CANADIAN PRODUCTS

Lord Strathcona Speaks of Conditions in His Annual Report.

OTTAWA, Aug. 27.—Lord Strathconad's annual report to the department of trade and commerce on the work of the commercial agency in connection with the high commissioner's office has been received. The keynote to the conclusions drawn from the observations of Canadian export trade conditions in Great Britain during the past year is contained in the concluding paragraph of Lord Strathcona's remarks:

"The prosperity of the Kingdom is shown by the trade returns to be increasing month by month. As a result the great consumers of Canadian products, the working classes, have enjoyed a full measure of employment, and at present there is no indication of any change in these conditions. It may be stated in conclusion, however that the working classes of England are becoming more and more fastidious in regard to food products, and that the authorities are imposing greater precaution to insure admission of high class products in first class condition. It therefore behooves those countries, like Canada, seeking the great British market to adopt the utmost care and caution in regard to the quality of products intended for the British Isles."

The report notes the gratifying growth in the exports of Canadian agricultural productts of Great Britain and emphasizes the necessity of greater care being taken in keeping the exports of butter and cheese, fruit and bacon up to the standard. In respect to cheese, especially, it is noted that the shippers are shipping it too green and in boxes of improperly seasoned wood. As a result many complaints have been received.

Speaking of the market for wood pulp, his lordship notes that the present short supply of pulp and paper is causing apprehension among large British publishing concerns, and higher prices are looked for.

TENNIS TOURNAMENT

Revelstoke Players win Majority of Games Over Golden.

It has been acknowledged on all sides that the tennis tournament at Golden, when Revelstoke players visited the city, was a decided success socially as well as sportingly. Interesting play was shown by both visitors and hosts, the former winning the majority of games. The single between Congreves and Parsons was the most noteable feature, and was well contested. Messrs. Reid and Russel, Nairn and Congreves, made an exciting gentlemen's doubles. The finals in the ladies doubles, in which two Golden players, Mesdames Spragge and McCleneghan were successful, was well worth watching, Mesdames Cunningham Morris and Elson represented Revelstoke. Miss Hardie, one of Revelstoke's best players, carried all before her in the ladies' singles, and D. Nairn gained the victory after a hard fought struggle in men's singles. L. H. Congreve's playing was a splendid performance, while D. Nairn gave a fine exhibition of how the game ought to be played. Taking the tournament all round the result was very creditable to the home team, as the Goldenites are exceptionally strong players.

In the evening the Golden club entertained the visitors with a dance, besides other marks of generous hospitality, which were much appreciated by the Revelstoke people.

The events resulted as follows:

Ladies' Doubles—Mesdames Spragge and McCleneghan won from Mesdames Elson and H. Cunningham Morris. (Revelstoke).

Ladies' Singles—Miss Hardie, (Revelstoke), by default.

Mixed Doubles—Mr. McCleneghan and Miss Jones won from Mrs. McLennan and Rev. J. R. Robertson, (Revelstoke).—6 4, 4-6, 6-4.

Men's Doubles—Messrs. Nairn and Congreves won from Messrs. McCleneghan and Dunn, (Golden), 6-4, 6-2.

Men's Singles—D. Nairn won from L. H. Congreves.

On Labor Day the Golden players are due here for a return trip, when Revelstoke can entertain her visitors.

Eating and preserving jars just in at C.B. Hume & Co.'s.

Y.M.C.A. IMPROVEMENTS

Contract Let for Addition to the Gymnasium

A meeting of the directors of the Y. M. C. A. was held on Monday night to discuss the proposed addition to the gymnasium and to open the tenders which had been called for this work. Four tenders were received, that of J. A Kernaghan being accepted. Construction will commence at once and J. P. Forde, resident engineer of the C.P.R. has been asked to superintend the work. It is proposed to extend the gymnasium another forty feet and build the gallery inside round the whole building, thus giving additional room for spectators of events in the gymnasium besides a running track for use in the winter. The want of additional space has been demonstrated this past year, and the addition now decided upon will greatly facilitate the carrying on of indoor games and physical exercise which proved such popular pastimes last winter.

