Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 1 TROUT LAKE CITY, B.C., JUNE 16, 1905. No. 32.

A New Company for Poplar.

Fred. C. Elliott went to Poplar on Monday morning with his blue bag to complete the organization of the Laclede Mining Co., Ltd., of B.C., who have taken over the Mother Lode property at Poplar. Moneyed men from Laclede, Idaho, are heavily interested in the venture, hence the name given to the company.

The directors elected are, President, H. I. Wiegar, Laclede, Idaho; vice-President, W. F. Henderson, Spokane, Wash.; sec.-treasurer, E. L. Masterson, of Poplar; managing director, Jno. Y. Cole, Poplar; E. L. Morand, Poplar, A. Hansen, Poplar, Andrew Christensen, Spokane. F. C. Elliott, of Trout Lake, was appointed solicitor for the company.

The company have a good property, money for development, and every chance of success.

Campbell's Comedians appear here to-night. They will be remembered by the people here who enjoyed their visit about a year ago. They will no doubt be greeted with a full house.

Keep a stiff upper lip. "Tomorrow the sun may be shining, although it is cloudy to-day." We have a district that will eventually turn out more of the precious metals than any other district on the continent. From Poplar on the south-east to Camborne on the north-west we have gold and silver values that are not equalled on the continent. When things are quiet don't go belly-acheing around telling your neighbor that the bottom has dropped out. Use, instead, your spare time in stiffening up his backbone. If you don't show your own faith in the district how can you expect an outsider to do so. We want his money for development Don't scare him out because you've got a fit of the blues.

If you enjoy good music, don't fail to hear Miss Rose Govello and violin, with Campbell's Comedians. Oddfellow's hall to-night.

John Moore, of Kaslo, came up on Wednesday night to attend a meeting of the License Commissioners.

The parties who have bonded the Smith and Rogers property at Rapid Creek are going in for serious development. During the summer a 5-stamp mill will be put on the ground, which if found to treat the ore successfully, will be enlarged.

Nate Lay and Fred Jacobs have returned from the Glacier, where they have been doing assessment work. They had the misfortune to have their camp outfit burned whilst in the hills. They were fortunate, however, in opening up some good grounds. Samples of the ore brought to the Review office gives values of 300 to 400 oz. in silver. The owners will return to the property at a later date to continue development work, and if present indications prove out, there will be another shipper added to the Trout Lake list.

Jim and Mrs. Dimmock returned to Trout Lake on Wednesday after spending the winter at outside points.

D. E. Kerr, dentist, of Rossland, is doing good business at the Windsor. The doctor is well known as a master of his business, and he intends to put Trout Lake down as a place to visit frequently

Young George Haner fell out of Crawford's hay-loft last night and broke a finger.

MINING RECORDS.

TRANSFERS.

D. R. McLennan to F. C. Elliott, ¼ in Embro.

Doc Meldrun, who for a long time handled the ribbons over Andy Daney's six-horse team is reported sick at Medical Lake hospital from lead poisoning

Don't forget the Concert and Ball on July 1st.

J. W. Westfall has been laid up sick for part of the week.

Mining Exchange Formed.

The meeting called for Monday night for the purpose of organizing an Exchange, was largely attended by property owners and business men. The object of the meeting was concisely set forth by J. A. Griffith. F. C. Elliott was elected chairman pro tem, and J. C. Murray secretary pro tem. A committee was appointed consisting of F. C. Elliott, J. W. Westfall, J. A. Griffith, J. Stauber, Chas. Olson, H. McPherson and A. W. Edge, to consider the necessary amount of money required to run the association for one year, and draw up rules and regulations to govern the institution

The main object of the Exchange will be to advertise the district; send out literature c[illegible] all probable investors; to conduct an office where all information can be secured relative to properties in the camp which are for sale.

The report of the committee will be handed in to the meeting on Monday night next.

All are invited to take part in this meeting.

The renovating both inside and outside of the Recording office adds greatly to its appearance, and does credit to architect Taylor and artist Edge, who have had charge of the work.

A large consignment of supplies were sent from Fraser's store to the Mohican on Gainer creek during the week. The work at this well-known property will be under the direction of Pete Culkeen. The long tunnel now being driven is to be continued.

Dad Carothers has gone to Ladysmith to attend the annual Convention of the I.O.O.F. Grand Lodge.

