THE CITY ELECTIONS

Dr. Sutherland, Mayor By Acclamation--Contest in Ward Three --- Four Candidates for Three Positions as School Trustees

The city hall has been the scene of much excitement, and hurried running to and fro, for Monday was nomination day, and the supporters of those in the running for the thankless task of Mayor and aldermen for the coming term, were much in evidence, as they handed in the names of their respective candidates.

The following is the full list of nominations:

Dr. Sutherland, nominated for Mayor by W. Bews, seconded by L. Patrick; Dr. Sutherland elected Mayor by acclamation.

Ward 1—Aldermen: H. J. McSorley, nominated by J. H. Young, seconded by John McLeod. J. Guy Barber, nominated by R. D. McDonald seconded by Theo. Wadman. H.J. McSorley and J. Guy Barber elected aldermen for Ward one, by acclamation.

Ward 2—Aldermen: H. F. McKinnon nominated by W. M. Lawrence, seconded by C. R. Macdonald. Robt. Howson, nominated by H. Manning seconded by J. P. McLennan. H. F. McKinnon and Robt. Howson elected aldermen in Ward two by acclamation.

Ward 3—Alnermen: Frank F. Bourne nominated by H. N. Coursier, seconded by C. Holten. A. W. Abrahamson, nominated by F. B. Wells, seconded by R. Gibbons. John Shaw, nominated by J. A. Stone, seconded by G. Rosse. Contest in Ward 3, three candidates for two seats.

School Trustees—Thos. Kilpatrick nominated by J. H. Hamilton and A. Hobson. H. Manning, nominated by J. H. Young and R. D. McDonald. Chas. F. Lindmark, nominated by R. Gibbons and R. D. McDonald. Alex. McRae, nominated by G. S. McCarter and Edward Trimble. Contest for school trustees, four candidates for three seats

The mayor and aldermen elected by acclamation are all good men, occupying positions of responsibility and trust, and prominent citizens of Revelstoke, worthy of the honor conferred upon them, and we extend to them our heartiest congratulations.

The elections are thus narrowed down to a contest in Ward Three and to a vote for selection of three school trustees out of a field of four candidates. The much talked of "Dark Horse" who was to have entered for the mayoralty stakes, turned out to be a mere "non-starter" and this, together with the elections of aldermen in Wards 1 and 2 by acclamation, has admittedly taken a good deal of the ginger out of the present campaign. It is apparent, that the new council will contain a sprinkling of new blood, with enough of the old brigade to ensure continuity of policy, and which should prevent that waste caused by inexperience to which the retiring Mayor so ably called attention in his closing addresses on the eve of the dissolution of the old council. The new Mayor, Dr. Sutherland, is a citizen possession both energy and ability, and under his direction we think the citizens generally can confidently expect an era of sane and efficient city government.

HOUSE OPENS NEXT THURSDAY

Session of Legislature Will Be Important re Development of British Columbia

Victoria, Jan. 6.—Preparations are completed for the formal opening on Thursday next of the 1912 session of the Provincial house. The session will only occupy from six to eight weeks but will be of very great importance in its relationship to the development of the province.

An outstanding feature will be the consideration and endorsement of the recently completed revision and consolidation of the provincial statutes in which numerous amendments have been made by the Commissioners, Messrs. Charles Wilson and A.P. Luxton.

Considerable time will also be devoted to the proposed radical changes in the Vancouver city charter, while acts in amendment of the Land Act and for the systemized protection and conservation of the provincial forest resources will be offered by Hon. W. R. Ross.

That the initial debate will be highly interesting is evidenced in the circumstances that two of the admitted orators of the house have been selected to move and second the reply to His Honor's speech, these being Mr. H. H. Watson, of Vancouver, and Mr Alex. Lucas of Yale.

During the coming session certain changes will be made in the act governing the operation of the newly created Department of Insurance. The object is for the improvement and enlargement of the machinery in the department's operation. Col. E. F. Gunther, the superintendent, has proved himself a hard working and practical official fully acquainted with the work in all its branches.

It is his intention to recommend the revision of the act so as to provide for the revision of the province into districts in each of which a correspondent for the department will be appointed, whose duty it will be to promptly report each fire occasioning loss of $100 or upwards with the facts of importance in connection therewith.

The other amendments are to further improve the working efficiency of the department.—Ex.

The Outcast is the best show for the money ever seen in Revelstoke.

Miss Florence B. Johnson, sister of J. K. Johnson, left on Monday last for Vancouver, where she will attend Normal school. Miss Blackberg and Miss Fraser also Normal school students, left on the same train for the terminal city.

LOOKING FORWARD TO SHORT SESSION

Belief That Dominion Parliament Will be Able to Prorogue by Easter

Ottawa, January 8—Members of parliament are arriving back for the reassembling of the House on Wednesday next, and the great activity displayed by the cabinet during the recess will result in everything practically being ready for the consideration of parliament.

