LIBERAL GOVERNMENT SWEPT FROM POWER

Conservatives will have Majority of 53 in next Parliament---Seven Cabinet Ministers Defeated---Big Turnover in Ontario

Montreal, Sept. 23—Changes made in candidates elected now give the Conservatives a majority in the new house of commons of 53.

Nashville, Tenn., Sept. 23—Champ. Clark, speaker of the House of Representatives today issued a signed statement in which he decided that President Taft's "Parting of the ways" speech had caused the defeat of reciprocity in Canada more than had his speech in which he referred to desirability of annexation.

Washington, D.C., Sept. 23— The opinions expressed at the state department today are that an attempt would not be made to repeal the Canadian reciprocity act, but it will be permitted to remain on the statute books as an ever open door to Canada and a constant reminder of the recognition by the United States of the merits of principles of reciprocity with its northern neighbor.

London, Eng., Sept. 23.—The result of the Canadian elections has put great heart into the tariff reform movement here and has been received by the Unionists generally with great enthusigsm.

The elections are over, and the victory for the Conservative party is probably the greatest in the history of Canada, surpassing even the victory of Sir John McDonald, with his National Policy in 1878. Both parties made a vigorous fight right up until the last vote was polled. By their ballots the people of Canada declared in a most emphatic manner that the reciprocity compact was dangerous to the prosperity and integrity of our country. While thousands of electors in Canada, of both political shades fought the great fight on Imperial grounds, believing that the acceptance of reciprocity with the United States would ultimately lead to our connection with the political destinies of that nation as against the Mother Country, and sister Dominions.

From a commercial standpoint it was argued by the Conservative candidates that any advantage along this line could as well be attained without reciprocity. These arguments proved too much for the Liberals, resulting in their defeat all along the line.

In Revelstoke there was a good clean fight, no personalities being indulged in, both parties working hard for their respective candidates, although the Conservatives had by far the best and most efficient organization, as the result of the polls clearly indicate, Mr. Goodeve having a majority here of 199 over Dr. King. The total number of votes polled here on Thursday was 641, showing a considerable increase over the number polled at the general election of three years ago, the total vote on that occasion being 540.

About four o'clock in the afternoon returns began to come in from the east, and the first to arrive told of Conservative victories. At the Conservatiae committee rooms great excitement prevailed, as report after report showed the party to be gaining in every province. Early in the evening the returns conveyed the information of the defeat of five cabinet ministers, namely:— Hon. Geo. P. Graham, of Brockville, Ont., minister of Railways; Hon. W. L. MacKenzie King, North Waterloo, minister of Labor; Hon. W. S. Patterson, Brant, Ont., minister of Customs; Hon. W. S. Fielding, Shelburne-Queens, Nova Scotia, minister of Finance, and Sir Frederick Borden, Minister ol Militia in Kings, Nova Scotia. These returns occasioned no little surprise in the committee rooms of both parties, as with the exception of the Hon. Mr. Graham, the defeat of these ministers was not generally anticipated. The Conservatives naturally felt much elated at these, to them, cheering returns, while to the Liberals on the other hand they fortold the defeat of the government.

The cabinet ministers re-elected, in addition to Sir Wilfrid Laurier himself were, Hon. Wm. Pugsley, minister of Public Works; Hon. Dr. Beland, Postmaster General; Hon. R. Lemieux, minister of Marine and Fisheries; Hon. Frank Oliver, minister of the Interior. Later returns also gave the defeat of Hon. Wm. Templeman, Minister of Mines, Victoria, B.C., and Hon. Sidney Fisher, minister of Agriculture in Bionce, Quebec.

It was at first reported that the Hon. R. L. Borden, Conservative leader, had been defeated in the city of Halifax, Nova Scotia, but this was afterwards corrected. The contest in this constituency was evidently very close, resulting in the election of Dr. Blackadar, Liberal, and Hon. R. L. Borden, Conservative.

The returns indicate Hon. Clifford Sifton's prediction as to the result to have been the most accurate, and his influence in the campaign proved most disastrous to the government as every constituency in which he spoke returned a Conservative member.