Some stringers of ore are being encountered in the long tunnel of the Reward Mining Co.

A Narrow Escape.

What must be written as an almost miraculous escape from death occurred to Bert Fowler on Saturday. Along with Fred Vipond he was engaged in piloting the first ore pack-train of the season from the Triune mine to the wagon road, and when about half-way down the mountain a snow-slide started. Being in the direct line of the slide it was a matter of impossibility to escape from the avalanche, and in a few seconds he and his horse were being carried with terrible velocity in the mighty mass of sliding snow, boulders, trees, etc. Fortunately, but Bert cannot explain how or when, he parted company with his horse, and he was hurled to what looked like sure death. It may be readily understood the narrow shave he had, when at an angle of 75 degrees he had been carried in a few seconds some 500 feet. Nearing Triune canyon, and almost at the very brink, a friendly boulder intercepted him, and after laying for some time in a semi-dazed way, he rallied, and extricating himself from the debris, he found his partner with the pack-train uninjured. A friendly bullet despatched Bert's mount, which was in the throes of death. Beyond a few scratches and some bruises, the hero of this escapade is apparently o.k.

Oyster-Criterion.

The Oyster-Criterion is again in full swing. For the past week a gang of men have been employed cleaning the tunnels in readiness for the force of miners. The compressor is again at work. The stamp mill will be running full blast in a few days. S. C. McClure, who for some time was foreman at the Athabasca-Venus mine at Nelson, has charge of the mining operations under superintendent A. H. Gracey.

Licensing Board Meets.

The Licensing Commissioners for the Ainsworth District sat in Court House, Trout Lake, on Thursday morning last. There were present on the bench Messrs. H. McPherson, Trout Lake, G. B. Batho, Ferguson, and J. Moore, Kaslo.

Aplications for licenses were granted to the following hotels:

C P Fournier, King hotel, Ainsworth.
Leander Hanna, Lardo hotel, Lardo.
[illegible] Lake.
J A McIsaac, Victoria hotel, Whitewater.
Alexander Laughton, Lardeau hotel, Ferguson.
McDonald & Black, Ferguson hotel, Ferguson.
Mrs S O Connor, Windsor hotel, Ferguson
A F Rankine, Balmoral hotel, Ferguson.
D R McLennan, Windsor hotel, Trout Lake.
Abrahamson Bros. Queen's hotel, Trout Lake.
Madden & Levesque, Lake View hotel, Trout Lake.
John Simpson, Trout Lake hotel, Trout Lake.
Edward Mobbs, Lennoxville hotel, Gerard.
E L Morand Royal hotel, Poplar.
Jacobson & Anderson, Grand hotel, Poplar.
Pat Carey, Grand Central hotel, Poplar.
Chas Hanson, Miner's hotel, Poplar.
Magnuson & Schmock, Dominion hotel, Poplar.
Asa Hillman, Ten Mile hotel, South Fork of Lardeau creek.

An application for reduced fees from Poplar was recommended by the Commissioners.

One day this week a large party from Trout Lake journeyed to Beaton for a picnic. The weather proved charming, and a very enjoyable time was spent. Several of the younger couple had a luscious time — but that's another story.

Life Sentence On Coleman.

EDNA HOFFMAN'S MURDERER GETS NO MERCY FROM THE PORTLAND JUDGES.

WELL-KNOWN HERE

And Satisfaction is Felt at the Verdict and Sentence.

Because Edna Hoffman had taken John Coleman's money for years and had then thrown him over, his plea of guilty of murder in the second degree for cutting his paramour's throat after a quarrel at Portland, Ore., April 2, was accepted at that town last Tuesday, and under Oregon law, Coleman will be sentenced to the penitentiary for life on Thursday morning.

The murderer and his victim were well known in the Lardeau, and they resided in Ferguson for some time last year. Coleman, who is better known here as Jack Gibson, has property at Poplar creek.

"If I were where my reputation was known I would be acquitted in five minutes, but this is a strange country and I am satisfied," was all Coleman would say to the World correspondent. He has recovered from his attempt to kill himself at Chehalis, Wn, April 4, immediately after his capture.

The parties had both figured in the police court here. The woman left Coleman and he followed her to Spokane, thence to the coast, and murdered her at Portland, Ore.

Mrs. Masterson and son Earl are up from Poplar on a visit.

The End in Sight.

