THE PIONEER PLACER MINES, LIMITED

To be Tested at Once By the Latest and Most Improved Keystone Placer Testing Drill---Machinery Already Here---Development Work to Be Carried on Aggressively

The Pioneer Placer Mines, Limited, owned by E. A. Bradley and associates in Revelstoke, have, with the assistance of English capital decided to install a Keystone Placer testing drill, to determine the values contained in their properties on French Creek in the Big Bend district. This creek has already produced upwards of one and a half million dollars in the primature methods of placer mining in the shallow deposits in the lower half mile of the creek.

Mr. Bradley and his allied interests have expended upwards of $200,000 in exploring and testing the upper end of the creek, which is estimated to contain upwards of 40,000,000 yards of aurifirous alluvials. Owing to the extreme cost of exploring these properties by drifting methods it was deemed advisable to install a Keystone placer drill to test the major portion of these deposits. These drills have proved successful in California, Nome and Dawson, as well as the Mining camps of Atlin and the famous Cariboo districts. The accuracy of these drills have been proven by experimenting throughout the above named districts, and have proved most conclusively the desired results. Mr. Bradley himself has expended an independent fortune in backing his own judgment on what would prove to be one of British Columbia's many rich districts. His opinion is based on his experience in placer mining regions of B.C., principally in the Cariboo and Kootenay districts during the past twenty-two years.

The Keystone drill has arrived at Revelstoke, and will be shipped on the first boat. This drill weighs approximately fifteen tons. If the results of these drilling tests are satisfactory, it means that upwards of 150 men will be employed on this property.

The Keystone drill is the very most modern method of testing placer properties known to the mining world.

During the next ninety days this drill will be in operation under the personal supervision of Mr. Bradley.

The development of these mining properties successfully, means much to every resident of Revelstoke, as well as to the owners of the property, and the working of the Keystone drill will be watched from all sides with intense interest.

Y. M. C. A. NOTES

On Friday evening at 8 o'clock the Circus commences. The side shows will be open for the public from 8.30 p.m., when the great parade will take place. This will comprise all of those things seen in ordinary circuses such as an elephant, bear, goat, centrepede. In the procession there will be the Marvelous Eddys, that can't be beat. McBride will be there with the first C.N.R. train. They are even coming in from the country. There will also be a photographer on the grounds, so that anyone who is desirous of having their picture taken, may do so at a very small outlay. There is going to be a big bunch of Indians there, with Chief Eye-ol-the-Moon as boss. The illuminated printing press will be worth the price of admission alone.

Circus tickets will be 25c., and the side shows will be 10c. extra.

On Friday afternoon at 2 o'clock sharp, there will be the first game of lacrosse played on the Y.M.C.A. athletic field. At the termination of this game the base ball game will be played The following members will comprise the senior aggregation:—Goal, E. McLean, point, S. Norman; cover-point, E. Bruce; 1st defence, A. Hillier; 2nd defence, H. Mulholland; 3rd defence, M. Anderson; centre, A. Woodland; 3rd home, T. Woodland; 2nd home E. Dickey; 1st home, B. Dickey; outside home, E. Pettipiece; inside home, H. Burridge.

This team will play sixteen members of the public and high school teams. Come out and enjoy the first game of the season. After you wind your way home for tea, come back to the association building and see the great circus.

Insurance Paid

Revelstoke, B.C., March 28, 8912
W. B. Robertson, Esq.,
Dear Sir,—We have to acknowledge receipt of cheque for $2,000 in payment of the loss on the Skating rink and thank you for your trouble.
Yours truly,
T. W. Bain.
F. W. Terry.
H. A. C. Parry.
W. H. Sutherland.

Cricket Club

An enthusiastic meeting of the Revelstoke Cricket Club was held last evening, at which President Frank Bourne occupied the chair. At this meeting several matters of importance were dealt with, among which was that the club join the British Columbia Cricket Association.

Messrs. B. A. Lawson and W. W. Foster were appointed delegates to attend the convention at Victoria on April 19th.

Regular practices for the season will start on Good Friday morning. A novel feature of considerable interest will be an impromptu match between Capt. J. Maley and Vice-Capt. W. Wallace. Each captain picking his team on the ground. This match will start at one o'clock sharp good Friday afternoon and it is a foregone conclusion that Revelstoke with wife and best girl will be present to witness the opening cricket match of the season.

PARLIAMENTARY SESSION ENDED

House Prorogued by the Duke of Connaught --- Final Business Rushed Through

Ottawa, April 1.—The first session of the 12th Canadian parliament is ended. At 4 o'clock this afternoon his royal highness, the Duke of Connaught, the governor-general, in the senate chamber, read the speech from the throne which contains the announcement that the labors of the legislators are finished for the present.

Considering the number of members who have gone home already, with their wives and families, there was a brave showing the upper house. For the first time the Right Hon. R. L. Borden appeared in his Windsor Uniform. The bright uniforms of the officers on the headquarters staff and the dainty costumes worn by the ladies on the floor of the house and in the galleries added to the brilliancy of the scene.

His royal highness was accompanied from Rideau hall to Parliament hill by an escort provided by the Princess Louise Dragoon Guards and was received on the hill by a guard of honor from the Governor-General's Foot Guards, which was drawn up in front of the parliament buildings.

