MRS. A. G. CRICK
TWO DOORS EAST OF EDISON THEATRE

R.M.R. Smoker

On Thursday evening F. Company, R.M.R., gave one of their popular smokers, when members of the company with their friends assembled together and enjoyed an evening of song, recitation and music. Col. Sgt. Donald was in the chair, assisted by Sgt. Garner, the committee in charge consisting of corporals Leslie and Allen, and Pte. Young and Paskins, the latter are to be complimented upon the prompt manner in which the refreshments were served.

Among the vocalists Mr. Frost was exceptionally good in his Harry Lauder representations. While the "Admiral's Broom" sang by Geo. Hawker, who was in fine voice, was a real treat. The Battle of Inkerman was recited by H. Edwards, after which he favored the assembly with the well known and laughable song entitled "Lanigan's Ball." He also made a few remarks complimenting the corps on their manner of providing a most enjoyable evening. During some of his remarks Mr. Hawker referred to the excellent shooting of the company during the past seacon, complimenting the riflemen upon the high average maintained. In reply, the chairman thanked the speakers on behalf of the company, and hoped that in the near future a provincial company shoot might take place on the Revelstoke range, an annual event of seneral days duration. He stated that the local company were able to hold their own against any company in British Columbia.

Mr. Windbridge was the pianist for the evening and furnished the guests with several excellent selections.

The step dance given by O. Jones, should have specially mention, as it was very cleverly done.

At a late hour the company all joined hands and sany "Auld Lang Syne" and departed to their respective homes.

Obituary

The following announcement is from the Daily Patriot, Charlottetown, P. E. I., of Sept. 20th:

"By the death of Miss Jemima McGill, which occurred at 5:30 o'clock this morning, after a brief illness of only a few days, one of the most Christian and charitable ladies in the province has gone to her reward. Miss McGill had been ill for only a few days before her death, but the accident to her nephew Mr. David McKinnon had a serious effect upon her. The late Miss McGill was a daughter o: the late Mr. John McGill and was born here, and with one exception, namely her sister Mrs. Donald McKinnon, is the last member of that well known and highly esteemed family. Miss McGill was a life long member of St. James Presbyterian church, Charlottetown and was noted for her unceasing kindness to the poor and acts of benevolence. She was indeed a good Samaritan, and in her demise many will miss a cultured Christian companion and others will mourn for a friend in time of need. Her sister with whom she resided, two nieces, Miss Alice McKinnon at home and Mrs. Kilpatrick, in Revelstoke, B. C., and three nephews, Mr. David McKinnon, Dr. McKinnon abroad, and Cumming R. McKinnon, in Revelstoke, are left to cherish her memory. The sympathy of all will be extended to them in their sorrow."

The Allen Players

A theatrical announcement of great importance is the fact that Miss Verna Felton and the Allen Players wili appear at the Edison Theatre for one week commencing on Monday, Oct. 10th. The company now composes nineteen people, including a musical quartette, which will render high class selections on the stage. Their act consists of solos and quartettes on zylophones, saxaphones and chimes, and they have earned the reputation of being the best musical aggregation in the west.

Mr. Allen has secured a repertoire of plays, which is without doubt, the best that has ever been carried by any company that has toured this country. The repertoire includes such well known successes as "The Man from Mexico," "The Three of us," "Sweet Nell of Old Drury," Dad's Girl," "House of a Thousand Candles," and "The Defiance of Doris." The last mentioned play was written especially for Miss Felton by Mr. Herbert Bashford, of San Jose, Cal. Mr. Bashford is a very old friend of Miss Felton's and he has for several years studied her style of acting, contemplating the production of a play to suit her, and "The Defiance of Doris" is the result of this careful study. Mr. Allen has secured the sole rights for the production of the play this season, and it has, so far, proved one of the greatest successes he has ever had.

CITY COUNCIL

The regular meeting of the city council was held last night.