While there were som? highly-illuminative discussions before Christmas, the principal thing accomplished was the putting through of the balance of last year's estimates. A constructive legislative program, together with the main estimates will now be taken up. Unusual interest attaches to it by reason of these matters being the first brought down by the new ministry. Great care has been taken in the preparation of the estimates. Bills creating a tariff board, relating to grain inspection, to the extension of the Manitoba boundaries, to the construction of the Hudson Bay Railroad and to federal aid to agriculture and good roads will be brought down early and from their nature, may cause protracted discussion.

It is the general believe, however, that the session will terminate by Easter. The program of private legislation is not heavy as compared with previous years, and outside the railway committee, whose membership, by the way, has been materially reduced, the committee work should be light.

PREMIER McBRIDE WILL ACCEPT

Appointment as Honorary Lieutenant-Col. of B.C. Horse

Major Charles Flick, officer commanding the second regiment of British Columbia Horse, recently received a communication from the Prime Minister of the province in whfch he expressed his appreciation of the honor conferred upon him in tendering him the appointment as honorary lieutenant-colonel of the regiment and accepting the same.

The headquarters of the second regiment are in Merritt. "A" squadron is stationed at Kamloops, "B" at Salmon Arm, "C" at Walhachin, and "D" in the Nicola Valley. The organization of "C" squadron at Walhachin is not yet completed, but it is expected that full information in regard to the extension of the regiment will be forthcoming during the latter part of next week.

Certain arrangements are understood to be pending by which a considerable change in the personnel of the officers will be made. This will take the form of promotions according to seniority, made necessary by the formation of new squadrons.

Lieut. Douglas F. Broome left yesterday for the Cavalry school of Instruction at Winnipeg to undergo a period of training and take his examinations for promotion. Capt. Ronald Campbell leaves today for the same point, and Capt. H.H. Matthews will probably leave Nicola for Winnipeg for the same purpose next week. The officers' examinations since the appointment of Colonel Hughes to the department of militia have been made extremely severe and some rigorous work will have to be undertaken to pass them successfully.—Nicola Valley News.

NARROW ESCAPE

Steel Loader is Pulled Through Bonnet of Cage

While descending from the tenth level to the eleventh at the War Eagle mine, on Tuesday night. Frank Naccarrata had a remarkably narrow escape from death. He was standing on the top of a load of steel, when the cage top caught in a ten-by-ten timber. This was torn away and forced the bonnet up. Nacarrata was flung on to the side of the shaft and then fell back on the bonnet of the cage, riding in that position to the eleventh level.

In spite of his thrilling experience, he had no bones qroken, although he received many bruises. He was taken to the hospital where he was promptly attended to.—Ex.

WHIRLING CAMPAIGN

The whirland method of raising funds for churches, hospitals and similar institutions has proved very successful wherever it has been tried, and the managers of St. John's Presbyterian church have decided to follow this method in their campaign to raise a fund of one thousand dollars. The work will be commenced next Monday, and will be carried on for one week and it is expected that by the end of the week, the amount aimed at will be more than realized. For some time the managers have been organizing this campaign and tonight at 8 o'clock they are having a meeting of all the canvassers, in the church, when the details of the work will be fully explained. These collectors will make a thorough canvass of all the Presbyterians in the city, and doubtless their appeal will meet with a hearty response.

NO CURLING THIS YEAR

The curling meeting called for Tuesday evening met in the city hall. Those present were:—H. P. Cummings, W. A. Sturdy, Rev. Mr. McIntyre, C. M. Field, A. E. Rose, C. R. Macdonald, R. Squarebriggs, G. Barber, C. Newsome, C. B. Hume and H. M. Parry. The meeting was advertise ia the local paper for a week, and the above were evidently all that were interested enough to attend and consequently on account of it being an important meeting in reference to purchasing property, the few present were not desirous of doing anything and the curling was dropped for a few years. This is to bad, as the club had the chance of purchasing ground which will not be available when they do want it.

C. P. R. SURVEY

The Provincial government with Road Foremen Bosley and Bruhn, is now doing good work putting in several hundred feet of mattressing near Malakwa on the Eagle river. The work gang consists of some dozen men, it is expected that the work of putting in a dam 30x100 feet long and seven feet high will last nearly all winter.

The C.P.R. are now doing considerable surveying around Craigellachie, they have had an engineering party on for the past three weeks or more and all kinds of rumors are current as a result of it. It is claimed by some that the Railway Company intend to install a hydraulic gravel wash, while various other causes are assigned for this survey work being done by the big corporation!

WEDNESDAY, JAN. 10th,1912.

Tomorrow is election day, and the ratepayers of Ward 3 will be called upon to exercise the franchise, and choose two representatives from the choose two representatives from the themselves for the position of aldermen on the city council.

At the same time, ballots will also be cast for School Trustees. A full list of the candidates, nominators and seconders appears elsewhere in this issue.

