Wire from Ottawa Confirms Fyling of Plans and Application.—Second Company Said in Field.—Alberta Supports New Railway.

Ottawa, Nov. 4—Application will be made to parliament for the incorporation of the Wetaskiwin, Yellowhead, and Revelstoke Railway company, which seeks power to construct the following lines of railway.

From Wetaskiwin in a westerly direction to the Saskatchewan river; thence westerly following the valley of the Brazeau river or such other valley as may be found practical to or near the headwaters of the Brazeau river; thence in a northwesterly direction down the Rocky river valley or such other course as may be found feasible to the Yellowhead pass or such other pass as may be found practical; thence in a westerly and soothwesterly direction to the headwaters of the Canoe river, British Columbia, thence down the valley of the Canoe river or such other valley as may be found practical, to the junction of the Canoe river with the Columbia river; thence down the Columbia river valley to the city of Revelstooe in the province of British Columbia.

NEW ALBERTA RAILWAY.

Wetaskiwin, Nov. 4—Wetaskiwin is to have a railway running west. That is, if application, which will shortly be presented to parliament, is granted and the line is constructed. A company to be known as the Wetaskiwin Yellow Head & Revelstoke Railway company has been organized, but we are unable to ascertain the personnel of the company. We are assured however, that the local men who are behind this project will receive every material financial assistance from outside capitalists when the funds are needed.

The company is applying for power to construct and operate the following lines, namely, from the city of Wetaskiwin in the province of Alberta in a westerly direction to the Saskatchewan river; thence westerly following the valley of the Brazeau river; thence in a northerly direction as may be found practical to or near the head waters of the Brazeau river; thence in a northwesterly direction down the Rocky river valley or such other course as may be found feasible to the Yellownead pass or such other pass as may be found practical thence in a westerly and southwesterly direction to the headwaters of the Canoe river in the province of British Columbia; thence down the valley of the Canoe river, or such other valley as may be found practical to the junction of the Canoe river wich the Columbia river valley to the city of Revelstoke in the province of British Columbia.—Calgary Herald.

CITY COUNCIL

The city council met in regular session on Friday evening last. Mayor Sutherland occupied the chair, present, Aldermen McKinnon, Bourne, Howson and McSorley.

DEPUTATIONS.

Mr. W. M. Lawrence, acting as spokesman of an influential deputation present to meet the council, drew attention to the position of the subdivision of "Clearview" and requested the opening up of the road to this property and the recognition of the crossing over the C.P.Ry. as a regular crossing, which could be obtained by the council on application from the Railway Commission. The deputation were also spoken for by Mr. A.J. McDonell, Mr. J.D. Sibbald and others.

Mayor Sutherland—These matters will receive the attention of the council, the necessary application will be made in this instance at once.

Deputation thanked the Mayor and withdrew.

A representative of a Vancouver firm specializing in engineers and hydraulic fixtures also interviewed the council regarding water meters, but as he seemed to know very little about the matter, the City Clerk was instructed to take it up further with the firm by mail.

POWER AND LIGHT.

Alderman Howson—There have been some complaints and discussions in the city regarding prices charged for power and light, and I understand that some letters are on hand from certain power users asking for reductions in the rate.

City Electrician North, present, gave evidence as to comparisons of rates charged for power and light in certain interior cities, and at Revelstoke, and the matter was held over to be further discussed when more statistics had been secured.

STREET LIGHTING.

The City Electrician submitted his estimates of a new street lighting unit, and which with transformer, etc would carry sufficient voltage to supply 70 standards of three hundred candle power. The cost of the unit, exclusive of standards would be about $1800, and further units could be purchased as required. The unit proposed was the largest supplied, and was the recognized street lighting system throughout all Canadian cities using electricity.

Ald. Howson—This is a matter upon which we have been needing information for a long time. We should get property owners in the central part of town to pass a local improvement bylaw to put in the standards and then have this unit purchased and use the lights and brackets thus rendered superfluous to light outlying parts where such lights are needed. The City Clerk was instructed to go into the figures and prepare a statement of what such a local improvement bylaw would amount to, with a view to having same paesed next spring, and the Water and Light committee will also consider the advisability of buying the units and transformer during the life of the present council in order that the work may be undertaken early in the term of their successors.

SEWERS.

City Clerk Lawson was instructed to bring in a report providing for the amendment of the existing sewer assessment.

The City Clerk was instructed to make application to the Railway Commission respecting the McKenzie avenue crossing, as requested by the deputation previously referred to.

Meeting adjourned at 10 p.m.

TURKISH APPEAL

Constantinople, Nov. 4—None of the powers has yet replied to the Porte's request for mediation. The belief is held here that King Ferdinand will not be sorry to accept European intervention, as it is considered after its tremendous sacrifices the Bulgarian army must be near exhausted.

Abdullah Pasha, commander of the Turkish eastern army, is still at Tcharkesskeui and at noon today a Turkish detachment deetroyed an important railway bridge at Tchorlu.

It now becomes clear that the deficient commissairiat was largely responsible for the Turkish reverses. Turkish plans aimed at encircling the Bulgarian forces by an advance on the right wing, The Bulgarian general concentrated his efforts on an attack against the Turkish centre at Seral and the left wing along the railway. Th Turkish right was meeting with much success, but the commissairiat broke down completely, owing partly to bad weather, which made the roads difficult and prevented landing operations at the Turkish base, Midia.

As a consequence, Mahmoud Mukhtar Pasha, commanding the right was compelled to sacrifice the advantage gained because his troops were without food the whole day.

All preparations have been completed for the heir-apparent to proceed to the Turkish headquarters, accompanied by Ghazi Ahmed Mukhtar Pasha, the recent Gand Vizier, but they have not started.

