THE STRIKE SITUATION

The Story of the Differences Between the C.P.R. and its Mechanics from the Men's Point of View.

To THE EDITOR:

As the mechanics now out on strike find their position misrepresented by the C.P.R. and misunderstood by the public, it is only fair to them that publicity be given to their side of the questions at issue.

The men contend the action of the Company is clearly part of a scheme to disrupt organised labor and is believed to be the initial steps to give effect to an official's reputed boast that he would burst every labor organisation connected with the Company's system inside of five years. The Company attacked their western machinists first, placing last winter men on western lines on short time, besides discharging a third of their mechanics. Those remaining in the Company's employ were given an average of only 130 hours' work a month.

In April the Company gave notice cancelling the schedules they had previously arranged with the mechanics. The men saw the Company was looking for trouble and with a view to having a fair and equitable adjustment of their relations with the Company they applied for a Board of Arbitration under the new Dominion law dealing with labor disputes. The Company sought to limit the investigation of the Board to western lines only, whereas the men contended the action of the Company would not only affect western but eastern lines as well. In this the men were sustained by the Board. Beaten on this score the Company retaliated by discharging 800 mechanics in the Angus shops alone, and extended their policy of repudiation of agreements to the eastern lines as well as the western, thus involving the whole system.

When the Board of Conciliation was set up and started its enquiry the men asked that the investigation should be thorough, and they went to considerable expense in preparing and presenting their case, showing clearly that the position of the mechanics was no better than, and in fact not so good as, prevailed south of the boundary and in Europe.

In spite of this the Board saw fit to alter the conditions, making the position of the mechanics worse than they are anywhere else, and contrary to the evidence clearly presented to the Board They wanted to allow the Company to alter the schedule so they could create four grades of boilermakers—a precedent that is unheard of either on this continent or in Europe. A boilermaker is a boilermaker all the world over, and the men proved that principle up to the hilt. The Company demanded that a sliding scale be adopted and represented that it would only affect 5 per cent of the men, but when the Company's proposal was investigated it was found it would certainly mean a reduction in the case of at least 70 per cent.

As to the apprentice question the custom has been to work one apprentice to five journeymen. The men proved to the Board that was the rule both in Europe and America. In defiance of this the Board decided the universal rule should be abrogated in the case of the men employed by the Canadian Pacific, and that one apprentice should be allowed to each four journeymen, thus allowing an increase increase in the number of apprentices to 25 per cent of the journeymen employed.

The principal grievance thus affects the boilermakers, and the question of apprentices. All other points of difference can be amicably adjusted between the Company and the men.

So strongly do the men feel that an injustice has been done them that 97.3 per cent of the mechanics voted to reject the award on these points, though no strike was ordered till every effort was made to secure an amicable settlement. They were told that as the Company's principal officers, Messrs. Whyte and McNicol, were away the Company could not open the matter. In the absence of these two, Vaughan and Shaughnessy were also approached with a view to a settlement, but refused any overtures on the part of the men.

This showed the Company had no intention to discuss a fair settlement, but by refusing to discuss grievances with the men's representatives left no doubt in the minds of any reasonable man that it was not a settlement they wanted but that this was the starting point in an effort on the part of the Company to disrupt organised labor. If the Company could beat the mechanics their "bursting-up" policy would be extended to the organisations in turn, with a view of bursting up every labor organisation in their service within five years.

Every effort at a reasonable and equitable adjustment having failed, the machinist from one end of the roap to the other went out on strike on August 5th at 10 o'clock.

The Company are circulating reports that the men are going back and that the vacancies are filled. These statements are contrary to fact. The Company is making an unfair use of its pension system by issuing notices to the men on the pension list to return to work in the shops or lose their pensions. This does not say very much for the merits of their pension scheme.

The history of the trouble then is that the Company tried all sorts of schemes in April last to force the issue and drive the men to some rash act. Instead, the men, by their patient conduct, and persistent efforts at settlement, showed they wanted peaceful relations with the Company if at all possible. At that time the Company had no regard for the interest of the people of Canada, but were laying themselves out to disrupt organised labor. Their later conduct shows an utter disregard for the public interest, especially in view of the crop movement and prospective activity in the shipments of lumber. Anything they give out to the contrary is merely designed to hoodwink the public and bluff them into believing the men have no grievance, whereas their very existence as organised workers is threatened as organised labor has never before been threatened in the history of this railway. Had the railway company in view the duty they owe to the public in a busy fall following a severe trade and business depression, there would have been no cause for this strike and it would certainly never have been called had the Company been prepared to abide by its agreements or sought to make a reduction in wages commensurate with its loss of business during the period of depression. The mechanics are reasonable men, and prepared to act in a fair and equitable manner, but they won't stand for being the victims of the Bury policy in order that that gentleman may make good his rash promise; nor do they believe there is another railway organisation in existence today that would not defend its rights in the same manner as they are doing. They are fighting for a principle that affects every branch of organised labor, and behind which every loyal union worker will stand or fall.