Among the notable Conservative victories, in addition to those already mentioned, were the re-election in Winnipeg of Alex. Haggart, K.C., R. B. Bennett in Calgary; J. A. M. Aikins in Brandon. B. C. will have six Conservative members in the New government. G. H. Barnard was re-elected in Victoria; Ald. Stevens defeated J. H. Senkler by 2,800 in Vancouver, Ralph Smith, Liberal, who has represented Nanaimo since 1900 in the Dominion house fell before Mr. F. H. Shepherd, while in New Westminster "Honest" John Oliver lost his deposit; J. D. Taylor, Conservative, who represented the constituency in the last house being re-elected by an enormous majority. The only Liberal elected in this province is Duncan Ross in Comox-Atlin. In Yale-Cariboo, Martin Burrell's election was a forgone conclusion, and in our own constituency of Kootenay, A. S. Goodeve has been re-elected by a handsome majority.

The returns in the other provinces, as nearly as can be ascertained, are as follows:

Province.	Con.	Lib.
Ontario	75	10
Quebec	25	38
Nova Scotia	8	10
New Brunswick	8	5
P. E. I.	3	1
Manitoba	8	2
Saskatchewan	3	7
Alberta	1	6
British Columbia	6	1

It will be noticed that the great Liberal landslide occurred in Ontario while considerable gains were also made by the Conservatives in Quebec and the Maritime provinces. The prairie provinces remain just about as before, while in British Columbia, Premier McBride has certainly delivered the goods in sending six of the seven candidates in British Columbia to the Dominion house.

The complexion of the New house will be entirely different from the old one, and while the Liberals lost many seats they also gained a few, which means that there will be a good deal of new blood in the next parliament.

It is expected, of couree, that Sir Wilfrid Laurier, who has been elected in two constituencies, will immediately resign, as he intimated prior to the elections he would do if his government was defeated.

The contest in Canada was watched with much interest both in the Old Country and the States, and had there been any doubt in the minds of the people of Great Britain as to Canadian loyalty to the Empire the result will set that doubt forever at rest. On the other hand, while the United States has undoubtedly reciaed a "slap in the face" by the adverse decision to their offer of reciprocal trade, they will most likely come to the conclusion that Canadians know what is best for themselves in a matter of this kind.

The results of the elections throughout the Dominion are given below, and while the figures may be subject to a little correction, they are in the main correct.

Following are the returns up-to-date, giving the majorities of the candidates elected:

A Reciprocity Hat

As a result of the elections considerable money changed hands in the city, bets of every conceivable kind being made. One bet caused a good deal of amusement not only to the principals but also to the citizens of Revelstoke at large. Arthur Johnson bet J. M. Kellie that the Liberals would not have as many seats in Ontario as in the last house, the loser to buy a silk hat for the winner, and the latter to wear it in public next day. As everyone knows Mr. Johnson won the bet, and early yesterday morning Mr. Kellie was ramsacking the town for a silk hat. One was finally located at F.B. Wells store, and presented eo Mr. Johnson about noon yesterday with Mr. Kellie's compliments. In the afternoon Mr. Johnson was the centre of attraction on McKenzie avenue, many wondering who the ministerial gentleman was with the silk hat.

You will regret it if you miss the Musical Eckhardt's in vaudeville on Monday and Tuesday.

The prizes for the Revelstoke Fall Fair will be paid at the office of the Secretary on and after Monday Sept. 25th. Prize winners will kindly produce their prize cards when calling for their money.

IMPORTANCE OF PHYSICAL EXERCISE

(By Percy F. Gifford, Physical Director of the Yf M. C. A.)

Growth is the inexorable law of life. Without growth there is no life. There is nothing more interesting in the world than watching the growth of things, and noting their development. How eagerly we watch for the appearance of the tiny sprout which proclaims that life is not extinct. We organize a lodge, club or business scheme and are interested, heart and soul, in its progress. A baby comes into the home, and how proud we are of him, but we want him to grow. We watch his daily progress, and how carefully we watch each sign of increasing intelligence and strength. Development in any good form is what we watch for whether mental, moral or physical

But it is the physical growth that calls for most frequent comment, any body can see that. See the slight form of a girl, developing into the symmetrical form of a woman, or a lanky boy filling out into full vigor of manhood. How strong he is getting to be, he can almost wrestle his father, or carry his mother in his arms. Yes, physical development is what most of us are interested in. We want to be as strong or even stronger than our fathers; we want to be taller and heavier, to life more and walk farther. But none of these things can be brought about unless you are willing to work for them to pay the price in aching muscles The large frame, the full deep chest the strong muscles do not grow unless they have work to do. We know that *food is necessary to the body* also, but we all get that, but we do not all get the proper exercises to develop the physical part of our being to its fullest extent.