It is asserted that the sultan himself was deceived by Nazim Pasha's optimistic reports and only realized the true situation when an English cruiser bsought the latest news, which was conveyed to the porte by the British ambassador. The porte then asked the Powers to intervene.

The difficulty in maintaining order is increasing. It is said that a mob went to the war office at Stamboul and asked for weapons with which to attack the Christians and this was the reason Kiamil Pasha asked the ambassadors to have warships at hand.

London, Nov. 4—"The commander-in-chief of a general army in battle without any communication with or knowledge of movements of his forces," is the description of the plight of Abdullah Pasha on October 30, the decisive day of the fighting, which Ashmead Bartlett cables to the Daily Telegraph, from Constan(a.

The correspondent contrasts the position of the Turkish commander with that of General Oyama during the

(Continued from Page Six.)

PRESIDENTIAL ELECTION

Woodrow Wilson, Democrat, Was Elected by Large Majority.—Theo. Roosevelt, Second

The following telegram timed at Vancouver at 11 p.m., is the latest information available regarding the Presidential election.

Mail-Herald, Revelstoke—Wilson next president of United States, carried south and large part of east including New York. No doubt that he will have sufficient votes in electoral college to give him clear majority. Roosevelt comes second with strong support from Illinois and several western states. Taft carried few states. No figures available.

WOODROW WILSON.

Born at Staunton, Virginia, Dec. 28, 1856; graduated from Princeton college, 1879; graduated from the law department of the University of Virginia, 1882; practised law at Atlanta 1883; married Helen Louise Axson of Savannah, 1885; became professor of political economy at Bryn Mawr college, 1885; became professor of political economy at Wesleyan University, became professor of jurisprudence and politics gt Princeton, 1890; became president of Princeton University, 1902; elected governor of New Jersey on the Democratic ticket, 1911 received Democratic nomination for president of the United States, 1912; author of numerous works on political economy and American history.

Young People Re-Organize

The young people of St. John's church met on Monday evening and organized for the season. The name adopted is "The Young People's Society of St. John's Church." Committees were appointed to draft a constitution and nominate officers and these will report at the next meeting on Tuesday evening. It was decided to hold the meetings on Tuesday evening each week, and next week after the business meeting a social will be held in the basement of the church to which all young people are invited to attend.

On Monday November 18th, under the auspices of the society, John P. Clum will give his illustrated travel talk on the Canadian Rockies and California. This talk is profusely illustrated by beautifully colored slides and most entertaining and instructive moving picture films. This will afford the citizens of Revelstoke an opportunity to enjoy an imaginary journey through "that winterless land by the sunset sea," with its flower festivals and orange groves.

Westminster's Reputation

New Westminster, Nov. 4—To the charge made at the last meeting at the Citizens' League that "New Westminster reeked with vice," that gambling was rampant, and that New Westminster was the only city in the Northwest that tolerated a segregated district, the mayor tonight as the city council entered an emphatic denial. He characterized the statements as "infernal lies" and as "entirely slanderous." The mayor professed surprise that such statements should be attributed to the Rev. J. K. Henderson and others, and said that the condition of the city was much better than what it had been two years ago. In 1910 the bars were open to 2 a.m.; drunkards were found on the streets at all hours; and gambling took place in back rooms often until early morning. There were at that time eight disreputable houses. Now there were only three such houses; the bars close at 11 p.m.; and there was no gambling, except in Chinatown, where it was impossible to suppress it utterly, and where few white men were able to participate. He regarded such an attack as that which had been made on the city as a pre-election move, and he invited anyone to prove the allegations before the police commissioners. In conclusion, the mayor held that New Westminster compared favorably with any city in Canada.

Vaudeville

Commencing Monday the Empress theatre announces its program for the week of November 11th, which includes some of the greatest vaudeville artists travelling in the west. Hellstrom and Myra will be seen in a very laughable Swedish comedy; Marie Campbell greatest English comedienne; Brandon and Taylor, comedy singing, talking and dancing acts, Russell Parker, greatest of all jugglers. The above artists come from Vancouver and are travelling to Spokane and the public can be assured that these attractions are guaranteed first class acts. 2,000 feet of high class motion pictures will be run with with each show.

HALCYON NOTES

Improvements are the order of the day at Halcyon. The latest development is the installation of an electric light plant. This has often been talked of and now, thanks to the initiative of the present proprietor, Mr. Wm. Boyd, it is an accomplished fact. The dynamo, which is capable of furnishing thirty-five sixteen candle power lights, has been placed in the boiler house, and a new pipe line is being put in which will furnish sufficient power to run it to its full capacity.

Among those registered at the Sanitarium for the past ten days, are:—R. D. McDonald, Mrs. K. G. and Mrs A. McRae, F. Robinson, H. Laughton, J. Walker, C. Newsom, P. Wade and wife, A. McRae, Mr. and Mrs. E. Edwards and daughter, R. E. Allen, of Revelstoke; Mr. and Mrs. Roy Sweney of Kelowna; B.D. Gattrie, M. L. Williams, Trail; Neil McKay, C.D. Goepel and J. McLachlin, Victoria; Mr. and Mrs. C. Shook, Comaplix; G. Olson, Summit Lake, B.C.; R. A. Baeton and Mrs, F.M. and Miss A. Gordon, Vernon; J. Burns, F. Mautly, Miss Buade, Miss Winter, C.F. McHardy and W. G. Foster, Nelson; Mr and Mrs. A. Carlson and children, S. Jackson, Mr. and Mrs. S. Horne and children; Miss Munroe, W.H.D. Horne, D. Moe and M. Solum of Nakusp.; Mrs. Mills and children of Fernie; J. W. Gratam of Sicamous; I. Sloan of Kamloops; T. Wady of Calgary; Colin Cameron, Golden; J. Boyd, Anaconda Mont., Capt. W. R. Reid, Okanagan Landing; T. Work, Phoenix; J. T. Brooks, J. T. Griffith and A. Lucol, Vancouver; Mr. and Mrs. R. Hughes, Edgewood; P. P. Bourdais, Clenton; M. Malinski, Greenwood; J. G. McNaught, North Vancouver; H.T. Goodeve, Rossland; Mrs. T. Moodies of Edmonton; A. Miller, Adams Landing; I. Gillick of Armstrong.

