Injury to Earl Grey—Real Estate Trust Frauds—Alleged Suicide — Persian Crisis—Czar Makes a Stand.

WINNIPEG, Man. Aug. 29.—The injury to Earl Grey's eye is more serious than at first thought. Bits of an electric light bulb which burst are still in the optic, consequently His Excellency's western program has been revised. His Excellency, however, will not change his British Columbia program. He will spend the month of September in that province, most of which time will be on the coast.

PHILADELPHIA, Aug. 29—As a result of the speculations of President Hipple, the Real Estate Trust closed its doors yesterday with liabilities amounting to seven millions. Hipple died last Friday and it is now believed that he committed suicide.

LONDON, Aug. 29.—A crisis is approaching in Persia. With Russia paralyzed, Germany is seeking a footing and the press here warns the British government to be on the look out.

WEDDING BELLS.

A pretty wedding was celebrated at the home of Mr. and Mrs Charles Hislop, 117 George street, Winnipeg, Tuesday afternoon, Aug. 21, at five o'clock, says the Winnipeg Free Press, when their eldest daughter Helen B. Hislop, B. A., was united in marriage with W. A. Sturdy, of the Lawrence Hardware Co., Revelstoke, B. C. The ceremony was performed by Rev. C. B. Pitblado, D. D., who has known the bride from childhood.

The bride entered the drawingroom on the arm of her father and joined the groom, who with his best man Dr. Hudson, awaited her under an arch of palms and flowers in the south window. She was attended by Miss Isabel Robertson as maid. Mr. Charles Driver presided at the piano and played the bridal chorus from Lohengrin as the bride entered, and the time-honored wedding march as the happy couple received the congratulations of their friends.

Luncheon was served on small flowerdecked tables in the diningroom, the cake reposing in a veritable bed of bridal roses. The customary toasts were duly honored, and Mr. and Mrs Sturdy left amid a shower of rice and good wishes for a brief honeymoon trip.

The wedding gown was a charming creation of white Louisine silk over taffeta, made en train, the front breadths inwrought with medallions of Battenberg and the bodice completed with a yoke of Battenberg. With it was worn a long tulle veil caught in the bride's fair hair with a wreath of orange blossoms. She carried bride roses and lily of the valley. Her going-away gown was a tailored suit of green broadcloth, made with Eton coat, opening over a blouse of all-over Paris lace. A chic toque of champagne straw decked with clusters of old pink roses and green leaves, completed a very smart costume. The bridesmaid wore a pretty shirtwaist suit of cream serge, with decorations of lace and ribbon and a white picture hat and carried a sheaf of pink roses. Mrs. Charles Hislop, mother of the bride, wore grey broadcloth, with hat to match.

Mrs. Hayes, of Neepawa, sister of the groom, wore a lovely gown of white linen eyelet embroidery with lingerie hat to match.

Mrs. Charles A. Hislop, sister-in-law of the bride, wore a smart gown of Alice blue broadcloth with hat to match.

Mrs. I. M. Brown, sister of the bride, was in blue voile with decorations of champagne lace.

Special interest attaches to this wedding as the Hislops are old timers here. The bride was for some years a highly valued member of the city teaching staff and had the honor of being the first lady graduate in classics of Manitoba university.

The bridal gifts were as beautiful as they were numerous, among them being some choice pieces of cut glass from the school at Revelstoke, where she has been teaching for the past year.

The groom's gift to his bride was a sunburst of pearls, to the bridesmaid a gold bracelet with pearl fleur-de-lis; and to the groomsman a pearl stickpin.

TROUT LAKE.

From our own Correspondent.

The Provincial Government are greatly improving the grounds around the Mining Recorder's offices. W. Abrahamson is putting a neat fence around, the grounds have been cultivated and will be laid down as a lawn, thus improving the appearance of the entrance to the town. The school grounds should be similarly improved.

Trout Lake City is probably the prettiest town in the interior for summer residence. There are no mosquitoes, the atmosphere is cool and balmy, the scenery on the roads and trails is the best, the lake is a marvel of grandeur, and the boating and fishing are most attractive.

