THE LATEST TELEGRAMS

Riley Introduced in the Senate. —Projected Railway to Tete Jaune Cache.—Big Price for Mines.—Other Wires.

[BY TELEGRAPH]

OTTAWA, March 24.—Senator Riley was introduced in the Senate yesterday by Senators Scott and Bostock.

The Commons passed all yesterday in supply and agreed to all customs estimates and part of the post office and justice appropriations.

Premier Laurier was asked by a deputation to bring the express companies under the control of the Railway Commission.

MacPherson introduced a bill authorizing the Vancouver, Westminster and Yukon to build branches, including one to Tete Jaune Cache.

SEATTLE, March 24.—Wm. Mackenzie, of Toronto, has bought for five million dollars the Conrad Consolidated Mines on Windy Arm.

London and New York capital is to build a railway from tide water on Prince William Sound, to the Copper River country.

VICTORIA, B.C., March 24.—Captain Miekkelsen, who is to sail towards the North Pole, has rechristened the sealing schooner "Beatrice," bought here, to the "Duchess of Bedford," in honor of the British peeress, who has given much attention to Polar research.

TORONTO, March 24.—The Canadian Northern have bought real estate in the eastern central district to the value of $325,000 for terminal purposes.

PITTSBURG, March 24.—Coal has advanced to famine prices. The news from Indianapolis that the coal miners and operators' committee has so far failed to reach an agreement, is sendthe price of coal sky high.

SAN FRANCISCO, March 24.—A despatch from Los Angeles says that the Yaquis Indians have slain seven more people, five being women. They ambushed the party of Pedro Meza, the president of Ladura, Sonora and Mexico, consisting of Meza, his wife, and three daughters, Mrs. Hoff and Theodore Hoff. The two men fought back to back in defence of the women, but from the first their chances were nil.

NEW YORK, March 24.—Before leaving for England yesterday, Sir Thomas Shaughnessy gave it as his opinion that the U. S. railroads were making altogether too much opposition to the proposed rate of the regulation bill. He said: "Rate regulation in Canada is under the sole control of the Railway Comission and is satisfactory to both railways and shippers. United States railroads would be better under Government regulation rates.

SHOCKING FATALITY.

Two Sons of C.P.R. Employees Burned to Death.

CALGARY, Alta., March 21.—Two little boys, Gordon McRae, aged five years, son of a Canadian Pacific Railway engineer, and his playmate, Cecil Gayson, son of a C. P. R. fireman, were burned to death in a stable in which they were playing yesterday.

No one knew they were there until the bodies were discovered after the firemen had extinguished the flames

POLITICAL.

The Dominion Government will amend the legislation of last session granting pensions to ex-ministers to apply only to ex-ministers in needy circumstances.

INCENDIARISM.

Kincaid & Anderson's Office Fired.

About 2:30 yesterday morning an alarm was rung in, the cause being fire in the offices of Kincaid and Aderson, insurance agents, on First Street. A volume of smoke was seen issuing from the rear of the building, and on the alarm being rung in, No. 2 Brigade mustered promptly and extinguished the fire before much damage was done.

The origin of the fire is a mystery, but looks suspiciously like the work of an incendiary. It started in an unused room where no fire had been burning and appeared to have been started underneath the building or under the door. There is little doubt it was the work of an incendiary. We don't want any fire bugs in Revelstoke and hope no effort will be spared by the police and insurance companies to bring the thing home to the perpetrator.

LUMBERING.

The Bowman Lumber Co. will start cutting at the Revelstoke mill on Monday and at their new mill at Comaplix by the middle of April.

The Revelstoke Sawmill Co., Ltd., expect starting up their new mill at the Big Eddy, Revelstoke, in about three weeks.

CREDITABLE PRODUCTION

Of "The Colleen Bawn" by the Amateur Dramatic Club Last night — Entertainment Followed by Dance.

As was anticipated "The Colleen Bawn" complimentary benefit to Mr. and Mrs. T. H. Dunne, by the Amateur Dramatic Club, drew a large crowd to the Opera House last night. Throughout, the audience followed the play with the closest attention, and the performance was punctuated frequently with outbursts of applause. Mrs. H. A. Brown, in the title role, drew high encomiums from the audience, as did also W. M. Lawrence as Father Tom. W. A. Sturdy played the extremely difficult character of Hardress Cregan with great credit, and T. H. Dunne as Danny Mann was particularly good, especially in the death scene. R. H. Sawyer was true to life as Myles, a rale Irish boy, and kept the audience convulsed with laughter. Miss Hislop gave a splendid representation of Sheelah, Danny's mother. This was Miss Hislop's first appearance as a member of the Dramatic Club, and, judging from her performance last night, will prove a great acquisition to the club. Mrs. W. M. Lawrence, as Miss Anne Chute, and Mrs. T. H. Dunne, as Mrs. Cregan, cleverly portrayed their respective characters. T. E. L. Taylor, as Kyrle Daly, and D. M. Rae, as Corrigan, were also good. Good support was given by the guests, servants and soldiers, and altogether it was a most creditable production.

