Brothier Must Stand Trial in High Court.

Once more that famous criminal Desire Brothier must face his trial before the bar of British Columbia justice for wrong-doing. But lately freed by the grant of executive clemency from the toils the officers wove about him two years ago, he had enjoyed his freedom for a brief period before being faced with trial for other grave charges. Such was the result of the judgment of Police Magistrate Williams of Vancouver, where he committed Brothier for trial in the higher court on the charge of forgery of a doctor's certificate.

SENSATIONAL MURDER.

George Mitchell Shot by His Sister Esther.

SEATTLE, July 13.—George Mitchell, the youth who recently shot and killed Franz Edmond Creffiield, a Holy Roller prophet, and was acquitted on a charge of murder on a plea of insanity was yesterday shot and killed by his sister, Esther, in the Seattle Union Station. Esther Mitchell joined the Holy Roller sect at Corvallis, Or., and was one of the most ardent of Creffield's followers. When her brother pursued the leader of the Holy Rollers to Seattle and shot him in the street, he pleaded in justification that Creffield had deluded and wronged his sister.

George Mitchell was acquitted on the charge of murder on Tuesday, and nearly all the following day he spent in searching for Esther in Seattle lodging-houses. She had refused to be comforted after the death of Creffield, and would not have anything to do with her brother.

BLAZE AT ARROWHEAD

Main Business Block of the Town Demolished.

At half-past one o'clock on Thursday morning an alarm of fire was given at Arrowhead, the cause being an outbreak in Reid & Young's store. Mr. Stevens, whose house was in the back of the block, was probably the first to raise the alarm outside, but meantime George Reid had been startled by the fire and roused Mrs. Bain, the housekeeper, Mr. Young, Mr. Reid's little daughter, and others. The stairway was found already blocked by fire, and the inmates made in their night clothes to the front windows of the store, where Dr. Hamilton was attracted by their cries for help. He and Mr. Freetag got a ladder and rescued them.

Just then a quantity of coal oil stored in the alley was caught by the fire and in an instant the fire spread through the big store rendering the saving of the goods an impossibility, though a little stock was got out.

The fire then spread to the City Hotel on the east side, and to W. R. Dumphy's cigar store and the Union Hotel on the west. The Union Hotel having caught it was impossible to save the Newman Block, which rapidly followed the destruction of the other buildings. At the rear the fire caught the houses occupied by Mrs. Kerr and Mr. Stevens which also went, not a stick being left between the Lakeview Hotel and the public hall. The hall was badly scorched and was on fire twice.

Messrs. Caley Bros. saved a little stock. Some furniture and stock were saved from Mr. Lightburne's Union Hotel, and a large amount of stock was got out of C. B. Hume & Co's. store, which was in the Newman block. W. R. Dumphy also saved some of his stock.

Although a new water supply has been put in at Arrowhead there were no hydrants attached to it and no means of utilising it in case of fire. About all the spectators could do was to let it burn. The steamer Minto and the Arrowhead and Big Bend Lumber Co's. mills whistled the alarm, and man willing hands turned out. The Big Bend Lumber Company ran out their fire hose but found it would not reach the site of the fire. Mr. Gibbons, of the Arrowhead Lumber Company, offered the use of hose from their mill to attach to the Big Bend Co's. hose but his offer was not availed of. Indeed blank despair seemed to have struck the people so far as all hope of saving any portion of the block went, though with a decent stream of water the City hotel could easily have been saved on one side, and the Union hotel and Newman block on the other. Capt. Fraser had the steamer Minto pulled up to the scene of the fire but was short of hose to reach it. There was no fire hose whatever for public use in the town.

Brave men with wet blankets and small hose worked hard to save the jewelry store just west of the Lakeview hotel, also the public hall and neighboring houses on the west end and succeeded, though the public hall was twice on fire. Where so many did such good work it would be invidious to mention names.

Among the pluckiest of the fire fighters was Miss Pitblado, who kept up a steady stream of water on her home from a garden hose and refused all assistance.

The insurance men were promptly on the ground. E. A. Haggen, representative of the non-tariff companies, was in Arrowhead and wired for the adjuster for his companies as soon as the telegraph office opened, and Mr. Field, of Sibbald and Field, was down on the first train from Revelstoke. Mr. Lye, adjuster for the non-tariff companies, arrived by yesterday morning's train from Vancouver and is now in Revelstoke completing his work. He complimented most highly G. T. Newman, manager for C. B. Hume & Co., on the manner in which he saved the firm's stock, stating he had never seen a salvage stock in better condition.