SCHOOL BELL AGAIN

Schools Re-opened on Monday Morning---Many Newcomers

Holidays are now over and on Monday morning the children of the schools strapped their books together again and wended their way back to school. On the whole an excellent showing has been made and cases of sickness are very few.

There are many new comers numbering about 40 for the public school and 15 for the high school, and the outlook is declared to be even better than it was last year. Mr. Miller has informed us that he is very well satisfied with the conditions and that the outlook for the term is very promising.

While on the subject of schools mention should be made of the neat and attractive appearance of the grounds, and T. Steed the caretaker deserves the greatest praise for the work he has done on the premises in making the school grounds such a credit to the city. The lawns and flower beds are a most pleasing sight and the advantages of flowers on school grounds have been clearly demonstrated, while the childreu receive far more teaching from the presence of neat and pretty flowers and grass than by dull bare gravel or even cement play grounds.

Another lot of nice leather and fancy made souvenirs of Revelstoke just arrived at the Canada Drug store.

THE LATEST TELEGRAMS

Cabinet Appoints --- Express Train Wrecked --- Turned Turtle--The Canned Food Act.

OTTAWA, Aug. 28—Dr. Pugsley will succeed Emmerson and Geo. P. Graham will enter the cabinet from Ontario.

MONTREAL, Aug. 28.—Frank W. Morse, vice-president and general manager of the Grand Trunk Pacific, left here last night for Western Canada for an inspection of the construction work of that railway.

PUEBLO, Col., Aug. 28.—Forty passengers were injured in a train wreck caused by the passenger express leaving the track 25 miles from here.

SAN FRANCISCO, Aug. 28.—The Pacific Mail Steamship Company's steamer Acapuico turned turtle and sank at the company's docks yesterday. The passengers and crew escaped, but it is believed the cargo will be a total loss.

OTTAWA, Ont., August 28.—The Act "respecting the inspection of meats and canned foods," passed at the last session of Parliament, goes into effect on September 3rd, and thenceforth all the packing and canning establishments of Canada will be under the strictest possible inspection.

SHOULD BE MONDAY

Manufacturers Do Not Want to Break Up the Week.

OTTAWA, Ont., Aug. 26.—The Canadian Manufacturers' Association has forwarded to the government, through Secretary Murray, a resolution that Thanksgiving this year be held on a Monday instead of Thursday. It is pointed out that Monday is a more convenient day for those who wish to travel home for the day and that an interruption of business is undesirable. Hon. Mr. Scott, secretary of state, in replying to the request noted that it is the custom both in Great Britain and in the United States and has heretofore been the custom to have Thanksgiving Day on Thursday. However, he promised that the government would carefully consider the matter at an early date.

A SCHOOL MUSEUM.

We are passing through a period at the present day which can rightly be termed Canada's growing time and no where is this more particularly demonstrated than in our schools, where impressions are easily made on the young mind and have a lasting influence in building up the brain to be cognizant of the potentialities of Canada, and of our own province in particular. There are other things every bit as important in the curriculum of our school children, as the general subjects which go to form their educational studies, and these are the benefits which can be derived from the study of objects which are classified according to genus and period, or in other words, that which go to form a museum, or a collection of natural, scientific, artistic and literary curious. A museum is an institution which affords interest for young and old, and in itself is a fund of information and instruction. We are glad to see that the principal of the public school has recognised the value of a museum to his pupils by the institution of the nucleus of one, which, although small, is nevertheless a valuable asset to the educational properties in the city. The present museum is situated in the public school building, which cannot afford much space as compared with what is really required. Again the specimens are limited in quantity, although there are some fine samples of minerals and other interesting relics connected with early days of provincial history. We would urge that those who have curious or other articles that have a special interest attached to them, place such in the school museum, where they can be of instruction as well as interest to the rising generation. The principal has informed us that the children spend a great deal of time in this museum, small as it is, and can vouch for the benefit they derive. Another feature we would suggest, that when the new school buildings are erected a special room be set apart for museum purposes where every facility can be given for the display of curious and instructive exhibits that will not only be of the greatest benefit to our children, but also of value to Revelstoke.