Between the acts pleasing selections were rendered by the newly organized Revelstoke orchestra, whose playing was most favorably commented upon by the audience. It is hoped the orchestra will prove a permanency as an organization of this kind is much needed in the city.

At the conclusion of the performance a social dance was held to which most of the large audience remained.

SPECIAL NOTICE.

Everybody should hear the marvellous story of the transformation wrought among the Indians of the Pacific Coast of B. C., as will be told in the Methodist church on Sunday at 11 a.m. Miss Katie Sutherland will sing "Everybody Should Know." At 7:30 Mr. Hastings will give a cello solo and the choir will sing "Speed Away."

For horses, cattle, poultry, etc., we have opened a new shipment of Stock and Poultry foods. All sizes, at the Canada Drug & Book Co.

ROSSLAND SWINDLED

Macedonian Day Takes $500 from the Citizens—Police TrVing to Locate Reverend Preacher.

ROSSLAND, March 22.—In November last Rev. J. A. Day, D.D., visited this city and made an appeal for the children of the Macedonian orphanage at Ashata, Rogea, Macedonia, stating that their parents had been foully and cruelly murdered by infidel Turks and that he desired to find homes for them among Christian families in order that they might grow up amid moral surroundings and influences. He declared that it was only at the peril of his brother's life that he was out here seeking homes for the orphans, as his brother had to become a hostage for his return, and unless he went home within a certain time it was hard to tell what the Turks would do to his kinsman.

Rev. J. A. Day preached in the Methodist church here and his recital of the wrongs suffered by his fellow Christians and of the orphans in Macedonia left but few dry eyes in the church. Children under 10 years of age, said the reverend preacher, could be had for nothing by those who desired to adopt them, but between the age of 10 and 15 years it was necessary to put up $50 each to pay for their passage from Macedonia to Rossland A number put up the $50 and he gathered together $500 in this city and left.

Besides this he worked nearly every town of importance in British Columbia and then went to Alberta and Manitoba. It is certain that his ill-gotten gains ran into at least $20,000. The last heard of him he was operating near Medicine Hat in Alberta.

One of his victims in this city wrote to the Macedonia orphanage to ascertain when the orphan, whose passage he had paid, was coming and received a reply stating that there was not such an orphanage and that there was no such individual known in that section as Rev. J. A. Day, D. D. The police here are endeavoring to locate him.

DIVORCE COURT

Sargent v. Sargent.

The divorce case of Sargent vs. Sargent was heard before Mr. Justice Morrison at Vancouver on Thursday, Mr. H. A. Bourne representing the legal firm of Scott & Briggs, Revelstoke, appearing for the petitioner, Mrs. W. H. Sargent. The respondent Sargent made no appearance.

Mr. Bourne briefly stated the facts. Mr. and Mrs. Sargent were married in Ontario on January 13th, 1892; they removed to British Columbia, and lived for some time at Illecillewaet, where they had two children, a boy and a girl, at the present time aged ten and twelve years, respectively. On account of the cruelty of her husband Mrs. Sargent separated from him and maintained herself and the two children by keeping boarders in Revelstoke, while her husband continued to live at Rogers Pass.

In March, 1905, Sargent left for a trip to Toronto, and returned accompanied by a woman whom he admitted he had married. They registered at a hotel in Revelstoke as man and wife, and Sargent had the impudent audacity even to take her to his wife's house and introduce her to his real wife as a woman he had married in the East.

Mrs. Sargent had him arrested on a charge of bigamy, but he got off on a technicality, and afterwards went with the woman to Dakota. Mrs. Sargent then instituted the proceedings for divorce.

His Lordship granted the divorce with costs against the respondent.

SATURDAY, MARCH 24, 1906

ELECTRIC POWER FOR CITY.

