Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 TROUT LAKE CITY B.C., Feb. 8, 1906. No. 15.

School Report.

SHOWS STANDING OF PUPILS IN INTERMEDIATE AND SENIOR GRADES.

The following is the school report handed in by S. Shannon, B.A., and shows the standing of the pupils in the intermediate and senior grades of Trout Lake school for the month of January :

5th Class.—

Alec. McPherson ..	612
Grace McPherson ..	451

4th Class.—

Willie Atherton .	390
Gordon McPherson.	350
Clarence Graham ..	341
Lena Vipond ..	278
Mila Graham ..	274
Horace Masterson .	263
Marjorie Fraser ..	257
Alice Murray ..	214
Ethel Johnston ..	177

Senior 3rd Class.—

Naomi Vipond ..	389
Charlie Haner ..	295
Will Johnston ..	227
Martha Johnston ..	189
George Haner ..	129

Junior 3rd Class—

Pearl McPherson .	292
Edith Abrahamson.	248
Catherine Vipond ..	215
Frank Abey	127
Olive Abey .	125
Tommy Johnston .	125

"A WORD TO THE WISE —."

The feeling shown not only in the Lardeau but throughout the whole of the province relative to the action taken by the Trout Lake people in the matter of the A. & K. Charter extension should be an instructive lesson to the British Columbia delegation in the Ottawa house.

We are the people who are affected in this deal, and we want the C.P.R. either to throw up the charter with its accompanying bonus or build the road.

Other considerations will not be accepted as an excuse. Our wishes must be paramount. It is a straight business deal in which the C.P.R. is granted a charter with a bonus to do certain work, and we insist on the fulfilment of the bargain. Patience has ceased to be a virtue and there will be trouble if our interests are not safeguarded in Parliament.

TEMPLEMAN SWORN IN.

Ottawa, Feb. 6th.—Senator Templeman was sworn in to-day as Minister of Inland Revenue. It is likely that the hon. gentleman will throw up his senatorship and run for the city of Victoria in the Commons. Mr. George Riley, the present member for Victoria city is taking Mr. Templeman's place in the Senate.

REVELSTOKE ASSESSMENT DISTRICT.

Notice is hereby given, in accordance with the statutes, that Provincial Revenue Tax, and all assessed Taxes and Income Tax, assessed and levied under the Assessment Act and amendments, are now due and payable for the year, 1906.

All taxes collectible for the Revelstoke Assessment District are due and payable at my office, situate at the Court House, Revelstoke, B.C This notice in terms of law is equivalent to a personal demand by me to all persons liable for taxes.

Dated at Revelstoke, B.C., this 22nd day of January, 1906.

FRED. FRASER,
Deputy Assessor and Collector,
Revelstoke Assessment District.

AT REST.

The Truro Weekly News of Feb. 1st, gives a graphic and detailed report of the obsequies of the late Richard Craig, Esq., father of our esteemed citizen, A. M. Craig, and we gather that the deceased gentlemen was held in profound respect. Citizens of all ranks and professions crowded into St. Andrew's church to pay their last respects to "one who for so many long years had gone in and out among them as a worthy and much respected fellow citizen.'

The Town Council were present in body to honor the memory of an ex-Mayor of the town. School Board and other bodies were also present, whilst various temperance lodges assembled in full regalia. Deceased was one of the charter members of the Truro division of the Sons of Temperance and the members gathered in large numbers. The pall bearers consisted of F. A. Laurence, M.P., and other influential gentlemen. The casket was covered with flowers and pretty emblems. A large cortege followed the remains of this deeply mourned citizen.

TRADES COMMITTEE SIT.

The Trades Committee held their regular monthly meeting in the City Hall, Kellie St., on Monday night last. A good attendance and brisk lively discussion of matters of importance were features of the evening.

In connection with the A. & K. Charter extension it was resolved to send a memorial to W. A. Galliher, M.P., pointing out that the movement had been endorsed by the different Boards of Trade throughout the country as well as the Associated Boards of Trade. The press throughout the country are also backing up the movement.

RETURN THANKS.

To Editor Lardeau Mining Review.