THE COAL SITUATION

Probable Scarcity of Fuel During Coming Winter---Supply May Not be Too Plentiful.

The exchanges are nowadays full of articles dealing with the coal and coke situation, both in the east and in the west. The general opinion seems to be that there will be a considerable shortage in this supply throughout this country, and if a severely cold weather is experienced this winter there is sure to be wide spread suffering. The railway corporations tell of large supplies stored at the head of the Great Lakes, but it must be borne in mind that the railways will require almost double the quantity they have heretofore required, because the number of engines, shops and tanks have largely increased and new lines have been built and opened for transportation. There can be no doubt that the building of the Kootenay Central Railway will be hastened chiefly on account of the vicinity of that road as a means of reaching the Crow's Nest coal fields, in order to obtain a coal supply for the mountain division of the C. P. R.

The company are opening up a big coal mine at Hosmer, and as soon as their contract with the Crow's Nest Pass Coal Co. expires in 1909, they will draw their supply for the Crow's Nest and Pacific divisions largely from Hosmer. In the meantime there is great difficulty in getting enough miners to work the coal mines at anything near their full capacity, consequently it is almost certain that there will be a great shortage this winter, and we strongly advise our readers to at once arrange for their winter's needs before a car shortage comes along.

There is one phase of the coal question which effects us locally and which needs the attention of the city council, and that is the compulsory weighing of all coal on the city scales. At present there is room for doubt as to the absolute correctness of coal furnished by dealers who do not furnish certificates from the weighmaster in charge of the city scales, and the council should pass a by-law making it compulsory for all dealers to furnish a certificate from the man in charge of the city scales, showing exactly how much coal is in each load delivered and then citizens will know whether they are getting a fair deal or not. A resolution should also be made in the charges for weighing of coal. The dealers who use the city scales must of course add the weighing charges to the price of the coal, and this makes the price to the consumer of large quantities unnecessarily high. The scales cost the city less than $200 in the first instance and have paid for themselves long since, therefore the weighing charges should be reduce to a figure just sufficient to pay the weighmaster for his trouble and no more. The city should be able to get enough revenue without resorting to excessive weighing charges on coal and hay, which are such necessaries of life. We hope to see the city council take this matter up at once and fix it properly.

OPEN SEASON FOR GAME

Order-in-Council in "Gazette" Sets Forth Dates.

The hunting season in British Columbia will open on September 1, and already numerous parties are making preparations for expeditions on the hunt for big and small game in the favorite districts. The seasons to open are:

Duck of all kinds, snipe, bittern, heron, plover, meadow lark, from September 1 to February 28.

Grouse of all kinds, including prairie chicken and ptarmigan, from September 1 to to December 31.

Moose (bull), caribou (bull), elk or wapiti (bull) and hare, by order-in-council a close season is declared in certain districts, from September 1 to December 31.

Deer, mountain goat, mountain sheep (ram), by order-in-council a close season is declared in certain districts, from September 1 to December 15.

The order-in-council in regard to game follows:

Close season for prairie chicken, willow grouse and blue grouse, in the Okanagan Electoral district until September 1910.

Close season for mountain sheep (rams) in the Lillooet and Caribou Electoral districts, from and after the 14th day of November in each year.

Close season for prairie chicken in the Kamloops Electoral district until the 31st day of August, 1908, inclusive

A close season for prairie chickens in the province until August 31, 1908.

A close season for willow grouse, blue grouse and prairie chicken has been declared within the Grand Forks Electoral district until August 21, 1908

OUTLINE SCHEME EXPERT

VANCOUVER, Aug. 27.—The provincial government is promoting the measures to be adopted with regard to irrigation, and is already hard at work evolving the policy which it intends to put into execution to redeem the dry lands of the interior of British Columbia. The services of Professor L. G. Carpenter, state engineer of Colorado have been secured, and he is already in the province, and will make his way to the interior as soon as he has conferred with the members of the government as to the outline of the scheme. Professor Carpenter's advice will be sought to enable the government to bring in sweeping irrigation measures at the next session of the legislature.

