EXECUTION POSTPONED

Crippen Allowed 15 days Grace---Wife Said to be Alive

London, Nov. 8.—The execution of Dr. H. H. Crippen, murderer of his wife, was postponed indefinitely today. The order of postponement indicated that Crippen would be brought to the gallows on Nov. 22. Crippen originally was sentenced to be hanged on Nov. 8 at Bentonville prison.

The general belief here is that the postponement is in accordance with an ancient custom that gives a condemned man two Sundays between the dates of his final hearing and execution. Crippen was overjoyed when he heard of the postponement, saying:

"I believe that something yet will intervene to prove my innocence."

Philadelphia, Nov. 8.—Belle Elmore Crippen is said to be alive in this country, by Francis Tracy Tobin, a lawyer of this city, in an interview with the Philadelphia Press today. Mr. Tobin declares he has received letters from those living who have seen her, and says he knows that "she is living, and is hiding in this country not far from Chicago."

The case will probably be taken up again with the American secretary of state and an endeavor to persuade the home secretary to commute the sentence pending investigation.

Court of Revision

The court of revision was held at the court house on Nov. 7, some 475 names being struck off the lists of the riding, which was badly in need of being cleared up.

The Conservative interests were looked after by Lawyer Gillan, Police Magistrate Foster, Fire Warden McLean and Messrs. Trimble, Clay and Fleming.

The Liberal interests were in the hands of Lawyer Briggs, Messrs. Macdonald, Stewart and Kellie, and the Socialists interest by H. N. Coursier.

Registrar Edwards acted very fair in his decisions, there being no cause for delays.

Winter Poultry Show

The Revelstoke Poultry Association are putting forth every effort to make their winter show the best in *the interior of the province. They* are working nights making coops and are trying to make everything pay for itself as much as possible. They are not asking for any donations but would like all the business people to take advertising space in their prize list, thereby making their adventure a success and at the same time put Revelstoke where it belongs as a poultry centre. The committee will call on every one in a few days with the hope of receiving their patronage in prize list advertising.

Conservative Convention Delegates

The following delegates from the Revelstoke district will attend the Conservative convention at Nelson on Monday, Nov. 17th:

T. W. Bain, C. M. Field, W. Fleming, P. Hooley, H. McSorley, A. E. Kincaid.

Alternatives—T. Wadman, T. Long, E. Trimble, B. R. Blacklock.

South country—W. Reid, Arrowhead; W. C. Rennie, Comaplix; John Shaw, Galena Bay; J. Day, Hall's Landing.

Will Cost a Million

The appointment of 225 census commissioners will be begun very shortly by the government. One will be chosen for each electoral district of the country and recommendations are now being considered. The commissioners will get a lump sum of expenses in proportion to the size of the constituency and a stated sum per head of the population. It is estimated that the cost of taking and compiling the census will amount to $1,000,000. A hundred and fifty extra clerks will be engaged for the compilation.

Murder or Suicide?

A great deal of mystery seems to attach to the case of an Italian whose body was found lying near the C. P. R. track a few miles out of Mission Junction yesterday morning. The man had been shot in the mouth and a discharged revolver and a pen-knife were lying by his side. The man's name does not appear to be known, but it is evident that it is a case either of murder or suicide. The body was taken to Mission, where an inquest was held yesterday afternoon.

Moving pictures tonight.

Bye Election in Yale

Victoria, Nov. 9.—The old glories of Esquimalt as the last naval outpost of the empire were reincarnated on Monday when His Majesty's Canadian ship Rainbow dropped anchor in the historic port. The cruiser marked the birth of the new Canadian navy on the shores of the Pacific

An even more important event in the formation of the new Dominion navy took place today, when the admiralty naval base at Esquimalt will be officially handed over to the Dominion government.

Home Rule Question

London, Nov. 8.—A further step has been taken in the direction of "home rule all round," now the leading issue in British politics. It is announced that the government will take measures to bring the whole question before the country. Whether the method adopted will be the usual one of a general election, is not asyet clear, but no doubt now remains that the Liberal party in future will adopt federation of the United Kingdom as its principal plank.

H.M.C.S. Rainbow Arrives

Victoria, B. C., Nov. 8.—It is understood that Hon. R. McBride, the premier, will transmit to Speaker Eberts his resignation of the Yale seat, to which he was elected with a very large majority over Mr. Stuart Henderson at the general election on the 26th of November last.

The date of the nomination and of the election will be made public during the course of the present week. It may be predicted that the choice of the electors of Yale will be made known before the close of the month

Reciprocity Moves Slow

Ottawa, Nov. 8.—The reciprocity negotiations are proceeding at a pace that is not suggestive of any intention to rush the proceedings to a conclusion. The second conference between the Canadian ministers of finance and customs and the U.S. representatives, Messrs. Pepper and Hoyt, and the consul-general, Mr. Foster, took place this afternoon in room 10 of the senate house.

The deliberations were not protracted, the conference lasting less than an hour. Neither side would make any communication as to the nature of the proceedings.