Among the principal items of bussiness were the granting of $100 to the two delegates from the Fire Departments of the city to attend the convention of the B. C. Fire Chiefs and Firemen's Association at Cranbrook on October 18 and 19. Messrs. Foote and Brock waited on the council explaining the benefits that would be derived. Chief Abrahamson and Capt. Brock are the delegates.

A resolution was passed abandoning the water record on Brewery creek and a stream east of the Illecillewaet.

A petition largely signed by tax payers in Ward Three, below the Douglas street hill, was presented, protesting against the sewering of the western section of the city, saying that the expense was unwarranted and the work unnecessary, and asking the council to defer the work indefinitely.

A resolution was passed that $500 be added by the city to the reward offered by the Provincial government for the conviction of the murderers of Frank Julian.

In the matter of sewering the western section, H. N. Coursier refused to allow the city to run the outlet pipe through his property to the river.

A by-law was introduced and passed its three readings regulating the erection of buildings in the city and establishing a fire limit.

W. Newman, in a letter stated that he would recommence work on the power dam at an early date.

Customs Show Increase

The following is the statement of customs revenue collected for month of September, 1910, and for the half year ending August 30th, 1910:

Revenue Sept., 1910	$14,451.69
Revenue Sept., 1909	8,169.76
Increase 1910	$ 6,281.93
Half year Sept. 30, '10	$87,063.72
Half year Sept. 30, '09	55,862.18
Increase 1910	$31,201. 54

Fire Fighting in August

Chief Fire Warden Gladwin reports that in August the loss from fire was smaller than in July, but that the cost to the government for fire protection was greater. A total of 3,572 men was employed at a cost of $40,669.50. The government saved a vast amount of timber and other property, including eleven sawmills, and their cut of 17,000,000 ft. of lumber and timber limits estimated to contain 2,500,000,000 feet of standing timber, the fires numbered 325.

The Manxman To-night

The Frederic Clarke company arrived in the city this morning and will open tonight in the Edison Theatre. The company are first-class, and Mr. Clarke is one of the best knowa actors in the west today.

The doors will open tonight at 8:15 and the curtain will rise at 9 o'clock to give those who wish to attend the theatre an opportunity to mane their Saturday night purchases before the show starts.

Auto Through Crow

Lethbridge, Alta., Sept. 30.— A party from Cranbrook, B. C., are autoing from that city to Edmonton Today they went through the Crow's Nest Pass, being the first automobile to do so. The government has recently built a good wagon road through the pass.

Preference Blown Up

London, Sept. 30.—Alexander Ure, lord advocate, speaking at Glasgow, said that the Western Canadign farmers had blown colonial preference clean out of the water; that the preference could not survive Sir Wilfrid Laurier's tour in the west. The acts of the Western farmers, although the results of the very plain dictates of enlightened self-interest, had damned preference forever.

Cows Eat Dynamite

Stamford, Conn., Sept. 30.—William Olmstead, a Stamford dairyman, has lost four cows this week from dynamite. Four others are recovering from an illness due to the same cause. The cows chewed several pounds of stick dynamite and swallowed it. The explosive had been placed in a feed box behind the barn with a heavy stone on top of it for a cover. The cows shoved off the cover and devoured the dynamite

Minister Tours

Victoria, Oct. 1.—Hon. Thomas Taylor, provincial minister of public works, left today on an extensive official tour, which will complete his survey of the field of departmental activities throughout the province. His intention is to visit the Similkameen, Okanagan, Boundary and Kootenay districts, being absent from the capital for three weeks or a month. A considerable part of the tour will be made by automobile

Britain Not Decadent

London, Sept. 30.—Mr. Blatchford, in an article in the Clarion, a Socialist organ, apropos the army manoeuvres, says the Q. O. R. brought with them the conviction the mother country was decadent and Englishmen had degenerated. The Rifles were returning astounded with the falsity of this view.