Dear Sir,—We wish through you to extend our sincere thanks to the citizens of the town for the assistance given to us on Tuesday morning. We appreciate the work done and the efforts to save what was possible from the fire. While the buildings were a total loss, we recognize the fact that much of our personal belongings as well as a considerable amount of furniture was saved only through strenuous efforts and many times dangerous work on the part of our neighbors and citizens. We wish also to thank all for the many expressions of sorrow and regret we have received. Yours very truly,

ABRAHAMSON BROS.

Trout Lake, B.C., Jan. 7, 1906.

Dear Sir,—We wish to thank citizens and friends who during the fire on Tuesday morning so ably and nobly worked to save our buildings. We realize that it was only through their efforts that our premises were saved and heavy losses averted.

Yours truly,
E. L. MASTERSON,
F T. ABEY

Cressman, the Revelstoke tailor, will be here next Tuesday and Wednesday. See his new suitings.

It was understood that a hockey match was to have been played here last night between Camborne and Trout Lake, but owing to a misunderstanding the Camborne team did not turn up. A crowd came down from Ferguson to see the match, and rather than disappoint the public they volunteered to fill the breach. A scratch match was thereupon played, and victory rested with the Ferguson team by 9 to 3.

Local and General.

"Turn Him Out" on the 14th.

The whole town turned out last Friday to bid Billy Mullin Godspeed on his departure for New York. The ladies were there in full force, and from many an eye a tear drop dropped as the genial Billy standing on the hurricane deck of the "Procter" disappeared from view. The night before at a social farewell gathering he was presented with a handsome meerschaum pipe and tobacco pouch by his many friends as a token of esteem.

J. B. Cressman, representing Cressman & Morrison, importing tailors, Revelstoke, will be in Trout Lake and Ferguson 13th and 14th February. See our $18 and $20 suits to order. Special trousers $5 and $6.

The fire this week demonstrates the necessity for better fire protection. The Review does not like to use the stereotyped phrase, "I told you so," but time after time we have called attention to the fact that an expenditure of a couple of hundred dollars would save some one thousands. It was only by favorable wind conditions that the whole business portion of the town was not wiped out. Generally even where efficient fire brigades are maintained buildings in which the fire occurs are seldom saved, but property adjoining is protected by the free application of water. Now is the time to do business. Next time you might not escape so easily The Review will start the ball rolling with $10. Who will be next. Mr. Baker, of the Imperial Bank, will act as treasurer of the fund. Don't delay, it is dangerous.

Pete Culkeen and Fisherman Jack came in during the week from the Hillman and Beaton logging camp.

Mrs. W. R. Hollenbeck and family left Wednesday to join Mr. Hollenbeck in Portland. Rev. Mr. Scott accompanied them as far as Lardo.

"Turn Him Out" Wednesday.

Mr. McInnis, of the G. Y. Griffin Co., and McHardy, insurance agent, both of Nelson, paid the town a visit on Tuesday.

John Morton left on Monday for the east on business pertaining to the Reward and Metropolitan companies.

Sam Sutherland left for Nelson Monday on a business trip.

Craig & Crawford did a rushing livery business last Sunday. The beautiful sunny day enticed all who could raise the price to indulge in a cutter ride. No casualties reported.

A. E. Phipps, manager of the Imperial Bank at Revelstoke came in on Tuesday night.

Wednesday next at 8 p.m. sharp "Turn Him Out."

D. R. Wilkie has been elevated to the presidency of the Imperial Bank.

Rev. G. Cook, of Kaslo, will hold Divine services in the Anglican church on Sunday next Holy Communion at morning s r. vice.

Silver is one point below its last high mark, and is now quoted at 65 5-8 an ouuce. Lead dropped one point on the London market Electrolytic copper is again declining.

THE BEAUTIFUL LARDEAU

THIS is hardly the time to start out on your summer vacation, but we want you to consider the

LARDEAU

It is the place where nature can be seen in all its grandeur and magnificence. Its lakes, rivers, and mountain streams are filled with the finny tribe, and disciples of Ike Walton are in their glory. It is a resort entirely free from the mosquito pest For information, write to the Secretary of Trades Committee or to the REVIEW.

