## SYNOD HONORS REVELSTOKE WITH TWO DAYS' CONVENTION

### The Anglican Clergy and Laity Transact General Business of the Diocese.---Important Questions Are Discussed

One of the most important synod conventions ever held in Kootenay was that which occupied the attention of visiting clergymen and laymen from all over the diocese on Wednesday and Thursday of this week in Oddfellows hall. Important from the standpoint of the far-reaching effects it will have in stimulating the clergymen to more vigorous efforts in promoting the interests of the Church of England in the Province, and important in the various items of business that were transacted for the welfare of both clergymen and parishioners.

The Bishop's charge to the clergy, which is given verbatim in another column of this issue, is a clear-cut and concise synopsis of what has been done since the last meeting of the Fynod and set forth some very favorable recommendations. After the reading of this report, Revs. Rural Dean Flewellyn, Rural Dean Greene, A. S. Hoeswill and J. G. Dennison, were appointed a committee to report on the charge, which was commented on very favorably by the committee and received by the Synod as a whole.

Archdeacon Beer's report referred briefly to the death of the late Bishop and commented very favorably upon his successor as a man young and vigorous, possessed of abilities peculiarly adapting him as the head of so important an institution. He also referred to the large number of clergy removals from the Diocese and while regretting these, he strongly recommended a life long residence in one parish. Briefly he touched on the need of opening up new districts and gave concrete examples of how badly this was needed. Regretting the cutting off by the C.P.R. of passes and reductions of fares, he pointed out that the expenses of getting to Synod meetings were often greater than the offerings for that purpose and necessarily meant a hardship to the delegates. He also regretted that many of the funds of the church were sometimes neglected, and hoped that the parishioners who were increasing both in numbers and in wealth would give moce attention to this. The Archdeacon urged upon the clergy the importance of Sunday school work and suggested that a system of examinations be instituted. The statistical report, he pointed out would show great progress in the church during the past two years and he was certain it would show greater in the next period. This report, unfortunately was not in the hands of the Synod owing to the reports from the clergy not being all in.

Rev. H. A. Solly, of Summerland, brought to the notice of the Synod that the M.S.C.C. was not, as he considered, fairly apportioned. One parish perhaps which might be considered on a self-supporting basis, received aid, other smaller parishes were receiving none. This, he considered, should in some way be remedied.

Bishop Depencier considered that the people of the church when able should do better in this respect than they did five or six years ago when they were poor. The Province, he said, now has a balance in the savings bank of $7,530,000, which is proof that the Province and the people are richer than they were several years ago. People who a few years ago were practically poor are now able to write their cheques in five figures. The laymen have done excellent work, and he referred in glowing terms to the excellent offer of Mr. W. J. Walker, who, without solicitation whatever, had offered to assist any parish in the Surrey district in erecting churches. Mr. Walker had offered to guarantee the stipend of the clergymen for at least five years. This, the Bishop thought should be a wonderful stimulus to others to do similar good work.

The treasurer's report showed the financial condition of the church to be in good shape, but the Synod almost as a whole agreed that the assessments in some cases were too low and that steps should be taken to compelrecalcitrant parishes to meet the demands made upon them.

The report of the W. A. showed that up to the end of April last, a goodly number of meetings had been held and that the various auxiliaries in the diocese contained 210 members three of whom were life members. The work in assisting the needy in the way of clothing and funds had been vigorously carried on, while pledges amounted to about $117, and donations to $96. This was received and ordered printed.

The report of the executive committee elicited considerable discussion on the matter of grants, and brought forth instances that had been considerably lowered owing to the spirit of independence shown by the parishioners, which incidentally was imbued by the clergy. The parish of Trail was congratulated on becoming a self-supporting rectory, and others were recommended to do likewise. This report was also received and adopted.

His Lordship, the Bishop, introduced the following motion, which was carried on a vote being submitted:—

The various Diocesan Synods within the Province of British Columbia, respectfully recommend to the General Synod the formation of a Ecclesiastical Province of British Columbia coterminous with the boundaries of the civil Province, with a Provincial Synod to be formed as hereinafter provided, aod that the following be part of the Constitution of such

Section 1.—The Provincial Synod shall have power to deal with all meetings affecting the well-being of the church within its jurisdiction.

## TWENTY-THREE THOUSAND TO SAVE RIVER BANK

### Eight Hundred Yards of Mattressing being done above the Traffic Bridge

Under the superintendency of Ed. Trimble a gang of about sixty men commenced Tuesday on the work of mattressing the river bank from the traffic bridge in lower town to the Central hotel, a distance of some 800 yards. It is anticipated that the sum of $23,000 will be spent in this work, which is calculated to save the banks of the river from washing away. Mr. W. Fleming, who is foreman of the work at the river, anticipates that as soon as this portion of the work is completed the gang will be removed to below the C.P.R. bridge and there finish up the work which was left unfinished the previous year. Of the sixty men employed twenty are in the bush cutting the necessary brush, under the foremanship of Thos. Berret, and twenty are at the quarry under the foremanship of Alex. McIntyre. This work will have to be pushed forward rapidly as it must be done before the soft weather comes, and Mr. Trimble calculates putting on as many men as required in order that the work shall be completed in time.

This year the Provincial government in its estimates set aside a fund of $80,000 for work of this kind in the province and it is a mark of the recognition of the importance of Revelstoke that $23,000 of that sum should be spent here. It is roughly estimated that both the Dominion and Provincial governments have expended approximately $300,000 on the banks of the Columbia river, fully two thirds of which, however, was contributed by the government at Victoria. Last year's expenditure by the Provincial government on this work in Revelstoke amounted close on to $44,000. The circulation of about $23,000 in this district by the work in hand during the next four or five weeks will mean a good deal to the business men of the city, and incidentally earn the thanks of every citizen for the energetic Minister of Public Works at Victoria.

---

The Merry-Go-Round Whist Club was admirably entertained at the home of Mr. and Mrs. W. A. Sturdy on Sixth street, Tuesday evening last Seven tables were requisitioned and during the course of the evening flash light pictures were taken of the group. The first prize for the ladies was won by Mrs. Arnold Sturdy and the consolation by Miss Jackson. Mr. Thos. Bradshaw secured the gentlemen's first prire. A dainty luncheon was served by the host and hostess.

## DOES A DEADLOCK EXIST?

"You have got along well enough so far without the power and I guess you can stand it for a few more days." In some such words as these was the way Mr. Newman expressed himself to the Council yesterday at a committee meeting when he was asked to give an expression of his opinion as to when power from the new dam would be available. Re his demand for his pay, the Council retorted to the effect that he had waited such a time for his money and they guessed he could wait a few days more till the work was completed.

The press was, of course, not present at this committee meeting, but the above expressions of opinion on both sides of the fence leaked out, and show to some extent that a deadlock exists provided certain conditions are not complied with. Mr. Newman, however, has assured the Council thathe can furnish the power now at any time, but owing to leakages through the bulk head it would not be advisable until these were stopped to turn on the power. The Council, however, are of the opinion that the water will be dashing through the flume the fore part of next week and that power will be available.

## WHERE ARE THE PLANS?

### School Board want them before Accepting Heating Plant

In addition to the regular routine work of the school board at a meeting held last night a discussion arose as to whether the heating apparatus at the new school was thoroughly satisfactory. It was the opinion of the board that in cold weather there would be considerable trouble in heating the school. Whether the plant was put in according to the plans is what is agitating the board, and Mr. King not being present, his account was laid over. The board wants to see the plans of the apparatus before finally accepting it, and no plans so far seem to be available, both Mr. King and Mr. Foote claiming not to have them in their possession.

