Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 TROUT LAKE CITY, B.C., March 8, 1906. No. 19

Ladies Hockey Match.

THE GREATEST GAME EVER PLAYED IN THE LARDEAU.

HOCKEY ON TUESDAY WAS KING, BUT WAS PLAYED BY QUEENS.

The great game between Ferguson and Trout Lake Ladies' Hockey Clubs for a handsome silver trophy was pulled off on Tuesday night before a crowded rink.

The two teams lined up at the whistle of Dr. Robinson, who placed the rubber between the sticks of Mrs. Elliott and Miss Garrett and gave the word "go," and go it did towards the Ferguson end. With teeth clenched and a "do or die" look in the eyes of the players, the puck was carried from one end to the other for about a minute and a half, when Alma Thomas, with lightning swiftness eluded the Ferguson defence and scored first blood. By this time the blood of both teams was warmed up and hostilities resumed. The Fergusonites kept the Trout Lake defence busy. Shot after shot was made on the goal, and after about ten minutes the trick was done by Mrs. A. C. Cummins. Excitement now ran riot. The band played and the crowd yelled. Ref. Robinson offered a thousand to any one who would take his place.

Honors were now even. One goal each and the cup ownership undecided. Once more they start, and from one end to the other, above the goal, around the goal, to the right and to the left, anywhere but in that goal would that rubber travel. Mrs. McKinnon and Mrs. Cummins, Mrs. Craig and Miss Alma Thomas were here there and everywhere. Mrs. Wisdom, Mabel Burrell and Flossie Woods pounded the puck away from the danger zone times innumerable, Mrs. Elliott being always on the spot to move it across the centre line towards the Ferguson goal. The two Miss Garretts with Mrs. Griffits did not lose any time in returning, and in the scrimmages did noble work, while Mrs. Sandy Laughton of the defence was like a solid wall. But everything has to be lost or won, and by a supreme effort, Alma Thomas scored another goal for the home 7, and for the season the cup remains at Trout Lake. The boys and girls, the men and women all yelled, and the successful players were overwhelmed with congratulations. Three cheers were given for Ferguson, which moved the roof two inches.

The players were as follows:

Ferguson		Trout Lake
Mrs Laughton	point	Mrs Wisdom
Mrs Griffits	c.p.	Miss F. Woods
Miss A. Garrett	fwds.	Mrs Elliott
Miss L Garrett	"	Mrs. Craig
Mrs McKinnon	"	Miss M. Burrel
Mrs Cummins	r.	Miss A. Thomas
Miss Rus T. Garret		Miss Char Auer
	goal.	

The number of Chinese employed on the Rand, November 30, 1905 was 45,804. Lardeau: nit!

The s.s. Piper is once again making her regular trips between Beaton and Arrowhead. The s.s. Kokanee, plying on the Kootenay Lake, is in dock for temporary repairs; s.s. Moyie is making the run for the Kokanee.

To Handle Revenue.

TRADES COMMITTEE HOLD MEETING.

The Trades Committee held their regular monthly meeting on Monday night. Numerous letters were received promising support in the fight to be made against the A. & K. Charter extension.

It was resolved to petition the government to have all of our revenue paid into the Kaslo office. As it is now our real estate tax goes to the Revelstoke office, and the mineral tax and fees are handled by the Kaslo office. It was considered advisable by the Committee that being a part of the Kaslo electoral riding our taxes should be handled through the Kaslo office.

A telegram was ordered to be sent to Chief Commissioner of Lands and Works re river bank protection.

SUPPORT BY REVELSTOKE BOARD OF TRADE.

From the report given by the Revelstoke Mail-Herald of the Revelstoke Board of Trade meeting, the Public Works Department acknowledged the motion opposing extension of A. & K. charter unless the road is to be built immediately.

NOTICE.

To the administrators of the roads and trails funds.

The freighters and everybody else want the road gravelled from opposite the Oddfellows hall to the C.P.R. dock as soon as the snow goes off. Don't forget.

METAL MARKETS.

Copper again advanced on Tuesday's markets. Silver declined four points more both in London and New York. Lead fell two points on the London market. It is now at £15 17s. 6d., and about 30 cents per ton bounty is payable.

MACHINERY FOR SILVER DOLLAR.

A. Debois, manager of the Silver Dollar, has received a consignment of three carloads of machinery for the stamp mill and concentrator, which he plans to erect for his company at their mine at Camborne. The plant is to be a 100-ton one and will cost when completed about $70,000. Mr. Debois expects to have the mill in operation next fall.

