Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 1 TROUT LAKE CITY, B.C., MAY 26, 1905. No. 29.

MINING RECORDS.

LOCATIONS.

May 4. Black Jack, on Haley Creek. A. Abrahamson.

Yokohama fraction, Cup mountain. J. Stauber.

9th. Harry F, on Trout Creek. A. Abrahamson.

12th. Sidberghia, on Silver Cup creek. E. G. Hadow.

19th. Pilot fraction, Six-mile creek. O B. N. Wilkie.

ASSESSMENTS.

May 11. Davey, Coon, Coon fraction. J. C. Morgan.

12. Morning. J. C. Nesbitt.

13. Dominion. R. A. Upper.

15. Gloosecap No. 3. R. H. Battey.

16. I X.L. C. Olson.

19. Tom Edward, Parkside, Copper Queen. F. C. Elliott.

17. J.C. J. W. Chism.

18. Albion. A. J. Gordon.

18. Good Hope, Triangle fraction. Robert Burns.

23. Idle Hour and Idle Hour No. 3. W. H. Howard.

23. Evening, 4 years, Morning 4 years. P. L. Huffman.

TRANSFERS.

May 15 J. W. Livingston to R. H. Battey, Pilot.

Asa McIntosh to Jno. Simpson, Bunco, Lucky Jim, Homestake, Morning, Sunset, Sunset fraction, Pauline, Sunrise, Sunrise fraction.

17. Jack Portugal to Frank A. Gay, Yellow Bluff, Poplar Star.

17. P L. Huffman to R. T. Dillworth, Morning and Evening.

True Bear Story.

A belated traveller coming over the Beaton road a few days ago split the wind at a fearful bat and did not slacken speed until he had arrived at the hostelry of Dan McLennan in a breathless condition, where he falteringly announced that he had been chased by "three monstrous grizzlies," one of which was as big as an elephant. After regaining his composure with the aid of some of Dan's nerve tonic, he said in the neighbourhood of Billy Glenn's ranch he had come suddenly upon Mr. Bruin and his family, and that he had done time from that point at the rate of a mile a minute. Two mighty hunters who heard the tale immediately put their cannons in working order and started out to do (the bears) or die. Armed with guns to kill and knives to scalp they started and the town anxiously awaited their return. The sun was high in the heavens when two sore-footed hunters struck the town again, and immediately every dog in the town crawled under the sidewalk. The hunters had returned with nothing but bristles and an eighteen-carat aroma. The "bears" when located resolved themselves into an inoffensive old sow and family belonging to one of our local ranchers. Anyhow, it was a fine day, and something had to be killed. An encounter with a skunk followed, and the hunters found trouble.

A. M. Pinkham, of the law firm of Harvey, McCarter & Pinkham, of Revelstoke, came in on a business trip Tuesday night

Mr. Doyle, of the P. Burns Company, came in during the week on business connected with his firm.

John Dean, of Rossland, and H. N. Coursier, of Revelstoke, paid the town a visit. These gentlemen were at Beaton settling the loss claims of the late fire.

Fred Mummery is hobbling around on crutches, owing to a sprained ankle received when cleaning up around the school house.

The lessees of the Willow Grouse are making good headway. Ore is being sacked, which gives high values.

Hecla and Calumet.

John Simpson went down to Rapid creek during the week to look over the Calumet and Hecla in which he owns a half interest. The samples he brought back were literally filled with gold. Mr. Burke, of Idaho, has been in and examined the property, and speaks very highly of it. He thoroughly sampled the different leads, which if found to give sufficient average values will lead to the installation of a stamp mill at an early date.

An Apology.

Owing to the mechanical end of the firm being lald up with a severe attack of rheumatism, we were unable to get out our regular issue last week. We regret this, but living up in the hills precludes all chance of picking up a man who understands the art of sticking type, when you want him. Our issue was, therefore, only a small sheet, large enough to make good our legal ads Mr. Atherton, however, while not entirely recovered, is able to make some attempts at getting up our usual paper.

Why Lumber is Held.