Some may have reasons for not taking the proper exercises, but if the truth were known, the person has plenty of opportunity, but is either too indolent to take it, or does not wish to be strong.

A few words on importance. We measure the importance of a thing by its usefulness. The telephone, the telegraph, the railway, the steam boat have become importaot because of their service to mankind. The things which are of use to man, the theories which assume practical form—these are what the world demands, and in the end these are what the world will have. Let Bell invent a telephone, Edison an electric light, Marconi a wireless—and prove their utility and the world will not give them up until another telephone, electric light, or wireless has proved its right to supplant the first.

Physical culture has proved itself important and necessary, and no matter what difference of opinion exist as to methods, the time has come when no boy or girl should be able to say like Topsy, "I just growed," so far as their physical condition is concerned, and every boy or girl young man or woman should take the matter of fitting themselves with a fine physique, into their own hands.

The body is the home of the mind The body has the most intimate relationship with the mind, and in a great measure is its servant, and obeys the command of the will. But the body influences the mind, which means limitation in mental endurance. The brain is fed by blood, which is also its scavenger, carrying away the waste matter produced by thought, consequently the man who has the largest supply of rich pure bload will be able to give more substance to his brain than a man who has a smaller supply, and that not so pure.

How often one's bodies are tested in the ordinary affairs of life. We must catch a train, and we sometimes have to run very fast to catch it; if then our bodies are in proper physical condition no harm can come of it, but if otherwise we run great risk of serious strain. Again we should be proud of our physical development, because the young man with a fine physique, walks along the street knowing and feeling his own strength. His muscles fairly ache to stop a runaway team, or do some other heroic act. Yes, every boy and girl, young man and woman can well afford to pay attention to acquiring a healthy and vigorous body. If we say, I am too busy to exercise, then the lungs get weak, the digestive organs get weak, the heart gets weak, and a weak heart means imperfect circulation.

It is time to call a halt on puny, sickly, hollow-chested and weakneed men and woman. Develop that body that God has given you. Run and romp, play games, skate and ride your bicycle, row and swim and play football, basketball, engage in all the manly sports that you can, and in addition to doing these things which take your fancy, take gymnasium work under as good an instructor as possible and you are well started towards a healthyand successful life.

Cruiser Collides with Steamer

London, Sept. 20— Upon leaving Southampton today for New York, with every berth filled, the White Star liner Olympic, the largest steam ship afloat, was rammed by the big British cruiser Hawke, and only the quick beaching of the liner prevented what might have been one of the worst marine disasters in history.

The Olympic was later removed to drydock at Southampton, and the Hawke, which was also badly damaged, was placed in drydock at Portsmouth.

Among the passengers on the Olympic were many prominent persons, including William Waldorf Astor, George F. Baker, President W. B. Brown, of the New York Central Railway, Charles P. Bryan, of Chicago, who is transfering as United States minister to Belgium to be ambassador to Japan, Richard Croker, jr., Frederick P. Duryea, G. P. Ide, C. H. Makay, Felix Warburg, Harry Payne Whitney, H. Widener and F. Munsey.

The Olympic had just left Southampton with its load of returning American tourists and entered the Solent, which swarms with shipping. It was in the Solent that the American liner St. Paul was rammed by a British cruiser a few years ago during a blizzard, and many persons wece drowned.

The steel prow of the warship struck the Olympic squarely on the starboard quarter. Collision signals swere given, but men and officers in all parts of the ship felt the jar so distinctly that they immediately made ready for the emergencies. The bulkheads of the liner automatically closed with the heavy jolt of the collision, yet water rushed in like a roaring freshet.