The sleuths of the fire were the Arrowhead Chinese who, while the people of the town were saving the stock, were packing away what they could of it and hiding it in the bush behind the town. At daylight this was discovered and the Chinese quarters were cleared out in search for the thieves. Several hundred dollars worth of goods were found stolen in this way. Constable G. B. Campbell came in from Comaplix and arrested several Chinamen, and yesterday W. E. McLaughlin, J P., came down to hear the charges against them. He committed two for trial and remanded two more for further investigation.

Messrs. Reid & Young's and Newman's buildings were absolutely new. The Union hotel had recently been enlarged and thoroughly renovated.

The losses are heavy, Messrs. Reid & Young being the principal losers. They had about $20,000 stock, a new building worth $4,000 to $5,000 and had only about $5,000 insurance, having let $3,000 of their insurance run out a few days ago. The Newman block, belonging to W. S. Newman, of Victoria, cost about $3,000 and was insured for only $1,000. Messrs. Hume & Co's loss will be fully covered by insurance, thanks to their saving so much stock. Mr. Lightburne's loss will probably be about $5,000, and Messrs. Caley Bros. about a similar amount. W. R. Dumphy had $800 on his stock and Mrs. Kerr and Mr. Stevens had insurance on their furniture. Mrs. Bain lost everything and had only $100 insurance. W. R. Reid had about $500 on his furniture worth about $1,500.

P. Chapman, who had just re-opened business in the Newman Block, was also one of the sufferers.

The losers were insured in the following amounts:

Geo. T. Newman on building $1500; C. B. Hume & Co., stock. $4,000; W. J. Lightburne, building and contents, about $9,500; Reid & Young, on stock, $4,000, on building, $3,000; J. Caley, $1,000 on stock, $3,000 on building.

Companies carrying the insurance are: Board Companies: Atlas, Canadian, Union, Western, Norwich Union, British American, Queen, Liverpool and London and Globe.

Non-Boards: Ottawa, London Mutual, Montreal-Canada, Equity, and Anglo-American.

ARROWHEAD

From our own Correspondent.

J. Bull and Miss Alice Bull are visiting friends in the Okanagan district.

Messrs. Chown and W. T. Nickle, of Kingston were in town recently.

Miss Armstrong, of New Westminster is the guest of Miss Kirk.

Mrs. Round and son Reggie are visiting her sister Miss MacKay.

Mr. Carrington and Miss Carrington of Kingston, en route for San Francisco, are the guests of Mr. and Mrs. Whitebread.

Alfred Bull, of Vancouver, is spending his holidays at his home here.

J. Shaw is shipping in strawberries to Arrowhead every day from his fine farm at Galena Bay.

J. Ludgate is expected back shortly from the east.

The Big Bend Lumber Company have a new logging camp known as No. 1, in charge of J. Sanderson. The camp is located on the steep slope of the mountain in the bay south of Bannock Point and a shoot has been built over a mile in length. The camp is located 500 feet up the mountain side. A fine supply of fir and hemlock logs is being obtained from this camp.

C. B. Hume and C. R. Macdonald came here on Thursday.

A bad state of affairs prevailed in Arrowhead during the fire. Two cars of dynamite were left standing in the yard with the sparks flying over them. The railway authorities were appealed to to move them, but did not do so till the fire was about over. Had that dynamite gone up the results can be better imagined than described. It was certainly a most reprehensible state of affairs and one which the government should take steps to prevent a repetition of.

It is reported an American firm of lumbermen is completing arrangements for the purchase of the Arrowhead Lumber Company's mill; that they have bought the big American timber limits at the Big Bend and propose erecting at Galena Bay the biggest lumber mill in the interior.

R. Hall, M. P, for Peterborough, Ont., who is on a visit to Mr. and Mrs. T. Ludgate, at Arrowhead, was a visitor to Revelstoke Thursday, in company with Mr. Ludgate.

Before the ashes had ceased burning steps were taken to rebuild the town. C. B. Hume came down Thursday and had a temporary store built by Friday night. Mr. Newman will also re-build at once. W. R. Dumphy had a team at work clearing his site for re-building. Caley Bros. have let a contract to J. A. Kernaghan to replace the City hotel by as fine a building as that owned by the firm in Revelstoke, and Mr. Lightburne has let a contract to D. McCarthy to re-erect a fine hotel on the site of the former Union.