Evasive answers were all that the questions of the press representatives succeeded in eliciting from the ministers. After the conference Hon Messrs. Fielding and Patterson attended a cabinet council.

Up to Date Newspapers

Two fines of $1,000 each, and one of $500 have been inflicted upon staid London newspapers for contempt of court, in publishing sensational news in connection with the Crippen case. If some of the New York yellow journals were within the jurisdiction of Lord Alkerstone it would cost them about a million dollars a day to be "bright and up to date."

Need of University

Victoria, Nov. 8.—Enquiries made by the minister of education with reference to higher education in the province show that there are this year ninety-two students from British Columbia at McGill University, Montreal. The registrar of Toronto University writes that during the academic year 1907-08 there were 56 such students at that institution. He states that the number this year is less although he is unable to give the exact figures. When it is further remembered that three years of a university course may now be obtained at Vancouver, and two years at Victoria, it will be seen that there promises to be no lack of students for the new university as soon as it gets going.

Strike Imminent

Chicago, Nov. 8.—A strike vote will be taken among the engineers of sixty-one roads west, southwest and north of Chicago, following the termination today of negotiations between the roads and the officers of *the Brotherhood of Locomotive Engineers.*

A wage increase of approximately seven per cent. and an alteration of working conditions stood between the negotiators.

Moving Pictures To-night

A first class programme of moving pictures will be shown at the Edison theatre tonight, including two good comedies, a splendid drama and two beautifully colored films.

Performance starts tonight at 8 o'clock sharp.

WELSH STRIKE SERIOUS

Troops Ordered to be Ready to Support Police

London, Nov. 8.—The situation in the South Wales coalfields, where 30-000 miners are on strike because of the employment of non-union men be came so desperate today that the local authorities spplied for the services of troops.

The government ordered the Eighteenth Hussars to be in readiness to support the police who thus far have had the worst of it in their conflicts with the striking miners.

Dew Gets a Tip

London, Nov 8.—After the court of appeals had denied Dr. H. H. Crippen a new trial Saturday, Inspector Walter Dew of Scotland Yard, resigned from his police work to take a private position. It is believed that Dew's resignation followed a tip from his superiors that maybe he would save himself a lot of embarrassment by leaving voluntarily.

As soon as parliament assembles it is generally believed that there will be a fierce attack on Scotland Yard for the apparent laxity it displayed in the Crippen case, which ended in the comedy of its chief inspector, Dew, taking a murderer's word of honor not to escape.

Bilingual Schools

The extraordinary volume of controversial matter being printed in the press of the country on the subject of bilingual schools in Ontario, arising out of the conversation of Bishop Fallon and Hon. Mr. Hanna, a memo of which was stolen and evidently maliciously published in Quebec, contains only an infinitesimal fraction of matter affecting the real question at issue. The people generally in Ontario take no great interest in the quarrel of coreligionists of the French-Canadian and the Irish-Canadian, wings of the Roman Catholic church. But in the question of the just and proper administration of the education law of the province there is a deep and vital interest.

Enlarging Factory

Owing to the large increase in the volume of business carried on by the Revelstoke Sash and Door Factory, the company have found it necessary to make considerable additions to their present premises and are now erecting a large building on the adjacent lots having access to the C. P. R. spur track down Campbell avenue on Third street. The new structure measures 40x66 and will consist of two stories, the lower being divided up into a spacious work shop filled with benches, lathes and small machinery, electric motor, etc A good sized glazing room, business office, lobby and stairway, and a dry kiln 30x40, which will be heated by a large boiler. On the second floor the whole space will be given over to storage, while a trolley way will lead out to the C. P. R. spur. The present factory is far too small for the business being done and with such a growing concern ample space for all branches of the concern is essential.

At the present time the factory is running overtime to cope with the orders received and the necessity for more space is badly felt, hence the decision of the company to enlarge their premises.

The new building will be well constructed and fitted with every appliance to handle all branches of the trade.

Men Make the Town

The following is an extract from a leader entitled "Growing Towns of Alberta," which appeared in the Calgary Herald. The knockers of Revelstoke should paste this in their hearts:

"It has been said more than once, and said quite wisely, that the men make the town, although it is undeniable that occasionally contiguity to some great waterway or a strategic situation may do much in the matter of development. Still it is individual enthusiasm supplemented by an enlightened civic enthusiasm that counts for nearly all the success of town building. Thata man's home town is the best in the world is a tremendous fact towards advancement. It is largely that shibboleth fostered and developed that has turned the prairie of a few years ago into a habitable home of ordered cities, such as the traveller sees who returns over his old camping grounds after a few years wandering in some other part of the dominion"

Moving Pictures to-night.

CONFIDENCE OF BANKERS

The confidence of conservative banking opinion with regard to Canadian business conditions is worth noting says Canadian Finance.

In a most practical way this has been shown by various increases in dividend rates. The party of American bankers who made a flying trip through the Canadian west, after attending their annual convention were frankly enthusiastic as to progress and outlook.