We congratulate the City Council on the business-like way in which they have gone about the problem of supplying electric power for the C.P.R. shops and other industries in Revelstoke. They have made full and careful investigation of this problem and should have no difficulty in coming to an equitable agreement with the C. P. R. The city has 200 horse power running to waste which will be made a revenue-producer by this plan proposed. The Council had the advantage of the co-operation of the Board of Trade committee, including the assistance of Mr. O'Brien, the former mayor, to whom was due the credit of securing the water and electric light franchise and equipment for the city and who has a specially intimate knowledge of the subject. The proposal to be laid before the C. P. R. will amply safe-guard the interest of the city, so that it should have the hearty endorsement of the citizens when the by-law goes before them for endorsement.

The provision of cheap electric power will result in the enlargement of the C. P. R. shops and the increase of the staff. Not only so, but, it will be a boon to the other industries already established in the city using power, and will promote the establishment of new industries. The movement is the most important and progressive step that has yet been taken by the city, and will do much to make Revelstoke recognised as the premier city of the interior.

The Rossland Miner says:—

"Mining is again on the upward way, and nothing, seemingly, can prevent good times in the several meritorious camps of the Kootenays and Yale.

The Canadian Pacific and the Great Northern, shrewdly reading the signs of the times, are preparing by spending large sums in the extension of their lines and in betterments to be in shape to handle the increased traffic that is certain to result."

Pleases every smoker—the "Marca Vuelta."

If you buy where you can spend your money most profitably we'll get your trade—J. G. Macdonald.

FRUIT GROWING

The Rage for Suitable Fruit Lands.

(Trail News)

Nearly every one in Nelson has the fruit land fever, and unimproved lands along the Kootenay Lake are selling from $15 to $50 per acre.

A considerable number of settlers will arrive from Manitoba points in May to occupy blocks at Columbia Gardens, seven miles down the river from Trail. About $12,000 was spent last summer installing an irrigation system. The 1200 acres have been sub-divided into blocks of from 10 to 30 acres. James Hunter, of Rossland, has three blocks partly cleared and will this season plant 1000 apple trees and a considerable area in small fruits, strawberries, musk ad water melons, etc.

R. M. Perdue has returned from a ten days trip to Peachland, Summerland and other points in the Okanagan. Mr. Perdue states that unimproved land in that vicinity, land that will cost $100 an acre to clear the stones off is selling at $200 per acre, while lands partly improved sell for several times that amount per acre. Mr. Perdue considers that it will not be very long before unimproved land along the Columbia will sell for $50 per acre. The lands along the Columbia grow better fruit than even the Okanagan.

As a whole British Columbia is 97 per cent mountain, and the Kootenays are probably 99 per cent mountain tops so that the area that can be cultivated is comparatively very small. From these narrow valleys of the Kootenays must come almost all the fruit for the great empire that is building up on the prairies from the Rocky Mountains to Eastern Manitoba.

AS OTHERS SEE US.

Interview with a Revelstoke Man.

Edward Corning, a popular business man of Revelstoke, who with his wife has been enjoying a brief vacation on the coast, told the World business conditions were never so good in the Gateway City to the Kootenays as they have been this winter. He attributes much of the prosperity to the big lumber mills around Revelstoke, and to the fine payrolls made possible by the Canadian Pacific moving their mountain repair shops from Field to Revelstoke and concentrating at that point one of the largest bodies of skilled mechanics, earning the highest salaries, to be found anywhere in British Columbia. Besides, Revelstoke is a divisional point for the mountain division, and some forty railroad crews, both passenger and freight, make that city their headquarters.

"Take such mills as that of the Mundy Lumber company at Three Valley, near Revelstoke, for instance, and in a few months since operations started quite a community has sprung up. At Arrowhead and Comaplix other big mills are in operation, employing large forces in and around the plants and also in the woods. These sawmills are all directly tributary to and Revelstoke benefits largely from them. The Revelstoke Lumber Company is rebuilding its mill at the Big Eddy, which was destroyed last fall; and the other local saw-milling plants are all actively engaged in cutting timber and making lumber for shipment to the prairies as soon as the building season over there opens. The lumber industry promises big things in the future, and as it develops so will Revelstoke prosper.

"Other material resources are our mines and the opening up along the Columbia river of fine stretches of arable land suitable for fruit culture and the raising of garden truck. Then, too, the scenic possibilities of Revelstoke are not being overlooked, and a tourist association has recently been formed to exploit the marvellous scenic attractions that are to be had within a day's travel of the city."