C.P.R FIREMAN MURDERED AT KAMLOOPS SATURDAY

Charles Acheson Shot by One of Three Yeggmen and Killed in the C. P. R. Yards at Kamloops—Police Working Hard for Capture of the Murderer

A dastardly murder was committed in this city on Saturday night a few minutes after nine o'clock, when Chas Acheson, a C.P.R. fireman was fatally wounded by a shot fired deliberately and in cold blood from a revolver in the hand of one of three yeggmen who held up Acheson and two companions in a yard just east of the brewery.

The bullet entered Acheson's back piercing the lung and stomach. He was removed to the hospital where he died at 6:30 yesterday morning.

The place where the fatal shot was fired is very dark and as Acheson, in company with Fred Dayton and Carl Brophey were making their way toward the street they were confronted with three men, who pointed revolvers at their heads and told them to hold up their hands. Brophey obeyed but Acneson and Dayton, thinking the matter a joke continued on, Dayton ahead, making some laughing remark. Without warning one of the robbers fired, the bullet striking Acheson in the back. He then walked down to Dayton, who had stopped and ordered him to return. While Bropney and Dayton were guarded by one of the men, the other two went through the pockets of the wounded man, taking his watch. The only remark made as they did so was "We are sorry old man but you ought to know better than to run away." The robbers then returned to Dayton and Brophey, taking from them $1.20 and $1.15 and were about to pocket the latters watch when they were told that it had Brophey's initials engraved in it and would incriminate them. "Are you railroad boys" asked one of the robbers, and on being told that they were he remarked to the other "We've sure made a bull of this."

In the meantime Acheson had got upon his feet and walked as far as the doorway of Mrs. Murphy's house where he fell prostrate. He was carried into the house and a telephone message sent to the police and for the ambulance. He was removed to the hospital where he died at 6:30 yesterday morning, as stated.

About 15 constables, city and provincial were on the scene of the killing in a very few minutes but the three highwaymen had made good their escape. The police have very few clues to work upon. Only very imperfect descriptions of their appearance could be given on account of the darkness. One is described as being tall and wearing a handkerchief over the lower part of the face. The other two were short men and wore dark clothes.

The police all along the line have been advised of the murder and every train is being watched. The mayor yesterday authorized the offering of a reward of $500 for the murderer's capture and it is probable also that the provincial government will do likewise.

A suspect was arrested Sunday morning at Ducks, who tells a remarkable story of having been present at the time of the shooting and that he also was held up, by the trio and knocked unconscious by a heavy blow from one of the robbers. He laid there, he claims from 10 o'clock Saturday night until 1 o'clock Sunday morning. The man had a return C. P.R. ticket for Chase but was found stealing a ride on a freight train.

Acheson was 27 years of age and a young man highly respected in the community where his genial disposition won him many friends. A telegram received this morning from his parents at Edgely, Ont., a suburb of Toronto contained instruction to ship the remains to that place for burial. An inquest was commenced at 2 o'clock this afternoon.—Inland Sentinel

---

Kamloops, Nov. 6—Two men answering the description of those who murdered Chas. Acheson on Main street, Saturday night and held up and robbed Carl Brophy and Fred Dayton, were arrested yesterday at Savona by Provincial Constable McClintock and brought here last night. They were found loafing in the hotel at Savona, having arrived there about noon. They gave their names as Claude Lowe and B. Fleake and admitted having been in Kamloops on Daturday night, claiming that they were in the pool room at the time the shooting occurred.

This morning all of the city prisoners were dressed in their civilian clothes and the two suspects placed among them. Dayton and Brophy were called into the corriaor separately and after scrutinizing the line of 25 or 30 men carefully each unhesitatingly picked out Fleake as one of the men implicated. After studying the line a few minutes longer Dayton placed his hand upon the shoulder of Lowe, the taller of the two, saying that he bore a strong resemblance in build and dress to one of the trio.

The police have been actively engaged since the murder following every possible clue. They have succeeded in tracing the movements of the two men now under suspicion during the past week.

Henry and William Wilson, two half breed men are also being held by the police they having been in the company of Fleake and Lowe on Saturday during the day and also after the murder.

Both Lowe and Fleake are known to have been in the pool room shortly before the murder and they were missed from there between the hours of 8 o'clock and 10:30. About midnight the Wilson brothers and Lowe and Fleake lunched together in a cafe the two latter saying on parting, that they were going to make for the coast.

Fleake claims to be a bookkeeper, and that he came here from Gleichen, where he had been employed as a bank clerk and where his wife still resides, on Thanksgiving day. Lowe claims to be a fireman lately in the employ of the C.P.R.

A SUCCESSFUL TREATMENT

Mrs. Edward Kennedy, of Meriden, Conn., 40 years old, was advised by her Physician to try Dr. Martell's Female Pills, she did so with wonderful results. Thousands of others would say the same. 20 years the standard at your Druggist.

