Lardeau Mining Review

The representative mining journal of the Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 1 TROUT LAKE CITY, B.C., JUNE 30, 1905. No. 34.

The Outlook for Poplar Camp Is Good.

TROUBLES OF THE GREAT NORTHERN MINES, LTD., WITH THE FAMOUS LUCKY JACK ARE ENDED.

Two years ago Trout Lake and the surrounding country was electrified by the reports of fabulously rich gold discoveries at Poplar creek, 12 miles from the foot of Trout Lake. Phil. O'Connor, Orange Hamilton and Monte Morgan were the lucky discoverers, and the samples brought to town by the boys put beyond peradventure that the first reports had not been in the least exaggerated

News of the richest thing ever uncovered in British Columbia was telegraphed all over the continent, and like magic a town sprung up as a mushroom in a night at the confluence of the Lardo river and Poplar. Excursions were run, and before it could be realized almost, hundreds of prospectors, miners, merchants and speculators were covering the ground for miles around the newly discovered Golconda. Unfortunately, however, for the camp, the attraction proved too strong for persons with covetous instincts, and the big showing of the Lucky Jack was covered by a placer location, and an adverse entered by other parties who claimed the ground. By this time W. B. Pool had secured control of the O'Connor-Morgan-Hamilton interests for the Great Northern Mines, Ltd., and being a fighter from the head waters of Bitter creek he refused all offers from what he termed "jumpers," and the fight for the different interests was taken to the courts. This fight has been carried on almost continuously since, costing thousands of dollars and with the result of the cessation of the development of the camp.

The covering of the Lucky Jack by a placer location also caused many others to cover up their showings for fear they would be jumped in a like manner. While for these reasons the camp received a serious set-back as far as getting capital in to work the properties and put in stamp mills, many stayed with the proposition and have worked away in the face of hardships. Results have determined the richness of the whole country from below Poplar, practically to the foot of the lake. Free gold and galena has been uncovered in more or less quantities on all of the intervening creeks. On the Smith and Rogers property situate on Rapid creek a discovery made Saturday last equals in richness the original strike of the Lucky Jack.

The prospecting work on the Swede group, Marquis and Gilbert group, Mother Lode, Calumet and Hecla, Morning and Evening, Hampton, and a score of others has demonstrated that a field for investment is open that is rarely met with. All of the litigation on the Lucky Jack has been settled and the internal troubles of the Great Northern Mines, Ltd. caused by it has now been arranged, and we can look for an early resumption of work on these famous properties, the development of which will be a big factor in the prosperity of the whole district.

Martin O'Brien, of Revelstoke, was at the Landing on business this week. Not yet! not yet has he fathomed the mysteries of 7 up.

Football Match.

TROUT LAKE 1, FERGUSON 0. SPLENDID GAME IN THE PAY-ROLL CENTRE LAST SATURDAY EVENING.

A fast and exciting match was played at Ferguson last Saturday night before a large crowd of spectators. Neither sides were fully represented, but the game was full of surprises and as is usual when these old antagonists meet, everybody took the keenest interest in the game. The play throughout was gentlemanly, and no semblance of rough work was ever noticed. Both teams played strict ball, and referee Slinger's duties were light and withal a pleasure.

Hargreaves kicked off for Ferguson, who defended the Nettie L. end, and the play for a few minutes was confined to the visitors 25, but Higginson and Snell at back broke up the combination of the Ferguson forwards whenever they became realiy dangerous. The Lake forwards broke away and the home goal was in jeopardy for a few miuutes. Bell punted out a beauty from the toe of Woods, and saved brilliantly a drive at close quarters by Thomas. Keeping up the pressure it looked dollars to chickweed on the Lake scoring, but Baskett and Barber at back did some great work for the homesters A splendid clear by Hadow enabled the Ferguson forwards to secure, and the defense of the visitors was pierced. Rube Shannon sent a hot one to Atherton, who managed to clear. Ferguson continued to act on the aggressive, but the final touches lacked powder, and good work mid-field was thereby discounted. A corner against Trout Lake was well placed by Hargreaves, and in the resulting scrum the ball went over the bar. From the free kick the Lake forwards got away, and Woods, Edwards and Schulze were responsible for some good combined work for the visitors. Bell, the Ferguson custodian, was tried with a long shot by A. Peel which was punted away, and the next minute Woods sent in a daisy-cutter which did the trick. Half-time was called in a minute with Trout Lake leading, 1—0.