At the annual meeting of the Molsons Bank, the president, Mr. Wm. Molson Macpherson, stated that "encouraged by the indications of prosperity throughout the country, and the satisfactory business that the bank is enjoying, we feel we may reasonably anticipate an increase in our dividend from 10 p.c. to 11 p.c."

So long as capital pouring into Canada is in the main judiciously invested, an "adverse balance of trade is not a matter for worry." The returns earned by development of the country's resources can well take care of all legitimate "borrowing" from abroad. What is to be guarded against is over-zealous exploiting of speculative undertakings. The fact that British investors are more and more visiting Canada is a safeguard.

REAL ESTATE, LIFE, FIRE AND ACCIDENT INSURANCE

THE $32,000 BY-LAW.

The report of the engineers Smith, Kerry and Chase, on the new power dam, as published recently in our columns, has, as we thought it would, caused considerable controversy and aroused much feeling that such a serious difference between the actual cost of the work and the original estimates could have been allowed to exist. We admit that there is frequently a difference between real and estimated costs in nearly every form of work, but in this case the difference is ridiculous, and should never have been permitted. However, in spite of the fact that the whole thing has been unsatisfactory and that the feeling of the public has been by no means kindly toward the handling of the matter, although we are convinced that when finally completed the dam and the whole plant will be permanent and absolutely reliable, and a good investment generally for the ratepayers, yet there is no alternative left now but to vote the extra $32,000 required to complete the work, for unless this is done, the plant cannot be properly equipped and finished. It is a matter of "Hobson's choice" and all the public can do is to pass the bylaw and vote the money which the citycouncil will ask for.

All we would advise is that when asking for the money that it will be enough this time for every contingency to complete the whole work once and for all.

CRIMINAL APATHY.

In the itinerary and programme for the autumnal meetings of the Farmers' Institutes throughout B. C. under the auspices of the Government Agricultural Department, when a number of experts in specialties will lecture in various cities, Revelstoke has been completely left out and we claim that we have every bit as much right to be included in this programme as any other district. We strongly condemn, however, the apathy of the local farmers and fruit growers in allowing the Farmers' Institute and Fruit Growers Association of this city to die a natural death and it is little wonder that the Agricultural Department has given Revelstoke the go-by. Our people here claim that the surrounding district is as good as any in B. C. for agricultural purposes and yet they are absolutely indifferent and negligent as to allow any movement which tends to advertise our lands and to benefit those who are going in for fruit growing and agricultural work generally, to drop out of existence. What is the use of calling ourselves an agricultural district if no one bothers their head about gaining experience along that line; and how can we expect the government to help us if we do not help ourselves and look after our ownintereats with more enthusiasm and intelligence. Are we to sit back and advertise our lands for sale as being rich agricultural areas, and not do a hands turn to demonstrate what our soil can produce? None of us here are so enlightened as to be able to grow even an apple or a potato without being in sore need of advice and the department is not going to worry themselves over us unless we make at least some attempt at taking interest in our own progress.

Revelstoke's great failure is wild enthusiasm over a new idea, a few well attended meetings and then steady decay. Cannot our local fruit men get together and revive the association? Let them take a lesson from the Poultry Association (and we earnestly pray that they will survive and flourish and not go the way of all Revelstoke Associations) and show that the interest in fruit growing and agriculture is not quite dead. Such indifference and apathy over what will undoubtedly be a great future for Revelstoke, is almost criminal. ...

CONCEALED WEAPONS

The following from the Toronto Globe will be special interest in the west:

There is opportunity for a bit of real statesmanship on the part of some one at Ottawa, either in the Department of Justice or of Immigration, in dealing with the problem of the Italian and the knife. That immigration from Italy to Canada will continue on a large scale for many years is certain. The hardy and adventurous sons of Italy are excellent laborers, and in city paving railway building, and general contracting works many thousands of them will be absorbed.

They have one conspicvously bad habit—that of carrying weapons and using them in their quarrels. The custom of centuries is difficult to shake off. A couple of weeks in the steerage of an emigrant ship outward-bound from Naples or Genoa is not sufficient to make a Briton out of an Italian. When he lands in Canada he still carries his knife and he draws it as instinctively in a quarrel as an Englishman doubles up his fists. When hot blood and the ever-ready knife are combined murder follows with terrible frequency. We cannot change the Italian nature.The hot blood will remain for several generations, but we can teach the Italian that there is no occasion for the knife in Canada. We can also teach him that the law is supreme by taking the knife and the revolver from him. The government should appoint several officers of Italian ancestry, but sufficiently long in the country to have become good Canadians, whose duty it would be to go up and down the country talking against the knife carrying habit and enforcing their precepts by the disarmament of the men engaged on public works. The knowledge would very rapidly spread that in Canada the carrying of murderous weapons is a crime, and the Italians would more speedily adapt themselves to Canadian customs were they given to understand that any day an officer of their own race might come along and confiscate their weapons.

The prevention of even three or four murders a year would be well worth all the expenses involved in giving the system a trial. New York had very great trouble in dealing with her knife-using Sicilians and Neapolitans until groups of clever Italians were added to the police force. A similar small group of Italians charged with the duty of disarming their fellow countrymen in Canada and teaching them their duty toward the law would greatly lessen the terrible list of homicides and serious wounding among the Italian population.