Geo. S. McCarter was in last week on business in connection with the amalgamation of the Silver Cup Mines and the Great Western Mines under the title of the Ferguson Mines Limited. While here Mr. McCarter was questioned with regard to his action in refusing to release the lumber now under seizure so that it could be sold. Mr. McCarter stated that at the time the case was up before the court at Vancouver, Mr. Hill acting for the Mill Co. had applied for and received an injunction to restrain the sheriff from disposing of the lumber in question, and that it was owing to this action on the part of Mr. Hill that the lumber could not now be released. When asked if there was any probability of a settlement he stated that as far as Kinman was concerned he was willing to settle on the basis arrived at between him and Erbslow last fall, but otherwise would fight the case to a fare ye well finish.

Linson View Group.

P. A. Lindgren has taken an option on the Linson View, Grand Solo, Ruby Silver groups and the Black Jack claim from his partners, M. Nelson, N. Bodine, Gus Birgh, N. Nelson and Andrew Boman. The properties all have good ore showings with considerable work done on them. Three men will be put to work at once on the Linson View, and will sink on the ore. Mr. Lindgren has interested some Montana mining capitalists coming in about the end of June to look over the different properties with a view to purchase.

Copper Chief.

Malcolm Mathieson, Ole Peterson and Jim Livingston took a bunch of supplies to the Copper Chief last week. This property has some excellent showings, and a little work ought to show up a good ore body.

Old-Timer Leaves.

J. J. Langstaffe left last week for the coast to take up a position in one of the big printing establishments there. Mr. Langstaffe came in here late in 1897 and started the first newspaper in the Lardeau, under the name of the Trout Lake Topic. We wish him all prosperity where he has gone.

The Victoria Day Social a Big Success.

LARGE AUDIENCE GREETS LOCAL ARTISTS AT THE ODDFELLOWS HALL.

Victoria Day was celebrated in Trout Lake by a very enjoyable entertainment given in the I.O.O F hall under the auspices of the Ladies' Guild of the Anglican church.

The following program was given in a way which precludes any attempt at criticism. The rendition of the different numbers was appreciated in a most enthusiastic manner. Special mention might be made of the performance of the little Misses Lotus Griffith and Katherine Vipond, which evidences the fact that in the years to come Trout Lake will not be devoid of musical talent.

1. Instrumental duet, piano and violin, "Longing for Home," Mr. and Miss Lotus Griffith.

2, Vocal solo, "While the Convent Bells are Ringing," Mrs. Hooker.

3. Vocal solo, "Sweetest Story ever told," Miss Thomas.

4. Recitation, "St. Peter's Watch at the Golden Gate," Miss Valentine.

5. Vocal solo, "If I but Knew," Miss E. Vipond.

6. Recitation, "Duty," Mr. J. J. Atherton.

7. Vocal solo, "A Dream," Mrs. Elliott.

8. Duet, "I'll Tell my Ma on You," Katherine Vipond and Lotus Griffith.

Mrs. Wilkie acted as accompanist in a most efficient manner.

After the above program was gone through Auctioneer Murray ascended the rostrum and proceeded to dispose of the numerous highly ornamented and well filled baskets provided by the ladies. The bidding was brisk from the start, and with purser Mullins as "booster" and Artist Edge taking in the shekels, a goodly amount was realized for the requirements of the guild. After disposing of the contents of the baskets an impromptu hop was held, at which all of the young people spent a very happy two hours. The success of the entertainment was largely due to the untiring efforts of Mrs. G. Johnson. The ladies wish to extend thanks to all who contributed to the pleasure of the evening.

Could See it Coming.

The wisdom of the Victoria Government's refusal to be bulldozed into giving large bonuses for railway building has become very apparent during the last week. The C.P.R. has finally announced its decision to immediately start the construction of their line through the Similkameen. If the Liberal minority had had their way the C.P.R. would have been the recipients of about two million dollars or its equivalent.

The little birds have it that in September two of our most popular residents have arranged to unite their forces. We are afraid to say more, but probably next week we will be able to tell you all about it. We, however, take this opportunity of tendering our congratulations.