A petition from Miss F. A. Paget for an increase of salary was considered and a raise of $5 per month given.

In view of the extra work in the janitorship occasioned by looking after the high school which was dropped by the former janitor Mr. Thos. Steed was given a raise of $10 per month. Up to the first of the year the high school had a janitor of its own but Mr. Seigfried having resigned Mr. Steed had done the work satisfactorily since then and consequently the raise was granted on motion of Bradshaw and Squarebriggs.

A communication received from the city clerk asking for detailed statement of estimates was received. From certain conversations had with councillors the board understood that the item of $1,000 for repairs was what the council wished detailed and accordingly the board authorized Mr. Bradshaw to communicate with the city council and give them the information required.

The Woodstock Lumber Company sent in a communication accompanied by a cheque for $29.84, which amount was the discount on an order for desks. The cheque was turned over to the city.

It was moved and seconded that the tenders for school supplies be apportioned out as follows: Bews, $453.65; Macdonald, $385.78. These figures represent the lowest tenders of these two men, and it was the view of the board that the tenders should be split up as evenly as possible.

Chairman Cunningham Morris suggested regular inspection of schools in which suggestion the board concurred. As a consequence the members of the board will make regular visits, the times of which will be later decided upon.

A salary roll of $1155 was passed, also a number of general accountsf The account of Bourne Fros. was referred back for investigation.

Members present, Cunningham Morris, T. Bradshaw and R. S. Squarebriggs.

## Reception at Rectory

After the evensong service in St. Peter's church Wednesday, the Rev. C. A. and Mrs. Procunier, and the Ladies' Guild, held a reception to the visitors and congregation at the rectory. Those who gave vocal selections were Miss Ethel Wrigley and Messrs Car, Hilton, H. Cunningham Morris, E. Dunn and Rev. S. W. Phillimore, as well as violin solo by Mr. Wilson. Light refreshments were served and the function proved most successful, as giving the Bishop and the clergy of the Diocese an opportuaity of knowing each other better and interchanging views among the various parishes of Kootenay.

## An Early Election

Hon. Wm. Paterson, in the course of the reciprocity debate at Ottawa, remarked that one objection put forward was that the arrangements should not have been gone into at all without consulting the people. That was impossible. The people themselves would have an opportunity of passing upon it, and that at no very late date. It would then be a live question. He expected the judgment would be favorable. If the Conservatives were returned to power they would have an opportunity of bringing in a measure of repeal.

*Real Estate and Insurance*

We offer no apologies this week for occupying so much of our space with the doings of the Anglican Synod. The fact of its being held here is a compliment to the city, and the Mail Herald being the only secular paper represented at the convocation, we feel it our bounden duty to report the important doings as fully as possible. The report, perhaps, may not be such very interesting reading to those not connected with the church, but members and adherents of the Anglican church will, however, find much therein to interest them.

"Sassiety" in Eastern Canadian cities is just now agitated with divers emotions owing to stories floating around that there is a possibility of the Duchess of Connaught and Princess Patricia not making their home in Ottawa. What will the poor dears do with nothing but a black frock coat and a high hat occupying Rideau Hall?

Now that the winter sports are on the wane—and by the way we have had a good season of them—it might be well for our citizens who take an interest in sport, to take mental stock of what will be needed in the future in order that the city may retain its status and hold its own with other and perhaps smaller cities in the district. This city without what little winter sport we have enjoyed, would indeed have been a somewhat dead one, for we must remember the old adage that "all work and no play makes Jack a dull boy." Looking around us we see Golden, Nelson, Banff and perhaps a score of other cities having curling bonspiels of their own and attracting big crowds from the large centres. This in itself is good enterprise and good advertising. Perhaps nothing gives a city such publicity as a good sporting fraternity, for everybody devours the sporting pages of the big dailies, and if perchance there should some day appear in such columns a big black headline announcing that a Revelstoke rink had won the Grand Aggregate somewhere, people would at once look up the map and find out where this Revelstoke is. Sport is one of the best publicity agents there is, and should be encouraged, and the roarin' game is the sport par excellence. Winnipeg papers this past two weeks have devoted whole pages to reporting the bonspiel in that city, and every man on the editorial staff of each paper has had something to do with it — not excepting the church editor. These papers consider it worth while. This brings us to our point, and that is that in order to make curlers we must have the rink, and in order to get the publicity that a bonspiel is bound to get us we must have the accommodation for such an event. Revelstoke has a good rink for skating, but it is altogether inadequate for both skating and curling at the same time. As a consequence one or the other must be neglected, and unfortunately in this case it is the curling that suffers. Now is there not enough enterprise among our many enthusiastic curlers to get a rink of their own and get up a bumper bonspiel for next and succeeding winters? You who consider yourself a good sport would be ashamed to admit that there wasn't, yet the outside world judges us by our inaction as much as by what we do. It seems to us that there are at least ten or a dozen men in this city who could and would put up a thousand apiece, if such were necessary, in order to erect a good rink and have a howling bonspiel every year, and it would do their hearts good to part with the money. But it is not necessary to part with that much money, for there are scores of citizens who would chip in and make the burden lighter and we know they would gladly do it. We want a good rink devoted entirely to curling in the winter; Winnipeg has a half-dozen of them; Calgary has two or three, and surely we can afford one. With such a building the beginner could have a chance to become proficient and the professional to develop himself better. All that is needed to get this required rink is somebody to set the ball rolling right now before the enthusiasm dies. People don't care to talk or think about curling in the summer time, in fact they haven't time to do anything else but talk and go crazy over baseball, cricket, tennis and summer games—and we don't blame them for going crazy over these either But right now let everybody get busy on this rink proposition and see if we can't get a handsome building up before next winter's frosts set in. And in the meantime, when we have everything arranged and the building in progress, we will enjoy the summer's sport better in anticipation of the fun we will have next winter.

Perhaps—and we use the word "perhaps" advisedly—by the time this paper is on the streets we will have light and power from our new power plant. Nobody is willing to accept the responsibility of assuring the public that they will have power at any specific time. Mayor Hamilton won't, none of the councillors will and we are very sure we won't. We tried to set the public on easy street last week by informing them that the bulk-head would drop on Wednesday at three o'clock. It didn't drop then, but it has dropped now, and that is as far as we can go in giving the public any assurance of power. Whether it will work satisfactorily now that it has dropped remains to be seen. If it does we may be reasonably certain of power within a few days, but still nobody can tell. This power plant is like playing the game of "perhaps." The game is played something like this:—You take a rough board, set it up slanting and slide down it, then perhaps you get a sliver run into you and perhaps you don't.

In dismissing the $10,000 libel suit brought by R. T. Telford, M. L. A., of Leduc, against the Calgary Herald Mr. Justice Harvey laid particular stress on the old truth that men who enter public life must cultivate an external membranous integument of elephantine non-sensitiveness.

Summing up the judge bore a warning to all men who go into public life. He said in part:—"When people go into public life, they must expect that newspapers will say things about them which will not be pleasant, and if they do acts which subject them to ridicule they cannot complain if they are held up to ridicule to that extent. This does not refer to my mind, to the plaintiff's private character, but simply to a public man in a matter of public interest. The action will be dismissed with costs."