In this strike the mechanics are determined to stand together as one man, for in proper organisation alone lies the security for fair wages and equitable conditions.

THE COMMITTEE.

C. P. R. STRIKE

Situation Unchanged—No Settlement in Sight.

MONTREAL, Aug. 14.—The only new development in the C. P. R. strike situation yesterday was that several arrests, the first since the inauguration of the trouble, were made, two of the strikers being placed under arrest on a charge of interfering with the men returning from work at the Angus shops.

A report circulated that C. P. R. officials believe that the freight trains are being intentionally delayed by trainmen was given emphatic denial yesterday.

Locally the situation remains unchanged and no disturbance of any kind has taken place. The men are behaving in a quiet orderly fashion.

Elsewhere in this issue will be found the statement by the local mechanics on the situation giving their views.

Worth Millions

WINNIPEG, Aug. 14.—Steady rains, worth millions of dollars to western farmers, fell during the last twenty-four hours through the greater part of southern and central Saskatchewan and Manitoba, and should prove a potent factor in saving the oat crop, which has been seriously affected by the continuous drought.

Locomotive 1609 while drawing into the yard on Thursday morning with freight cars left the rails at the switch. The Japanese yard gang succeeded in getting the loco back to the track again.

A CLOSE ELECTION

In Saskatchewan Yesterday—Incomplete Returns Give the Liberals 19 and Opposition 17 Seats—Ministers Defeated.

REGINA, Aug. 15.—Incomplete returns received here up till late last night indicate that Premier Scott has secured 19 seats and the Provincial Rights party 17, with four constituencies not heard from and one election to be held later.

Premier Scott carried Swift Current, a new constituency, by 100 majority.

Hon. J. A. Calder is likely defeated in Milestone.

Hon. W. R. Motherwell's defeat is conceded in North Qu' Appelle.

Hon. A. Turgeon is defeated in defeated in Prince Albert city, but carried Duck Lake by 75 majority.

With returns incomplete the Provincial Righters carry 17 seats including South Qu' Appelle, Regina County by 400 majority, Pipestone, Moosejaw City, Prince Albert City, North Qu' Appelle, Maple Creek, Scuris, Moose Mountain and probably Milestone.

The returns received to date show the constituencies to stand as follows:

Hanley, nine polls heard from, McNeil, liberal, 63 majority.

South Qu' Appelle, returns from 136 polls give F. W. G. Haultain, leader of Provincial Rights party, 270 majority.

Yorkton, one poll to hear from, Garry, liberal, 207 majority. Election conceded.

Moosejaw County, incomplete returns give Dorrell, provincial righter, 46 majority. Seat in doubt.

Cannington, 18 of 22 polls heard from give Stewart, liberal, 166 of a majority.

South Battleford, incomplete, Simpson, liberal, 117 majority.

Lloydminster, incomplete, Miles, provincial rights, 90 majority.

Weyburn, incomplete, Beischel, provincial rights, 66 majority.

Regina County, Tate, conservative, over 400 majority, opponent loses his deposit.

Saskatoon City, McNab, liberal, 77 majority.

Saskatoon County, four polls to hear from, Summerfield, provincial rights, has a lead of 29.

KOOTENAY MILLMEN SUFFER

Fernie Fire Destroyed Limits Valued at Millions

VANCOUVER, Aug. 15.—The lumber industry in East Kootenay received a severe blow owing to the recent disastrous fire at Fernie and other points in the Crow's Nest district according to Mr. W. A. Ainstie, secretary of the Mountain Lumber Manufacturers' Association. Mr. Ainslie is here on a brief business trip. He estimates the loss of standing timber at millions of dollars, although at this stage figures are not available. Stocks of lumber aggregating 22,000,000 feet valued at $360,000 and only partially insured, as well as five sawmills at Fernie, went up in smoke. Nor is this all. The fire has reduced the sawing capacity of the Kootenay mills by 380,000 feet every ten working hours. Plans for rebuilding the plants have not yet been announced by the owners, although a number of them are most likely to be replaced.

"The fire, although a disastrous blow, will not have the effect of preventing the other mills from supplying the light demand for lumber from the prairie provinces."

NEW QUEBEC BRIDGE

Three Engineers to Have All Charge of the Work

OTTAWA, Aug. 14—Hon. George P. Graham submitted to the council a recommendation for the appointment of a board of three engineers of world-wide reputation, whose duty it will be not only to prepare plans for the Quebec bridge, but to superintend and supervise the entire work of construction.

The minister's recommendation was indorsed by his colleagues, and an order-in-council was passed appointing the following board of experts:—H. E. Vautelet, C. E., of Montreal; Maurice Fitzsimmons, M. C. L, of London, Eng., and Ralph Modjeska of Chicago, Illinois.

The board will conduct the work under the direction of the department of railways, thus giving direct responsibility to the government.