THE BEAUTIFUL LARDEAU

The action between Geo. Windsor (plaintiff) and Chas. Copp in the Supreme Court for the possession of the June mineral claim comes up at Nelson on the 13th inst. C. W. McAnn for plaintiff; F. C. Elliott for defendant.

D. E. McKenzie, of New Westminster, Grand Master Independent Order of Oddfellows for the province paid the local lodge an official visit Tuesday. Owing to miscarriage of notices the brethren were totally unprepared and in consequence could not tender their chief a further welcome than an ordinary lodge meeting. Mr. McKenzie was, however, very much pleased with the showing of the lodge, and complimented Trout Lake on the possesion of one of the best halls in the interior. Dave McLennan, of Beaton, accompanied him on his visit.

On Wednesday night next at the Oddfellows Hall, the Trout Lake Dramatic Society will make its debut. As previously announced the preliminary essay will be "Turn Him Out," a farce in one act by Thos. J. Williams, Esq. Special scenery has been built by O. W. Abrahamson, the performers have rehearsed faithfully, and it is to be hoped the townspeople will turn out and fill the hall on this occasion. The first portion of the programme will be vocal and instrumental, and the cream of local talent will appear. A pleasing innovation will be the rendering of several concerted pieces by the Glee Society. The price of admission is 50c. to all parts, children half-price. The proceeds will be devoted to the sidewalk fund.

Beautiful, clear weather is the prevailing feature this week.

Talk of Stocking.

LOCAL SYNDICATE HAVE A GOOD THING IN BROADVIEW.

CAPITAL REQUIRED TO DEVELOP PROPERTY SUCCESSFULLY.

There is some talk among the owners of the Broadview of stocking the proposition and controlling it locally instead of selling it outright. We believe this is a good plan if carried out in a straight business manner. The stock company is the combination of small capital, which should, when managed honestly and judiciously, prove successful.

The work done on the group shows up ore bodies sufficient to warrant the investing of a larger amount of capital than can be put up locally, and we believe that the amount necessary to be raised for future development can be readily secured. We give herewith a short resume of the condition of affairs at the mine.

There has been some 1100 feet of development work, exposing two leads, viz.: the Broadview and the Sonoma. The Broadview is developed by a shaft 120 feet depth and some 600 feet drift work. The lead is from 12 to 30 feet in width. The vein matter for the most part is composed of spathic iron, iron carbonates and quartz, carrying values in gold, silver, lead and zinc; also two copper chutes, carrying from 4 to 20 per cent. A honeycomb quartz ledge of free-milling character, some 4 to 6 feet in width, extends through the heart of this vein, carrying from $9 to $15 values in gold and silver. The footwall contains a body of excellent fluxing iron ore some 6 to 10 feet in width and carrying good working values with proper shipping facilities. This lead also contains considerable galena ore carrying from $30 to $60 values. From this lead some 200 tons of ore have been shipped, giving an average of $46.00 per ton.

The Sonoma lead is some 6 to 8 ft. in width composed of some 3 ft. of quartz on the hanging side. The foot is composed of iron ores carrying good values in gold, silver and copper. A fair test gave gold $2.80, silver 8 oz., copper 7 1-10 per cent, iron 43 per cent, a desirable fluxing ore.

This property is accessible the year round, with plenty of timber and water power at hand for all mining needs. The development work so far done assures a future for the property. The property requires machinery and transportation facilities.

A special meeting of Licensing Commissioners was held here today. Those present were J. D. Moore, Kaslo, S. Sutherland, Ferguson, H. McPherson, Trout Lake, and W. H. Bullock-Webster, chief license inspector, Nelson.

Gourlay Pianos are high priced, but worth their price. What if a Gourlay piano does cost a few dollars more? You get your money's worth You obtain it in extra durability—years more of service provided for by the costliness of its construction; and you obtain it in its daily use—your delight and pleasure in its exceptional tonal beauty. We want you to see a Gourlay.

Disastrous Blaze.

QUEEN'S HOTEL DESTROYED BY FIRE EARLY TUESDAY MORNING.

GALLANT WORK BY LOCAL BRIGADE SAVES OTHER BUILDINGS.