At the resumption Ferguson at once assumed the offensive. Hadow tried an individual run which came to nothing but was worthy of better luck. Shannon and Kirkpatrick beat the Lake division, but they mulled when a fine opening occurred. The ball hovered dangerously near the Lake goal for some time but by dint of good defense work their goal remained intact. Alec Cummins did yeoman service for the home team as centre half back The ball was gradually worked towards the Ferguson end, but no further scored could be made. The Lake team had the best of the exchanges from now on, and they ran out winners by the score above.

The return match will be played at Trout Lake Saturday afternoon next.

Billy Boyd is having the exterior of the Hotel Beaton artistically touched up.

Tom Downs inspector of roads and trails was in the district this week sizing up the bad state of the roads.

Camborne people are having lots of fun to-morrow (Saturday). A rock-drilling contest is the chief feature.

The Victoria Times has celebrated its 21st anniversary by issuing an "Of Age" edition. It is splendidly got up and most of the pages are devoted to advertising the resources of B.C. The Review extends greetings to the Times.

NEW PROPERTIES OPENING UP IN THE LARDEAU.

Rich Strikes Made the Past Few Days on the Hills Which will be Big Factors in the Future Development of the Country.

TRIUNE, BEATRICE, EVA, AND MAMMOTH ARE SHIPPING ORE.

The Copper Chief will be a big mine. Malcolm Mathieson came down on Tuesday highly elated over the way in which the property is opening up. A strike made during the previous week sets at rest any doubt of the richness of the property. The strike consists of the opening of a well-defined ledge of quartz with a paystreak of six inches. The ore, samples of which were brought to the Review office, carries grey copper in large quantities. The work of sacking ore is proceeding merrily, and Malcolm says he will ship a carload at an early date.

Not since the big strike of free gold on the Lucky Jack at Poplar has there been such excitement as was caused the latter end of last week by the uncovering on the Smith and Rogers property a showing that as far as richness is concerned equals anything ever found in the country. Samples brought to town, some of which weighed 40 lbs., were practically solid arsenfcal iron, which when roasted were fairly blistered with gold. About 200 lbs. were brought down, which when spread out to the view of the onlookers fairly glistened with the precious metal. This is an entirely new strike, and taken in conjunction with the showings in the leads already developed makes the property a bonanza. The American Eagle Mining Co. of Minneapolis have a bond on the property, and under the direction of Mr. F. J. Eitle, of Seattle, a good force of men will be put on to thoroughly exploit the claims.

Messrs. Porter and Glen of Spokane have taken a bond on the Morning, Homestake and Pauline claims on Rapid creek. The property is owned by J. Simpson and has had considerable work done on it. The price is $10,000.

Marquis and Gilbert have an offer of $10,000 cash for their property at Poplar.

Nate Lay and J. O. Piper went up to the Arralu on Monday taking with them a large quantity of supplies.

The Beatrice is making a shipment of 40 tons of high grade goods this week.

The Triune shipped 30 tons of its usual high-grade ore the end of last week.

Packer Vipond is taking a string of pack horses over to the Mammoth this week to get down a car of ore for shipment.

The Willow Grouse made its first shipment to the smelter last week.

Tony Lindgren took up a consignment of ore sacks to the Linson on Monday.

Squire Mobbs is getting some nice ore in the drift on his Canyon creek property.

W. Baty has gone up to the O.K. to do some development work on the property. Some excellent samples were taken on this property last fall.

Colonel Brayton is expected in next week to open up the I.X.L. group lately purchased from Dr. Milloy by Minnesota men.

Barney Crilley returned from the south last Monday. Mr. Crilly has covered a lot of ground since leaving last fall. He says money is plentiful and people are willing to invest once they are assured of a square deal. The great need of the country is good legitimate advertising. He gives the Review credit for doing its best, but thinks some method could be adopted which would largely augment its efforts in that line.

Advices from Spokane, the headquarters of the company operating the placer lease on Lardeau creek state that a large crew of men will be put to work as soon as the water goes down.

Work is being pushed vigorously on the Sunshine tunnel of the Silver Cup. A large quantity of air-piping was hauled up by freighter Daney during the week. It is reported that a nice body of ore has been struck. Some cross-cutting will be done and a raise made to connect with the winze sunk from the upper workings, which is down 150 feet. The vertical depth from the bottom of the winze to the present workings is over 250 feet, thus giving over 400 feet of virgin ground to work on, through which ore has been demonstrated.