The efficiency and purety of local self government depends upon the ratepayers, who by turning out to vote, and thus showing that they appreciate the work of the candidates and the importance of the issues involved, are fulfilling the duties of citizenship. It is certainly to be desired, that every man entitled to vote should cast his ballot, conscientiously, to stay away from the polls and afterwards to complain of the inefficiency of our city fathers, is a very poor policy. Remember that a voter who stays away from the polls is neglecting his civic duties, and that when such neglect becomes habitual, it is a proof that the civic life has reached a very low ebb indeed.

Smuggling Cave

Deep interest has been aroused on both sides of the river by the story of the existence of an underground passage under the river connecting Old Niagara with Fort Niagara, and used by smugglers years ago, told to the United States military authorities at Fort Niagara by Mrs. Louise Armstrong of Minnesota.

The truth of the story will be investigated. Major Styver, commandant at Fort Niagara, will notify Washington which in turn will officially notify the Canadian authorities of the woman's story.

The woman who says she lived at Niagara-on-the-Lake when a girl, states that on the American shore a main underground passage led from the old French sally port to the water's edge. Tributary byways branched off from this passage, in which were stored some smuggled goods.

MORE MONEY IN HARD TIMES

Match Industry Only One That Declares Bigger Dividends

Mr. C. L. Godding, fiscal agent for the Dominion Match Co., who is stopping for a few days at the King Edward hotel, said:—

"To make more money in hard times is a remarkable prospect. But that is actually the condition in the match industry. It is a remarkable fact that in 1895, the Diamond Match Company in the United States, paid their largest dividends when they paid 21 per cent. dividends on their capitalization of fifteen million dollars. The match industry of the United States has been the most consistent dividend payer known with the exception of the Pennsylvania Railroad. The reason apparently is that when people economize in food, clothing and other expenses, they never think of economizing as far as the inexpensive, humble match is concerned; instead, they turn out the gas and light it again, every time using another match; smoke pipes instead of cigars and simply use more matches.

"Of course there is a tremendous advantage we have in undertaking to pay big dividends to our stockholders. Other match companies have paid these enormous earnings, using expensive raw materials and inefficient machinery and methods, that make the cost of matches under the very best circumstances, very close to three dollars a case. With our new process, we can make matches for $1.67 a case, and sell them to the jobbers for $4.50. On the factory we are intending to build at Vancouver, with a carload capacity per day, we will have a new earning capacity of fifteen hundred dollars a day, to be divided in dividends among our share holders.

"When our plant is completed and turning out matches we want to have the stockholders from all parts of the country properly represented on the board of directors, by men of integrity and standing in their own communities. The representative from New Westminster is Mr. A. E. White the president of the Board of Trade, and a man whose reputation is of the highest. In Vancouver, Mr. Dagwar, head of the Bank of Vancouver, who is a heavy stockholder.

"We expect Mr. England of Kamloops, to act for the people from that district. Mr. England is a prominent grocery man and has taken a large block of our stock. Mr. J. K. Johnson, after proper investigation, is becoming interested with us and has been appointed director to act for the people here. Now is certainly the time to get stock in what will be the most consistent dividend paying concern in Canada. Stock is now selling at par $10 per share and will be advanced by Jan. 15, to $12.50.

"One of the wonderful machines is being demonstrated at Geo. Knight's tailoring shop on First street, and should be seen by everyone, if only for their own education. Stock may be subscribed for at this place.

Royal Mail Choir Will Sing Here

The Royal Male Choir of twenty-six voices is the true type of a Welsh chorus. Made up of splendid voice material and singing with the charming naivite, acute ear and unsophisticated finesse which is characteristic of the best of natur?s singers in all lands.

It has been said that every Welshman is born with a bird in his throat. Certain it is that every gallant little principality something that is unique and wonderful and in its particular line unequall?d in the music of any other people.

German music has been called the music of the head, but Welsh music is music of the heart. All the enthusiasm of the celtic character, its fervor in love, its gallantry in war, its passionate joy or sorry have found expression nowhere else as to Welsh music. Welsh part songs are indescribably beautiful and to hear some of these masterpieces of the "bards" will be given to the citizens here on Jan. 29th, when the choir will halt on its Canadian tour. It is of interest to note that these musicians are on a labor of love. They are giving their services free to raise a fund of upward of a million dollars to fight the ravages of the White Plague in Wales. They have by their efforts already secured $500,000. They hope to swell this fund by $100,000 during their present tour.

The Canadian tour is under the direction of Mr. Clarence Robson, former manager of the World's Tour of the Sheffield Choir and extends from Montreal to Vancouver and return to St. Johns, N. B., visiting in all about 100 cities and towns in Canada.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

ABSORBED BY BANK OF COMMERCE

Eastern Township Bank Bought--Offices Maintained

The directors of the Eastern Townships bank at a meeting held in Montreal decided to enter into an agreement with the Canadian Bank of Commerce by which the interests of the two banks will be merged. Subsequent to ratification by the Eastern Townships bank this will mean the consumation of the largest bank merger that has yet taken place in Canada.

