GREAT CELEBRATION

Greenwood Will Have Two Days ot Sports and Fun.

Greenwood Will Hold High Carnival June 29th and 30th.—Committees Are Now at Work.

A large meeting was held in the city hall on Friday evening. D. A. Cameron occupied the chair and Julius Ehrlich was appointed secretary. The committee decided to celebrate on the last two days of June. The following sub-committees were appointed:

Finance—W. M. Law, D. A. Bannerman, D. A. Cameron.

Sports—C. Scott Galloway, Jas. Dallas, A. W. Strickland.

Decorations—Thos McDonnell, C. E. MacPherson, F. C. Holden.

Horse Racing—A. Ferguson, Col. Armstrong, James Sutherland.

Music and Dancing—Fire Chief Henton, Geo. Miller and E. H. Mortimer.

Drilling—Ronald Harris, Mike Kane and Duncan Mackintosh.

Printing—P. P. Sharpe, C. G. Cunningham and F. F. Ketchum.

Messrs. Mayor Hardy, W. M. Law and D. Ross were appointed a committee to arrange an excursion to the city over the C. & W.

It was decided to hold all the races and sports in the business part of the city.

It was also decided that the Mayor be asked to proclaim the 29th a public holiday.

In all probability base ball, foot ball, LaCrosse and cricket will be features of the celebration.

Bolster Editor in Town.

Mr. Haggerty of the Bolster Drill, which will make its initial appearance among reservarion newspapers in a few days, passed through Greenwood on his way to the coast. Mr. Haggerty dropped into the MINER office for a few minnutes chat. He feels sure that Bolster is going to be the city of the reservation. Mr. Haggerty will return in a couple of weeks.

THE WORLD OVER.

The Yaqui Indians, after several weeks of inactivity, have again become very annoying to the Mexican troops near Torin. Several night attacks have been made recently, and a number of casualties are reported. It is thought the Yaquis are again gathering in large force in the mountains about 50 miles northwest of Toran.

By the judgment of Justice Mathews, in the Queen's Bench division of the high court of justice today, insurance companies will have to pay their policies on the gold requisitioned by the Transvaal just prior to the outbreak of the war. Two claims, each for $500,000 have been decided in favor of the plaintiff's, mining companies, the judge holding that no state of war existed at the time of seizure of the gold, says a London dispatch of June 1st.

The London Standard publishes the following from Tien Tsin, dated April 9: "As a sample of the Chinese government's treatment of the Boxers, I give the text of a secret order sent to the government of Yan, in Shang Tung:

'In reply to the governor of Shang Tung, who reports that he has found it necessary to repress the patriot Boxers' society with a strong and heavy hand, we think it cannot be expected that such simple people can know that they have done anything amiss. If a strong hand is manifest, they will not bear a permanent grudge against the governor. We assure the governor that if future troubles arise, he himself must bear the consequences. Let the good people be dealt with in a merciful and generous way to the benefit of all.'"

A Vancouver dispatch of June 1st says: "The appeal in the Nelson voters list case was heard before the full court all day, and argument was not concluded tonight, and will probably occupy all tomorrow forenoon. The whole discussion was on technical points based on the rules of election procedure The principal feature was the dispute between Macdonald and Taylor as to what had occured at Nelson in the various adjournments before Mr. Justice Drake, and what were the undertakings then given. E. P. Davis, appearing with Mr. Macdonald on behalf of the respondents, applied for an adjournment which would have defeated the end of Taylor's appeal to have the judges' votes brought brought from Nelson, but this was refused.

To the Electors of Rossland Riding of West Kootenay:

GENTLEMEN:—

I solicit your support as a candidate at the approaching provincial elections. My platform is that of the present government, and is set out on another page, and I pledge myself to support the principles and measures therein announced.

A joint meeting of the Unions affiliated with the Trades and Labor council of Rossland and the affiliated Unions ot Greenwood, having done me the honor to endorse my candidature, I consider myself as much a labor candidate as a government one, and whether the government be sustained or not, I shall, if elected, be always found heartily supporting measures designed to benefit and elevate labor, no matter from which side of the House emanating, and I shall also strenuously oppose any attempt to repeal or emasculate the eight-hour law.

