Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 1 TROUT LAKE CITY, B.C., FEB. 10, 1905. No. 14.

We are Isolated.

CUT OFF FROM THE OUTSIDE WORLD—BUT WE REGISTER A KICK AT THOSE RESPONSIBLE FOR IT.

Isolated! No mail for four days! All supplies costing from one to one-and-a-quarter cents more at the present time, and the prospect of a three to five cents per pound advance staring us in the face when the snow roads break! Mines put to great inconvenience and loss through machinery being delayed!

The above are a few of the inconveniences the people of Trout Lake and Ferguson are being put to by reason of the action being taken by the C.P.R. in closing transportation on Trout Lake. The reason given is that with their present facilities the recent hard weather made it impossible to keep the ice broken.

We agree with them that their facilities are not up to the mark, but that is no excuse. The s.s. Proctor is strong enough to break and keep a channel through the ice on Trout Lake during the hardest weather known if her engines and boilers are in proper shape.

The officials whose duty it is to look after this part of the work were notified of the fact long ago, but their answer was to wait until the boat got tied up and then send the defective parts to the shops at Nelson for repair. The barge, also, is in poor condition for breaking ice. It is too late now in the season to do anything to strengthen it, but there was no reason why during the summer the bow should not have been sheeted with good boiler plate.

The whole sum and substance of the matter was that the Lardo and Trout Lake branch was not paying during the latter part of the season, and so it was closed down as far as the Lake was concerned.

We do not believe this is fair treatment, as there are many branch lines on all of the big railway lines that do not pay from one years end to the other, but the concessions received and the rates charged by the main line entitles the people wherever communication has been established that they received the benefit of it throughout the year, and not only at periods that suit the convenience of C.P.R. officials.

However, if prompt action is taken, there is no reason why transportation should not be resumed within two weeks. The hardest weather is over, and while it might be probably a little difficult to resume, it is easily within the possibilities.

The Pool Creek Bridge.

The suit Brantford v. Pool over the Pool Creek bridge is again before the court at Nelson, where Mr. Hodge for plaintiff applied for a new trial, and the application was adjourned till March 7th.

R. L. Borden again M.P.

Ottawa, Feb. 4.—R. L. Borden was elected today by acclamation at Richmond. He will be in his seat on Tuesday.

W. A. Galliher introduced a bill in the house yesterday respecting the Nicola-Kamloops and Similkameen Coal and Railway company, and another bill respecting the Kootenay - Cariboo and Pacific. Both were read a first time.

New line of ladies' dry goods in the new department (old Post-office). Masterson Griffith & Co.

Ferguson Items.

Sam Sutherland returned on Monday night from a trip to Nelson and Revelstoke. When in Nelson Mr. Sutherland told a few truths re the closing of navigation, which we trust will bear fruit.

Ferguson people are enthusiastic over anything that will make things lively. To-morrow night, Saturday, things are going to hum up here. $100 have been put up for prizes for different skating races in the rink. The events are open to all comers, and prizes are awaiting father, mother, sister and brother. The fun starts at 7.30, and the admission (50c.) allows of you competing in all events according to sex.

Jack McKinnon paid a visit to the commercial centre last Sunday.

A large number from town and 5-Mile went down to the Lake for the hockey match on Saturday.

John Johnson resigned his position at 5-Mile this week. He has gone down the lake to rejoin his family.

Joe Kirkpatriek, who has been laid up with a severe attack of rheumatism, went out to the Hot Springs during the week. We trust the move will be a good one and that the genial Joe will soon be home again entirely recovered. In the meantime everybody is on their best behaviour, so there has been no call to swear in a special constable.

Sam Shannon is to be congratulated on his management of the rink. So far it has been highly successful, as well as being a source of pleasure to all who utilize the well-kept ice.

Charlie Little, who for some time managed the local branch of the P. Burns & Co. butcher business, returned from the Springs last week. Chronic rheumatism contracted in the Transvaal was responsible for his visit to the hot springs. We hope to see the versatile Charles as sprightly as ever this spring.