Great Musical Success

The Vancouver Saturday Sunset, in eulogising the Ladies Welsh choir, says:

"The Ladies Welsh choir created a great stir in the breasts of their hearers by their singing at the Opera house last Tuesday evening. For the most part their choral selections were sung in the language of their native land, and this fact alone was a unique feature of the event. To hear the Welsh national airs sung by a body of well trained voices must have been stirring to the many Welsh men and women who attended in large numbers. Certain it was, judging by the enthusiasm manifested, that the audience whether Welsh or otherwise, enjoyed the concert as rendered by this worthy company.

The chorus of ladies, although not large, was perfectly trained and evenly balanced. Both in accompanied and unaccompanied numbers the one distinct feature of their singing was perfection as to detail of execution, and expression. The generous response to the numerous demands of their audience showed the bond of sympathy that existed between audience and performers, and the whole event was a surprise and pleasure to all who heard the choir sing."

The choir will give a high class concert at the Edison theatre on Saturday evening next. Seats are now on sale at Macdonald's drug store.

Evangelists Coming

Rev. Dr. William Patterson, accompanied by Proff W. W. Weaver, director of song, will hold evangelistic services in St. John's church from Nov. 13 to Nov. 27. After years of most acceptable service in Cooke's church, Toronto, and later in Bethel church, Phil., Dr. Patterson has been chosen as evangelist of the Presbyterian church in Canada. His long experience, natural eloquence and wholesome Christian character, eminently fit him for the work to which he has been called. To hear a man of his gifts is a rare opportunity for everyone and it is hoped the people of Revelstoke will avail themselves of the privilege.

Mr. Weaner, the director of song, has been a successful instructor of music for years. He and Dr. Patterson through music and the spoken word have been a blessing to hundreds of people in Ontario during the past weeks and now they come to Revelstoke fully accredited as devout and deep spiritual men.

Everyone is cordially invited to attend the meetings in St. John's church every night except Saturday, at eight o'clock.

F.J. Smythe, editor and proprietor of the Moyie Leader, was a visitor in the city on Monday. He spoke very enthusiastically of the progress and solidity of the town, remarking especially on the fine new buildings and permanent public works.

Mr. George Munro, C. P. R. roadmaster at Kamloops, has retired from the service.

Y. M. C. A. Notes

The Business Men's team gained another victory over the Y. M. C. A. team in the bowling league. Total score: Business Men, 1898; Y.M.C.A. 1812. Gain of 86 pins.

The ladies gymnasium class for physical work, will be held tomorrow evening at 7:30.

Sunday afternoon next, at 2:45 in the gymnasium, Dr. Patterson, of Phila delphia, will address the men of Revelstoke. Mr. W. W. Weaver, soloist and musical director, assisting him. Every member and nonmember should keep this date open. The International Committee of the Young Men's Christian Association has fixed the dates from Nov. 13th to 20th the world wide week of prayer, and our association is fortunate in having such an able man as Dr. Patterson to open up our work here.

At the last meeting of the board of directors, our membership roll was thoroughly gone over, and although our membership is over 200 yet, with the facilities that we have at our disposal, it was thought that we ought to have 400. The outcome of the discussion was as follows, that we have a vigorous campaign, dating from Nov. 15 to 25th, 10 days, and that we work energetically to raise our membership to 400 To accomplish this every member must participate, and present to the young men of the town the need of physical training and the opportunities which lie close at hand to help the other fellow. Watch the Y. M. C. A. notes for further information.

J. ALBERT STONE PROP.

You judge a pair of shoes somewhat by the way they look—perhaps you judge them more by the way they feel, but rest assured that if they do not feel comfortable, the chances are ten to one that they will not look well. You cannot be at peace with a shoe unless it feels comfortable, and no shoe can be comfortable unless it fits. If it fails to fit it will soon lose shape, for you cannot be comfortable in a vice—the foot or the shoe must yield.

Now **Ames-Holden** Royal Purple shoes for women embody just these features—perfect fit, perfect style, and with it the maximum measure of full comfort, and that is why so many women ask for

Le Roi Resumes Work

Rossland, B. C., Nov. 8.—The famous Le Roi mine, after being closed down for a considerable period, during which the company went into liquidation, has opened up again. Some 25 men were put to work but there is a probability of more being required later on. Work will be carried on in the upper levels in continuance of what was being done when the mine was closed down. It is authoritatively stated that negotiations are still pending with a view to the sale of the property and although no names are given it is said the mine will pass into the hands of a strong company.

The board of directors of the Le Roi No. 2 Mining company have declared an interim dividend of two cents per share payable on Nov. 8.

The Duke of Connaught, representing King George of England, formally opened the first varliament of the new Union of South Africa last week

L. O. L. Divine Service

The local Orange Lodge attended Divine service at St. John's church on Sunday night. Besides the lodge members there was a large congregation. The Rev. M. G. Melvin, the pastor, preached an eloquent and far reaching sermon, taking as his text from Mathew "And say not within yourselves we have Abraham to our Father; for I say unto you that God is able to raise up men of these stones, children unto Abraham The preacher dwelt on the fact that people were prone to rely too much on what the church had done in the past and not sufficiently on its work in the present. God is the God of the present rather than of the past. A long line of ancestry will not do a man much good, but it is how he conducts himself today that has the more value.