The basis of the union is an even exchange of shares, namely: Two shares of Bank of Commerce stock for one of Eastern Townships bank stock; the par value of the former being $50 and that of the latter $100 This union will result in the creation of a bank with a paid up capital of $15,000,000. The aggregate assets will exceed $210,000,000 while the territory of the bank will cover every portion of the Dominion, including the Yukon.

The number of branches already in existences will be over 300, with direct representation in London, England, New York, San Francisco, and Mexico City. Another favorable consideration to the directors of the two banks is that the union will prevent the duplication of branches inasmuch as the Eastern Townships bank is strongly entrenched in Quebec province, where as the Bank of Commerce thoroughly covers the maritime provinces, Ontario, the northwest provinces and British Columbia.

The present Board of Directors of the Eastern Townships bank is to remain as an advisory board of the united bank, and a certain number are to be elected as full directors of the Canadian Bank of Commerce, as representing the present Eastern Townships shareholders.

Sir B. E. Walker, the president of the Bank of Commerce, will live in Toronto.

The name to be used is "The Bank of Commerce, with which is affiliated the Eastern Townships bank."

The full staff of the Eastern Townships bank will be taken over and all the offices will be maintained. The officers will also enjoy the privileges of the pension funds of the Bank of Commerce.—Ex.

ADVERTISES FOR WIFE

Well Known Cariboo Guide Gives Particulars of Hunting

With every desire to be obliging, and assist Dan Cupid in his missionary activities, the press will no doubt courteously comply with the request "other papers please copy," which Trapper, Hunter and Guide Frank H. Kibbee of Barkerville, appends to an "appeal to the girls and for a wife" which this well known Cariboo frontiersman publishes in the Ashcroft Journal.

"I am a bachelor," declares Kibbee in his matrimonial prospectus; "by occupation a trapper, hunter, and guide; am the owner of a ranch twenty miles from Barkerville, B.C.; aged forty; height five feet eleven inches; habits strictly temperate. I should like to correspond with a nice young lady between the ages of twenty-five and forty; object, matrimony.

"My home camp," the lonely and lovelorn one continues, "is at Bear Lake, twenty-one miles by horse trail from Barkerville." Then for the once he forgets his single wretchedness in obedience to the business instinct which accepts the axiom. — "It pays to advertise." For his appeal for a wife continues.

"My hunting territory takes in Bear Lake, Three Mile Lake, Sandy Lake, Long Lake, Indian Point Lake Isaac Lake and the Iron Slough, a distance all told, by land and water of approximately 150 miles. The portages between the lakes are very short, the longest being less than a quarter of a mile. The hunting is mostly from boats. Will gladly meet parties at Barkerville with horses.

"My territory is pre-eminently a bear country, particularly the habitat of the grizzly, but there are also moose, caribou and some deer — although not many. The fishing, too, is splendid—rainbow and Dolly Varden trout, char and salmon.—Ex.

Offers Himself for Sale

The volunteer slave is a modern possibility in paradox. Each year seems to bring forth some person of professed ability and education willing to sell himself to the highest bidder. The latest combines the unusual attributes of a commercial instinct and the spirit of adventure. His own description, as it appeared in a London newspaper, is as follows

An Anglishman, public school boy perfect physique, 32 years old, unmarried, reckless, penniless, without overweening scruples, will Sell His Life or Services to the highest bidder; a dangerous or desperate mission preferred; remuneration to be proportionate to the risk and the success of the undertaking.—Address, "Unconvectional," etc., etc.

Last year a woman named Elizabeth Magie placed herself upon the market in America. Her grievance was that, having had a $10,000 education, she could only earn $10 per week. When last heard of she was earning a livelihood by playwritting and inventing toys.

Other bargains in humanity appeared in 1905 and 1909. These include Fred Lucas, who was purchased in Fleet street for £2; an ex-prison warden named Taylor, and Arthur Goode who offered himself for one year's serfdom for £20. In no case, however does one recall amongst these candidates a preference for a dangerous and seperate mission."

That there are many men always willing to participate in adventurous work is patent. A declaration of war in any part of the world always calls to the quarter involved young men anxious for adventure. The fact that these men often have social position and private means does not deter them in the least. An Eton boy at the time of the Boxer rising worked his way out to the East, drove cattle up the country, and finally obtained a job upon the Field Post Office. And quite recently a British lieutenant was heard of as forfeiting his commission for the "joy" of a fight with the Turks against Italy.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

MALAKWA NOTES

CORRESPONDENCE.

