Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 TROUT LAKE CITY, B.C., March 22, 1906 No. 21.

To Work Argenta.

A. C. GARDE WILL TAKE CHARGE OF DEVELOPMENT

THE PROPERTY IN POSITION TO BEGIN OPERATIONS AT ONCE.

A. C. Garde will leave for the north on Monday to take charge of the Argenta Mines, which are now in a condition for active operation. Seen yesterday by a representative of the Daily News, Mr. Garde gave an account of the mines and their recent history.

The Argenta group consists of 17 crown granted mineral claims, some of them fractional, covering in all about 500 acres. They are situated on Hamill creek, about four miles from where it empties into the Duncan river.

A vein of chalcopyrite, carrying high values in silver and copper, runs through the whole group almost due north and south. Development work has been going on steadily for the last three years, since the property was acquired by a Boston syndicate, represented by W. F. Almy, G. R. Angus and F. S. Woods.

The mines are at an average elevation about 3000 feet above sea level, a little over 1000 feet above Kootenay lake. The great problem confronting the owners was that of transportation. Although the property is only four miles from the Duncan river, the only route was by way of Hamill creek, which flows through a box canyon for nearly the whole distance. To get in any machinery a wagon road had to be constructed. After some delay government aid was secured, the company paying more than half the cost. The road was completed last fall, and in spite of the great difficulties of construction, it is generally considered one of the best in the Kootenay.

The work done on the property includes three long tunnels and crosscuts. The average depth of the workings is about 400 feet, with a maximum of 500 feet

It is the intention of the company to install a compressor plant on the property and construct an aerial tramway from the mines to the lake. A car of machinery is now on the road and is expected to arrive in about a week.

Mr. Garde could not say definitely when the company would be in a position to treat its ore, nor on what scale the operations would be conducted during the present year.

Rev. Sharp, who is now at Ashcroft, has been informed by the Methodist Episcopal Missionary Society of New York that his brother Robert, who has been a missionary in Korea, is dead after a short illness of typhus fever. The deceased has been in Korea for about three years, and his death is a distinct loss to the Korean mission.

Mr. Richardson, fire insurance adjuster, came in on Thursday to adjust the losses sustained by Mrs. O'Connor in the late fire.

Three miles and a half in three minutes and a half is the record time down the Broadview to wagon road.

Celebrate The 17th.

THE ORANGE AND GREEN PRE-EMINENT ON ST. PATRICK'S DAY.

CONCERT AND ENTERTAINMENT WAS GREAT SUCCESS.

Success crowned the efforts of the Ladies' Altar Society of the Catholic Church on St. Patrick's Day, for the Oddfellow's hall was packed as it never has been before. Long before the curtain rolled up the spacious hall was well filled, and the cry was "still they come." That the audience thoroughly enjoyed the program submitted was evidenced by the repeated demands for the reappearance of the artists. As ill-luck would have it, several of our most prominent performers were suffering with colds, but substitutes were found, and worthy ones they were too. Created a furore did Miss McIntyre with her terpsichorean effort. This young lady could fill the bill with any company of professionals, and the audience made the house ring with plaudits. Made a great hit did Monte Nesbitt with his harmonica. Here's a star in his own peculiar line. If there's a brighter, trot him out. Dr. Morrison, of Revelstoke has a baritone voice of exceeding sweetness and great range. His rendition of "Killarney" was, to say the least, brilliant. The audience opened out and called Mr. Morrison back. Mrs. R. Madden made her debut in an Irish dialogue with J. C. Murray, and the "Nora" of this lady was exceedingly well rendered. In response to the continuous applause Mrs. Madden sang "The Three Leaved Shamrock" in sweet voice and was heartily applauded. A "stranger in these parts" who sang a song of Ireland, and whose appearance on the stage in costume was the signal for an outburst of laughter, was "old Bob McCord." Bob did fine in both song and dance and got a round of applause. The other items of the program all call for words of commendation, and were as follows:

Overture (Pianoforte) .. Miss Hoe
Solo .. "Off to Philadelphia" F. E Groffman
Solo .. "Wheel the Baby out" Mrs. J. Craig
Recital "Shamus O'Brien" J. J. Atherton
Solo .. "Because I love you, dear" Mrs. Elliott
Recital "How Bill Adams won the Battle of Waterloo" G. Cheeseman
Dulcimer selection, "Gems from Ireland, W. Kelly (encored)
Recital .. "The Exile from Erin" Miss Cummins
Solo .. "My Irish Molly, O!" G. A. Cheeseman
Quartette "Summer and Winter"
Soprano, Mrs. Elliott
Alto, Mrs. Murray
Tenor, Mr. Cheeseman
Bass, Mr. Groffman.