I am yours faithfully,

SMITH CURTIS.

VULGAR POLITICS

Being Indulged in By Mackintosh's Supporters.

But Will Prove to be a Boomerang—Their Defeat is Sure and Certain—News From the Mines.

The following is the character of campaign literature that Mr. Mackintosh's friends are getting out and circulating throughout the district.

We feel sure that men of self-respect will forsake such a vulgar cause and that united labor will relegate the authors of such trash to political oblivion:

> The Devil has for lying well
> Given this card to me,
> But since thou greater lies can tell
> I'm Ordered by the King of Hell
> To hand it o'er to thee.

> Presented to
> SMITH CURTIS and
> HON. JOSEPH MARTIN.

LOCAL MINING ITEMS.

Last week the first train load of ore was shipped from Wellington camp to the Trail smelter and consisted of two cars from the Golden Crown, one from the Athelstan and one from the Winnipeg.

The Winnipeg Mine is about pumped out and development work will be resumed at once.

At the 100 foot level on the Hartford a body of ore 20 feet in thickness has been cross-cut. It is of an excellent grade.

The Gold Drop is making arrangements for making a trial shipment to the Trail smelter.

The lead has been encountered in the Strawberry on the North Fork. The ore is high grade.

Development work on the Earthquake group in Brown's camp is having excellent results.

Hon. Joseph Martin on Independence.

Just as there are two totally distinct sorts of men who call themselves liberal, so there are two totally distinct sorts of men who are described as independent. Mr. Martin has given us his opinion both of the spurious liberalism of the machine and of the spurious independence of men who like the machine heeler, are devoid both of principle and of patriotism. He is himself as a public man, a signal example of true liberalism and true independence. True independence, indeed, is a part of true liberalism. Mr. Martin's independence is based on self-respect and a regard for principles and the public good. And just as he despises the spurious "liberalism" that is but another name for servile, sordid abandonment of principle and of country, so he despises the spurious "independence," that is but another name for the same lack of regard for principle and for country.—Winnipeg Tribune.

PICKED SPECIMENS.

This is said to be the title of a genuine essay evolved by a boy in a Welsh board school:

"King Henry VIII was the greatest widower that ever lived. He was born at Anno Domini in the year 1066. He had 510 wives besides children. The first was beheaded and executed. The second was revoked. She never smiled again. But she said the word 'Calais' would be found on her heart after her death. The greatest man in this reign was Lord Sir Garnet Wolsey. He was sir named the Boy Bachelor. He was born at the age of fifteen unmarried. Henry VIII was succeeded on the throne by his great-grandmother, the beautiful and accomplished Mary, Queen of Scots, sometimes known as the Lady of the Lake, or the Lay of the Last Minstrel!"

When the new minister, a handsome and unmarried man, made his first pastoral call at the Fosdicks', he took Anna up in his arms and tried to kiss her. But the child refused to be kissed; she struggled loose and ran off into the next room, where her mother was putting a few finishing touches to her adornment before going into the parlor to greet the clergyman.

"Mama," the little girl whispered, "the man in the parlor wanted me to kiss him."

"Well," replied mama, "why didn't you let him; I would if I were you."

Thereupon little Anna ran back into the parlor, and the minister asked:

"Well, little lady wont' you kiss me now?"

"No, I won't," replied Anna promptly, "but mama says she will."

When Sir John Steele, the noted English sculptor, had the Duke of Wellington sitting to a statute he wanted him to look warlike. All his efforts were in vain, however, for Wellington seemed, judging by his face, never to have heard of Waterloo or Talavera. At last Sir John lost patience somewhat, and this scene followed:

"As I am going to make this statute of your grace, can you not tell me what you were doing before, say, the battle of Salamanca? Were you not galloping about the fields cheering on your men to deeds of valor by word and action?"

