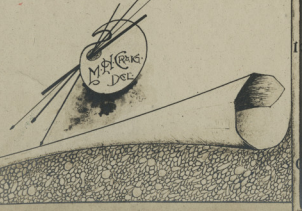
Note

In Dawson the Land of the Midnight Sun is a thing of beauty without a blemish. The shortness of the summer is countered by the long hours of sunshine which does not leave the earth but two in twenty-four hours and even then it barely dips below the horizon. The effect on vegetation is marvelous.



The Mid-night Sun, taken at 11:40 from the Dome back of Dawson

Scene of flowers in the Administration Park in Dawson, Yukon Territory.

Stewart River, near Fraser Falls. Aug. 1900. By Goetzman.