GIGANTIC SKELETON.

Bones of Colossal Prehistoric Beast Unearthed.

VANCOUVER, Aug. 27.—The bones of either a giant whale or prehistoric animal, by some believed to be a mastodon were brought here from Skidegate, Queen Charlotte Islands, where the owner of the property is digging for other parts of the great skeleton.

Seven feet six inches across the forehead, from eye to eye, is the measurement of the skull. The sockets apparently held eyeballs eighteen inches to two feet in diameter, with pupils the size of the lenses used in large automobile searchlights. The thighbone was eight feet long, and the vertibrae over two feet thick, while a rib measured seventeen feet in length. If it is a mastodon it will be the first in British Columbia.

Ladies' and Misses' Golf Blouses

These are new and direct from the makers. Just right for this weather.

Boys' Knick Pants

Good Hard Weaves—just the thing for school pants.

Boys' School Footwear

We will guarantee our Boys' Special School Shoe. Try a pair of these for your Boys—we know they will give good satisfaction.

Men's Suits

Men's and Boys Sweaters

We have put in stock the largest and best assorted stock both in styles and prices ever offered by us in the above lines.

REID & YOUNG

Two most interesting and uplifting sermons were delivered in the opera house on Sunday last by Evangelist Romig. In the afternoon service he spoke on "Joseph," "The Slave who became Prime Minister." The sermon was a strong one. His interpretation of the character was keen and helpful. In the evening he spoke to young men. He truly placed drunkeness as the prime factor in the ruin of so many young men and women. His warning to parents to guard with careful eye the company their children keep, ought to be heeded. He based his remarks on Ps. 119, 117. "Wherewitball shall a young man cleanse his ways? By taking heed thereto according to my word." A congregation of three hundred listened to him with rapt attention. On Monday evening Mr. Romig delivered his illustrated temperance lecture to an excellent audience. The meetings will be continued throughout the week in the Baptist Mission Hall.

TWO CENTS A MILE

ST. PAUL, Minn., Aug. 27.—The two cent passenger rate has actually resulted in increased earnings for Minnesota railroads according to companies' own figures for May and June, issued by the Railroad Commission.

The passenger revenue for those months in Minnesota exceeded one-sixth increase in returns. Figures of May and June of last year are not available but the average for the two months since the two cent fares have been in effect is actually higher than the average of the old rate, with no increase in service necessary.

FALL AND RAIN COATS

We are showing the finest range of these goods yet offered in Revelstoke. We only handle lines that we control and you can get a garment here that cannot be duplicated—giving you exclusive styles. Our garments give universal satisfaction in fit and quality. Our Fall Coats are made of close, warm material and heavy enough for our cold weather. Light colors have been overdone, and all the fashion authorities predict a "dark" fall and we are prepared for it.

The Rain Coats are made up in dressy styles from the best quality of Cravenette, in all the popular lengths, and are splendid values.

SEE OUR FALL SKIRTS

To-day we are opening a case of Fall Skirts that for style, quality and price outclass anything we have yet offered. The maker of these skirts is acknowledged by all to be the best cutter and designer in Canada. Following the trend of Fall Fashions, they are nearly all plain cloths, in Black, Navy, Brown, Green and Wine shades.

We can suit your purse and fancy in these. We guarantee every article to be as represented. If you are not satisfied, in any particular, you can return the goods and get the money back you paid for them.

5. Commencing at a post planted about 3 and a half miles up the north fork of Goldstream and about 1 mile west of the north fork marked "Chas. L. Hyde's S. E. Corner Post," thence north 160 chains, thence west 40 chains, thence south 160 chains thence east 40 chains to point of commencement, and containing 640 acres, more or less.

Dated August 9th, 1907.