Body of Cashier Found

Nelson, Sept. 20—While strolling along the shore of the West Arm of Kootenay Lake, four miles from Nelson today, Mr. W. D. Morgan, a tourist, stumbled upon the dead body, supposed to be that of Richard Reilly, cashier of the local office of the Dominion Express company, who disappeared the beginning of the present month. The body was much decomposed, but Mr. J. Labadie, manager of the Express company, identified it by the peculiarity of the teeth. Reilly's canoe and clothes were found on the shore of Kootenay Lake September 2. As he was alone, and had the combination of the company's safe, some days passed before the safe could be opened, and it was then found that there was a shortage of nine hundred dollars. As the point where the canoe was found was near *where the trains stop on their way to* Spokane, some color was given to the supposition that Reilly had absconded and the office of the Express Co. in Vancouver issued a description of Reilly to the police, stating that he had absconded, and offering a hundred dollars reward for his apprehension. The finding of his body today only partially solves the mystery, as the water at the point where the canoe and clothes were found is shallow, and an unlikely sport either for suicide or accidental drowning. In Reilly's clothes were found a watch and sixty dollars in money, which is believed to go against the theory of foul play. He was unmarried, and a brother lives in Medicine Hat.

Big Reward for Bank Robbers

The rewards offered by the Bank of Montreal in connection with the recent New Westminster burglary have been increased to $32,000, of which $5,000 will be paid for any information leading to the arrest and conviction of the robbers, in addition to which 10 per cent. will be paid on all or any part of the money recovered. This on the whole amount stolen would amount to $27,000 odd, being the remainder of the sum offered.

Moving Pictures Tonight.

MADRID STRIKE

Situation Alarming---Troops Fire on Rioters

Madrid, Sept. 21.—The men employed in the building trades of this city obeyed the strike order and quit work today. Thirty thousand men are involved. The military holds the capital in a close group, and acting under the authority of the imperial decree suspending the constitutional guarantees, the government is maintaining a firm attitude towards the labor leaders, who, *it is claimed*, are being used by revolutionary agents to further a campaign of violence against the state.

The streets had their usual appearance today except for the presence of soldiers doing picket duty and the absence of cabs. No disturbances were reported at police headquarters up to early afternoon. The strikers have seriously interfered with the publication of the newspapers. El Pais, Correspondencia de Espenia and La Mana were not issued today. El Pacial and El Liberal appeared but with less than their usual number of pages.

Despatches from the provinces representing the general situation throughout the country are closely censored but as near as can be determined, it appears that the prompt and fearless course adopted by the government has been successful in heading off anything like a general suspension of industrial activity, which might develop into a revolution.

Will Attempt to Open Mines

That some attempt will be made *shortly to open the mines of* the Crow's Nest Pass is the rumor that has been going the rounds of several coal offices in the city of late, and it is stated that as soon a sthe elections are over the mines will be started up, whether an agreement with the miners be reached or not.

The report is given some credence by reason of the fact that a big detachment of mounted police have gone to Macleod from Regina, and are now at Macleod waiting for orders to proceed to various stations in the Pass. Some of the men who were sent west from Calgary when trouble was feared some weeks ago are still stationed at the mining camps, and it is stated that they will be augmented by further detachments as soon as any move to open up the mines is contemplated.

Sparkets of Sport

Boston, Sept. 21 — Democratic friends of John L Sullivan, ex-heavy weight champion of the world, launched today a campaign to elect him to congress as a representative from Massachuettsf Sullivan has been living the life of a country squire near Boston for the past eight years.

Milwaukee, Wis., Sept. 21—Jimmy Clabby has matched himself to meet Willie Lewis at Boston on Sept. 26, and Mike Gibbons at Winnipeg on Sept. 30. He then hurries to Vancouver, sailing for Australia on Oct. 4. Carl Morris, Jim Flynn and Kaufman all refuse to go now, having New York crazef

Oakland, Sept. 21—A draw stands today as the verdict of the 10-round bout between Willie Ritchie and Johnny McCarthy. Ritchie has the better of the early rounds, but McCarthy made a strong finish, outfighting his opponent in the latter part of the bout.

New York, Sept. 21. —James Coffroth, of San Francisco, telegraphed today to George McDonald, manager of Matt Wells, the English lightweight champion, offering Wells $5,500 for a bout with Packey McFarland, or $7,500 for a contest with Ad Wolgast, the lightweight champion of America, the fight to take place in California.

C.P.R. Boat Finished

London, Spt. 20—Prince Alice, the latest C.P.R. steamer, has just been completed, and will be given trials at the mouth of the Tyne. She was built by Swan and Hunter, for the B.C. service, and is the first of the CfP.R. fleetraising steam by oil fuel from the commencement, although several older steamers now possess the apparatus.