No Chinese Labor

London, Sept. 30.—In reference to the reported proposal to import Chinese labor for the construction of the G. T. P., the Morning Post says there should not be the slightest chance of Canada trying again the disastrous experiment of importing Asiatic labor and points out the benefit of employing white navies.

Company Legislation

Victoria, Sept. 30.—An exceptionally interesting issue in law is to come before the supreme court at Ottawa next Tuesday in the form of a reference from the Dominion government as to the respective legislative powers of the Dominion and the several provinces in relation to the incorporation of companies.

In this matter all the provinces are united in objecting that inasmuch as many private individuals are concerned the matter cannot be properly presented by the federal authorities.

Face Potato Famine

Winnipeg, Sept. 30.—A potato famine is already in sight in Winnipeg, and there is a general shortage of other vegetables Market gardeners have not had such poor returns in fifteen years. Potatoes are now quoted at 90 cents a bushel and the price is not likely to be any lower at retail. This is the season when provident householders fill up their cellars with the spuds for winter, but little inducement is offered them this fall as 75 cents per bushel for ten bushel lots is the utnost concession the farmers will make.

Heavy importations from the east will be necessary.

Bankers Cross Continent

Four hundred and fifty bankers from the Eastern and Southern states are to join the New York State Bankers' Association and cross the continent in a single organized party the occasion being the 36th Annual Convention of the American Bankers' Association, which meets at Los Angeles.

This notable gathering of distinguished financiers will have at their disposal for almost one month, four baggage cars, four buffet or gentleman's club cars, eight dining cars, and twenty-six compartment and drawing room sleeping cars, four of which will be observation cars and known as ladies' club cars, and each provided with a piano player and a range of records. In all there will be 42 cars made up into two trains of ten cars each and two trains of eleven cars each.

To complete the circuit of 8136 miles, it will require just 232 powerful locomotives to move these trains over the route as scheduled, not counting the many double headers to be used in going over the mountains To man these engines, a crew of 464 men will be required.

Altogether 1629 railway employes will directly contribute their service to the comfort and safety of the bankers while they are en route.

The four trains will not be numbered, but will be called the white train, blue train, green train and red train.

The trip is routed through eight states and the most picturesque part of the Canadian Rockies, including Revelstoke, Banff, etc., and points in Alberta and Satkatchewan.

An Armenian priest with letters of recommendation from noted clergymen in Canada, has been canvassing the city this week for money for his people in Kurdistan, Asia Minor. Whether his claims are genuine is not known. This incident reminds one of the celebrated Dr. Day, who made himself so famous in Revelstoke some years ago to the people's cost. The public are sadder but wiser people now.

UNION LABEL

SATURDAY, OCT. 1ST, 1910.

Moses Baritz, who says he is "the accredited organizer of the Socialist Party of Canada," writes to a Toronto paper declaring that a Christian cannot be a socialist and a socialist cannot be a believer in Christ or God. *It will be up to the so called christian socialists to make an explanation.*

In another column will be found the report from the local customs office for the revenue for the month of September, which shows a substantial increase over the same month of last year. This month closes the department's half year, and the local office has every reason to congratulate itself on the volume of business done, which is greatly in excess of that of 1909. The increase of $31,201.54 is a practical demonstration of the progress made by the city and the Interior generally during the half year and goes to show that trade and commerce are rapidly increasing. No better or surer evidence of the "signs of the times" can be had than this.

There is something wrong when the churches of the country are continually crying out that their congregational attendance is getting less, and that the public is less church going than it used to be. From all accounts these conditions are far worse in the United States. The Deacons in a church in Missouri have put in a moving picture machine to attract attendance. We wonder how long it will be before we will see an announcement like the following: "On Sunday morning next, Deacon Jones will give a slack wire exhibition before the sermon," or, "on Sunday next a sparring exhibition will be given by Deacons Smith and Brown at the back of the church with rag time selections by the choir, etc."

