island, under satisfactory conditions, protecting the intererts of the public.

22. Proper means of giving technical instruction to miners and prospectors.

THE WESTMINSTER CONFESSION.

An Unelected Infant sighed out its little breath,
And wandered through the darkness along the shores of death,
Until the gates of heaven, agleam with pearls, it spied,
And ran to them, and clung there, and would not be denied—
Though still from earth rose mutterings: "You cannot enter in;
Depart into Gehenna, you child of wrath and sin."

At last the gates were opened; a man with features mild,
Stoop down and raised the weeping and Unelected child.
Immortal light thrilled softly down the avenues of bliss,
As on the infant's forehead the spirit placed a kiss.
"Who are you, thus to hallow my unelected brow?"
"Dear child, my name was Calvin—but I see things better now."
—Boston Transcript.

POLITICAL EXTRACTS.

Charles H. Mackintosh, candidate in the Rossland riding of the-boys-who-do not-know-where-they-are-at-on-any-political-question, passed through Nelson yesterday from a trip to eastern Canada. —Tribune.

The Martinites claimed Victoria at a meeting of the liberal association Friday night. Their candidates for president, vice-president and secretary being elected by narrow majorities. George Riley, the veteran president, was defeated by W. H. Hanna, a strong Martin man.

The provincial party people are trying hard to make the people on the coast believe that Martin borrowed a lot of his platform planks from them. If this is true Joe is to be pitied. If the provincial party were returned to power it would be a case of out of the frying pan into the fire. Of the two parties give us Joe's. The provincial party claim that their policy is one of common sense. Kaslo has been suffering from that common sense for the past years.—Kootenain. And Greenwood says amen!

John Keen's embracive policy has been the subject of much discussion in Slocan riding and it is conceded that the ex-mining recorder runs a pretty good chance of beating Bob Green. The latter's election addresses go over much the same ground as Keen's, but as Keen has the best of it in the way of looking after the interests of the miners and prospectors, he may catch some extreme votes, also by his advocacy of the extension of the franchise to women. Both Keen and Green are over in the Slocan Lake district hunting for votes.—Nelson Miner.

PHOENIX NOTES.

The C. P. R. track should be completed to the Phoenix mines in another week.

The 8000-ton ore bins at the Knob Hill and Old Ironsides have been filled with ore waiting transportation facilities.

In the Snowshoe tunnel ore has been encountered at a distance of about 150 feet.

Thomas Roderick has returned from a two-months trip to St. Paul, Chicago and Hamilton, Ont.

The Phoenix board of trade, at a meeting held last week, endorsed the Kettle river tramway act.

TUESDAY, MAY 15, 1900.

WORKINGMEN, ATTENTION!

If the laboringmen of the province will only take pains to find out what the anti-Martin party say and think of them in their struggle for shorter hours and better wages, *there will not be a single* one of their votes cast for an anti-Martin candidate on June 9th.

In the Victoria Colonist of May 10th, one sufferer of Martinphobia writes as follows: "Those promises of Mr. Martin and others, of a millenium, where hours, wages and taxation *will be* regulated to suit the workingman are all balderdash, mere baits to catch the votes of those ignorant of the inevitable laws governing these matters." But the writer says further on: "I write this not because I pretend to pose as the entirely disinterested friend of the wage-earner. I am in a small way an owner of real estate in the province, and I am bound to suffer if the present disasterous state of affairs continues."

The only clause in the Martin platform concerning the length of a working day is number eight, which says: "With regard to the eight-hour law the government will continue to enforce the law as it stands, etc." This anti-Martin maniac must perforce be an opponent of the eight-hour law, as in heart are the great majority of the remainder of that faction. He owns up at the close of his indignant tirade against Mr. Martin and his policy, that he is taking this stand from a selfish, personal motive, that he may suffer if the laboringman only works eight hours, and yet demands regulation pay. The writer must be a sheep-herder or a back-land rancher, who has been accustomed to working his men 16 hours in 24 and paying them in board and clothes and $5 a month. The quicker such pin headed calamity howlers hie themselves back to their Australian or New Zealand rabbit reserves, the better off will our province become.

EDITORIAL NOTES.

