MEETING OF L. O. L.

A meeting of L. O. L. No. 1658 will be held in the lodge room at 8 o'clock on Thursday evening, July 11. Business of importance. All members are also requested to meet at the lodge room at 3 o'clock a. m. on the morning of the 12th to march to the station A special train will leave station at 3:30 sharp for Kelowna. All visiting brethren cordially invited. By Order.

Keep your eye on Bews' Sponge stock—watch the prices.

Ever gone to business and found your business gone? That may happen at any time and it will be "powerful" unpleasant if you carry no fire insurance. By placing your risk with the non-combine companies you get unquestionable security at lowest rates. Apply to the Agent, E. A. Haggen.

DR. TOLMIE RESIGNS

As Provincial Veterinary Inspector and is Appointed Dominion Deputy Commissioner of Live Stock.

Dr. Tolmie, of Victoria, the well known veterinary resigned on July 1 from the employ of the provincial veterinary inspector, to become Dominion deputy commissioner of live stock, in succession to F. M. Logan, who will henceforth give his undivided attention to the duties of dairy inspector for the provincial government.

Besides acting as live stock commissioner in this province, under the direction of Dr. Rutherford, chief live stock commissioner of the Dominion, Dr. Tolmie was also the chief veterinary commissioner for the Dominion in British Columbia.

Dr. Tolmie has already entered on his new duties. He has been engaged for more than a week in lecturing to farmers' meetings on subjects pertaining to the raising and care of horses and cattle, and had also inspected the newly constructed quarantine station on the International boundary line between British Columbia and Idaho. The station has been placed in charge of a local inspector and will be utilized to prevent diseased horses and cattle from entering B. C. from the States.

At the present time, a great number of horses are being shipped into this province from the other side and the inspectors are now equipped with the proper facilities for detaining diseased horses and returning them to the United States.

"HOME" IN 7 3-4 HOURS

Remarkable Record by Homing Pigeons.

On Sunday morning last a flight of 22 pigeons of the Vancouver Homing Club were flown at seven minutes past five by Wm. Morris, from his residence, the birds covering the distance of 379 miles in 7¾ hours, all reaching the terminal city before 1 p.m. The birds, when the baskets were unstrapped, took a southerly course crossing the foot hills of Mt. Begbie before they commenced their flight west. Mr. Morris has been very successful with homing pigeons having made some excellent records with his own birds. The next homing wil take place from Glacier. The record gained on Sunday is remarkable the time taken being several hours shorter than on any previous occasion.

FIVE YEARS FOR SCHMITZ

San Francisco, July 9,—Eugene Schmitz, Mayor of San Francisco, was sentenced to five years in San Quentin penitentiary by Supreme Court Judge Dunne. He was convicted June 13th of extorting $1,175 from French restaurant keepers. As the last words of the sentence fell the great crowd sent up a thunderous cheer. "Good for you," yelled a man at the back of the court room. Others took up the cry, "Good, Good..' Hats went into the air, men scrambled for chairs. Newspaper photographers took flash lights. The scene was the most exciting and dramatic witnessed in a San Francisco court room since pioneer days.

SURPLUS OVER EXPENDITURE

Ottawa, July 8.—The financial department issued its financial statement for the fiscal period ending March 31, today. It shows a surplus or ordinary account of $16,427,167 and surplus of $2,192,542 over all expenditures. The net debt has been decreased by $3,371,000. The total revenue was $67,969,328 and the expenditure on ordinary accounts $51,542,171 while the capital expenditure was $15,234,625. Leaving as already said a surplus over all expenditures of $2,192,000. Mr. Fielding predicted a surplus over all expenditures of $15,000,000.

STRENUOUS CLIMBING

Blizzard on Mt. Temple—Member of Club Gets Frozen Ears—Revelstoke Qualifies Again.

Laggan, July 9 (the Alpine club in camp, Paradise Valley)—A party under Peter Kaufmann, the Swiss guide, ascended Mt. Temple July 4. Bad weather was found near the top. The party climbed three hours in a Manitoba blizzard. One man's ears were frozen. The ascent was made in five hours and five minutes and the return in two hours and twenty-five minutes. Professor Fay, president of the American Alpine club, F. T. Freeborn, representing the Appalachian club, and Rodney L. Glison, representing Mazamas of Washington, are in camp. Thirty-six have qualified for active membership in the Alpine club this year, including Mrs Morrison and Chas. McDonald of Revelstoke.

Miss Duval, Miss Helen Mackay, Miss Jean Barker of Winnipeg, Mr. Watt of Toronto, Rev. Dr. Herdman, Rev. J. R. Robertson, Dr. and Mrs. Morrison and R. Haggan all made the ascent of Mt. Temple.

C.P.R. HAS COME OF AGE

Twenty-one Years ago its First Transcontinental Train Started.

The Canadian Pacific Railway has just celebrated its twenty-first birthday, on that day twenty-one years ago the first transcontinental train was run over its road. Since that time marvellous changes have taken place.