A strong case for the reform of the High Schools and Collegiate Institutes is being made through the columns of the Canadian Courier, where it is pointed out that, in order to keep boys on the farm, agricultural centres should establish agricultural high schools, which will train the farmers sons in the principles of farming. Almost all the high schools of British Columbia at present adopt a curriculum which tends to drive young men into the universities and the professions. Similarly, technical high schools should replace the present institution in all the manufacturing towns. In brief, a high school education should be a help to the great industries of the country, commercial, industrial and agricultural. It should not confine itself so closely to the making of teachers, doctors, lawyers and dentists. It should develop all that there is in a youth, without giving him false ideas as to the nobility of industrial and agricultural pursuits. It should be practical as well as theoretical.

WAR TO THE KNIFE.

The Provincial government, in a letter to the Mayor of the city, state that they will leave no stone unturned to bring the murder or murderers of Frank Julian to justice. They say that this notorious gang must be eliterminated and will see that everything is done to break up an organization which is a menace, not only to Revelstoke, but the country at large. The public are unanimous in their feeling that such people shall not be permitted to remain at large in their midst, and the sooner some definite plan of campaign against the miscreants the better for all concerned.

Army Remounts

Dominion land surveyors have been instructed from Ottawa to be on the lookout for a township suitable topographically for the purpose of establishing an army remount breeding station in this province.

It is understood that the Dominion government has issued orders to locate a township at some point between Spences' bridge and Kamloops that will be suitable for stock raising purposes. His instructions further explained that the government intend to undertake a remount station where they will breed horses suitable for cavalry and artillery work.

It is further understood that this station is to be stocked with blooded animals especially imported for the purpose. Experts are to be placed at work early next spring. The scarcity of horses on the prairies on account of the recent heavy purchase by the British war office is given as accounting for the new scheme of the Ottawa authorities.

Going to the West

Vancouver, B. C. Sept. 30.—"With the present rate of increase annually in the acreage planted in wheat in the west, in five years it will not be a question of developing the Hudson Bay route, the Fort William route, but all these routes will be taxed to their capacity to handle the export grain, at least during the big rush in the fall."

In these words J. R. Brodie, of Calgary, a well known grain export man, and a member of the Export Grain company of Calgary, predicted the great future of Vancouver as a grain port.

"We think the situation is now right to start working on this western outlet," said Mr. Brodie. "The production of wheat in Alberta is sufficiently heavy to warrant us in looking for the cheapest outlet. The increase will be so large that the export trade will develop very rapidly."

Liquor Act Applies

Vancouver, Sept. 30.—Judge McInnes has given an important judgment in connection with the appeal of George Watson against the magistrate's convictions of the Atlantic hotel for selling liquor during prohibited hours. Mr. J.A. Russell, counsel for appelant, raised the preliminary objection that the regulations of the new Provincial Liquor Act did not apply in Vancouver, which was governed by its own license laws.

Judge McInnes decided that the act did apply to the city, though the city had power to go still further if it wished. This disposes of the preliminary objection and the appeal will have to be heard on the facts later.

Canada-Alaskan Boundary

Dawson, Sept. 30.—The Canada-Alaskan boundary survey work, which has been in progress for years past, is slowly drawing to a close. Already the international line between British Columbia and the Alaska side from Portland Canal to Mount St. Elias has been practically determined. The boundary between the Yukon territory and Alaska, from St. Elias north, follows the 141st meridian to the Arctic ocean, and traverses for the greater part of its 600 miles a virgin country still unsettled and in some parts unapproachable. Thus the unbroken wilderness of snow and ice throughout the Mount St. Elias ranges has never yet been crossed by man, and for its survey the use of an airship is contemplated.

The international line north of the mountains and up to the Porcupine river has been practically finished this summer and only the surveying northward to the Arctic ocean remains to be done.

Photograph Chinese

Vancouver, Sept. 30.— Hereafter Chinese who leave Vancouver to visit their homeland, and who are exempt from the head tax, if they return within a year, must go before the camera for purposes of identification. This is the new regulation authorized by the authorities at Ottawa, and goes into effect at once.