There are few towns in the province that have prettier homes and ower gardens aglow with blooms while the vegetable gardens could hardly be beaten. W. Abrahamson, F. C. Elliott, S. Shannon, George Johnson, A. G. Fraser, have beautifully kept gardens and a fine growth of flowers. Mrs. Abrahamson's roses are the best we have seen. In potatoes, A. Abrahamson's patch on the site of the old Queen's Hotel is a marvellous growth, the vines producing as much as between 10 and 11lbs. of potatoes each. The cabbages displayed in A. G. Fraser's shop window, and grown in his own garden across the Lardeau river, are a marvel of perfection. A Houston has also a fine vegetable garden.

Work has been suspended on the Lucky Boy, and Mr. Evehart, the overseer, has left for the east. Mr. McGeorge, M.E., the company's engineer, has, we understand, urged the Company to resume operations, as there is quite a lot of rich ore available for shipment.

Mr. Emmens, M. E., is expected back shortly from the east to start work on the Broadview in the interests of the new company who have bonded it. The first payment has been arranged for and a strong company has been formed to develop and operate the property. The Provincial Government are helping out by building a road on waggon road grade from Ferguson to Great Northern Mountain so that ore can be taken out, and it is stated S. Daney has offered to deliver ore from the Broadview to the lake by the new trail at $3.50 a ton. H. McPherson is laying out the new trail.

Andy Craig and Jake Smith have struck good ore on the Donald and Andy claims, which they own within a mile and a half of the town.

Our old friend W. Baty, is in doing work on his Five Mile property, which is said to be looking well, and on which he is arranging a deal.

The Provincial Government have greatly improved the road between here and Ferguson, and the work reflects great credit on Foreman McPherson and those who assisted in carrying it out.

Wednesday was an important day here when Hon. R. F. Green, Chief Commissioner of Lands and Works came in to discuss with the townspeople the vexed question of the timber limits. Trout Lake people staked those limits legally and in order and paid their fees. The Canadian Timber and Sawmill Co. surveyed and restaked them and then coolly asked they be put up to auction. The people here ask their legal rights and no more. If they do not get these limits then anyone can jump any timber limit in the country, and demand it be put up to auction. The rich companies could thus beat every poor man out of all his timber holdings which would be a gross wrong. Mr Green said the Canadian Timber and Sawmills Company suggested a compromise by giving up all the timber above Five Mile and the Company taking all below. There is really nothing to compromise but Trout Lake people are always open to a just proposition. If we get the justice we are entitled to arrangements have been made to put in a mill here and Trout Lake will become one of the best lumbering centres in the province. Mr. Green has promised a settlement in a week and his political life depends on whether he does justice in this matter or sacrifices Trout Lake to the demands of the Canadian Timber and Sawmills Company.

Several Trout Lake people have been smitten with the fruit-growing fever and are buying fruit farms from Mr. Thomson at Beaton.

A movement is on foot by American capitalists to establish a custom smelter here.

Sheriff Yuill was the centre of interest here Friday when he offered for sale the lot between W. J. Lightburn's hotel and Reid & Young's lot at Arrowhead. Smart bidding took place between the representatives of W. J. Lightburn and Caley Bros. till the half interest in the lot was knocked down to Mr. Lightburn for $1025, on a basis of $2050 for the lot. You can get the best lot in Revelstoke for about that money.

There are rumors of the Great Northern Railway Co. resuming building the Lardeau railway between Arrow and Kootenay Lakes, and of the C. P. R. continuing their line from Gerard.

There is great fishing here. George Haner took some immense char the other day, and Fred Mummery caught 90 trout in Trout Creek.

SPORTS

LABOR DAY CELEBRATION.

A general meeting of the executive committee of the Labor Day sports was held in the band room on Monday night, when a programme was submitted for their approval. The events have been definitely arranged and the programmes will be issued at once. The meeting adjourned after discussing further general business.