About the vilest attack yet made on Hon. Joseph Martin is the attempt of the Winnipeg Free Press and the Regina Leader to blacken him with the slime of their own peculiar views.—Toronto Telegram.

The Mackintosh crowd is getting discouraged. His push now realize that public sentiment is rising against them and their candidate, and that Hon. Mr. Mackintosh will be swept into political oblivion next month.—Industrial World.

At Princeton Mr. Murphy promised to strongly support a reasonable subsidy for a railway from Hope through the Similkameen, as well as promising his Martin says we will use the subsidy to build the road ourselves; and Mr. Martin's idea will commend itself to the electors.

We were of the opinion that Greenwood had a board of trade, but according to the Phoenix Pioneer we have none, Phoenix being the only proud possessor of that august body in this section of British Columbia. Phoenix will be coming out next with a mayor and aldermen and calling herself the "metropolis of the Boundary," that is, if the Pioneer has its own sweet way.

The period of faintness experienced by Mr. Ross on the evening that he received the linguistic castigation by Premier Martin must have caused him to dream strange dreams, for in an interview with the Rossland Miner (Mackintosh's organ), he says that "the majority of the audience clearly showed that they had no use for Martin." Mr. Ross perhaps imagined the large audience was cheering his own appearance on the platform. When will his eyes be opened?

The *following is an extract from* Charles Wilson's Vancouver address.

"How many votes will we lose by reason of having no party organ? In *my opinion absolutely not a single vote.* —Why? Because the power of the press to influence the votes of a great party contending for a great principle is practically nil."

In the face of these remarks what reasons will Mr Wilson give for the purchase of the Westminster Columbian? Will he lend us its editorial columns to support Mr. Martin. Unless he does we will be forced to believe Mr. Wilson *insincere.*

The Victoria Colonist on May 10th indulged in an anti-McInnes, grand-stand play, and finished spasmodically as follows: "Where do we stand? Manifestly with nothing left us except the employment of force, in other words, rebellion. We have had usurpation, shall we be forced to rebellion?" What consummate idiots people who are fighting *on the losing* side will make of themselves. No means are too low or too senile to be used if there is a vote to influence. The anti-Martin party seeing that they are being worsted in the political fight, are now making a pretence of fearing rebellion. What infantile trash for a paper to publish in this enlightened country; and especially infantile are the publishers in imagining that such stuff will influence a single voter in this province.

Report on the Waterloo.

At a special meeting of the Waterloo Mining & Milling Company on Saturday it was unanimously decided to increase the capital stock by 250,000 shares, making the capitalization 1,250,000 shares. The increase is to go into the treasury, and has been made to permit of the further development of the mine, which is in Camp McKinney, B. C. A large part of the stock was represented in person or by proxy at the meeting, and the decision to enlarge the capital was made unanimously. It was reported that the mill had been restarted crushing last Tuesday, and that there was sufficient ore on hand to keep it running for several months.

In a report of the directors to the stockholders, made on March 20, a financial statement showed that the money received from all but 10,000 of the 200,000 shares in the treasury had been spent on mining, the mill, hoist, pump and supplies, leaving only a small amount in the treasury. With the additional funds secured by the sale of the additional treasury, it will be impossible, according to the calculations of the management, to put the mine on a self-sustaining, dividend-paying basis. The addition of five more stamps to the mill is contemplated, as the management believes that the mine cannot give paying results with the present limited capacity of the mill.

The record of work accomplished by the expenditure of funds secured by the sale of the original treasury and returns of bullion is given in the report as follows:

"One shaft near the eastern portion of our property, was sunk to the depth of 85 feet. A drift of 260 feet was run west from the shaft to a depth of 65 feet; also a drift of about 40 feet to the east. Until the west drift was in about 180 feet, the ledge was much broken up, but at that distance and at about 80 feet depth ledge became strong, in solid formation, and nearly six feet wide. An average assay from the face of the ledge went 21.44. This ledge held its width for at least 50 feet, when it narrowed to 18 inches to two feet. In driving through this narrow ledge a drift four feet wide, a large quantity of waste was broken down and passed through the mill, which reduced the earnings of the mill very materially. Owing to the freezing of the water in our ditch we were compelled to close the mill down on Feb. 1. Since the closing of the mill drifting both east and west has been continued in ore. So that there is no doubt whatever in the minds of your directors but what the property is in better condition than at any time before, and with depth we will have an ore shoot that will run the full length of the company's property."—Review.