VICTORIA TRAIL

Now that the new trail of Victoria Mountain is completed, Revelstoke has easy access to one of the finest natural parks in the Dominion, a park which in its immensity, its magnificent situation and its attractions cannot but fill all who have visited it with enthusiasm. The intrinsic value to Revelstoke cannot be overestimated and the visitor to this region in the clouds will fully appreciate the patience and energetic enterprise on the part of those who formulated the scheme for bringing this territory before the public notice. The present council are to be congratulated on their persistence in bringing the matter of the trail, which has been under discussion for several years, to a definite head, and now that the work is completed and the money paid, the provincial government should, according to their promise, stand half the cost. The value of this work both to the city and the government can be readily seen if advantage is taken of the trail, by all our citizens. Although the city council has the credit of the undertaking, the Tourist Association has done much towards its carrying out and when the money voted by the council for this work to the Tourist Association was available, no time was lost in commencing the trail. Another side of this question which must of necessity appeal to every citizen, will be the conserving of all timber in the park on Victoria Mountain in order to secure an adequate and everlasting water supply to the city. This vast park contains the sources of our water and as such is an asset to Revelstoke that cannot be too highly prized.

HINTS FOR THE PESSIMIST

For the benefit of some of our pessimistic citizens the following from an exchange will be interesting: If you are earning your living in a city, stand up for it. Don't knock the place that gives you your bread and butter. Don't join the anvil chorus. If you have anything to say, let it be something that will cheer, not depress the other fellow. Optimism is contagious. Don't go round with a countenance like a hearse and a voice tremulous with woe. Smile, and boost your city. "If you have made up your mind to live in a town," to quote an exchange, "then stand up for it, and if you know positively no good, then silence is golden. Do all you can to help every man who is engaged in legitimate business. Do not send away for everything nice you want and still expect the home men to keep a stock to suit the whims of one or two customers. The success of your fellow business men means success in your own line of business. Take your home paper. Do not imagine the big dailies fill up all the space. There are little services of good cheer, social sunshine, personal mention in the home papers that the big papers do not print. The ill-omened, the croaker, can do more harm in a minute than two good citizens can repair in a month."

The Nakimu Caves

The description and picture of the Nakimu Caves in the August number of Canada-West is one of the best bits of word-and-camera work that has come forward this many a day. It was written and the photographs were made by James Cooke Mills. These caves are a series of chambers and passageways in the heart of the Selkirks, not far from the Glacier House. Mr. Mills tells the adventures of the explorers who first penetrated their depths and a most fascinating story he makes of it. Text and pictures give a vivid idea of the vaulted and curious rooms and galleries and carbonate grottoes underground, the really Alpine grandeur of the scenery in the surrounding "valley of the caves," and the beauty of Rogers' Pass and the visitors' camp by Cougar Creek. The article is a fresh bit of travel—sketching such as may well serve to show Canadians how much we may see at home instead of going to Switzerland, how superb our own great mountains are, where in the summer it is always cool.

"Faust"

The advance agent says: Scenically, it is a splendid production and the pathetic story it tells is one of which the public never seem to tire. Like a fairy tale of childhood days, "Faust" fascinates and entertains and interests again and again. The presenting company is thoroughly capable. In the portrayal of the role of "Marguerite," by Miss Olga Verne, however, lies the chief artistic charm of the performance. Miss Verne's "Marguerite" is an exquisitely delicate yet forceful piece of work which gives promise of high future attainment. Her career may be watched with interest. Mr. Wm. Richard's rendition of Mephisto left nothing to be desired. In short, "he was great." The electrical effects introduced are excellent. The famous Brocken scene is sufficiently weird to give the beholder sulphurous dreams for a fortnight.—Rochester Herald. This same production will be seen here at Tapping's Opera House on Monday, Aug. 17th.

Locomotive 1609 while drawing into the yard on Thursday morning with freight cars left the rails at the switch. The Japanese yard gang succeeded in getting the loco back to the track again.

MINTO CUP WINNERS

Citizens Welcome the Lacrosse Champions.

No more enthusiastic welcome could have been given, or a more genuine spontaneous display of sportsmanlike spirit shown, when the train bearing the victorious New Westminster lacrosse team, winners of the Minto cup, rolled into the depot on Wednesday evening. A large concourse of citizens, the fair sex if anything predominating, gathered on the platform to see the "conquering heroes come" and give them a fitting welcome. The Independent Band was in attendance and played selections while the champions were receiving the congratulations of the people. The Minto cup, which symbolizes the blue ribbon of the lacrosse world, was on view and duly admired. Mayor Lindmark made a brief address, expressing on behalf of Revelstoke citizens their appreciation of the great victory and the manner in which the Westminsters had brought the laurels to the west.

C. A. Welsh, manager of the team, replied to the Mayor's remarks, and the crowd gave vent to hearty cheers for the champions, who returned them with vehemence. The boys were made the recipients of gifts from the admiring citizens, and were tendered another great ovation as the train pulled out, en route for the coast.

