Toba Inlet Fish
1906

Terra Nova came down Sept 3rd on her first trip with 1600 fish.
Constance came down Sept 5th with 500 fish
Terra Nova " " " 7 " 500 "
It is reported Fisheries officers are preventing the use of small mesh nets until after the 15th.
It is also reported that only about 4 boats are fishing so far.

Sept 7th
Rowan told me that on the trips of last week the Terra Nova carried about 3000 fish each trip (abt 9000 or 10000 for week) while this week it brought 4500 on the first and 4800 on the second. They are getting more than the Cold Storage can take care of.

Sept 30th
Cassidy only received 600 fish on this trip of the Terra Nova against 1399 that we received by the Card. We are paying 15 cents against their 12 cents. 26 boats all told are fishing on Toba Inlet and 15 of them are giving their catch to us

Oct 25th The total amount of Cohoes taken in Toba Inlet in 1906 was 42000 of which B.C. Packers received 31000 and we 11000. Of their share the Packers received 23000 before we first appeared in the field.

Halibut Notes

29th Saw Jas Brown who says he uses about 1000 & 1500 lbs at a time. Trade very small only & uncertainty of supply. Thinks Anderson may use 2000 lbs at one time. Dogs Joe 1000 lbs and Bledsill Market 300 & 500 lbs. Total for smokers about 5000 lbs at a time. Brown & Cooper & Government St Victoria may also use 1000 to 1500 lbs at a time.

all Brown's fish are soft smoked. Says the Seattle houses in his opinion smoke too hard.

Brown says the smokers cannot afford to pay over 3½¢ per pound for halibut as owing to shrinkage in weight this means 5¼¢ per pound cured.

Oct 5. Bain says Zoba Inlet Cohoes cost Columbia Cold Storage in 1904 15¾¢ each or a little less than 2¢ per lb. Only 45000 Cohoes taken there altogether against 68000 in 1903. The large quantity in 1903 made cost then 12¼¢ each. The cold storage in 1904 also received from Zoba Inlet 2000 Dog salmon at 3¢ each. These were sold as "Rainbow trout"

Nov 10th Dawe says halibut heads equal one sixth of weight of fish – after entrails are removed.

Gillespie reports Western Canadian Fish Co have sold two cars to the 7 wholesale dealers in London and that the trade in that city in 12 months in cod of all kinds amounts to 10 to 12 cars.

Feb 5th for Lincoln Willey Co's say price in Boston to day is 15¢ per lb for halibut.

W. Co's B.H.&Co Seattle (2B.W. letter Dec 15)
Have sold several carloads of codfish to come forward from S.F. this past week. Price 4 3/4¢ for large, 4 1/2¢ for medium F.O.B. S.F.

W. Co's Letter Nov 21st
Have sold fletched Halibut price obtained for last carload was 6¢ per lb.
Does not think anything can be done with herring but can handle cod & mild cured salmon. Think Boston not a good market for halibut owing to the position the N.E. Co have in the trade.

Dec 27/4 Fletched halibut sells for 5 1/2 to 6 1/2¢ delivered in Boston. Principal demand is early fall. Handled several carloads.

Estimate given Brennan of probable results of "Dauntless" operations (Boat capacity 120 M lb trip)

Cost of boat – including services of 2 men = 30 days @ $25 per day =		$
" " fuel 4 tons per day @ $3.00 per ton	= 30 " " 12 " "	3
" " board 22 men @ 50¢ per day each	= 30 " " 11 " "	3
Wages 3 Steamboat men @ Cook $50. Deckhand $40. Asst Eng. $60. =		15
Total cost boat & running expenses monthly		159

Say 2 trips monthly with 60 M lb per trip, would be 120 M lb fish averaging 30 lb ea. = 4000 fish @ 25¢ ea. 100

Duty entering U.S. @ 1¢ per lb	120
Cost boxes say 250 @ 80¢ each	200

Total estimated monthly cost, say	4200

Results

120000 lb @ 4¢ per lb = $4800

Less 5% 240

	4560
Estimated monthly profit	$360.

If 3 trips per month, additional cost would be

60 M lb fish averaging 30 lb ea = 2000 fish @ 25¢ ea =	500.
Duty entering U.S. @ 1¢ per lb	600.
Cost boxes & incidentals	200
Total additional cost	$1300.