"Bah!" said the duke in evident scorn; "if you really want to model me as I was on the morning of Salamanca, then do me crawling along a ditch on my stomach, with a telescope in my hand."

State Treasurer "Jim" Davidson of Wisconsin is a fat, happy, good-natured feliow, who likes to take life easy and always look on the sunny side of things. He happened to be present at a revival meeting in a small town not far from Madison. The preacher was eloquent and Mr. Davidson was very much interested in what he had to say. The singing was good, too, and Mr. Davidson was forcibly reminded of the good old days when he was younger and had participated in many such a meeting.

At one stage of the meeting young men went through the audience, asking each one, "Are you a Christian?" If the answer was a negative one, then an appeal was made to the person addressed to at once seek the throne of grace.

Mr. Davidson was lost in thought when one of these young men tapped him on the shoulder. He looked up inquiringly.

"Are you a Christian?" asked the earnest young man.

"No!" Ah bin Norwegian," replied Mr. Davidson, slowly.

PLATFORM OF THE MARTIN GOVERNMENT.

1. The abolition of the $200 deposit for candidates for the legislature.

2. The bringing into force, as soon as arrangements can be completed, of the Torrens registry system.

3. The redistribution of the constituencies on the basis of population, allowing to sparsely populated districts a proportionately larger representation than to populous districts and cities.

4. The enactment of an accurate system of government scaling of logs, and its rigid enforcement.

5. The re-enactment of the disallowed labor regulation act, 1898, and also all the statutes of 1899, containing anti-Mongolian clauses if disallowed as proposed by the dominion government.

6. To take a firm stand in every other possible way with a view of discouraging the spread of Oriental cheap labor in this province.

7. To provide for the official inspection of all buildings, machinery and works, with a view of compelling the adoption of proper safeguards to life and health.

8. With regard to the eight-hour law the government will continue to enforce the law as it stands. An immediate enquiry will be made by the minister of mines into all grievances put forward in connection with its operation, with a view of bringing about an amicable settlement. If no settlement is reached the principle of the referendum will be applied and a vote taken at the general election as to whether the law shall be repealed. If the law is sustained by the vote it will be retained on the statute books with its penalty clause. If modificatious can be made removing any of the friction brought about, without impairing the principle of the law, they will be adopted. If the vote is against it the law will be repealed.

9. To re-establish the London agency of British Columbia, and to take every effective means of bringing before the British public the advantages of this province as a place for the profitable investment of capital.

10. The retaining of the resources of the province as an asset for the benefit of the people, and taking effective measures to prevent the alienation of the public domain, except to actual settlers or for actual bona fide business, or industrial purposes, putting an end to the practice of speculating in connection with the same.

11. The taking of active measures for the systematic exploration of the province.

12. The borrowing of money for the purpose of providing roads, trails and bridges, provided that in every case the money necessary to pay the interest and sinking fund in connection with the loan shall be provided by additional taxation so as not to impair the credit of the province.

13. In connection with the construction of government roads and trails, to provide by the employment of competent civil engineers and otherwise that the government money is expended upon some system which will be advantageous to the general public, so that the old system of providing roads as a special favor to supporters of the government may be entirely discontinued.

14. To keep the ordinary annual expenditure within the ordinary annual revenue, in order to preserve intact the credit of the province, which is its best asset.

15. To adopt a system of government construction and operation of railways, and immediately to proceed with the construction of a railway on the south side of the Fraser river, connecting the coast with the Kootenay district, with the understanding that unless the other railways now constructed in the province give fair connections, and make equitable joint freight and passenger arrangements, the province will continue this line to the eastern boundary of the province. Proper connection with such Kootenay railway to be given to the island of Vancouver. With respect to other parts of the province, to proceed to give to every portion of it railway connections at as early a date as possible, the railway when constructed to be operated by the government through a commission.

16. A railway bridge to be constructed in connection with the Kootenay railway across the Fraser river, at or near New Westminster, and running powers given over it to any railway company applying for the same, under proper conditions.