The customary artillery salute was fired from Nepean point by the 23rd battery. Large crowds assembled on the hill to watch the arrival and departure of his royal highness and his brilliant cavalry escort.

The speech from the throne as read by the duke in the senate chamber was as follows:

"Honorable Gentlemen of the Senate, Gentlemen of the House of Commons:

"I am glad at this comparatively early period of the season to be able to relieve you from further attendance in parliament. The diligence with which you have applied yourselves to your public duties calls for my warm acknowledgements.

"The act to extend the boundaries of Manitoba and to make financial provision commensurate with the requirements of its enlarged area will I am sure, be welcomed alike by the present inhabitants of that province and by those who dwell in the added territory now admitted to the advantages of the provincial status. The enlargement of the limits of the province of Ontario and Quebec will undoubtedly contribute to the profress and development of those northern territories which hitherto have been little known and which will henceforth form part of those great provinces.

"Highly important and far-reaching advantages would result from the measure to aid and encourage agriculture in concord with the several provincial governments which I doubt will materially contribute to the development of that great basis of industry.

"The act respecting grain, a most comhrehensive measure, will, it is hoped, assist the farmer with the marketing of his product, as well as in obtaining better prices, thus relieving him of disadvantages which he has hitherto stood.

"Gentlemen of the House of Commons:

"I thank you in his majesty's name for the liberal provision you have made for the requirements of the public service.

"Honorable Gentlemen of the Senate; Gentlemen of the House of Commons:

"I am happy to congratulate you on the many indications of the abounding prosperity of this country, and I earnestly pray that the blessings of Providence may always attend this favored land."

SAWMILLS HAVE CHOSEN NEW HEAD

C. F. Lindmark Appointed Superintendent---A Practical Man at the Helm

Mr. C. F. Lindmark has been offered and accepted the position of general superintendent of the Dominion Sawmills, Ltd. Mr. Lindmark, by his past experience in the lumber business in this district and his intimate knowledge of local conditions throughout the Kootenays is admirably qualified for this position, and the Dominion Sawmills Ltd., are to be congratulated on securing his services.

Death of an Old Timer

Poor "Pickles" is dead and everyone will be grieved. No one in Revelstoke or neighborhood will require telling who "Pickles" was. He was too well known, not only by grown-up people, but every child old enough to pronounce his name. He was known from the Pacific to the Atlantic and hundreds of people who left Revelstoke years ago for the most distant parts of the world, will remember "Pickles." For the benefit of others I might say, he was the faithful friend and companion of Mr. C. R. Macdonald, druggist and stationer of this city for the past fifteen years. He was only a little Fox Terrier dog, but by no means an ordinary one. He was full of intelligence and many a story could be told of him.

Till the last few months he could always hold his own with any dog, but the many accidents and batters, had somewhat crippled him. Only a few weeks ago he killed a large rat in a fashion that would shame many a younger dog.

Citizens and children whenever they met him in the street would say,—"Poor old Pickles," the first words of greeting from travellers and others who had not been in Revelstoke for years, would bei "Hello Charlie, is Pickles stillalive?" Pickles never made friends with chinks, he would growl and bark and never leave them while in the store. When hungry, he seldom went without a meal. If he did not find a tasty supper outside he would wander into one of the restaurants, fix his eyes on some one eating or one of the waiters and he was never denied a meal. His whole life was spent in Revelstoke, and had he the power of speech many a tale could he have told of the times he had years ago when Revelstoke was but a small spot on the map. The writer feels confident that "Pickles" many friends and admirers will extend their sympathy to his amiable owner and to use the old saying, —'Pickles is dead, long live Pickles." Though dead, it will be many a day ere he is forgotten.

Notice to Contractors

Tenders will be received up to the 15th of April for the erection of a dwelling for Dr. McLean. Plans and specifications can be seen, as well as full particulars can be obtained by applying at the residence of Dr. McLean, First street.

PAINT

Spring is come, under the warm rays of welcome sunshine, the snows and ice of winter are melting away, the real color of old mother earth is once more the predominant feature of the landscape.

Out in the big clean country, the changing season adds fresh beauty to the scene; the pure whiteness of the virgin snow, melting harmoniously into a verdant green, clothing valley and mountain with a dress of added lovliness. But in our "man made town" the passing of the snow, unfolds a different view, and as the kind mantle of white with which winter has hidden our ugliness, is snatched away by Father Sol, streets and alleys are exposed pittilessly in all their dirty nakedness. On every side our nostrils and eyes are insulted with the obnoxious truth; the filth, and garbage, the ashes and leavings of months lie rotting around our doorsteps, whilst in every direction, the refuse of our homes is piled upon vacant lots and sites, an eyesore to every citizen, a menace to the health of the entire community.

It is the duty of every householder and business man, to mitigate this nuisance, and the city council have requested the Editor of this paper, to put the matter squarely up to the citizens. The present condition of our streets and alleys is a disgrace, let spring time be cleaning up time. Each and every person should take this matter in hand by attending to the clearing up of his own property. In a few weeks, our town will be visited by outsiders, tourists and holiday makers, now is the moment to get busy, and by a general clean up, make Revelstoke fit and wholesome to look upon, a "City Beautiful" and worthy of the matchless setting with which nature has endowed it.