The Boer Character.

Injustice, cruelty, and rapine have always been the watchwords of the Transvaal Boers. Their religion takes its color from the darkest portion of the Old Testament; lessons of mercy and gentleness are not at all to their liking, and they seldom care to read the Gospels. What they delight in are the stories of wholesale butchery by the Israelites of old; and in their own position they find a reproduction of that of the first settlers in the Holy Land. Like them they think they are entrusted by the Almighty with the task of exterminating the heathen native tribes around them, and are always ready with a scriptural precedent for slaughter and robbery. The name of the Divinity is continually on their lips, sometimes in connection with very doubtful statements. . . . One very unpleasant characteristic they have, and that is an absence of regard for the truth, especially where land is concerned. Indeed, the national characteristic is crystallised into a proverb, 'I am no slave to my word.' "—Rider Haggard.

Prince Patrick of York.

O, Paddy, dear, and did you hear
The news that's going round?
The shamrock blooms as ne'er before
All o'er Irish ground:
The Queen has come to Dublin town
And right on top o' that,
She telegraphs the Duke of York,
To call the baby Pat.

She might have given to the Duke
The choice of several names;
For instance, Matthew, Mark and Luke
And John and Joe and James:
And Jacob, Isaac, Abraham,
But no—instead of that,
She telegraphs the Duke of York
To call the baby Pat.

She might have wished the boy to bear,
Some Scotch or English name,
Some chieftains of the mighty past
That fills the trump of fame;
But Scottish names she put aside
And English—think of that—
And turning to the Emerald Isle,
She said: "Let's call him Pat!"

O, Paddy, dear, 'tis very clear
The shamrock's blooming right,
So let's be wearing of the green
And dance a jig tonight;
The Queen has come to Dublin town
And right on top o' that
She telegraphs the Duke of York
To call the baby Pat!

—New York Mail and Express.

The Midway Celebration.

The following is the official programme for the grand celebration at Midway on May 24:

HORSE RACES.

	First Prize.	Second Prize.
Free-for-all, ½ mile and repeat	$100 00	$40 00
Free-for all, 600 yards dash	20 00	25 00
NOTE—Winners in above races barred from all other races.		
Local horses only, ¼ mile and repeat	40 00	20 00
Saddle horses, 600 yards dash	25 00	15 00
Boys' pony race, ¼ mile dash	10 00	5 00
Novelty race, ½ mile	10 00	none

TROTTING.

Single driver and four-wheel rig	25 00	10 00
NOTE—Entrance fee for above races 10 per cent. of purse, excepting boys' pony and novelty races, for which there is no entrance fee.		

BICYCLE RACES.

Free-for-all, ½ mile and repeat	25 00	15 00

Running long jump, $10.00; three trials.
Running high jump, $10.00; three trials to clear.
Men's foot race, 100 yards, $10.00 and $5.00.
Greenwood Band in attendance.

GOD SAVE THE QUEEN.

GENERAL NEWS NOTES.

Three Forks, May 10.—Twenty-two delegates from six towns, in an enthusiastic meeting last night unanimously endorsed the business men's selection and nominated John Keen to contest the Slocan riding.

A. K. Stuart of Greenwood, one of the original proprietors of the News, has received an appointment as western mining representative at the Paris exhibition. The appointment is in every respect a good one, Mr Stuart being an accomplished French and German scholar, and possessing a wide range of knowledge concerning the mineral production of this province.—Vernon News.

Mrs. W. J. Harber of Greenwood arrived in town on Monday and will spend the summer here. Mr. Harber is expected up in a few days.—Vernon News.

Martin and Curtis are now in Greenwood camp. They had a hot encounter with Editor Duncan Ross of the Greenwood Daily Times, who has been a hot anti-Martin man. Ross attempted to make a string of charges against Joe, who waited till Dunc finished, then literally dusted the fixtures with him, amid howls of laughter from the audience. Ross was glad to escape.—Vancouver World.

An order in council has been passed doing away with the charge of $1 per acre for dominion lands in British Columbia entered for homesteads. In future these lands will be granted on the same terms as under the dominion lands act for Manitoba and the Northwest.