The 4,651 miles of track the company then owned has grown to over 13,000, and this is yearly being added to. Its operations, instead of being almost entirely confined to Canada, as they were in 1886, have been extended to Europe and Asia, and it is now the pardonable boast of the company that Canadian Pacific Railway trains make the half circuit of the globe, there being a regular service between Liverpool and Hong Kong, and the distance is covered in 29½ days. The annual earnings of a little over $10,000,000 twenty-one years ago have grown more than seven-fold, and the comparatively small battalion of employees have so increased that they now number nearly 50,000.

The operations of the company have broadened to include the housing and caring for the travelling public in handsome hotels from New Brunswick to British Columbia, as well as on palatial steamships and trains. It has its own commercial telegraph service and express company—just as it owns its luxurious sleeping and dining cars. It has been a prime factor in the development of the Western mining industries, it has large irrigation works in the West, it is one of the greatest land holders in the world; and it is one of the potent immigration agencies whose efforts to people Canada have met with splendid substantial results. The amazing growth of the Canadian Pacific may be indicated by a few statistics, which show how the equipment has been added to during the past twenty-one years.

Mileage	4,651	13,000
Locomotives	372	1,212
First and second-class passenger cars, colonist and baggage cars	304	1,178
Sleepers and diners	47	214
Parlor and official cars	27	53
Freight and cattle cars	8,253	39,987
Conductor's vans	178	712
Boarding cars, etc	71	1,925
Steamships	3	56

The number of passengers carried in 1886 was 1,899,319, and the tons of freight were 2,046,195. The returns for the year just closing are not available, but they will show a heavy increase over last year's when 7,753,323 passengers and 13,933,798 tons of freight were carried.

One transcontinental train six times a week met all the requirements of travel in those days. Today there is a double daily transcontinental service—the Imperial Limited and the Atlantic and Pacific Expresses—the "Over Sea Mail" carrying the Oriental mails, and there has just been inaugurated another fast train, "the Trans-Canada Limited," which will cross the continent in shorter time than any train on any other road in America. It will be the fastest long distance train in the world. The time occupied between Montreal and the Pacific Coast will be nearly two days less by this new service than it was twenty-one years ago.

THE LATEST TELEGRAMS

Heat Kills—Rich Coal Deposits—Webster Resigns—Fierce Storms — Camp Murder—McBride's Mission.

Chicago, July 10.—Five people died in Chicago yesterday from the heat. Ten more were stricken, and three of these may die.

Ottawa, July 10—Reports received here state that the exploring parties sent out to the Rocky Mountains by the German Development Company of Montreal and Ottawa under Dr. Dowling, geologist of Ottawa, have discovered rich coal fields near Yellowhead Pass, near where the Grand Trunk Railway is and the Canadian Northern preparing to cross the mountains.

Montreal, July 10.—Hon. Mr. McBride, premier of British Columbia, denies most emphatically that he intends leaving the local field for federal politics. He also claims to have gained his point in England, declaring that Lord Elgin and Winston Churchill received him well and that the objectionable wording of the bill struck out so that British Columbia can come back at any future time.

Nelson, July 10.—Mr. W. H. Bullock-Webster, Chief of Provincial Police for West Kootenay, with headquarters at Nelson, B. C., has sent in his resignation. It is his intention to go into business.

London, July 10.—England has experienced one of the fiercest thunderstorms in years. Two persons were killed and several others injured by lightning, which created havoc in many other ways, causing fires and interference and breakdowns with electric installations.

Bullion, B. C., July 10—As the result of a row in a Japanese camp near this town, Kondo, a laborer, is dead and his murderer, Y. Mikami, is in jail awaiting the verdict of the coroner's jury.

REQUIESCAT IN PACE

Funeral of Capt. Chas. G. Bacher at Albany, N. Y.

We have received a communication from relatives of the late Captain Charles G. Bacher, who was killed on the dredge here recently, stating that the late Captain has been laid in his final resting place. Cordial messages of thanks have been sent to the Knights of Pythias here and others who attended the funeral in Revelstoke.

"The body of Capt. Charles G. Bacher who was killed at Revelstoke on the 12th of June, arrived at Albany. N. Y., on June 28th, in most excellent condition and reflected great credit on the undertaker who prepared the remains for shipment to the east.

"The body was brought to the residence of his sister, Mrs. M.F.Delahant, Hudson Ave., and on Saturday morning the last funeral services were held in the magnificent Cathedral of the Immaculate Conception and interment was in St. Agnes' cemetery, the beautiful city of the dead. Captain Bacher sleeps today on the banks of the historic Hudson that calm and peaceful sleep.

"Unforgetting hearts and loving hands scattered on his grave in rich profusion beautiful flowers and there too were placed the floral tributes from friends in far away Revelstoke, which although withered, bore testimoney of the friendship of his associates. His goodness of heart, his kindness to all, his loyalty to friendship will not soon be forgotten."

$3.75 TO KELOWNA

And Return.—Celebration of Glorious Twelfth. — Revelstoke Brethren and Friends Leave at 3:30 Sharp.

The Interior Orangemen and their friends will celebrate the 12th of July this year at Kelowna The C.P.R. have arranged for a special train to leave the depot here at 3.30 o'clock sharp on the morning of the 12th (Friday.] The fare for the round trip is $3.75, being one of the cheapest excursion fares ever granted in the interior, being less by $1.50 than a single fare. The Independent Band will accompany the excursionists.