D. Johns, who had charge of the construction and subsequent operations of the Silver Cup Reduc-Works at 5-Mile left this morning for a trip to Sudbury, Ont. In conversation with the Review, Mr. Johns stated that the operations of the plant had been highly successful. It has been demonstrated to a certainty, he said, that the plant could treat 11 oz. silver ore at a profit, and that he did not anticipated a very extended shutdown.

The Reward Co. are pushing the long tunnel. It is now in 120 feet.

Chas. Short and Jack Atkinson are developing with very gratifying results their properties on Rapid Creek.

The Review costs $2 a year; if we thought it was worth ten we should ask it. The Review doesn't scab; worth two—price two, that's all there is to it.

MINING RECORDS.

The following are the records entered at the Government offices for the past week:

LOCATION.

June 19. Thistle, Rapid creek, Richard Roberts.

TRANSFERS.

June 22. E. M. Morgan to J. H. Dimmick, all in Dimmick Frac.

22 A. McDonald to A. G. Johnson, ½ in Mother Lode No. 2.

ASSESSMENTS.

June 17. Gold Bug. Hy. Magnuson.

21. Cedar Hill. D. McInnes.

22. Minerva, Broken Hill, Selma, M. Nelson.

23. Golden Shield, F. Marcus.

23 Crown King, Golden West, Gold Hill, F. Carlson.

24. Bridgeport, S. Cavanaugh.

24. Manilla, P. A. Lindgren.

24. Esther, C. D. Stanwood.

26. Little Robert, Little Robert No 2 and Isabella, J. C. Kirkpatrick.

27. Red and Blue, Gust Berg.

27. Union No. 1 and Union No. 2, 2 years, D. Morgan.

28. Constitution and Congress, E. Sanders.

Local News.

Dad Langstaff leaves next Wednesday for Enderby.

Hugh McPherson returned from the coast Wednesday.

Rev. H. A. Solly was at Beaton and Camborne this week.

Don't forget the Concert to-morrow night. Dance afterwards.

Football! Dominion Day at 4 p.m., Ferguson vs. Trout Lake.

Wet, stormy weather has prevailed in the district the past week.

Fred C. Elliott has been a Revelstoke for a week attending court.

George Bell is making an addition to his residence on the Beaton wagon road.

A meeting of the Trades' Committee has been called for next Monday night.

Sam Lovett, an old-timer in the Lardeau, returned on Monday to renew old acquaintances

W. Gunterman, and family, who have been wintering in California, returned to Beaton this week.

Fred Mummery has completely recovered from his recent accident. He has joined the Triune forces.

Mrs. J. J. Langstaff and family left Thursday morning for Vancouver, where they will join Mr. Langstaff.

A. W. Smith and E. W. Saunders have returned from doing assessment on the Constitution and Congress on Cup mountain.

Harry Godsoe is leaving Vancouver for Enderby, where he has secured a position as book-keeper to the Enderby Flour Mills.

A. G. Fraser has always a nice display of fruit. He has also received a consignment of fine chocolates. The Review has sampled 'em; they're o.k.

Subscribe for the Review By doing so you are helping us to send out a paper to the world which is quoted from in every mining journal on the continent.

The election of school trustee to take the place of Mr. H. McPherson, whose term of office has expired, will be held to-day. Mr. McPherson is eligible for re-election.

The concert to be given in the I O.O.F. Hall to-morrow night promises to be the event of the season. The artistes who will contribute to the evening's entertainment are as follows: Mesdames Elliott, Wilkie, Hooker and Murray, Misses Thomas, Vallentine and Vipond. Mr. J. A and Miss Lotus Griffith, and Messrs. G. W. Carothers and J. J. Atherton.

A large number of citizens visited the Methodist parsonage on the evening of the 27th. Music and games were indulged in and light refreshments were served. The new pastor was welcomed to his new field of labor. He expressed himself as delighted with the surroundings, and trusted his stay with the people of Trout Lake would be pleasant.

Rev. Mr. Scott has a project on hand to raise sufficient money to start a public library. His plan is along the co-operative line. To start the business he wants 25 people to put up $1.00 each and make application for the old school house as a library. He has offered his services as librarian. We think the plan a good one, and we feel satisfied that in a short time a good substantial library could be secured.

Ferguson Briefs.

Miss Short was down to the Lake yesterday.

Andy Daney has now a smart covered-in buggy.

The election of school trustees takes place to-day.