A. W. Smith (better known as Cromwell), came in a few days ago to do some work on his claims on the Cup mountain.

E. Roche came down from the Triune during the week.

Strike Rich Ore No. 4 Tunnel Triune.

STRINGERS ENCOUNTERED WHILE BORING THE NEW TUNNEL.

In driving the lower or No. 4 tunnel on the Triune last week several stringers of clean ore were encountered. These stringers indicate the close proximity of a good ore body. The management have estimated that another 60 ft. of driving will bring them vertically below the ore showings in the upper tunnels, and the coming in of the above-mentioned stringers almost assures as good a body of ore as found above. The completion of the No. 4 tunnel will give over 400 feet of stoping ground.

On the completion of this tunnel an upraise will be made to connect the different levels. The working force is being added to as the work progresses.

A Change of Pastors.

Rev. A. K. Sharp, of the Methodist church, has returned from the coast, where he attended the annual conference.

Mr. Sharp has accepted a call from Ashcroft, and will leave shortly to take up the work there. This circuit embracing Trout Lake, Ferguson, Camborne and Beaton has been a difficult one to cover, but from the expressions of regret at Mr Sharp's removal it is conclusive evidence that he has attended to his duties faithfully and well. We but echo the sentiments of the whole district when we say we wish him God-speed in his new location. Rev. Mr. Carpenter, of Hamilton, Ont., who is reported to be a young man in years but old and energetic in the work, will assume the duties of the church here.

Comparisons Favor Us.

We received this week the annual report of the Minister of Mines. A close perusal shows the mining industry of the Province to be in a healthy condition. The book is artistically gotten up, and a fund of information will be found within its cover by those interested in mining.

Comparison shows that the Trout Lake division occupies a foremost position. We have tabulated a few of the divisions, showing the number of claims recorded, work done on claims, miners licences issued and transfers made.

This is a good indication of the activity existing.

	Claims Recorded	C. of Work	F.M.C.	Transfers
Trout Lake	311	659	510	200
Fort Steele	169	260	406	59
Golden	30	86	121	18
Revelstoke	45	82	220	11
Camborne	77	259	157	41
Nelson	310	660	969	127
Ainsworth	391	609	507	113
Slocan	105	368	398	83
Rossland	50	75	369	24

Owing to a local arrangement made by the president of the B.C. Methodist Conference, Rev. A. K. Sharp will not leave Trout Lake until after the first Sunday in June instead of the last Sunday of May as was expected. This will afford him a little more leisure in bidding adieu to the people of the Lardeau.

FOR SALE.—A good family cow. Was fresh in March. Apply, Rev. A. K. Sharp.

Mrs. Garrison writes from Ellensburg, Wash., and wishes to be remembered to all old friends.

McInnes is Appointed.

Ottawa, May 22.—W. W. B. McInnes, ex-M.P., and now a British Columbia M.L.A., will be the next commissioner of the Yukon. His appointment has been decided upon and may be officially announced to-day. The order has been sent to Toronto for the approval of Earl Grey.

Fred Congdon, ex-commissioner for the Yukon, left for Vancouver on his way to Dawson on Saturday.

Methodist church service Sunday morning conducted by the pastor. Farewell services June 4th.

We congratulate our old friend, Bob Benson, on the arrival of a son and heir.

F. C. Elliott is at Nelson attending court.

The moulting season has begun in earnest, and Frank the barber has taken enough hair from the upper lips of some of our most prominent citizens to stuff a bed mattress. Frank contemplates shaving his own head, as he feels positive the wives of those who have shed their hirsute appendages have sinister notions regarding his flowing locks.

On Thursday next the Ladies' Aid of the Methodist church will hold a Social in honor of Rev. and Mrs. Sharp in the Oddfellows' hall. As will be seen in another column they will shortly be departing from our midst, and one and all should take advantage of this occasion to give them a pleasant send-off. The evening should prove very enjoyable, as some excellent music will be supplied by the best local talent. It is also expected that a large number of friends from Ferguson will unite on this occasion. Ice-cream and light refreshments will be served, and the curtain will ring up at 8 p.m. Everybody invited.