Chase Progressive

A representative of the Mail-Herald last week paid a flying visit to points west and was greatly surprised at the rapid growth and bright appearance of the little town of Chase. Nestled away on the edge of the Shuswap Lake, and on the border of the dry belt, this rising young city is beginning to loom up among the very most prosperous of our inland cities. This town, although unincorporated, has its own water works and electric light plant, which is operated by a local company. It can boast of hotel accommocation second to none in the interior. The Underwood hotel, owned by an enterprising American of the same name, is managed and equipped in a thoroughly modern style. While Chase has a population of only six hundred, it would appear from the display of electric lights at night that it was a much larger place.

Chase has two town halls, a Union church and an Episcopal church, a good school and almost every line of business is represented there, including an up-to-date drug business, owned by C. R. Macdonald of Revelstoke managed by Mr. E. C. Wilson, an experienced druggist.

Chase is situated in the heart of an exceptionally rich fruit district, the Chase estate, a large farm, grows apples averaging from one to two pounds in weight, while vegetables of all kinds grow with equal rapidity.

Don't overlook Chase as one of our important inland cities of the future.

Another Contest to be Held

The following circular has been issued by the Poultry branch of the Department of Agriculture:

Department of Agriculture,
Victoria, B.C., November 2, 1912

Dear Sir,—

It is the intention of the Department of Agriculture, provincial government, to hold the Second International Egg Laying Contest on the Victoria Exhibition grounds, the Willows, Victoria, commencing December 2nd, 1912, to continue until Oct. 2nd, 1913. Enclosed please find rules and regulations, together with entry form should you wish to compete. Entries close November 22nd, 1912, and the entrance fee of $5.00 should be enclosed wich entry form when forwarded.

Yours truly,
J. R. TERRY,
Director Egg Laying Contest.

P.S.—Preference is to be given to B. C. birds.

CHURCHES

METHODIST CHURCH.

How Much of Your Road Money is Spent in Filling Ruts?

IF the millions of dollars that have been spent repairing worn-out, washed-out streets and roads had been used to build more miles of good highways, fewer farmers would now be wasting valuable time and money taking "round-about" routes to town.

FIRST cost of an ordinary dirt or macadam road is usually only a "starter." The cost of upkeep soon equals that first cost and there is always an ever-increasing annual expense for repairs. The worst feature of it is that such a road is never a really first-class highway.

IN estimating the cost of a road you should include the expense of keeping it in good condition for at least twenty years. If you don't, you're figuring on the first payment for that road, only. And the remaining payments are as certain as taxes. The upkeep cost of concrete roads is practically nothing.

Concrete roads are the best roads from the first—and the best and cheapest roads at the end of ten, fifteen and twenty years.

CONCRETE is the ideal paving material for streets in small towns as well as for main highways in the country.

Edward N. Hines, Wayne County, Michigan, Road Commissioner, and one of America's foremost authorities on good roads, says:

Any community that wants a good road, a road that is cheaper for even a short time under fairly heavy traffic than any other good road, a road that is inexpensively maintained, a road that is sanitary and dustless, a road that is not slippery, a road that affords good traction for any type of vehicle 365 days in the year, a road that in the long run, say 10, 15, 20 years and longer, is the cheapest of all good roads, should investigate the merits of concrete.

WRITE for the facts about Concrete highways. When convinced, use your influence to have the roads for which you pay built to last.

We have highway experts who will visit any community intending to build more roads and explain just why and how concrete roads are best and cheapest.

Canada Cement Company Limited
510 Herald Building, Montreal

Have you a copy of our big free book for farmers "What the Farmer can do with Concrete?" If not, write for it. It's absolutely free.

FINE ENGRAVING IN SEPIA OF THE BORDEN CABINET . . . . .

For Readers of the News-Advertiser

EVERYONE wants a picture of the members of the Government of Canada. The "News-Advertiser" has had prepared for the exclusive use of its readers in this province a large engraved plate of Rt. Hon. R. L. Borden and his Ministers.

This group is redrawn from the latest photographs of the eighteen Ministers who compose the advisers of His Royal Highness the Governor-General. It is printed in sepia on heavy board ready for framing, and will be of the greatest educational value in the home, the school and the library.

The Prime Minister, HON. R. L. BORDEN, occupies a central position, and is shown standing at the head of the Council Table. Seated about him are his colleagues.

Dimly in the background the features of Sir John Macdonald look down on his successors.

HOW TO OBTAIN THE PICTURE

This fine engraving, of which a limited number have been prepared, will be sent FREE OF CHARGE to new subscribers, or to old subscribers, who renew their subscriptions for one year ($3).

For out-of-town subscribers the picture will be tubed and postage prepaid.

Non-subscribers may obtain copies on payment of 50 cents. If mailed, ten cents extra for tubing and postage.

Applications and remittances (cash must accompany order), must be made to

Land situated east of East Demars, B. C. Date of Location, December 3rd, 1911.

Dated October 17th, 1912.
PATRICK J. MURPHY.

MINING NEWS OF BIG BEND

Some placer gold recently exhibited in Revelstoke has assisted in causing renewed interest to be taken in placer gold mining on creeks in the Big Bend part of Revelstoke mining division. The heap contained between forty and fifty oz. of placer gold recovered by Mr. L.N. Remillard from his placer claims on French Creek, situated immediately above the property worked in past years by the old French Creek Mining Company. Mr. Remillard has been working here for about two years and is now well pleased with the results he is getting. The local water supply situation is not favorable to the recovery of gold after the beginning of October, but he is continuing work in preparation for gravel washing when conditions shall allow of its being done. He believes he has found an old channel through his ground and that it will pay him well to work it.

Higher up French Creek is situated the Pioneer Placer Mining Company's ground, to which, it has been reported, a Keystone drill was taken lately for the purpose of testing the ground for prospective purchasers.

