Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 1 TROUT LAKE CITY, B.C., AUG. 18, 1905. No. 41.

Our Weekly Report.

OF INTEREST TO THOSE WATCHING THE PROGRESS OF THE LARDEAU. SEVERAL NEW PROPERTIES MAKING SHIPMENTS.

A crew of men are working on the Old Gold property. The ore shute has been tapped in the lower tunnel at a vertical depth of 250 feet. All this property needs to make it a shipper is transportation facilities.

Hy. Magnuson came in Monday from the summit, where he has been doing assessmont on properties owned by Rossland people.

Supt. Ward, of the I.X.L. Mining Co., come up on Monday's boat. The work of driving the lower tunnel on the property owned by his company will be started at once.

Nate Lay is working on the Bonanza in the Haskin's creek basin.

The Silver Cup showings are improving as the work progresses. The upraise will be completed within the next three weeks. A comprehensive plan of development has been planned which will be pushed with a full force of men as soon as the connection is made with the upper workings.

J. O. Piper intends making a shipment from the Alice No. 2. The ore is carbonates and galena. Assays running from $24.09 to $424.00, principally gold have been obtained. An average taken from ore already sacked gives $168.00 in gold and 20 oz. silver. The property is situated on the Alice hill, adjoining the Cromwell.

Fred Mummery and A. W. Edge are working the Sampson adjoining the Triune.

The Baltimore group is improving with every shot. Superintendent Waller confidently expects to strike a body of shipping ore before going much further.

The work of installing the compressor plant at the Big Tunnel is being pushed rapidly. A full force of men will be put on immediately the installation is complete.

The owners of the Noble Five, the claim on which a rich discovery was made a week ago, are not losing any time about getting down to business. A trail has been built connecting with the 8-Mile trail, and the work of getting out ore has been started.

Jack Atkinson and S. Shannon of Ferguson have taken a lease on the Black Warrior group on Macdonald creek. They are already sacking ore, of which there is a considerable quantity in sight.

The Triune shipped a car of ore this week. Between 15 and 20 men are employed at present.

Malcolm Mathieson, Ole Peterson and J. Livingston are plugging away on the Copper Chief. A good quantity of ore is sacked, and will be shipped in a few days.

Packer Vipond starts this week to bring down ore from the I.X.L. now under lease.

A pack train with supplies left for the I.X.L. (Milloy) Thursday morning.

On the O.K. some very nice ore is being encountered in the drift. Supt. Baty has charge of operations.

Developing Mammoth.

CAR OF ORE COMING DOWN. NEW STRIKE ON THE SIRDAR IS A GOOD THING. 4 TO 12 INCHES OF CLEAN ORE.

Edward Baillie, general manager of the Edward Baillie Mining Co., Limited, operating the Mammoth group on Fish creek, came in on Monday night from the property. He expressed himself to the REVIEW as being highly pleased with the development of the claims. A car of high-grade ore is being brought out.

The No. 1 Crescent tunnel is now in 150 feet and looks better than ever. The face of the tunnel has a vertical depth of 65 feet, and is in 12 inches of clean ore.

The new strike on the Sirdar, one of the group, is looking fine. The vein has been proved for 300 feet. The paystreak runs from 4 to 12 inches of clean ore. A tunnel has been started on the vein and the ore sacked.

There are at present nine men employed under the direction of Foreman Max McCollum. Preparations are being made so as to allow the work to go on throughout the winter.

Rev. Mr. Scott has been confined to the house for over a week suffering from a sprained shoulder.

J. A. Griffith left for the south last Saturday on a business trip.

Charlie Copp came down from the Triune this week for a short holiday.

Surveyor Wilkie returned Friday from running the lines on the Fidelity group.

Rev. Mr. Cook, of Kaslo, conducted the services on the Anglican church Sunday last.

Banker Baker paid Revelstoke a flying trip the end of last week.

Fred Elliott has one of the finest tennis courts in the country. The lovers of the game are enthusiastic over it.

Miss Marjorie Fraser has been spending the week with Miss Mary Beaton, at Beaton.