WEDNESDAY, JULY 10, 1907

THE ISSUE AT STAKE.

A reduction in the city light rate has been promised by the council, on condition that the contract is made with the C. P. R. for light and power at 5c. and 2½c. respectively and when the new plant is installed. This move on the part of the city council will meet with general approbation, and it is only fair to add that credit is due to the civic authorities for coming to this conclusion. In giving the C.P.R. light and power at the above mentioned rates it cannot but be admitted that these rates are low, very low to allow of even a small margin of profit, perhaps none at all and the council, while they have reluctantly decided on this contract, have willingly and spontaneously passed the resolution which will result in the people as well, sharing in the benefits of the new plant, for the installation of which they have just pledged the water and light rates and who will on July 23 be called upon to further sanction the pledging of the credit of the municipality at large, as additional security.

The by-law has again been put into shape, and is now being advertised, and will as requested by the Board of Trade and finally decided upon by the council be put before the people on the 23 of this month. It is our desire to impress upon the people that the rates given to the C. P. R. are low, but the railway company will not countenance any higher and are apparently indifferent as to whether the city come to terms with them or not. It has been the wish of the Board of Trade, which we take it, have the interests of the general public at heart and are working solely for the good of the people in their representations, that the C. P. R. be met at their terms, and that the people be judges of what they themselves want on July 23. The council have very justly argeed that the people have as much right or even more so than the C.P.R. to any reduction of rates and to further the carriage of the by-law have promised the public a lower scale for light. The citizens will see therefore that by carrying the by-law they will secure a valuable asset to the city, an asset that will encourage the establishment of industries in Revelstoke and add largely to the development and increase of the municipality; that they will have the C. P. R. as customers, and being on good terms with this corporation will do themselves far more good than by bucking it and acting in opposed antagonism, and that they will accrue direct benefit to themselves in the promised reduction of light rates. Thus it may be said that the city has nothing to lose in the proposition, but that both sides should give and take a little, and far more good can be done by agreeing peaceably than by a continual dickering and squabbling.

TIMBER LANDS

A rumor has been current on the mainland this week, says the Victoria Times, to the effect that the government had in contemplation the withdrawal from the market of all the unstaked timber land in the province. It was stated that the scheme would come into effect at once, and that the wholesale speculation which has been going on for months would therefore come to an abrupt termination.

Capt. Tatlow, acting premier, was asked if there was any foundation for such a rumor. It is evident from his statements that if such a line of procedure has been considered that nothing will be done until the return of the premier. The minister of finance is of the opinion that while this land can be acquired under the provincial statutes, comparatively cheap, yet there is grave doubt as to much of it being of any real value for timber, and that the government is therefore receiving rental on property which after a report by a competent cruiser, would not be held or taken up as timber land. This, of course, all goes to swell the coffers of the province government, values which are in some instances mythical.

The alternative which has been suggested is the auctioning of the timber in blocks similar to the method pursued in Ontario.

BE CLEAN

Since the Council has taken active and effective measures to exterminate mosquitoes by means of coal oil, the best and surest remedy, although perhaps a little expensive, it is now the duty of the citizens to do their share and to see that no refuse or garbage is left lying about, stagnant water standing in or near their premises either on swampy ground or in receptacles of any kind, which are sure means of breeding these pests. Now that the Council have done what they were asked to do, it is up to the people to do their part. Keep the city clean and pure, destroy your garbage and do away with standing water and mosquitoes will find it a hard task to make a living at Revelstoke.

ORANGEMEN AT CHURCH

Stirring Sermon by Rev. W. C. Calder

The members of L. O. L. 1658 attended divine worship in St. Andrew's Church on Sunday evening last. Wild flowers neatly arranged along the front of the platform, and roses with a fine display of orange lillies on the communion table and pulpit lent a pleasing appearance to the comfortable church. The choir under the leadership of R. N. Doyle, led the service of praise, the congregation joining heartily in the singing. During the service a duett was nicely rendered by Mr. Robert Taggart and Miss MacIntyre.