Joe Brady came in from Revelstoke on Monday, where he has been on a business trip.

Charlie Manderson, of the 5-Mile restaurant made a trip to Nelson last week, returning Monday night.

Some of the machinery for the preliminary work necessary in the long tunnel drive arrived in town this week, and several men have been put to work cutting timber.

Jim Livingston has completed a small logging contract with the silver-mill people. He is now about to resume his unfinished labors on his own claim, the Rambler. This is an excellent property and unless we are greatly mistaken, more will be heard of it very shortly. The tunnel which Jim is boring was in 60 feet last fall, and is all in ore The property is a minute's walk from the South Fork wagon road, and immediately below the 7 Mile waterfall, a most favbred spot for a mine.

Chummy Johnson had the misfortune to run a nail in his foot one day this week, and is consequently laid up and unable to negotiate Andy Daney's 6 horse teams. Bill Johnson is now handling one of the latter's six.

Good reports come down from the Big Five. Jim Livingston was a visitor there last week, and he reports that they have a wonderful showing of ore up there. Good development work has been done by the two men now employed there.

Will be Big Mine

THE MOHICAN IS LOOKING WELL WITH THE DEVELOPMENT WORK WHICH IS PROCEEDING THERE.

Pete Culkeen came down from the Mohican on Gainer creek a few days ago, and reports the property looking good. Pete is one of the oldest and most conservative miners in the district, and in conversation with the REVIEW scribe said he had every faith that the Mohican would turn out to be one of the Lardeau's big mines.

The long tunnel which is being driven to get under the big showing on the surface and 80 foot level has quite a distance to go yet. Mr. Culkeen states, however, that it is being driven through ground where a body of ore is likely to be opened up at any time. In fact, at the present time the formation is highly mineralized, and shows every indication of the close proximity of ore.

D. T. McTavish, Nelson, one of the principal shareholders of the syndicate, was at Ferguson a few days ago, and made particular enquiries relative to the value of the property from men who had a thorough knowledge of the claims, and came down to Trout Lake well satisfied that the syndicate shareholders were fortunate in holding an interest in so promising a property.

Hockeyists Meet

ENTHUSIASTS ASSEMBLE TO FORM ASSOCIATION — THE LARDEAU HOCKEY CLUB IS THE OUTCOME.

A representative gathering of hockey players and supporters met on Saturday last to inaugurate a club, and as a result of the meeting the Lardeau Hockey Club finds existence with enthusiasm unlimited and a body of officers who it is believed will push matters along successfully. The officers elected were Dr. W. E. Newcombe, of Ferguson, president; George M. Yuill, of Trout Lake, sec-treasurer; E. Crawford, Ferguson, captain, and Jno. J. Atherton, Trout Lake, manager. The membership fee was fixed at $1, and the colors adopted, black and white.

The association comprises the local clubs of Ferguson and Trout Lake, and has on its membership roll some of the best hockey players in the province. It is altogether probable that if arrangements can be made, a team will be selected and sent to the Rossland carnival to do battle in the championship matches to be played there next week.

There is lots of enthusiasm among the boys, and with good support from the two towns, there is no reason why the pennant should not grace the club rooms during 1905.

During the Day at Rink. See Dodgers. Come one, come all.

Poplar Pick-Ups.

Work on the Mother Lode is being pushed as vigorously as conditions will permit. The formation is now being cross-cut. Several nice stringers of ore have been encountered Al. Housten and J. Y. Cole have a bond on the property.

A carload of ore is being got out for shipment from the Pluto, owned by Ed. Baillie and Joe Verschoyle. The Pluto is a free-milling proposition, and gives average values of $36.00 to the ton. It lies between the Swede group and the railroad track, thus giving it exceptionally good shipping facilities.

Ed. Masterson and W. Schmock visited Trout Lake the first part of the week, coming up over the ice with a dog team. Both of these gentlemen, who are pioneers of the district, expressed themselves as highly pleased with the outlook for the coming season. They told the REVIEW scribe that matters were a tittle quiet in the golden city at present, but the amount of work laid out by different property owners will make it a busy town as soon as the snow goes off.