He pointed out that the Roman Apostolic succession was not always in the direct line from St. Peter as once there had been two Popes, each claiming superiority.

Regarding the Eucharistic Congress, he condemned the actions of the government officials in Quebec, who had attended the congress in official robes. The only sacrific that could be made now was that of our own lives in giving them up to Jesus. The whole sermon was one of deep interest.

The Bleriot monoplane, which was consigned to a local party and intended for exhibition purposes in Revelstoke has reached the coast via Cape Horn, and has been purchased there by a syndicate who will no doubt put it into commission. The unsuitable nature of the local parks for aviation caused the project to be abandoned here.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

Half Million Bulbs

Sixteen years ago the flowerscheme of the Canadian Pacific Railway company was inaugurated. There are now over 1,500 gardens on the whole system. While the men who take care of these, in their spare time, are naturally amateurs, their taste and example have spread to the communities across the continent with astonishing beneficial results. Enthusiasm and success this year have been greater than ever, showing the good use there has been made of the thousands of packages of seeds, plants and shrubs, which were distributed in the early spring. A number of prizes were awarded all over the system for the best gardens and the winners' names will be announced shortly.

Now the company is sending out over half a million bulbs for fall planting and early bloom in the spring of 1911. The company purchases all new varieties of flowers procurable and the markets of the world are sought for seeds and bulbs Travellers on the C. P. R. are delighted with the green lawns brightened by flowers which greet their eyes and it is a common occurrence for some flower lover from Europe or the United States to drift into the company's offices with a carefully pressed flower plucked in some station garden to ask the name and how to cultivate it.

British Cabinet Changes

London, Nov. 8—The retirement of Viscount Morley from the office of secretary of state for India, has been officially announced At the same time the following appointments, approved by the King were made.

Viscount Morley, to be lord president of the council, vice the Earl of Beauchamp.

The Earl of Crewe, secretary of state for India.

Lewis Harcourt, secretary of state for the colonies, vice the Earl of Crewe.

The Earl of Beauchamp, first commissioner of works, vice Lewis Harcourt.

Canadian Railways

It is estimated that within the next five years there will be no less than 7000 miles of railway constructed and brought into operation in Canada. This year track will be laid for 1,500 miles of new roads, which is about the same as was laid last year. At this rate we shall see Canada within the next ten years with a railroad system of not less that 44,000 miles. Australia, our sister Dominion, judging by her present annual increase in railway building, will have but 17,000 miles.

Skymania

A new disease has broken out that is puzzling the most expert oculists. It is known as "skymania," and has developed since the navigation of the air has come in vogue. The afflicted imagin?, whenever they gaze in the direction of the heavens, that they see balloons, monoplanes, biplanes and other aerial crafts sailing through the firmament. The symptoms are more pronounced after dark when lanterns, headlights and other illuminated will-o'-the-wisps are observed by the sky gazers. Cases are reported from Swift Current, Port Arthur and other points but residents of the coast are so far immune.

Blow to Hunters

Winnipeg, Nov. 8.—A message received here today says that the United States government has refused to allow sportsmen to hunt for buffalo on Michael Pablo's reservation in Montana. The buffalo belong to the Dominion government, but cannot be corralled, and it was proposed to have a party of western sportsmen go there to shoot them. It appears that shooting buffalo is contrary to the laws of Montana-

Nelson Publicity Plan

Five thousand dollars is to be raised by business men of Nelson and in the city at large for the carrying on of publicity work. This is to be supplemented by the real estate men of the city and the West Kootenay in general who will maintain an agency in London at an estimated expenditure of not less than $5,000 for the purpose of carrying on a campaign of personal work with prospective settlers and other investors. In addition other boards of trade and publicity associations are at work at other points in the district from Nakusp to Creston and will probably spend an aggregate amount of $5000. Altogether about $15,000 will probably be spent this year in furthering the development of the districts, including the maintenance of the agency in England. Corresponding results in the progress of the country may confidently be expected. A forward movement has been inaugurated which means great things for Nelson and the surrounding territory.

The scheme contemplates two separate organizations, the real estate men undertaking to operate a selling agency in the old country and maintain a commissioner there on the condition that the citizens of Nelson generally raise a fund of $5000 to be administered by the board of trade, partly in maintaining a publicity office here and partly in advertising in the old country. Still a third organization was forecasted and notice was given that at an early meeting a proposal will be offered for a West Kootenay publicity league, through the medium of which other towns, and districts in this territory may co-operate by issuing local literature and in other ways.