George Forddred came down from 5-Mile on a short visit during the week.

Louis Levesque is anxiously awaiting the opening of the bird season. We would advise the birds to move their quarters if they don't want to be introduced into Louis's oven.

The Bowman Lumber Company's steamer, Geo. F. Piper, has started on her old run again after having undergone a thorough overhauling. Inspector Thompson gave her an official examination on August 1, and said she was first-class in every respect. She was granted a license to carry 40 passengers. Her passenger cabin is 38 ft. long by 9 ft. wide. She carries two lifeboats, 16 ft. long, 4 ft. wide, 18 in. deep. She was practically rebuilt, and the whole of the work was completed in seven days, being started on the 10th day of June. The work of rebuilding her was under the direction of Mr. McKissock, of Nakusp, to whom the turning out of the boat has been most creditable.—Mail.

Billy McLean came in Wednesday to start brewing operations at the new brewery.

Prospects Are Good.

G. O. BUCHANAN VISITS THE DISTRICT AND WAS HIGHLY PLEASED WITH PROGRESS. SPEAKS OF INCREASE OF TARIFF.

G. O. Buchanan, inspector under the "Lead Bounties Act," visited us this week. Mr. Buchanan was on his regular trip of inspection, and visited the Ferguson Mines, Triune and Lucky Boy.

In an interview with the REVIEW Mr. Buchanan expressed himself as well pleased with the amount of development going on. Men who are owners of good claims, he said, are beginning to realize that the days of wild-catting are over, and are getting in and developing. All over the country the same thing prevails. There was lots of capital, provided there was something to show the investor, and the claim owners by demonstrating their own faith as well as showing up ore bodies, were working along the right line.

In speaking of the increase of the tariff to 30 per cent on manufactures of lead, Mr. Buchanan thought it would have the effect of stimulating the mining of that metal, and taken in conjunction with the bounty, which has still three years to run, would put the lead industry of B.C. in good shape.

Walter Phelan came up from the foot of the lake on Monday. He informed the REVIEW that the Jenkins property there was turning out well. A test is being made, and if satisfactory, a car of ore will be taken out at once for shipment.

July returns from smelter credit Triune with 58,184 lbs., and the Beatrice 89,300 lbs. of lead ore.

A pleasant little party was held last Monday at the residence of Mrs. Cornelius, in honor of Miss Lilian Cornelius.

Exhibit at Nelson Fair.

TROUT LAKE MUST SHOW THE OUTSIDE WORLD WE CAN HOLD OUR OWN IN GROWING AND EXHIBITING ROOT CROPS.

The directorate of the Nelson Fair have have divided the Kootenays into districts for the purpose of competing for prizes along the fruit and vegetable line. Mr. G. O. Buchanan, who is one of the directorate, and an old time resident of Kaslo, thinks that his part of the country can beat the world in fruits, but are short in the vegetable end. He, however, says, that what he has seen in the way of roots, Trout Lake can discount anything he has run across. He suggests, therefore, that we throw our lot in with Kaslo, and send a selection of spuds, turnips, carrots, etc. The idea is a good one, and the Review will do all it can to further the project.

A representative of this paper visited the ranches of W. Adams and Adams Brothers one day this week, and was greatly surprised at the appearance of their root crops. Nelson Fair begins September 20th, and unless we are greatly mistaken, the above mentioned ranches will have some excellent specimens ready by then.

Mr. S. Shannon will re-commence development at the school-house on the 21st. He has in the group something like 40 different leads of different sizes. It is a certainty that with judicious work on the part of Mr. Shannon the result will be a big factor in the future success of Trout Lake.

Joe Hawkins returned Tuesday from a trip through the Okanagan. Joe says that Trout Lake is good enough for him, and that while things are a little quiet here, they are more so on the outside.

"Beautiful Trout Lake."

Spontaneous Tributes from Visitors.

"I HAVE travelled extensively through what may be called the picturesque parts of Europe and America, and I have no hesitancy in saying that the district around Trout Lake abounds in natural beauty, and the magnificent views from the mountain peaks are equal to anything found even in famous Switzerland."