The lacrosse championship match should prove a big attraction and will vie with the horse races in drawing big crowds. Advices from all points south state that large numbers of people may be expected at Revelstoke on Sept. 3-4. All places east, west, north and south have been well billed and advertised. The special train will leave the Okanagan Landing, Monday Sept. 3rd, at 7 a.m., arriving here at 11 a.m.

The Turf Association have distributed their programme of racing which will be held on both afternoons, $1,000 in purses being arranged for. They state that some crack horses are coming and that the quality of the horses that will compete are so different to former occasions that race goers generally will keenly look forward to the Labor Day meeting. Golden, Calgary, Slocan and other cities will send their representatives of horse flesh to Revelstoke for the meet.

Baseball, football and tennis will all have their share of the public patronage, while the firemen will give exhibitions of their skill.

The Dramatic Club is putting on "Dandy Dick," with a powerful caste, and the Melrose Stock Co, have a treat in store on Monday night.

The Independent Band, assisted by bands from Kelowna, Vernon and Armstrong, will produce some entirely new music and will discourse music at intervals on both days.

BOWLING

A very closely contested game was played on the Y. M. C. A. alley, Monday night, between teams representing the C. P. R. shops and the offices. The shops won by the close margin of two pins. The scores were as follows:

"CHIC" THE MOUNTAIN WAIF.

This thrilling comedy drama, with it's wealth of humor and pathos, will be produced at the Opera House, Sept. 3rd, Labor Day, by the Melrose Stock Co., under the capable management of Jos. Melrose. It is hardly necessary to mention the merits of this company, as each individual by conscientious effort and natural ability have proved themselves artists far above the average, and worthy of the highest praise. The specialities between the acts, making the show a continuous performance, should appeal to everyone. As an added feature, every man, woman and child who attends the performance will receive a numbered coupon which entitles them to a chance on a handsome rocker which is now on exhibition in the window of C. B. Hume & Co's. store. The drawing will take place immediately after the last act of the play, after which a social and dance will be held until the "wee sma' hours" in the morning.

Popular prices, 2, 4 and 6.

THE COMING EVENT.

The Revelstoke Amateur Dramatic Club, who are producing the popular 3-act comedy "Dandy Dick" by special request at the Opera House on Tuesday evening next, need no recommendation as to the excellence of their work. Special scenery has been painted for the proper production of this play, and every attention is being paid to the stage setting. The caste is a strong one and the public are assured of a first-class evening's entertainment. The performance is being given under the auspices of the Independent Band, who will render throughout the evening a special programme of music. The band orchestra will furnish music for the dance which follows the play. Book your seats early at the Canada Drug Store. Admission 50c. Reserved Seats 75c.

SIDEWALK LEVELS.

Builders of permanent brick and concrete structures in the city have been up against a very serious proposition in regard to fixed levels for sidewalks. The city is increasing in size now and many enterprising business men are setting a good example by constructing brick buildings of handsome proportions, and the question has now arisen, and one which will have to be dealt with at once, is as to some definite arrangement being made in regard to determining these sidewalk levels, and fixing once and for all their height. This is of utmost importance to those firms who are now building, as it is impossible to decide upon the nature of their entrances as regards steps or level approaches to the stores in question. It would be extremely annoying for a man who has gone to a lot of trouble and expense in preparing a special approach to his building and then for the city to come along and decide that the sidewalk was too high or too low. It is hoped that the City Council will see this matter through and adopt a standard level for sidewalks throughout the city.

ADVERTISING WINS.