Costs in the case amount to over $500, to be borne, of course, by Mr. Telford.

## Card of Thanks

I hereby desire to express, on behalf of the Synod, my sincere thanks to all those who so generously assisted in extending hospitality to the visiting clergy and laity, and who by their co-operation, made their visit to Revelstoke one of pleasure and gratification.

C. A. PROCUNIER,
Rural Dean.

Moving Pictures at the Edison Theatre to-night.

## SYNOD HONORS REVELSTOKE WITH TWO DAYS' CONVENTION

Continued from Page 1.

other than those already delegated to the General Synod. No Canon or resolution of a coercive character, or involving penalties, or disabilities, passed by the said Provincial Synod shall be operative in any Diocese until accepted by the Synod of such Diocese. The Provincial Synod shall not have the power, unless with its assent, to deal with such matters as fall within the jurisdiction of a Diocesan Synod at the time of the formation of the Provincial Synod.

Section 2. Appointment of Bishops.—(1) Election by Synod. When the Secretary of any Diocesan Synod shall certify to the Metropolitan of the Provincial Synod that there is a vacancy in such Diocese the Metropolitan shall at once take such steps if any, as may be necessary in order to the election of a Bishop who shall be duly elected by the Synod of that Diocese under its Canons, Rules and Regulations. The Chairman or Secretary of the said Synod shall transmit a certificate of such election as soon as it shall have taken place to the Metropolitan and to the Secretary of the Provincial Synod. Notice of such election shall then be sent by the Metropolitan or the Secretary of the Provincial Synod to the Bishop of the Province, and the Metropolitan shall then proceed to take steps for the consecration of the Bishop-elect.

(2) Appointment by Missionary Society.—

In the case of a Diocese whose Bishop is wholly or mainly supported by any Missionary Society the selection of such Bishop shall rest with that Society, after consultation and confirmation by the Metropolitan and the other Bishops of the Province.

Sec. 3. Subdivision of Dioceses, etc. The Provincial Synod may subdivide any Diocese of such Province, provided that the Bishop and Synod of the Diocese, which it is proposed to divide, consent thereto. The Bishop of the divided Diocese shall choose wich portion of the divided Diocese he desires to retain and the appointment of a Bishop to the other portion shall be made in accordance with Section 2 on the Appointment of Bishops. If according to these provisions the Bishop is to be elected by the vote of the Synod then the Bishop of the undivided Synod shall convoke a Synod and preside over the same for the purpose of the election of a Bishop, and such Synod shall thereupon proceed to such election.

The Provincial Synod may also form a Diocese or Dioceses out of two or more existing Dioceses, provided that the Bishops and Synods of the several Dioceses affected give their assent to such division. The Bishop of the new Diocese shall be appointed in accordance with Section 2, and if according to these provisions, the Bishop is to be elected by the vote of the Synod, then the Senior Bishop by consecration of the Dioceses affected shall convoke a Synod and preside over the same for the lection of a Bishop.

Sec. 4. Election of Metropolitan.

The Bishops of this Ecclesiastical Province, after the expiration of three months and not later than the expiration of six months after every vacancy in the Metropolitanship, shall meet under the Presidency of the Senior Bishop by consecration, or in the case of his inability to act, under the Presidency of the Bishop next in order of seniority; such meeting to be called by him after six weeks' notice at some place within the Ecclesiastical Province, and shall elect one of their number to be President of the House of Bishops, and the Bishop so elected shall thereupon, ipso facto, be the Metropolitan of the Province.

And it is further provided that if a Provincial Synod be constituted during his tenure of the See the present Bishop of the Diocese of British Columbia shall be the first Metropolitan of the Province.

Sec. 5. Basis of Representation.

The basis of representation in the Provincial Synod shall be, in addition to the Bishops of the Province, four delegates of each order, clerical and lay, elected by each Diocesan Synod, with provision for substitutes

A notice of motion introduced by E. A. Crease dealing with amendments, additions to be made to the Constitution, rules of order and Canons of the Synod of the Diocese of Kootenay was considered clause by clause, and with the exception of Section 10 as contained in the order of procedure for the Synod, and a few other small changes was passed by motion.

The committee appointed to report on the Bishop's address asked that a committee of three clergymen and three laymen be elected to deal with theological questions referred to in the Bishop's address.

On a vote being cast the following were elected:—Clergy, Rev. C. R. Littler, Rural Dean Greene and Rural Dean Procunier; laymen, Messrs. E. A. Crease, Geo. Johnston and J.G. Dennison. A communication received by the Bishop on this subject was accordingly handed to this committee.

A notice of motion introduced by Mr. Fred Irwins that hereafter the Synod of the Diocese of Kootenay meet biennially was considered, but the matter was left with the Bishop as it is purely his prerogative to call the Synod.

The Rural Deans' report was read, suggesting parish boundaries and reporting on the work done, which was ordered printed in the Synod journal. The Bishop also claimed the rights of defining the boundaries of parishes and the matter was accordingly dropped with the explanation that these boundaries were merely suggested at the request of the late Bishop.

Election for officers of the Synod resulted as follows:—

Registrar, Archdeacon Beer; treasurer, Geo. Johnston; auditor, J. M. Lay; executive committee, Rural Deans Procunier, Greene and Flewelling and Messrs Venables, Bush and Cock; clergy delegates to Synod, Archdeacon Beer, Rural Dean Greene, and Rev. E. A. St. George Smythe, Messrs Crease, Bush and Venables, (substitutes, Revs. Procunier, Phillimore and Flewellyne and Messrs Armstrong, Johnston and Caesar); Bishop's appointments to executive, Rev. Steele and Mr. Lay; board of management to M.S.C.C. and S. S. Commission, Archdeacon Beer, Rev. Graham and Messrs Bush and Cock.

At the suggestion of the Bishop a motion passed requesting the Rural Deans to report on their parishes to the Synod.

On motion Messrs Simpson, Flewellyne, Armstrong, Johnston and Burk were elected an Ecclesiastical court.

Standing committee on Canons:—Messrs Johnston, Dennison and Crease and Revs. Beer, Flewellyne, Procunier and Graham.

Notice of motion was given by Rev. Rural Dean Graham that the periodical "Across the Rockies," published by the B. C. Church Aid Society, be given authoritative status as a parish magazine for the Diocese of Kootenay. This was done by motion. Rev. C. A. Procunier briefly pointed out the great need of a Sunday School periodical and it was suggested that the parish magazine would fill that want.

Archdeacon Beer gave notice of a motion to rescind a previous Canon that the expenses of one lay delegate to Synod be paid. Mr. Venables opposed this on the ground that it was necessary to have a quorum of lay delegates at the Synod and unless such aid were given this could hardly be secured. The clergy, he said, have their expenses paid and he did not see why the laity should not be similarly treated Rev. H. A. Solly, therefore moved that aid given to delegates be limited to bare transportation expenses. This carried.

A motion was made by Rev. S. W. Phillimore, who suggested that a better understanding should be arrived at between the English church and the Swedish Lutheran church authorities enabling the latter to communicate in the English church.

Mr. Phillimore pointed out that the ritual of the Swedish Episcopal church was similar to that of the English and that the Swedish people should have the privileges of the English church. He suggested that they be communicated with in this regard and that the Synod should take action to bring it about. Several speakers were in favor of the resolution. The motion was unanimously carried.