Rev. Mr. Calder took as his text, Luke 1, 71, 74, 72: "That we should be saved from our enemies and from the hand of all that hate That he would grant unto us, that we, being delivered out of the hand of our enemies, might serve him without fear, in holiness and righteousness before him; all the days of our life." The enemies referred to in the passage the preacher pointed out were the sins and temptations, both outward and inward, of the individual and the oppression of the nation. The prayer of Zacharius was applicable today for the Orange Atsociation had its enemies. Once again time had brought us around to the celebration of the "glorious twelfth," which marked the settlement upon a sure foundation of our civil and religious liberty. The Orange Association stood for patriotism, liberty and progress. It was a political religious society and as such had its enemies. It's first great enemy was political Rome. The Orange Association was not opposed to Roman Catholics in their religion, for it claimed equal rights and privileges for all, but to that ultramontane spirit which sought to wrest from us our liberties and to bring our country into bondage to the Papacy. The Papacy left us in no doubt of this as it was bold in advancing its claims of supremacy in the spiritual and temporal affairs of the world. Wherever Rome ruled there was the ruin of all liberty. We stand opposed today to its well understood designs as regards the land we live in and love. Wherever Rome had the power she crushed out the religious hopes and aspirations of a people and reduced the natives to ignorance and servitude. This is not a story of the past but is what is being enacted under our eyes today the world over. In illustration of this Mr. Calder quoted the action of the Papacy in crushing out the liberties of the people of Madagascar. The ruthless destruction of Protestan missions, and the wholesale confiscation of property under the authority of the government of France. He referred to Ireland, emphasizing the fact that Priest rule was Ireland's bane, this being demonstrated by the recent defeat through the priests of the efforts of the Campbell-Bannerman government to relieve the distressing conditions in that unhappy land. We have in our own land the same fateful hand at work. With the leverage of 43 per cent of the population of this country Rome commands governments through the franchise. She claims this land for herself and uses her great power for the subversion of the liberties of the people. Her great strength as well as her great weakness lies in the celibacy of the priesthood and the Confession. In the one, removed from the influence of domestic life, she possesses a devoted instrument to her hand, and through the Confession she controls the people. We need in this land an institution which shall keep alive the memories of the past and contend for the principles of civil and religious liberty. Another enemy from which we need to be delivered is partyism. The Orange Association to be the power in this land for good, must set its principles first, and rise superior to the ties and influence of party. With a divided Protestantism and a powerful Roman vote, governments cannot but be subservient to the influence of the Papacy. We have our enemies amongst Protestants in the Liberal party who hate us for our supposed leanings to the Conservatives. These are the timid Protestants who dislike us for fear of offence to our co-religionists. We have as our enemies our personal sins and temptations. We have suffered in the past through these enemies, it is for us to seek deliverance from them today. As we live up to our principles we shall be able to overcome them. At the coming celebration it is for us to remember this not looking upon sin as a light matter because they may be our personal ones. Mr. Calder closed his stirring and instructive address by an eloquent peroration concerning the nobleness of the Orange order. While there are grand orders in existence and some that are older the Orange Association is the grandest of all. It rallys around the Christian religion and men join it for principle and in doing so make their sacrifices. The Orange drum as it rings out its note on the Glorious Twelfth, is not the note of defiance or of ill will but the throb of that instinct of liberty and freedom which has behind it the story of the sufferings and struggles of the past and the untold blessings of this goodly land which it is ours to preserve and hand down to our children.

After the service the Orange brethren returned to the lodge room and passed a vote of thanks to Rev. Bro. Calder for his eloquent address.

TO THE SHAREHOLDERS OF THE PRINCE MINING AND DEVELOPMENT COMPANY
(Limited Liability).

NOTICE IS HEREBY GIVEN that the annual meeting of the shareholders of The Prince Mining and Development Company, Limited Liability, will be held at the Company's Offices, First Street, Revelstoke, B. C., on Wednesday, the Seventeenth day of July, A. D., 1907, at the hour of eight o'clock in the afternoon, for the purpose of electing officers for the ensuing year, and for all other purposes relating to the management of the Company.

AND TAKE NOTICE that at the said meeting it is proposed to amend the by-laws by reducing the share qualification of the directors to such number of shares as the meeting deems fit.

The Transfer Book of the Company will be closed during the fourteen days immediately preceding the meeting.

Dated at Revelstoke, B. C., this 17th day of June, 1907.

J. T. LAING, President. W. B. ROBERTSON Secretary. 3-17 Jy

CORPORATION OF THE CITY OF REVELSTOKE

By-Law No.

WHEREAS it is deemed necessary and expedient in the interest of the City of Revelstoke that the present electrical plant of the City should be improved and extended by the addition of an electric power dynamo and equipment including necessary auxiliary plant;

AND WHEREAS to defray the cost thereof it will be necessary to borrow the sum of Thirty thousand ($30,000.00) Dollars which the Council proposes to raise by the issue of debentures secured upon the rates and charges which are chargeable and enforceable for the user of water and electric light under the "Water and Electric Light Regulation By-Law 1903, and the Municipal Clauses Act;"

AND WHEREAS the estimated amount of the said rates and charges chargeable and enforceable for the year in which this By-Law is passed is $32,000.00;

AND WHEREAS no amount of money is now charged upon the said rates and charges;

AND WHEREAS the debt hereby created is on the security of the said water and electric light rates and charges and is further guaranteed by the Municipality at large;

AND WHEREAS for the payment of the said principal money and interest during the currency of the said debentures it is necessary to set aside and withdraw from the annual current revenue derived from said water and electric light rates and charges annually the sum of $2322.84; the specific annual sum required for the payment of interest being $1500.00 and for the payment of the debt the sum of $822.84;

AND WHEREAS the estimated deficiency in the said rates and charges required to make up the amount of the annual interest and sinking fund upon the debt hereby created is nil;

Be it therefore enacted by the Municipal Council of the Corporation of the City of Revelstoke as follows:

1. The sum of $30,000.00 shall be expended in improving and extending the electrical plant of the City as aforesaid and it shall be lawful for the Mayor of the Corporation of the City of Revelstoke to borrow on the credit and security of the said rates and charges by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate who may be willing to advance the same, a sum not exceeding in the whole the sum of Thirty thousand dollars and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said City for the purposes and with the object hereinbefore recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purposes and objects aforementioned not exceeding however the sum of $30,000.00, each of said debentures being of the denomination of One thousand dollars and all such debentures shall be sealed with the seal of the Corporation of the City of Revelstoke and signed by the Mayor and Clerk thereof.