In regard to the new Liquor Act the Slocan Record has the following paragraph which we most heartily endorse:

"It is about time the new Liquor Act had a rest. Newspapers have given too much prominence to it largely due to the efforts of a press correspondent in Victoria, doubtless hired to give publicity to every outrage perpetrated in its alleged enforcement. The aim of all legislation should be to protect the citizen in his lawful undertakings, and not to persecute him. A law that does not give the same privileges to all is class legislation and is an infringement of the liberties of a portion of the community."

Moving pictures tonight.

Coming Events

Nov. 12—Ladies' Royal Welsh Choir, 25 ladies from Cardiff, Wales. Seats $1.50, $1.00 and 75c., at Edison Theatre.

Feb. 10—The Lyceum Players and Signor Romanilli, an Italian harpist, direction of C.P. Walker Edison Theatre.

Jan. 21—"Stubborn Cenderella." In the Opera House.

HEAVY DRINKER CURED

Samaria Cured Him, and He Helps Others

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

"The Samaria Remedy Co., Toronto Ont.:

"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking of using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lillywhite, Glenden, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co., 46 Jordan Chambers, Jordan St., Toronto, Canada. Also for sale by C R. Macdonald, Druggist, Revelstoke.

Shiloh's Cure
quickly stops coughs, cures colds, heals the throat and lungs. • • • 25 cents

Look at this Real Fire Box

It is wide, long, and deep. It has the coal capacity that makes cooking easy *all over* the top—and for heating the oven so that a large joint roasts perfectly at the same time. More, it *saves* fuel and reduces coal bills. You'll never have to sacrifice your baking for your cooking on top with this reliable fire box. The best results are always certain.

KOOTENAY Steel Range

There are a great many more exclusive points of merit in a Kootenay that you must *see* to thoroughly understand. The nearest McClary agent will gladly go over them with you, one by one. Before you decide on *any* range, write the nearest McClary branch for full particulars. It will cost only a cent for information that means money in your pocket. 50

REID & YOUNG

LOCAL AND GENERAL

Moving Pictures To-night.

J. D. Sibbald returned last night from a business visit to the coast.

Advices from London, Eng., state that a Royal proclamation has fixed June 22nd, next year, as the date for the coronation of King George.

Edward (Ted) Osborne's friends are inquiring whereabouts of above Irishman about 23. Anyone knowing same kindly communicate with F. S. Hussey, Superintendent Provincial Police, Victoria, B. C.

Mrs. G. Knapp left yesterday far Kamloops where she will make her new home. Mrs. Knapp during her residence here has made a large circle of friends who will much regret her departure from Revelstoke, and from whom good wishes will accompany her in her new sphere of usefulness.

The government demonstration orchards have finally been allotted. The Kamloops orchard will be in Fruitlandt or property belonging to the company. The Shuswap orchard will be on the old Chase property and the one for Salmon Arm will be on Robert Turner's farm. Revelstoke's orchard will be in the air.

The annual meeting of the Conserkative Association will be held on Tuesday, Nov. 15th, at the Selkirk Hall. Election of officers at 8 p.m. followed by a smoking concert, and addresses will be given by the Hon. Thos. Taylor and R. F. Green, president of the B. C. Conservative Association. A full attendance by all members and their friends is requested.

The entertainment by the ladies of St. Peter's church, in the Opera House on Nov. 18th, promises to be one of the best of its kind seen in Revelstoke. Youth, beauty, wit dramatic talent and comedy will predominate, over 50 local artists taking part. New and original costumes will be seen and young and old adults and children will derive a good evening's enjoyment. A high class nigger cake walk, the first to be produced in Revelstoke should prove enough fun for even the hardest pessimist.

City Electrician C. North has completed the changing over operations of the entire city lighting to a three phase, 60 cycle system, which will give the whole of Revelstoke a continuous 24 hour lighting and power service. To bring this about has entailed no little work and calculation and the fact that the operation has been carried out without a hitch and without any single interruption of the service speaks very highly of Mr. North's work and that of his efficient staff. Revelstoke has now one of the best lighting and power services in this province. The new 250 k.v.a. generator has been installed and is now in operation and last night took the whole of the city lighting load. As soon as the contractors have completed the new brick power house, the 450 k.v.a. generator will be installed.

PRESCRIPTION SUGGESTION

Every physician has his special preparation and formula for certain diseases that he uses exclusively. Our Store is equipped to take care of any prescription that may come in. We make a specialty of this.

Moving pictures at the Edison tonight, change of programme for Thursday and Friday night.

Amovement is on foot to endeavor to organize a main line batallion of the R. M. R. with five companies at least.

All interested in curling are requested to attend a meeting in the City Hall on Thursday next, Nov. 10th (tomorrow) at 8 p.m. sharp.

The C. P. R. has undertaken one of the greatest enterprises in its astounding career. It has set out to teach the Canadian public not to spit.

Many improvements are being made at the Opera house and the management there states that very shortly moving pictures will be run nightly.

Several of our readers have repeatedly asked us what has become of the Citizens' League, the Old Timers Association, Farmers' Institute, and Fruit Growers Association. Does anyone know?

In the mountains near Banff a lady who was a guest there recently saw a herd of twenty-one mountain goats and obtained several photos of them before they became alarmed and fled to the precipices.