Invest in B. C. Timber

Seattle, Sept. 30.—Three hundred million feet of timber in British Columbia have just been purchased by Carstens & Earles, according to an announcement made yesterday by Henry Carstens. The timber is on the Copper River, close to the Grand Trunk Pacific Railroad, on a stream tributary to the Skeena river, Mr. Carstens says it was purchased as an investment.

Advertising Canada

Moving pictures described by good lectures, will bring Canada plenty of good emigrants, says Mr. Gibbon, head of the advertising department of the Canadian Pacific Railway in London. The work will begin at Christmas, when ten or twelve men will be sent throughout the British Isles with reels of films to exhibit in different towns and also to deliver lectures. Thus intending settlers will have ocular demonstration of the possibilities of the Dominion and at the same time, have the conditions of life explained. The idea appears to be a particularly happy one and there is sure to be a big demand for the gratis services of the lecturers.

Heroic Brakeman

Swift Current, Sept. 30.— Brakeman James Cairns, of Medicine Hat, was killed under his freight train here. He gave his life to prevent a passenger train colliding with the rear end of the freight train, which was about to run foul of the main line. As he turned the angle cock to set the air brakes he fell beneath the car and was crushed to death.

Drastic Police Orders

The Kansas City chief of police has issued a rather drastic order as follows: "Arrest on view any person throwing paper or other rubbish on the streets or in vacant lots any person excavating without a permit; any person tacking or sticking cards or posters on sidewalks, fences poles or in other kublic places; any person scattering handbills or circulars on sidewalks, streets, porches, yards or private premises or distributing them to passersby; all teamsters who allow dirt or rubbish to fall from their wagons. Patrolmen are also instructed to notify all owners or agents of vacant property on their beats that weeds must be cut at once and all rubbish removed; to notify owners of abutting property the street or sidewalk to remove the where earth has washed down onto same immediately; cause the immediate removal of manure piles which may be in the alleys."

Don't miss "The Manxman," one of Hall Caine's masterpieces, at the Edison Theatre to-night.

NOTICE TO CONTRACTORS

GLENBANK SCHOOL.

Sealed Tenders, superscribed "Tender for Glenbank School," will be received by the Hon. the Minister of Public Works up to noon of Friday, the 14th of October, 1910, for the erection and completion of a two-room school building at Glenbank, near Nakusp, in the Slocan Electoral District.

Plans, Specifications, Contract and Forms of Tender may be seen on and after the 18th day of September, 1910, at the offices of G. H. Gardiner Esq., Nakusp, Secretary to the School Board; the Government agents at Kaslo and Revelstoke; and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of $300, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any other tender not necessarily accepted.

Lacrosse Champions

The question of the destination of the Minto Cup for the ensuing season was settled last Saturday afternoon, when New Westminster, world's lacrosse champions, administered defeat to the Nationals of Montreal by 11 goals to 1. The two games give a total score for the Salmon Bellies of 28 goals to which the Nationals only responded with 4.

Fully 10,000 people wended their way to the Royal City enclosure, the ideal weather conditions making it a typical day for the determination of supremacy of the lacrosse field. The crowd, taking the former game into consideration, expected a great encounter and it can be truthfully stated that despite the almost phenomenal score recorded that the game from a spectacular standpoint was one of the best that has ever been played. There were periods when it appeared as if there was some slackening, but, all things considered it must be admitted that the terrific pace at which play took place and the sweeping rushes that were made stamped the encounter with the standard of excel,ence.

It could not be denied that the Salmon Bellies played with a vim rarely exhibited in any field game. They simply swept the board and rushed down the field, going pell mell for the goal and sending the opposition aside in true avalanche fashion. The attempts to stop those wonderful rushes were fruitless and it was no uncommon sight to see the defence of the Nationals bowled over like ninepins. This, no doubt, aroused a great deal of anger amongst the Frenchmen and the result was that quite a number of dirty tactics appeared in evidence. But the referee and the judge of play, who were, respectively, Matt Bar and Lionel Yorke, would countenance no such behavior and the penalty bench was scarcely unoccupied in the last quarter.