New Postmaster

Mr. F. H. Young, who recently received the appointment of postmaster for Revelstoke, has entered upon the duties of his new office, on Monday last. Mr. Young is no stranger in Revelstoke, and his appointment to this responsible position meets with general approval.

FIELD NOTES

Mr. A. E. Miller paid an official visit to our school last week.

Mr. F. Tomlinson received a visit last week from his mother and father of Calgary.

BORN—On Monday, March 25th, to Mr. and Mrs. J. Fitspatrick, a daughter.

Mr. and Mrs. Davis have taken up their residence in the house recently vacated by Mr. J. Blake.

Mr. and Mrs. Gilbert and family, have come to town from Weyburn, Sask., and have taken up their residence in the trainmaster's house. Mr Gilbert has accepted a position as C. P. R. checker here.

The snow has made its disappearance from town again and it is a great pleasure to be able to take a walk on dry sidewa,ks again. It is a long time since we have had so early a spring.

NAKUSP NEWS

The annual church parade of the Knights of Pythias, took place on Sunday evening to the Presbyterian church, where the Prelate of the lodge, Rev. A. Wilkie, preached an eloquent sermon.

Miss Florence Edwards is visiting Mrs. Brockman at Roseberry.

Mr. A. Giroux is receiving the congratulations of his friends on the arrival of a daughter.

Mrs. F. W. Jordon of Edgewood, spent a week in town.

The first motor launch trip of the season was held on Sunday. A party of young people went down the lake in Mike Yinghings beautiful and fast launch "Red Devil."

Messrs. R. H. Baird and J. H. Eestrup have purchased H. Robinson's launch.

Don't fail to see the laughable three act comedy "Captain Racket," to be presented by the Dramatic club on Easter Monday night, April 8th. New scenery is being painted by Mr. J. S. Bradford.

The Dramatic club are rehearsing trial scene from the Merchant of Venice, under the direction of W. L. Heaton, it will be presented at the regular meeting of the Dramatic club

Major B. H. Rothwell, of Los Angeles, Cal., who has been visiting his son, H. L. Rothwell, manager of the Bank of Commerce here, left for the Halcyon Hot Springs where his many friends trust he will soon return quite recovered from his long and painful illness of Sciatic rheumatism.

The good news has reached us that the Dominion government have appropriated $6,100 for a telephone line from Nakusp to Edgewood, this will be welcome news to the many settlers along the lake.

Mr. S. Mills, who is in charge of the Dominion government's new dredge, which is being built here, is rushing the work along and expects her soon to be put in commission.

Mr. Robt. McWhirter, who has been constable here for the last year, has resigned his position, which has been filled by Mr. J. M. Smith. Mr. McWhirter has been a most capable officer and we regret very much to loose him.

Mr. E. Crosby, who has been visiting his old home in England for the past four months, has returned glad to get back to B.C., the land of sun shine, fruit and flowers.

Settlers are arriving daily, the steamer Minto had to make a special trip on Saturday with a party for the Needles.

Now that you have Our Catalogue, send us a Trial Order. You will be more than satisfied.

THE HUDSONS BAY COMPANY, - Winnipeg, Man.

RAILWAYS, INDUSTRIES, PEOPLE AND MONEY

The First Three Are Coming In, But the Last (Money) is Both Coming In and Out of

COQUITLAM

The Seaport, Railway and Industrial Hub of British Columbia and the Vancouver Metropolitan District

A Population of 25,000 to 30,000

Judging by what railway shops have done for other cities not so important a railway centre as Coquitlam will be, there will be a population of 25,000 to 30,000 directly supported by the Canadian Pacific alone at Coquitlam in two or three years. But the Canadian Pacific, although important, is only the foundation only the beginning, of this young daughter of Canada's wealth and prosperity. Coquitlam from its position is destined to become the industrial centre of British Columbia. The man who owns property in Coquitlam will be rich when others who preferred to wait instead of act will be still plodding along.

Think of an ideal site for either a residential or industrial city, a deep dea port, the terminus of the greatest railway system in the world, and the industrial sub-city of a world metropolitan district, think of a place being suddenly transformed into these things, out of nothing but a level stretch of land. If you can think of that you think of Coquitlam, which is not going to be changed into these things but which is being changed into them now. In three years where now only a thousand or two workmen are preparing plans for the greatest terminal development in the history of railroading, there will be 5000 highly paid railway workers employed by the C.P.R. alone at Coquitlam, supporting directly a population of 25,000 to 3000 people.

But the C.P.R. is only the start at Coquitlam. Five other railways are coming to this new seaport— the G. T. P., Canadian Northern, Great Northern, Milwaukee and Harrimann system. Dozens of steamship lines will have their boats call here when the Panama canal is opened a year or two hence. Two electric power companies are developing energy there now. They will supply both light and power to Coquitlam at low, competitive rates, and Coquitlam also can get black coal at the lowest rates, being an ocean port contiguous to Vancouver Island. This is one reason why fifty manufacturers have already applied for factory sites at Coquitlam. Both of these electric companies will build tram lines through Coquitlam, connecting it up by modern suburban lines with Vancouver and other cities in the Vancouver metropolitan district and the whole Fraser Valley.