The moving pictures at the Edison theatre tonight will commence promptly at 8 o'clock, to allow those desirous of attending the Quadrill club dance in Selkirk Hall, an opportunity of getting there in good time.

Cranbrook has reorganised its fire department under Chief Wand recently appointed. Under the new conditions the members are to receive $10 a month. Formerly the department was paid according to the number of fires, practices, etc.

Owing to one of the large monolith columns at the entrance of the Molsons Bank having warped, probably the fault in the moulding of the concrete, the architects have condemned it and the contractors Messrs. Byers and Anglin of Montreal, have been instructed to remove it and erect a new one. This is now being done and when completed the handsome escutcheon and coat of arms of the Molsons Bank will be displayed over the portico of the building.

Don't fail to see "The Suitors' Competition" and "A Conquest," two very funny comedies, at the Edison theatre tonight.

Tickets for the Masquerade Dance, under the auspices of Fire Brigade No. 1, to be held in the Opera house on December 7th, are now on sale at the local drug stores, cigar stores barber shops, Mail-Herald office and Central hotel, or by any member of Fire Brigade No. 1.

Cecil Harrison, of the firm of Harrison and Sons, government printers who recently secured the contract for printing the new stamps, has stated that he expects that the stamps would be ready for publication next May. They would be practically the same color as those of King Edward but of a somewhat different design.

Mrs. H. C. Banks was killed near Brightwater last Wednesday afternoon by being struck by a freight train going down Notch Hill. The unfortunate woman was walking along the track and was not seen by those on the engine until too close to avert the accident. The whistle was blown but Mrs. Banks being deaf did not hear it. She was 30 years of age and leaves a husband but no children.

We regret to announce the death of Ada Garland, the little daughter of Mr. and Mrs. J. W. Garland, which occurred on Saturday from heart trouble. The deceased was only five years and nine months of age, and was apparently well and bright up to the time of her death, which came suddenly. The Mail-Herald joins with the many friends of the bereaved parents in expressions of sympathy. The funeral took place yesterday.

Exit the cut glass bowl, enter the T-bone steak as the prize to the winner when women play cards in Chicago! The latest from the United States is that first class T-bone steaks, baskets of vegetables and fruit are being given as bridge prizes by society hostesses. The cause of this is the high price of living, hence the merger of the card table and the dining table. Revelstoke hostesses who are always on the look out for new ideas in winter card parties will do well to try this new innovation. We are quite sure that local husbands will encourage their wives to excell in bridge and will approve of the plan.

T. F. Sinclair is making rapid progress with the sewers on the western section of the city.

Some 472 names were struck off the provincial voters' list for this riding on Monday at the court of revision.

Freight and passenger traffic on the C. P. R. is reported as keeping very steady with a large volum of business.

See the special feature film at the Edison theatre tomorrow and Friday nights. "How championships are won and lost."

The C. P. R. are considering the advisability of erecting another wing on the Empress hotel at Victoria, as soon as the one now under construction is completed.

Be sure and attend the Quadrille club dance in Selkirk Hall on Nov. 9th. A good time is assured to all Managing committee:—J. Callin, H. Carpenter, J. Simpson. Floor manager, J. Guy Barber.

Mrs. R. Desimone was yesterday charged before the City Police Magistrate with riotous behaviour on the public streets. The court remanded the accused for examination as to her mental condition.

Seats are selling rapidly for the Royal Welsh Ladies choir in the Edison theatre on Saturday next. This promises to be the greatest musical treat which has visited Revelstoke in many years.

The latest fashion among ladies in France is, we hear, the nose ring, similar to the ear rings. These rings are highly ornamented with jewels. We doubt if even this newest craze will catch on in Revelstoke.

Admiral Kingsmill, head of the Canadian Navy, and Commander Mac Donald, of H. M. C. S. Niobe, passed through Revelstoke this week en route for Victoria to take part in the welcome to H. M. C. S. Rainbow

All C. P. R. trains on this division are delayed today owing to a tunnel about one and half miles east of Golden having collapsed. About twenty feet of the tunnel caved in and wrecking gangs were at once ordered out to clear the debris. No fatalities are reported.

SOCIAL AND PERSONAL

Dr. W. H. Sutherland has returned from Vancouver.

Mrs. William North, of Nelson, has taken up her residence here.

Mr. and Mrs. A. McRae have returned from a visit to the coast.

A good supply of sheet music just in. Going cheap. Revelstoke Music store.

Mrs. W. I. Briggs entertained a number of friends this afternoon at bridge.

Dr. Brett, of Banff, is going in for fruit growing on a large scale near Halcyon Hot Springs.

Col. Wadmore, D. O. C. at Victoria, was in the city on Friday inspecting the accounts, stores, arms and accoutrements of F. Co., R.M.R.

W. Newman & Co. have recommenced work on the new power dam, and will rush it to completion. There remains a large amount of work to be done yet.

Mr. Ralph Smith of Nanaimo, M. P. at Ottawa, was a visitor in the city on Saturday en route for the east and was met by a number of local liberals.