R. Howson & Co. have one of the largest and best assorted stocks of Furniture and House Furnishings in B. C. They are now showing new designs for the coming season in Carpet Squares, amongst which are Velvets, Axminsters, Brussels, Ingrains and Tapestrys. Cash or credit, mail orders receive prompt and careful attention.

C. B. Hume & Co's. Millinery Opening, Thursday, March 29th, afternoon and evening.

Pleases every smoker—the "Marca Vuelta."

THE EXCELSIOR LIFE INSURANCE COMPANY

We are in receipt of the 16th financial statement of this well-known life insurance company, together with extracts from the annual report submitted to the shareholders' meeting on the 8th inst. From a careful examination of the year's results, fully and clearly set forth by the figures of the statement, we are bound to admit that 1905 proved the best year in The Excelsior's history, notwithstanding the New York inquiry, which more or less interfered with the progress of Canadian life companies. The extension of The Excelsior Life's operations in 1904 to the boundaries of the Dominion was amply justified by the achievements of 1905, which could not fail to please shareholders and policyholders alike.

The amount of new insurance written was $2,443,281, an increase of $205,124, and the total of insurance in force on 31st December last was $9,008,774, an increase for the year of 18 per cent. The cash income, including premiums and interest totalled $324,503—an increase of 15 per cent.—and the interest receipts alone more than paid death claims, head office salaries, rents and expenses; while the total of disbursements was $176,725, showing a decrease of 7.27 per cent. in expense ratio. As previously stated in these columns, The Excelsior Life enjoys the lowest death rate of any Company on record of the same age; its average annual death rate being 3.56 per cent. The Company's reserve fund was increased last year by $141,747, or 20 per cent., the amount now standing at 894,025. The Excelsior Life's investments have again proved exceptionally profitable, and their net assets amount to $1,009,700, an increase of 20 per cent., while the total assets for the policyholders' security foot up the large sum of $1,410,944—showing $1.67 for every dollar of liability, including reserve. The net surplus on policyholders' account is $105,551. When the amount of the Company's policy contracts are considered, the extra security afforded by The Excelsior Life to its policyholders is seen to be unusually large.

From the above stated facts and figures we think Secretary Marshall and the Directors are to be congratulated upon trying successfully to live up to the surpassingly high-class name of the Company. There can be no doubt that The Excelsior Life is rapidly growing in favor with the insuring public, and with its continued good management upon safe conservative lines, the field agents have only to properly represent its attractive plans and liberal contracts to meet with the largest success. "The Excelsior" has great possibilities—we expect to see it grow until it becomes one of the largest of Canadian life companies.

This live company will shortly be represented at Revelstoke by J. I. Woodrow.

A BIG ENGINE.

TORONTO, March 22.—The Canadian Pacific Railway has decided to place one of the latest big locomotives on the run between Toronto and Havelock. The new engine is the product of the shops at Montreal, and weighs three hundred and thirty-seven thousand pounds. She has four large truck wheels, six drivers and two trailing drivers. Her tender will carry five thousand gallons of water and ten tons of coal. The advantage in this will be the capability to haul fifteen coaches and thus dispense with the running of the train between Toronto and Havelock in two sections.

NOTICE

NOTICE is hereby given that thirty days after date we intend to apply to the Hon. Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in the District of West Kootenay:

1. Commencing at a post marked "Arrowhead Lumber Co., Ltd. North-west corner post" planted near the mouth of Deep Creek near the shore of Upper Arrow Lake; thence south 80 chains; thence east 80 chains; thence north 80 chains; thence west 80 chains to the point of commencement.

2. Commencing at a post marked "Arrowhead Lumber Co., Ltd. North-west corner post" planted about 100 chains south from the mouth of Deep Creek where it empties into Upper Arrow Lake; thence south 80 chains; thence east 80 chains; thence north 80 chains; thence west 80 chains to the point of commencement.

Dated this 7th day of March, A. D., 1906.

ARROWHEAD LUMBER CO., LTD.

LUMBERING

ACTIVITY ON FISH CREEK.

The Bowman Lumber Co., intend logging a large limit in the vicinity of Sable creek, and a force of men will shortly commence erecting camps.

Logging will be conducted with the aid of donkey engines, two of which will be employed in the work.

Hillman & Beaton will start cutting logs on a limit a few miles above Camborne, and Geo. Lux & Sons will also commence similar operations on a near by limit, cutting for the Bowman Lumber Co. It is said at least seven logging camps will be in full swing on Fish river north of Camborne this summer.