County Court sits here on the 30th. Numerous cases are on the docket. Be sure and take off your hats to Sheriff Y.

DON'T FORGET YOUR F.M.C. EXPIRES MAY 31ST.

Dunc. Kennedy and Harry Brierly came in from Revelstoke to-day.

W. McLean came up from Nelson on Friday's boat. The fitting up of the brewery building will be proceeded with at once. The necessary machinery and fixings are now on the way. Everything will be in readiness for operation by the 1st of July, the date on which the new licences are issued.

J. W. and Mrs. Westfall returned on Friday's boat after an absence of five months on the coast. In an interview with Mr. Westfall on the outlook for the Lardeau during the coming season he expressed himself as well satisfied. People on the outside, he said, were becoming more interested in our properties. In the towns and cities he visited, among which were Seattle, Portland, Tacoma, Bellingham, Walla Walla and Spokane, many were enquiring about the different properties in the Lardeau. Our rich values, he said, was what was attracting the attention of all. Notwithstanding the fact that Mr. Westfall was laid up very ill during the most of the time, he was successful in interesting some men with some good money in two or three propositions. As soon as the snow gets off the hills these men will be in to look over the properties. We are pleased to say that Mr. Westfall's health is much better by reason of his trip.

L. McLelland has gone to the Triune to join Alex Dodds and his merry men.

Ferguson Briefs.

J. B. Manross welcomed his father to Ferguson from Pennsylvania during the week. We anticipate a good time for the old gentleman.

We learn Andy Pauline's little one is improving but still in a critical condition. We trust to hear of its complete recovery at an early date.

Rev. Allan K. Sharp will preach his farewell sermon on Sunday night.

Dave Morgan is up doing assessment work on the Brow, belonging to Lembke Bros. of Revelstoke.

A. J. Gordon and Bob Burns have returned from Poplar, where they have been doing assessment work on their claims.

Steve and Mrs. Slinger paid a visit to Trout Lake last week. Steve's new gig is just the proper caper for mountain roads.

Joe Kirkpatrick is improving slowly, but surely.

Dad Black says business is good, and prospects better.

Five-mile plant is working full force and turning out bullion and concentrates regularly. The car of concentrates which went over the slip at Lardo into Kootenay Lake has been recovered with the exception of 10 sacks.

The Silver Cup is working a full crew of men under the direction of the old reliable, Theo. Baribeau.

The cabins for the "long tunnel" are completed. Work has commenced on the tunnel under the direction of Andy Garrett.

Sandy Laughton got a nice new bunch of gram-o-phone records last week.

Interest in the Song Services given by the Choral Society in the Eagle hall bi-weekly continues, and good-sized audiences assemble and show marked appreciation of the programs submitted,

J. Morgan has finished the assessment on the Davey, Coon and Coon fraction.

Quite a number of Ferguson elite made a trip to the Lake on Wednesday night to attend the social in the Oddfellow's hall. All pronounced it a huge success, and like Oliver Twist, "ask for more."

The Steele-Freeland bioscopic show which appeared at the Opera House one night last week was very much enjoyed.

Sam Underhill has joined the forces at the Triune.

Walter Edward, the Triune chef, has been compelled to rest a spell in town owing to an in-growing toe-nail. It doesn't sound very romantic, but it's painful all the same.

MINERS' LICENCES EXPIRE 31ST MAY.

Billy Davey, who is interested in the Winslow gold property, returned last night to his old stamping ground. He has been wintering around Sandon.

Fred Allen and Scottie Wright have gone on a trip to the coast.

Will Waller and Lew Thompson have returned from a trip to Revelstoke and other points.

Don't forget the Ice-Cream social in the Oddfellows hall, Trout Lake, next Thursday, in honor of Mr. and Mrs. A. K. Sharp, who are leaving for Ashcroft at an early date. A hearty invitation is extended to Ferguson friends.