DR. EUGENE MAY.

"The scenery is magnificent. We have enjoyed our trip very much. Next year we will come prepared to make our visit a long one and enjoy the fishing and shooting"

H. M. HANSON, Pres. 1st National Bank,
Hanley Falls, Minn.
COL. P. H. GREER, Minneapolis, Minn.

"I am delighted with Trout Lake and the surrounding district. The views are sublime. I am sorry I cannot extend my visit.

C. E. EHREHART, Philadelphia, Pa.

"The trip in from the south to Trout Lake City is simply grand. From the summit the views obtained are the finest I ever witnessed. Colorado and Alaska, in my opinion, do not equal it for beauty and grandeur. My next trip will be more extended.

J. J. FOLTZ, Tacoma, Wash.

NOW, MR. MINING MAN.

The REVIEW has some nice samples of Ore, and we want a good quantity. Our intention is to send a good "Exhibit" to Nelson Fair.

Now, get in and help us out. Bring in good big samples, and we will do the rest. Must ship exhibit by 13th September.

Nothing pays so much as advertising! Get in and drill!!

Great Northern Mines, Ltd.

IMPORTANT MEETING AT NELSON. NEW DIRECTORATE FORMED. TEN MORE STAMPS FOR THE MILL AT CAMBORNE.

A very important meeting of the Great Northern Mines, Ltd., was held at Nelson on the 8th inst. The secretary, Robt. Hodge, presented a statement showing receipt and expenditures as well as the present financial condition of the company, which reports were adopted.

The report of A. H. Gracey on the Oyster-Criterion was received. He spoke well of the property and advised the installation of an additional 10 stamps. His recommendation was adopted and the increase will be made at once.

The meeting next discussed ways and means. Shareholders present represented 900,000 shares. Of these 680,000 were promoters' shares, representing the cash put into the company by W. F. Cochrane, W. B. Poo, F. W. Godsal and J. J. Young, and their profits on promotion. In view of the present financial position of the company they volunteered to return to the treasury all the shares—about 280,000—which they had received as promoters' profit, and allow it to be sold as treasury stock. This generous offer was responded to by all the shareholders present subscribing for new stock at 30 cents a share in the ratio of 1 per cent. of their holdings, which would at once place $9,000 to the credit of the company. Treasury stock will be offered to the public at the same price, and there are influential parties prepared to take up a large block on these terms, now that the management and control of the company have been satisfactorily settled.

The new financial arrangement ensures sufficient capital to put in the larger mill on the Oyster-Criterion, and also to do development work on the Swede group, so that to this extent it supersedes the scheme for forming a subsidiary company for the latter purpose, the same parties coming in under the new arrangement.

J. J. Young retired from the directorate, and the new board was elected as follows: W. F. Cochrane, F. W. Godsal, J. G. Mathews T. Kilpatrick, W. A. Jowett, W. Gosnell, B. Crilly and W. B. Pool. J. M. Lay was appointed anditor.

At a meeting of the new board of directors held to-day. W. F. Cochrane was elected president.

Be comfortable. Fraser is opening up a fine line of "Queen" heaters and other lines of stoves.

The hum of the planing mill and the toot of the big whistle at the sawmill are joyful sounds. Supt. Kennedy is pushing matters as rapidly as possible, and it is expected the big band saw will be in operation in a few weeks.

J. J. Foltz, of Tacoma, who has been in the district for over a week looking over different properties, expressed himself as being well pleased with what he has seen. He speaks hopefully of the future along the mining line, and says he is confident that in time Trout Lake will be a prosperous mining center.

Banker Baker and Cashier Walker went out after big game one day this week. Talk about sport! Just ask 'em. By the way, porky's make good eating.

Ferguson Briefs.

O. V. Grandin, M.E., who was connected with the Sydney Iron Works, of Sydney, C.B., came in with Ald. Foote, of Revelstoke. His purpose here is to thoroughly examine and report on the Surprise group of claims on Surprise creek. So far the result of his examinations are not known, but owing to the fact that he has already expended nearly two weeks time on the property, the impression is that he is finding something of value.