A shortage of logs has been reported by a number of lumber companies in the province, but the Bowman Lumber Co., has been very fortunate in this respect inasmuch as all the logs cut at their several camps during the past winter have been hauled to the different waterways from whence they can be easily transported to the mill at Comaplix. With the summer camps that are about to be opened up, in operation the Bowman Lumber Co. will have an abundunce of logs to keep its new sawmill up to full capacity.

The largest load of logs of the season, consisting of 12,464 feet of white pine was put up and hauled at the Bowman Lumber Co's. camp No. 2, on the Columbia river.—Miner.

BOWMAN LUMBER CO'S. MILL AT COMAPLIX.

What, when completed, is calculated to be one of the largest and most up-to-date sawmills in the interior of British Columbia is rapidly approaching completion at Comaplix, says the Miner. The mill is being erected by the Bowman Lumber Co., and is 196 feet long, 60 feet wide and 2½ stories in height. In addition to this main building there is a planing mill, dry kilns, machine shop, shingle mill, boiler house etc. The machinery is of the latest improved pattern including an 8 foot double cutting band saw, 8 ft. resaw and numerous other saws adapted for their different uses. A system of live rollers is installed for carrying lumber to any part of the mill, and an endless chain and hooks are provided to haul logs from the boom into the mill, in fact nothing is lacking that will tend to save time and lessen labor. Power for driving the mill is derived from six boilers of a combined capacity of 600 horse power, while a water wheel is used to give motive power to the dynamo which supplies electric light to the sawmill and town of Comaplix. The mill is most substantially built on a foundation of driven piles, of which there are 800, the entire work being done under the supervision of the manager, Mr. A. F. Dudgeon. The daily capacity of the mill will be 100,000 feet and it is anticipated that everything will be in readiness for operation shortly after the first of April.

The enterprise of the Bowman Lumber Co., is worthy of mention as the the advent of its new mill will stimulate logging operations in the vicinity of Camborne where the said company owns extensive timber limits, and will be the means of adding considerably to the population and business of the town of Comaplix.

MINING MATTERS

The Reco vein has been encountered in the low level tunnel at 1500 ft. depth. The vein mineral contains a trace of gold, 12.5 ounces of silver, 7.6 per cent of lead and 34 per cent of zinc.

Spokane parties are inquiring about the big zinc property on Arrow Lake.

The Canadian Metal Co. is now getting down to business, and in a short time train loads of ore will be going out from the Silvery Slocan. Reports from the company's Bluebell mine state that the old mine has more ore in sight than ever uncovered before.

Silver has recovered to 65c. an oz.

W. B. Pool has returned to Nelson from Spokane. He has been engaged in organizing the company which will develop the Majestic mine in the Lardeau, and reports having met with every success.

IMMENSELY SUCCESSFUL UNDERTAKING

The Granby company's production is now at the rate of 25,000,000 pounds of copper annually, and improvements are under way which will enable a further increase of 33 per cent beginning about three months hence. The management expects the company will produce 28,000,000 pounds of copper this year and earn more than $2 per share on its stock. It is probable four dividends of thirty cents each will be paid this year, and in addition the company will add about $1,000,000 to its surplus. There will be no hitch in the plan to change the par value of the capital stock from $10 to $100 Interests who have recently been buyers of Granby believe that the new stock will sell above $150 per share.

The profits of the Granby, according to the report of Jay P. Graves, the manager, are now $200,000 a month. This makes the Granby the leading mining property of the province, and places it among the larger mines of the continent. As large as are the profits, they do not suit the ambitious Mr. Graves, for he says the intention is to increase the quantity of ore smelted from 2,500 tons a day to 3,500 tons, or about one-third. With the Granby it is not a question of ore, but one of smelter capacity.

The Boston Commercial, a financial weekly, has the following about Granby Consolidated in its last issue:

Granby Consolidated's stock is in an extremely strong position. I understand that approximately 100,000 shares have been purchased for foreign account and the stock shipped abroad during the past few months. The company is producing at the rate of 23,000,000 to 24,000,000 pounds of copper annually at a cost of 8⅛ to 8¾ cents per pound and earning between $1.60 and $1.75 per share annually on the present copper market. The management of the company is energetic and progressive and operating costs are being steadily reduced.

COMAPLIX.

The Bowman Lumber Company have let a contract to E. C. Fromcy of Revelstoke, for the building of the boiler-house of their new mill. The building will be of concrete and iron, and will be absolutely fire-proof.