W. A. Jowett, of Edgewood, asked for a statement of the salaries of all the clergy saying that it was not right or proper that the stipend of any clergyman of the Diocese should fall below $900 per annum. Archdeacon Beer read the statement showing several parishes paying their clergymen less than $900 a year. Mr. Jowett pointed out that this matter was, as a rule, too lightly dealt with and urged that the Synod should see that all the clergy are paid in the adequate way which their position demanded. Every man is worthy of his hire, he said, and the best results are obtained by paying the clergy well. A. S. Hoeswill, of Nelson, supported the motion, adding that the high cost of living warranted good salaries. The Synod was unanimous in its opinion and the motion was carried.

Rural Dean Greene, of Kelowna, moved that it was not advisable or Clergy Relief Fund money for other purposes. No specific action was a wise practice to appropriate the taken on the matter and a suggestion was supported to merge this fund with the Diocesan Pension Fund.

The Rev. O. Buckley of Okanagan Centre, moved that steps be taken to recover all arrears from Parishes which have not paid any money into the special offertory. He also urged that bad mistakes had been made by many of the clergy in the Synod, but it was most essential that the resolutions passed by Synod should be enforced. The motion was lost

H. W. Simpson, of Rossland, asked whether all churches could have Bibles containing the apochytha, chapters of which were read in the church. After some little discussion the motion was withdrawn.

Under the heading of unfinished business the Rev. W. N. Walton, of Fernie, moved that his parish be permitted to borrow $5,000 on the church property as security for the erection of their new church. He asked that the matter be reconveyed to the parish officers et al. Fernie to take all the responsibility. This was agreed upon, the Diocese going security.

On motion of the Archdeacon the Statistical Sheet of 1909 was adopted. Votes of thanks were unanimously passed to the Rector of Revelstoke, the mayor and citizens for their kindness in entertaining the visitors to the Synod and aiding in its success.

To Chancellor Crease for his valuable services to the Diocese, to the various missionary orders in England such as the S.P.G., S.P.C.K., etc., for their assistance in the past. In reference to this the Bishop hoped that when possible some return might be made in the way of help to the Societies in England which have done so much to help church work in B. C. J. Perkins, Canon of Westminster, for his great services to the church in Canada. To the press for its good reports of the Synod, to the Bishop for the way he had presided over the session, to the Rev. M. F. Hilton of Greenwood, for his sermon on Wednesday night.

The matter of the payment of expenses of the delegates brought up, aroused much discussion and it was finally decided that all the expenses of one delegate and clergy from each parish be paid.

J. G. Dennison, of Rossland, suggested that all parishes be notified that all offerings on Easter Sunday be given to the incumbent of the parish. The suggestion was adopted

In closing the Synod the Bishop expressed his deep appreciation of his the visiting clergy and laity, and the Diocese and was gratified to know that he had been appreciated. He had been stimulated by the needs of the churches and parishes to strive to further the interests of church work throughout the Diocese and would do all that lay in his power to promote the welfare of his flock. The Synod adjourned with brief prayers.

## UP TO DATE PREACHER ON UP TO DATE TOPIC

### Synod Evensong Service Well Attended---Rev. M. F. Hilton Gives Address to Clergy

At the Synod evensong service held in St. Peter's church on Wednesday evening, a large congregation attended, special seats being reserved for the clergy, while many occupied seats in the chancel. The Rev. M.F. Hilton, rector of Greenwood, was the preacher selected by the Bishop, and took as his text Chap. Exodus 26, 6-11:—"And Thou shalt make fifty taches of Gold and Couple the Curtains together with the Taches and it shall be one Tabernacle, and Thou shalt make Fifty brass Taches and put the Taches into the Loops and couple the tent together that it may be one."

The preacher explained his text saying that the taches and loops used to couple the Israelites' tabernacle of old when pitched in the wilderness, were symbolical of the union of the clergy and laity in the ministry of the church by the binding together of all parts. The golden taches were the clergy and those of brass the laity who were strong and faithful supporters of the church. He urged thorough service to God and perseverance in church work. The meeting of the Synod will tend to strengthen our hands for better work which can only be accomplished by God's help. The clergy, depend on the laity to further the spread of God's word and with unity there is strength. He denounced the splitting up the church into opposing parties pointing out that more faith should be exercised and less criticism. The church in B. C. was very lax in regard to mixed marriages, which should not be tolerated, and what was almost worse was the splitting up of families among different churches. There was a vast amount of work to be done yet to bind the church together, and everyone must go to Jesus, as the head of the church, for guidance and advice, and dedicate themselves to God. In conclusion he suggested three thoughts which would help the clergy in their labors:—1. Love for souls. 2. Co-operation in God's work with daily prayer. 3. Consecration. The service as a whole was beautifully rendered and closed with a procession of clergy

WANTED—Men and Women to learn barber trade; only eight weeks required; stay as long as you wish for one tuition; tools given with each scholarship; best school in Canada; situations or locations furnished; catalogue mailed free; write for particulars.—Moler System College, 609 Centre street, Calgary, Alta.

## SPORT

EXPLAINED AT LAST.

Neal Ball, the only player in the major baseball leagues who ever *made a triple play unassisted*, that is, put out three men in one play, is convinced that women are more intelligent on the average than men, but is equally convinced that they do not understand baseball. Accordingly, when he talks baseball to a woman, he adopts a light, facetious tone. "A woman once said to me," he tells the story, "I love baseball, Mr. Ball. I love especially to watch the man at the bat. It is so cute, too, the way he keeps hitting the ground gently with the bat's end. Why does he do that, though?" "Well, you see, madam," I said, "the worms have an annoying habit of coming up to see who's batting, and that naturally puts a man out a bit; so he just taps them on the *head lightly*, and down they go." —Christian Work and Evagelist.

TERRY McGOVERN ALL IN.

Hot Springs, Ark., Feb. 16.—"Terrible" Terry McGovern, in his day the greatest of all little fighters, is all in. McGovern is here critically ill and is confined to his room in a local hotel, where he was wheeled on his arrival in an invalid chair. No one is allowed to see McGovern, and John Cullen, a cousin, who has him in charge, refuses to name his ailment.

## KING EDWARD SANITARIUM

### B. C. Anti-Tuberculosis Society Has Decided Upon a Name

That the Sanitarium at Tranquille shall be named the King Edward sanitarium, in recognition of the late sovereign's interest in the fight waged against tuberculosis, was decided upon last Friday evening at the annual meeting of the board of directors of the British Columbia Anti-Tuberculosis society, held in the city hall, Victoria.

Officers were elected as follows: Hon. president, James Dunsmuir; president, A. C. Flumerfelt; vice-presidents, R. Marpole, J. S. C. Fraser and A. J. Galletly; treasurer, G. A. Kirk; secretary, Dr. C. J. Fagan; auditor, J. A. Anderson; solicitor, Hon. D. M. Eberts, K. C.; medical superintendent, Dr. C. H. Vrooman; board of directors, Dr. A. P. Proctor, Dr. F. T. Underhill, Dr. R. E. Walker, Rev. W. L. Clay, L. B. Taylor, A. S. Barton, A. J. Dallain, J. A. Mara, A. E. Planta, W. R. Megaw, J. T. McNayle, T. Kilpatrick and W. C. Morseby. The society remains under the patronage of the king, the governor-general and the lieutenant-governor.

FEBRUARY ROD AND GUN.

