Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 TROUT LAKE CITY B.C., JAN. 18, 1906. No. 12.

To Back Us Up.

LOCAL BOARD OF TRADE SOLICITS OUTSIDE SUPPORT.

TO BUCK C.P.R. IN OBTAINING EXTENSION OF A. & K. CHARTER.

Following a resolution recently put on record by the Trades Committee, a circular has been sent to all Boards of Trade in this section of the country and those of the coast cities praying for their immediate united support in conjunction with the local body in opposing the extension of the A. & K Charter.

The following is a copy of the circular:

"I am directed by the Trades Committee of this place to write you write you with reference to the extension of the A. & K. Charter, owned by the C.P.R, which is being applied for at the next session of Parliament at Ottawa. We would beg to call your attention to the following facts:

1st. There is to be built under this charter about 40 to 45 miles of road from Gerard at the foot of Trout Lake, to Arrowhead at Arrow Lakes.

2nd. There has been already one extension granted under conditions which compel the railway company to build from Kootenay lake to Gerard.

3rd. The charter carries with it a subsidy of $3,000.00 per mile.

4th. That while the company make Trout Lake a terminal for tri-weekly trips, there is throughout the winter an always probable chance of a close down, thus making egress and ingress an uncertainty which is almost as bad as no service at all.

5th. That the completion of the road under the charter will give the whole of this country, the Kootenay Lake and Crows Nest Pass country, direct communication with the coast markets, and this will greatly facilitate business between these points.

6th. That we are of the opinion the best interests of the country would be conserved by the extracting from the company an undertaking to complete the building of the road by a certain specified time or have its charter cancelled.

7th. That the coast cities would be largely benefitted, as the proposed line would relieve the main line of all its heavy freight traffic, thus giving more prompt and efficient service. The highest grade on this line being in no one place, according to engineer J. G. Sullivan, more than 1¼ per cent.

We enclose you map showing exact condition of methods of transportation at present and what it would be marked in red.

We ask your co-operation in the matter of opposing the extension in the House at Ottawa, through your member in any other legitimate way

In conclusion we beg to say that the reason put up by the company is that it won't pay, and that the present branch does not pay. In answer to that we would say that if it was a paying proposition now or that if they wanted to wait until it was one, we cannot see the justice of giving them, out of the public funds, any subsidy for going into what would be in itself a paying proposition.

E. L. MASTERSON,
Sec. Trades Committee.

Pilot Bay Smelter.

FIRST PLANT OF ITS KIND IN USE IN BRITISH COLUMBIA.

FURNACE BLOWN IN LAST FRIDAY AND RESULT SATISFACTORY.

A new furnace, the Blanchard, a recent American modification, and the first of its kind in use in British Columbia at least, was blown in at the Pilot Bay smelter last Friday. An exhaustive series of experiments was first performed with various ores, but chiefly with the lead ores of the Blue Bell mine. The results of the experiments are declared to have been entirely satisfactory to the management, and great hopes are entertained of the success of the new process.

C. Fernau, manager of the Canada Metal Company, who was at Pilot Bay on Friday, said to a Nelson News man:

"Yes, we have adopted a new furnace. It was blown in on Friday. It is certainly the first of its kind in Canada, and so far as I know, in America. It was invented by M. Blanchard, of Seattle. I should prefer that you get any particulars of its description from Mr. Blanchard. I don't mind saying that it is perfectly adapted to the ores of the Blue Bell mine, and I am confident that it will prove perfectly satisfactory.

"A new strike on the Blue Bell? Oh, nothing important, we are finding new streaks of ore almost every day, chiefly, almost exclusively, in fact, of lead ore."

Referring to other rumors that had been in circulation from the time of the opening of the smelter, Mr. Fernau added: "Of course we found some ore dust round the buildings and in the flues, but nothing uncommon. We didn't discover any fabulous values in it."

QUITE SO.