Mrs. Wilkie accompanied the vocal items in a brilliant manner.

To say that the farce, "Betsy Baker," was excellent is putting it mildly. The audience roared with delight at poor Mouser's love making and subsequent troubles. Miss Susy Cummins as "Betsy" was superb. Her portrayal of a difficult character was splendid, and we hope to see this lady in comedy again. Mrs. Atherton as Mrs. Mouser well sustained the character. F. E. Groffman made a splendid Crummy; his style of acting being greatly appreciated. J. J. Atherton played Mr. Mouser in a manner which met the approval of the audience.

The cast was a follows:

MARMADUKE MOUSER — J. J. Atherton
MR. CRUMMY — F. E. Groffman
(Mouser's partner with a plot)
MRS. MOUSER — Mrs. Atherton
BETSY BAKER — Miss S. Cummins
(Mouser's partner in the plot)
ROBERT — Master Willie Atherton
Scene — Mouser's Residence

The entertainment concluded with the National Anthem, after which a banquet was given in the dining chamber. Dancing was also indulged in until midnight to music supplied by Mrs. Wisdom (piano) and J. Parisian (violin).

Local and General.

Gold Commissioner Chipman celebrated the sixtieth anniversary of his birth Friday of last week, and was the recipient of many congratulations on the part of his friends in Kaslo and elsewhere.—Economist.

Mr. and Mrs. Walmsley and family came up from Gerard for the glorious 17th. They were accompanied by Miss Marshall of Nelson.

Mrs. (Mother) Burrell is recovering slowly from her broken wrist.

We learn with regret of the death of the only child of Mr. and Mrs. A. Rankine, who left Ferguson some time ago to take up their residence at Midway. The bereaved parents have the sympathy of many friends through the Lardeau.

Thos. Leavall, of the Placer Co., intends moving his family to Trout Lake.

Frank Abey came over from Camborne Monday to clean up some business deals.

A CONTRADICTION.

Editor, Lardeau Mining Review.

Dear Sir,—A persistent rumor is current that is calculated to injure and defame me in the eyes of my friends and the public generally, which is to the effect that it is my custom to go on the hills in the summer and do the assessment work on a property in four days, and thus not meet the requirements of the Mineral Act.

Owing to my close association with the Methodist church here I should feel grateful were you to grant me space enough to vindicate myself.

I came to this country in the fall of 1898. The same fall I staked the Monitor and drove a 60 feet tunnel. My record of tunnelling, etc., on my own properties is as follows:

	Tunneling
Monitor	125 feet
Golden Gate	85 "
Immense	150 "
E.G.	90 "
Texas	80 "
Frances	30 "
St. Louis	100 "
Monte Cristo	30 "
Copper Mountain	40 "
Shaft on Texas	17 "
Total	747 "

Thanking you in anticipation of the insertion of the above, I am,

Yours truly,
J. T. LAUTHERS.

Trout Lake, March 21, 1905.

Gourlay Pianos are high priced, but worth their price. What if a Gourlay piano does cost a few dollars more? You get your money's worth. You obtain it in extra durability--years more of service provided for by the costliness of its construction; and you obtain it in its daily use—your delight and pleasure in its exceptional tonal beauty. We want you to see a Gourlay.

THE BEAUTIFUL LARDEAU

THIS is hardly the time to start out on your summer vacation, but we want you to consider the

LARDEAU

It is the place where nature can be seen in all its grandeur and magnificence. Its lakes, rivers, and mountain streams are filled with the finny tribe, and disciples of Ike Walton are in their glory. It is a resort entirely free from the mosquito pest. For information, write to the Secretary of Trades Committee or to the REVIEW.

THE BEAUTIFUL LARDEAU

Fred Elliott was at Camborne this week on business.

The telephone service shows quite an improvement since Hugh McPherson took charge.

The old steamer Victoria has been dismantled and the machinery taken to Okanagon lake.

John Haner has resigned his position as manager of the I.O.O.F. hall.