Below the Remillard group are three placer leases held by a Revelstoke syndicate, which has obtained a water record and intends to work this property next season. It is thought the old channel above referred to crosses these leases, and that it will be found to contain good pay ground.

Smith Creek—Chicago and Washington men have obtained an option from Mr. Harry Howard on his claims near the mouth of Smith Creek, and fronting on the Columbia river. This ground formerly was held by the old Columbia Hydraulic Mining Company. The bonders have also secured seven placer leases up Smith Creek to the westward, and they purpose beginning mining operations next spring.

Other Creeks—Two placer leases have been taken up on ground on Eight-mile Creek, and Mr. Raymond Allen has done a lot of work on Camp Creek. Several placer leases have been taken up on other Big Bend creeks so that altogether much activity in placer gold mining next season is looked for.

Mica in Big Bend—Two syndicates, one of Calgary and the other of Revelstoke, have secured mica-bearing claims at the head of Big Bend, and good samples of mica have been obtained.

LARDEAU MINING.

The outlook for mining in Lardeau district is now better than for several years, as will be indicated by the following items of mining news:

Ferguson Mines Limited—The prospects for shipping ore the ensuing winter from this company's Silver Cup mine are promising; it is stated that not for at least three years have conditions been so favorable as now. During last summer the development work done resulted in the mine having been placed on a basis that will allow of profit being earned on mining operations. This is the more encouraging since it is expected that returns will be made showing a larger output of silver-lead ore and proportionate earnings.

On the company's Ajax claim, adjoining the Nettie L., distant about one mile from the town of Ferguson, a recent development is attracting much notice throughout the district. In rasing from No. 1 level, at between 30 and 40 feet up, a body of galena ore was found. When the information was received concerning this, there was 12ft. 6in. of ore exposed and ore still in the face of the working. The value of this ore is given as from $80 to $100 a ton. As little production of importance has been made this part of the company's property in recent years, this find is regarded as one of the most important developments experienced for a long time past.

The Nettie L., formerly was one of the largest shipping mines of the Lardeau district, has been leased to Messrs. S. A. Sutherland & Co., after having been unworked for about seven years. The leasees have been operating here about three months, and already have taken out a carload of ore of excellent grade, while conditions indicate that it will be practicable to continue production.

Noble Five Group—Mr. Andrew M. Craig of Trout Lake city has exposed in a 24ft. open cut, on one of the claims of his Noble Five group at 7ft lead of quartz matter in slate schist and diorite. In this there is about 10in. of solid shipping ore. A crosscut adit has been driven 90ft. and to get under the above-mentioned good showing of ore this will have to be extended about 50ft. A depth of 85 ft. from the surface will be gained, and, owing to the steepness of the mountain, the gain in depth will be foot for foot of drving, when the lead shall have been crosscut, and drifting into the mountain be done. A shipment of seventeen tons of ore from this property gave a net return of $83 a ton, after payment of $41.50 a ton for packing, freight and treatment, making the total value of the ore $124.50 a ton. Supplies will be taken in to the cabin shortly, so that work may be resumed before next spring.

The Noble five group is near the head of Brown Creek, a tributary of Ten-mile Creek, and is on the southern part of Silver Cup Mountain. It is some 2½ miles beyond the Winslow group, and is distant eight miles from Trout Lake.

Horseshoe—Mr. Craig has had packed out from the Horseshoe, which is three miles by trail from Trout Lake city, a few tons of sorted ore estimated to run about $300 a ton. Work will be continued in the winter, and it is expected that more ore will be available for shipment by the time the trail shall be good enough for packing. The Horseshoe adjoins the Lucky Boy, which latter, as well as the Ethel, has been a shipper in the past.

Other Properties—Besides those above mentioned, there are other properties in various parts of Trout Lake mining division that are having attention, so that from some of these, as well good results are expected.

HEAVY DRINKER CURED

Samaria Cured Him and He Helps Others

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

"The Samaria Remedy Co., Toronto, Ont.:

"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lilywhite, Brigden, Ont."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by physicians and hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day.

THE SAMARIA REMEDY CO., Dept. 46, 49 Colborne street, Toronto, Canada.

Also for Sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

Wetaskiwin, Revelstoke Ry.

The announcement is made that a company, acting through solicitors at Wetaskiwin, Alta., have filed preliminary plans and notice of intention of applying to the next session of the Dominion Parliament for a charter under the company name of Wetaskiwin, Yellowhead & Revelstoke Railway with powers to construct, own and operate a new line of railway to be built from the prairie city to Revelstoke, with connections south to the United States at Spokane. The line would tap the prairie wheat fields, the Brazeau coal fields and the fruit lands, agricultural districts, mineral and timber lands of the interior of British Columbia. ...

At Revelstoke a connection would be made with the Columbia River, which, when opened to navigation, as foreshadowed in the report of the Dominion survey party now engaged in the work of investigating the same, will give an all-year-round water transport, with a minimum depth of fourteen feet, from Portland, Ore., to Revelstoke, providing the cheapest and most direct route for all bulky shipments from interior points and the prairie to the Pacific seaboard.

The C.P.R. main line from Calgary crosses the Columbia River waterway at Revelstoke, and when the present branch from Revelstoke to Arrowhead is connected up with the Trout Lake line and the Crow's Nest Pass, this city will be the junction for three great railways and the head of water transport on the Columbia, justifying its importance as a shipping point by virtue of its geographical position in the centre of Southern British Columbia.

The progress of the new railway promoters will be watched with the keenest interest, and no effort will be spared on the part of all classes of the community to push forward the organizing and building of this new railway artery.

The interests now engaged in developing the Brazeau coal fields are the capitalists who have taken the first step in applying for the charter, but it is a coincidence that Mr. John D. Sibbald, of the Revelstoke General Agencies, while in London, secured support for an almost similar line.—News Advertiser, Vancouver.