Results

60 M lb @ 4¢ per lb = $2400.

Less 5% 120.

	2280
Estimated additional profit	$920.

Total estimated profit on basis 180 M lb monthly = $1280.

On basis of allowing 25¢ to men per fish running expenses would be $3000 per month. This is equal to 2½¢ per lb on 120,000 catch

Halibut Notes.

Size of boxes used by New England Fish Co.
Price

16 1/2" deep. 25" wide. 44 1/4" long all inside measurement. All made of double dressed spruce lumber. Ends are 7/8" dressed. Sides 3/4" tops and bottoms 3/4"

Cleats are put down in each corner. These cleats are 3" wide by 16 1/2" long and are made of 3/4" D.D. spruce.

Size of boxes used by Chlopeck Fish Co

(Chutter's letter 22nd May 1912) are as follows:-
For large & medium sized frozen halibut, also Steelheads, the outside measurement of our boxes are 50" long, 25" wide, and 17 1/4" deep. Sides, tops and bottoms are 1/2" and ends 7/8" after dressing on one side (outside) and with cleats in each corner of the box to strengthen it.
Small halibut and cohoes are packed in boxes 2" smaller in every way, but of same size lumber. All boxes are nailed and in shipping foreign are strapped with what is called 1/2" box strapping.
Frozen fish are packed 750 to 790 lbs to box.
All boxes are lined with 40 lb. express paper in rolls 24" wide. Fish are wrapped with one piece white paper called "newspaper stock" and one piece 40 lb. express paper. For large fish 36 x 48 paper is required; for smaller fish 24 x 36.
Chlopeck do not wrap the fish they sell in the U.S. (although they line the boxes) but most all other freezers do, and Chlopecks do on their export shipments.
They glaze ~~fish~~ as soon as frozen and again before boxing but do not box until ready to ship. They freeze for 40 hours

N.B. Dauntless lost her propeller while on fishing grounds and had to return for repairs otherwise her catch would have been much larger. Repairs took a week to do and boat only started on 7th trip on the evening of Feby 27th.

Cold Storage Notes

Chlopeck Fish Co use the following sized box for frozen fish of all kinds unless other sizes are specially ordered;-
The inside measurements of box used in domestic shipments are 42 1/2" X 22" X 15 1/2" (?) and is made up of 44" X 11 1/2" X 1/2" lumber for tops and bottoms 2 pcs
44" X 15 1/2" X 1/2" " " sides
22" X 15 1/2 X 7/8" " " ends
For export shipments they use the same inside measurements but use heavier lumber 3/4" for tops, bottoms, and sides, and 7/8" for ends.
The boxes want to be made so that they fit closely at the joints.
San Juan uses a larger size but Chlopeck does not know the dimensions.

Wallace Cold Storage Notes 6/6/1912. 6/24

Halibut boxes inside measurements 24 1/2" wide 15 1/2" deep and 48" long. Tops bottoms and sides are of 7/8" lumber Ends 1 1/8" lumber. Dressed both sides. Cleats 1/2" x 2 1/2" in ends
Steelhead boxes inside measurements, 16" deep, 22" wide and 42" long. Tops bottom and sides are of 7/8" lumber Ends 1 1/8" lumber. Dressed both sides. Cleats 1/2" x 2 1/2" in ends

In freezing fish, when they are to be tested to learn if they are thoroughly frozen Wallace strikes them with a hammer. If properly frozen they will ring; if not they will sound hollow.
Wallace pays 2 1/2¢ per lb for halibut dressed and headless delivered at cannery. Fishermen are given free ice but have to pay for bait themselves.
Wallace straps his steelhead boxes but not his frozen halibut boxes. He uses 3" nails on sides and 2 1/2" and 3" on tops and bottoms