Jack Marat left for a trip south yesterday morning.

Steve Slinger paid a business trip to the Lake on Wednesday.

A. J. Gordon and Bob Burns are up on Gold Gulch doing assessment.

Andy Rankine and Guy Hamil- were visitors to our sister town yesterday.

Jack McKinnon, the Ferguson merchant prince, was a Lake visitor on Thursday.

Joe Morette is in from Sandon to do the assessments on several of his fine claims.

Ed. Williams and Charlie Halsey are taking a lease on a property owned by Dave Morgan on Gold Gulch.

McKinnon & Sutherland have done a record business this spring supplying the wants of the prospectors.

Charlie Abraham's brother arrived on a visit from the cent belt this week. Charlie has now recovered from his recent illness.

Dad Black, of the Hotel Ferguson, is taking a well-earned rest, and is now basking in the sunshine and smiles of Mac. o' t'Hot Springs.

Return match at the Lake tomorrow afternoon at 4 o'clock. Ferguson vs. Trout Lake. After the football match, don't forget the concert and dance

A petition has been circulated and signed by every adult in the district praying that Mrs. G. B. Batho be appointed post-mistress for the town of Ferguson.

We are pleased to announce that Mr and Mrs. Allan Chisholm's little daughter, who has been seriously ill for some time, is now on the road to complete recovery.

The summer vacation has begun and the school children are taking their holidays. Miss Henderson, the schoolmistress, has gone to join her parents at Grand Forks.

Mrs. Kirkpatrick's nephew frae the bonnie bonnie banks of Novia Scotia is paying a visit. Ed. Ward is showing him the tiger. He was surprised to be able to partake of dried N.S. codfish in the snowclad mountains of B.C.

A steel that has been hung by the Eagle hall will be rung at 2 p.m. and 3 p.m. on Sundays. Rev. D. W. Scott will conduct a Patriotic Service in the hall next Sunday at 3 p.m. Special music will be rendered by the Ferguson Choral Society, and the building will be suitably decorated for the occasion.

Dave Morgan and Sid Baskett have gone up the North Fork to do assessment on the Bob. This property was formerly known as the Jenny Lind, and was originally staked by the veteran Bob McCord. It is conceded by experts who have visited the property to have the richest surface showings of any property in B.C.

Mr. Robt. G. Hargreaves was united in marriage on Monday morning last to Miss R. G. Mackenzie. The wedding ceremony took place at the residence of Dr. W. L. Newcombe, the Rev. D. W. Scott officiating. After the celebration the happy couple left for Mexico accompanied by the good wishes of all who knew them.

MURRAY & ATHERTON Publishers

DOMINION DAY.

To-morrow (July 1st) we celebrate the 38th Anniversary of the Confederation of the Provinces. From the union of the provinces whose western boundaries did not extend further than Lake Superior has grown a nation bounded only by the two great oceans, and cemented together by ribbons of steel. Of the vast stretch of country west of Ontario nothing was known One portion of this at that time unknown country to-day has wheat fields that can provide bread for the Empire. In the interior of British Columbia there have been opened up for the markets of the world timber resources which are not equalled on the continent. In precious metals it is fast taking a place among the great mineral-producing states to the south. Coal fields have been opened up which in size and quality are conceded by all to surpass anything ever discovered. In Britain's diadem the brightest circlet of gems is Canada, the center stone of which is British Columbia.

KNOCK NOT.

Don't knock, lest ye be knocked! An instance came to light recently wherein a knocker got his just desserts. A. had for a long time been knocking for private reasons a certain property owned by B., but behold the time arrived when he had a property of his own on which he had a sale. The purchaser knowing B. intimately wrote asking him what kind of a man A. was. We are not going to publish what the answer was, but A. is still looking for a purchaser. The moral is obvious.

NOTHING WRONG.