17. In case it is thought at any time advisable to give a bonus to any railway company, the same to be in cash, and not by way of a land grant; and no such bonus to be granted except upon the condition that a fair amount of the bonds or shares of the company be transferred to the province, and effective means taken to give the province control of the freight and passenger rates, and provision made against such railway having any liabilities against it except actual cost.

18. To take away from the lieutenant-governor-in-council any power to make substantive changes in the law, confining the jurisdiction entirely to matters of detail in working out the laws enacted by the legislature.

19. The establishment of an institution within the province for the education of the deaf and dumb.

20. To repeal the alien exclusion act, as the reasons justifying its enactment no longer obtain.

21. An amicable settlement of the dispute with the dominion government as to Deadman's Island, Stanley Park and other lands, and an agreement with Mr. Ludgate, by which, if possible, a sawmill industry may be established and carried on on Deadman's Island, under satisfactory conditions, protecting the intererts of the public.

22. Proper means of giving technical instruction to miners and prospectors.

Dirty Journalism

The following article appeared in the Nelson Economist of May 30th, and was credited to the Greenwood MINER. Last week the News-Advertiser did the same thing. The article never appeared in the MINER, but in the Greenwood Times of May 26th, and the MINER has no intention of being held responsible for any of the political editorial trash that appears in that journal The Economist will kindly retract its statement and credit the article to its father, who I have no doubt will, in a few weeks be glad to disown it:

"The Greenwood MINER says: 'Hon. C. H. Mackintosh has prepared and issued a plain statement in reference to his position and that of his opponents on the labor question. The statement is so concise and to the point that it is is well worthy of reproduction. He says in reference to Martin and labor, that 'The Hon. Joseph Martin is premier of British Columbia. He is appealing to the people to support him. Some of the workingmen of Rossland think he is all right. He impresses them by his public attitude to corporations. What is his real attitude to corporations? He makes great capital out of his opposition to the C. P. R. in Manitoba. The C. P. R. paid him a retaining fee and he left the fight in Manitoba. He quit the people's cause in Manitoba to work for a corporation in British Columbia, the same corporation he fought there. This, his friends say, shows what a smart man he is. It does.' "

Snodgras-Ellison-Rayoner.

At the political meeting in Vernon on the 23rd ult., Mr. Snodgrass made some of the East Yale mossbacks open their eyes at his fluent address, even the Vernon News, a strong opposition paper had the following to say:

"Mr Snodgrass followed with a fluent criticism upon Mr. Ellison's remarks, during which he said that he was prepared to stand or fall upon the plank of an eight hour law for all workers, including farmers."

Mr. Snodgrass made an excellent impression as he has all over the riding and the chances are excellent for his election.

The Next Boer Trek.

CHICAGO, June 1.—A special to the Tribune from Denver says: "Governor Thomas has given his endorsement to a gigantic proposition, having for its object the bringing of the defeated Boers to the valley of the Platte in Colorado."

Pyritic Treatment a Success.

Word received from Andrew Laidlaw says that the pyritic treatment of the Boundary creek ore is a complete success. Mr. Laidlaw will be in Greenwood in a few days when work will be begun on the Marguerite.

EDITORIAL EXTRACTS.

Referring to C. H. Mackintosh, the Regina Leader under date of Nov. 7, 1895, says: "For the honor of an honorable and picturesque institution, and for the preservation of its own prestige, the government cannot too quickly recall the Lieutenant Governor of the Territories.

Liberal and Conservative newspapers are agreed on one thing, that on the platform Premier Martin has no equal on the coast. Dealing with the solid facts, it is doubtful if his equal is to be found in Canada.—Winnipeg Tribune.

Two weeks from tonight will see the close of the campaign in British Columbia. Whichever way it goes, the campaign will be known as one of the most remarkable in Canadian history. It has been characterized principally by the tremendous energy, ability and force of Joseph Martin, and by the striking reception accorded to his platform.—Winnipeg Tribune.

It is true that last week the World intimated that intimidation would be resorted to by Mackintosh's supporters. This week the World is in a position to say that it has already been attempted, and is prepared to prove it.—Industrial World.