Editor Mail-Herald:—

Dear Sir,—Have you ever heard of the place called Swanly in the Garden of Eden Valley and of the names that have been suggested to the post office department for the place where J. W. Chancillor's store is located it being about midway between Malakwa and Craigellachie, being about two miles either way from the stations named by rail, but from five to six miles by our present wagon road but the C.P.R. being alive to the development of the district will soon put in a much needed siding in the near future. Swanly is located at the four corners of as many sections of as fine fruit and vegetable land as can be found. The soil is a fine clay loam, with pourous sub-soil, sub irrigated and good top drainage.

There are also several hundred acres adjoining this place that at present is held by timber berths that are logged off that will soon be available from the government in some form and we look forward with great hope in the new administration taking the matter up at an early date. There is likely to be several hundred acres put on the market the coming season. J. H. Johnson has already sold several small tracts from 50.00 to $150.00 per acre and has several more tracts from five acres up now available, and J. Allen will no doubt offer some of his land this coming season.

The land is all level valley land, and not only grows fruit, but hay and vegetables grow equally well. Tobacco, corn, mellons, celery, etc., have all been grown on this bench.

Lying about twenty to forty feet above the river the valley at this point being about two miles wide, gathers all the sunshine protected from winds with a siding and post office it would become one of the places of interest both to the C.P.R. and the whole valley. Verrily, we predict a glowing future for Swanly Conditions are such that it must come. Who knows what the inrush of settlers this coming spring will not do for this valuable land?

A SETTLER.

CORRESPONDENCE.

Editor Mail-Herald:—

Dear Sir,—The Garden of Eden valley would not be typical wthout a Satan. We have discovered him in his true form. From time to time we have heard the hiss of his fiery tongue and the rumble of his dry voice, but recently he has been discovered putting himself before the Ark of Progress with his mighty wisdom, belching forth fiery flames from his nostrils, pawing the ground with his cloven feet, as if to destroy the very elements that gives him life. Truly with might and main, he wields his pen too. The time draws near for Satan's fall, for we believe the Garden of Eden valley, with all the beauties of God's handiwork, with its grand old mountain sides, and the beautiful Eagle river and its mountain streams coursing their way from the fartherest peaks and glaciers, ann woodlands of giant cedars firs, spruce, and hemlock, all go to make nature's work a study for the artist and lovers of nature can feast their eyes on what nature has made one of the grandest valleys in British Columbia, with its fertile soil, natural water courses, abundant moisture, congenial climate, free from blizzards and cyclones, hail storms, etc., that so common to many parts of the east. A valley where you do not have to tie your hat on your head to keep it from soaring away. Truly it is the valley of no wind but plenty of pure air to sustain life to all who may come. Though Satan may get in his work, we don't believe he can stay the progress that has started toward the garden of Eden valley with the army of happy home seekers headed Edenward.

SETTLER.

The prospects for the coming year are very bright for the Garden of Eden Valley, and preparations are being made for improvements throughout the valley, among some of the important ones are that J. W. Chancillor will put in a full line of dry goods and ladies and gents furnishings which will make his store look quite cityfied with his already complete line of staple groceries.

Owing to the chilly weather of late the surprise party that was talked of to be given Mr. and Mrs. G. W. Hall, we believe, has been postponed until milder weather, so that the lawns will be more comfortable, and the large attendance that is expected can be better accommodated. It was to have been the crowning event of the season, for the noted hospitality of Mr. and Mrs. Hall gives full assurance of a good time. We sincerely trust the plan will take shape again with the beginning of milder weather.

FROZEN TO DEATH

Disastrous Ending to Festive Gathering

Frozen to death on New Year's day only a short distance from home was the fate of Beauchamp B. Starkey, upon whose body today an inquest was commenced yesterday. Starkey's corpse was found in the snow frozen stiff in a gully about one and a half miles south of Nahun.

The unfortunate man it appears had been staying during Christmas with Mr. H. B. Kinnard, postmaster at Nahun. On the last day of the old year he set out to visit the Somerset brothers about two miles away A party of some eight men had got together there to see the old year out. He stayed there all night and about 3 o'clock on Monday started to walk back to the postmaster's house. He had a trail of about half a mile to traveree before striking the wagon road, but he seems to have been more or less under the influence of liquor, and blundered around in the snow for a short distance falling several times as his tracks plainly show, finally giving way to the stupifying cold, and lying down to die. He was clad only in a light suit and entirely unable to stand exposure to the intense cold of New Year's Day.

The inquest was opened yesterday morning but adjourned to arrange for attendance of witnesses, and for the result of a postmortem examination. Starkey was an Englishman, but had been in America ann Canada for a number of years. He was fairly well known in town, having worked for a short period with Collett Bros. He is said to leave a wife (divorced) and two children in Seattle.—Kelowna Record.

Burnt to Death at Vernon

A sad story of a disastrous fire on New Year's day, in which the wife of Alex McDonald of the B.X. ranch lost her life, came from Vernon. It appears that the family were alarmed early New Year's morning by an outbreak of fire, and hastened from the house. Mrs. McDonald, however, ran backback into the house for some purpose and was overcome by the smoke, and being unable to get out again was burnt to death. Her daughter also received severe burns, and is now in the hospital. The sad affair has created a great sensation in the district. The McDonald's are old timers in the valley and highly respected.—Ex.