LIQUOR ACT, 1910.

Notice is hereby given that, on the first day of December next, application will be made to the Superintendent of Provincial Police for renewal of the hotel license to sell liquor by retail in the hotel known as the Glacier House hotel, situate at Glacier, in the Province of British Columbia.

Dated this 16th of October, 1912.
J. M. YOUNG, Applicant.
1st issue Nov. 6.

CONVENTION FOR REVELSTOKE

"One of the chief results of the recent excursion of Vancouver business men to Vernon will be the formation of a league for the developing of a closer intimacy among the Boards of Trade and other public bodies of the province and keeping the public in touch with the development going on all over British Columbia," declared Dr. E.S. Rowe, commissioner of the Progressive club, who has just returned from a trip to Vernon and Calgary "A resolution was adopted declaring for the formation of such a league but the name was not definitely decided upon," he continued. "One name suggested was the B.C. Industrial and Development League. It was left for the league when finally organized to decide upon a name and I believe it will be the B. C. Chamber of Commerce. A provisional committee was appointed to draft a constitution and to make arrangements for a convention to be held in Revelstoke early in the New Year. In the meantime the committee will send out to all public bodies likely to be included in the new organization a report of everything done to date and outlining the program for the convention.

"The usefulness of such an organization was shown in the recent visit of local business men to Vernon and their conference with the fruit growers of the Okanagan Valley, which was an incident of the meeting of the provincial development league there. The result of this conference is sure to be beneficial. As I have frequently pointed out there is an impression in the interior that Vancouver is self sufficient, and indifferent to the other parts of the province. The work of the Progress Club is and has been directed to removing that impression but excursions such as that carried out under the auspices of the Board of Trade can produce more results in a few weeks than can be done in any other way in a year

"There has been some complaint among the fruit growers of the interior but their case is exactly analogous to that of the wheat growers of the prairie provinces. They are both producing more crops than their present facilities can take care of. The situation is therefore in the nature of growing pains and is an indication of development not of dissolution. It is not a case for alarm, Steps will soon be taken in the way of a central selling agency and cold storage plants which will relieve the present surplus of production or rather the annoyances at present faced.

"I went from Vernon to Calgary to attend the convention of the selling agents of the Natural Resources Department of the C.P.R. which was presided over by Mr. J. S. Dennis. The Progress Club is a correspondent of that department and sends a daily despatch of development news. The conference was private but a statement was given out afterward that henceforth the lands of the C.P.R. would be purchasable only by intending settlers and not to speculators. The selling agents will be recompensed by a higher commission. After the convention, the delegates were treated a four days' trip through Saskatchewan."

Railway Commission Coming

Ottawa, Nov. 3—Friday the officials of the railway commission completed the itinerary of the western trip, which opens at Fort William on November 8. Chairman Drayton and Commissioner McLean are the only members of the board who will go west. They will hold sittings from Fort William right through to Vancouver, as follows: Fort William, Friday, November 8; Winnipeg, Monday, November 11; Le Pas, Thursday, November 14; Sassatoon, Monday, November 18; Edmonton, Friday, November 22; Calgary, Monday, November 25; Vancouver, Thursday, November 28; Victoria, Monday, December 2; Nelson Monday, December 9; Lethbridge, Wednesday, December 11; Moose Jaw Tousday, December 12; Regina, Friday, December 13.

As the commission will hold a meeting in Toronto on Wednesday next. It is expected that not much will be done in connection with the western freight inquiry on Monday, November 4, the date on which the inquiry was adjourned to. At the commission office Friday it was stated that in all probability the inquiry will not be proceeded with but that a later date will be agreed upon for the hearing of this important matter.

Shows Decrease

New York, Oct. 30—The United States Express company passed its semi-annual dividend of $3 a share. The establishment of the parcels post and a decrease in the earnings during the last fiscal year were among the reasons given by the directors for the failure to declare the dividend.

The company has paid dividens continually since 1896. The annual rate of six per cent was established in 1910 The following statement was issued by the company: "The directors of the United States Express company decided not [illegible] the semi-annual dividend usually paid in November. For the year ended June 30, 1912, gross earnings from operation increased $789,701. The increase of the expenses was $1,149,484 and net earnings for the year from all sources applicable to dividends was $133,228. In view of these results of the parcels post and other demands confronting the company and the uncertainty arising therefrom, as to future earnings the directors do not feel justified in declaring the dividend at this time."

For Falling Hair

You Run No Risk When You Use This Remedy

We promise you that, if your hair is falling out and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity, for a reasonable length of time. It is a scientific, cleansing antiseptic, germicidal preparation, that destroys microbes stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and act to restore hair health. It is as pleasant to use as pure water, and is delicately perfumed. It is a real toilet necessity.

We want you to try Rexall "93" Hair Tonic with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices, 50c and $1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Walter Bews' Drug Store.

BUSINESS LOCALS

Clean coal at Coursier's.

If she said "bring chocolates" she means "Sugar Bowl" chocolates.

The "Sugar Bowl" hot chocolate, coffee and tea, etc., is unsurpassed.

Clean, smokeless, furnace lump and nut coal at Coursier's.

The "Sugar Bowl Fountainj', like Charlies Aunt, is still running. We are still serving out to satisfied customers our delicious ice cream, sodas and Sundaes.

All subscribers not receiving the paper regularly are requested to communicate with the editor, Mail-Herald Box 914, Revelstoke B.C., in order that their complaints may be rectiedf Write your full name anu address legibly, and your complaint will be attended to promptly.

Her time was wrong, her tune was bad;
The Black Key Study made her sad,
She said good bye to all the fuss,
And bought a Gourlay Angelus,
At the Revelstoke Music Btore.