Fred. Fraser, S.M., held a sitting of the police court to hear a charge of assault and using foul language brought against T. Kennedy by a French family living here. The informants had been living in a house owned by Kennedy, and the evidence showed accused had made improper overtures to one of the female members of the family whereupon they had left his house. He had threatened vengence. They did not bring the action with a view to having Kennedy punished, but merely with a view to vindicating their own characters from the aspersions which Kennedy had sought to cast upon them. The evidence also showed that Kennedy had threatened to use a knife.

After a patient hearing the Magistrate said the story of the informants was borne out and he regretted to say accused had conducted himself most disgracefully. The story set up by accused was evidently a concocted affair. He had never known any person found guilty of a similar offence get off with less than imprisonment but seeing the informants had only brought the suit to vindicate themselves he would fine Kennedy $10 and costs and bind him over to keep the peace. He would also instruct the police to keep an eye on him and if he came before him again on any similar offence he would get off with nothing less then the severest penalty of the law and hoped the punishment in this case would prove a warning to him.

SYNOPSIS OF REGULATIONS GOVERNING THE DISPOSAL OF DOMINION LANDS WITHIN THE RAILWAY BELT IN THE PROVINCE OF BRITISH COLUMBIA.

A LICENSE to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths except those situated west of Yale for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1 1-2 and 1 3-4 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent on the sales.

A license is issued so soon as a berth is granted, but in surveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from 1-2 to 1 1-2 cents per lineal foot for building logs; from 12 1-2 to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord for shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years, at a rental of two cents per acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken up is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the District, within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be required instead of cultivation.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy Minister of the Interior
Ottawa, Februray 14th, 1905.

FIRST ANNUAL REPORT
—OF—
The Burrard Sanitarium Limited

And Second Report for the Institution.

A PHENOMENAL RECORD.

UPWARDS of one hundred surgical operations were performed, all with complete success, and only one death out of over two hundred patients treated. Seven patients were in the Sanitarium at the opening of the year, 205 were admitted during the year, making a total of 212 treated. Of these 99 were males and 113 females. 112 were surgical, 81 medical and 19 obstetrical. 12 patients remained in at the close of the year.

The total days treatment were 3190, an average of 19.46 days per patient.

Out of the 212 patients treated only one death occurred being less than ½ per cent. This one death was due to suppurative pyelitis, complicated with heart disease.

Patients were admitted from the following localities:—

LOCALITIES

Vancouver	148	Ladner	2	Port Haney	1
Vananda Bay	1	New Westminster	2	Alder Grove	1
Kamloops	1	Collingwood	1	Lillooet	1

Sudbury	1	Miami, Man.	1	Eburne	1
Summerland	3	White Horse, Yukon	1		

The Baths and Massage Department have been eminently successful under the management of Miss Millington. During the year, 954 treatments were given, and as the patronage has gradually increased, it has become necessary to engage an assistant. Early in the year a souvenir prospectus was published and copies mailed to the many friends of the institution.

The offices, reception rooms, halls, and most of the private wards have been neatly painted and decorated, adding greatly to their appearance. The increase of our work in the East End has necessitated the opening of branch offices in that part of the city for the convenience of our patrons.

REVELSTOKE, B. C.

BORN.

COURSIER—At Revelstoke, B. C., on March 21st, to Mr. and Mrs. H. N. Coursier, a daughter.

Local and General.

Winnipeg is raising a $60,000 fund for advertising the city.

The C. P. R. will not build from Midway to Penticton for the present.

Col. Smythe, father of the Messrs. Smythe brothers, of this city, is ill at his home in England.

W. Morris has let a contract to J.A. Kernaghan for alterations and repairs to his house on Third St., since the fire.

The Dominion Government have introduced a bill to stop usurous rates of interest, and limiting the rate to 12 per cent.

The total vote for the improvements to the Columbia River this year is $75,000, for Duncan River $3,000 and for the mouth of the Thompson River $9,000.

The Dominion Government propose to spend $9,350 in poling the Nicola telephone line and $12,000 in extending the telephone from Kelowna to Penticton.

In corroboration of the reports in diamonds being found in New Ontario, we have been shown a letter received by Joseph Dunn from a friend at Fort William stating he saw a local diamond sold to a jeweller for $1500.

The Provincial Fair at Armstrong this year will be a big affair. $6,000 is being spent on an agricultural building. Mayor Keary, of New Westminster is urging a special excursion from the Coast to Armstrong for the occasion.