A GOOD EXHIBITION.

The hockey match between Ferguson and Trout Lake teams last Saturday night at the Trout Lake rink was a good game. The play was fast throughout and entirely free from roughness. The score was 4–2 in favor of Trout Lake.

$12,000 FOR KASLO RIDING.

Kaslo riding gets $12,000 for trails and roads this year. No mention is made of river bank protection or North Fork wagon road.

Billy Burrell has changed his mind about the Vernon trip, and he left for Maple Creek, Assa., on Monday. He has received a good offer from a horse training outfit there, and Billy has gone with both feet.

The twin cities will meet again for a hockey match next Saturday evening at Ferguson rink.

Local and General.

Dan McArthur received word during the week of the death of his father at Lancaster, Ontario. He had arrived at the ripe old age of 85. A few days ago he received a paralytic stroke, the effects of which, combined with old age, proved too much, and he passed over the great divide. Dan has the sympathy of all in his bereavement, more especially since the present loss comes so soon after the death of his mother a little over a year ago.

Rev. J. P. Bowell, burser of Columbia College, New Westminster, paid a visit to Trout Lake last Friday in the interests of that institution. In conversation with the rev. gentlemen he expressed the great pleasure the trip gave him, and he paid a high compliment to our beautiful town and surroundings. Speaking of the Columbian College he said that the science and art department would next term embrace mining and engineering, and a long felt want would be supplied. The rev. gentlemen lectured on "Education" at the Methodist church the same evening.

Betsy Baker will pay a visit to Trout Lake on the 17th. She will be accompanied by Mr. and Mrs. Mouser and cousin Crummy.

Engineer Jacobs came down from the hospital Wednesday, where he has been with a crushed finger for a few days.

Mrs. Dewar, of the Windsor hotel staff, is down with a severe illness at the hospital at Ferguson.

Misses Nelly and Annie O'Brien left for Revelstoke this week.

Would that many of our readers in the eastern provinces and states had the opportunity of sharing with us the glorious weather now prevailing in the Lardeau. The first blush of spring is in evidence, and with it comes the clearest of blue skies, the piercing rays of Old Sol, the welcome re-appearance through the hoary crust of Mother Earth, and a heartfelt gratitude that we are permitted to dwell in God's garden—the beautiful Lardeau. Our eastern patrons should bear in mind that Nature can be seen here in all its pristine glory, and that there is no choicer spot under the canopy of heaven for a summer vacation.

Billy Athoe came in from Camborne during the week, and is staying here for a few days.

Gourlay Pianos are high priced, but worth their price. What if a Gourlay piano does cost a few dollars more? You get your money's worth. You obtain it in extra durability—years more of service provided for by the costliness of its construction; and you obtain it in its daily use—your delight and pleasure in its exceptional tonal beauty. We want you to see a Gourlay.

St. Patrick's night a grand Irish entertainment will be given in the Oddfellow's hall by the ladies' aid society of the Catholic church. The proceeds of the entertainment will be devoted to the building fund of the new church. The program will consist of Irish songs and recitations, and a special farce entitled "Betsy Baker," by Jno. M. Morton. This is extremely funny and will cause roars of laughter. All the best local talent are making preparations to ensure the success of the entertainment.

THE BEAUTIFUL LARDEAU

THIS is hardly the time to start out on your summer vacation, but we want you to consider the

LARDEAU

It is the place where nature can be seen in all its grandeur and magnificence. Its lakes, rivers, and mountain streams are filled with the finny tribe, and disciples of Ike Walton are in their glory. It is a resort entirely free from the mosquito pest. For information, write to the Secretary of Trades Committee or to the REVIEW.

THE BEAUTIFUL LARDEAU

If you are at all afraid of laughing heartily, you are cautioned against seeing Betsy Baker on St. Patrick's Day.

Fred Mummery and Malcolm Mathieson returned to town on Monday. Trout Lake looks good to the wanderers.

A large number of visitors came down from Ferguson Tuesday to cheer the ladies on to victory. Well played, Ferguson!

When the C.P.R. Co.'s summer schedule comes into force on May 15, the Slocan route will be abandoned as a part of the main Kootenay line, and steamers will again run from Kootenay Landing to Nelson, and from Robson to Arrowhead.

Bob Walmsley and Hec Crawford were visitors from Gerard this week.

Fred Elliott was at Revelstoke this week on legal business.

Andy Boman came down from the Cup Monday for a little recreation.