J. E. Gilbert, an insurance expert from San Francisco, has been appointed secretary of the B. C. board of underwriters, vice J. H. Hobson, resigned.

The Nanaimo Typographical union passed a resolution censuring their representative in the trades and labor council for voting in favor of a resolution endorsing the candidature of Ralph Smith.

Liberal-Conservatives.

"There is no such party in this Canada of ours as the liberal-conservatives, and never was. The prefix liberal is a case of appropriating a title which the conservatives have no more right to do than they have to be regarded as an angelic party. We have time and again challenged those using the title liberal-conservative to state their right to do so, but never an answer has been made, or a justification for appropriating that which does not belong to what is the correct and proper title of the party, namely, tory or tories.—Vancouver World.

Lord Beaconsfield once said that a person describing himself as a liberal-conservative was a man of no force, who had not the courage to be a liberal, or the sense to be a conservative.

The Golden Eagle.

The machinery for the Golden Eagle mine is being installed upon the property. The shaft, which is now down 130 feet, will be continued to the 200-foot level, when crosscutting and drifting will be commenced This property is one of the best on the North Fork, the ore running high in gold and copper, and is owned by the Royal Victoria Gold Mining company. The principal shareholders in which are L. S. M. Barrett and P. P. Sharpe, both of Greenwood. James Fox is managing superintendent of the property.

The Mountain View.

The second and third payments have been made on the Mountain View claim in Summit camp. This makes $10,000 already paid and $15,000 more to come. The principal owners in the property are Pat Welch, J. C. Scrafford, J. W. Stewart, G. A. Rendell, V. Monier and John Dorsey. Considerable work has already been done on the property and a good body of copper opened up. Extensive development will be carried on during the coming season.

Hats Off to Canada.

The Bloemfontein correspondent of the Daily News, describing Greater Britain at the front says: "To Canada we take off our hats. She has sent us, besides other worthy representatives, a regiment of infantry that wins admiration from every soldier for marching, endurance or fighting. It can challenge a comparison with any battalion in Lord Roberts' army, and that is saying a good deal."

LABOR NOTES.

Men of labor, heirs of glory,
Heroes of unwritten story,
Nurselings of one mighty mother;
Hopes of her and one another,
Rise, like lions, after slumber,
Shake your chains to earth like dew,
Which, in sleep, had fallen on you,
You are many, they are few.
—Percy Shelley.

Western Canada is now solid for government ownership of railways, and before many years Ontario and the maritime provinces will demand that all monopolies be publicly owned. Monopoly is an economic necessity; but only the sovereign people have the right to monopoly, as private monopolists exercise the despotic power of taxation without representation. Shall the monopolies own he people, or the people own the monopolies?

To sum up the brief and incomplete biil of requirements of the ideal labor unionist, he should be honest, truthful, sober, vigilant, non-partisan in politics, supporter of the union label, alert in securing strengthening alliances, a counsellor of moderation, an earnest advocate of the shorter workday, and a subscriber of a good labor paper. His domestic virtues have not been touched upon because the man who comes up to this ideal will be a good citizen and necessarily will be a good husband and father.—Citizen and country.

A Great Piece of Engineering.

The one perpendicular shaft in the Calumet runs down a distance of three-quarters of a mile, says the Western Mining World. The sinking of this shaft was the greatest piece of modern engineering known. The management figured that if the copper vein dipped at an angle of 43 degrees from the surface and kept on for a great distance down, it certainly would be caught by running straight down from the surface if a drift were sunk a distance from the others. This was done, and after three years of sinking and encountering nothing but earth, the copper was struck. The miners working from a drift in the perpendicular shaft and those working from the other direction came together one day, and the pick struck within an inch of the surveyors' underground estimate. Now a man can go down the shaft at the Calumet hotel, run down half a mile in a perpendicular shaft, cross over in a drift, and come up on surface two miles from where he started on the top of the ground—the most novel underground promonade in America.

Us Cannucks.

When the New York Sun chorties about Canada being in a defenceless state, because a few volunteers have gone to Africa, the brilliant N. Y. luminary is whispering through its snuffers. Defenceless! Pull the extinguisher over your glim, pretty shiner. Judging from recent events, if we had an army we would be defenceless. Thank heaven, we haven't an army, but in case of home defence every man in the country is capable of shouldering a gun, and without a day's drilling, will undertake to make rings around any trained army in existence.—Bobcaygeon Independent.