Robt. Kirkpatrick and Lance Hillman are doing assessment on the Little Robert group.

Ed. Hillman and Jim Graham are doing assessment work on the I.X.L. and Elsmere up the North North Fork.

A. J. Gordon, who has been plugging away on the hills since the spring, was down at the Lake during the week.

Contractor Sam Sutherland left Wednesday for Spences Bridge to look after his four-mile railroad contract.

Jim Haley, an old-timer, arrived in town a few days ago.

Andy Garrett has been confined to his room for several days with severe internal pains.

Sam Shannon, B.A., paid a visit to Revelstoke during the week.

P.C. Joe Kirkpatrick was at the Landing on official business on Monday.

Intense excitement prevailed at the Court House on Wednesday, when Sheriff Geo. M. Yuill offered for sale interest in the Sunset mineral claim on Rapid creek, and the Idle Hour and Bampton claims near the Triune. These claims were seized to satisfy judgments against the owners. From the start the bidding was spirited, and the Sunset interest was knocked down to A. M. Craig, and the Bampton to Jno. Morton. The Idle Hour was withdrawn, the amount bid not being in the opinion of the sheriff anything like its value.

Archie Gould left Tuesday morning for the Okanagan country.

W. F. Cochrane, manager of the Great Northern Mines, Ltd., was at Camborne for a few days last week looking over the Oyster-Criterion mine and the stamp-mill which the company owns and operates. Mr. Cochrane was very pleased with the manner in which operations are progressing and expressed satisfaction at the substantial gold brick that is yielded each month as a result. He stated that the company intends working the property continuously and that considerable development work will be done in the near future. He expressed great faith in the future of the Oyster-Criterion. — Camborne Miner.

Six cases Hudson Bay Knitting Co.'s men's wear: gloves, neckwear, etc., now being opened up at Fraser's.

Dr. Robinson has received the appointment of resident physician of the Ferguson Miners' Union hospital. Trout Lake people are sorry to lose the genial M.D., but console themselves with the thought that he will not be very far away when his services will be required.

THE LARDEAU MINING REVIEW.

Is Printed at Trout Lake City, and Published at Ferguson and Trout Lake every Friday.

Terms for Transient and other advertising will be made known on application at office Subscription $2.00 a year, in advance.

INVESTIGATING ZINC.

The Canadian government is to secure the services of an expert and spend $12,000 in examining the zinc resources of British Columbia. The trouble will be to get an expert who will be satisfactory to those interested. There is no member of the geological party who is able to undertake this work, and it is feared one of these gentlemen might be palmed off on the public. If the alien laws do not interfere it would be a good idea to secure the services of one of the many zinc experts of high standing on the other side and, should they see this article, now is the chance to wire Ottawa offering their services, as it is likely the West Kootenay district will be satisfied with no one else but an American expert. The choice, of course, falls on Professor Ingalls, of New York. His reports are accepted without question the world over. John R. Parke, of Spokane, is another satisfactory man. Although not so well known as Mr. Ingalls, he has a reputation as an expert on zinc which would carry weight. The objects aimed at in securing the examination are as follows:

1. A report on the districts from which the zinc ores are being produced; the character and tonnage of such ores; the methods employed in their production, and local reduction; where marketed, and at what cost.

2. An estimate and report on the tonnage and character of zinc ores which have been made available for production by mining development, and a report on transportation facilities.

3. A report on the location and the probable future of the undeveloped deposits; the character and metallic value of the ore so exposed, etc.

From what we can learn, A. C. Goode will be associated with Professor Ingalls in this work.

DENTAL GOLD MINES.

More than $2,000,000 worth of gold is annually hammered into teeth by dentists, says the Mining Reporter, and this use of gold is so rapidly increasing that in the course of time a considerable sum will thus be tied up.