CUSTOMS CHANGES.

J. McMartin has been appointed assistant collector in the customs offices at Revelstoke, B. R. Atkins remaining in charge. The department have moved the customs office from the post office to Mr. Atkin's building on Second street. It is probable that Mr. Clute, who has been customs inspector for B. C., will be placed in charge of the new customs inspectorate created by the recent changes. He has had 24 coast ports cut off his list and has had 15 new ports in the Northwest added. Revelstoke will be the most central point from which Mr. Clute will transact his duties and he will probably move his place of residence from New Westminster to Revelstoke.

CARD OF THANKS.

I have to tender my heartfelt thanks to the kind friends at Revelstoke and Sicamous who gave me such valuable assistance in the effort to recover the body of my late son.

THANKS.

Permit me to tender my thanks to those who gave such excellent assistance at the fire here to save my property.

ORANGE CELEBRATION

The Glorious Twelfth Right Loyally Celebrated by the Interior Orangemen at Salmon Arm.

Thursday was the Glorious Twelith and the Interior Orangemen right loyally celebrated the day at Salmon Arm. King's weather favored the Orangemen and their friends during the day and contributed to the enjoyment of the big crowds.

A special train left this city at 7 o'clock in the morning, carrying with it 150 Orangemen and their friends, accompanied by the Independent Band, while special trains brought up the brethren and friends from points in the Okanagan and from Kamloops to the west. There were six lodges in parade, viz., Kamloops, Vernon, Enderby, Armstrong, Revelstoke and Salmon Arm, which took place at 1 o'clock, fully 300 strong. The brethren at Salmon Arm, who were the hosts of the visiting brethren, had made careful arrangements for a successful celebration and these were carried out without a hitch.

After lunch a splendid programme of sports was held in which competition was keen. The football match between Enderby and Revelstoke for a silver cup, was won by Revelstoke after an exciting game by 3 goals to 0. A snappy game of baseball between Enderby and Salmon Arm resulted in a victory for the latter by 7 runs to 2. The lacrosse match advertised to take place between Vernon and Kamloops did not materialize owing to objections raised by the Kamloops team which could not be adjusted.

During the evening dancing was indulged in until the departure of the special trains for their respective destinations. The Revelstoke contingent reached home about midnight after a most pleasant day's outing.

Besides the Independent Band of this city, there were present the Kamloops and Vernon brass bands, and the fife and drum band of Armstrong. The celebration next year will either be held at Revelstoke or Kamloops.

THE INTEREST IN TOWN SITES

The important question of new town sites was dealt with by the Associated Boards of Trade of Western Canada at the Edmonton convention, and it is a subject worthy of great concern. All along the lines of railways now being extended with great rapidity town sites will be laid out. Some of these will remain agricultural land, and a few will grow to populous centres of industry and commerce. Under existing conditions the men on the inside *in the railway companies have a* chance to make large profits out of town site speculations, and their enterprise in that direction may often seriously interfere with the normal development of the country. The resolution at the convention demanded that none be laid out in the new provinces until the location has been approved by the Lieutenant-Governor-in-Council, that a proper plan be submitted and approved providing for drainage, water supply, parks and public squares and that the plan should comply with stipulated standards.

The most striking feature of this resolution, says the Toronto Globe, is the inadequacy of the demands and stipulations in contrast with the magnitude of the problem dealt with. It must be clear at a superficial glance that Government inspection and approval would have no effect except to transfer some of the speculative advantages from the railway promoters to the politicians. The Globe recommends that the new provinces move for the immediate application of the policy advocated by it for the development of northern and western Ontario—the reservation of town sites as sources of public revenue. This would not deprive any man of any property rightfully his own, and it would provide for all time a large and important public revenue. The railways can create or destroy towns by the adjustment of services and rates, but such things are now sufficiently under public control to assure every locality a fair chance of development. Let the commission see that the publicly owned town sites have station facilities, with fair treatment in regard to rates, and the growth of every well-selected location will be assured. Enterprising merchants will be much more likely to locate where renewable leases can be secured from the provincial authorities than where they must deal with unreasonable or unduly hopeful land speculators. In fact, the exorbitant demands of speculators have killed off many a promising town in the West, and this danger would be entirely avoided if the town sites were administered and leased to users by the provincial authorities.

FIRE PROTECTION.