Distribution of Seed Grains

By instructions of the Hon. Minister of Agriculture a distribution will be made during the coming winter and spring of superior sorts of grain and potatoes to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), white oats (4lbs.), barley (5 lbs.), and field peas (3 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontaio and Quebec. All samples will be sent free, by mail.

Applicants should give particulars in regard to the soil on their farms; and should also state what varieties they have already tested and in what way these have been found unsatisfactory, so that a promising sort for their conditions may be sent.

Each application must be separate and must be signed by the applicant. Only one sample can be sent to each farm. Applications on any kind of printed or written form cannot be accepted.

As the supply of seed is limited, farmers are advised to apply early to avoid possible disappointment. No applications can be accepted after February 15th.

All applications for grain (and applications from the provinces of Ontario and Quebec for potatoes)should be addressed to the Dominion Cereal ist, Central Experimental Farm, Ottawa. Such applications require no postage.

Applications, for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

Wolfe at Louisbourg

The following spirited verses which gained the $100 prize offered by the Toronto Globe for the best historical poem on a Canadian subject, appeared in the Christmas number of that paper. They are by Mrs. Logie Macdonnell, formerly of Vernon, and will be read with interest by her many friends in this city:

Fierce pounds the surf against the crag tonight;
(Up and follow, brothers, when the calls.)
The sullen fog lies thickly on the sight;
The fortress laughs up their in our despite;
One narrow strip of land, and breakers left and right,
But Wolfe is calling. Follow when he calls.
The ambushed guns have launched their deadly roar;
(Steady, brothers, follow where he leads.)
The narrow strip of sand runs red with gore;
Through splintered planks the mocking waters pour;
'Tis ours to flee to safety or drive to death ashore;
But not a man will fail him now at need.
Five ugly teeth grin back upon our lee.
(Pull like madman, brothers, weal or woe.)
Grim teeth that crunch their prey with horrid glee;
The red wave gulfs us, fighting hand and knee.
God only knows if ever more we'll see our village quay,
But if we follow Wolfe we'll wee the foe.
The flag is flying o'er the forest steep.
(No more calling, brothers. Rest you now.)
England's task is finished; rest and sleep.
He'll call us when there's other corn to reap,
And we'll follow him to glory or join those in the deep,
But no one calls today, so rest you now.

HINDUS WOULD NOT ASSIMILATE

This is Verdict of Special Federal Agent

Vancouver, B. C., Jan. 5.— That the Hindu along with other Asiatics belongs to a race of people which will not assimilate with the Canadian and which will not even in time be absorbed in the conglomeration which in years will form the bulk of the population, is the opinion of F. C. Blair, special federal agent, who is in Vancouver to investigate the condition of the Hindu and note just what are the conditions which surround him after he has come to Canada and made it his home. Mr. Blair said:

"With particular reference to the matter of the immigration of the wives and children of the Hindus already here, I can state that if the Dominion government decides to let them in such action will only be taken after the most careful enquiry has been made and under very careful supervision, and we will have to be satisfied that the women who are brough forward are actually the wives of the men already here."

"The British and Canadian governments recognize that had it not been for the loyalty of the Sikhs in the sepoy rebellion the history of India might today be greatly different. We recognize that we are all British subjects and that the East Indian is as loyal as his white fellow subjects. But we must recognize the fact that we have a duty to our own country as well as to the empire of which we are proud to be a part.

"The imperial government recognizes the right of every British colony to legislate for itself as to who shall and who shall not come within its borders. I find that of all countries Australia is the most particular and has the most rigid immigration regulations. Few Hindus could leave British Columbia even now and become residents in the Commonwealth.'—Ex.

BRITAIN FACES MINERS' STRIKE

Men Are Expected to Vote in Favor of Walkout

London, Jan. 5—While the prospects of a settlement of the cotton strike are considerably improved tonight, another labor trouble is threatening in the shape of a national strike of miners, who desire to secure the minimum wage. A ballot of the miners will be taken within the next week to decide whether they shall give notice that such a strike is to be declared on March 1st.

The leaders of the miners' federation are against a walkout being declared, but it is predicted that they will be outvoted by the men. The Right Hon. William Abraham, member of parliament of Clamorganshire, Wales, who is the son of a working collier, says a strike would give the American owners an opportunity for wholesale exports to England.—Ex.

A CLEVER PLAY

C. J. Bancroft Scores Success With Private Secretary

When Charles Hawtrey wrote "The Private Secretary," which was presented at the Regina theatre last evening, it is extremely doubtful if he ever dreamed that his comedy was one which would last as long as the English language and which would afford amusement to countless people from one end of the globe to the other.