In the provincial estimates there is $200 appropriated for resident physician at Trout Lake and $300 for the same purpose at Camborne.

Billy Crawford has been laid up for several days with la grippe.

After the ladies hockey match on Tuesday night the victorious team invited the Ferguson visitors to a dance in the I.O.O.F. hall. A very enjoyable time was spent and all went away happy.

We are pleased to report that Mrs. J. Johnson is again convalescent.

Jary. Cook is in from Beaton.

The Lead Question.

A paint and oil man in Spokane has been telling the people that lead will soon see ten cents per pound.

If the coming season sees the same industrial activity throughout the United States, says the Sandon Mining Standard, lead will certainly climb to prohibitive heights. Last season the demand was enormous, taxing the capacity of the lead mines of the States for supply. No new sources of lead supply have been opened up, and the demand for construction purposes will be very keen. These facts will throw on the lead mines of the States, such a demand, that they will not be able to keep up with it. Should the coming season see good crops again, the United States will be forced to go into the world's markets for its supply of lead.

Lead as a fluxing medium is in sharp demand, and the dry ore miners in the States are feeling its scarcity keenly. Prices for smelting lead ores over there have fallen to very low figures, while the coming season promises to see smelting deductions wiped out altogether, and even a premium will be paid. Competition is promised to the Lead Trust and this will sharpen the demand. It will send the lead people all over the States, Canada and Mexico looking for supply, and the Slocan will feel its good effect.

Nate Lay came in from the Beaton-Hillman logging camp yesterday. He's looking fit.

Geo. Cheeseman has a hair specific at $1 a bottle which contains mysterious ingredients that will fade the most obstinate case of dandruff and raise whiskers on a snowball. Fact!

Services Sunday morning and evening at the Methodist Church conducted by the pastor.

Frank T. Abey and family left town on Thursday. It is Frank's intention to visit his relatives in the east, but he will spend a short holiday at Camborne.

The Waterworks company have a crew of men at work putting in hydrants for fire protection.

F. E. Groffman has been appointed station agent during the absence of F. T. Abey.

Mrs. J. C. Murray is taking charge of the post-office during the absence of F. T. Abey.

Jack Scott has purchased a well established cigar and tobacco business at Spokane, Wash. We wish Jack the best of luck.

In response to the message sent to Hon. R. F. Green drawing his attention to the unsafe condition of the river bank near the Court house, and pointing out that no appropriation had been made, a telegram was received last night by the secretary of the Trades Committee from the hon. commissioner to the effect the chief engineer of Public Works would inspect the river bank without delay.

J. O. Piper returned from the Beatrice camp Saturday.

Ed. Mobbs is having the Lennoxville hotel at Gerard thoroughly renovated.

Local Mining.

OF INTEREST TO THOSE WATCHING THE PROGRESS AND DEVELOPMENT OF THE RICHEST MINERAL SECTION OF THE PROVINCE

The winter's work on the Beatrice has proved up the value of the property to a large extent. Shipments from this property during the summer will add materially to the output of the Lardeau.

On the Broadview the crosscut from the shaft has encountered the ore body and the output will be increased to at least a car load each week. A test shipment is being made of the zinc ore to the Pilot Bay smelter this week. If satisfactory about three cars will be sent immediately.

Harry Rogers and partner are back at Rapid creek working on their properties there. If stick-to-it-iveness is indicative of success they will certainly "get there."

The lessees of the Free Coinage adjoining the Silver Cup are putting in some good work this winter. Good ore was encountered in the shaft. The work now consists of crosscutting at a depth of about 200 feet.

The Silver Cup work is going ahead along development lines. Manager Alexander is now in England conferring with the owners, and it is surmised that on his return the Nettie L. will be re-opened and something done towards the resumption of work on the 5-Mile plant.

Lou Williams is pushing development at the Mammoth. The property is looking well and good ore is being blocked out for spring shipment.

Ed. Mobbs, of Gerard, has been doing some good work on Canyon creek. The tunnel is now in about 100 feet and nice galena and grey copper is showing up. The lead is about 2 feet in width and carries values which will pay a good profit.

The Spokane Falls Placer Co. are expected to resume operations in a few days. T. Leavall is expected in by the next boat.

Wanted.—100 Capitalists to investigate the resources of the Lardeau.

REVELSTOKE ASSESSMENT DISTRICT.

Notice is hereby given, in accordance with the statutes, that Provincial Revenue Tax, and all assessed Taxes and Income Tax, assessed and levied under the Assessment Act and amendments, are now due and payable for the year, 1906.