The Arrowhead fire ought to be an object lesson to towns to give some attention to fire-fighting arrangements. Some means should, where possible, be provided for getting water on to a fire even if it is only by a hand fire engine, but there should be plenty of hose to utilise what water is available. *In towns like Arrowhead, where* there is no local governing body, the Provincial Government should arrange to put in a small hand fire engine, as that government derives all the revenue from taxation and should be prepared to give an unorganised town that protection which municipal government gives a city.

reciprocal basis, introduced in behalf of the Montreal Board of Trade at the opening of the session of Congress of Chambers of Commerce of the Empire was carried at today's session amid a remarkable scene of enthusiasm. The vote was preceded by a further animated discussion for and against the resolution. The Australian delegates considered it to be impracticable, while the Madras representatives approved of it. The British delegation appeared to be divided, but when an expression of opinion was called for a forest of hands went up in favor of the resolution and only a dozen voted against it. *The Canadians then rose* in a body and the hall re-echoed with their cheers, while some of them sang "God Save the King."

YOHO VALLEY CAMP.

ALPINE CLUB CAMP, July 11.—We have reached camp and are full of surprise at the excellent location and splendid layout. This is a record. Never before in the history of the Rockies have so many gathered for *mountain climbing.*

The camp is situated at the head of the Yoho valley beside Summit lake. In all we have 45 tents, including a large dining marquee. An avenue of tents is formed among the trees, the ladies occupying one side of the avenue and the gentlemen the other. Nearer the lake are the tents of the cooks and camp men, and in the centre of the camp the president, secretary and guides have their offices. The cooking and dining tents are on the edge of the lake. Flags are flying from the many flag poles *that have been erected,* and present a gay appearance. Mr. Wheeler, the president, is in command, and is giving directions and allotting quarters to the various members.

For four days 15 men have been busily engaged in preparing the place, and right nobly have they done.

We have two Swiss guides, Edward Fenz and his cousin, who will assume charge of the climbing.

R. E. Campbell, Laggan; J. Otto, Golden; S. Baker, Glrcier, and Tom Martin, of Field, deserve great credit for outfitting the party in so admirable a manner, and it is their work that has made the camp possible. They have employed 40 horses to convey goods to camp and are continuing the work.

The programme for tomorrow: Official climb up Vice-President, 10,050. Francis Fenz will have charge of the party, which will include T. Kilpatrick, C. W. Rowley, R. Haggen, C. R. Merrill, H. W. McLean, D. N. McTavish, A. M. Campbell, Geo. B. Kinney, Miss Hobbs, Miss McLellan, Stanley Jones. Subsidiary climb, Mt. Burgess, in charge of Ed. Fenz; Miss Power, Misses Foote, Stewart, Smith, Power, J. A. Campbell, Mr. Langlos, Mr. Robertson. Dr. Herdman will take charge of a party to Look-Out point. The party will include F. W. Freeborn, L. Mitchell, D. Warner, R. S. Solomon, Mr. Grahame, Miss Griffiths. Another party will be formed. A large number will visit Tak-ah haw falls in the Yoho valley.

Miss Tuzo, a well known climber, has joined the party. Her work has been confined to Switzerland and the Rockies, where she has climbed many of the highest peaks.

Mr. Solomon, *from South Africa,* has already become the humorist of the party, and keeps the crowd in good humor.

RAILWAYMEN HOLIDAYING

There are a number of railroad men at the Hotel Dominion just at present. The doyen of the corps is Mr. W. A. Jackson, a railroad man of 30 years' experience and for the last ten years on the run between Rossland and Trail. Mr. Jackson says that he had to come away for awhile or his nervous system would have broken down. The train he runs goes so swiftly that a man can hardly get his breath. The average speed is something like a mile in seven hours. One day when the train was going full speed past a crossing a man jumped on the engine *step and told his wife to jump on* the caboose. She slipped on the ice just as she was going to get on and fell flat. She weighed 300 pounds, but she got up and caught the train just the same. This is Mr. Jackson's first holiday in ten years. Among the other railway men at the Dominion who are enjoying a coast holiday are Conductors Geo. Porter, Ed. Bougard and S. H. Crump, of Revelstoke; D. T. Fraser, bridge foreman, and C. Graves, conductor, of Nelson. Mr. J. Orrin, of the Trail smelter, is with the party also. *It is unnecessary to say* that they are having a good time.—World.

