My Dear Cousin 19/10/10 Northfield Vancouver B.C. Canada

I received your P.P.C. & thank you for the news behind it. First of all I am not offended in the least but would have liked a few words long before I got them. Well Dear your message seems to have a gloomy cast over it you certainly must have ~~have~~ had quite a heavy burden on your shoulders these last few months anyhow you had better build yourself up & look more on the bright side of life I am sure you are feeling your position but. Nellie Dear One there is above all others. Oh how He loves, I wish you were drawing near to these shores that would be a big change wouldnt it I ~~think~~ I will stay out here about 3 more years then hit for the Old Country. I notice Lucy wasnt long picking up I guess Molly will not be long Please send me Mollies address will you dear.

I have not picked up with any girl here it is not my desire I want to live my life in England so I aint pushing myself on This is my lot this time From your Dear One