J. T. Lauthers returned from Nelson Monday night.

The Ladies of the Catholic community extend their heartfelt thanks to all who assisted in so many ways to make the entertainment, supper, etc., so great a success; also to the townspeople for the splendid manner in which they financially supported it.

FOR SALE.—Cottage and 2 lots. Good location. Apply.
J. R. HANER.

Dave Cowan and Fred Johnson came down from the Cup on Wednesday.

Jno. Morton will return from Minnesota about the 15th of April to resume work on the Big Tunnel operated by the Reward Mining Company.

The hockey game on Saturday afternoon, played here, resulted as follows: Trout Lake 4, Ferguson 2.

F. M. Bedell, of Spokane, who was up last year on Placer business, came in on yesterday's boat. He is a large holder of stock in the company, and is so well pleased with his experience of last year and the general outlook that he intends moving his family here at once.

FACTS AND FANCIES.

[BY OBSERVER.]

The Minnesota people who are wild-catting fruit lands around the rocky heights of Nelson are in the same class as the "gentlemen" who have been wild-catting stocks in mineral claims of the Lardeau. The Nelson papers are doing all they can by giving publicity to the methods of these confidence operators to prevent the unwary from being fleeced. We have always been willing, nay, anxious to assist any project where the promoters have honestly done their best to give investors a show for their money. All cannot be successful, and many fail after honest attempts. To those, however, who merely make a pretence of mining and whose sole object is to unload stock, we will not hesitate in exposing. We want money and outside capital to develop our resources, but it must come in on reasonably safe ground to make it work effective.

Brown senior informs Observer that the origin of the fire in the bush reported last week was as follows: He was cutting cordwood and feeling pretty husky. He had sliced off 31½ blocks in less than an hour, and was well into another when the whole log burst into flames. Ananias, Ananias! where art thou now?

Hats off to the local talent who performed on St. Patrick's Day.

And now the Fire Brigade are determined to raise money to purchase new hose. It is decided to hold a "Hard Times Ball" on Thursday, April 5th. This should prove a great attraction. The admission will be Gents $1, Ladies free.

A "man around town" made the remark in company this week that Trout Lake was getting to be the "cadgingest" town he ever saw. The remark followed a discussion relative to the ability of performers who gave their services to any worthy object where money was needed. It goes without saying that there are very few of the calibre of the mentioned "m. a. t." Every entertainment put on by the Dramatic Society or any other denonomination or body has been honestly worth the price asked, and we have the satisfaction of knowing every cent so raised remains in town. There are a few, however, who would fall over themselves to see a bum "professional" outfit, and would applaud vigorously even the lighting of the footlights, but would have no good word for local talent.

The Review costs $2 a year.

Hon. C. Wilson has resigned his position as Attorney-General in the McBride cabinet owing mainly to the illness of his wife. For some time it has been known that the position of T. Taylor, M.P.P., member for Revelstoke should be recognized in any changes in the cabinet, and it is likely that the vacancy will be offered to Mr. Taylor, who would take the position of Provincial Secretary, the Premier taking the Attorney-Generalship. It is stated it would conduce greatly to Revelstoke receiving the portfolio if the Premier could be assured that Mr. Taylor's appointment would be acceptable to his constituents, and that this could best be shown by assurances of his being elected by acclamation if he should be offered and should accept a portfolio.—Mail Herald.

Local Mining.

OF INTEREST TO THOSE WATCHING THE PROGRESS AND DEVELOPMENT OF THE RICHEST MINERAL SECTION OF THE PROVINCE

Mining interests are looking bright for the season. A large amount of work is blocked out and it is estimated that the production of 1906 will eclipse any previous years.

Lucky Boy.

Manager Ehrehart writes that he will return about 1st May prepared to work this group to its highest capacity. Before the close down between 15 and 20 men were employed, and it is expected this force will be largely increased. Ore shipments to date has run about $30,000.00, an average of $150 per ton.

Placer Work.

Thos. Leavall has been getting matters in shape for the Spokane Falls Placer Co., and a force of men will be put on in a few days. Invoices for pumping and hoisting machinery have been received and it is expected to arrive any day. The remarkable rich finds made in the creek heretofore without any up-to-date appliances augurs well for the future of the present company. As an indication of how the proposition is thought of locally, Andy Chain, who was the first mining recorder here, and who knows every phase and condition, has made a trade of some of his valuable real estate for a good sized block of stock. Andy says it looks like a good proposition to him and feels satisfied that by the way the company are going to work, they cannot help but make a winning.