An exchange wisely says: Learn this one thing; learn it early in life and learn it well—that a man who does not believe as you do is not always a fool. The fact that you hold views not in accord with your neighbor is not proof positive that you are right and that he is wrong, nor is it any evidence that your neighbor is insincere. If this were not true, then all smart men would belong to one party and one church And if all belonged to one party and one church they would break up both party and church.

WI' BESOM AND STANE.

The local curlers are beginning to get warmed up to their work. During the week two good matches were played. the first between rinks skipped by Fred Elliott and Fred Campbell, which resulted in a tie. The play-off, however, was won by the Govt. man. The second was a contest between Banker Baker and Lawyer Elliott, and in this game the "limb of the law" came off victorious.

The popularity of the game is evidenced by the fact that while it is purely a Scotch one, in Trout Lake English, French, Irish and Swedes are as enthusiastic as those from the heathery hills of Auld Scotia.

We should like to see a match between locals and a Nelson rink.

Local and General.

A. W. Edge left for Nelson last week, where he has accepted a position for the winter months.

Mrs. Jowett piloted a merry party of Trout Lakers to the residence of Andy Daney, of Ferguson, last Saturday night. Cards and music were indulged in and a good jolly old time was had. After filling up with "good things" the party returned safely in the wee sma' hours of the morning.

Jim Paton went to work at the Big Tunnel this week.

Archie McDonald left on Wednesday for the Boundary.

G. W. Carothers left for Spokane Wednesday to spend the winter with his daughter, Mrs. Tom Leavall.

Rehearsals are proceeding for a dramatic entertainment to be given by the Trout Lake Amateur Theatrical Society at an early date. Those in the know inform us that the next entertainment will prove a very successful one as far as the show end is concerned.

Hugh McPherson has been confined to bed for several days this week with a bad attack of grippe.

Geo. Yuill and Sid Graham are still glued to the water wagon, but they are paying more than passing attention to "the bottle" which will revolutionize the whisky business.

There is not a sparkle of ice on the lake yet, for which we are not at all sorry.

It was too bad that such a small crowd gathered at the Skating rink last Tuesday night to witness the hockey match between local teams, for Manager Mills must feel somewhat discouraged at the receipts, and the show put up by the "Coons" and "Whites" though not to be classified as hockey, was very amusing, and at the same time well worth the admission money. The object of the match was twofold, viz., to give the hockey boys a chance to get in a public practise and to encourage and assist the ice man financially. The teams lined up as follows:

Coons: Rady, goal; Schultz, p.; W. Crawford, c.p.; Erickson, r.; L. Hillman, Jones and Smith, f.

Whites: Christie, goal; Woods, p; Vipond, c.p.; McCarty r.; J. McLean, Hawkins and Brown, f.

The game was evenly contested throughout, and at half time both sides had four goals each to their credit. The game, though, was somewhat rough, but it was more in the nature of horseplay. Everything went. Slasher McLean had a knack of scaring the other men off, and most of the players will carry sore shins for some time. In the second half the All-Blacks put up two more goals, while the Whites scored but once, which left the former victors by 6 to 5.

Billy Mullins, with a cow bell, posed as referee and tried to keep the players in order.

J. B. and Mrs. Manross were Trout Lake visitors during the week. Mrs. Manross leaves this week for Kamloops, where she will visit her sister.

Mrs. Kirkpatrick is laid up with la grippe. She is progressing favorably. Son Robbie has returned to New Westminster to continue his studies at Columbian College

THE BEAUTIFUL LARDEAU

Now is the time to let the people of the East and West know that the Lardeau as a route for tourist travel is unequalled. We intend from now on to make this fact known to the outside world. We believe in advertising when you have the goods in stock, and we can say without fear of contradiction that the Lardeau has "the requisite."

We will go further, and say to anyone who finds our claims not substantiated we will pay all their expenses here and give them a return ticket home. This is not bombast, but to show our earnestness in the matter.

Keep your eye on this space, and we will tell you all about it.

THE BEAUTIFUL LARDEAU

Big Blaze at Ferguson.

HOTEL BURNED TO THE GROUND THIS MORNING.