The "Sugar Bowl" Luncheonette is now running in connection with our soda fountain. Ladies will find here a comfortable place to get an afternoon cup of tea, chocolate, coffee, beef tea and light refreshments.

It's the CLEANEST, SIMPLEST, and BEST HOME DYE, one can buy--Why you don't even have to know what KIND of Cloth your Goods are made of.--No Mistakes are Impossible.
Send for Free Color Card, Story Booklet, and Booklet giving results of Dyeing over other colors.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

REID & YOUNG

DIED

THE CITY IN BRIEF

Mrs. Tomlinson will not receive on Thursday.

Work on the Auto Scenic road has been closed down for the season.

The Band of Hope will meet at the City Hall on Friday afternoon at 4 p.m.

Satisfactory progress is being made on the bridge crossing the Illecillewaet at the power house.

Mr. and Mrs. Crowe, of the Kootenay Agencies, contemplate taking up their residence shortly at the coast.

Manager Rodgers of the Columbia River Lumber Co., and Capt. Armstrong, of Golden, were Revelstoke visitors on Tuesday last.

Miss Scheyler, organist of St. Johns church, leaves this week for her home in Marshalltown, Iowa, where she will reside permanently.

Dr. J. D. Lafferty, of Calgary, was a visitor in town the fore part of this week. He is favorably impressed with Revelstoke as a field for investment.

All ladies interested in the affairs of the Convention banquet are requested to meet at the Y.M.C.A. parlor at 3:30 p.m. Friday, Nov. 8th, to wind up the affairs of same.

The address on Woman's Suffrage, by Miss Dorothy Davis, on Wednesday evening at the City Hall will be given under the auspices of the Political Equality League and not in connection with the W.C.T.U., as erroneously understood.

There will be a meeting of the Farmers' Institute, in the City Hall on Thursday evening next, at 8 o'clock sharp. Business of importance. Let the farmers turn out.

Mr. J. W. James, the chimney sweep, has returned to business from a vacation in Calgary. If your chimney needs cleaning address your order to him, at the Oriental hotel, Revelstoke, B. C.

The local C.P.R. Superintendent's office deny the report published in the last issue of this paper referring to a somewhat serious fracas as having occurred recently among a party of Austrian laborers who had been paid off at the Laurie tunnel. The local officials claim there was no truth in the report.

Timber Sales Break Records

Victoria, Nov. 5—As anticipated by the officials of the timber office, the month of October has broken all records in the history of the province for the amount of revenue produced by royalties and export penalties. Altogether from these two sources a sum of $67,418 was produced last month. This was without calculating the revenue from leases and timber licenses which passes through the Victoria office. For the month of October, 1911, the revenue was $56,082, thus showing an increase in twelve months of over $10,000..

The results, month by month, so far have been in excess of previous years, and the total for the year is confidently expected to show an enormous increase over that of all other years.

PRESERVING SEASON

For Preserving Fruits we handle only the best. If you wish to procure such fruits as cannot be beaten either in quality or price, we would advise you to place your order with us. We will guarantee delivery of all orders taken.

FRUIT JARS AND RUBBERS

This season we are handling the celebrated Mason Fruit Jars in Pints, Quarts and half gallons. These Jars require no comment. They are par excellence.

A. HOBSON, - MacKenzie Avenue

Revelstoke Inside Property

Real Estate is selling rapidly. Why not get in before all the most desirable residential lots are taken up?
Last week we made several good sales to local buyers and it will only be a short time before these lots are all closed out.
Call at our office and get full particulars. All our property can be sold on easy terms.

Kootenay Agencies, Limited

Holds First Place

Vernon, Nov. 4—R. G. Clarke, chief Dominion fruit inspector of B.C. who is in the Okanagan this week, has received the following from C.W. Baxter, chief inspector for the three prairie provinces: "I am pleased to see that, generally speaking, fruit, especially apples, from B.C. has been coming in fair, and holds first place in comparison with its competitors across the boundary. We find that some B.C. shippers are sending boxes of apples in violation of Section 320 B. There appears to be the word 'cooking,' and no variety. I am sending letters of warning in these cases and, if it continues, they will be followed by prosecution. While this may appear, on the face a minor offence, you will appreciate the seriousness of this when I state that I have found 'Russets' and 'Ben Davis' in boxes marked 'cooking' consequently a great disappointment to the consumer."

Department of Labor

Ottawa, Nov. 4—The annual report of the Department of Labor just issued, states that industrial disputes to the number of eighteen were dealt with under the Investigation Act during the fiscal year 1911-12. The report of the Department of Labor for the period shows that during the five years the act has been in force it has been involved in 124 cases, in fourteen of which strikes were averted.

The coal mining industry however, included the greatest industrial strike of the year, that, namely, of the Western Coal mines, the severest industrial struggle in Canada for many years, the mines being closed for a period of eight months.

TURKISH APPEAL

(Continued from Page One.)

Manchurian battles when the Japanese commander was twenty miles behind the fighting line, but in constant touch by telegraph and telephone with every regiment and battery of his army. Abdullah was supposed to be directing the movements of four army corps over a front of twenty five miles in extent.

"Abdullah," said the correspondent "had as his sole means of obtaining information as to what was happening elsewhere only his field glasses. Not a line of telegraph or telephone, had been brought to the front; not a single wireless installation, although the Turkish army, on paper, possesses twelve complete outfits for its army corps, and not an effort had been made even to establish a line of messengers to connect headquarters with the various corps. Not a single aeroplane was within 100 miles of the front. If any exist there was no one to fly them.

"In the course of the whole day I saw only one orderly ride up with a message."

TURKY'S PROPOSALS.