Blaze at Poplar.

On Monday last the golden city of Poplar was visited by the fire king. The Hotel Kaiser, which was leased by Henry Magnuson, is now completely demolished. The loss on both the house and the stock will be heavy, as practically nothing was saved. The amount of insurance carried is not known, but it is not supposed to cover more than half the loss. No one was injured.

The mineral production of 1904 exceeded that of 1903 by $2,500,000

Getting flour under difficulties has been the experience of McKinnon & Sutherland this week. A car of flour arrived at the foot of the lake, but the boat being tied up it was either necessary to send it around via Arrowhead and Beaton or let it lay there. However, Andy Daney with characteristic energy and enterprise took the contract to bring it to the head of the lake. So far about half has been brought up, and if the ice is at all bearable Andy will have the balance at this end shortly.

Lake Localets.

Four days without mail or express has been the experience of Trout Lake and Ferguson this week owing to the breaking of the barge on the run between Arrowhead and Beaton.

An incipient blaze took place at the residence of Mrs. Gauthier on Wednesday night. It was extinguished, however, before any damage was done, thanks to the efficient work of the local fire brigade.

The Lucky Boy Company are getting ore down every day and storing it at the C.P.R. sheds until transportation is resumed.

If sufficient tickets are sold, the two lots in the W. Abrahamson addition will be raffled off on the night of the 14th. Only 50 tickets will be sold at $5 each. Now is chance of your lifetime to get some real estate in one of the best towns in the Kootenays.

J. O. Piper has gone over to Three Valley, where he has accepted a good position with E. L. Kinmaa.

Hockey. Ferguson ladies vs. Trout Lake Ladies on Tuesday next at the Trout Lake Skating Rink.

Cal. Garrison, who has been suffering from inflammatory rheumatism, went over to the Halcyon Hot Springs last Monday morning. We trust it will have a beneficial effect.

The hockey club are trying to get in the running for championship honors.

The curlers are hard at it getting into shape for the bonspiel, which will be arranged for at an early date.

Andy Craig is still guessing who corralled his cluckers. One day this week he received a pair of gold-dust twins stuffed with the identical feathers advertised for a week ago. Andy returns thanks to the matter, and in paying a tribute to the REVIEW as an advertising medium, he wishes us to state that he has made a pillow of these returned feathers. He slept on the bundle last night and dreamt a dream. Andy says if his dream is to come true someone has to mail him a bucket of tar. Then—well, Fox's book of Martyrs must take a back seat.

Arrangements pertaining to a billiard tournament have been put off until after the "sports day," which, in case you might forget, is next Tuesday.

D. Stevens, C.P.R. boiler inspector, was in this week looking over the s.s Procter.

Frank T. and Mrs. Abey left on Monday morning for a holiday trip to the coast and California

Stanley Menhinnick has sent in resignation as engineer of the good ship Procter.

Arrowhead vs. Lardeau, February 14th at the Trout Lake rink.

Sid Graham came home from Rossland last Saturday from attending the annual meeting of the California syndicate. The syndicate purchased the half interest in the Empire claim which was held by Bert Fowler and himself.

A farewell supper will be tendered to Messrs. Boultbee and Benson on Monday night at the Lakeview Hotel. The committee who have the matter in charge wish us to state that they have not been able to see every person individually, but that everyone who can come are cordially invited to take a chair at the festive board.

Death by Flames

BIG BLAZE AT ARROWHEAD LAST MONDAY — W. R. BEATTY AND R. TAGGART FATALLY INJURED.

Arrowhead, Feb. 7th.—About midnight on the 6th inst., the watchman employed by the Arrowhead Lumber Co. discovered whilst going his rounds that the boarding house of the company was on fire. The alarm was immediately given and responded to by practically the whole town. The flames had got a complete hold of the building in a very short space of time, and it was feared that all the occupants had not succeded in leaving the burning building. The worst fears were substantiated, for notwithstanding the promptness of the alarm, Robt Taggart, of Nova Scotia was empowered by the smoke, and perished, and Mr. W. R. Beatty, president and general manager of the company, in trying to save some of his effects, delayed too long and being caught by the blazing debris was severely injured.