Time brings its revenge. The day was when the Alberta Tribune was the only paper in the territories that dare criticise Charles Herbert Mackintosh. Some remained silent; others denounced the Tribune for its crime of lese majeste. The Tribune was content to wait for a justification of its words. Of all the grovelling sheets which six months ago inserted the Lieutenant-Governor's puffings of himself, and endeavored in their own weak way to emulate those inimitable specimens of sickening adulation. there is now "none so poor as do him reverence." The columns of almost every paper in the Territories have recently been filled with letters complaining of the unpaid prizes and accounts in connection with the Territorial fair whose gross mismanagement by the governor the Tribune was assailed for denouncing.—Alberta Tribune, Nov. 16, 1895.

TUESDAY, JUNE 5. 1900.

The opposition are being driven to the wall, and are using all sorts of specious arguments to obtain votes; but they are damaging their cause with every turn. Duncan Ross in his speech (?) last Wednesday night tried to raise a nationality cry and thus antagonize American miners. These same miners were the men to open up this country and make it worth to Canada what it is now. If the Mackintosh people are going to condemn American miners, they will also condemn American merchants, of whom we have several in Greenwood, and who are of the best class. Mr. Ross referred to Mr. Chris Foley's trip to Denver, where, as a prominent miners' union man, he went to attend an international convention of miners, and tried to make capital out of a Canadian miner attending such a convention. Mr. Mackintosh and his supporters will have to change their tactics if they wish to catch any mining votes in this section of the riding. But as they and their schemes are now well known, it will do them no good to change. Curtis will be elected.

Mr. Chris Foley, who addressed the Curtis meeting here on last Wednesday night, is a native-born Canadian, and the greater part of his life has lived and voted in Canada, and has always been a strong supporter of the rights of the laboring class, whatever their occupation might be. He has been in Rossland since Rossland started, and considered one of its best citizens. He is the president of the British Columbia branch of the Western Federation of Miners'; and a cowardly Greenwood knave dared say he looked like a dynamiter. How do the miners' and other unions look upon this insult to one of their members? The answer will be given on June 9th.

Hon. J. C. Brown in a speech at Vancouver said: "Men and women of British Columbia, is this to be the white man's country or the yellow man's? It is for you to answer. If you say the white man's then give us your support, and we'll do what mortal man can do to rid the province of this terrible curse, Mongolian labor. If the yellow man's vote for our opponents, the corporations, monopolists and champions of privilege. They want the yellow man to help them make money. We want white men and their families to make happy, contented homes, build up a grand province, be an honor to Canada and an ornament to the British crown."

The platform of the Martin government is the policy of the people. Its three principal planks are:

1st. Enforcement of eight-hour law.
2nd Keep out the Mongolians.
3rd. Government ownership of railways.

The electors in this riding will uphold the government policy by voting for Hon. Smith Curtis.

One of the most contemptible things of the whole campaign, if current reports be true, is that a collector of votes, after taking down the names of those wishing to be registered, found out the political feelings of the electors and only sent to Rossland the names of those pronouncedly in favor of C. H. Mackintosh.

The positions of Ross—First he introduces into the Greenwood liberal association a motion endorsing the platform of Hon. Joseph Martin; and now he is out with his little hammer, which, by the way, is only made of compressed wind for the originator of that platform. "Consistency thou art a jewel!"

Gordon Hunter, an opposition candidate, says: "I admit that I am supporting a disorganized rabble but I want to defeat Martin. He will not do anything for me. He believes in legislating for the confounded people."

Three cheers for the man who dares oppose the money juggler and legislate for the people.

Hon. A. G. Blair, Minister of Railways for Canada, was right when he declared that "the country must own the railways or the railways would own the country," and Mr. Blair is strongly backed up by the Hon. Joseph Martin. Vote for him and for government ownership of railways.

We have received a copy of the initial issue of the Chesaw Times, which is a credit to a town the size of Chesaw. The issue is filled with interesting reading of Myers Creek properties. May it long live and prosper.