People's Candidate Wins
Over Five Million Voters Register Their Approval of His Platform
Votes Cost on Average Over $5.00 Apiece

CONTRARY to all precedent, but rightly, the voters themselves paid for these Five Million votes.
Each man, by laying down $5.00 or upwards, voted his approval of the shaving system developed and perfected by King C. Gillette, and declared his intention of following this system with the Gillette Safety Razor which he received in exchange for his cash.
The principles of personal cleanliness and comfort, made possible by the quick, efficient little Gillette Safety Razor, were first laid down by King C. Gillette in 1904. When the last General Elections were held, in 1908, over Two Million had subscribed to them. Since then they have been adopted and practised by Three Million more clear-headed voters—practical men whose time is worth money.
The Gillette Safety Razor has freed Gillette's constituents, the world over, from dependence on the barber-shop—has conserved their time—preserved their tempers—and, for them, has transformed shaving from an irksome task into a pleasant incident in the morning toilet.

NELSON FAIR

Great List of Attractions for Annual Exhibition

W. E. Scott, deputy minister of agriculture, will perform the opening ceremony at the big fruit fair, which opens at Nelson on September 26 and continues the following two days.

With a determination to make this year's fair a more decided success than ever, the hirectors have secured several more high-class free attractions in addition to those already booked and the program that will be given during the three days of the fair will include twice the number of acts given in previous years and will excel in quality of amusements any fair hitherto given in British Columbia. In all eight different free acts have been engaged, one of which cost as high as $1,000. In addition to these free acts the Great Parker shows have been eogaged to provide the Midway. These shows alone require a special train of 15 cars to transport them and will include a mammoth Ferris wheel, the Human Roulette Wheel, Pearl and Jennie, the biggest girl and the smallest lady. Pearl is a young girl of the tender age of 15 but who nevertheless weighs 610 pounds, while Miss Jennie is a young lady of 25, who weighs 34 pounds and is only 36 inches tall. Another show is the model City, a marvelous mechanical invention, which required five years to build; Ooe and Sallie, a pair of chimpanzees who, when seen, can enable one to understand Darwin's theory of the missing link; the Crazy House and the Squeezer, two excruciatingly funny amusement devices, and Edward's animal show, embracing most of the lesser known animals. The Parker shows are noted throughout America as being one of the best carnival companies travelling.

The afternoon and evening program of free attractions will take up at least three hours, the star attraction being Burnstad's wild west show, an agrregation of 18 horses and 10 men ina thrilling exhibition of Roman chariot races, Roman standing races and daring cowboy stunts such as broncho busting, steer riding, lassoing and lariat throwing. In this act no doubt the star actor will be "Black Stacy," who has the reputation of having been ridden only twice in five years. The imperial troup of Russian dancers consists of four ladies and two men, who give a whirlwind exhibition of the much-talked of Russian dancing. Professor James E. Hardy, the high wire king otherwise known as "The American Blondin," will be seen in a thrilling and fascinating high wire performance entirely different and superior to the work of the ordinary wire walker. The Upside Down Zenaldas is a high class balancing act given by a lady and gentleman, unsurpassed in its originality. Dorothy De Vonda the lady aerialist, will make daily ascensions into the clouds, accompanied by her favorite dog, both making sensational descent in different parachutes. Miss Marie McDonald the Scotch gold medalist, will delight the hearts of the people from the land of heather with her clever delineation of Scottish national dances. The comedy part of the program will be ably looked after by Happy and his trick mule Dynamite, the funniest act in existence, and the Steiner trio, an exceptionally clever troup of comedy bar acrobats who need no recommendation to Nelson audiences.

In the matter of exhibits, from present indications it seems as if all previous years' entries of fruit will be doubled. Especially will this be true in exhibits of box fruit, and special provision is being made for the heavy display which is anticipated. It also appears as if the new poultry building will be taxed to its utmost capacity, which is some 2,000 birds.

DRUNKENNESS CAN BE CURED.

Old Fallacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whisky, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whisky or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G——, of Hull, says of it and what it did for her:

"It is four months to-day since I started to use your Remedy. I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried, I remain,

Mrs. G——, Hull, Que.

(Name withheld by request.)

Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. The trial package alone has confidential. Write to-day. The Samaria Remedy Co., Dept. 46-49, Colborne St., Toronto, Canada. Also for Sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

Sold at Macdonald's Drug Store.