3. The said debentures shall bear date the First day of August, 1907, and shall be made payable in Twenty-five years from the said date in lawful money of Canada at the office of the Molsons Bank at Revelstoke aforesaid, which place of payment shall be designated by said debentures and shall have attached to them coupons for the payment of interest and the signature to the coupons may be either written, printed, stamped or lithographed.

4. The said debentures shall bear interest at the rate of Five (5) per centum per annum from the date thereof which interest shall be payable semi-annually at the office of the Molsons Bank at Revelstoke aforesaid in lawful money of Canada on the First day of February and the First day of August respectively in each and every year during the currency thereof and it shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the said Mayor to negotiate and sell the said debentures or any of them for less than par but in no case shall the debentures or any of them be sold for less than ninety-five per centum of their face value including the cost of negotiating and sale, brokerage and other necessary expenses.

6. For the payment of the said debt there shall be set aside and withdrawn each year during the currency of said debentures from the annual current revenue of the municipality as derived from the said water and electric light rates and charges the sum of $822.84 and such sum shall be transferred from the annual current revenue account and paid into a special account to form a sinking fund for the purpose mentioned herein.

7. For the purpose of paying the interest upon the said debentures as same becomes due and payable there shall be set aside and withdrawn each year from the annual current revenue of the municipality as derived from said water and electric light rates and charges the sum of $1500.00 which sum shall be transferred from the annual current revenue account and paid into a special account for such purpose and to be disbursed as and when the instalments of interest become due.

8. During the currency of said debentures the said rates and charges to the extent aforesaid shall not form part of the annual revenue of the Municipality.

9. It shall be lawful for the Municipal Council from time to time to repurchase any of the said debentures at such price or prices as may be mutually agreed upon and all debentures so repurchased shall forthwith be cancelled and no re-issue of any such debenture or debentures shall be made in consequence of such repurchase.

10. As additional security the credit of the Municipality at large is hereby pledged for the payment of the annual interest and sinking fund required for the extinguishment of the debt created by this By-Law and the Municipality hereby guarantees payment of the same.

11. This By-law shall come into force and take effect on the Thirtieth day of July, 1907.

12. This By-Law may be cited for all purposes as the "Water and Electric Light Rates Loan By-Law 1907."

Read a first time the 8th day of July, 1907.

Read a second time the 8th day of July, 1907.

Read a third time and passed the 8th day of July, 1907, with the unanimous consent of the Council.

Received the assent of the electors the day of , 1907.

Reconsidered and finally passed and adopted by the Council the day of , 1907.

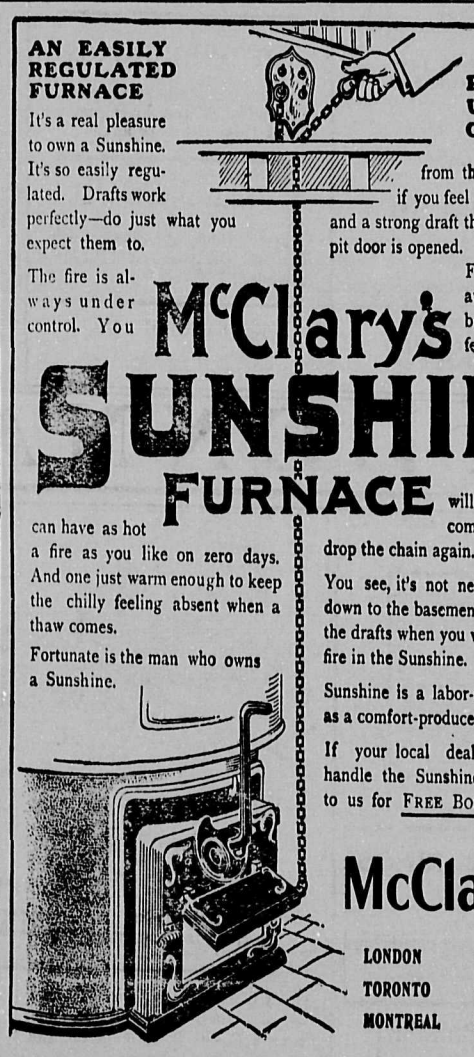
AN EASILY REGULATED FURNACE

It's a real pleasure to own a Sunshine. It's so easily regulated. Drafts work perfectly—do just what you expect them to.

The fire is always under control. You can have as hot a fire as you like on zero days. And one just warm enough to keep the chilly feeling absent when a thaw comes.

Fortunate is the man who owns a Sunshine.



PULL UP THIS CHAIN from the floor above, if you feel a trifle chilly, and a strong draft through the ash-pit door is opened.