In the last ten years more than $15,000,000 worth of gold has been used for dental purposes and within five years more the consumption of gold will probably be increased by another $1,000,000 worth annually.

As little of this gold is ever recovered it will be seen that in the course of time a large supply of gold will be lost in circulation unless other dental metal is discovered.

A U.S.A. OPINION.

In response to an appeal from the recently organized Carter White Lead Company, which is preparing to manufacture white lead in Montreal, the Canadian Government has levied a tariff of 30 per cent. on all white lead coming into their territory after July 6th, 1905. In order to disturb the local paint manufacturers as little as possible, the old tariff of 5 per cent. will apply on white lead imported up to September 15th next, provided it was ordered prior to July 6th, 1905. The establishing of a white lead works in Canada will not only be an advantage in itself, but will foster the lead mining and producing interests of the western provinces. When it is considered that the value of the imports of lead pigment for the last fiscal year amounted to two-thirds of a million dollars, it will be seen that Canada is protecting [illegible]

Hugh McPherson - - Supt.

an industry of no mean proportions. While the new duty may be unsatisfactory to some interests, we believe it will prove of distinct advantage to the lead mining and smelting companies.—Denver Mining Reporter.

When writing to your friends, don't forget to tell them that for a summer outing the Lardeau excels.

Two dollars in itself will not set a man up in business or buy him a farm; but when a publisher gets what is coming to him of these same $2, it sometimes saves the sheriff a job. How are you fixed?

Advertise the Lardeau by bringing ore samples to this office for the Nelson Fair.

We notice, says an exchange, that subscriptions come in good on Mondays. We account for this by knowing that many of our subscribers go to church on Sundays and hear good things, and of course no one can be a Christian and owe the printer $2.00.

—o—

Two tourists recently arrived from Nelson by steamer, it being their intention to make connections the next day with the C.P.R. at Arrowhead. After reaching Trout Lake they became enchanted with their surroundings. Instead of hurrying away the next morning they put in what they described as "the happiest three weeks of their lives in the picturesque Lardeau!"

—o—

The fruit-raising industry is assuming proportions in the Lardeau, for we find the Lardeau Mining Review speaking of the big Silver Cup mine as a "peach." The Kettle Valley and Okanagan districts will have to look out for their laurels.—Phoenix Pioneer.

[We are sorry to have transgressed, 'Brer Willcox; we should have said she is a "daisy." By the way, we have "laurels" galore growing in this section, so there is no need to covet the laurels of outside points. Let them keep their old laurels.—ED.]

—o—

A social dance will be held in the I.O.O.F. hall, next Monday night (21st).

CANCELLATION OF RESERVE.

NOTICE is hereby given that the reservation established in pursuance of the provisions of the "Columbia and Western Railway Subsidy Act 1896," notices of which were published in the British Columbia Gazette and dated 7th May, 1896, and 5th June 1896, respectively, are hereby cancelled.

Crown lands situated within the area embraced by the said reservation will be opened to sale, settlement, lease and other disposition under the provisions of the "Land Act," three months after the date of the first publication of this notice in the British Columbia Gazette; provided, however, that in all cases where lands are so sold, pre-empted, leased or otherwise alienated by the Government, and are subsequently found, upon the survey of the Columbia and Western Railway Company's blocks, to lie wholly or in part within such blocks, then the persons so acquiring such lands shall acquire their title thereto from the Railway Company, who have agreed to deal with such purchasers, pre-emptors, lessees, etc., on the same terms and conditions as the Government would under the provisions of the "Land Act," except in respect to timber lands on the Company's blocks, which shall be subject to the regulations issued by the Company relative to the cutting of timber on the Columbia and Western Railway Land Grant.

NOTICE TO DELINQUENT CO-OWNERS

To James Grant, R. G. MacLeod and James Bouchier, or to whomsoever they may have transferred their interest in the Slate mineral claim.