A Rare Treat

Commencing on Tuesday, October 3rd next, for four nights, exhibitions will be given at the Edison theatre of the work of Kinemacolor, a process for the presentation of moving pictures in the original colors of nature.

Animated pictures are familiar to the eye of most of the public, but animated pictures in natural colors, are something new to science.

Many have seen colored moving pictures before, but those were colored by artificial means either by hand or by machinery. Only simple pictures could be so treated. In the Kinemacolor pictures there is no hand work of any description, yet the coloring has been done by the most powerful and beautiful artist the world has ever seen. The artist who worked for Kinemacolor is the same great power that paints the beautiful colors of the flowers of the garden; that puts the green into the country; the golden yellow into the cornfield, the blue into the sea the dazzling plumage into the peacock's tail, the gorgeous coloring in to sunset skies—namely the beautiful Sun about our heads. The Sun pours down his abundant beams and lights up the world with his rays of peerless color. The Sun enters the lenses of the Kinemacolor cameras and reflects the various scenes in their actual colors and in every movement.

The bulk of the pictures to be exhibited here are scenes of the recent coronation festivities, only just received in Canada. Although these form only a portion of the entire set taken by the Kinemacolor operators they form a much fuller and comprehensive view of the two processions and events round the Abbey and in the City of London than anything that has hitherto been shown while the reproduction of the natural colors—the scarlet and crimson and purple and gold of the ceremonial costumes being specially strong in varying degrees of vividness, naturally places them in a class by themselves as concerns their effect of reality. Views of London under its mantle of timber and scantling and gay bunting also assist materially in conveying what may be termed the "atmosphere" of the Coronationf

Diamond Robber Breaks Jail

Nelson, B. C., Sept. 20—Breakin out of the county jail at Spokan Sunday night, in some manner whicl the steriff's deputies refuse to divulge, Roy Forget, who was grreste in Nelson and convicted in Spokan of a diamond robbery, has mad good his escape, and in his flight i said to have carried away with hin $300 belonging to Herman Roestel, a prisoner held in the county jail on a charge of killing his wife.

Forget, who claims to be a son of Senator Forget, of Montreal, stole a diamond stick pin, in which was se a yellow diamond worth $1,000 which he attempted to sell in Nelson for twenty-five. He was defended in th superior court by Attorney Donald Downia, of Spokane, who is also missing from Spokane, and against whom charges have beenmade by the grievance committee of the bar association.

Lawrence Hardware Co. Ltd.

NOTICE TO CONTRACTORS

VERNON COURT HOUSE.

Sealed Tenders, superscribed "Tender for Court House, Vernon," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Thursday, the 21st day of September, 1911, for the erection and completion of a Court-house at Vernon, B. C., in the Okanagan Electoral District.

Plans, specifications, bills of quantities, contract and forms of tender may be seen on or after the 31st day of August, 1911, at the offices of the Government Agents, Vernon, Revelstoke, New Westminster, Nelson; the Provincial Timber Inspector, Vancouver; and the Department of Public Works, Parliament Buildings, Victoria, B. C.

Intending tenderers can, by applying to the undersigned, obtain one copy of the drawings and one copy of the specifications and bills of quantities for the sum of twenty-five dollars ($25).

Each tender must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to five (5) per cent. of his tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

The successful tenderer shall furnish a bond of a guarantee company satisfactory to the Minister of Public Works, equal to ten (10) per cent. of the contract amount, for the due fulfilment of the contract.

Tenders will not be considered unless made out on the forms supplied signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.
Department of Public Works,
Victoria, B.C., August 24, 1911.

Corporation of the Cityof Revelstoke

NOTICE IS HEREBY GIVEN that the Municipal Council of the Corporation of the City of Revelstoke intends to undertake the construction of CONCRETE SIDEWALKS on and along the east side of McKenzie Avenue from the south side of Second Street to the north side of Eighth Street, according to specifications and estimates prepared by the City Engineer appointed for the purpose, and to assess the expense or cost thereof upon the land or real property abutting on the parts of such streets as above mentioned and to be benefitted thereby; and that a statement showing the land or real property liable to pay the assessment therefor, and the names of the owners thereof, as far as they can be ascertained, together with the specifications and estimates of the City Engineer, and the proposed assessment and report thereon of the City Clerk are now on file in the office of the City Clerk and open for inspection by all persons during office hours!