James Murray, ex-superintendent of the Canadian Pacific railway at Winnipeg, died Thursday morning at 7.30 at Halcyon Hot Springs hotel, from a stroke of apoplexy. The remains, after being embalmed, were shipped to Winnipeg via Revelstoke.

The Provincial Government are starting road and trail works this season with commendable promptitude. T. Downs went to Greely Creek last week to put in the bridge across the Illecillewaet river. Ald. Tapping is negotiating with the Government for a contract to construct the deviation of the Illecillewaet road, east of the city, by the new yard arrangements of the C. P. R. A start will shortly be made with laying out and constructing the trail from the city to the top of Mt. Victoria. The trails will be cleared out and put in good shape

Social and Personal

Archdeacon Beer, of Kaslo, was in the city yesterday.

Bishop Pinkham, of Calgary, was a visitor to Revelstoke Thursday.

R. Wilson, formerly C.P.R. engineer here, died at Calgary, of typhoid fever.

M. Hyatt, of Revelstoke, has been awarded a contract on the Nicola railway.

Mrs. J. P. Sutherland will be at home on the fourth Thursday of each month.

A. E. Phipps, manager of the Imperial Bank, has gone on a business trip to Calgary.

The Ladies Hospital Guild will hold their regular meeting at the City Hall on Tuesday next at 3.30 p.m.

The Ladies' Guild, of St. Peter's Church, will hold election of officers on Monday, March 26th, at 3 p.m.

F. W. Fletcher, the well-known produce merchant of Armstrong, has invested $35,000 in real estate in Vancouver.

Coast sportsmen are taking steps to introduce the celebrated Norwegian and Swedish game bird, capercaillzie, and black game.

Mr. and Mrs. Haggen left this morning for Winnipeg, where Mr. Haggen will represent Revelstoke at the Alpine Club which meets there on the 27th and 28th inst.

Premier McBride is among the latest noteworthy people to realize the advantage of owning a fruit farm in the famed Okanagan Lake, near Penticton, and will have the land planted out in peach and plum trees at once.

Mrs. T. H. Dunne was the recipient on Wednesday of a handsome china tea set from the Ladies' Altar Guild of the Catholic Church as a token of appreciation of services rendered by her in connection with St. Patrick's Day Concert.

Referring to the proposal of the Great Northern Railway to build up the Columbia Valley via Revelstoke, to connect with the Grand Trunk, the News says: "The more direct route from the Nelson and Fort Sheppard road would be up Kootenay Lake, thence to the Arrow Lakes and Revelstoke."

Mrs. J. M. Doyle was "At Home" Thursday afternoon to a large circle of friends. The tea-table, which was beautifully decorated with red and white carnations, was presided over by Mrs. A. Y. Anderson and Mrs. B. A. Lawson, and the Misses Grant, Garvin, McKinnon and White assisted in dispensing delicious and dainty refreshments to the many guests of their hostess. Some musical selections were given during the afternoon.

FISH AND GAME ASSOCIATION

Editor MAIL-HERALD.

SIR:—It has been strangly brought to my notice that many of our friends who would otherwise gladly join us, do not do so owing to their ignorance of the objects of the association and the obligations of the members.

It is of the utmost importance that all having the slightest interest in fishing and shooting should become members so that we may have the necessary funds to carry out certain improvements suggested by the executive committee and which we hope to submit for approval to the Association as a whole at an early date.

The main objects for which the Association is formed are as follows:

1. The Improvement of the sporting facilities of the district, the protection and preservation of fish and game and the introduction of new varieties where considered advisable.

2. To prosecute any infringment of the game laws.

3. The encouragement of all ligitimate sport and of the sporting instinct in the younger members of the community.

4. To collect specimens of the fish and game of the district and the establishment of a local museum.

5. To collect data regarding the natural history of the district so that the Association may be able to give reliable information when desired.

6. To meet at stated intervals for friendly discussion, the reading of papers and for any other purpose in the interest of sport.

Regarding the obligations of members:

1. They are required to observe the game laws and close seasons.

2. To give information to the officers of the Association should any infringment of the game laws come to their knowledge.

3. Not to knowingly kill the female of any species, nor to kill fish or game in a minature condition.

4. To be satisfied with enough fish or game for their own requirements and not try and monopolise the whole fishing and shooting in the district.

5. To do all in their power to further the objects of the Association.

I do not think these conditions will be hard for any member to keep, and I hope when they become generally known that those who have not yet joined the Association will come forward and do so.