6. Commencing at a post planted about 1 mile up Camp Creek and about half a mile east of creek, Camp Creek being a tributary of Goldstream, marked "Chas. L. Hyde's S. W. Corner," thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to the point of commencement, and containing 640 acres, more or less.

Dated August 12th, 1907.

7 Commencing at a post planted about half a mile from Columbia River and about 10 chains south of Downie Creek, marked "Chas. L. Hyde's S. W. Corner," thence north 60 chains, thence east 40 chains, thence north 40 chains, thence east 40 chains, thence south 100 chains, thence west 80 chains to point of commencement, and containing 640 acres more or less.

Dated August 13th, 1907.

CHAS. L. HYDE.

WEATHER FORECAST

Wednesday, Aug. 28, for 24 hours.—Unsettled, cloudy with probable showers. Light to moderate winds. Temp., max., 70 degrees; min. 53 degrees.

Local and General.

R. H. Trueman will be at his studio for one week only starting Saturday morning, Aug. 31.

D. McCarthy has completed the handsome new residence on Second St. for J. P. Kennedy of Illecillewaet.

Independent Band will hold their regular weekly concert in the Old Town, (to-morrow) Thursday, weather permitting.

Evangelist Romig held a stereopticon lecture and service in the Opera House on Monday night, a large number of people being present.

An excellent programme and handsome prize list has been arranged for M.R.R. rifle shooting matches Labor Day, and some keen competition is looked for.

No. 2 Fire Brigade turned out last evening for a hub-and-hub and wet test practice, the latter being carried out in 32¼ seconds, a very creditable performance.

A large and enthusiastic contingent of members and their friends of the "'Appy 'Ome" left this morning on the s.s. Revelstoke for an excursion up the Columbia river.

The singing of the Misses Cave at the services on Sunday in the Opera House and at the lecture on Monday night was a most pleasing feature. Have you heard them?

William Feeney, formerly half-back of the Revelstoke Football team, has signed on in the Thistle Football club Vancouver, and will play for them this season.

The Ladies Auxiliary of Knox church will hold a garden party on the double lawns of Mrs. Kincaid and Mrs. Foote, on Friday, Aug. 30th. Weather permitting.

A. Pradolini has erected a building for a cement block factory on the lower town hill and will soon have his plant in operation. There is a fine supply of sand on the spot.

The Ladies Auxiliary of the R. R. Y. M. C. A. will give a garden party on the Y. M. C. A. grounds on Tuesday, Sept. 17th. The Independent Band will be in attendance.

Patronize Home Industry. Smoke Revelstoke Cigars.

SCHOOL BOOKS
For the Monday Opening.
Every purchaser will be supplied with a School Bag to carry away their purchases. A large assortment of supplies.
W. BEWS, Phm. B.
Druggist and Stationer.
Mail Orders promptly attended to at this Store.

Mr. Martin, vice president of the Gurney Stove & Range Co., of Winnipeg, has presented a Souvenir range to the Y. M. C. A. for use in the kitchen when ready for its use, the Lawrence Hardware Co. have promised to install it free of charge.

The Bistolfi's "Multum in Parvo" orchestra gave a performace on Saturday night in the Y. M. C. A. Although conditions were contrary still the house was a good one. The music rendered was classic, popular and descriptive, and certainly some of the best quality ever heard in Revelstoke.

Charles Turnross, who was arrested at Vancouver recently and brought back to Revelstoke on a suspicion of being implicated in the hold-up case here a short while ago, was given a preliminary trial on Saturday, but owing to the witnesses not all being present, was remanded and released on bail for $2,000.

The Adams River Improvement Company, Ltd., is being incorporated with a capital of $50,000. The interested parties are the holders of timber limits in Adams River district, and it is the intention of the company to proceed at once to make the river fit for driving and sorting logs. The registered office of the company will be at Revelstoke and Messrs. Harvey, McCarter and Pinkham are the solicitors for the company.

