Missouri Junction B.C. Feb. 4. 1907.

My dear Gladys I am writing to you on a proper sheet of paper, and hope you will like to get this as it is the way of farming in B.C. We are having lovely weather just now bright and frosty. I got pitched off my horse the other day but I will tell you how it came about in the letter. I hope Granny is all right again now and yourself as well I have just written to Aunt Sophy thanking her for my little present. Molly is very well and so are all the other three horses.

Yours D. Bulwer.