The transition of Coquitlam into a great city will be rapid—more rapid than the unexampled growtn of Calgary, Edmonton, Winnipeg, Saskatoon and Regina, where millions of dollars were made for holders of lots near the businessdistrict. Any growth which takes place in any part of British Columbia or the prairie provinces will but add to the enormous trade to be developed with the rest of the world through Coquitlam and the Panama canal, now nearing completion. THE GREAT OMNIPOTENT CANADIAN PACIFIC RAILWAY IS BEHIND COQUITLAM. All the tentacles that vast corporation has shoved in every direction to garner the enormous crops of golden grain which are making the Canadian prairies—every one of this railway's twelve thousand miles of steel rails will pay tribute to Coquitlam. And this is not all. Part at least of that freight traffic which will originate on the innumerable lines of these other railways will find its outlet through Coquitlam. Coquitlam will be the funnel through which the products will both go out and come into feed and clothe the mighty population which will fill up Canada in the years to come.

MONEY! and How to Make it Quick

Once there were two men who came to America from the old country. Both were industrious and each was apparently fully as able to hold up his end in the world and become a man of influence and wealth— a big man. Today, however, one is a millionaire, while the other is in very average circumstances financially.

The reason for this vast difference is not because one worked hard and the other didn't; or because one drank and the other didn't. It was simply because the man who is now a millionaire looked ahead, and knowing that the fundamental wealth of this and every other country is in good real estate, seized his opportunity. He secured realty when it was seizable at a groundfloor price, and waited till increasing population multiplied its value to him.

Ever since the whole country has been working for him, while the other man has been working for the whole country. The whole country will work for you if you own part of Coquitlam. Meridian Centre, Coquitlam, offers you the chance to become independent—to enjoy the life which it is your heritage to enjoy.

Look at the big men in Winnipeg, Calgary, Edmonton, Saskatoon.

Calgary, Edmonton, Saskatoon, Regina, Vancouver, or any other big city and see where they got thefoundation of their fortunes. In almost every case it was through the in-crease in land values, directly or indirectly. Coquitlam will eclipse allthese places in rapidity of development and increase, and will eventuallyprobably equal or surpass them in actual population and wealth.

Coquitlam a Certainty; Not a Mere Prospect

As there are many other townsites on the market at the present time it would be well for the reader to bear in mind that Coquitlam is not an ordinary townsite—IT IS AN ACTUALITY, A REAL CITY IN THE MAKING. There is only one Panama canal, and it is almost upon us. Coquitlam is a result of that canal, and as the Canadian Pacific is the greatest transportation system in the world, it is only natural and logical to suppose that Coquitlam will be the biggest result.

But apart from what it is going to be, Coquitlam is something today. Canadian Pacific officials have announced a program of improvement and construction unparalleled in the annals of railway operation. It means that thousands of men will be employed there this spring, in fact, there are hundreds THERE NOW—building houses, laying tracks, building streets and installing electric and trolley lines. Work has recently commenced on a hundred thousand dollar roundhouse in the immediate vicinity of Meridian Centre, Coquitlam, and this is but the beginning of the expenditure of over half a million dollars announced for the next few months.

An Industrial City A Coming Pittsburg

Coquitlam is situated in the Vancouver metropolitan district on the main line of the Canadian Pacific. The Grand Trunk Pacific is also buying land for terminals in this vicinity, and other transcontinental railways are buying right-of-way. This, added to the fact that Coquitlam is a deep-water port, means that manufacturers locating here will have the advantage of the cheapest transportation rates, both by rail and water.

Two big power companies are developing enormous electric energy near here and their power lines pass through the munucipality. This means electric light and power competitive rates, and in conjunction with cheap sites and trackage explains the fact that already over fifty applications have come in from manufacturers for factory and mill sites. Among the big industries assured for Coquitlam, is the largest lumber mill in the world, to be built by the Pitt River Lumber Company. It will cut 600,000 feet of lumber every 24 hours.

Obey That Impulse Wait Not Another Minute

Only a few months ago was Coquitlam born and its lots thrown on the market to make people rich. We knew of these developments before the general public had heard even a rumor. We bought land at farm land prices right in the centre of activity Mark that—the centre of activity, right where all the industries and railways are coming. We are offering these lots for the first time, with no profits added to the price, except one moderate legitimate profit of our own. Don't buy lots that have already been turned over or prices advanced with every announcement of new development. when you can get inside lots at first price. There have been millions — we are talking conservatively—made in Coquitlam already. One Brandon, Man., lady made $40,000 there, and has re-invested both principal and profit in Coquit-lam.

One lot started a few months ago at $1000, payable quarter cash, is now held for a higher price than $8000 by a shrewd business man of Victoria, B. C. Dozens of low-salaried tradesmen and clerks of Vancouver, New Westminster and Coquitlam itself—those who know what's going on, and are right on the scene of activity—have invested every cent they can beg, borrow or steal in Coquitlam, and many of them have made as high as 100 to 1000 per cent on their original investment there. Over $50,000 of our property has been reserved by Coquitlam residents, and 25 lots have been sold in a bunch to the representative of an American railway system, said to be for city offices. We know everything that it is possible to know about Coquitlam.