Wadds Bros., the Nelson photographers, have opened a studio in town and will remain until Monday night.

PREVENTION BEST.

The remarks of the London Times on the Aliens Bill are of interest to us in British Columbia as indicating an enlightened conception of the evils of undesirable alien immigration on the part of one of the chief organs of public opinion in Great Britain. "It has been remarked," says the Nelson Daily News, "that what the Times advocates one day becomes law the next. Be that as it may, it is a hopeful sign to find the great London newspaper squarely ranged on the side of those who wish to safegnard the very foundations of the Empire. The Times, it will be noted, takes the ground that laws framed for the purpose of restricting the activities of aliens after their entrance into the country will not work. That is the position we have always taken with regard to curative measures advanced by pro-Mongolian advocates in this country. The mischief is done when the Chinese and Japanese coolies are admitted. Methods dealing with their mode of life after arrival can only aggravate the evil. This is one of the cases wherein beyond all controversy, prevention is better than cure. As the Times says, we have the right to refuse admission to these people, and that right should be exercised in the best interest of the well-being of our own people."

DON'T KNOCK.

Any community to be prosperous must of a necessity be united in pushing forward any legitimate proposition which will develop its resources. Many of us are prone to minimize, criticize, and condemn projects simply because the mode of procedure of the parties operating does not please us as individuals. This town has its knockers the same as all others, and with some among us it is becoming chronic. We want capital in here to develop our resources. We have one of the best and richest districts on the face of the earth. The question is, how can we expect outsiders to have any confidence when we ourselves or many of us are continually barping? Stand pat! Give every man trying to do something a show. If you cannot praise, don't condemn.

WILL ADVERTISE LARDEAU.

The rich strike at the Trinket last week will have a far-reaching effect in the further opening up of this district. There are something like 1,500 people who are directly interested in this property, and its success will advertise the Lardeau throughout Eastern Canada and the eastern and middle States probably more than anything that could happen. The old cry that has heretofore prevailed of the ore not going down is demonstrated to be wrong. Without exception, wherever depth has been attained, the ore bodies are stronger and of better grade than on the surface.

A WARNING.

The recent fire at Beaton ought to teach the people of Trout Lake a lesson. We have been fortunate but not through any foresight of our own. A public meeting called by the Trades Committee to go into the matter of fire protection was practically ignored. The town has a good water system, but unless the necessary apparatus is installed for utilizing it in the case of fire it is useless. The cost of obtaining such an apparatus would be a small thing compared to the loss that would be sustained by some ONE should a fire occur. YOU may be that one, and a subscription of a few dollars for fire fighting might save YOU from going broke.

The progressive town of Camborne has now a bona-fide fire brigade, a fire hall, a hose cart and 500 feet of hose. Good for Camborne!

NEW YORK LIFE ASSURANCE COMPANY.

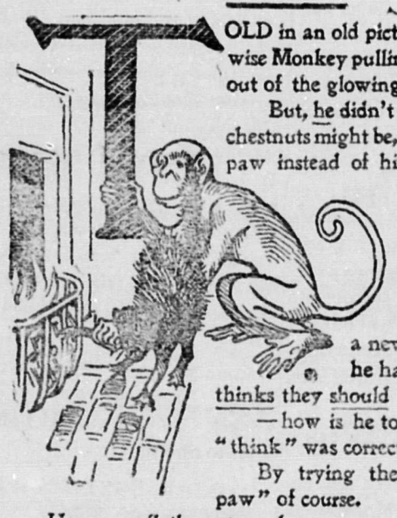
Smokers' supplies in great variety.

STORY OF THE "CAT'S-PAW."



TOLD in an old picture which shows a wise Monkey pulling roasted chestnuts out of the glowing grate.—

But, he didn't know how hot the chestnuts might be, so he took the Cat's paw instead of his own, to pull out the first ones.

Wasn't this a little hard,—on the Cat?

Well, when a shoe Dealer gets in a new lot of shoes, which he has priced at what he thinks they should be worth—

—how is he to know whether his "think" was correct or not?

