This hotel is so full, I never saw such business - We will be obliged to make reservations in Ric. but we stay here three days - Wed. Thurs. Friday - and go to Ric Sat. Next to the Jubilee its the greatest treat we ever had. Mame is all smiles and sunburn

We get along well, each one is careful & we are very happy together - She is enjoying herself tremendously

We came thro' such a horrible rent of the foot-hills - sagebrush & sand - but beautiful after that. Well you never see apples such as they have here - delicious. As the R. Alex is no where as good as the First Garry - shabby & yes dirty - neglected but this is perfect Love Mann