We unhesitatingly say that it is the beiggest real estate money-maker for the small investor of the age. We are aw ell-known financial firm and can offer you other propositions besides Coquitlam—sound, quick-action ones—but take our advice and find out something about Coquitlam if you have a dollar you want to see multiplied by itself quickly and surely. Whether you are a prospective large or small investor, or even if you do not intend to buy at all, ask us about Coquitlam, and ask us today. At the prices we are charging and the easy terms our inside property will not last long for new big things are coming out everyday about Coquitlam and the Vancouver metropolitan district.

CORRESPONDENCE

Field, B. C., March 27, 1912

Editor Mail-Herald:—

Dear Sir,—Kindly allow me space in your widely circulated paper to comment on the way our school is run in this part of the province.

First, nothing in this letter refers in any way to the teacher, who is doing her part as well as she can, without help from parents or trustees, and it is about said trustees that is the cause of this little letter. We have two of them in name only, one having left this year and no effort has been made to replace him. They have never, to the writer's knowledge, visited the school or made enquires about the affairs of the school. They engage a teacher and there their duties end as far as the school is concerned, until such time as said teacher resigns or gets married, or for any other cause the school is left without a teacher. And then they get busy and engage another one. Now such things aught not to be, this school should be on exactly the same footing as the rest of the schools in this province. We have in this town, good, hustling men, fathers of school children, who would make real good trustees, who would visit the school and see that a flag was placed thereon, or thereon at least have one so the children will know what the Union Jack looks like and in short be all that a trustee should be. When we have those men as trustees their own school will come up to the proficiency of the other schools, and our children be taught as they should be taught in all the wasys of the rest. What we need and need badly, is trustees and not mere figureheads.

Thanking you Mr. Editor,

A. FIELD PARENT.

Board of Trade

Some of the enquiries received by the secretary of the Board of Trade from persons in the Old Country who desire to emigrate are decidedly practical. We produce two samples which were taken up at the meeting on Thursday evening. If any of our readers are in touch with positions available for the enquirers, they will have the opportunity of communicating with these intending settlers.

Miss Clara Barker of Stokesley, Yorkshire, England, writes as follows

"Will you kindly send me a free illustrated booklet of Revelstoke, mentioned in Heaton's Annual. I would like a post in a household in Revelstoke. I am well domesticated, and willing to work, but wish to be treated as an equal. I am healthy, practical and have an income."

Mr. George Gardiner of Hoppyland House, Albert Hill, Bishop Auckland expresses his wants in this way:

"I am desirous of coming out to British Columbia if there is any opportunity of getting employment. I am 21 years of age and have served my apprenticeship here with Messrs. Lingford, Gardiner and Co., engineers, of which firm my father is a partner. I have also had Marine engine experience. My father is quite willing for me to come out to British Columbia if I can get employment to go to. If you can assist me in any way to get a situation as engine fitter or any other mechanical work, I shall be greatly obliged."

Ride Out of Country

Los Angeles, Cal., March 29—Juanita, Marillo and Elodia Escandon, triplets, daughters of Captain Guillermo Escandon, a wealthy Mexican rancher, of Sonora, Mexico, arrived in Los Angeles yesterday with a graphic story of the turmoil in Mexico. The girls rode the entire distance. Bespangled, booted and spurred, bronze faces hidden behind great sombreros, they present a truly picturesque picture. They speak no English. Through an interpreter, however Jaunita told the story of the hazardous journey:

"Father feared we might be injured or carried away by guerillas marauding through Sonora," said Juanita, so he determined to send us out of Mexico until the war is over. Our ranch houses have been fired, two of our vaqueros killed, and my brother Elonzo has been wounded in attacks upon the ranch. We have almost one hundred thousand acres in Sonora, and the peons wish to convert it into their own uses.

"While my father and President Madero are friendly. Madero's federal troops do not seem to appreciate the seriousness of the situation, or they do not care. Many of the soldiers, you know, are released convicts from the Belem prison, Mexico, and although they fight under the Madero flag, they would mutiny at the slightest opportunity. While I do not think *they fear the guerillas*, the federal soldiers make no effort to cope with these brigands and a war of devastation is being waged throughout the interior of Sonora. The situation is much more serious than one who is not there realizes. So our padre sent us into the United States.

"We determioed to come to Los Angeles for several reasons. One is because we have relatives at San Gabriel and a second is because we are going to win some of the prizes for riding at the Rodeo. When we return to Mexico—if we do—we shall carry at least a medal apiece back with us."

The "Rodeo" to which they refer is the great Southwestern Interstate cowboy contest to be held at "Lucky" Baldwin's Santa Anita ranch.

"Coming through the State of Sonora," continued Cuanita, "we were accompanied by a detachment of Mexican rurales.

"The corporal in command of the squad became smitten with Elodia, and she foolishly flirted with him. Then the other rurales thought they could get fresh. Tae affair became serious when I slapped one of the ruffians. He struck me back and Marillo hit him with a whip. Elodia's corporal interfered, and he would have been shot had two of the other rurales not assisted him. But these two then imagined themselves heroes, and they annoyed us with their subtle attentions.