Some of the many joys of the Canadian winter form the predominating feature of the February issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ont. A snowshoe tramp is not only enjoyable but likewise health-giving and as a recreation cannot be surpassed. When such a tramp can be taken in the winter woods, which have charms and glories all their own, the fascinations of the outing are unequalled, and he who has failed to indulge in such pastime has missed much that goes to make life worth living.

Have you tried briquettes yet in your cook stove or open fire place? The Revelstoke General Agencies, Ltd., have them always for sale.

HEAVY DRINKER CURED

Samaria Cured Him, and He Helps Others

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

The Samaria Remedy Co., Toronto Ont.:

"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lilywhite, Brigden, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co., Dept. 46-49, Colborne St., Toronto, Canada. Also for Sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

## Church and Insurance

Montreal, Feb. 13.—Clergymen from all over the country turned towards Montreal this week when the annual meeting of the diocese opened its fifty-second session. In the routine of business which was discussed there is one of particular importance to all churches of the English faith, although if carried out, it will be somewhat of a blow to the business community. It is a motion presented to the synod by Mr. J. M. Fisk, suggesting that the church undertake its own fire insurance. The motion reads: "That this synod, recognizing the advantage that would accrue to the various parishes of the Church of England in Canada, by *forming a mutual fire insurance* union, to co-operate in carrying the risk on all church property, such as cathedrals, churches, rectories, parsonages and their outbuildings, colleges, church schools, halls, etc., throughout the various dioceses of the Dominion of Canada (or such dioceses as may desire such union) recommend and authorizes its delegates to the General Synod to bring the subject before that body at their next meeting, with the view of forming such a union."

## Veto Bill Monday

London, Feb. 13.—Premier Asquith announced in the House of Commons today that he would introduce the Government veto bill next Monday.

As evidence of the Government's intention to force this measure through whip, stated in a speech at Edin- John W. Gulland, Scottish Liberal burg this afternoon that he was busy just now compiling a list of men who would accept peerage with the object of passing the veto bill in the upper chamber in the event of the Conservative peers proving recalcitrant.

## Property for Sale

Edson, the Calgary of the Grand Trunk Pacific, the last prairie division point and the best; the time to invest in a new town is right at the start; by purchasing lots at Edson now for $25 each, on easy terms, you are getting in absolutely on the ground floor and will double your money three and four times over in a few years. Full particulars from The Edson Point Co., 608 McIntyre Block, Winnipeg. 2w.

ABOUT THE HOUSE.

Dates stuffed with marshmallows, arranged in a circle upon a dessert platter and served with whipped cream, make another nice dessert.

To prevent baked potatoes from becoming soggy, break the skins upon taking them from the oven. This gives the steam a chance to escape.

Dates cut up and covered with cream make a simple but delicious dessert. Pile it lightly into a crystal dish and serve with a white walnut cake.

Pecan sandwiches always win popularity. Cut slices of graham or rye bread, butter, lay on halves of shelled pecan nuts, salt slightly and serve.

If you tie the knot in the end of the thread just broken from the spool and run the other end through the eye of the needle, the thread will never kink in sewing.

If a Brussels rug persists in rolling up at the edges it should be turned over and a good coat of glue applied. Let it dry before turning, and there will not be any more trouble.

# THE BISHOP'S CHARGE TO SYNOD OF KOOTENAY

Brethren:—By the Grace of God who has called me to this office of Bishop in His church, and in accordance with the provisions of the Canons of this Diocese of Kootenay, I address you today as President of this Synod and Administrator of this Diocese.

My first thought finds its most fitting expression in the words, of the Collect "Grant to us, Lord we beseech Thee, the Spirit to think and to do always such things as be rightful." That we continue in earnest prayer for God's guidance in this great work of establishing His Kingdom on earth and in the hearts of our fellowmen; and that our prayers be followed up by honest faithful work in our Master's service doing our work in this world of workers in our two-fold relations, firstly as individuals and secondly in our corporate capacity as a part of the Family of God, the Catholic Church. . . this is the first consideration I place before you today. And this leads, naturally to the other great principle which makes our common prayer and common work possible, viz, Love for God and for our fellows is that which will bring into our lives and work a sympathy for others, a mutual harmoniousness, that is so greata necessity in all common action, and is particularly to be desired by us at this new era in our Diocesan history.

Many and important events have occurred since the last meeting together of the members of this body, a great King, Edward the Peacemaker has finished his course and his son our beloved King George has succeeded to the Throne of his father. His training and sentiments one may safely say have been Imperial in their character wonderfully fitting him for the arduous tasks with which he is confronted. The advancement and developments in this Kootenay Country, in increased settlement, in fruit farming, and the increased knowledge of its scenic grandeur which is attracting holiday seekers from all parts o the world; these are so many calls for the Church to be up and doing and to meet these added requirements with strenuous endeavor.

Two Bishops have occupied this position of leadership to which I have succeeded and since your last meeting the second Bishop of New Westminster, Dr. Dart, has been taken to his rest. His scholarship, his devotion to duty and his deep piety are characteristics which impressed themselves upon those with whom he came in contact. He did his work during increasing years and with a none too vigorous physique with all his might. After days of labors abundant of planting and watering he rests from his labors. As the third Bishop of this Diocese of New Westminster I ask for your prayers as I pray constantly for you; I ask for your sympathetic co-operation in our common work in this rapidly developing Diocese, as you may always count on my most energetic support in all your rightful efforts; and "I pray that your love may abound yet more and more in knowledge and in all judgment."

FORMATION OF A NEW PROVINCE

On the day immediately following my Consecration last July, a meeting was held in St. Paul's school house of the Bishops of the Province and representatives nominated by them, to consider the question of the formation of an Ecclastical Province west of the mountains. This meeting was the outcome of the Conference of Clergy and Laity held in Victoria the preceeding year, when the advisibility of such a Province was discussed. The draft Constitution, amended in some minor particulars by the Synod of Columbia, was the result of our deliberations, and is printed on the notice paper for your consideration.

THE COLLEGE QUESTION.

On the afternoon of that same day, July 26th, the three Bishops of the Diocese in B. C. met in the same place to discuss a problem which, in its far reaching effects, and in the many difficulties which a satisfactory solution presents, is the greatest that has presented itself thus far in my official life. I refer to the "Theological College" question. We were able to accomplish something in the way of unification of the efforts being made for Theological Education at that meeting.

We realised the difficulties, but the great advantages that would accrue from having one Anglican College for B. C. rather than two we never lost sight of. After much correspondence many interviews and a second conference on the 28th and 29th of November a plan for the Anglican College of B. C. was adopted and signed by the three Bishops, which I submit herewith to this Synod. Very recently, in fact just a day preceding the Synod meetingin Vancouver last week I received from England certain resolutions with a memorandum appended, referring to this question which in due course will be presented to you. The question is of so complex a nature and presents so many difficulties that I sincerely hope this Synod will appoint a strong committee in accordance with our request, giving to that committee the power to act in conjunction with similar committees appointed by the other Dioceses, so that our recommendations may be carried into effect. The result of our labors are embodied in the following:—

Plan For Theological Education in the Church of England in the Province of British Columbia.

There shall be an Anglican Theological College of British Columbia with a Board of Governors, consisting of the Bishops of the several Dioceses of the Province, the Heads of the Halls hereinafter to be mentioned, ex-officio, and three lay and three clerical members representing each Diocese in the Province elected in such a manner as the several Dioceses may determine. Vacancies among the elected members of this Board of Governors shall be filled by the respective Bishops till the next meeting of the Synod of the Diocese.