Credit Where Credit is Due.

After sixteen years of uninterrupted power, a government composed largely of capitalists was succeeded by one of radical, with the redoubtable Joe Martin as its recognized head, although holding the portfolio of attorney-general. For some unknown reason, perhaps jealousy, during the recess between the first and second sessions of the legislature, Mr. Martin was unceremoniously ousted from the cabinet. He went into opposition and finally succeeded in wrecking the government he had made. The lieutenant-governor has been severely criticized for dismissing the Semlin-Cotton government, but no unbiased man would think of saying he acted unwisely. That his honor has acted in the interests of the people in calling upon the Hon. Joseph Martin to form a government remains for the electors on June 9th to decide. Meanwhile Mr. Martin is appealing to the people on a platform that includes many radical planks, including government ownership of railways, reenactment of disallowed labor legislation, abolition of the $200 by candidates for the legislature, and anti-Oriental legislation. Yet many are timid, not from fear of the platform, but the man who built it. Mr Martin, however, is putting up a great fight, and with the old parties split on the question of introducing dominion party lines into provincial politics, hitherto ignored, there is no knowing what will be the final outcome.—T. H. Twigg, Presipent Victoria T. and L. Council, in Citizen and Country.

SIMILKAMEEN MINING NOTES.

From the Star.

The Vermilion Forks Co. have started work on the Princeton claim on Kennedy mountain. Supt. Hall has a force of men driving a tunel which will tap the ledge at a depth of 500 feet. The rock in the face is heavily mineralized, native copper being found scattered through the rock in several places.

The richest ore found on Copper mountain comes from the Copper Bluff claim. Solid kidneys of pure bornite have been taken out in the late development done by Messrs. VanMills and Aldous.

Development on fhe Lost Horse is being pushed. The property is improving rapidly with depth.

The Princess May has one of the richest copper showings in the Similkameen.

The Hidden Mystery group is looking well. The shaft is down about thirty feet, the bottom of it being in solid ore. The development of the east slope of Copper mountain is showing that Sunset peak has not the only mine by quite a few. The McRae, Beaver, Morgan and other properties are turning out some of the finest ore yet found on the mountain.

Aspen Grove camp is now one of the busiest camps in the district. Wells and Poullinere, Burr and Jones, R. Cramer and several others are hard at work developing their properties. On the Cincinnati the Bate boys are in 115 feet with the tunnel. This property is looking very well. H. Schmidt is developing his numerious claims but expects to concentrate his work on the banner claim of the district, The Big Soo.—Star.

LOCALS AND PERSONALS.

Alderman Sharpe is going around town with one eye in a sling. Not from any pugilistic encounter, but because he used his head instead of his hands to stop a swift cricket ball on Saturday.

Smith & McRae have just received another large consignment of stationery. They carry the largest stock in that line in the Boundary country.

Ladies, come in and get a good Sailor for 50c. G. F. Williams.

Mr. Robins of the Palace livery stable kindly remembered the volunteer firemen on their last night of meeting, by sending up a case of liquid pleasure. Good health, Mr. Robins; may others turn benedict soon.

Charlie the Trader was in town during the week.

Drop in and see our stock of summer suits. G. F. Williams.

G. R. Naden and James Anderson have returned from a toip to Fairview.

Clive Pringle left on Saturday and F. J. Finucane on Monday for a trip to the old country.

Mayor Hardy is expected home this week.

Men's and children's boots and shoes at cost. G. F. Williams.

W. J. Snodgrass will give Price Ellison a run for his money in East Yale. He is a political campaigner of several years standing and deservedly popular in the district.

Mr. McBride Bolster townsite agent, was thrown from his carriage on Saturday and had his foot badly sprained.

Duncan Ross has returned from Rossland, no longer afraid of Eales.

One Pelton water wheel, or any old thing. At A. L. White & Co.'s.

L. B. DeVebber, accountant in the Rossland branch of the Bank of Montreal, is now stationed at Greenwood as acting manager during Mr. Finucane's absence.