THE LOCAL SAWMILL PEOPLE ARE SETTLING ALL CLAIMS. KINMAN ACCEPTS THEIR OFFER AND THE TROUBLE WITH HIM IS ENDED.

We are pleased to be able to announce this week that the Canadian Timber and Sawmills, Ltd. have taken a step which will tend to their mill here operating at an early date. The mill was closed down in August last when it was generally conceded it was paying for itself, and a deadlock has remained ever since. The principal creditor of the company was E. L. Kinman, and the matter has been in litigation since the shut-down.

On Thursday the REVIEW received a telegram from G. S. McCarter, of the law firm of Harvey, McCarter & Pinkham, Revelstoke:

"Kinman accepted Company's offer; Company pays all Kinman's costs. Check handed over."

A private letter received from Kinman announces that everything is now satisfactorily settled.

We also learn that Kinman received a check for $12,500.

A wire has been sent to Mr. Leslie Hill asking for information re the probabilities of the resumption of operations at the mill, but up to the time of going to press no answer has arrived.

Campbell's Comedians.

Campbell's Comedians gave the people of Trout Lake a greal treat last night. A large audience was there, and the varied program submitted was immensely enjoyed. Campbell's show is "all right." Rose Govello, the musical artist and clog dancer, made a hit with her specialties, as did the Campbells in their comedy and musical skits. They show again to-night, and a large audience will surely greet them. A gratis dance will be given after the entertainment. If you wish to spend a pleasant evening don't fail to see them.

Meeting in Review office Monday night to receive committee's recommendations for the Mining Exchange. Property owners are requested to turn up in force.

The Lake has risen considerably the past two weeks.

WANTED.—A Strawberry Picker. About a month's work. Apply J. Pullman, P.O. Trout Lake.

We learn that a well-known hotel man is about to erect a first-class house at Gerard.

Club Dance on Wednesday night in the I.O.O.F. hall. Good music. Everybody invited.

In about two weeks Jno. Pullman will be supplying us with the luscious strawberries. He has a patch second to none in the country, and last year he disposed of over 100 crates in town. He has been devoting special attention to the cultivation of the delicious fruit, and there are indications of a big crop.

Death of George B. Batho

It is with great sorrow that we announce the death of one of our most esteemed neighbors, Geo. B. Batho, which occured this morning (Friday) at his residence on Victoria Avenue, Ferguson.

The deceased gentleman has been ailing for some time, and he has been under constant treatment for chronic diabetes, but like an old war-horse he has kept plugging away to the last, and practically died in harness. He was postmaster of Ferguson, Justice of the Peace for the province, and License Commissioner for the Ainsworth district, and in his official capacity as the latter attended Court here yesterday. He drove back to Ferguson, and shortly afterwards complained of feeling unwell. He had a restless night, and Dr. W. E. Newcombe, who had been called to the sick man's bedside, informed the sorrowing household to prepare for the worst. The patient gradually weakened but was conscious to the last, and at six o'clock he breathed his last.

His death comes as a great blow to the citizens of Ferguson and Trout Lake, as the deceased was greatly esteemed for his many sterling qualities. He was fearless as a magistrate, a man of integrity and a staunch friend. He was in business at Ferguson for several years, and many of the pioneers of this district owe a debt of gratitude to the deceased, as in the early days when supplies were low and funds lower he provisioned many a prospector on the strength of his word, and was generous to a fault.

He was born in Ireland and was 42 years of age. He received his early education at the Fauconberge College, Beccles, Eng. He migrated to Canada in 1890 and started ranching at Olds, Alta., with ultimate success. Selling out he followed the crowd to the Kootenay country, and he engaged in placer mining near Fort Steele in its palmy days. In 1897 the rush began to the Lardeau, and he cast in his lot with the rising town of Ferguson, where he remained until the icy hand of death beckoned him away.

In politics he was a Conservative, and was a hard worker, and an untiring campaigner. He leaves behind a widow and five children.

Milton Haner, son of Jno. R. Haner, came in from Revelstoke Wednesday night. He will do some assessment work on his mother's property at Poplar creek before he returns.

Ferguson Briefs.

Geo. B. Batho, license commissioner, was down attending the Board meeting on Thursday.

John Morton, of Minnesota, came in last Friday. Mr. Morton is president of the Metropolitan Gold and Silver Mining Co., and is also heavily interested in the Reward Mining Co. He will have charge of the operations of both companies.