The estimated cost of the work is $2,657.55, of which it is intended that the City at large shall bear the whole of the cost of the work on street crossings, and necessary retaining walls, and one-third of the cost of the concrete sidewalks, the property owners bearing two-thirds of the cost of the said sidewalks.

The total estimated amount to be borne by the property owners being $1,605.03, and by the City at large $1,052.52.

Any objection to the proposed undertaking and assessment therefor shall be made by petition to the City Council within FIFTEEN (15) days from the date hereof, the persons entitled to petition being the owners of the lands affected thereby.

BRUCE A. LAWSON,
City Clerk.
Dated this 8th day of September, 1911. Septf 2t.

BREWERY FOR SALE.

Under instructions the undersigned Solicitors for the Executor of the last Will of the late James E. Long, of Revelstoke, B. C., a brewer, deceased, invite tenders for the purchase of the business and property known as "Long's Brewery" at Revelstoke. The area of the land is between five and six acres with a good stream of water running through it. The buildings and improvements consist of a brewery and dwelling and a profitable brewing business has been carried on there during several years past.

Tenders will be received by the undersigned up to and including September 15th, 1911, for the purchase of the property.

Further particulars, if desired, may be obtained from the undersigned.

High Class Groceries

Corn Starch

Have you ever stopped to think how little time it takes to prepare a pudding with Benson's Corn Starch. If you do your own baking try a little corn starch mixed with your flour in making bread, griddle cakes, fritters, and puddings. You will find that it gives a more delicious texture and flavor than you can get from flour alone.

Get Hume's Prices on Groceries

Robinson's Patent Barley

In this patent food stuff you have a healthful nutritious food for young and old. When once you use it you will not be without in your home. It is recommended by the highest medical authorities as one of the best foods for infants. It is invaluable for Barley Water for the sick chamber, and is a most refreshing and cooling drink in the hot weather.

Hume's for Choice Groceries

Marmalade

Have you tried our Robertson's Marmalade in 1lb. jars, 2lb., 4lb., and 7lb. cans. We are making a special display of and giving a special price on the 2lb. cans of only 30 cents a can. It enjoys an enormous popularity wherever it is known. It is THE MARMALADE WITH THE ORANGE FLAVOR. Quality is the first consideration and in Robertson's you get the best.

A wreck occurred last night about 8:30 near Tapping Siding, of a freight train while descending the Notch Hill. A wheel broke and it is reported that the whole train was ditched. No one was hurt.

Scottish Society

On Wednesday evening a number of Scotchmen of the city met in the Y.M.C.A. parlors with a view to organizing a Scottish Society in Revelstoke. W. M. Lawrence occupied the chair, and W. S. Cameron was appointed secretary of the meeting The work of organization was deferred until Thursday evening next when a meeting will be held in the City Hall for that purpose. All Scotchmen or those of Scottish descent are invited to attend.

COMMUNICATIONS

To the Editor Mail-Herald:

Dear Sir,—As secretary of the Agricultural Society I am taking the liberty of addressing all those interested in Revelstoke and surrounding district.

It may perhaps not be generally known that our friends at Nakusp, took the trouble to canvass their district to increase the membership of the Revelstoke Agricultural Society, meeting with far better success than was anticipated.

Nakusp is having a fair on October 5th and 6th. They have engaged the services of our City Band, and have asked us to go down and visit them, as they did us. For the benefit of Revelstoke, Nakusp and ourselves will not those interested get busy and show them what we can produce It is humbly suggested that the Board of Trade, or some other committee, take this matter up at once and see what can be done with concerted action.

Let us put our shoulders together in this matter and boost Revelstoke at Nakusp on October 5th and 6th, next.

W. B. ROBERTSON,
Sec. Rev. Agricul. Society.

Moving pictures at Edison theatre tonight.

E. G. Woodland—Brown Leghorn, rose comb—1st, 2nd and 3rd pullets; 1st cockerel, 1st pen. Single comb—1st cockerel, 1st and 2nd pullet. Partridge Wyandottes—1st, 2nd and 3rd pullets, 1st cockerel, 1st pen. Two first special prizes best cock, hen, cockerel and pullet

R. M. Smythe and F. Fleetham were in attendance with the birds, and speak highly of the courteous treatment they received at the hands of Mr. Welsh of Okanagan Landing, and the members of the Vernon Agricultural Association. It is their intention to make a number of entries at the poultry show to be held at Vernon in January,

R. M. Smythe and E. G. Woodland are entering some of their birds at the Salmon Arm fair, which take place on Friday next. E. G. Woodland will also send an exhibit to the Nakusp Fair next month.