Paris, Nov. 4—The French attitude in regard to the Turkish appeal for mediation is shared by England and Russia. Turkey's proposals were as follows:

First—That the Powers offer, and, if need be, enforce an armistice on the belligerents.

Second—That the Powers profit by the armistice to invite the belligerents to make known their peace terms and if necessary, harmonize the conflicting terms of the belligerents.

In refusing to act, Premier Poincaire said that France was unable to accept the suggestion about an armistice without furnishing to the Balkan Allies guarantees relative to the conditions of peace. An armistice, he said, would check the advance of the Allies at the height of their victories and give the Turks time to reorganize and strengthen their army.

ASKS GERMANY'S AID.

Berlin, Nov. 4—The Turkish ambassador presented late today to the Foreign Office a communication from his government asking the Powers' good offices to bring about an armistice. Germany immediately put herself into communication with the other five Powers, with a view to carrying out the request.

COMING EVENTS

November 11 and every night—Vaudeville at the Empress theatre.

January 2—Imperial Bell Riogers, at Empress theatre.

January 16—Pan American Doub,e Quartette, Empress theatre.

C. P. R. Employees Strike

Fort William, Ont., Nov. 4— The staff of the Dominion grain inspection office here went out on strike today, taking advantage of the strike of the C.P.R. employees. The strike did not last long, however, as the grain commissioners, when seen by a deputation, stated that they would do all in their power to have the request of the men satisfied.

The men want a six-day week, getting a day off if Sunday work is necessary.

Had the men remained out every elevator would have had to close down and the grain traffic would have been completely tied up at this vital point. The men state that they will give the commission a month to accede to their demands.

Traffic on the C.P.R. is almost completely at a standstill. Merchants with perishable goods in cars, which they cannot get, are threatening suits for damages.

Montreal, Nov. 4—Mr. D. McNicoll, vice-president of the C.P.R., when asked today about the strike, said that a few misguided employees, members of an impossible organization, had gone on strike at Ottawa and a few other points of the line, and that several of the vacancies thus created were already filled, and he anticipated no trouble in filling the balance.

The new order contemplates embracing every employee from the highest to the lowest in the company not a member of some organization or another. It so far embraces 36 different classes of the employees with evidence of more to follow. Men in confidential or governing positions are being solicited as members, and even watchmen, policemen, etc., are being asked to join.

"I am sorry for the old employees; they have no reaeon to go on strike, as our men are paid better wages than on other railways, and anyone with a real grievance can alway get it adjusted," said Mr. McNicoll.

"The heads of the departments have instructions to see to the welfare of the unorganized laborer, and I am sure that, from the increases continually advanced, they are doing so."

The officials point to the refusal of the Hon. Mr. Crothers, minister of labor to grant the union concerned a board of conciliation as all the justification required for the company's refusal to deal with the union All the unions the company recognises consist of a well defined sphere of railway activity and it is impossible to lay down schedules to be generally applied. In this instance everybody is taken in from confidential employees to common laborers, and it is impossible to deal with the men as a whole.

According to the officials at Windsor street, none had gone out at Montreal or Quebec. Arrangements are already completed to fill all the vacancies at Ottawa, sherbrooke and several of the other points where the men have gone on strike. More than 100 men are out at Calgary.

For instance, at Sherbrooke eleven men were immediately employed to fill the vacancies.

NO STRIKE IN VANCOUVER.

"Whatever may be the state of affairs regarding labor on the C. P. R. farther to the eastwards neither strike nor as yet indication of dissatisfaction in Vancouver."

Interviewed by the Sun yesterday, C.P.R. employees of practically all classes of labor, from baggage handlers and freight clerks to locomotive drivers and switchmen, expressed the opinion that no strike is contemplated in Xancouver.

"There is likely to be trouble enough among the unemployed outside the C.P.R.," was the opinion of one C.P.R. employee, and one whose wage-rate is none too high either, for the ordinary strain of cost of living in Vancouver.

"No, there is no intention to strike as yet in Vancouver, among C.P.R. employees," said another man. "I know of no dissatisfaction at all."

"There is no strike. If the eastern trouble should reach as far as Vancouver, you may be sure we should be wise to it beforehand," said another group.

"Everybody is working on the C. P. R. today, and is likely to go on working," was another opinion.

THREE THOUSAND OUT.

Ottawa, Nov. 4—Three thousand freight, passenger and other grades of clerks, car checkers, baggagemen, freight handlers, yard office men, etc., employed by the C. P. R., at stations all over the line of the system in Canada are stated to have gone on strike today at a given signal flashed from Ottawa by A Mosher president of the Canadian Brotherhood of Railway Employees of which the employees in question are members, following a refusal of the company to grant an increase in wages from 15 to 30 per cent. and payment for overtime.

One hundred and twenty-five men employed by the C.P.R. at Broad street station are among the strikers. At 9:30 this morning they left their work and shortly afterward, officials of the C.P.R. said that many of the positions vacated by the strikers were filled by experienced men who came from Montreal for the purpose.

"As soon as the baggagemen walked out, men taking their places walked in," said H. B. Spencer, superintendent of the Ottawa division of the system, who declares that business here is not being seriously handicaped.

EMERGENCY MEETING.

Toronto, Nov. 4—While the effects of the C.P.R. freight men's strike have not been felt in Toronto as yet the wholesale firms engaged in dry goods and grocery trades, and in the produce business generally fear serious interruption to trade and financial loss if the strike is prolonged and the railway company is unable to fill the places of the strikers.

If steps are not taken immediately to end the strike several prominent businessmen are planning to call an emergency meeting and ask the board of trade to assume the role of mediator. No action has yet been taken by the Canadian Manufacturers' association.