INEXPENSIVE HEAT

It is not the price you pay for a furnace that makes it cheap or expensive, but the fuel it afterwards consumes.

A common furnace may cost you $5 or $10 less than a "Sunshine," but if it eats this up the first winter in extra fuel, what do you gain? Nothing, but all the annoyance and extra work that go with a poor furnace.

The "Sunshine" is in use from Halifax to Vancouver, and we have hundreds of testimonials from pleased users.

Sold by enterprising dealers everywhere. Booklet free.

here are quite as revolting as anything alleged of the Chicago meat packing revelations. Dirty factories and disgusting methods seems to be the rule instead of the exception. Jam factories, bakeries and sausage factories are all censured as being filthy, and the description of one fits most of the others. The report on the typical jam factory is as follows: "Where the horses were stalled was close to the boiling room. The sanitary accommodation was hardly separated from the rooms where the fresh fruit and uncovered jam were kept and the floors were dirty nd undrained."

The factory inspector found jam pots being washed in "liquid like dark soap, which smelled abominally."

The manager informed the inspector that the water was changed "about once a week." When fished out of these evil smelling tanks the pots were allowed to stand until dry, when they were considered to be ready to receive fresh instalments of preserves. Inspectors of bakeries found that it was a frequent custom to bathe the children in them after the close of work on Saturdays. The sausage factories, says the report, "are small delapida ed, badly lit and often infested by rats."

GOOD TRACKING

Policeman's Skill Shown.

EDMONTON, July 12.—J. K. Cornwall, who has just returned from the north, tells of an adventure which Sergeant Rockwell, of the North West Mounted Police experienced while bringing in a prisoner from the Landing to stand trial at Edmonton.

Sergeant Rockwell is a big, strapping fellow, one of the biggest men on the force. The prisoner given into his charge at the Landing last week was charged with theft and committed for trial at Edmonton.

Sergeant Rockwell started for Edmonton with prisoner Kerr last Tuesday and reached Egge's stopping place without mishap, where they were to spend the night. The sergeant mounted guard over his prisoner during the night, but not feeling well, sat down with his back to a door facing the bed in which the prisonner slept. He dozed off for a few minutes, and when he awoke Kerr had disapgeared. The prisoner had effected his escape by crawling over the bed and out through a window, making off into the bush with his shoes in his hands. Sergeant Rockwell was on the chase in a short time, but it was dark and he hunted for a trace of Kerr's tracks in vain. He then went down to Vermillion river, and procured a horse from Ed. Williams, who accompanied him back in search. After a few hours' search, they discovered Kerr's tracks at a place called Two Lakes, where the prisoner had stopped to put on his shoes. Rockwell took up the trail at daylight, Williams returning home.

The sergeant followed the trail for ten miles, passing through the village at the Landing. Here it was most difficult to distinguish the tracks among the many footmarks, but a peculiar patch on the heel of one of Kerr's boots gave him away. The sergeant continued on the track until he reached Baptiste, ten miles north of the Landing, where he came upon his prisoner as he was resting.

The sergeant recaptured his man and is now on his way to Edmonton. The adventure is spoken of as being one of the most remarkable feats of tracking that has been laid to members of the Mounted Police.

Local and General.

A special meeting of the Hospital Guild will be held to-night at 8:30 at the home of Mrs. G. M. Clark, Second Street.

J. D. Sibbald left Thursday evening for the Big Bend with three men who will be employed on the Revelstoke & McCullough Creek property.

Contractor D. McCarthy received a wire on Thursday to to to Arrowhead to arrange plans for the construction of a new hotel for Mr. Lightburne.

R. Howson has purchased 40 acres of the Adair ranch for which he paid about $40 an acre. He intends improving it and planting it out in fruit trees.

Contractor John Kernaghan leaves today for Arrowhead to commence the erection of a handsome new hotel for Caley Bros., on the site of the one recently burned down.

To facilitate supplies of bedding, etc., reaching Arrowhead promptly after the fire the C. P. R. kindly placed at R. Howson's disposal a special car for prompt despatch.

Dr. and Mrs. Curtis have leased W. Bews' residence for the summer. The doctor will have an office at his residence as well as the one on First St. opposite the Union hotel.

Ed. Adair has sold from his ranch already this season a ton and a half of strawberries, the market being in Revelstoke, and he could have got a higher price by shipping to outside points.