What is the matter with Kootenay? Kootenay is all right! This is suggested by D. B. Bogle's intelligent review of the subject in the Winnipeg Free Press. He knows something of the district, and he is not in the least discouraged because things have been quiet for the last three years. He regards this as the natural reaction after seven years of feverish activity. He is only surprised that so much permanent work has been done in ten years. This is the true insight of an observer who looks below the surface. There may be few people in the Slocan and the Lardeau, but if the people have gone away, the mineral is still there. Counter attractions have always been the means of breaking up Western communities, but they come back to anything that is permanent. Then there were practical difficulties to be overcome, and problems to be solved. They are all on the way to a settlement Cheap treatment of low-grade copper ores, abundance of fuel, recovery of low values and by-products, utilization of zinc-blende—all these are now accomplished. In the natural order of things, as the facts become known to the outside investor, capital will again flow into the country for steady mining, not for wild-catting. The second stage in the evolution of a mining country has been reached, and we are of those who are convinced that "the tide has turned," and from now on mining conditions throughout the Kootenay will improve and local smelters will be kept busy. Every inexperienced athlete starts his first long distance race as if it were a sprint; at the end of the first lap he is winded; he has to struggle on desperately until he gets his second wind; then, if he is sound, he strikes his gait. It is the same with new districts, of which Kootenay is one, and it is just getting its second wind.—Nelson Tribune.

Smokers' supplies in great variety.

COMFORT AND WEAR DEPEND ON FIT.

A KEY that nearly fits a lock wont quite open it.

A shoe that nearly, but not quite, fits a foot wont give complete comfort, nor full wear.

A loose shoe chafes—a tight shoe pinches.

An ill-fitting shoe breaks where it wrinkles and wears out where it stretches.

Comfort, and economy, therefore demand shoes that fit "just right."

And fit depends upon the shape of the lasts, as well as on large variety of sizes, half sizes, and widths.

There are 14 up-to-date shapes of Slater Shoes.

In each shape there are 11 half sizes and 6 widths.

This means 924 chances of fitting your feet perfectly.

No other Canadian shoe is made in such large variety of shapes, sizes and widths.

No other Shoes, of any kind, are carried, by the Retailer, in such full assortment of shapes, sizes, and widths, as "The Slater Shoe."

Because "The Slater Shoe" is sold to only one Retailer in each town, who must contract to carry a full representation, in order to secure the Agency.

When you buy "The Slater Shoe" you get more than sure-value every time up to the Makers' price stamped on each pair.

You also get 924 chances of perfect fit against 200 chances of shoes made in the usual limited scale of shapes, sizes and widths.

This is only one of a dozen reasons why three times as many pairs of Slater Shoes are sold, as of any other single make in Canada, at $4.00 or $5.00.

Look for the slate-frame trade-mark, and the Makers' price stamped on the lining.

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

H. McPherson

Agent.

Trout Lake, B.C.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this summer, so if you would know more, write at once to either of the agents at the addresses below.

F. B. Wells

General Agent

Revelstoke, B. C.

Job Printing of every description will be faithfully executed at the Review Job Dept.

Special services in the Methodist Church at 11 a.m. and 7.30 p.m. on Sunday. Subject of morning sermon, "Isaac, the Beloved Child." Gen. 22-10. This service will introduce a series of Children's Day Sermons, but the "children of a larger growth" are invited. Evening subject, "Patriotic Devotion." Review readers will please note that in honor of July 1st this theme has been substituted for that of "God's Requirements," as previously announced.

A. G. Fraser yesterday received a $800 check from the Anglo-American Fire Insurance Co. per H. N. Coursier, of Revelstoke The amount was settlement in full on account of a building at Beaton being destroyed by fire a few weeks ago. This Co. is the one to do business with, evidently.

IN THE MATTER OF THE "COMPANIES' WINDING UP ACT, 1898," AND AMENDED ACTS, AND IN THE MATTER OF THE GREAT WESTERN MINES, LIMITED LIABILITY.

THE Great Western Mines, Limited Liability, has gone into voluntary liquidation under the above Act, and has appointed Erland G. Hadow, of the town of Ferguson, B.C., accountant, its liquidator, for the purposes of such winding up.

The creditors of the above Company, which has its head office in said town of Ferguson, and all others having any claims against said Company, are required on or before the first day of August, 1905, to send to Harvey, McCarter & Pinkham, solicitors for said liquidator, at their offices, First Street, Revelstoke, B.C., their names and addresses and descriptions, and the full particulars of their debts or claims verified by oath, and the nature and amount of the securities, and if so required by notice in writing from said liquidator or his solicitors, to come in and prove their said debts or claims in the usual way, at such time and place as shall be specified in such notice.

After the said first day of August, 1905, the said liquidator will proceed to distribute the assets of the Company among the parties entitled thereto, having regard only to the claims of which he then has had notice, and the liquidator will not then be liable for the assets or any part thereof so distributed to any person of whose claim he had not notice at the time of the distribution thereof.

Dated this 2nd day of June, 1905.

ERLAND G. HADOW,
LIQUIDATOR.