C. Deutschman, of Ross Peak, is in the city today and states that next spring a survey will be made of the Big Caves and facilities put in for tourists to reach every part of these vast caverns.

Moving Picture Special

A special feature film will be included in the programme at the Edison theatre on Thursday and Friday, entitled "How championships are won and lost," by James J. Corbett. The subjects included in this film are exercises in physical culture, by Mr. J. Corbett and Miss Florence E. Turner, the Vitagraph girl. Famous knockout blows illustrated by Mr. Corbett and his sparring partner Mr. T. Kennedy, which includes the finish of the fights between Jeffries and Corbett, Mitchell and Corbett, Jeffries and Fitzsimmons, Fitzsimmons and Corbett, and Sullivan and Corbett.

There are also shown a three round bout between Corbett and Tom Kennedy, utilizing every blow known in the art of self defence. This film, is in every respect, superior to any fight pictures and should be interesting to either sex, it also includes some humorous incidents for the children. In the programme are included on? of the prettiest colored films shown here for some time. The programme also includes a clever comedy entitles "The Call Boy's Vengeance," Marvellous Garlands," a handsome colored transformation picture, and two good dramas, "The Evil Philtre" and "The Ugly Girl," a Hindu story.

Moving Pictures to-night.

Wedding Bells

A quiet but pretty wedding was celebrated on Saturday evening at the home of Mr. Rand Gibbons, 2nd street, between John Woodford, superintendent of the Gibbons Lumber Co.'s mill, Pingston Creek, Arrow Lakes, eldest son of Lieut. Charles Woodford, R. E., of Alberta, and Lilian Pearl Hiltz, second daughter of Mr. Abraham Hiltz, of Ingram Port, N. S., a prominent official of the C. N. R. and Mrs. Hiltz. The bride was given away by Mr. R. C. Smith and looked extremely charming in a handsome tailor made gown of oyster grey chiffon broad cloth, with hat to match and carried a beautiful bouquet of orange blossom. The Rev. Henry Wilson, of Trout Lake, performed the ceremony.

The bride was attended by Miss Ethel Mills as bridesmaid, who was most becomingly attired. Frank Gibbons acted as best man.

At the close of the ceremony the wedding party sat down to supper at which the health of the bride and groom was heartily toasted and congratulations showered upon them. The newly married couple were the recipients of a large number of handsome presents, being marks of esteem of their many friends.

The supper room was beautifully and daintily decorated, while a red carpet covered the bride's path from the carriage to the house. The bridegroom's gift to the bride was a fine diamond bracelet, to the bridesmaid, a heavy stone set ring and to the best man, a handsome diamond scarf pin, while the bride's gift to the bridegroom was a set of highly chased gold cuff links and studs.

The happy couple left on Monday night on their honeymoon which will be spent on the coast and at the Halcyon Hot Springs. A number of friends accompanied them to the station with final congratulations.

Mr. and Mrs. Woodford are well known in Revelstoke and down the Arrow Lakes, and will make their home at Coppville, on the Arrow Lakes.

GRIER—BINGHAM

A quiet wedding took place at the home of Mr. and Mrs. Bingham on Friday last, when their daughter, Miss Clara Constance Bingham, was married to Mr. David Johnson Grier of McLeod, Alta. Only the immediate relatives were present. The officiating minister was the Rev. H.P. Thorpe.

The happy couple left on the evening train for the west where they will spend their honeymoon visiting the coast cities. Their permanent residence will be at McLeod, Alta.

L. O. L. Social

On Monday, Nov. 7th, L. O. L., 1658, gave a very enjoyable social in Selkirk Hall and about 170 invited guests enjoyed a pleasant and instructive evening. An excellent programme was rendered, refreshments served and addresses delivered by Rev. H. P. Thorpe, Rev. R. J. McIntyre and the chairman Rev. W. C. Calder, relative to the work of the order, gun powder plot, etc.

After the social had closed some of the young people took advantage of the opportunity of securing the hall and spent an hour tripping the light fantastic, which was not in anyway connected with the social or under the auspices of the lodge.

Fall Fashions

An exchange says:—We are pleased to inform the bachelors that there will be little change in fall fashions. Sox will be worn with a hole in the heel as of yore. Collars may be worn two weeks, more or less. A nail to hold your nether garments in place will be the go. Pockets in men's clothes will, as usual, have no "change" in them.

Business Locals

R. H. Trueman will visit the Revelstoke studio on Saturday, Nov. 12th for the balance of the month. Mr. Trueman will make a specialty of Xmas photos.

Our canned meats are delicious—tongue, corned beef or roast mutton and our specially prepared French mustards are really appetizing. Sold at McIntyre's.

E. F. Tucker, the local photographer, will make liberal reductions on all photographs taken by him until January 1st, 1911. Come early in the day for best results. tc.

The civil servants of the Provincial government are not permitted under the new rules to do any other work than that for which they are being paid by the government. It has come to the attention of the authorities that civil servants were keeping books, doing short hand and typewriter work, and otherwise making a little extra money in addition to the large salaries paid them by the Provincial government and it has been decided to put a stop to it.