The Greenwood Dominion day celebration will be the greatest yet held in the Boundary Creek Metropolis. Big prizes will be offered and every other inducement to make it a pronounced success.

Mr. E. V. Bodwell at Rossland, though condeming the Hon. Joseph Martin, spoke in highest terms of Hon. Smith Curtis, and made no attempt to oppose his election in this riding.

Mackintosh is a dead letter. His own friends have no expectation of his election. Curtis is the man for the Boundary.

Mackintosh promises are flying thick around Greenwood, but they have no effect on the electors.

From Slocan reports it looks as though George Kane would lead at the polls.

Smith Curtis' majority appears to be rolling up, he will have at least 500.

Smith Curtis will have the support of all branches of organized labor.

Vote for Hon. Smith Curtis the friend of labor.

GENERAL NEWS ITEMS.

WINNIPEG, May 28.—Walter Scott, editor of the Regina Leader, was nominated to-day by the Liberals of West Assiniboia to oppose N. F. Davin, Conservative, at the next Dominion elections. Hon T. J. H. Ross, member of the Northwest Government, was first tendered the nomination but declined to leave territorial politics for the Dominion arena.

Philadelphia, Pa., May 30.—Pennsylvania won the intercollegiate boat race between the second crews of that university and Cornell and Columbia, by about six lengths, Cornell second.

The University of Pennsylvania won the intercollegiate cricket championship defeating Harvard by a score of 101 to 62.

Toronto, May 30.—Robert Birmingham slipped quietly from here yesterday afternoon, but up to the present time no one, apparently, knows where he has gone, but indications point to a successful attempt to keep the wily organizer quiet regarding Conservative party matters.

LOCKPORT, N. B., June 1.—News has just been received here that the village of West Green Harbor, about five miles from this place, has been almost wiped out by forest fires raging in that vicinity. Sixteen buildings were destroyed with little insurance and a number of families are homeless.

THE HAUGE, June 1.—The first chamber has rejected by 29 to 20 votes the government bill to insure workmen against accidents. It is expected that the ministry will resign.

OTTAWA, Ont. June 1.—(Special.—The Secretary of State for Colonies has been pleased to offer ten appointments in the West African constabulary as assistant inspectors to officers in the Canadian army. The military pay is to be £300 a year, with £25 to £30 each year additional.

FROM THE SEAT OF WAR.

CAPE TOWN, May 31.—General Warren with 700 men occupied a strong defensive position at Fabersput on May 29. At dawn he found that he was surrounded and was fiercely attacked by 1,000 rebels. The horses were stampeded by the force, concentrated, and the Boers were repulsed. A small party in a garden continued to fight tenaciously, but evacuated as the charge began, leaving a number of wounded. The British lost fifteen killed, including Colonel Spence, and thirty wounded.

VYNBURG, May 31.—After considerable fighting the Boers, with two guns and several Maxim guns are making a plucky stand eight miles east of Senekal. General Rundel succeeded in driving off the Federals, thus permitting the British to occupy the town of Lindley unopposed.

LONDON, June 1.—A belated dispatch from Kroonstad dated May 29, reports that President Kruger is very ill and adds that the station master at Kroonstad says the president was dead but this was not credited.

Canadian Born.

We first saw light in Canada, the land
beloved of God.
We are the pulse of Canada, its marrow and its blood.
And we, the men of Canada, can face
the world and brag,
That we were born in Canada, beneath
the British flag.

Few of us have the blood of kings, few
are of courtly birth;
But few are vagabonds or rogues, of
doubtful name or worth.
And all have our credentials that entitles us to brag
For we were born in Canada, beneath
the British flag.

We've yet to make our money, we've
yet to make our fame,
But we have gold and glory in our clean
colonial name;
And every man's a millionaire if only
he can brag,
That he was born in Canada, beneath
the British flag.

No title and no coronet is half as proudly worn,
As that which we inherit as men,
Canadian born.
We count no man so noble as the one
who makes the brag,
That he was born in Canada, beneath
the British flag.