The "Ferguson Hotel," the property of Messrs. McDonnell and Black, was completely destroyed by fire this morning Mr. Black was awakened at 1 30 a.m. by being nearly suffocated with smoke and he at once gave the alarm. The cause of the outureak is unknown, but flames were first seen issuing from the vicinity of the furnace. Fortunately no one was in danger after the alarm was given. An hour later the well-appointed hotel was a huge bonfire. Reliable information as to insurance cannot be obtained thus early, but it is said the proprietors will be heavy losers.

Service in the Methodist church Sunday at 11 a.m., conducted by Mr. Moyer, and at 7.30 p.m. by the pastor. Subject of evening sermon: "Missions." A special offering will be taken on behalf of the Missionary Society.

Dad Black has been laid up the past week with a bad attack of la grippe.

NOTICE.

The ordinary annual general meeting of the Primrose Gold Mining Company, Ltd. Liab., will be held at the office of the Company, Trout Lake, B.C., on Friday, February 2nd, 1906, at 3.30 p.m., for the purpose of electing directors for the ensuing year and such other business as may be properly brought before the meeting.

J. M. MILLER, Sec.-Treas.

Dated at Trout Lake, B.C., 2nd day of January, 1906.

School Act & Railways.

MACGOWAN AND McBRIDE MAKE SPEECHES ON THESE SUBJECTS.

THE PREMIER MAKES DEAD SET AGAINST SUBSIDIES FOR RAILWAYS.

Premier McBride announced himself on two important questions in the House on the 15th inst. The significant feature of the premier's speech was found in his amplification of the paragraph of his honor's speech dealing indefinitely with railways, the first minister making it clear that in the present intentions of the government there is no thought of bringing forward any railway legislation during the present session, the government holding that the time has come when railway construction in British Columbia should be undertaken as an unassisted business, receiving neither land or money subsidies from the province.

The premier also announced that amendments to the Public Schools Act would be brought forward at an early date in the direction of improving the machinery of this much criticised measure. He warmly defended the bargain in respect to the granting of Kaien island lands for Grand Trunk Pacific terminus purposes, as one of the best that has ever been made in the interest of the people and revenues of the province of B. C.

At the sixth annual convention of the Reeves' Association of B. C., held in New Westminster on the 9th inst., A. H. B. Macgowan, M.P.P., speaking in defence of the new School Act, stated that the act was largely a copy of the New Brunswick one, where it was spoken of very highly. Personally he considered that the municipalities should have as much control as possible over their schools; the more municipal control there is the better for the school. This idea was based on his long connection with the school board in Vancouver. No place had been hit harder by the new act than Vancouver; it had been hit to the tune of $10,000 per annum, yet the authorities there had met the government exceedingly nicely and tackled the additional burden manfully. Vancouver was an example of the benefits derived from giving the local authorities greater control over the schools. Its schools were a credit to any city, but he felt sure that they could not have attained the position they now occupied had they still been regulated under the old system by which you had to go down to the department of education at Victoria for everything that was wanted. The new act, he was aware, had its faults; it had, however, been copied almost in toto from one of the best school acts in the Dominion, and with a few necessary amendments should prove workable and satisfactory. At present it was only in its experimental stages, but after it got over this stage, it would be found to work all right, he believed.

Doc Robinson has had the pleasure of partaking of his own medicine during the past week. Needless to say he has recovered and able to attend to the wants of others.

The Ferguson school board is making good progress under the direction of Mrs. A. J. Gordon.

A Sad Fatality.

GREATLY RESPECTED OLD-TIMER RUN DOWN BY C.P.R. ENGINE.

Was Walking on Track.

HE EXPIRED NINE MINUTES AFTER ACCIDENT.