D. G. Forbes, late manager of the Great Western and Silver Cup companies arrived in town Monday night.

J. D. McGregor, inspector of mines, came in on Monday's boat.

A handsome marble headstone has been affixed to the grave of the late Alex. Laing in the local cemetery.

Mr. and Mrs. Lauder and family have gone to reside at Vancouver.

The Five-Mile plant closed down during the week to allow of a thorough overhauling. The development work at the Cup will be pushed with the utmost vigor. A contract has been let to continue the Sunshine tunnel and upraise to the upper workings.

A. W. Edge and Frank Landrian go to the Mollie Mack Saturday. Mr. Edge will make a thorough examination of the property preparatory to commencing development.

Dave Morgan's eastern partners in the Surprise group will be in between now and the end of the month.

Jack Brown came in yesterday from the Old Gold camp, where he has been doing some assessment work on the Consolidated properties. A new shoot of ore has been opened up.

Freighter Vipond is busy with his team hauling ore from the Triune. About three and a half tons a day is the average being brought to the wharf.

Robby Kirkpatrick arrived home from school at New Westminster on Thursday night for the holidays.

At the property of the Reward Co. great progress is being made on the long tunnel. Some nice stringers of ore were run into this week, and everybody is satisfied that she will be an early shipper.

Concert and Ball at Trout Lake on Dominion Day.

Frank Malcom has secured the contract to drive the Sunshine tunnel. He arrived from Sandon to begin operations last Wednesday.

R. T. Lowery, the quaint editor of the Fernie Ledge, paid us a fraternal call last week.

Don't let the pessimist get in his fancy work. Remember that the darkest hour is always before the dawn. Keep your eye on Ferguson, for she has the finest prospects in the world—bar none! A temporary lull will be for the better, as results in the near future will prove.

Campbell's Comedians at the Lake Saturday. Gratis dance after.

One thing brought up another and things looked black. Words led to blows, and the man who stopped the blow goes to law about it. The magistrates haven't decided yet who to blame.

Mr. and Mrs. Chamberlain left for a trip to the coast this morning.

Rev. Mr. Scott arrived last night and will conduct services in the Methodist Church, Trout Lake, on Sunday, morning and evening.

MURRAY & ATHERTON Publishers

BLAME THE GUILTY.

Their names are legion who have invested money in British Columbia securities. On many, fortune has smiled. Others have lost, and it is with this class we wish to say a few words.

Not long ago we received a letter from an investor who resides near the Atlantic, asking "if there were any honest men in British Columbia?" He had lost his money in mining, not through the failure of the property, but through the operations of people in his own state. The property is to-day in good shape and will undoubtedly prove a dividend payer, but the promoters of the original company failed and this particular individual lost his money, and now he curses British Columbia. We have had letters from other eastern parties along the same line on another property. On enquiry we find this property was bonded and payments were to be paid monthly. The property was stocked for a large amount and $30,000 worth of stock sold. The promoters pocketed a large portion of this, paid part of it on the property, and did some development. To-day the stockholders who put in this $30,000 have nothing to show for their money. The bond has lapsed, and the investor curses the country. He was buncoed out of his money by his own people not acting honestly with him. The property is a good one and worth every dollar asked for it. The millions lost in the Le Roi were not lost because of failure of the property, but because of the rascality of the London operators.

We can cite hundreds of other instances where failure has come and the investor has lost because of either the incompetency or dishonesty of his own people. But poor old British Columbia has to stand the racket. We say without fear of contradiction that the resources of British Columbia both in minerals and timber are such that if money invested is carefully and judiciously expended the chances of failure are as small as in any other line of business.

Now, Mr. Loser, be honest; find out how your money is expended; look closely into and find out the channel through which your OWN PEOPLE have wasted your money; and if you can afford it, come out to B.C. and you will find that the country is teeming with wealth and the people straight.

Many properties remain unopened to-day because of the greed of middlemen. The prospector gives an option for, say, $5,000 to Jones, who is supposed to be next to Smith, who has money. Jones exacts a 10 or 20 per cent. commission from the owner, and when he goes to Smith raises the price from $5,000 to $20,000. Smith turns the deal down because of the high price, and says the prospector must be a damphool. He would have taken a chance at it for $5,000, but at $20,000 rightly turns the deal down; and so the opportunity for a sale is lost and the capitalist is disgusted. This is not a fairy story, but has actually occurred not only once, but many times in this district.