The Dutch may have his Holland, the
Spaniard have his Spain,
The Yankee to the south of us, must
south of us remain.
For not a man dare lift a hand against
the men who brag,
That they were born in Canada, beneath the British Flag.

ENDORSES HON. SMITH CURTIS.

A Mass Meeting Composed of Delegates From Various Unions Endorse the Goverument Platform.—Trades Council Issues Circular Letter to Organized Labor.

The following letter has been issued by the Trades and Labor Council of the Boundary district:

Greenwood, B. C., May 21, 1900.

Dear Sir:—

A mass meeting of organized labor held in Greenwood on Saturday evening, May 19th, 1900, unanimously endorsed the Martin Government and platform, and the candidature of Hon. Smith Curtis. Representatives were present from all the Unions, and from these a committee was appointed to act in conjunction with the Curtis committee.

You not being present at the union mass meeting, and knowing that you have the interests of labor at heart, we take this opportunity of notifying you of our action, in order that you may work with us in the return of a goverernment favorable to organized labor.

We remain, yours fraternally,
M. Kane, President.
E. C. Fisher, Secretary.

SLOCAN POLITICS.

Green is stuck on the unions, which is no wonder. Through them he expects to ride into Victoria, where, from his past record, he would be about as strong as a June bug in a Manitoba blizzard.—New Denver Ledge.

Miners are fond of taking chances. In the present game of politics many of them are gambling on the Green. They will probably keep playing until the 9th of June when some fellow will raise Kane by shouting Keeno!—New Denver Ledge.

Martin and the C. P. R.

The Brantford Expositor, Liberal, says: It is currently reported that the Canadian Pacific railway company has resolved to interfere in the pending general election in British Columbia, that it has bought up several newspapers to oppose Mr. Martin, and that some of its more prominent officials have gone, or are about going to the Pacific coast to secure his defeat. Such reports may be unjust to the Canadian Pacific company, but if they are true, the situation is a very serious one for both the company and the country. Any corporation covering so much territory and employing so many men as the Canadian Pacific does, must always be able to wield an important influence in the management of public affairs, if it chooses to take a corporate interest in them. On the other hand, such interference is very apt to react unfavorably on the corporation, because the latter is sure never to get credit for disinterestedness, and the general public will sooner or later take umbrage at so dangerous a practice.

CAN'T TELL TRUTH.

The Greenwood Times Falling Into the Ways of the Grand Forks Gazette.

On June 2nd, the Times editorially says: "To show how sincere the Martin gang are in their professions of loyalty to the union men's interest, one has only to look at the bottom of the cartoons which have been scattered about the city and he will find the name of a well-known scab printing office in Vancouver."

And in which there is not an iota of truth. To satisfy ourselves we wired Vancouver and got the following reply:

Vancouver, June 2, 1900.
Greenwood Miner,
Greenwood, B. C.
Trythall' strictly union office. Unionized about four months ago.
J. F. WATKINS.

Mr. Watkins is secretary of the Typo union in Vancouver.

What's next, Ross?

The Grand Forks Liar.

The following article appeared in the Rossland Miner of June 2nd:

"Grand Forks, B. C., June 1.—Mr. Wollaston has tendered his resignation as chairman of the local Martinite committee and is now working for Mackintosh and the cause of good government."

Mr. Wollaston was compelled by business to go to the coast but will be back in time to cast his vote for Mr. Curtis, for whom he has never ceased working.

A Contemptible Letter.

The letter in the Greenwood Times of June 1st, entitled, "Wednesday Night's Meeting," and signed "A Lover of Truth,"—when it should have been "An Arrant Knave"—was the dirtiest article that has appeared in that Mackintosh journal during the present political fight. It says that Mr. Chris Foley's speech on Wednesday night was a tissue of lies and Mr. Foley himself looked like a Coeur de Alener. Now, as Mr. Mackintosh and others of his class have dubbed those people dynamiters, the idiot of a writer meant that Mr. Foley looked like a dynamiter. The cowardly author knew better than to sign his name to such an euffsion, and any man of brains reading that letter will stignatize the writer as a coward, a cur and a knave.