B. C. SCHOOL FLAGS

Government Request Objected to in Victoria

VICTORIA, Aug. 14.—A decided objection was raised at a meeting of the school board last evening against the flying of the Union Jack over the city schools as requested by the provincial government, who have supplied the flags for the purpose, the members of the Board desiring to see the Canadian flags at the for the purpose, but it was discovered that there are no poles in position at the schools to fly any flags and the matter was left over. Consequently when the schools open in two week's time the government's request in the matter will not be met in any way.

WILFUL MURDER

A Fatal Quarrel at Vernon Over Irrigation

KELOWNA, August 14.—A rancher named J. R. Layton, living near Vernon, was shot and instantly killed by another rancher named John Anderson, yesterday morning. The men had a dispute about irrigation rights. Layton and his partner, J. R. Brown, were digging a ditch to convey water to their land across Anderson's property. Anderson ordered them off, but they refused to leave. Anderson then went to his house, brought out a rifle and shot Layton dead and slightly wounded Brown. Anderson, who is an elderly Swede, at once went and surrendered himself to Chief of Police Edwards, who is holding him on the charge of murder.

Edison Parlor Theatre

The Edison Parlor Theatre will open for a continuous season about Sept. 1, in the building now occupied by McKinnon's cigar store on McKenzie Ave. When the theatre is opened to the public, it will be one of the best and tidiest little buildings in the province. The whole structure will be remodelled and refitted and made absolutely fire proof and will be in every way adapted to the comfort and convenience of its patrons.

We have received a copy of the initial edition of the Ladysmith Chronicle by Carley and Carley. The new journal, which is published semi-weekly, will be devoted to the interests of Ladysmith and the district.

CORPORATION OF THE CITY OF REVELSTOKE

NOTICE IS HEREBY GIVEN that the Municipal Council of the Corporation of the City of Revelstoke intends to undertake the construction of CONCRETE SIDEWALKS on certain parts of McKenzie Avenue and First Street within the said City, viz.: On both sides of McKenzie Avenue from the South side of Victoria Road to the North side of Second Street, and on both sides of First Street from the West side of Orton Avenue to the East side of Campbell Avenue, according to specifications and estimates prepared by the City Engineer appointed for the purpose, and to assess the expense or cost thereof upon the land or real property abutting on the parts of such streets as above-mentioned and to be benefitted thereby; and that a statement showing the land or real property liable to pay the assessment therefor, and the names of the owners thereof, as far as they can be ascertained, together with the specifications and estimates of the City Engineer, and the proposed assessment and report thereon of the City Clerk are now on file in the office of the City Clerk and open for inspection by all persons during office hours.

The estimated cost of the work is $8,762.40, of which it is intended that the City at large shall bear the whole of the cost of the work on street crossings, and necessary retaining walls, and one-third of the cost of the concrete sidewalks, the property owners bearing two-thirds of the cost of the said sidewalks.

The total estimated amount to be borne by the property owners being $4,951.45, and by the City at large $3,810.95.

Any objection to the proposed undertaking and assessment therefor shall be made by petition to the City Council within FIFTEEN (15) days from the date hereof, the persons entitled to petition being the owners of the lands affected thereby.

BRUCE A. LAWSON,
City Clerk.
Dated this 5th day of August, 1908.

WEST KOOTENAY DISTRICT AND SIMILKAMEEN DIVISION OF YALE DISTRICT.

NOTICE is hereby given that the boundaries of the Nelson, Revelstoke and Slocan Land Recording Divisions of West Kootenay District, and the Similkameen Land Recording Division of Yale District, have been altered, and that on and after September the 1st, 1908, the boundaries of the said Land Recording Divisions will be as follows:—

NELSON LAND RECORDING DIVISION.