Take notice that I, the undersigned co-owner with you in the Slate mineral claim, situate on South side of Lardeau river between Rapid and Poplar creeks in the Trout Lake Mining Division of West Kootenay, have performed the necessary work and made the necessary expenditure on the above mentioned claim for the years 1904 and 1905, in order to hold the same under section 24 of the Mineral Act, and the years for which said work was performed and expenditure made having expired, I hereby give you notice that if within 90 days from the first publication hereof you fail or refuse to contribute your proportionate share of such expenditure and pay the costs of this advertisement your interest in the said mineral claim will become the property of the undersigned under and by virtue of section 4 of the Mineral Act Amendment Act, 1900.

Dated at Trout Lake this 17th day of July, 1905. JAMES SNELL, Co-Owner.

NOTICE.

Copper Queen mineral claim, situate in the Trout Lake mining division of West Kootenay district.

Where located: On Silver Cup mountain, about 1½ miles from Silver Cup mine.

Take notice that I, Frederick Charles Elliott, F.M.C. No. B88042, acting as agent for Charles L. Copp, F.M.C. No. B83186, Charles McNicholl, F.M.C. No. B78011, and John W. Westfall, F.M.C. No. B87964, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of Certificate of Improvements.

Dated this 11th day of Aug., A.D. 1905. 18-8-1905.

When looking for a place to spend your holidays, bear in mind that Trout Lake is an ideal summer resort. The scenery and climate are magnificent

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

Agent
Trout Lake, B.C.

Lots can be obtained on EASY TERMS.

Make your selection at once.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this summer, so if you would know more, write at once to either of the agents at the addresses below.

TITLE OF SEIZURE AND SALE.

NOTICE is hereby given that under and by virtue of a warrant of execution issued out of the County Court of Kootenay, holden at Revelstoke, in an action wherein Peter R. Peterson is plaintiff and W. H. Howard is defendant, and to me directed against the goods and chattels of the said defendant, I have seized and taken into execution all the interests of the above named W. H. Howard in the following named mineral claims situated in the Trout Lake Mining Division of West Kootenay, viz., Bampton mineral claim situate on head of Triune creek, adjoin-the Enterprise mineral claim, on the north side, located 20th day of July, 1904, recorded 2nd day of August, 1904. Idle Hour mineral claim, situate on the head of Ten Mile creek, a tributary of the North Fork of Lardeau creek and three miles from Ferguson, located 20th day of May, 1899, recorded 23rd day of May, 1899, and I give notice that I will offer for sale by public auction at the Court House, Trout Lake, B.C., Wednesday the 16th day of August, 1905, at the hour of 11 (eleven) o'clock in the forenoon, all the interests of the said defendant in the said mineral claims.

Dated at Trout Lake, B.C., August 4, A.D., 1905 GEO. M. YUILL, Deputy Sheriff, N. Kootenay. Trout Lake, B.C.

IN THE MATTER OF THE "COMPANIES' WINDING UP ACT, 1898, AND AMENDING ACTS," AND IN THE MATTER OF THE SILVER CUP MINES, LIMITED NON-PERSONAL LIABILITY.

The Silver Cup Mines, Limited Non-Personal Liability, has gone into voluntary liquidation under the above Act, and has appointed Erland G. Hadow, of the town of Ferguson, B.C., accountant, its liquidator, for the purposes of such winding up.

The creditors of the above Company, which has its head office in said town of Ferguson, and all others having any claims against said Company, are required on or before the first day of September 1905, to send to Harvey, McCarter & Pinkham, solicitors for said liquidator, at their offices, First Street, Revelstoke, B.C., their names and addresses and descriptions, and the full particulars of their debts or claims verified by oath, and the nature and amount of the securities, if any, held by them, and the specified value of such securities, and if so required by notice in writing from said liquidator or his solicitors, to come in and prove their said debts or claims in the usual way, at such time and place as shall be specified in such notice.

After the said first day of September 1905, the said liquidator will proceed to distribute the assets of the Company among the parties entitled thereto, having regard only to the claims of which he then has had notice, and the liquidator will not then be liable for the assets or any part thereof so distributed to any person of whose claim he had not notice at the time of the distribution thereof.

Dated this 10th day of July, 1905.