The building and contents was a total wreck, the loss, however, is covered by insurance. A large pile of lumber adjoining the burning house became ignited, and for a long time it was thought that the large new mill was doomed to destruction. The citizens arose to the occasion, and by heroic work managed to subdue the flames and saved the mill and contents.

A special train was ordered down from Revelstoke, and Mr. Beatty was taken to the hospital there, where everything that medical science could do for his relief was done.

Arrowhead, Later.—The origin of the fire is supposed to be from a dog jumping on a table where a lighted lamp was standing and upsetting it.

Revelstoke. Feb. 8.—We regret to announce that notwithstanding all the efforts put forth, Mr. W. R. Beatty succumbed last night about 12 o'clock to injuries received in the Arrowhead fire. His remains will be taken to his old home at Lansdowne, Ont., for interment.

W. R. Beatty was one of the best known lumbermen of the interior. He had just returned from Ottawa, where he had been interviewing the Government on matters pertaining to the betterment of the lumbering business of British Columbia, in which he was heavily interested. He was a man among men, highly esteemed and respected by all who had the benefit of his acquaintance. The news of his untimely death will be received with heartfelt sorrow by all who knew him. Of Mr. Taggart, the other unfortunate victim, nothing could be learned more than that he hailed from Nova Scotia. His comrades are all bowed down with sorrow at his sudden and awful death.

B.C. Mining Record, Ltd.

At the annual general meeting of the shareholders in the above company held at Victoria on the 1st inst., Messrs. H. Mortimer-Lamb, Thos. R. Cusack and E. Jacobs were elected directors for the ensuing year. Mr. Jacobs, who early in January succeeded Mr. Lamb as editor, was appointed managing director in the place of Mr. Lamb, who has retired from active work in connection with the journal. The date of publication of the Record will be changed from the 1st of the month to the 12th.

Lewis Thompson was a visitor on Monday to the city on long tunnel business.

The LARDEAU MINING REVIEW.

Weather Conditions.

The local weather office report the following figures for the week. The figures recorded are the lowest noted each day:

Saturday	Feb. 4	7	below
Sunday	" 5	5	"
Monday	" 6	8	above
Tuesday	" 7	20	"
Wednesday	" 8	25	"
Thursday	" 9	6	"
Friday	" 10	24	below

Two Good Games

The twin cities of Ferguson and Trout Lake had two more friendly bouts at the popular winter pastime since our last issue, and still they are asking for more. Those wiseacres who predicted financial failure by reason of a rink being opened at Ferguson, are being badly left, for the crowds have followed the boys at both ends to the mutual advantage of each town. Last Saturday night a big muster from Ferguson and 5-Mile lined the Trout Lake rink to watch their undefeated string do battle once again. This was the third meeting of the two teams, victory in the preceding games resting with the Ferguson team. The home team justified the hopes of their supporters by winning at the third time of asking by 6 goals to 3. The game throughout was never in doubt, and the best team won. Several of our novices showed some very promising form and if practice is faithfully adhered to a place may yet be found for one or two in the fighting line of the recently formed "Lardeau Hockey Club."

Teams: Trout Lake—F. Schulze, E. Crawford, Woods, Toll, Vipond, McArthur and Langstaffe.

Ferguson—Lauder, E C. Benson, H. Porteous, F. Porteous, Barber, Cliffe and Thompson. Dr. Newcombe, referee.

Last Wednesday with the flush of victory still upon them the Trout Lake players and a big bunch of rooters ascended the hill to show the spectators how battles were won and lost, and after a ding-dong match of an hours' duration Ferguson came out on top to the tune of 9 to 3. Both winners and losers put up a perfectly clean fight, and we wish to place on record the good feeling now existing between the two towns in matters appertaining to business or sport.

On Tuesday next Arrowhead will make the trip to try conclusions with the "Lardeau's," and it goes without saying that a very keen struggle is anticipated, as the visitors have some smart performers in their ranks.