By listing your properties with the proposed Mining Exchange the claim owner will be put in direct touch with the purchaser, and whatever his price is goes.

If an editor makes a mistake he has to apologise for it; but if a doctor makes a mistake he buries it.

Smokers' supplies in great variety.

NOT "MACHINE-MADE."

WHAT'S the difference between a "Machine-made" shoe, and a shoe made with machines?

Just the difference there is between their products—the average $3.50 shoe, and a "Slater Shoe."

Very little skill goes into "machine-made" shoes, the process being almost automatic, the result unreliable as it is cheap.

"The Slater Shoe" is practically "Custom-made," by skilled workmen who uses certain ingenious machines, as the bench-workman uses tools.

These complex tools work five times as fast as Awl, Wax-thread, and Knife, but they do sure work nevertheless.

Don't forget that they are used merely as tools, and that the individuality of the workman is in no way affected.

He can put into each pair, the same "Custom-made" style and service that would cost double if he used regular bench tools instead of the Goodyear Welt machines.

These machines give to each workman five pairs of arms, and his head can direct the five pairs as well as one pair.

We only permit him to use such of these machine-tools as do better than custom-work.

But a large part of "The Slater Shoe" is still made and finished, by hand, though there are machines that would do that work far cheaper but less reliably.

It is the skill, and the hand-work in "The Slater Shoes" that costs most, makes them look better, and wear longer than "Machine-made" shoes of the same price.

The slate-frame trade-mark, stamped inside the shoe lining, protects your interests, and tells the Makers' price, $4.00 or $5.00.

CANCELLATION OF RESERVE.

NOTICE is hereby given that the reservation established in pursuance of the provisions of the "Columbia and Western Railway Subsidy Act 1896," notices of which were published in the British Columbia Gazette and dated 7th May, 1896, and 5th June 1896, respectively, are hereby cancelled.

Crown lands situated within the area embraced by the said reservation will be opened to sale, settlement, lease and other disposition under the provisions of the "Land Act," three months after the date of the first publication of this notice in the British Columbia Gazette; provided, however, that in all cases where lands are so sold, pre-empted, leased or otherwise alienated by the Government, and are subsequently found, upon the survey of the Columbia and Western Railway Company's blocks, to lie wholly or in part within such blocks, then the persons so acquiring such lands shall acquire their title thereto from the Railway Company, who have agreed to deal with such purchasers, pre-emptors, lessees, etc., on the same terms and conditions as the Government would under the provisions of the "Land Act," except in respect to timber lands on the Company's blocks, which shall be subject to the regulations issued by the Company relative to the cutting of timber on the Columbia and Western Railway Land Grant.

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

EASY TERMS.

Make your selection at once.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band-saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this summer, so if you would know more, write at once to either of the agents at the addresses below.

F. B. Wells

General Agent

Revelstoke, B. C.

Job Printing of every description will be faithfully executed at the Review Job Dept.

IN THE MATTER OF THE "COMPANIES' WINDING UP ACT, 1898," AND AMENDED ACTS, AND IN THE MATTER OF THE GREAT WESTERN MINES, LIMITED LIABILITY.

THE Great Western Mines, Limited Liability, has gone into voluntary liquidation under the above Act, and has appointed Erland G. Hadow, of the town of Ferguson, B.C., accountant, its liquidator, for the purposes of such winding up.

The creditors of the above Company, which has its head office in said town of Ferguson, and all others having any claims against said Company, are required on or before the first day of August, 1905, to send to Harvey, McCarter & Pinkham, solicitors for said liquidator, at their offices, First Street, Revelstoke, B.C., their names and addresses and descriptions, and the full particulars of their debts or claims verified by oath, and the nature and amount of the securities, and if so required by notice in writing from said liquidator or his solicitors, to come in and prove their said debts or claims in the usual way, at such time and place as shall be specified in such notice.

After the said first day of August, 1905, the said liquidator will proceed to distribute the assets of the Company among the parties entitled thereto, having regard only to the claims of which he then has had notice, and the liquidator will not then be liable for the assets or any part thereof so distributed to any person of whose claim he had not notice at the time of the distribution thereof.

Dated this 2nd day of June, 1905.

ERLAND G. HADOW,
LIQUIDATOR.