Commencing at a point on the International Boundary where it is intersected by the western boundary of Section 2, Township 10A, Kootenay District; being also the western boundary of the Nelson & Fort Sheppard Railway Land Grant; thence due north about 8¼ miles to southern boundary of Lot 5,816, Group 1, Kootenay; thence due west to the eastern boundary of the right-of-way of the Columbia & Western Railway, which forms the boundary of Lot 2,698, Group 1, Osoyoos Division of Yale District (now Similkameen); thence easterly and northerly, following said eastern boundary of said right-of-way, to the north-east corner of Lot 2,698; thence due west along the northern boundary of Lot 2,698 to the divide between the waters running into the Columbia River and Arrow Lakes from those flowing to the west; thence northerly, following the summit of the mountains to a point 56 miles due north of the International Boundary, which is also the north-east corner of the Similkameen Division of Yale District; thence due east to a point due south of the south-west corner of Township 69, Kootenay; thence due north to the north-east corner of Township 65, Osoyoos Division of Yale; thence north-westerly to the summit of the divide separating the waters flowing into the Columbia River and Arrow Lakes from the waters flowing to the west; thence following the summit of the mountains, in a northerly direction, to a point due west of the north-west corner of Lot 398, Group 1, Kootenay, which point is the north-west corner of the Nelson Land Recording Division; thence due east to the summit of the water-shed dividing the waters flowing into the Arrow Lakes from the waters flowing into Slocan Lake, which is the north-east corner of Nelson Land Recording Division; thence southerly along the divide between the waters flowing into the Arrow Lakes and the waters flowing into Slocan River and Slocan Lake to a point near the headwaters of Pass Creek; thence following the height of land to the mouth of Little Slocan River; thence crossing the Slocan River and following the divide separating the waters flowing into the Slocan River and Kootenay Lake from the waters flowing into Kootenay River and West Arm of Kootenay Lake to the north-west corner of Lot 7,623, Group 1, Kootenay; thence due east along the north boundaries of Lots 7,623 and 4,961, to the west shore of Kootenay Lake; thence southerly and easterly to Pilot Point; thence northerly to the north-west corner of Lot 1,469, Group 1, Kootenay; thence easterly, following the height of land separating the waters flowing into Crawford Creek from the waters flowing into Grey's Creek, to the eastern boundary of West Kootenay District, near the headwaters of Baker Creek; thence southerly following the divide separating the waters flowing into Kootenay Lake and Kootenay River from the waters flowing into St. Mary's Creek and the Moyie River, to the International Boundary; thence westerly along the International Boundary to the point of commencement.

REVELSTOKE LAND RECORDING DIVISION.

Commencing at the north-west corner of the Nelson Land Recording Division; thence northerly, following the summit of the mountains dividing the waters flowing into the Columbia River from those flowing to the west, to the height of land between Foster Creek and Kelley Creek, to the intersection of Canoe River; thence southerly down the centre of Canoe River to the Columbia River; thence in a south-easterly direction to the dividing ridge of the Selkirk range of mountains; thence following the said dividing ridge in a south-easterly direction to the summit of Rogers Pass; thence in a south-easterly direction, following the water-shed nearest the Upper Columbia River, to its intersection with the southern boundary of the Dominion Railway Belt; thence south-westerly, following the southern boundary of the Railway Belt, to its intersection with the divide between the waters flowing into Duncan River and Fish River, near the headwaters of Teetzel Creek; thence southerly following the height of land dividing the waters flowing into Duncan River from the waters flowing into Arrow Lake and Trout Lake, to a point opposite the north end of Howser Lake; thence westerly, following the southern water-shed of Lake Creek, to a point on the Lardo River opposite the height of land between Cascade Creek and Poplar Creek; thence following that height of land and the water-shed dividing the waters of Wilson Creek from the waters flowing into Lardo River and Kooshkanax Creek to the north-east corner of the Nelson Land Recording Division, being the south-east corner of the Revelstoke Land Recording Division; thence following the northern boundary of the Nelson Land Recording Division due west to the point of commencement.

SLOCAN LAND RECORDING DIVISION.

Commencing at the north-east corner of the Nelson Land Recording Division, which is also the south-east corner of the Revelstoke Land Recording Division; thence following the eastern boundary of the Revelstoke Land Recording Division, in a general easterly and northerly direction, to its intersection with the south boundary of the Dominion Railway Belt, thence northerly and easterly, following the Dominion Railway Belt, to its intersection with the eastern boundary of West Kootenay District; thence in a south-easterly direction, following the water-shed nearest the Upper Columbia River, to the 50th parallel of north latitude; thence in a southerly direction, following the divide separating the waters flowing into Kootenay Lake from the waters flowing into St. Mary's Creek to its intersection with the easterly boundary of the Nelson Land Recording Division at the headwaters of Grey's Creek; thence following the easterly boundary of the Nelson Land Recording Division to the point of commencement.

SIMILKAMEEN LAND RECORDING DIVISION OF YALE DISTRICT.

Commencing at a point on the International Boundary where it is intersected by Payaston Creek, which is also the south-east corner of Yale Land Recording District; thence following northerly along the said creek and the South Fork of the Similkameen River to its junction with the Tulameen River; thence westerly along the Tulameen River to the mouth of China Creek, thence northerly along China Creek to its intersection with the south boundary of Lot 989, Group 1, Kamloops Division of Yale District; thence due east to the eastern bank of Okanagan River; thence in an northerly direction, following the eastern shore of Okanagan River and Okanagan Lake, to a point distant 56 miles due north of the International Boundary; thence due east to the western boundary of the Nelson Land Recording Division of Kootenay District; thence southerly, following the said western boundary of Kootenay District, to the 49th parallel; thence west along the 49th parallel to the place of commencement.