Joe Lally, known throughout the Dominion as the man chiefly responsible for the fostering of the national game, and who represents two eastern newspapers in connection with the cup games, gives his opinion of the Minto Cup games as follows:

"In the first portion the Nationals played well, but seemed to tire afterwards. The field did not follow up as it should have done, while the home brigade did not go into the champion's goal with the energy they should have. New Westminster were clever in checking and after they had got a respectable lead, the Nationals appeared to think that all chances were gone, and lost heart. No exception could be taken to the rulings of the referee, which were exceptionally fair and if all eastern teams got the same treatment as was meted out that afternoon there would be no cause for complaint. The protection afforded the players was all that could be desired. Towards the end there appeared to be indications of players wanting to 'mix it up,' but the handling of the game by Matt Barr and Lionel Yorke prevented such arising."

Scourge of the Country

Rome, Sept. 30.—One of the greatest and most mysterious murder trials ever held in Italy will open shortly in the quaint mediaeval Viterb, when three hundred members of the much-dreaded Camorra or Black Hand, including some of the prominent leaders in this body, will be put on trial for the murder of Gennaro Cuocolo and his wife in 1906. The proceedings which are expected to last six months at least, are likely to make the world in general understand that the celebrated Neapolitan Camorra is no picturesque fiction, but a terrible reality — an open sore in the life of southern Italy.

It is not known exactly how or when the dread Camorra was started, but it is supposed to have first taken form under the Spanish viceroys in the middle of the sixteenth century. Under the Bourbons it was said to be also political in its workings, but now, at any rate, it is simply an association marvellously organized and covering like a network vast portions of the southern provinces which controls and taxes trades, whether lawful or unlawful, and protects its members from punishment for their crimes.

The Black Hand has now spread to all parts of the world and its effects are far reaching.

The "Honorable Dociety," as the Camorra calls itself, is divided into corps, each of which contains twenty four members, and forty-?ight recruits who are on probation, and must prove their right to promotion by cleverness in crime, preferably by murder, and who are told off in twos to help the regular members in their work, and to keep watch over them, the Picotti, in their turn, are assisted by honorary members, who, themselves pay for the help and protection of the society. There are only two acting officials in the Camorra—the head, who is the most important and most dreaded person in the south of Italy, and the cashier, who receives all the booty of the members, and gives it to the head who divides it at his pleasure, keeping the lion's share for h m se,f. Any member who fails to deliver up his gains is severely punished. Innumerable societies up and down the country are affiliated with the Camorra though they are often unknown to each other, but their members can recognize each other by signs and passwords, and are bound to help each other to evade punishment or to aid in a work of revenge.

Prairie Fruit Market

Commissioner J. C. Metcalfe reports a summary as follows of the fruit conditions on the Prairies:

Although some quotations at the present time for Fall varieties from American points would apparently indicate low prices, the general consensus of opinion on the part of jobbers generally are that prices for Fall and Winter varieties of apples will not go low, quotations from the East for Ontario apples for No. 1 in barrels (which are very scarce) are quoted $3.50 to $3.75 with a probable rise to $4.00 in a very short time, and when jobbers ask for quotations from American points prices are much higher than when wired unsolicited. Pears and crabs are firm and in great demand. American prunes have been coming in freely to these points, in peach boxes, and although retail prices were cut very close here, jobbers hav? been paying f.o.b. American shipping points for prunes in peach boxes, 50c. and 55c. per case. I would advise shippers holding to fair prices of Fall and Winter stock, particularly Winter, and more especially if stocks are not heavy, pack and grade thoroughly. There is a disposition on the part of some shippers to mark grade too high, especially in marking fancy, forgetting that Fancy is practically Perfection on all points, quality, size, color, and pack, and this applies to crabs as well as apples. The Dominion Fruit Inspector has no power or authority to re-mark grade on boxes from what they are marked by shippers, but he has power to erase the grade if not in conformity with the Act and Brand falsely marked. It will be well for our growers and shippers to bear this in mind and raise the standard of their pack, rather than lower, as we are certainly establishing an enviable reputation on B. C. fruit at the present time all over these provinces, and this reputation, if sustained and advanced on our fruit products will certainly create an increased demand for them and command the highest market prices. At the same time our shippers must not forget the competition they have to meet from the American Pacific coast states and the efforts being put forth by them to reduce the cost of production in every way and their earnest endeavors to grow and raise the standard of their fruit products by the latest and most-up-to-date methods.