CHURCHES

PRESBYTERIAN CHURCH.

The last Sunday in September is observed as "Children's Day" in the Presbyterian church throughout Canada. A special service has been prepared and will be used in all the Presbyterian churches tomorrow. In St. Johnjs church the children will assemble at 2:30 as usual but instead of the regular lesson, they will take part in this special service. All parents and friends are invited to be present. The regular church services will be held at 11 and 7:30 o'clock. The morning subject will be "Fatherhood," the foundation of the gospel, being the first of a series of sermons on the seven foundation stones of the Lord's Prayer. The evening subject will be "Kadeshbarnea," or "The point of decision." On Wednesday there will be a special meeting of the congregation at eight p.m., to consider a report from the Board of Management regarding the disposition of the church property on Third street.

METHODIST CHURCH.

Rev. R. J. McIntyre, pastor. Services on Sunday at 11 a.m. and 7:30 p.m.; 2:30 p.m., Rally Day in the Sunday school. The parents and friends are invited to this open session of the school. In the evening a Song Service will be held in place of the regular service. The choir will render special music. On Monday evening the Epworth League will be "at home" in the church to the congregation. Prayer meeting Wednesday evening at 8 o'clock; choir practice Friday evening. All will be cordially welcomed at these services.

BAPTIST CHURCH.

Church services for Sunday as follows:—Preaching at 11 a.m., subject, "The Three Times of Life.." The subject for Sunday evening will be, "The Broken Alabaster." Sunday school at 2:30 p.m. There will be special music. Sunday evening will close Pastor Smith's relations with the church. A cordial invitation to all the services.

Quite a large number of friends and members of the church met Thursday evening at the home of Mr. and Mrs. Chas. Southworth on Third street, to have a farewell social time with the pastor and family of the Baptist church. A very pleasant evening was spent in a social and informal manner. Light refreshments were served. At the close Mr. Helga Johnson made a very felicitious speech on behalf of the members and friends and also a purse containing a handsome sum of money. The pastor replied in a few words of gratitude and thanks for the loyalty and love that so many had shown him.

CARD OF THANKS

Rossland, B. C.,
Sept. 22, 1911

THEO. WADMAN,
Revelstoke, B. C.

Accept for self and your splendid band of workers my sincere thanks for grand majority Revelstoke gave us. Yours for Canada and Empire.

A. S. GOODEVE.

On behalf of Mr. Goodeve and the Conservative Association we take great pleasure in thanking each and every worker in the Revelstoke Riding who turned out and assisted so nobly in the rolling up of such a magnificent majority at the elections on Thursday last. Although we feel that the results have amply repaid any effort put forth, yet we cannot refrain from adding our quota of thanks to all our noble workers.

Selkirk Hall, which through the campaign has seen much hard work, will be open on Monday and Friday evenings for the purpose of adding new names to the Voters' lists and attending to any transfers, and as the exercise of the franchise is the most important duty of any citizen, we feel that all should be on the list and we trust a large number will take advantage of this opportunity.

During the campaign the Liberal Association, or those responsible for the page appearing in this paper, have unfortunately cast, aspersions and directed insinuations against the Conservative Association which had better been left unsaid, and which in the light of results have counteracted any good that the page might have done had they been omitted. The Conservative Association wisely deemed these insinuations unworthy of the least notice during the campaign, and instead the various committees kept plugging away with the result that a more than handsome majority was secured.

This majority can safely be accepted as a sufficient answer of the electors of Revelstoke to all these insinuations, and having left the matter with them for their verdict, and this verdict being so favorable to us, we frankly forgive any and all attempts that may have been directed against us.

Our campaign all through has been conducted openly and above board with the best of good will toward our opponents, and our only regret is that the same boast cannot be made from the other side.

Now that the campaign is over our earnest desire is that each and every citizen get down to work for everything in the best interest of Revelstoke City and Riding.

CAMPAIGN COMMITTEE.