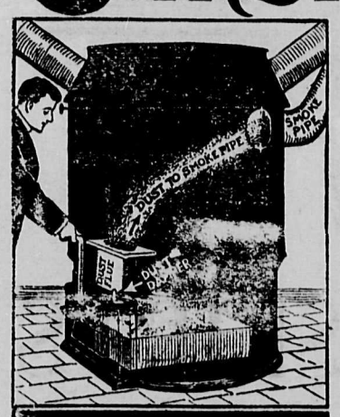
"Sunshine" Furnace



Where Shaking is Respectable

A Draft off furnace dome, with no other assistance, is powerless to overcome the dust nuisance in shaking time. Only surplus dust rises of itself above the fire. Great bulk descends into ash-pit, and unless legitimate outlet is therein provided, dust will escape through ash-door slits and into operator's face.

In "Sunshine" Furnace the legitimate dust outlet is provided. It's a great big dust-pipe running straight from ash-pit to dome, thence to chimney. When big pipe damper is opened, all dust in ash-pit ascends to dome; then, when direct drafts are opened, all dust passes up chimney.

Always the clean and quick dust route in "Sunshine" Furnace — via grate, to pan, to dust-pipe, to dome, to chimney, to open air.

Write to us for "Sunshine" testimonials received from your own townspeople.

INCREASE HOLDINGS

American Capitalists Here Are Looking for Investment

Logging operations on an extensive scale at their Harrison lake limits will be carried out this fall and winter by Messrs. M. E. Jeffries of Jamesville, Wis., and Rufus H. Roys, of Saginaw, Mich. The area they own comprises 22,000 acres densely covered with fir and cedar. The visitors formerly owned sawmills in Michigan and Wisconsin.

"We acquired the Harrison lake proposition six years ago at a period when we foresaw the western trend of the lumber industry," said Mr. Jeffries.

"Events have confirmed our judgment. We are quite satisfied with our investment and are prepared to investigate other timber propositions with a view of purchase

"We have not decided whether we shall engage in the sawmill business or not. It all depends upon whether we increase our holdings. Meantime it is our intention to establish a logging camp this fall on our Harrison lake limits. Although business is dull in the east, the lumber trade being affected, the outlook for a speedy revival of commercial activity is bright, I don't look for much improvement until after the presidential election.

"No matter which party wins, tariff revision by the next congress is a certainty. Lumber will be placed on the free list or else a mere nominal duty, possibly 50 cents a thousand will be imposed. The time has now arrived when the American people will require to draw a large portion of their lumber supply from the Dominion."

C. P. R. DIVIDENDS

Surplus of Over Five and a Half Millions.

MONTREAL, Aug. 14.—At a meeting of the directors of the Canadian Pacific Railway a dividend of two per cent. on the preference stock and three per cent. on the common stock for the half year ended June 30th last, was declared. An additional payment of one half of one per cent. on the common stock will be paid thereon at the same time out of interest on proceeds of land sales.

The result for the fiscal year to June 30th last were:

Gross earnings, $71,384,473.

Working expenses, $49,691,807.

Net earnings, $21,792,366.

Net earnings of steamships in excess of amount included in monthly reports, $1,112,759.

Income from other sources, $1,541,874.

Total net income, $24,446,999.

Deduct fixed charges, $8,770,076.

Surplus, $15,676,922.

Deduct amount transferred to steamship replacement account, $00,000.

Deduct contribution to pension fund, $80,000.

Net revenue available for dividends, $14,796,922.

After payment of all dividends declared for the year, the surplus for the year carried forward is $5,579,715.

Will Inspect the Mines

OTTAWA, Aug. 14.—Hon. Wm. Templeman, minister of mines, accompanied by Mr. Brock, director of geological survey, left today for British Columbia, and will together visit the mining centres of the Pacific coast province so as to ascertain conditions of this industry and obtain views of mining men on all questions in which they are interested. Mr. Templeman and Mr. Brock will visit the Crow's Nest Pass district, Trail, Rossland and the Boundary section.

Weather Forecast

Saturday, August 15—Fair, cloudy, not much change. Temp: Max. 80°, Min 46°.

Local and General.

St. Leon Hot Springs Hotel is now open.

The local banks will open for business every Saturday evening from 7 to 9

Rev. Herbert Calhoun of Salmon Arm, will preach at both services in the Baptist Church tomorrow.

There will be no services tomorrow in St. Peters church, as the painting of the interior of the building is not yet completed

Joe Lonzo has some fine specimens of local grown cucumbers, some of them measuring nearly 24 inches in length and of excellent taste.

A meeting of the Labor Day sports committee will be held in the city hall this evening at 8:30 o'clock. A full attendance of members is requested.

The Imperial and Molsons Banks until further notice will be open on C.P.R pay nights and the following night each month and also every Saturday evening from 7 to 9.

The new school books for free distribution in the local schools, from the Provincial Educational Department have arrived. The Union Jack has also arrived and will be flown as soon as a suitable flag pole has been secured.

Rev. T. W. Hall and Mrs. Hall left on Tuesday for a two weeks vacation. They will spend the time visiting with friends at Kamloops, Salmon Arm and Nicola. During that time the Methodist and Knox congregarions will continue their union services with Rev. J. R. Robertson in charge.