(Signed) J. C. METCALFE.

Provincial Police Tour

Victoria, B. C., Sept. 26.— Mr. Collin S. Campbell, the newly appointed Inspector of Provincial Police and Chief Inspector of Licensed Premises, under the liquor act of 1910, is now in Victoria preparing for his first inspection tour in his new and dual official capacity, in the course of which every licensed hotel and every provincial police office in the province will receive a visit—a purely informal call, for the Inspector will drop in entirely unannounced, and prepared to accept and to note conditions as they exist in everyday practice. The Chief Inspector is at present familiarizing himself with every essential piece of information in respect to each license and each license application; he will revort any suggestions he may ha ve to offer as the licensed premises or premises proposed to be licensed are in their order visited. He will also advise the Department as to the approximate population in each license centre, in order that the revised scale of fees may be arranged from the first of the new year, in accordance with the changed requirements of the act in this connection.

It is to be anticipated that from the first of 1911, considerably improved accommodations in the rural hotels of British Columbia will be nated by the travelling public, the new law—the administration of which rests largely with Inspector Campbell—demanding as the minimum standard of accommodation in order that a liquor license may be held, that the licensed premises shall include:

A barroom used only for the purpose of and as a barroom.

A separate sitting room for the use of guests.

A dining room, aiso altogether separate, apart from, and additional to both barroom and sitting room.

At least seven bedrooms, each with a floor area of not less than one hundred square feet (10x10 feet square, and each properly, adequately and comfortably furnished for the use of guests, to the satisfaction of the Inspector; as well as proper fire protection.

Demonstration Orchards

Victoria, Sept. 27.—Preparations are advancing rapidly for the location of the demonstration orchards provided for by the appropriation of $10,000 included in the estimates of last session.

To the island two orchards are allotted, the one to be between Cowichan and Nanaimo, and the other in the Saanich Peninsula somewhere in the vicinity of Victoria. Four orchards are allowed to the lower mainland, one probably in the Delta, one in Chilliwack and two in the Dewdney ridge.

The second orchards district is to comprise Shuswap, Armstrong, Nicola, Salmon Arm and Penneys (Wallachin), two orchards going to the constituency of Yale and two to that of Kamloops. Either three or four orchards are proposed for the third official district, which is to include Vernon, Kelowna, Summerland, Penticton and Keremeos. The fourth district provides for the Arrow district, Kootenay and the Boundary country East and Northeast Kootenay.

It is expected that two orchards will be awarded to the Slocan district, one being given on Arrow and one on Slocan lakes, with one on the Kootenay lake in the vicinity of Nelson, one at or near Cranbrook, one at Windermere, one at Rossland and another at Midway.

Northern British Columbia will constitite the fifth official division, to which two orchards will be given, the one in the Kitsumkalum and the other at Lakelse.

Re-Organizing Army

London, Sept. 30.—That Lord Kitchener will be call?d to take an active part in the re-organization of the British army is regarded as certain, as a result of the showing made in the army manoeuvres just concluded. It is admitted by the papers of all shades of opinion that the manoeuvres - ended in a fiasco. The Express calls it: -"A gigantic muddle." there was hopeless confusion. Battalions fired on their allies in the fearful and wonderful tangle. The foreign attaches openly expressed contempt for the British generalship. The aeroplanes which were to do the scouting could not fly. Had the troops been engaged in real warfare with an army like that of Germany for instance, they would have been annihilated. It is the universal opinion that no man in Great Britain save Kitchener can put the army on an effective fighting basis.