On Tuesday morning, 6th inst., at 2.30, George Windsor discovered fire in one of the rooms over the bar in the Queen's hotel. The alarm was immediately given, and the proprietors, Andrew and Noah Abrahamson aroused. Their first care was to see that all the guests and boarders were aroused and in safety, after which they secured all the valuables and books in the safe. By this time the general alarm was rung by Sheriff Yuill, and many neighbors and townspeople gathered and a considerable amonnt of personal belongings and furniture saved.

The fire having gained such headway it was found impossible to save any part of the structure. Fire chief Andy Craig threw the whole weight of the brigade towards the saving of Masterson & Griffith's and Frank Abey's stores. For a couple of hours the fight raged fiercely between the devouring element and the townspeople, but pluck, endurance and a liberal application of water gained the victory for the embryo firemen and these buildings saved.

An idea may be had of the fierceness of the fight that window glass was melted and inside curtains set on fire by the intense heat from the burning building 40 feet distant.

By five o'clock the "Queen's" was a thing of the past; not a stick was left of what had been the night before one of the most comfortable hotels in the country.

The loss to the Abrahamson Brothers will be between $12,000 and $15,000. The stock alone, none of which was saved, was valued at $2,500. The insurance, as far as can be learned, is about $6,000.

Abrahamson Bros. bought the Queen's in 1894.

Windows were cracked by the heat in Fraser's and Cheeseman's 100 feet away.

Jack Rady and Sheriff Yuill are barred from participating in any "doin's" until tailor Cressman comes in.

Frank Abey offered to take $50 for his bunch of buildings, stock and furniture at one period of the fire.

The Waterworks Co. was a factor in the game; so was Fraser's hose and Cheeseman's bath tub.

Phil Shepherd and Andy Craig carried off the honors for staying qualities.

One of our leading citizens took to the bush when he saw what he thought a keg of powder rolled out. It was only coffee.

Oswald Woods saw a $5 bill on the ground, but was too busy to pick it up. When he went for it afterwards it had gone.

Guilty, aye guilty! The Review slept through it all.

Bob Madden mixed up the Scotch and Irish in good shape and kept the boys wet on the inside. As a result pneumonia did not appear.

On the silver question Dun's Review says: "Continental coinage requirements may be counted upon to provide a steady demand for silver in London. The United States treasury is at present without any silver bars, despite the large purchases that have been made under the acts of 1878 and 1890, and Germany is also reported to be practically exhausted in this respect. As to the situation in the United States, there was at the latest date about $470,000,000 in standard silver dollars in government vaults. There is practically no demand for these coins as a circulating medium, and hundreds of tons of the white metal are held under certificates in circulation. It should not be a difficult matter to enact a law providing for the recoining of small quantities of these unwieldy silver dollars into subsidiary coins as they are needed; the government nominally buying silver dollars from itself by cancelling some of the silver certificates that come into the treasury from time to time. The volume of circulation would not be appreciably diminished, if at all, and the nation would thereby avoid adding to the pressure on the bullion market, while reducing the burdensome treasury holdings of silver dollars."

A writer on mining in British Columbia says: "Investment in mining ebbs and flows, and has its slack tides when there is nothing whatever doing. At present the tide is evidently on the flood for this class of investment, judging by the number of purchases that are being made in the Kootenays and the West generally, and this is the opportunity which has long been awaited. There is no section of the continent that has more promising properties that can be found in the Kootenays. With the Granby paying dividends and its stock worth from $9 to $9.75 per share; with the mines of Rossland practically all upon a dividend paying basis; with the mines of the Slocan paying dividends; with the St. Eugene in East Kootenay paying regular dividends; with the Sullivan in the same section on the eve of paying profits to its shareholders; with the generally improved condition of mining, this country is certainly an alluring place for the investor in mining property."—Mining Exchange.

The election of officers for the Associated Boards of Trade, which recently met at Cranbrook, was as follows: G. O. Buchanan was re-elected president for the fifth consecutive term. A. B. McKenzie of Rossland was also re-elected as secretary, and Fred Starkey of Nelson as an assistant to the president.