The Minstrel Maids, a bevy of bright and charming young ladies, are playing a return engagement at Tapping's Opera House. The troupe were in Revelstoke last year and made a popular hit by their music and singing. The Maids have returned from a tour of the States. The performance last night was bright and catchy, the several numbers being each encored. Little Halcyon Martin in her clever, droll acting, created considerable applause. The Maids are playing a matinee this afternoon and will give another performance this evening. The several local hits caused much amusement.

MOSQUITOS

MOSQUIT SCARE is your protection against these pests. It not only proves nauseous to the mosquito but also neutralizes the poision from the sting. . . .

25 cent and 50 cent Bottles

BEWS' DRUG STORE

NEXT HUME BLOCK

FIRST STREET

It is understood that the provincial government upon the recommendation of sportsmen, will shortly modify the game laws so as to make it illegal to shoot, hunt, or have in possession willow grouse in the counties of Yale, Cariboo and Kootenay between Aug 31 and Sept. 30 of this year. A close season has also been declared for prairie chicken throughout the province until Aug. 31, 1909, inclusive.

It has been thoroughly demonstrated that certain diseases follow the bite of certain insects. It has also been established that disease germs are carried from place to place by insects and the busiest of all disease disseminators is the house fly. A fly falling into a pan of milk or walking u, on a piece of butter will leave sufficient bacteria to innoculate a whole community with a fatal disease. One might as well have a garbage pail in the dining room or a pest house in the garden as to admit flies.

R. Parm Pettipiece, president of the Vancouver Trades and Labor Council and organizer for Western Canada, lectured last night in the Selkirk Hall to a good and appreciative audience. W. W. Lefeaux took the chair. Mr. Pettipiece dealt principally with Socialism, touching on the present conditions of the unions, and spoke for over an hour in a manner which showed that he was thoroughly conversant with every phase of the subject. Mr. Pettipiece left for Rossland this morning and after his itinerary will attend the Trades and Labor Congress of Canada at Halifax.

Experiments have been made by the Canadian Pacific Railway on the Crow's Nest Pass Line in the vicinity of Medicine Hat, Alta., with a view to utilizing the natural gas to be obtained locally in the illumination of passenger cars. Results appear to be satisfactory. Natural gas has been used in some of the cars equipped with incandescent mantle lighting, in place of Pintsch gas, and has been found satisfactory from an illuminating standpoint, but the factor of safety has yet to be determined, and until that is settled the gas will not be used for lighting passenger cars.

Sir Charles Rivers Wilson, G. C. M. G., C. B., of London, England, president of the Grand Trunk railway, accompanied by Mr. Charles M. Hays, second vice president and general manager of the Grand Trunk Pacific, will arrive in Vancouver the latter part of this month or early in September, according to advices received here this morning. The date of their departure from Montreal is not announced, nor is it stated that they will go north to Prince Rupert, but it is almost certain that they will visit the terminus of the Grand Trunk Pacific while they are on the coast

A general meeting of all unions in the C.P.R. service, whose lodges are in Kamloops, met yesterday for the purpose of discussing the strike situation. At this meeting were represented the engineers, firemen, conductors, brakemen and maintenance-of-way men. This is the first meeting of trainmen on the Pacific division for the purpose of talking over matters in connection with the strike. No meetings of railroad men have yet been called at other points on the Pacific division.

Coal oil was used to considerable advantage last year in the destruction of mosquitoes. This year nothing has been done towards the elimination of this pest, consequently the mosquitoes are exceptionally bad and the annoyance caused by these insects is considerable. Mosquitoes breed in stagnant water, long grass, underbrush and weeds harbor them. All of these we have in Revelstoke and the authorities should take steps to destroy what is undoubtedly is a public nuisance.

Social and Personal

A. O. Wheeler, F. R. G. S., is in the city today.

H. Floyd has returned for a month's visit to the city.

Mrs. A. B. McCleneghan, of Golden, has arrived in the city.

Bert Lawrence returned yesterday from a few weeks' holiday at Nelson.

Mrs. E. M. Allum entertained a few friends to a garden tea yesterday afternoon.

Mr. and Mrs. C. B. Hulme and family left this morning on a visit to the coast.

R. R. Copeland and H. Seigfreid left on Thursday for a few days' trip up the Jordan.

The Rev. J. R. Robertson and Mrs. Robertson have been visiting in Seattle and Victoria.

Miss Josie Ainslie and E. Ainslie returned on Tuesday evening from a visit to the east.

W. H. Pratt, manager of the Molsons Bank, has returned from a holiday visit to St. Leon.

Rev. J. R. and Mrs. Robertson with their daughter Marjoire, returned from Victoria last night.

E. G Hoetzle, tenor for the Pichard Quartette of Philadelphia, is expected in town and will sing at Knox Church on Sunday.

Fred E. Forrest, of Albert Canyon, was a visitor in the city yesterday. He reports a large number of visitors to the Canyon.