It is the intention of the C. P. R. we leaIn, to enlarge the Lake Louise chalet before next season to a capacity of 230 rooms. Sixty addition al rooms will be put in at the Banff hotel and also a swimming pool.

DRUNKENNESS CAN BE CURED.

Old Fallacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whisky, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whisky or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G.——, of Hull, says of it and what it did for her:

"It is four months to-day since I started to use your Remedy. I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried, I remain,

Mrs. G——, Hull, Que.
(Name withheld by request.)

Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. The trial package alone has often cured. Write to-day. The Samaria Remedy Company, 46 Jordan Chambers, Jordan street, Toronto. Also for sale by C. R. A Negro wanted for theft at Sicamous was arrested here by wire and description this week, as he was trying to get away on an eastbound train.

At the mill of the Adams River Lumber Co., at Chase, one day this week 238,000 feet of inch lumber was cut, this being 15,000 feet over the highest previous run.

Before Judge Walker yesterday morning at Winnipeg, R. C. Edwards, editor of the Eye-Opener, was acquitted of the charge laid against him by the Lord's Day Alliance last March.

On Monday evening, Oct. 3rd, a first class exhibition gymnastic display with games and races will be held. All interested are invited to attend this fall opening. The Ladies' Auxiliary will serve refreshments.

To those who wish to witness Mr. Frederic Clarke and his company in "The Manxman" tonight, at the Edison Theatre, it has been decided to start the performance sharp at 9 o'clock. This will give purchasers an opportunity to do their Saturday night shopping before the show commences.

Chairman Mabee of the Railway Commission, at a recent sitting at Winnipeg, stated that he would petition the Minister of Justice at Ottawa to appoint counsel to represent the public in a complete and thorough investigation into the workings of every telegraph company doing business in the Dominion, to be held before the Commission. The investigation will involve the C P R., C. N. R., Great North Western telegraph companies and smaller companies.

The regular monthly meeting of the School Board was held yesterday morning. Only routine business was transacted. An order was passed for the purchase of new furniture from the Woodstock Lumber and Manufacturing Co., for the new school. The work on the new school on Sixth street was reported as progressing in a satisfactory manner. Mr. J. M. Paterson of Toronto, will enter on his duties as assistant in the high school on Monday, and Miss Hobbs, who has been assisting pro tem, will give up her work on that date. Mr. McLaurin, the new principal of the high school will be here in a month or two.

The Vancouvel World says editorially:—"Police Magistrate Campbell of St. Catharines has been speaking out in reference to the practice of street corner loafing and the use of profane language on the part of those who infest the corners in that city. The practice of using profane language on the street corners and on playgrounds is not unknown in Stratford. It has nothing to commend it, and lowers those who utter it in the estimation of all right thinking people." This has a local application.

In connection with several alleged attempts at house entering this week by strange men, the police warn the citizens that there are a number of prowlers and hoboes drifting through this district some of whom hang around the streets at nights till the police come along and stop their prowling. Many reports have been made of suspicious characters about after dark, and the police have a number under surveillance. Much of this excitement is groundless, the people being in a timid state generally after the horrible murder of F. Julian. The police are keeping close watch on all suspicious characters, while tramps and hoboes are quickly got rid of as soon as they arrive in the city.

Bank of England Rate

London, Sept. 30.—The directors of the Bank of England, at their regular session yesterday, raised the discount rate from 3 per cent. to 4 per cent. This move was expected but has come a little sooner than was generally anticipated, owing to the recent advance of the bank rate at Berlin, and the rise that took place yesterday in market discounts.

The principal reasons for the advance are the outflow of gold to Egypt and Turkey, the prospective Indian demand and the fact that the continent is steadily absorbing the weekly arrivals of gold.