"Your money back if you want it!" It is astonishing the number of retailers who are now advertising the policy of returning money to dissatisfied customers. It is the spirit of the times, and a righteous and a business-like spirit. For one person who will abuse the privilege you will find one hundred who, if compelled to keep goods they do not desire, under ordinary procedure would become enemies of the establishment. Goods should be sold on their merits, and the utmost freedom should be given to customers in the matter of buying when this does not do injustice to the interests of the store. A store that announces the fact that the money having passed over the counter does not necessarily close the transaction, inspires the confidence of the customer. The fact that a customer can come in and go out of your store and exchange his money for goods, or goods for money, as it suits them will prove an irresistible drawing card. The best advertising is that which says what there is to say in the fewest, clearest, simplest terms and then stops. It is not necessary to use half your space in preliminary horn blowing. What the public is interested in is what the merchant has for sale. Most people in reading advertisements skip all preliminaries anyway; they get down to the meat of the advertisement as soon as they can. Bright, snappy description of goods are always effective, but long talks about generalities are wasted space. The best way to get results is to get down to business. Above all advertise steadily and regularly and your customers will watch for the papers to read your advertisements. Newspapers travel further afield than advertising guides, etc., do and carry more weight. Thus by keeping your advertisements always going you will be in touch with the great buying class of the Dominion.

Ald. Taping, Powson, Abrahamson, Trimble, Palmer and Tapping being present. The minutes of the last meeting were read and adopted.

A communication was read from Harvey, McCarter & Pinkham acting for P. Burns & Co., requesting that a standard level should be fixed on for determining the height of sidewalks, which was very necessary now that they were building a permanent brick premises. A resolution was passed, that an engineer should be engaged to go over the ground to find suitable standard to suit P. Burns and arrange level for sidewalks accordingly. A special meeting of the Council will be called to arrange by-laws to fix grades for side walks.

A communication from the secretary of the band was read, requesting that the $100 due them from summer performances should be handed over. It was resolved to comply with their request.

REPORTS OF COMMITTEES

Ald. Tapping reported that requests had been made by many citizens that a sidewalk be put in between Second and Third streets on Railway avenue, west of the track. The Bowman Lumber Co. will give a reduced price on the lumber if used for this purpose.

The council have decided to utilize the gravel that was excavated for Burns' block, for filling up the holes in the roads. General business was discussed and the sewerage system talked over.

A resolution was passed deciding that Lumb, the pound keeper, was not required in that official capacity after Aug. 31.

The accounts were then passed and the meeting adjourned.

LOT 7, GROUP 1, REVELSTOKE

You have often looked across the Columbia River and wished you could have a piece of that fine flat lying south of the C. P. R. Bridge.

YOU CAN GET IT NOW!

I have instructions from the owners to offer that land for sale at a price per acre that beats anything else you can get so near the City.

Let me know how much of it you want and I shall endeavor to accommodate you.

FIRST COME, FIRST SERVED.

British Columbia fears a Japanese invasion, which, while it may for a time solve the labor problem, will ultimately result in the province being anything but the white man's country which the labor unions are trying to make it. Canada has just availed itself of the privilege of coming in under the treaty of commerce and navigation between Great Britain and Japan, which says the subjects of each of the contracting parties shall have full liberty to enter, travel or reside in any part of the Dominions and possessions of the other party and shall enjoy full and perfect protection for their persons and property. In other words Japanese can come as freely to British Columbia as any Europeans, which is taken to mean that unless the Mikado's government continues the restrictions which it voluntarily placed on Japanese emigration some years ago, there will be a yellow deluge in this direction. It is reported that these restrictions have been considerably modified, if, indeed they have not been cancelled, and considerable apprehension is felt in white labor circles in consequence. On several occasions in the past the Provincial Legislature has attempted to bring into force what is known as the Natal Act, which would have the effect of keeping out the coolie class of Japan, but each time the Ottawa and Imperial governments have overridden the local effort. Curiously enough at this particular time an effort is being made by a certain class of employers in this country to have the Dominion government either take off or reduce the $500 poll tax on Chinese. When Sir Wilfrid Laurier took office he met the demand of B. C. by raising the tax from $100, an action which met practically with unanimous approval in the province. Large employers of labor, merchants, tradesmen, farmers and fishermen joined the trades unionists in demanding the exclusion of Asiatics, who are not only a menace, so far as competition labor was concerned, but were in truth a yellow peril from a moral point of view. Now in a moment of distress, because of the dearth of labor all over Canada, which is felt in British Columbia, as well as beyond the Rockies, a class has arisen which calls on the government to tear down the barriers against the Chinese coolies. The trades unions are already preparing to battle against any change. They point out that the most mobile thing on the face of the earth is labor. It moves where it is wanted at great speed. There is undoubtedly a labor vacuum existing here, but if natural tendencies are allowed their play, that vacuum will be filled by Europeans and not by Chinese. With scores of thousands of Europeans unemployed, particularly in England and Australia, it is argued that it is ridiculous to open the province to Chinese. If an organised effort were made to bring to British Columbia the over-plus of the mother country, the new Chinese cry would be heard no more and the yellow peril might disappear.