Fire immediately burns up briskly. In a few minutes you will be warm and comfortable. Then drop the chain again.

You see, it's not necessary to go down to the basement and turn on the drafts when you want a warmer fire in the Sunshine.

Sunshine is a labor-saver as well as a comfort-producer.

If your local dealer does not handle the Sunshine, write direct to us for FREE BOOKLET.

wed jun 12 JOHN MANNING SCOTT.

NOTICE

Notice is hereby given that the undersigned has applied to His Honour the Lieutenant-Governor in Council under the previsions of the Rivers and Streams Act, to clear and remove obstructions from Frisby Creek in the District of West Kootenay, British Columbia, from a point where it empties into the Columbia River to a point on said creek about 4 miles from the Columbia River and to construct and maintain booms at or about the mouth of said creek and in the Columbia River adjacent thereto, and to attach booms to the shore of Frisby Creek and said Columbia River at said points, for holding, sorting and delivering logs and timber brought down said creek.

The lands to be affected by the said work are Crown lands and the tolls that are proposed to be charged are such as may be fixed by a Judge of the County Court of West Kootenay.

Dated this 15th day of June, 1907.
wed jne 19-60d H. DONNELLY.

NOTICE.

Notice is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands, situated on Galena Bay, West Kootenay district:

WEATHER FORECAST

Wednesday, July 10 for 24 hours, cloudy and sultry, moderate westerly winds, probable thunder showers. Temp. Max., 87½ degrees, min. 59 degrees.

Local and General.

Mrs. McKitrick has installed an up-to-date soda fountain in the Union Hotel Restaurant.

R. H. Trueman will be at his studio on Saturday, July 13th, and will remain in town for ten days. 2t

The Alpine Club Camp breaks up tomorrow, after a most successful and enjoyable outing.

Gold Range Lodge K. of P. is holding the 3rd rank ceremony this evening and all members should be present.

Several special trains containing members of the Christian Endeavor Society en route for the Seattle convention passed through yesterday.

An order has been passed at Ottawa providing for the granting of permits without competition to cut timber in the railway belt of British Columbia to settlers and others up to 100 cords of shingle bolts for sale, upon payment in advance of the dues at the rate of 50 cents per cord.

Jack Fraser, son of Fred Fraser Gold Commissioner, had a rather painful accident while up in Paradise Valley with a survey party a few days ago. While on a log he slipt and fell on an axe, cutting his hand very deeply across the palm. There were three doctors in the party, but being without chloroform the hand had to be stitched and bandaged without its aid.

The Dandy Dixie Minstrels gave a performance in the Opera House on Monday night to a large audience. The management had provided quantity without the quality, giving a long show without anything particularly amusing. If a great deal of noise and shouting constitutes a concert, then it was certainly a case on Monday. Neither the music nor the singing were up to the mark and the jokes fell decidedly flat. The best item of all, and the only one perhaps, of note, was the juggling act, the feats being remarkably clever, requiring both skill and strength. The performance concluded with a foolish attempt at a farce.

The Hot Wave

Frequent Bathing is one of the best ways to keep cool and comfortable these hot days and this is the place to come for many things that make bathing a luxury and a pleasure.

TOILET SOAPS of all kinds.
BIG, THIRSTY SPONGES
FLESH BRUSHES
BATH SPRAYS
SEA SALT

and then after the bath, cooling and soothing Talcum Powders, Toilet Waters, etc.

A SPONGE SALE is now on at reduced prices.

W. BEWS, Phm. B.

Druggist and Stationer.

Mail Orders promptly attended to at this Store.

E. A Bradley is moving his office building from down town to a site opposite the City Hotel.

The Ladies' Guild of St. Peter's church will hold an evening garden party on Wednesday, July 17th, on Mrs. Porter's lawn, McKenzie avenue. The Independent Band will be in attendance. A meeting of the Guild will be held at the Rectory on Monday afternoon next.

Mrs. Wharton, who is awaiting trial at Kamloops on a charge of shooting with intent to kill at Wigwam recently, broke jail on Friday last and eluded her pursuers successfully for a considerable time, being eventually captured a few miles east of Shuswap on the following day.

We have just received some fine samples of Revelstoke grown gooseberries. The bushes from which they were taken were planted last year by James Fletcher on the Adair Ranch overlooking the Illecillewaet River and are called "Keepsake." The berries are large and sweet and demonstrate the quality of fruit that Revelstoke soil can produce.

Col. J. G. Holmes will hold an inspection of the arms and equipment in the drill hall of the R. M. R. E Co. on Friday, July 12th, and an informal reception to Col. Holmes and Capt. H. T. Hughes will be given by the officers, non-commissioned officers and men of the company in the drill hall the same evening. Col. Holmes will inspect the rank and file on Tuesday, July 23rd.

The Revelstoke Cricket Club are playing their first away match at Vernon on Friday, July 12. The eleven consists of E. Bourne, W. Brier, J. Darbyshire, W. Davis, R. Entwistle, C. Field, W. W. Foster, F. Laight, W. W. Lefeaux, J. Maley (capt.), N. Vivian, and C. North and R. Brooker reserves. Excursion train leaves Revelstoke on Friday at 3:30 a.m., return fare $3.75. We hope that Revelstokers will find time to witness this first away match and encourage the home boys.