It is also very doubtful if when C. James Bancroft undertook to assume the role of Rev. Robert Spaulding (the private secretary), he ever dreamed that he would breathe into the character a portrayal that alone would have made the comedy the brightest, cleanest and most humorous that the present stage boasts.

Mr. Hawtrey evidently undertook that rich uncles occasionally like their dependent nephews to have a splash of real manhood in them. His conception of Douglas Cattermole the nephew of a rich but sportive uncle, was one that is seldom seen in modern comedies and the fact that he did not sow his wild oats sufficiently fast, gave rise to situations which, to say the least, afford considerable amusement. It was possibly unfortunate for Rev. Robert Spaulding that he should have fallen into the hands of Harry Marsland at the moment he (Marsland) and Cattermole junior were planning how to please Uncle Cattermole. It was likewise unfortunate for Mr. Spaulding that Marsland should have conceived the idea of Cattermole junior impersonating the reverend gentleman. Nevertheless these things happened and despite Rev. Robert Spaulding's dislike of London and his frantic efforts to straighten matters out, he successfully managed to mix things up that it was left to a tailor (and would-be gentleman) to finally place the pieces into their proper places.

The character of Rev. Robert Spaulding is a peculiar one. Fresh from a country studio, a curate of the mildest type, he undertakes to act as private secretary and private tutor, his pupils being two young ladies who had but just arrived at the age when they are called "charming" by the young men. Mr. Spaulding is unlike any other curate that ever donned the frock. He is also unlike any other tutor who engaged with pupils. He is, further, unlike anything else that ever was. To do him but scant justice, Mr. C. James Bancroft in the part as played last night is perfect. There is a drawl in his voice that is irrestible; his "do you know" accompanied by the action of his hand caused roar after roar from a packed audience; his concern over his goods and chattels especially his "periodical" was the cue for more laughter and from the start Mr. Bancroft succeeded in holding his audience until every entrance he made was accompanied by a burst of applause.

Second to Mr. Brancroft's part is that of Alexander Frank in the character of Douglas Cattermole, the uncle, and it is safe to say that no such perfect presentation of such a part has ever been seen by a Regina audience before. There was a wealth of humor in the scowl and glare of the old gentleman and there was a wealth of love for his nephew— when he found out who really was his nephew. Mr. Shirley Braithwaite in the part of Sidney Gibson, tailor of Bond street, whose sole ambition was to "soar into society," also made a hit His presentation of the "gentl man who had filled his cup to overflowing in the second act was one of the best seen for many a day while throughout there was an atmosphere of Bond street in his presentation that could not be denied.

The other parts were equally well taken and the whole company is one of the best balanced that has graced the boards of the local theatre for some time. The comedy will be played again this evening.

Local Option Gains and Losses

Toronto, Jan. 1—The following 25 municipalities gave a clear majority against local option:

Mimico, Hastings, Dunville, Chatham; Simcoe, Alvinston, Port Arthur, Brant township, Watford, Markham, Uxbridge, Waterloo, Madora, Wood township, Tyendinage township, Hungerford, Ridgetown, Mornington township, Port Edward and Chesterville.

Thirteen municipalities carried local option as follows:—Sannington, Lucknow, Kinloss township, Eckford township, Flenheim, Percy township, Orillia township, Bagot and Blythfield townships, Calabogie township, Warkworth village, Howard township, Charlottesville and Pelee Island township.

As many of these are rural municipalities only 15 bars are wiped out. In the following municipalities bare majorities were given for the measure, but the required three-fifths vote was not secured:—Caledonia, Hagerman township, Wroxless, Hepworth, Goderich, Thetford, Glandford, Etobicoke township, Milvernon, Sherbrooke township, North Cayuge township.

A quiet wedding was solemnized last evening when Rev. W. A. Wyllie united in marriage Harold Rot Ackman, bookkeeper with England and Son, and Laura A. Eddy, of Tacoma Mr. and Mrs. Ackman will reside in Kamloops, at 663 Seymour street. — Inland Sentinel.

At present No. 13 and 14 passenger trains stop at Malakwa. The settlers of that valley are making strong representations to the Railway Co., asking that the other trains stop also. There are three passenger trains each way and the only train that stops is No. 14 which reaches Malakwa at 5:40 a.m., and the good people of the Garden of Eden, want a train to stop at a more rational hour.

The Poultry Show prize list, owing to the fact of its length, has been held over till Saturday's issue.

A. S. Goodeve, M.P., left on Wednesday morning for Ottawa, stopping over at Nelson until he was joined by Miss Goodeve, who left by the evening train, and who will accompany him to the capital. The member for Kootenay was to meet Hon. Thomas Taylor, provincial Minister of Public Works, at Revelstoke on Thursday, to confer with him on railway prosposals and major public works in which British Columbia is directly interested. Miss Goodeve will subsequently go to Montreal. — Rossland Miner.