A despatch from Calgary announces that Mr. J. A. Harvey, of the firm of Harvey, McCarter & Pinkham, has been there in negotiation with J. S. Dennis, on behalf of the C. P. R., for the sale to that company of the charter of the Kootenay Central Railway Company and it is understood that the deal has been satisfactorily closed. This no doubt means that the road will be completed without delay, and that the whole of north Kootenay will derive renewed prosperity from its construction and operation by the big railway corporation.

Posters are out announcing the holding of the race meet on Sept. 12-13, and a handsome prize list of $1,500 is offered. Some of the best horses in the province will be present, and first-class racing in trotting and running events will be seen. The track is being put in good shape, and the levelling of the centre is being rapidly effected. The management will spare no expense or trouble in their endeavors to put on a good meet, which is now an established annual event. The race track is one of the best in the country and as such Revelstoke should take pride in its upkeep.

Dispatches from Kamloops state that a man named Mosley, who has been in that district for some months, is now being held there until his sanity can be enquired into. A few days ago word was sent into the office that Mosley had disenbowelled his horse with an axe and had become dangerously violent. He has been acting strangely ever since he came to the country, but it appeared to be a harmless mental affliction which manifested itself in a peculiarly religious way and this last outbreak indicates a change in his condition. Mosley was well known at Notch Hill and lived there for some time.

W. M. Brown, of Victoria, one of the oldest and most popular residents of Revelstoke in the early days, is spending a week in the city renewing acquaintances. Mr. Brown in years gone by filled the mayoral chair in the city council and administered that office in a manner that made him popular with everyone. He has successfully represented the Cariboo in the B. C. legislature and is perhaps one of the best known pioneers of the West. His many friends in Revelstoke will welcome him back here and his visit though short will be a very popular one among those who knew him as a citizen in the early days.

When No. 96 drew into the depot this morning, a man of heavy build, clad in dirty yellow clothes and covered from head to foot with cinders, was discovered lying on the top of the express car. He was at once taken charge of by the police who found on searching him a heavy revolver fully loaded, a complete set of skeleton keys and a dark lantern. When he spotted the police the man made attempts to get away, but without success. He was taken to the gaol and remanded till tomorrow for an investigation.

Rapid progress is being made by the contracting firm of Macdonell & Gzowski in the alteration of the C. P. R. grades at Rogers Pass, and the construction of new yards at that point, according to a statement made yesterday at Vancouver by F. F. Busteed, general superintendent of the Pacific Division of the railway, who returned yesterday from a trip of inspection over his division. By the change of grades the approaches to the new yards at new Rogers Pass will be on the level, and the capacity of the yards will be increased. The contractors are working day and night to have the alterations finished before the snow flies.

Social and Personal

Mrs. B. A. Lawson gave an afternoon card party on Saturday.

Mr. Hood, of the Hood Lumber Co., at Crazy Creek, was in town this week.

C. D. Morris, of Rogers Pass, was in the city last Saturday on a business visit.

C. S. Dent has returned from Vancouver to accept a position in W. Bew's drug store.

Mrs. H. N. Coursier and family have returned from a holiday visit to Albert Canyon.

Miss Dent, of the Burrard Sanitarium Vancouver, is visiting her home in Revelstoke for two weeks.

Fred Forrest, of Albert Canyon, and G. Stevenson, of Rogers Pass, are spending a few days in town.

Miss McRae of the post office staff, and Miss Day left yesterday for a couple of week's visit to friends at Vancouver and Victoria.

Mr. and Mrs. W. M. Lawrence gave a social evening in honor of Miss Dent, last night. Whist was played the early part of the evening and after supper the guests indulged in dancing.

MAKE TREMENDOUS HAUL

OMAHA, Neb., Aug. 27.—The biggest robbery of the United States mail ever pulled off occurred between Denver and Omaha last Thursday night, when three through registered pouches, two of which contained over $250,000, were stolen from the Burlington railroad fast mail train between Denver and Chicago. Although the robbery occurred on Thursday night the news of it only leaked out yesterday, although postal inspectors of Salt Lake City, Denver, Kansas City, Omaha, St. Louis and Chicago have been working on the case since the robbery. Today every postal inspector and secret service man in the entire West is working on the case.

NOTICE