Broadview.

Six men are now working on the ore and sending down at the rate of 100 sacks per day. The strike made last week created a good deal of enthusiasm both in Trout Lake and Ferguson. 1000 more sacks were ordered this week which is a good indication of the size of the ore body.

Silver Cup.

All reports from the Silver Cup state that the ore reserves are better and larger than ever before This means large shipments in the near future.

Free Coinage.

The work being done this winter is opening up this property in good shape. This property is held under lease by A. J. Gordon and associates, and the output will materially add to the ore production of the Lardeau this year.

Noble Five.

The owners of the Noble Five, where the big strike of galena was made last fall are getting ready to resume operations as soon as the snow goes off sufficienntly. The ore as it was exposed before work was stopped was about 18 to 24 inches in width and 30 feet in length. As much as much as possible will be shipped down as soon as the trail is opened.

Baltimore.

A good strike was made on this property last fall, and the owners are making preparations to resume operations as soon as conditions will permit. The last round of shots put in prior to the close down for the winter demonstrated that the face of the tunnel was plastered with galena.

The monthly clean-up of the Eva mill at Camborne for March was between $4500 and $5000.

in Trout Lake at the end of the month. Arrange to have your piano tuned.

With the appearance o and the snow roads breakin elling is not all honey the

THE NEW "FIGHTING MAC"

The liberal press are eulogizing J. A. Macdonald, leader of the opposition forces in the British Columbia legislature. We know that the honorable gentleman is a clever lawyer, and one of the brightest intellects of the Province, but he seems to have gone into his present position with the sole idea that all his powers (and they are many) be exercised in driving the Conservatives out of power. The investigations made at his instance both of the session a year ago and the one just passed into the operations of the Lands and Works Department proved that the business of the province was carried on in a business-like manner. His paltry objection to the river bank protection at Trout Lake on the plea that it was for the protection of private property was frivolous, and could only be made as an excuse for objecting.

"Object, object," seems to have been his motto. No matter whether it was on the surplus or not—he even objected to that. We acknowledge that as being in the opposition he is not in the position to make legislation, but we feel assured that if he would use the powerful intellect the Creator has endowed him with in constructive instead of destructive methods, the members of the Government would be only too pleased to avail themselves of it occasionally.

Thursday, April 5th. Grand Masquerade Hard Times Ball.

The I.X L. Mining Co., composed principally of Minnesota men, are making preparations to work on the I.X.L. group.

New York. March 20.—Silver, 65⅝; lead $5 35; copper 18 to 18½.

NOTICE.

Notice is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for a special licence to cut and carry away timber from the following described lands situated in West Kootenay District.

From a post planted on the north east side of Lardeau creek about ¾ mile east from Halfway creek and marked Seldon Daney's north-west corner post, running east 80 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains to point of commencement.

SELDON DANEY.

Trout Lake, B.C., Nov. 18, 1905.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 1 th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or other minerals:

To buy, sell, or otherwise to deal or traffic in gold, silver, copper, lead or other minerals and any of the products thereof and articles consisting or partly consisting thereof.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitselas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1899, covering a belt of land extending between the mouth of Kitimat River and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works.
Lands and Works Department.
Victoria, B.C., 31st August, 1906.

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

H. McPherson
Agent
Trout Lake, B.C.

Lots can be obtained on **EASY TERMS.** Make your selection at once. :: ::

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.

NELSON, B.C.

NOTICE

Tenders for Mineral claim forfeited to the Crown.

Tenders will be received by the undersigned up to 12 o'clock, noon, on Tuesday, the 6th day of February, 1906, for the purchase of the undermentioned mineral claims, which were forfeited to the Crown at the Tax Sale held in the Government office at Kaslo, B.C., on the 7th day of December, 1904.

To be considered, all tenders must be at least equal to the upset price, as given below, which is equivalent to the amount for which such claims could have been re-purchased by the owners on the 30th of June, 1905, together with the taxes which have accrued since the tax sale, the cost of advertising for tenders, and Crwwn Grant fee.

Claim	Lot No.	Upset price
Consolidated Virginia	3992	$45.05
Elk	3993	40.45
Speculator	3994	44.00

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Kaslo, in favor of the undersigned. The cheques of all unsuccessful tenderers will be immediately returned.