We learn with regret of the death yesterday of the only child of Mr. and Mrs. W. W. Foster, and extend our deepest sympathy to the bereaved ones. Mr. Foster is taking the body to the coast tonight for burial.

A. Ward has struck it rich on Boulder creek near Trout Lake having located a rich body of ore similar to the Cromwell. A party went out to see it Thursday. Fred Fraser brought a sample in to the city this week.

We regret to learn that our esteemed fellow citizen, J. H. Morrison, was called home last week by a telegram stating that his wife was very ill at Cedar Falls, Iowa. We sincerely hope he may find his wife entirely recovered and that "Harry" will be "on deck" in a few weeks.

At a meeting of the district licensing board last evening at the provincial police office, license permits were granted to Messrs. Caley Bros. and W J. Lightburne to open up their premises in temporary quarters until the erection of their new hotels.

Sir Charles Tupper, Bart., spent his 85th birthday in England and carried off his years with ease. It is 63 years since he took his M. D. degree in Edinburgh, and 51 since he first entered public life. He is one of the two surviving Fathers of Confederation.

A leading Vancouver financier, who was on a visit to the district this week, says it has always been his opinion that Revelstoke will be the most important city in British Columbia, and he expects to see rapid growth here the next few years.

F. H. Young, of Messrs Reid & Young, was down at Arrowhead yesterday looking into matters in connection with the fire and to arrange for the erection of a new building and the re-opening of their Arrowhead store.

Martin O'Brien has taken a five years' lease of the Victoria Hotel, and assumed charge on the first of the month. Mr. O'Brien was manager of this hotel some years ago, and consequently has a full knowledge of the business requirements of this old established house.—Vernon News.

M. U. Gortner, manager of the McMinnville group, is waiting the arrival of a party from Spokane who will go into and probably complete arrangements for the amalgamation of the McMinnville and Kingston groups. Work is beidg continued on the McMinnville, and it is said the leads are proving up splendidly, with a good grade of ore.

Eighteen scholars from British Columbia schools figure in the thirty names of successful matriculants into McGill, and among them is Miss Maud Hyatt of this city. The pass list was announced by the examiner and western schools occupy a prominent place. A. N. King, of Victoria College, is third on the list, and British Columbians take three of the next four places. An Ottawa scholar was first, with 541 marks.

A writ for damages against the C. P. R. has been issued by Mrs. Elizabeth Ann Thompson, dressmaker, Vancouver. She claims $5,000 damages for the negligence of defendant in not maintaining a safe platform in front of the defendant's station and baggageroom at Moosejaw, and in not causing the said premises to be properly lighted, whereby the plaintiff on September 22, 1905, fell on the said platform and broke a leg.

A gentleman who has just returned to Winnipeg from a visit to his brother at Enderby, B. C., brought some samples of wheat, timothy and clover. The wheat measured sixty five inches. Several heads measured seven inches, others six and a half, and the shortest was five and a half inches in length. The heads were all six-rowed and on one head a hundred and sixty-eight grains were counted. The wheat was planted late last fall, but did not germinate until spring. The timothy was also a splendid sample, averaging fifty-five inches with heads five inches long. The clover was what is known as Mammoth Red, and was thirty-nine inches high.

attended at the home of Mr. Fromey on Thursday morning, July 12th, and presented the following address of condolence:

To Sovereign E. C. Fromey,

Dear Sir and Brother,—At the regular meeting of Mountain View Camp, No 229, W. O. W, held last evening in the Selkirk Hall, the attached resolution was passed by a standing vote of the members, and the undersigned were appointed a deputation to convey the same to you.

H. C. Cameron, C. C.
W. D. Armstrong, A. T.
H. W. Edwards, Clerk.

RESOLUTION.

Whereas Our Beloved Sovereign, Bro E. C. Fromey, is called upon to sustain an overwhelming grief in the loss by death of his dear wife, we, his brethren in council assembled do hereby record our heartfelt sympathy, and tender same to him.

The excellent virtues of the departed one, as a most devoted wife and mother, commanded the honor and high respect of all.

While it is our solemn duty to offer our fraternal and heartfelt sympathy and help to our stricken brother—we realizing the magnitude of his loss—it is also true, that no words or acts can ever make 'Death other than death," and in faithful silence we reverently turn to the divine source for solace and strength, in this our common grief.

Signed on behalf of Mountain View Camp, No. 229, Woodmen of the World.

H. W. EDWARDS, Clerk.