"We were afraid something would happen unless we left them, so we decided to steal the corporal's compass, stampede their horses at night and take a chance on them regaining their horses. We took the animals with us, and after a day and a half's ride we reached the American line, leaving the horses behind then. We decided that as we had ridden that distance alone, we could finish the trip. And we did, thanks to nobody but ourselves."

ACTUAL STARVATION

Facts About Indigestion and Its Relief That Should Interest You.

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause, and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 65c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and $1.00. Remember, you can obtain Rexall Remedies in this community only at our store — The Rexall Store. The W. Bews drug store.

High School Attendance

Following is the attendance at the Revelstoke High School for the month of March, as compiled by the Principal of the school, Miss J. J. MacKenzie:

SADIE MILLS, Teacher.

DRUNKENNESS CAN BE CURED.

Old Fallacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whisky, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whisky or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G——, of Hull, says of it and what it did for her:

"It is four months to-day since I started to use your Remedy. I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried, I remain.

Mrs. G——, Hull, Que.

(Name withheld by request.)

Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 46-49, Colborne street, Toronto, Canada. Also for sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased lor a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Strikers Play Football

London, March 30—Although the first votes taken among the miners of Lancashire on the question, "Are you in favor of resuming work pending the settlement of the minimum rate of wages in the various grades by the district board to be appointed under the Coal Mine Minimum Wage Act," show that a majority of the men there are opposed to returning to work until the district boards have fixed the minimum wages, there are indications throughout the rest of the country which show an increasing desire on the part of the miners to return to the pits.

There is considerable reluctance, however, among the colliers to take any definite step until the result of the ballot of the miners, of which there seems to be little doubt is definitely known. Practically all the leaders are advising the miners that nothing will be gained by remaining out.

Mr. Thomas Ashton, secretary of the Miners' Federation, issued a statement last night counselling the miners to resume work without waiting for the district boards to adjust the minimum wage, and his advice probably will have greater influence on the ballot than that of any other leader.

The only stumbling block in the way of a speedy termination of the strike seems to be the attitude of the surface men who still have some grievances unsatisfied. Their national federation issued a manifesto yesterday to all its branches to the effect that there must be no resumption of work by any section of the federation unless the owners have conceded their demands. It is believed, however, that this dispute will be settled before the result of the general balloting is announced.

Mr. Ashton's statement is considered to be of great importance because it was professedly issued with a view to counteracting the advice of some of the leaders that the miners should not resume work until the wages board have fixed the minimum in every district. Mr. Ashton regards this advice as very injudicious, declaring that some of the boards might fix the rates in a fortnight, while others might occupy several weeks in so doing. He thinks it advisable that all the miners resume work simultaneously, so that every district may be on an equal footing.

A number of the South Wales leaders also are now counselling an immediate resumption of work, and according to the latest indications the men will return to the mines by Thursday and work through the Eastertide, already having had more of a holiday than they require.

In fact moderate views are gaining the ascendancy in the question concerning the settlement of the strike, and influential labor leaders are joining in the denunciation of syndicalism and advising the men loyally to accept the wage bill. William Brace, William Harvey and Thomas Richards, all prominent mining representatives in parliament, have issued statements similar in purport to that of Mr. Ashton.

There were further additions in the ranks of the miners resuming work in Scotland, but an increase of 20,000 in the unemployed in the other trades who were forc?d out of work by reason of a shortage of coal. There was however, no recurrence of disorder.

Good feeling prevails between the troops and the strikers. A special instance of this is shown by the fact that at Cannock, in Staffordshire the soldiers and strikers played a match game of football.

Great Gathering

Vancouver, March 22nd, 1912,
P. O. Box, 666

To the Editor Mail-Herald,
Revelstoke, B. C.

Dear Sir,—I am enclosing herewith a program of our Eisteddfoh to be held at the Vancouver Opera House, on May 22nd, and 23rd, also an announcement which I shall be much obliged if you will make through the medium of your paper!

I might state that the object of our Eisteddfod is not to make money—on the contrary, it would not have been practicable to arrange such an event had not certain patriotic Welshmen, anxious to keep alive this ancient institution of their native land, come forward with financial aid. It is the aim of our committee to have at our first Eisteddfod as large a gathering of Welshmen as possible, and we trust you will lend us your aid to this end by publishing the enclosed announcement in your news columns. Thanking you in anticipation, yours very truly

W. V. Jones, Secretary.

Of all their national institutions, the one most dear to the heazts of Welshmen is their Eisteddfod and in most parts of the world it has become an annual event for Welshmen to gather together and take part in this most ancient of their institutions. The first Eisteddfod held on the Pacific coast will be at the Vancouver opera house, on May 22nd and 23rd, and a great effort is being made to bring all Welshmen throughout the province of British Columbia and along the Pacific coast into Vancouver on these dates. Arrangements have been made with the C.P.R. for convention rates from all parts of British Columbia, which means that the fare will be single fare for the round trip. Convention certificates, which will enable those wishing to make the trip to procure the concession in railway fare, may be had on application to the Eisteddfod Secretary, P. O. Box 666, Vancouver. Program of competitive events may also be had on application to the same address.