The Duties of this Board of Governors shall be:—

A. Represent the Church in all negotiations with the Government or other outside bodies.

B. Divide the site allotted to the Church by the University into four equal parts, two of which the Board shall retain for common purposes and one part shall be granted on terms to be agreed upon to each of the two Halls, St. Marks Bishop Latimer.

C. Erect on the common site buildings which may be used in common e.g. Library, Lecture Hall (containing lecture rooms) and Convocation Hall.

D. Appoint Professors in Old Testament and Apologetics.

E. Appoint Examiners in alternative text-books.

F. Issue all Diplomas.

G. Use Pan Anglican Grant, the portion of the British Columbia church Aid Society Fund received subsequent to June the 22rd, 1910, to be devoted to Theological Education in the Province and all other funds raised for the General Theological Education in the Province for the Endowment of the common chairs and the maintenance and erection of common buildings.

H. Use the Theological Education Funds of the several dioceses for common purposes, or divide them between the two Halls either equally or in proportion to the nember of students in the respective Halls.

A. There shall be two Halls, St. Marks and Bishop Latimer, with residences and attached to each a staff to teach the subjects not mentioned above as provided for by the Board of Governors.

B. Each Hall shall be governed by it's own independent council as may be decided upon by the individual Hall.

C. Students of both Halls shall register in the Anglican Theological College of British Columbia, and shall be members of the general student body with all the privileges offered by the General Board.

D. Each Hall shall erect its own buildings, collect its own funds in addition to the amounts allotted as above by the Board of Governors and employ its own teaching staff.

(Signed)
W. W. Columbia.
F. H. Caledonia.
A. U. New Westminster.

November 29th, 1910.

ORDINATIONS

On the second Sunday in Advent, I ordained to the Diaconate, William Ellerd McCamm of Montreal Diocesan College and a graduate of McGill University and licensed him as Locum Tenens at Golden; and at the request of Archdeacon Beer, the Rev. Geo. Stewart was ordained Priest by the Bishop of Columbia last summer.

CONFIRMATIONS

During September and October of last year I had a most interesting tour through the Diocese, completing an itinerary prepared for me by Archdeacon Beer. I confirmed those presented by the Incumbent at the following places:—Kaslo, Nelson (private,) Greenwood, Grank Forks, Nakusp, Revelstoke, Golden, Vernon, Salmon Arm, Grand Prairie. And at Grand Prairie, in company with Rev. G. Stewart, I consecrated the burial ground and the church, the only building in the valley used for Christian worship. And during January, of this year, I managed to reach Fernie through the snow drifts and confirm a class presented by the Rector there,

I had the pleasure of consecrating St. George's church, Rossland, a memorial to the late Rev. Henry Irwin on the 10th of October last, and on the 22nd of January, officiated at the dedication of the new church in Fernie. Both of these buildings are most creditable and architecturally correct. The church at Fernie is the third built in twelve years and by the solidity of the structure and the provision made for the enlargement by the addition of a chancel it impresses one as a most desirable undertaking.

CHANGES IN THE CLERGY LIST.

Several changes have occurred in the clergy list since your last meeting, I will refer however at this time to those only which have been made since my Consecration. The Rev. M. H. Winter has resigned the Parish of Salmon Arm and has accepted work in Prince Edward Island. The Rev. M. F. Hilton has come from England to Greenwood. I cannot speak too highly of the work he is undertaking and carrying out so successfully under rather difficult circumstances. The Rev. C. F. Yates has been given six months leave of absence from Golden, his place being supplied by the Rev. W. E. McCann, previously referred to. The Rev. F. V. Venables who last spring resigned Greenwood Parish has been given a Parish in New Westminster Diocese. Rev. Williams from Qu'Appelle Diocese is temporarily in charge of New Denver with Slocan City.

NEW PARISHES.

The Rev. Owen Bulkely has developed four or five small congregations along the Okanagan lake and at Okanagan Centre is building a new church, the corner stone of which I had the pleasure of laying last October. The Rev. S. Phillimore is doing a most magnificent work in his extensive parish from Arrowhead one hundred miles south along the Arrow lakes. The Diocese is deeply indebted to the generous friends in England whose gifts have made possible the accomplishment of so much and so widely scattered an undertakings. I had the pleasure of setting apart as Lay Reader, Dr, Heaton, whose knowledge of the local conditions makes his help very valuable to Mr. Phillimore. Mr. A. P. Durrant, a graduate student from Lennoxville College is undertaking the new Parish of Bonnington Falls, adjacent to Nelson.

At Chase, a new town on the main line of the C.P.R., Mr. G. Stewart has started a service and the prospects are so promising that it may necessitate the division of his present Parish, altogether too large, and the placing of another man there

In the Parish of Vernon the new Rector, Rev. Despard, is undertaking new work at Lumby where a new stone church is to be built in the near future. I have licensed Mr. Lumbstocks as Lay Reader under the guidance and direction of the Rector of Vernon.

In company with Rev. H. Steele, Rural Dean of the district, I made a fairly careful survey of the needs and conditions of th Rock Creek district of Phoenix and the adjacent country. Our day's drive preceded by a celebration in the early morning at the house of our host in the Rock Creek Valley, I shall long remember. Driving all day and calling at almost every house that we came to, baptising a child, visiting two schools, trying to locate the site for a new church, these are a few of the incidents that marked a most interesting and profitable day. I cannot speak too highly of the work being done by Mr. Steele in the way of supervising and preparing for further developments both in the Rock Creek district and at Phoenix and at the Fyfe Mines. At this latter place a lot has been secured upon which it is hoped a new church may be erected to serve as a centre for the many who frequent that watering place in the summer season as well as for the permanent residents. At Phoenix Mr. Steele reports having held several services in the church which he has had cleaned and renovated and the Sunday school is established, and I hope ere long to have a resident Priest in charge.

It is pleasing to report that efforts are being made towards the building of a new church at Cranbrook. The church property in that city is very valuable and well located. If some assistance can be given by our English friends, I feel sure the new church can be built in the near future.

Unfortunately, through lack of time I have been unable to visit the Kelowna district, so far; but Mr. Green is rapidly developing the work which is under his charge, having completed the new church and claiming the grant which frees it from debt, and I hope to have the pleasure this summer of a personal inspection and visitation in that most beautiful and richest part of the Diocese. At Summerland, the Rector reports that his Parish is ready for division; his energy and ability have made possibly the formation of the outlying missions into another Parish, with possibly Peachland as the centre. At Penticton, Rev. Mr. Cleland, besides attending to his own Parish is rendering valuable aid to the Diocese by giving occasional services at Keremeos. Here, and along th line of the new railway being built from Midway to Princeton we ought soon to have another man at work.

REV. JOCELYN PERKIN'S VISIT.

The visit to B. C. of the indefatigable and energetic Secretary of our Association in England, the Rev. Canon Perkins, was an event in the church life of the Province that cannot but be productive of the most beneficia results, both to us and to our friends and fellow-workers at home. His vivid word pictures of events and places of note in the history of the church and nation, his ability to teach the true principles for which the church stands and to illustrate his points by the most excellent pictures one has ever seen thrown upon a screen, his unflagging energy, his genuineness, his broad sympathy, these are but a few of the qualities that the short visit we had with him revealed. He will have, because of his visit, a knowledge of local conditions, that no amount of correspondence could obtain, and he is using that knowledge on every possible occasion to interest those at home in our endeavors here. Our great regret in connection with his visit, is that it was all too short, and that more efficient preparatory work had not been done before his arrival. On his next visit which we hope will not be long delayed, we promise him a most hearty welcome, with many friends to greet him.