We are in receipt of the initial number of "Westward Ho!" a new magazine published in Vancouver under the guidance of W. Blakemore, a capable and experienced man, as editor, and Percy F. Godenrath, known all over B. C. as a talented journalist, and rustler as business manager. It is truly Western in spirit, and ought to do much good in advertising the resources of the province. The first number is newsy, interesting and instructive and should if the same standard is kept up become a popular magazine, appealing as it does to western life and conditions.

W. J. Brandrith, secretary of the B. C. Fruit Growers Association spent a few hours in town yesterday en route for the west. Mr. Brandrith told the MAIL-HERALD that the fruit crops throughout the province were excellent except in a few sections. The Kootenay fruit is in excellent condition. Questioned regarding the Fruit and Produce Exchange of B. C. he said that good work was being done and that the Exchange would handle the coming crops. He felt sure that other organizations on similar lines would soon amalgamate under the one head.

Dan McDonald, who will manage the new Belleview Hotel at Sicamous recently built by L. H. Cengieve, has been busy the last week or two, purchasing supplies and furnishing in the city and states that the hotel will be open for business Monday next. Everything has been made up-to-date with accommodation of 20 bedrooms, besides reception, dining, and reading rooms. The new hotel will fill a long felt want at the Junction at the reduced tariff and should receive much patronage. The best wishes of the city will go to the popular manager and his bride in their new field of usefulness.

The Peoples' Journal, Scotland, contains the following:—"It is with deepest regret that we report the death of Mrs. McRae who passed away on Sunday at the residence of her son, McDonald McRae. For some time back she had been in delicate health but the end was unexpected. Loved and esteemed by all who came in contact with her, her pleasant face will be sadly missed." The late Mrs McRae was the mother of Mrs. A. McGregor and Duncan McRae, of Revelstoke. The MAIL-HERALD extends deepest sympathy to the bereaved family.

Purity Temple No. 12, Pythian Sisters will be installed tomorrow evening at Arrowhead, Mrs. H. A. Brown, M.E.C. of the local Temple being the prime factor of this excellent movement. The sisters of Revelstoke will leave tomorrow morning to attend the preliminary installation in the afternoon. At the evening ceremony the Knights of Pythias and several ladies will be initiated and the beautiful ceremonials of this famous Order carried out in full regalia. For the convenience of local Knights who desire to go down a train will leave here between 3:30 and 4 o'clock tomorrow afternoon and will be held for return till midnight. The installation promises to be an impressive and popular event.

Social and Personal

Ed. Hillman, of Beaton, spent a few days in town this week.

Chief of Police T. W. Bain is on leave of absence taking his holidays.

S. Phipps, master mechanic of the C. P. R. at Vancouver, was in town on Monday.

Mrs. J. T. Telfer will not receive on Friday, July 12, nor again until September.

Miss Nesbitt, matron of the hospital has recovered from her recent illness and leaves to-morrow for a holiday visit to Ottawa for a month or two.

GRIP AND PASSWORD.

I. O. O. F.

Selkirk Lodge assembled in full force on Thursday night, July 4th, to hold the ceremony of semi-annual installation of officers, the following officers elect being installed:

N. G., E. Trimble.
V. G., G. Lembke.
I. G., A. Arman.
O. G., J. Jamieson.
R. S. N. G., C. Palmer.
L. S. N. G., C. Anderson.
R. S. V. G., A. Y. Anderson.
L. S. V. G., J. Evans.
R. S. S., R. S. McDonald.
L. S. S., R. J. Taggart.

The ceremony of installation was carried out by W. W. Foster, R. Gordon, J. Callin, and J. Jamieson. At the close of the proceedings a banquet was held in the Selkirk Hall at which interesting speeches were delivered by Past Grands R. Gordon, W. W. Foster, H. N. Coursier and others regarding the progress of the lodge, the term ending June 30th being reported as the most successful in its history. During the session Mrs. J. A. Agnew visited the lodge and received from Brother McLaughlin, P.N.G., a cheque for $2,000 as insurance on her late hurband, as death claim.

POWER AND LIGHT QUESTION

Mayor Brown Interviewed—Side Lights on Important Points

The most important question now before the Revelstoke public is the contract which the Board of Trade has asked the city council to make with the C.P.R. regarding the supply of light. As the MAIL-HERALD has followed carefully the whole business and wishing to put before the public every phase of the transaction in its true light, especially regarding the time when Mr. Boyd was here in the railway company's interests, our representative called on His Worship the Mayor to ascertain some facts touching this all important question.

On being asked his views on the matter Mayor Brown said: "I will never consent to give the C.P.R. or any other corporation anything belonging to the city for less than it costs to produce. In my estimation the rates as asked for by the C.P.R. are below the cost of production and the by-law would never have been carried unless the people had some assurance that they themselves were getting some benefit out of it as well."

Do you think that the new plant will be the benefit to Revelstoke as is supposed will be the case?