The same afternoon the ladies of Ferguson and Trout Lake meet in friendly rivalry, and as both teams have practised assiduously an interesting game may be looked for. The local ladies aver they can do what their sterner confreres are not capable of, whilst the Ferguson damsels will admit of no possibility of a defeat.

Miss Carrie Cooke, who since her arrival here some ten months ago has endeared herself to the hearts of many, is shortly leaving for Arrowhead with Mr. and Mrs. E. K. Boultbee. A large party of friends assembled at the residence of Mrs. W. R. Hollenbeck on Thursday evening to tender their regrets to Miss Cooke on her departure from their midst. Occasion was made to present Miss Cooke with a handsome volume of the "Life of Moody." The retiring lady has associated herself since her arrival with the services at the Methodist church, and herself conducted the Sunday evening services while the pastor ministered to his Ferguson mission. We trust Miss Cooke may be long spared to carry on her good work in her new surroundings.

Fred. Macdonald, of Butte, Mont., and an old side partner of Hugh McPherson of ours, is a visitor to town.

W. Skinner and daughter arrived in Ferguson from Cranbrook last week end.

R. H. Battey, president of the Metropolitan Gold and Silver Mining Co., returned from Minneapolis to-day, where he has been attending a general meeting of the company.

Don't forget the big night at the Ferguson rink. To-morrow (Saturday) at 7.30.

Man wants but little here below—below zero for instance.

W. E. Mullen, purser of the s.s. Proctor, leaves on Monday for Nelson, where he will join the head office staff of the C.P.R.

Rev. Fr. Jeannotte left on Monday for Ainsworth.

It is reported that active operations on the "Long Tunnel" will be commenced in two weeks.

The trustees of the Trout Lake school are negotiating for the services of a first-class teacher, and hope to have the matter settled so that the school will be re-opened in a few days.

NOTICE TO CO-OWNERS.

To Z. Gordon Goldberg and to L. Goldberg or to any person or persons to whom they may have transferred their interests.

Take Notice, I the undersigned co-owner with you in the Little Robert and Little Robert No. 2 mineral claims situated at the extreme head of the north fork of Lardeau creek in the Trout Lake mining division of West Kootenay district and province of British Columbia have done the required work on the above-mentioned mineral claims for the year 1903 in order to hold the same under section 24 of the mineral act, and if within 90 days of this notice you fail or refuse to contribute your portion of such expenditure for work done, together with the cost of this advertisement, your interest in the said mineral claims will become the property of the subscribed under section 4 of the Mineral Act Amendment Act of 1900. Dated at Trout Lake this 7th day of October, '04.

J. C. KIRKPATRICK,
Oc.7'04 Co-owner.

Revelstoke Assessment Dist.

Notice is hereby given, in accordance with the statutes, that Provincial Revenue Tax and all assessed taxes and income tax, assessed and levied under the "Assessment Act, 1903," for the Revelstoke Assessment District, are due and payable for the year 1905, at my office, situate at the Court House, Revelstoke. This notice, in terms of law, is equivalent to a personal demand by me upon all persons liable for taxes.

Dated at Revelstoke, B. C, this 3rd day of January, 1905.

FRED FRASER,
Assessor and Collector, Revelstoke Assessment District

NOTICE.

The ordinary annual general meeting of the Old Gold Quartz and Placer Mining Company, Ltd. Liab., will be held at the office of the Company, Trout Lake, B.C., on Friday, 3rd day of February, 1905, at 3 o'clock, p.m., for the purpose of electing directors for the ensuing year and such other business as may properly come before the meeting.

Books will be closed for transfers from Jan. 28th, 1905, until after the meeting.

M. F. CHESNUT,
Dated at Trout Lake, B. C., 5th January, 1905.

NOTICE.

The ordinary annual general meeting of The Primrose Gold Mining Company, Ltd. Liab., will be held at the office of the Company, Trout Lake, B.C., on Friday, February 3rd, 1905, at 3.30 p.m., for the purpose of electing directors for the ensuing year and such other business as may be properly brought before the meeting.