What will happen if more Chinese are allowed to come in? When work slackens the Celestials will continue to be employed because they will work at a cheaper rate than the whites and the latter will be turned adrift. It is note worthy that in the forefront of those who demand the facilitation of the entry of Chinese are fruit growers, who can only employ labor in any number for a short time during the picking season. The labor unions ask, "What is to be done with the Chinese during the rest of the year?" And they say the only answer is that they will oust white men out of their positions by taking a lower wage. The whole matter bristles with difficulties.

We have to hand a copy of the very excellent catalogue of the Vernon Fall Exhibition. Vernon people are alive to the great advertising advantages of a successful fair and they are bending all their energies to make a big success of the 1906 show. Every branch is included and the prizes are handsome.

"Behold ye country editor, for he riseth in the morning and knoweth not what a day may bring forth. If he telleth all the news he runneth a risk of having a tin ear put on him, and if he telleth not the news the people straightway say he is N. G. and there is no joy in it. The crafty man cajoleth him into giving a 10 cent puff for a very poor 5 cent cigar and fond mothers frown on him if he faileth to flatter their frickle-faced broods. The life insurance man setteth snares for him, and on the whole he hath a deuce of a time."

The Pacific Coast Fire Chiefs' Association will assemble at Calgary on Aug. 29-30-31. The object of this gathering is the discussion of methods in fire fighting, fire appliances, water supplies, construction of buildings to resist fire and all matters of interest connected with the protection of lives and property from fire. This is the 14th annual convention and it behoves every fire department in the west to send representatives. Special rates will be given which include those who wish to attend the sports, etc. Any information may be had by applying to J. Smart, chief, or H. B. Wilson, secretary Calgary Fire Department.

OBITUARY.

Mr. and Mrs. F. Swanson are mourning the sad loss of their baby girl Leata Dorothy, aged four months, who died on Saturday last from the effects of infantile complications. The little one was with her parents at the residence of J. P. Sutherland, when she was taken ill. Very touching and sad was the little funeral, the remains being interred in the cemetery on Sunday, while many most beautiful wreaths and flowers were laid round the newly made little grave by relatives and friends. The MAIL-HERALD joins in sympathy for the parents in the hour of their sad bereavement.

Another home was plunged into grief on Monday night, when Frank Matz, aged 13 years, passed away in the hospital, after a severe attack of appendicitis. The deceased was well known here and popular amongst his friends and the loss will be very keenly felt by his parents Mr. and Mrs. J. Matz. On going to press the funeral was taking place

"Chic" at the Opera House on Sept. 3rd. Don't forget the date

CARD OF THANKS.

Mr. and Mrs. R. Gibbons wish to express their heartfelt thanks for the sincere expressions of sympathy and condolence received by them from their many friends, in their late bereavement.

Pleases every smoker the "Marca Vueita."

"DANDY DICK"

Staged by the Revelstoke Amateur Dramatic Society, under auspices of Revelstoke Independent Band.

AUGUST CLEARANCE SALE

The object of this Sale is to find new owners for our entire Stock of Clothing, Hats, Boots and Shoes and Haberdashiery before the opening of the Fall Trade. We don't believe in carrying over goods. They've a poor claim for patronage.

What would you think if next year you bought a Suit of Clothes from us identical to the one some fellow got this season, "you would feel pretty cheap wouldn't you, and you would not have a very good opinion of us."

Now, to obviate things of this sort, we are willing to accept a loss—a most severe one. Hence, THIS GREAT SALE!

J. G. MACDONALD.