Nursing Staff Resign

Vernon, March 30—The matron and the entire nursing staff of the Vernon Jubilee hospital, twelve in all, have resigned in a body because an inquiry which they demanded into the treatment they alleged they received from Dr. Williams did not result in his being barred from the use of the hospital or at least some stringent action being taken than giving a warning to the doctor and assuring the nursing staff that they would have full protection in the discharge of their duties. Two of the directors, Messrs. Billings and Ball, have also resigned from the Board. They state that a number of the directors who voted did so without having been present when the evidence was taken, and that this was the first meeting that some of them had ever attended They say also that an apology at least should have been insisted upon from Dr. Williams, as the fact that those directors who voted for the amendment thought it necessary to warn him against a repetition of the affence, indicates, in their opinion, that these directors must have believed that the charges had been proved. They regard the amendment as equivalent to a verdict of "not guilty, but don't do it again."

It was thought by some of the Board that most of the nurses might be induced to remain, if an apology were tendered them by Dr. Williams. One of the directors subsequently approached him, and endeavored to arrange something of this nature. This however, Dr. Williams refused to consider, stating that he had not been guilty of the charge laid against him and it would be impossible for him to apologize for an offence he had not committed.

This is the situation as it now stands. The entire staff will leave on April 2. Whatever may be the opinion of the action of the directors — and many different views are expressed about this—everybody recognizes how serious is the position of affairs and everybody who knows anything about the hospital regrets greatly that such a thoroughly efficient staff will have to be replaced at such a short notice.

Small stream running through N. E. ¼ Section 26, Township 23, Range 2 west of 6th.
Small Creek on Subdivisions 9 and 16, Section 23, Township 23, Range 2 west of 6th.
Stream running between Sections 24 and 13, Township 23, Range 2 west of 6th.
Unnamed stream flowing through S. W. ¼ Section 24, Township 23, Range 2 west of 6th.
Stream running through S. W. ¼ Section 3, Township 24, Range 2, west of 6th.
Two hot springs on Subdivision 5, Section 16, Township 25, Range 28 west of 5th.
Cold water spring creek on Subdivision 5, Section 16, Township 26, Range 28 west of 5th.
Spring north of Lot 68, on Columbia River Wagon Road.
Small stream running through Villa Lots 60 and 62.

Statements of claims may also be filed to water in any unnamed creek, spring, stream, pond, gulch, lake, or other source of water supply.

Dated at Victoria, B. C., 27th of February, 1912.

W. R. ROSS,
Minister of Lands.

Notice to Contractors

LOCK-UP, ARROWHEAD.

Sealed Tenders, superscribed "Tender for Lock-up, Arrowhead," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon, of Wednesday, the 17th day of April, 1912, for the erection and completion of a Court-room, Lock-up, and Constable's Quarters, at Arrowhead, in the Revelstoke Electoral District, B. C.

Plans, specifications, contract, and forms of tender may be seen on and after the 27th day of March, 1912, at the offices of the Constable in charge Arrowhead, B. C., the Government Agent, Revelstoke, B. C., and the Department of Public Works, Parliament Buildings, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for the sum of $300, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.

REID & YOUNG

THE CITY IN BRIEF

Mrs. W. A. Sturdy will receive on Thursday, the 4th inst.

Mrs. Wm. Morris will not receive until Saturday, May 4th.

The Revelstoke school reports, as well as the Big Eddy, will appear in full in our Saturday's issue.

At the closing exercises of the Theological department of Manitoba college, last week, the degree of B. D. was conferred on Rev. J.W. Stevenson, M.A., of this city.

The White Sisters troup, presenting a drama, will be at the opera house on April 11th. Reserve Thursday evening of next week for this famous drama.

The new proprietors of the Empress theatre have today installed the latest model of the best moving picture machine on the market, and are going to make this the best picture theatre in the country at any cost.

A prominent local real estate man, two school teachers, three merchants and a couple of small boys, were the first victims of an April fool joke Monday morning last. It was a purse fastened to the sidewalk near the Globe Lumber Company's office.

A grand musical program will be rendered in the association lobby on Sunday afternoon at 3:45. The following will take part:—Instrumental, brass quartette, trombone and cornet duet, trombone solo. Soloists, A. Arman, J. L. Ingel, T. Pagdin, A. Thomson. Hymns will be sung, and the story of the hymns will be given

The Sugar Bowl ice cream parlors are now open to the public, although not yet quite completed, they are the most up-to-date parlors in the city. This ice cream parlor, which is most airy and commodious, is partitioned off with natural birrh trees, while the real genuine birch bark is still on the posts. Elegant pictures adorn the walls on all sides and the whole aspect is attractive in the extreme. A new soda fountain will be installed very shortly which will add to these most exquisitely arranged ice cream parlors.

The Royal Male Quartette appearing in the Y.M.C.A. next Tuesday, under the auspices of the Westminster Guild of the Presbyterian church, come to Revelstoke with the highest recommendation. Wherever they have appeared they have given great satisfaction. Their voices blend beautifully, and in addition to the quarteete music, they offer with the flute, violin and piano a most pleasing combination, while the readings break up any musical sameness. A male quartette is always pleasing, and a group of young men possessing such excellent voices and such a thorough knowledge of music as marks the Royal Male Quartette, is delightful. Lovers of good music will not miss this rare treat.

HONEY - HONEY!