COMMENDATORY LETTERS

I have received a communication from one of the Chaplains of the Archbishop of Canterbury asking that we co-operate with the clergy in England and the Emmigrant Chaplains, in their endeavors to follow up to their new homes the many emmigrants settling in our Province. I am sure that the clergy will do every thing in their power by paying careful attention to communications received and by looking up as soon as possible new arrivals, to keep as loyal members of the church of their Fathers those who come to us from the Old Home Land.

The thanks of the Synod are due to the Bishop of Calgary for his labors and great kindness in taking confirmations at many places during the vacancy of the See caused by the death of the late Diocesan.

There are two directions in which I ask for your earnest co-operation in the immediate future, 1st—We must endeavor, more and more to support the work of the church in this Diocese ourselves. There are many claims both on the M.S.C.C., and on our English Societies for assistance. We must endeavor to become self supporting just as soon as possible. We cannot expect to accomplish this object at once but not only does Heaven help those who help themselves but men also are more willing to give assistance when those applying for it show by their works that they are not trying to leave wholly to others that which they can themselves aid in accomplishing. 2nd—And the greatest work and the one which it seems to me calls for our first attention as a Diocese, is the completion of the Bishopric Endowment Fund, so that just as soon as possible Kootenay may have a Bishop of its own. The rapid growth of the towns and country districts to which I have before referred makes the oversight of the Bishop most necessary. I will do all in my power during my approaching visit to England to accomplish this onject.

In this connection I wish to express my appreciation of the services reodered to the Diocese and to me personally by the Ven. Archdeacon Beer. His intimate knowledge of the history and present condition of the Parishes, combined with his zeal and untiring energy has made possible the accomplishment of much that would otherwise emain undone. He is certainly carrying out the purposes for which an Archdeacon has a place in our Diocesan work, and is a true oculus Episcopi.

When this Diocese was set apart, my predecessor considered the city of Nelson as most suitable for the See city and the church of St. Saviours as the Cathedral church for the new Diocese. I have expressed to the Rector of Nelson a similar opinion and would commend most heartily the work which he is undertaking in the erection of the Chancel of that church as a Memorial to the late Bishop.

GENERAL SYNOD.

After very careful consideration the committee appointed to decide as to the place of meeting of the General Synod this Autumn has decided that London, Ont., and not Vancouver, would have that honor this time. We hope, however, that Vancouver will be the meeting place of that body in the near future.

And now Brethren may our labors at this Synod thus begun be continued harmoniously and expeditiously, and may they redound to the Glory of our Father which art in Heaven.

is one of the best investments a farmer can possibly make. The trifling additional sum you pay for NEPONSET Roofings is made up many times over in the additional protection to your building, freedom from repair bills, fire risks and all roofing troubles.

NEPONSET PAROID ROOFING

The United States Government, all the leading railroads, many of the largest manufacturing industries and thousands of planters and farmers have used NEPONSET Paroid Roofing for years. The record of NEPONSET Roofings is the strongest argument for their use.

Talk with a man who has used NEPONSET Paroid Roofing and get the story first hand. Our dealer can give you the name of such a man in your own locality. There are different NEPONSET Roofings for different types of buildings, and NEPONSET Waterproof Building Papers for every purpose.

## THE CITY IN BRIEF

Mrs. Purvis will not receive on Wednesday, Feb. 22nd.

Don't forget the Shirt Waist Dance under the auspices of Ladies' Auxiliary to the B. of L. E., on February 24th.

The city of Cranbrook, B. C., is submitting a bylaw for $100,000 for the purpose of installing and constructing a sewerage system.

See Chas. M. Field about the subdivision touching Port Mann, the Gazetted Pacific terminus of the Canadian Northern Railway t.c.

Rev. T. V. Harrison and Mr. J. E. Porritt, of Kaslo, B. C., were the guests of Mr. and Mrs. J. J. Woodland during the Synod session this week.

All lots in Revelstoke, Vancouver, Victoria and New Westminster cities, and in Port Mann sub-division, for sale by Chas. M. Field, have been personally inspected by him. t.c.

The official appointments of Wm. Fleming and James Donald as commissioners for taking affidavits in the Supreme Court are gazetted in the B. C. Gazette of this week.

The Rev. A. B. N. Despard, rector of Vernon, who has been the guest of Mr. and Mrs. H. Cunningham Morris during the sitting of the Synod this week, left for Vernon yesterday.

John Thompson, of Cumberland, B. C., Grand Chancellor of Knights of Pythias for British Columbia, will pay his official visit to Gold Range Lodge No. 26, Wednesday, February 22nd.

A party of about twenty-five young people of the city indulged in a sleigh ride on Wednesday night which terminated in dancing, cards and luncheon at the home of Mr. and Mrs. H. F. Hay.

## Bews' Drug Store

TALLY CARDS (many styles)

INVITATION CARDS

SCORE PADS

**Bews' Drug Store**

(Next Hume Block)

Mr. and Mrs. Sherwin, the colored singers and entertainers will be at the Edison theatre Tuesday night. They will assist in the program of moving pictures.

Mr. and Mrs. L. T. Morris, of Notch Hill, were visitors in the city yesterday the guests of Mr. and Mrs. H. Cunningham Morris, en route for Lake Shuswap after an extended visit to his parents Col. Sir William Morris, K.C.M.G. C.B., R.E. and Lady Morris in England.

His Lordship the Bishop of New Westminster held a service on Confirmation in St. Peter's church on Thursday evening. Two candidates presented themselves, Miss Bertha Daniels and Miss Mabel Henderson. An impressive address was given by the Bishop, the church was well filled with visitors as well as residents.

Mr. G. A. Evans, captain of the Boys' Brigade here, has been notified that the local brigade has been registered and gazetted at the headquarters of the organization in Glasgow, Scotland. Another batch of uniforms is expected along in a few days for those boys enrolled who have none. The executive propose putting on a concert in the near future.

The high school students to the number of about twenty-five, together with the two teachers of the school, last night donned their snow shoes and took a delightful tramp over the hills, after which they were most hospitably entertained at the home of Mr. and Mrs. F.Fraser. After luncheon dancing occupied the attention of the young people and a most enjoyable time was spent.

On Wednesday night of this week, quite a large number of the members of the Revelstoke Snowshoe Club enjoyed a tramp over the mountains, the feature of which was a number of exciting and daring slides. After the tramp some of the members, on invitation of Mrs. Kilpatrick, were entertained at her home to refreshments, music and dancing. Mr. and Mrs. Kilpatrick proved delightful host and hostess and a most enjoyable time was had. On Thursday night another tramp was indulged in by the club and the Y.M.C.A. club also had another of their tramps the same night.

Moving Pictures tonight.

Mr. B. A. Cunliffe, secretary and organizer of the B. C. Conservative association, was in the city on Thursday this weekcalling on the faithful. On Wednesdy evening under the direction of Mr. Cunliffe a new association was formed in Chase district with a full complement of officers and a membership of about seventy-five. Representatives were present from each part of the district.

A very excellent program of film pictures is on tonight at the Edison theatre including the recent fight between anarchists and the London police in which so much bloodshed occurred, which runs in Pathe's Gazette No. 91. Also a beautifully staged Selig picture entitled "The Christian Martyr." These two pictures are worth the price of admission alone, not taking into consideration the several other subjects dealt with.