When George Carothers left town on Wednesday en route to Spokane to spend the remainder of the winter with his married daughter (Mrs. Tom Leavall) he was as happy as a schoolboy. Faithfully he has plugged away on the hills which overhang our peaceful little town, and the holiday and rest he was in pursuit of was the first taken for many long days. Men who shook the honest old fellow's hand on the quay last Wednesday and wished him bon voyage and a speedy return envied his lightheartedness, but once more the axiom that "man proposes, but God disposes" was too painfully brought to mind.

Mr. Carothers had reached that part of his journey at Lardo where passengers southward bound leave the train for the boat, and whilst walking along the track he was knocked down by the engine which suddenly backed up. The wheels passed over his body, completely amputating his right leg When picked up he was quite conscious, for he remarked to the men who bore him gently away, "For God's sake boys, am I going to die?" In less than ten minutes he passed away, and his body was taken on board the s.s. Kokanee bound for Kaslo.

Relations of the deceased were at once communicated with, but in the absence of definite instructions his remains will be brought to Trout Lake to be interred by the Oddfellows.

George Washington Carothers was born at Kalkasha, Mich., in 1847. He came to the Lardeau in 1899, and by his geniality and unselfishness soon won the hearts of all. He held some excellent mining properties here, on which he worked assidiously during the summer months. "Dad," as he was familiarly called, was an accomplished musician. He was a first-class violinist, an excellent cornettist, and a good performer on almost any instrument. He organized the town band, to which he was bandmaster and instructor. He was in politics a staunch Conservative, and after becoming a British subject in 1903 took an active interest in Provincial and Dominion affairs. Always a keen figure in local functions, scarcely a day passed but what he was either working for or assisting in some scheme for the social advantage of the town. He was an enthusiastic member of the I.O.O.F., and was a Past N.G. Sober, honest and industrious he commanded the respect of all, and he could ill have been spared. He will be sadly missed by all in town, and we extend on behalf of the citizens our deepest sympathy to his sorrowing relatives. The flags in town are flying at half mast.

Billy Cowan intends to extend the telephone system to Revelstoke, and will put the line in good shape right through. This is good news and Billy is to be commended for his enterprise.

THE LARDEAU MINING REVIEW.

Is Printed at Trout Lake City, and Published at Ferguson and Trout Lake every Thursday

The Editor does not hold himself responsible for the opinions of correspondents expressed in its columns

All locals will be charged at the rate of 15 cents per line, first insertion, and 10 cents per line each subsequent insertion.

Terms for Transient and other advertising will be made known on application at office Subscription $2.00 a year, in advance.

The new School Act is once more coming under the limelight of criticism. Some condemn the whole principle, while others, more just, concede the act as a whole is wise legislation, confine their criticism to many minor points.

We believe in the wisdom of the last legislature in giving to the people practically home rule on the question of education, but we also acknowledge the fact that there might be and are some of the wheels of the machinery for putting it into effect needing adjustment. This will no doubt be done during the present session. Perfectness is not to be attained at the first attempt, but is the result of experiment and a willingness to profit by it, and it will take time to put the Act in such shape that will satisfy all critics.

The agitation against the extension of the A. & K. Charter has now been started and no let up should be made until success is attained. Everyone is interested in the fight. The whole country between Nelson and Revelstoke is vitally affected, and the initiative which has been taken by Trout Lake should be backed up in every way possible.

Don't let a good thing stop.

The recent minstrel show netted a good sum for sidewalk building, but that amount unless augmented will be of little use. We are of the opinion that the citizens generally would be pleased, nay anxious to patronize something of that nature at least once a month during the winter. There is an abundance of talent, and while it is something like capital ("very timid"), we would proffer them those well-known biblical admonitions: "Let your light so shine before all men," and "Hide not your light under a (quart) measure. Let's have another show!

Advices from outside men who are in control of properties in the Lardeau indicate unprecedented activity with the disappearance of the snow. This is owing largely to the high price of metals and the prediction from those high up in authority of the permanence of the values. The blowing in of the zinc furnace at Pilot Bay will also have a tendency to liven matters up. Increase in the value of production and a decrease in its freight and treatment charges are factors which when combined will make the Lardeau a scene of great activity.