Books will be closed for transfers from Jan. 28th, 1905, until after the meeting.

J. M. MILLER,
Secy. Treasurer.
Dated at Trout Lake, B.C., 5th day of January, 1905.

NOTICE TO DELINQUENT CO-OWNERS.

To PHILIP KING and J. W. SMITH or to whomsoever they they may have transferred their interest in the "Maple Leaf" mineral claim, situated on the south east side of Poplar creek and about two and a half miles from the mouth of the creek, in the Trout Lake Mining Division of West Kootenay.

You are hereby notified that I, Arthur G. Johnston, co-owner with you in the "Maple Leaf" mineral claim above described have performed labor and made expenditure on the said claim to the extent of $100.00, under the provisions af section 24 of the Mineral Act, in order to hold said claim, and the year for which said labor was performed and expenditure made having expired, I do hereby give you notice to contribute your proportion of such expenditure, and you are further notified that if at the expiration of 90 days of publication hereof you fail or refuse to contribute your proportion of the expenditure so made, together with all costs of advertising, your interests in the said claim shall become vested in me under and by virtue of provisions of Section 4 of the Mineral Act, amended Act 1900.

Dated at Poplar Creek, B.C., Dec. 31, '04

Has A Good Start

THE CALIFORNIAN SYNDICATE GET SATISFACTORY RETURNS FROM THE SMELTER.

A general meeting of the California Syndicate owning mining properties near Camborne and near Trout Lake, was held in the board of trade rooms, Rossland, on Wednesday, 1st. Out of 200 shares in the syndicate, over two-thirds were represented at the meeting. It was refreshing, and indicates that a new interest is being taken in mining matters, to see such a large gathering of the business men of the city present and deeply interested in the mining affairs of the company. The history of the syndicate under the active management of Edward Baillie, shows the good results of the application of careful business methods to mining affairs. The walls of the board of trade rooms were decorated with drawings showing, so that the merest tyro in mining might understand the exact situation of the Mammoth group, including the various buildings, as well as the government and private trails, which have been built by or at the request of the syndicate. By the report made by Mr. Baillie, the manager for the syndicate, it appeared that $14,000 has been spent by the syndicate in the purchasing and developing of the properties of the company, which it is claimed are among the most promising in the Lardeau mining division. A considerable quantity of ore was mined from the Mammoth group, and the first shipment, consisting of 24 tons, was recently sent to the Trail smelter and the net returns, after paying for freight and treatment, were $2,684. There are now some 35 tons of ore of a similar grade at the mine, which will be shipped to the smelter later in the year.

Work was closed down on the Mammoth group on December 19, on account of the snow, and it is expected that it will be resumed early in April, as the results so far reached have been of a very satisfactory character, which convinces those interested that the Mammoth can be developed into a valuable mine. There are four claims in the Mammoth group, which is located about ten miles from Camborne.

At the Wednesday meeting the members of the syndicate decided to incorporate forthwith, the company to be known as the Edward Baillie syndicate, Limited, with a capital stock of $40,000, divided into 400 shares of a par value of $100 each. Messrs. K. E. Mackenzie, W. J. Nelson, Harry McIntosh, Thomas R. Morrow and Edward Baillie were appointed provisional directors to take the necessary steps for incorporation. Yesterday the provisional board of directors met and signed the necessary incorporation papers in the office of W. J. Nelson, which will at once be forwarded to the registrar of joint stock companies. It was decided to issue one share in the new company for one share in the syndicate. The new company will start out with good prospects, and those interested feel confident that it will be successful.—Rossland Miner.

License Commissioners.

The following appointmente of license commissioners for the Ainsworth district have been duly gazetted:

John D. Moore of Kaslo, Hugh McPherson, of Trout Lake; George B. Batho of Ferguson; Chief constable W. H. Bullock-Webster of Nelson, chief license inspector.

Jim Snell was down from the Triune mine last Saturday. He informs that the Snowshoe Championship of Triune mountain was run for last week, and resulted as follows: Copp 1, Mathieson 2.