Owing to the inability of the Y.M.C.A. officers to secure the necessary speakers for their banquet on Tuesday night next, the affair has been postponed to a date which will be announced in future issues of this paper. It was expected that these speakers would have been secured for the opening of the new Y.M.C.A. building at Cranbrook, and from that place they could be had for the banquet here. Cranbrook opening, however, being postponed, it has necessitated a postponement here. Purchasers of tickets will therefore kindly hold these for the postponed date.

Between eighty and a hundred couples attended the shirt waist dance of the Daughters of Rebekah Lodge No. 21, I.O.O.F., in Selkirk Hall last night, and taking it from every point of view the affair was very successful. The ladies of the lodge are to be congratulated on the excellent decorations in the hall, the supper served and the condition of the floor. Dancing commenced at about 9:30, which was punctuated at midnight by a short intermission for supper. After that dancing was again resumed and kept up till well on towards morning. The music furnished was well suited to the occasion.

## GRAND ORANGE LODGE MEETS HERE NEXT YEAR

### Organization Thinks Reciprocity Negotiation between Canada and U. S. should be Deferred

At the Provincial Grand Orange Lodge held in Victoria on Wednesday this week, it was decided that Revelstoke be the place of meeting next year. Jas. J. Armstrong, of this city was elected Grand Director of Ceremonies, and Rev. H.P. Thorpe one of the deputy grand chaplains. At the morning session on Thursday the standing committees presented their report and considerable business was transacted. Mr. J. H. Whitely, provincial organizer, was re-engaged and given an increase in salary. The provincial secretary, Mr. Wm. H. Brett, also had his salary increased. A set of bylaws for the Grand Lodge was adopted.

A resolution was passed regarding the reciprocity question as follows:—"That in the judgment of this provincial Grand Lodge, the highest interests of the British Empire, including Canada as a most important factor thereof, are seriously menaced by the proposed reciprocity treaty between Canada and the United States; and that until preferential trade with the Empire is established, negotiations looking toward reciprocity trade between Canada and the United States should be deferred."

## ANNEXATION VOTED DOWN

### U. S. Committee on Affairs Decides Against Resolution

Washington, Feb. 17.—A special to the Toronto Telegram this morning says:

"The explanation of the Bennet bill calling for annexation of Canada, seems to be this: When Champ Clark declared for the reciprocity bill as a means of annexing Canada, expressing what is, and has been, for years, his fixed hope and belief, he showed the stand-pat Republicans how they could have beaten the Taft agreement. Clark's declaration so scared the reciprocity Republicans from President Taft downward, that the stand-patters woke to a realization that a powerful weapon had lain ready to their hands. It was too late. But when Taft, Knox and company began to raise their hands, palms outward, and solemnly assure the world that nothing had been further from their thoughts than annexation, the opportunity came back. Annexation could be made an issue. And Bennet had proceeded to make it one. The bill will in all probability get no further than its present stage."

Washington, Feb. 17.—To offset the Canadian annexation talk which the administration feared might affect the reciprocity agreement, the house committee on foreign affairs by a vote of 9 to 1, reported adversely on the resolutions introduced yesterday by Representative Bennet of New York for the opening of negotiations with Great Britain looking to the annexation of Canada.

## Down With the Scotties!

Dave Rae, not in the least discouraged over his defeat for the Equitable cup by the Hamilton rink, has gathered together a meeting of the clans and picked out a Scotch rink that he will put up next week against any rink composed of any one nationality, be it Irish, Scotch, English, Swedish, Dutch, Hottentots or any other nationality. This should set the other nationalities on their mettle and create a regular international bonspiel for next week. It is in reality a challenge to the world, so if you think you have a rink that can down the Scotties at their own game, get into communication with Dave Rae.

## Will Tax Churches

Mayor Lee of New Westminster, has brought before his council the question of the exemption of church lands from taxation, a policy which has been in vogue in the city for several years. Mr. Lee states the action is illegal according to provincial legislation, except as it refers to buildings. In view of the strong feeling noted in the recent Vancouver plebiscite against the exemption of church lands, the Royal City council will probably this year abandon the practice.

## YELLOW PERIL REAL ON PACIFIC COAST

### Fred. Villiers, English War Correspondent says Dinkey Jap War Boat Could Dictate Terms

Fort William, Ont., Feb. 17.— The Yellow Peril in Canada was treated in a sensational manner before the Canadian Club here by Frederick Villiers, the famous English war correspondent. Although he veiled his allusions to the danger of the Japanese invasion of the Pacific coast in the opening phrases of his speech, later he warmed to his subject and became open in his declarations of the imminent risk of the Japanese control in British Columbia.

If Canada was prepared to reject Japanese immigrants, she should be ready to back up her refusal and she should be in a position to repel them if they persisted in coming. The solution of the problem lay in the organization of a universal militia service fashioned after the boy scouts among the men of the west. The newspaperman dwelt on the value of preparedness. As an instance of Canada's laxity in this respect, Mr. Villiers declared that when in Vancouver a year ago, it was plain to see that a dinky Japanese gunboat could have dictated terms to the mayor and the banks of the city, and to back up such a move the Japanese could land 100,000 trained troops in a month.

Alluding to the treatment of this subject in the United States, the speaker said it was felt on the southern slopes of the Pacific that war with Japan was ultimately unavoidable and the United States could not mobilize or maintain 30,000 or 40,000 troops on the Pacific coast. It was not sufficient therefore, that the United States should point to a militia organization as keen as any in the world, but should be ready to call upon a force equal, man for man for that which Japan could throw in to the field.

Mr. Villiers concluded his speech with a eulogy of the new governor-general, the Duke of Connaught.

Mr. Fisher, premier of Australia, in an interview recently, said the arrival of thousands of Japanese at Naoumea was a matter of grave importance to Australia, owing to danger of New Caledonia being made an intermediate settlement ground for hordes of Japanese, with Australia as their final destination. Naoumea correspondents state that the arrival of the first shipment of Japanese is causing disturbances. The bringing of Japanese was arranged in France.

## Colored Singers Next Week

It is expected that towards the middle of next week Mr. and Mrs. Sherwin, the celebrated colored singers and comedians will be at the Edison theatre for two nights. They will put on a vaudeville stunt between films for the benefit of the patrons of the theatre. This will not of course curtail the regular moving picture program, which will be the same at at any other time, but will be an addition to the program. No extra charge will be made.

## Bowling Schedule

The bowling schedule for the second part of the Y.M.C.A. has been made out as follows:

Feb. 20, Y.M.C.A. vs. Dent's.
Feb. 22, C.P.R. vs. Businessmen.
Feb. 24, J.B.C. vs. Y.M.C.A.
Feb. 27, Corley's vs. C.P.R.
March 1, J.B.C. vs. Businessmen
March 3, Dent's vs. Corley's.
March 6, C.P.R. vs. Y.M.C.A.
March 8, Businessmen vs. Dent's.
March 10, J.B.C. vs. Corley's.
March 13, C.P.R. vs. Businessmen.
March 15, Y.M.C.A. vs. J.B.C.
March 17, Businessmen vs. Corley's
March 20, Dent's vs. C.P.R.
March 22, Y.M.C.A. vs. Corley's.
March 24, J.B.C. vs. Dent's.
March 27, Businessmen vs. Y.M.C.A
March 29, J.B.C. vs. C.P.R.