There is no healthier recreation than the pursuit of sport, it makes a boy self reliant and teaches him patience, caution and self denial, and I have no hesitation in saying that a boy who is imbued with a healthy love of sport will not go very far wrong.

Yours faithfully,
John H. Jackson,
Hon. Secy. R.D.F.&G.P.A.

PYTHIANS CELEBRATE ON JULY FIRST

Delegates from all the city lodges of the Knights of Pythias met last night and decided to hold a grand Pythian festival on Dominion Day, July 1. Great enthusiasm was displayed, says the Vancouver Province.

The Knights intend to make the celebration partake of a decidedly patriotic character, and the co-operation of all citizens will be invited There will be a procession in the forenoon through the principal streets, followed by a picnic, probably at Recreation Park. A big programme of athletic sports will be carried out. An interesting feature will be the drill competition open to teams of the Uniform Rank. Seattle, Bellingham and Tacoma will be invited to participate. Assurances have already been received that several contingents from the interior, lower Mainland and Vancouver Island points will attend. The railways will run special excursions, issuing cheap round-trip tickets.

NAKUSP.

From Our Own Correspondent.

H. Ingram, locomotive foreman of Eholt, is spending a few days with his family here.

Thos. Abriel has purchased five hundred fruit trees for his ranch.

R. H. Baird has sold a half interest in his ranch to Mr. Chas. Brett.

With the assistance of the steamer Minto the steamer Kootenay was got off the bar at Christie's Landing and arrived here on Wednesday evening.

Capt. Gore and daughter, Miss Hazel, of Nelson, were in town for a day.

Swan Peterson, second engineer of the Kootenay, spent a few days in Nelson.

T. Henderson, a former resident of Nakusp, spent a few days in town.

Miss Helme will return in ten days and Re-Open the Dress Making Rooms.

CHURCHES.

ST. ANDREW'S.—Sunday, March 25, 11 a.m., "A Great Foe." 7:30 p.m., "What is that to thee"

The operetta by the children of St. Andrew's Sunday school on Thursday evening in the church was a complete success. The large audience fully enjoyed the exercises of the evening. The children gave evidence of considerable hard work and displayed aptitude and no little talent. The choruses, duetts, and solos were well rendered. Where all did so well it were a pity to particularize, but mention shodld be made of May Anthony, Lyda Steed and Rheta Doyle, who in the solos and duetts bore the main parts and did them well. The operetta was followed by a programme of songs and recitations in which the Willing Workers rendered considerable assistance. Mrs. H. J. Benjamin presided at the piano and aided largely in the success of the evening's entertainment. A feature of the concert was the work done by the boys, the duett by Masters Morris Anderson and Thomas Armstrong causing great pleasure and merriment. St. Andrew's is to be congratulated on its young people and the great variety of talent displayed. The proceedings were brought to a close by the national anthem. The collection amounted to $28.50.

KNOX.—J. R. Robertson, B.A., Pastor. The usual services will be held on Sunday at 11 a.m. and 7:30 p.m. Sunday school at 2:30 p.m. and Prayer meeting Wednesday night at 8 o'clock. Sunday morning subject, "A Bible Reading on the Third Psalm." Evening subject, "Strong Young Man."

Mr. Robertson wishes to state that in view of the approaching opening of the Y. M. C. A. he will take the opportunity of preaching a special sermon to young men at the evening service.

At the prayer meeting on Wednesday night Dr. Blumberger, the Presbyterian minister in Arrowhead, gave an interesting address on the Prophet Amos.

ST. PETER'S.—Fourth Sunday in Lent, services at 8 and 11 a.m., and 7:30 p.m. by the Rector.

METHODIST.—Missionary Anniversary Services. The celebrated pioneer missionary to the Indians of B. C., the Rev. Thos. Crosby, will preach both at 11 a.m. and 7:30 p.m., and will also give an address at an open session of the Sunday School at 2:30 p.m. Mr. Crosby has spent 42 years among the Indians and the experiences he relates are marvellous.

On Monday evening Mr. Crosby will give an address upon "The Transformation of a Heathen into a Christian and Civilized Village." The speaker will appear in an Indian chieftian's costume.

On Tuesday night at 8 o'clock Mr. Crosby will give a magic lantern lecture showing the Indian wars, savage customs, and illustrating the Potlatch and Indian life and history in B. C. This lecture should be heard by all. Admission 25c., childen 15c.

We are showing a fine line of Lace Curtains this week, call and inspect them. C. B Hume & Co.

Pleases every smoker—the "Marca Vuelta."