The recent fire should be an incentive to the Trades Committee to take up the matter of providing apparatus for fighting fire. The salutary lesson should not be lost, and it behooves the Trades Committee to act at once.

NOTICE.

The ordinary annual general meeting of the Old Gold Quartz and Placer Mining Company, Ltd., Liab, will be held at the office of the Company, Trout Lake, B.C., on Friday, 2nd day of February, 1906, at 3 o'clock, p.m., for the purpose of electing directors for the ensuing year and such other business as may properly come before the meeting. Books will be closed for transfers from Jan. 21st, 1906, until after the meeting.

M. F. CHESTNUT,

Notice is hereby given that 30 days after date, I intend to apply to the Hon. Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands, situated in West Kootenay district.

From a post planted at Seldon Daney's north-west corner post marked P. J. Devine's north east corner post, thence west 80 chains, thence south 80 chains, thence east 80 chains, thence north 80 chains, to point of commencement.

P. J. DEVINE.

Trout Lake, B.C., Nov. 18, 1905.

NOTICE.

Notice is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for a special licence to cut and carry away timber from the following described lands situated in West Kooteday District.

From a post planted on the north east side of Lardeau creek about ¾ mile east from Halfway creek and marked Seldon Daney's north-west corner post, running east 80 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains to point of commencement.

SELDON DANEY.

Trout Lake, B.C., Nov. 18, 1905.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 18th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or other minerals:

To buy, sell, or otherwise to deal or traffic in gold, silver, copper, lead or other minerals and any of the products thereof and articles consisting or partly consisting thereof.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitsilas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1899, covering a belt of land extending between the mouth of Kitimat River and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works,
Lands and Works Department.

NOTICE TO DELINQUENT CO-OWNERS

To James Grant, R. G. Macleod and James Bouchier, or to whomsoever they may have transferred their interest in the Slate mineral claim.

Take notice that I, the undersigned co-owner with you in the Slate mineral claim, situate on South side of Lardeau river between Rapid and Poplar creeks in the Trout Lake Mining Division of West Kootenay, have performed the necessary work and made the necessary expenditure on the above mentioned claim for the years 1904 and 1905, in order to hold the same under section 24 of the Mineral Act, and the years for which said work was performed and expenditure made having expired, I hereby give you notice that if within 90 days from the first publication hereof you fail or refuse to contribute your proportionate share of such expenditure and pay the costs of this advertisement your interest in the said mineral claim will become the property of the undersigned under and by virtue of section 4 of the Mineral Act Amendment Act, 1900.

Dated at Trout Lake this 17th day of July, 1905. JAMES SNELL,

Co-Owner.

NOTICE.

Copper Queen mineral claim, situate in the Trout Lake mining division of West Kootenay district.

Where located: On Silver Cup mountain, about 1½ miles from Silver Cup mine.

Take notice that I, Frederick Charles Elliott, F.M.C. No. B88942, acting as agent for Charles L. Copp, F.M.C. No. B83186, Charles McNicholl, F.M.C. No. B78011, and John W. Westfall, F.M.C. No. B87964, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of Certificate of Improvements.

Dated this 11th day of Aug. A.D. 1905.

18-8-1905.

When looking for a place to spend your holidays, bear in mind that Trout Lake is an ideal summer resort. The scenery and climate are magnificent

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to be found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

H. McPherson

Make your selection at once.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.

NOTICE

Tenders for Mineral claim forfeited to the Crown.

Tenders will be received by the undersigned up to 12 o'clock, noon, on Tuesday, the 6th day of February, 1906, for the purchase of the undermentioned mineral claims, which were forfeited to the Crown at the Tax Sale held in the Government office at Kaslo, B.C., on the 7th day of December, 1904.

To be considered, all tenders must be at least equal to the upset price, as given below, which is equivalent to the amount for which such claims could have been re purchased by the owners on the 30th of June, 1905, together with the taxes which have accrued since the tax sale, the cost of advertising for tenders, and Crwwn Grant fee.

Claim	Lot No.	Upset price
Consolidated Virginia	3992	$45.05
Elk	3993	40.45
Speculator	3994	44.60

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Kaslo, in favor of the undersigned. The cheques of all unsuccessful tenderers will be immediately returned.