Pure White Clover Honey in 5 lb. Cans. This is something you will find awfully nice at this season of the year.

HOME-MADE JAM—in pints and quarts, glass jars. This is absolutely pure and well put up.

SYRUPS—Pure Maple Syrup in bottles or cans, which we guarantee to be the best.

A. HOBSON, - MacKenzie Avenue

SPRING IS THE RIGHT TIME

To select and make the first payment on a home. Then you can move in and plan a garden, a poultry yard and all sorts of things you would onjoy during a Summer. If you have a little capital we can make it easy foa you to acquire a home immediately.

KOOTENAY AGENCIES LIMITED

The W.C.T.U. will meet at the home of Mrs. J. M. Kelly, on Friday afternoon at 3:30. A full attendance is requested.

Pre-communion service will be held in the Presbyterian shurch this evening at eight o'clock. Next Sunday at the morning service the Sacrament of the Lord's Supper will be observed.

Mr. C. E. Kindall, who is the engineer in charge of the C.P.R. rock crushers, representing contractors mather, Yuell and Company of Vancouver, who is in town. Reports that he has three crushers at work. One at Craigellachie, one at Squilax and one at Oldman Creek. Each crusher with the screening and washing process has a capacity of 1000 yards every ten hours. Fully seventy-five men will be employed all summer on this work. The idea is to ballast the track with gravel all along the line west of Field, B. C.

The dressing of the big show windows of the Lawrence Hardware Co. have again changed. The kitchen and other scenes as reported recently in the columns of this paper have been replaced by other but equally good ideas. One window contains a real garden scene, with the natural green ground, while rakes, hoes and other garden utensils including rubber hose are strongly in evidence. Another window has a purple green, yellow and red ground while Bapco paint can be seen in large and small cans on all sides. The third window is probably the most attractive. It consists of a fishing scene, all kinds of baits and flies being on hand, while a minature angler is sitting leisurely by the pond waiting to catch a beauty. If you have not seen this fishing pond, don't miss it.

Don't miss the concert in the Methodist church Friday evening.

Mrs. Sibbald will not receive on Saturday, April 6th.

Rev. R. J. McIntyre spent Monday evening in Salmon Arm visiting friends there.

The Epworth League meets in the Methodist church tonight. Subject,—"What effect has Christianity on the Individual."

J. D. Sibbald, sr., expects to leave in a day or so for the Old Country, and will sail from New York about the 13th inst.

Almighty Dollar, thy shining face bespeaks thy wondrous power. In my pockets make thy resting place — I need thee every hour.

Miss Elder, of Kamloops, who has been an employee at the Revelstoke post office for some time, returned to her home on Monday. During her residence in Revelstoke she has made many friends who will regret to learn of her departure.

Mrs. B. A. Lawson will not receive tomorrow, Thursday.

That the baseball season is now upon us is strongly evidenced by a most artistic minature baseball scene which presents itself in one of the show windows of the Revelstoke Hard ware Co.'s store. A simple glance at this window will remind us of the originality of man. Here is a perfect diamond with the baseball enthusiast actually standing in a playing position very life like. Any of our readers who have not seen this picturesque show window should make it their business to do so.

Protective Order of Beavers

The above society held an installation meeting in the Selkirk hall on Saturday evening, when the following officers of the Revelstoke Colony No. 15, were appointed:

Chief Beaver—Warren Andrews.
Past Chief Beaver—W. Wisner.
Vice Chief Beaver—W. C. Bachelor.
Worthy Pilot—W. MacIntosh.
Financial and Recording Secretary, W. C. Bachelor.
Treas.—O. Oakland.
Inside Lookout—G. Smith.
Outside Lookout—J. Shields.

Unfortunately the installation meeting had to be held on a Saturday evening, owing to reasons explained in our last issue, which prevented many of the business men being present but despite this fact a sufficient contingent were on hand to form a good strong colony and the other members who have signed can make arrangements with Deputy Organizer E. Morton, who will be in town to join on the charter-membership terms until the next meeting, which will take place on Tuesday, the 16th inst

Just before going to press we learn from Mr. Morton that the signed-up Beavers in Revelstoke, now total not less than 112.

BURTON CITY NOTES

The Powder magazine for the Farmer's Institute, is rapidly approaching completion and will easily hold three car loads of powder.

E. Hardy was elected Secretary of the Farmer's Institute in place of E. Huburt, resigned.

Thirty-five to six was the vote in Burton City in favor of Hunter, Conservative.

The M.L.D. Society, held in connection with the church here, brought its winter session to a close Saturday evening with a debate as to the best animal on a ten acre ranch.—horse or cow. President Gordon was in the chair. Messrs Reed and A. Moseley defended the horse, while A. N. Other, backed up the cow, and won the debate. It was a very interesting evening and the society has been very popular, upwards of forty joining and the balance of cash being handed over to the church trustees to help pay off the debt on same.

Mr. Helmer is visiting his sister.

Mr. R. L. June, spent a few days visiting his sister Mrs. J. L. Lane, returning to Edgewood Friday.

Fruit trees are arriving from the B. C. Nurseries, Mr. Huburt being the local distributing agent.

Work commences Monday on the bridge over Caribou Creek, to repair damages before high water arrivesf E. Schram being foreman.