By trying them on the "Cat's-paw" of course.

He may sell them to a dozen or more Customers, at the highest price he thinks they will stand, and—

—If the shoes don't come back he may conclude that "they must be worth the money."

Well, do you blame him?

How is he to know what they are worth, when he didn't see them made?

How does he know, any more than you, what kind of leather and labor has been put under the finish?

But, if the Makers had stamped on each pair of shoes the Retail valuation of Service and Comfort they were willing to guarantee—the question would be simpler.

No need for any "Cat's-paw" method of finding out value then.

But,—few Retailers would be satisfied with the narrow profit a manufacturer would allow for, when they might be able to get double that profit by doing their own pricing.

And besides, only one line of Shoes in Canada is price-controlled by the Makers, viz.,—"The Slater Shoe."

And, as only one Shoe Retailer in each place can get the right to sell genuine Slater Shoes, the other shoe stores must sell what is left and "knock the Slater."

Every genuine Slater Shoe is stamped on the lining with a slate-frame, and the Makers' retail price, viz.: $4.00 or $5.00.

NOTICE TO CO-OWNERS.

To T. R. Davey, or to any person or persons to whom he may have transferred his interests.

Take Notice, I the undersigned co-owner with you in the Coon and Davey mineral claims situate about four miles above Ferguson on South Fork creek in the Trout Lake mining division of West Kootenay district and province of British Columbia have done the required work on the above-mentioned mineral claims for the years 1903 and 1904 in order to hold the same under section 24 of the mineral act, and if within 90 days of this notice you fail or refuse to contribute your portion of such expenditure for work done, together with the cost of this advertisement, your interest in the said mineral claims will become the property of the subscribed under section 4 of the Mineral Act Amendment Act of 1900. Dated at Trout Lake this 24th day of March '05.

S. DANEY,

24 3'05. Co-owner

CERTIFICATE OF IMPROVEMENTS

NOTICE.

Sunset, Joseph, Maud and Anna Mineral Claims, situate in the Trout Lake Mining Division, West Kootenay District. Where located:—Situate on the North Fork of Lardeau creek in the Province of British Columbia, about one mile above Circle City.

Take Notice that I, Charles W. McCrossan, of the City of Los Angeles, California, Free Miner's Certificate No. B67793, intend sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown grant of the above claims.

And further take notice that action under section 37 must be commenced before the issuance of such Certificate of Improvements.

Dated this 3rd day April, A.D. 1905.

8-4-05 CHARLES W. McCROSSAN.

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band-saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this summer, so if you would know more, write at once to either of the agents at the addresses below.

F. B. Wells

General Agent

Revelstoke, B. C.

Job Printing of every description will be faithfully executed at the Review Job Dept.

Yesterday Miss Marjorie Fraser reached the good old ripe age of 14, and the 4th and 5th class scholars attending the public school accordingly extended her a surprise. Early in the evening the young lady was taken for a ride by two of the conspirators, and on her return found her boudoir invaded by a bevy of happy kiddies. Mrs. Fraser provided all manner of good things, and the children's pleasure was not marred by having lots of fun and "staying up late."

T. C. Atherton is a competent plumber and decorator, and he is prepared to paint a palace, fix a cesspool or mend a teapot on the shortest notice.

Allie Vars came in from Camborne last night.

Dad Langstaffe is still at the old stand repairing and making shoes

Beaton Bits.

Victoria Day was celebrated at Beaton by a ball game between the Camborne Tigers and the Beaton Silver Tips. The game was a good one, and resulted in a victory for Camborne after five innings by 8-6. J. C. Tunstall umpired the game.

On the evening of the 24th a dance was held at Billy Boyd's. A large party were present and an enjoyable time spent.

E. J. Brantford has brought in a donkey engine to be used at his logging camp.

Ed. Hillman and Mal. Beaton have brought in their outfit from their logging camps.

Mrs. Stevens has purchased the property from Mrs. Anderson on which the old store stood. She will rebuild immediately.