"Undoubtedly, but at the same time we cannot run the plant for the benefit of the C.P.R. and charge the citizens high rates, To get the plant in at all the people will want an assurance that the city will not lose by it."

Was there ever at any time a definite arrangement between the City and the C.P.R.?

"The nearest approach to an agreement was early in the year when Mr. Boyd, the C.P.R. electrical expert came to Revelstoke and met me and several of the aldermen, Mr. Kilpatrick being present. At that informal meeting we proved by taking average months that we could not give any better rate than 2½ and 6. Both Mr. Boyd and Mr. Kilpatrick seemed satisfied, Mr. Boyd asking me how soon I could get a meeting of the council to ratify these figures. I told him I would call a meeting the following night, and as the rates of 2½ and 6 seemed satisfactory to both parties I concluded the matter was at last settled. Meanwhile Mr. Boyd said he would submit these rates and recommend them to Montreal, although why Montreal was mentioned I don't know, since all our correspondence had been with Mr. Cross of Winnipeg, assistant to 2nd Vice-President. On the morning of the special meeting I asked Mr. Boyd over the telephone if any answer had been received and he said that he had had no reply as yet. The council met that evening, and after waiting for either Mr. Boyd or Mr. Kilpatrick to attend, I telephoned to Mr Boyd who referred me to Mr. Kilpatrick, who said that he could not recommend these fares at all. Naturally after the manner in which the matter had been left the night previous, I concluded that it was all settled and I was much surprised to hear that the rates as practically agreed upon had never been submitted after the assurance I had that they would be recommended. I spoke strongly to Mr. Kilpatrick for acting in this manner and in getting me to call a special meeting for no purpose. Since then Mr. Boyd has never communicated with the council."

Do you know if any local private parties in town have tendered the supply of light and power to the C.P.R.?

"Yes, they have and their tender was evidently lower than that of the former council."

Was a sliding scale ever mentioned?

"Yes, the C.P.R. offered 3, 2½, and 2 for five years but would not guarantee to take any amount. The city offered the same only with a rebate on the profits. This was refused by the C.P.R. although it would have been cheaper for them than their own offer."

What do you intend doing now regarding the rates of 5 and 2½ supposed to have been offered by the C.P.R.?

"The trouble has been we do not know who we are dealing with and I am going to make myself sure on that point, and get all the facts from headquarters. As representing the people I feel that I must look after their interests and their money, and to get this thing completed satisfactorily I want to see these rates in black and white."

Is the statement true that the previous council made any definite rates and that the present council has upset them?

"No, the last council never came to terms and as soon as I was elected mayor, I lost no time in bringing the matter up and getting something done. If the by-law had been felt alone, and not been tried to be upset there would have been no difficulty, and the disposal of the detentures assured. I have always tried to do my best for Revelstoke and have been into every scheme of improvement that was brought up. I have been perfectly free in this matter and the whole correspondence can be seen at any time in the city hall."

We might add that we have, since this interview, by the courtesy and help of the city clerk, gone over all the correpondence betweed the C.P.R. and the City.

WARM WEATHER BARGAINS

We have some lines that we want to move quickly, and you will find some good Snaps on the Bargain Tables.

READY-TO-WEAR HATS

Your choice of any in the Store

$2.50

These sold at prices ranging from $4 to $10,

CANADIAN GAZETTE

The Canadian Gazette of June 20th, published in London, Eng., has just come to hand. It contains a notable article on Mr. McBride's mission to England, and has also an excellent picture of the B. C. premier. The article closes with a tribute to the premier and stating that Mr. McBride expects to sail for British Columbia on June 28th, in company with Lawrence Macrae, his private secretary.

LUNAR ECLIPSE.

Moon Will Be Overshadowed on July 24th.

A partial eclipse of the sun took place this morning but invisible in this latitude. According to calculations of astronomers, which are asserted to be so accurate that an error of one three-hundredths of a second is regarded as an unpardonable offence, on Wednesday, July 24, at 6:45 p. m., Pacific Coast time, the moon will enter the shadow, and two hours and thirty minutes of partial obscuration will ensue, but at 9:31 p. m. the moon will once more be clear. This eclipse will be visible at Vancouver and inland points.

RAILROAD NOTES

An order has been signed by the railway commission providing that there must be a fire extinguisher at each end of a passenger coach, which must be of a pattern approved by the board, and re-charged every three months, under a penalty of $25 for non-compliance. Trestles must be carefully inspected and provision made to guard against fires from engine smokestacks.

The Railway Commission has issued an order prohibiting the use of acetylene gas for lighting railway carriages. In view of the impracticability of the installing of electricity at once the commissioners allow the use of Pintch gas, or commercial acetylene, which comes through asbestos, and is therefore safe. It has been found that acetylene gas has been the cause of fires and explosions on trains. The commission is also considering the prohibition of the use of lignite coal on locomotives. Lignite has been the cause of prairie and other fires.

Revelstoke Hospital Society.

The Directors invite tenders for painting the interior of the Revelstoke Hospital.

Further particulars may be obtained from the undersigned to whom tenders should be sent by Noon on Tuesday, July 16th, 1907.