W. E. Truesdale, general manager foa the Confederation Life Association of Toronto, was in the city this week looking up business.

Mr. Elkins, of the firm of Elkins Brothers, Insurance agents, Vancouver, has been in the city for the past few days on a business visit.

Dr. and Mrs J. C. Morrison left on Tuesday for an extended trip through the Cariboo making professional visits at Salmon Arm and Notch Hill, en route. They expect to take in a larger circuit than last year, visiting Horsefly, Bullion, Barkerville, Fort George and other points.

SPORTING NOTES

The lawn tennis tournament games are being gradually played off. The following matches took place on Thursday:

In the gentlemen's doubles in the Lawn Tennis tournament on Wednesday A. Y. Anderson and C. R. Macdonald won from T. E L Taylor and W. V Goddard by 7 5; 4 6; 6-4.

Gentlemen's singles—T E. L. Taylor won from W. D. Peterson, 6-4, 2 6, 6-2. A. B. McCleneghan won from R. Stead, 7-5, 6 4.

Gentlemen's doubles—Stead and Quinn won from McCleneghan and Brooker, 6 0, 6-3

Harry Lombard, the little Chicago lightweight, the coming champion, and Bob Parker, the Seattle welterweight, will meet in a boxing contest at the rink on Monday night, Aug. 17.

The Victoria team won the cricket match last Saturday from the Maple Leaves. This afternoon the Shamrocks meet the Maple Leaves.

Lacrosse game Monday night, City and Y.M.C.A., on the latters grounds.

On Thursday night last the much talked of race between Astle and Corson, was scheduled to take place. Instead of six men turning up to face the starter only five materialized, the missing man being the one who issued the challenge to run, namely Mr. Corson. Mr Astle won the race but had no circus as both Williamson and and McRae were close on his heels when they crossed the tape. The race was ran in 11 1 5 seconds, which was good time considering the state of the track on which they ran.

All men who are in training for the Labor Day sports should get out to train Tuesday, Thursday, Friday and Saturday nights.

The league game of baseball between the Rovers and the Alerts has been postponed indifinately, as last Wednesday night the players were all very busy watching the Minto cup go through town.

Next Wednesday the Scots Greys play the Hopefuls in what may be the final game of the series, if the Hopefuls win, however, the league is a tie and this will mean another game, at any rate the game will be a good one.

The senior team was out on Thursday night and played the intermediates a four innings game. They are a likely looking team and will need a lot of beating.

Capt. Duncan C. Ross, the champion swordsman and fencer has postponed his exhibition from Monday Aug. 17 to the following night, at Selkirk Hall. The Captain will be assisted by Tom Connors, the Irish wrestler, and Prof. Richards.

Boxing Contest.

A boxing contest which will attract more than local interest will be the meeting Monday night in the skating rink of Harry Lombard, the little Chicago lightweight, who is recognised as a coming champion, and Bob Parker the welterweight of Seattle.

Lombard has boxed Billy Lauder, the present lightweight champion of Canada, three times at Calgary. First bout was a hard draw—15 rounds. Lombard claims he knocked Lauder out in the second, as the referee failed to count while he was down for the count.

There is a chance of Billy Lauder meeting Harry Lombard during the Fair week.

VICTORIA PARK

Enthusiastic Party Camps at Grass Lake.

Mayor Lindmark, C. R. Macdonald, W. W. Lefeaux, A. Johnson and H. Cunningham Morris, of the MAIL-HERALD, formed the first party on Thursday to take ponies up the new trail up Mt. Victoria. After a most pleasant trip up the trail, from where grand views of the city and surrounding country could be attained, camp was made on the shores of Grass Lake at an altitude of about 5000 feet above the city. Yesterday morning the party made visits to several points in the magnificent natural park, where spring flowers are blooming in vast profusion and where the springy grass is fresh and green. From Morris Peak, Point Edna and other points the panorama that lies before one is superb, and no grander sight can be had anywhere of the glaciers, valleys, serried snowclad peaks and interminable forests. The return trip was made about 10 a m., and the party returned thoroughly pleased with the trip, which for beauty and scenic wonders cannot be surpassed anywhere else in the province.

The trail is a good piece of work and even the steepest grades can be easily overcome with ponies, as well as on foot, since A. E. Miller and J. C. Vance with a party of Revelstoke ladies essayed the trip yesterday. The city has now a great attraction in Victoria and Miller parks, and those who want a real good excursion and be well repaid for their trouble should certainly "hit this trail", and once the trip is made they will want to repeat it.

Edison Parlor Theatre

The Edison Parlor Theatre will open for a continuous season about Sept. 1, in the building now occupied by McKinnon's cigar store on McKenzie Ave. When the theatre is opened to the public, it will be one of the best and tidiest little buildings in the province. The whole structure will be remodelled and refitted and made absolutely fire proof and will be in every way adapted to the comfort and convenience of its patrons.