There is not a man in Trout Lake, Ferguson or Poplar who does not honestly believe the Lardeau will become the mining centre of B.C. Honestly, now, does'nt the Lardeau look good to you?

Procrastination is the thief of time. It also puts the newspaper man in an embarrassed position occasionally, for in nine cases out of ten the printer is the last tradesman who gets paid when you're flush. If you have paid your sub this is meant for the other fellow.

NOTICE.

The ordinary annual general meeting of the Old Gold Quartz and Placer Mining Company, Ltd., Liab., will be held at the office of the Company, Trout Lake, B.C., on Friday, 2nd day of February, 1906, at 3 o'clock, p.m., for the purpose of electing directors for the ensuing year and such other business as may properly come before the meeting Books will be closed for transfers from Jan. 21st, 1906, until after the meeting.

NOTICE.

Notice is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for a special licence to cut and carry away timber from the following described lands situated in West Kootenay District.

From a post planted on the north east side of Lardeau creek about ¾ mile east from Halfway creek and marked Seldon Daney's north-west corner post, running east 80 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains to point of commencement.

SELDON DANEY.

Trout Lake, B.C., Nov. 18, 1905.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 15th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or other minerals:

To buy, sell, or otherwise to deal or traffic in gold, silver, copper, lead or other minerals and any of the products thereof and articles consisting or partly consisting thereof.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitsilas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1906, covering a belt of land extending between the mouth of Kitimat River and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works,
Lands and Works Department.

NOTICE TO DELINQUENT CO-OWNERS

To James Grant, R. G. Macleod and James Bouchier, or to whomsoever they may have transferred their interest in the Slate mineral claim.

Take notice that I, the undersigned co-owner with you in the Slate mineral claim, situate on South side of Lardeau river between Rapid and Poplar creeks in the Trout Lake Mining Division of West Kootenay, have performed the necessary work and made the necessary expenditure on the above mentioned claim for the years 1904 and 1905, in order to hold the same under section 24 of the Mineral Act, and the years for which said work was performed and expenditure made having expired, I hereby give you notice that if within 90 days from the first publication hereof you fail or refuse to contribute your proportionate share of such expenditure and pay the costs of this advertisement your interest in the said mineral claim will become the property of the undersigned under and by virtue of section 4 of the Mineral Act Amendment Act, 1900.

Dated at Trout Lake this 17th day of July, 1905. JAMES SNELL, Co-Owner.

NOTICE.

Copper Queen mineral claim, situate in the Trout Lake mining division of West Kootenay district.

Where located: On Silver Cup mountain, about 1½ miles from Silver Cup mine.

Take notice that I, Frederick Charles Elliott, F.M.C. No. B88042, acting as agent for Charles L. Copp, F.M.C. No. B83186, Charles McNicholl, F.M.C. No. B78011, and John W. Westfall, F.M.C. No. B87964, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of Certificate of Improvements.

Dated this 11th day of Aug. A.D. 1905. 18-8-1905.

When looking for a place to spend your holidays, bear in mind that Trout Lake is an ideal summer resort. The scenery and climate are magnificent

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

Make your selection at once.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.

NOTICE

Tenders for Mineral claim forfeited to the Crown.

Tenders will be received by the undersigned up to 12 o'clock, noon, on Tuesday, the 6th day of February, 1906, for the purchase of the undermentioned mineral claims, which were forfeited to the Crown at the Tax Sale held in the Government office at Kaslo, B.C., on the 7th day of December, 1904.

To be considered, all tenders must be at least equal to the upset price, as given below, which is equivalent to the amonnt for which such claims could have been re purchased by the owners on the 30th of June, 1905, together with the taxes which have accrued since the tax sale, the cost of advertising for tenders, and Crwwn Grant fee.

Claim	Lot No.	Upset price
Consolidated Virginia	3992	$45.05
Elk	3993	40.45
Speculator	3994	44.00

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Kaslo, in favor of the undersigned. The cheques of all unsuccessful tenderers will be immediately returned.