All taxes collectible for the Revelstoke Assessment District are due and payable at my office, situate at the Court House, Revelstoke, B.C. This notice in terms of law is equivalent to a personal demand by me to all persons liable for taxes.

Dated at Revelstoke, B.C., this 22nd day of January, 1906.

FRED. FRASER,
Deputy Assessor and Collector,
Revelstoke Assessment District.

THE BUDGET.

We copy herewith an editorial from the Nelson News of 4th inst. We congratulate the editor on his ability to see something worthy of commendation in the political sitation. British Columbia is progressive, and such editorials in opposition papers will do much to advance the interests of the province Other papers in opposition to the present government would do well to follow the lead given by the News:

"The excellent showing made by the Hon. R. G. Tatlow in his budget speech yesterday, the report of which appears in our columns this morning is a matter for sincere congratulations not only to the finance minister, but to every resident in the province. The great length of the report published to-day while an exhibition of commendable enterprise on the part of this newspaper has made it only possible to speak very briefly here on the subject, further comment being necessarily delayed.

Whilst the pleasing improvement in the revenues is undoubtedly is due to the satisfactory expansion of the industries of the province, as stated by the minister in his speech, it is only fair to accord the honorable gentleman a large share of credit due for a financial condition of affairs upon which the whole province is to be congratulated.

Whatever causes of dissatisfaction there may be in regard to the government's executive and legislative acts in other respects, no fair-minded man will seek to deny Hon. Mr. Tatlow well merited commendation for the careful manner in which he has performed the exacting duties of a minister of provincial finance.

The Daily News has seldom an opportunity of expressing its approval of the general policy of the provincial administration, and it is with pleasure therefore, that this morning it can heartily congratulate the province upon the healthy and satisfactory state of its finances, and the minister upon his admirable and business-like presentation of the budget."

Canada is going to clean up all the United States silver in circulation and give us good Canadian stuff dug out of the "Lardeau" by special contract. This will give the Dominion treasury a profit of about $400,000, the Trail smelter refinery 5 per cent over and above the usual smelting charges, and boost the Lardeau as a great silver producing district.

We have no kick coming at the "eagle," but as patriotic Canadians the "beaver" would look much better to us on the gold as well as the silver coinage, with which we buy our tri-weekly beefsteak and oatmeal.

Dig up your "eagle" coins—and either take them to the bank or pay your subscription to the Review with them before it is too late.

The prospector locates the prospect. The prospect attracts the promoter. The promoter and prospector secure the claim The claim furnishes the basis for a stock company. The stockholders, found through the efforts of the promoter, provide the money. The money under the supervision of proper officers, develops the prospect. The mine furnishes the ore, which, properly handled, is turned into money; and the fund so secured, after payment of operating expenses, is the source from which is paid the dividends that make glad the hearts of the stockholders. Such should be the history of each mining investment.

NOTICE.

Notice is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for a special licence to cut and carry away timber from the following described lands situated in West Kootenay District.

From a post planted on the north east side of Lardeau creek about ¾ mile east from Halfway creek and marked Seldon Daney's north-west corner post, running east 80 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains to point of commencement.

SELDON DANEY.

Trout Lake, B.C., Nov. 18, 1905.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 15th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or oth r minerals:

Tbuy, s ell, or otherwise to deal or traffi in gold, silver, copper, lead or othe inerals and any of the products there and articles consisting or partly co sting thereof.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitsilas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1899, covering a belt of land extending between the mouth of Kitimat River and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works.
Lands and Works Department.
Victoria, B.C., 31st August, 1905.

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.

F. B. Wells
General Agent
Revelstoke, B. C.

NELSON, B.C.

NOTICE

Tenders for Mineral claim forfeited to the Crown.

Tenders will be received by the undersigned up to 12 o'clock, noon, on Tuesday, the 6th day of February, 1906, for the purchase of the undermentioned mineral claims, which were forfeited to the Crown at the Tax Sale held in the Government office at Kaslo, B.C., on the 7th day of December, 1904.

To be considered, all tenders must be at least equal to the upset price, as given below, which is equivalent to the amount for which such claims could have been re purchased by the owners on the 30th of June, 1905, together with the taxes which have accrued since the tax sale, the cost of advertising for tenders, and Crwwn Grant fee.

Claim	Lot No.	Upset price
Consolidated Virginia	3992	$45.05
Elk	3993	40.45
Speculator	3994	44.00

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Kaslo, in favor of the undersigned. The cheques of all unsuccessful tenderers will be immediately returned.