One of the local church treasurers has drawn attention to the fact that the year 1911 has 53 Sundays in it. The quarter ending December 31st having 14 Sundays instead of the usual 13. This circumstance was brought about by the first day of January 1911 falling on Sunday and the 31st day of December also falling on Sunday. There being 365 days in a year there is consequently one day more than the even 52 weeks and in the year 1911 this extra day fell upon a Sunday. Contributors to the church funds by the weekly envelope system will consequently find that for the past quarter they are charged up with 14 Sundays.

Alfred Dickens Dead

New York, Jan. 2—Alfred Tennyson Dickens, eldest surviving son of Charles Dickens, the novelist, died suddenly of acute indigestion at the Hotel Astor here late to-day. Mr. Dickens was in this country on a lecture tour.

Mr. Dickens was a godson of the late Lord Alfred Tennyson, Poet Laureate of England. He was in his sixty-seventh year. Mr. Dickens, who had spent the greater part of his life in Australia, going there at the age of twenty, arrived in this country on September 29, landing at Boston. He rested thre for ten days, because of a slight indisposition, before beginning his lecture tour, which he opened at Lowell, Mass., on October 9. His travels to fill lecture engagements took him to many cities in the east, and in the west as far as Denver. His last lecture was on Friday, December 28, before the State Teachers' Association at Indianapolis.

The lecturer reached here last week, spent Sunday with cousins in Pelham, and was on his way to attend the theatre last night when taken ill. He was better this morning and was preparing to go this afternoon to Kingston, N.Y., to fill an engagement when he was again attacked. He died shortly after being removed to his room from the hotel lobby where the seizure overtook him.

The mission here of the noted novelist's son was to lecture on the life and work of his father.

NAKUSP NOTES

BORN—On Sunday, January 7th, to Mr. and Mrs. F. B. Lucas, a son.

BORN—On Monday, January 8th, to Mr. and Mrs. A.E. Haigh, a son.

Miss Bates, who has been employed at F. W. Jordan & Co.'s store, left for Vancouver this week.

H. L. Rothwell entertained a number of friends on New Year's eve.

Many were the expressions of disappointment heard that the members of the old 45th did not parade as usual on New Year's day. It is to be hoped that next year they will appear again.

The cold snap has greatly interfered with the steamboat service, the ice in the lower lakes delaying the boats so much that the train service has been put on. From here passengers for Nelson and other points are sent over the N. & S. railway and Slocan Lake. The steamer Minto will endeavor to keep navigation open down the lake from Nakusp to Burton and if possible right through to Edgewood.

Miss Mitchell, our school teacher, who has spent her vacation in Sandon, has returned to resume her duties, as has also Mr. King of the Glen Bank school, who spent the vacation in Vancouver.

Mr. Jas. Sneddon has his new boiler installed and the Leland hotel is now nicely heated by steam.

Mr. S. Mills is expected to return from the coast in a few days to resume work on the government dredge and barges.

Mr. Thos. Abriel will be one of the B. C. Fruit Growers' representatives at the big convention to be held in Ottawa.

Mr. J. H. Vestrup wife and family have returned from a lengthy visit to the east.

Rev. Allan Wilkie, who spent the holiday season in Calgary, is back again.

A certain bachelor in town has received a shipment of furniture, a sure sign that something will likely happen shortly.

Mr. and Mrs. J. A. Dougal, who have been at Galena Bay, are at home again.

The Dramatic Club are getting busy and two plays are under way. The public can look forward to a treat in the dramatic line. Announcement of plays will be made shortly.

Nurse Kennedy, of the hospital, leaves shortly on a vacation trip to the coast.

Nakusp has the incorporation fever a meeting was held and a committee appointed to get full information.

On Thursday evening, January 4, Mr. Thos. Abriel, president of the Dramatic Club, assisted by Miss Abriel, entertained the members of the club at his home. A most enjoyable evening was spent.

A Few Lots at $250.00 Each

Only Two Miles from Post Office. Quarter Down, Balance in 3, 6, 9 and 12 Months

A glance at the statistics showing the marvelous development taking place in Saskatoon will readily convince you of the great possibilities of this city as a real estate investment. The average increase in Saskatoon Realty for the last three years is 562 per cent. What better interest could you want on your money?

SASKATOON has grown from 3,000 in 1906 to 20,000 in 1911.	SASKATOON has nine operating lines of railway.
SASKATOON for 1911 has now doubled the building permits of 1910	SASKATOON distributes to 184 thriving towns and village
SASKATOON has over one hundred wholesalers located there.	SASKATOON will have a Street car system operating next Spring.

The starting of the Street Car System more than doubled in value suburban property in Calgary 2½ years ago. The same thing is bound to happen in Saskatoon next Spring. These lots we are offering are well situated, being close in, adjoining the City Park, and are such exceptionally good value at $250 that we are safe in predicting that they will be worth $400 each in one year's time.

The Price of These Lots Advances $50 Each on Feb. 1st., 1912