Thomas McDonnell received a telegram yesterday telling of the death of his sister-in-law at Colville.

Robin's stable is the place to get a good saddle horse.

R. L. Patterson, representing Miller & Richards, type manufacturers, Toronto, was in the city yesterday.

The Windsor hotel had a grand opening on Wednesday evening.

No assistance yet given by Greenwood city to the Sandon fire sufferers. The city must be dead broke.

Mrs. Sutherland, the wife of the acting mayor, is ill with la grippe.

Go to Rendell's Arcade for up-to-date gent's furnishings.

Greenwood is the only town in British Columbia that has given no assistance to the Sandon fire sufferers. Some day she may be needing assistance herself.

Is Greenwood going to celebrate on July 1?

Police Court News.

Thomas Corkrill, charged with indecent exposure, was brought up before Magistrate Hallett on Monday morning and fined $50.

George L. Hansen, charged with stealing six bottles of whisky from the Kootenay hotel, was remanded till Wednesday morning.

Mrs. Foo Lee, drunk and disorderly, was discharged.

Mackintosh Coming.

C. H. Mackintosh will probably be in Greenwood some day this week. He will get a courteous if not a cordial reception.

GENERAL NEWS NOTES.

An Ottawa dispatch says the following is the official list of the Bisley team: Pte. Langstroth, 74th batt.; Sergeant Wain, 14th P. W. O. R.; Sergeant Carruthers, 4th Hussars; Gr A. Fleming, 5th R. C. A.; Captain Kirkpatrick, Q. O. R.; Lieutenant Smith, 59th; Lieutenant Munro, 44th; Pte. Fink, G. G. F. G.; Sergeant Morris, 13th; Lieutenant Graham, 77th; Sergeant McVittie, 48th; Lieutenant McCrimmon, 7th; Lieutenant Ogg, 1st B. F. A.; Sergeant Smith, 48th; Pte. Milligan, 14th P. W. O. R.; Lieutenant Blair, 78th; Sergeant Corrigan, 59th; Lieutenant Crooke, Q. O. R.; Sergeant Morse, 69th; Corporal Annand, 43d.

George A. Keefer, C. E., of Victoria, has been appointed resident engineer of British Columbia, succeeding Joseph R. Roy, appointed secretary of the public works department.

An Ottawa dispatch says that a delegation of the Canadian Press association is there asking for the removal of postage from newspapers and periodicals on account of the unfairness of the zone system and the increased cost of news print.

Meeting of Shareoolders.

At a meeting of the shareholders of the Payne mine, held at Montreal recently, the president announced that the dividends would be resumed, but he did not specify the amount. It was explained that the present output of 1000 tons a month would net $57 a ton, or $57,000 per month, which takes $15,000 for working expenses and leaves a net monthly profit of $42,000, or more than sufficient by $16,000 to pay a monthly dividend of 1 per cent. on the capital of $2,600,000. The old board was reelected, Colonel Henshaw being president.

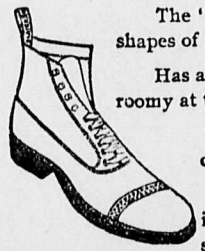
Looking for Specimens.

Mineral specimen dealers throughout the country are looking for fine specimens of rhodochrosite, rhodonite, stibnite, in fine crystals and pyromorphite specimens are in fair supply, but particularly choice specimens are scarce.

The health of the demented King Otto of Bavoria is completely broken and the end is expected soon.

You Never Saw An Ugly Pair of Slater Shoes....

"The Slater Comfort Shape."



The "Slater Shoe" is designed in the twelve foot-fitting shapes of which the "Comfort" is one of the leader.

Has a wide sweeping curve on the outside, full round toe, roomy at the great toe, high instep and handsome curves.

Comfortable as its name denotes, a combination of strength and appearance.

A catalogue showing all the shapes, styles and leathers of the "Slater Shoe" free to every enquirer.

Every pair Goodyear welted with makers' name and price stamped on the soles.

$3.50, $4.50 and $5.50.

and yet many of them cover comfortably most unlovely feet. Beauty and style without comfort in shoes is easily attainable. Comfort without appearance is equally simple.

It's the combination of these which raises shoe making to an art. The presence of this art you realize when you don your first pair of Slater Shoes.
