	$27,666 75

Liabilities—Capital Account Nil

The President's report was then read and adopted as follows:

GENTLEMEN,—I have much pleasure in submitting for your approval and adoption the Seventh Annual Report of this Society.

In doing so it will be only necessary for me to dwell on the salient points contained therein.

That it was a hard year is evidenced in the receipts from Contract Patients they being some $2500 less than those of the previous year. That this was wisely anticipated is also seen in the corresponding decrease in our expenditures, and thus a wise and healthy balance is shown, as before, between our revenue and expenditure. Despite the fact of hard times, with its consequent loss of contract patrons, it is shown that the Society has this year had one of the heaviest in its history in the number of cases treated, and while regretting the occasions calling on our services, we are still glad that we were able to do so much for their alleviation and cure.

Complaints at our service have been very few and none are outstanding or unsettled.

We find ourselves at the end of the year, with a bank balance of $7,000 to our credit and a minimum of unpaid accounts This pleasing result is entirely due to the loyal and prompt payments by our contracting patrons and for which they deserve our sincere thanks.

We also desire to thank, heartily, the Provincial Government, which has kindly promised to augment our surplus by a grant of $4000 and these, with expected aid, which will be of gratifying quality, I hope, from the Victorian Order of Nurses, and Lady Minto Hospital Fund, will enable us to proceed speedily with our work for a much needed addition of fire proof character to our Queen Victoria Hospital here.

Your Board has given this matter much attention this year, and while unable to advise you that we are already for construction we are able to say that, we are in a position to get better results for our expenditure, by the delay experienced in providing suitable plans, etc., and that, when next Spring, we begin our building, it will reflect, I hope, the riper experience gained by your Board, and be an ornament as well as credit to the city.

In conclusion I would like to express my thanks to the members of the Board sitting with me for the past year, for their hearty and consistent enthusiastic energy To the members of our Medical and Nursing staffs for their steady and loyal attention to duty at all times and to the various citizens, (including the Corporation of this City, for the free use of this meeting room) who have by moral and financial support given us their valued assistance.

T. KILPATRICK, President.

The meeting expressed their approval of the president's report and felt considerable satisfaction over the results of the year. The following report from the Medical Superintendent was then presented:

REVELSTOKE

Patients in hospital July 31, '07..	17
" for year end. July 31, '08.	368
Total treated during year.....	385
Total hospital days	5632

J. C. ELLIOTT, M D.

The following six directors, resident but non contract were elected for the year: B R. Atkins, E. M. Cooke, W. W. Lefeaux, A. E Kincaid, J P. McLennan, W. M. Lawrence. The following three directors, contract or non contract were elected for the year: Mr. Bethune, (Arrowhead,) W. D Armstrong, P. Hooley.

The meeting discussed the question as to whether the secretary should be necessarily a member of the board, the general opinion being that it was not necessary. A vote of thanks was passed to the retiring president and staff and the meeting terminated.

The first meeting of the newly appointed directors was then held and the following officers elected for the year:

President, T. Kilpatrick.
1st Vice Pres., J. P. McLennan.
2nd " " E. M. Cooke
Sec. Treas, W. D. Armstrong.

B. R. Atkins in asking to be retired from the secretaryship said that it was impossible for him to retain the position, not having time to devote to it.

Mr. Bethune and representatives of the Big Bend and Arrow Lakes Lumber Cos. were appointed the committee at Arrowhead. The following committees were appointed:

Executive—Messrs. Kilpatrick, Atkins, Cooke, Armstrong and McCarter.

Building—Messrs. Kilpatrick, Armstrong, Gordon, Atkins, Howson, McCarter, McCarty, Dr. Sutherland

Finance—Messrs. Armstrong, Atkins, Kincaid.

A vote of thanks and appreciation of his excellent and conscientious work was passed to the retiring secretary, Mr. Atkins, and the meeting terminated.

THREE MEN KILLED

Ran Down by C. P. R. Express at Kenora

WINNIPEG, Aug. 25.—Alex. Milton, chief clerk of the paymaster's staff here, was paying an extra gang at Eagle, 65 miles east of Kenora, about 5 o'clock yesterday afternoon, when train No. 97 came along at a fair rate of speed. Imagining the express would take the main line, Milton and two employees not yet identified, whom he was paying at the time, stepped to the side track. No. 97 however, also took the side track; and before Milton and the two employees saw their danger, all three were killed Milton's legs being cut off.

C. B. Paget paid a visit to Okanagan Centre on Saturday.

BRIDGE TO BE BUILT

Provincial Government Will Proceed With the Building of a Traffic Bridge Across the Columbia This Fall.

Word has just been received in the City from Victoria that the Provincial Government has definitely decided to construct a Traffic Bridge across the Columbia River at Revelstoke and that at the last executive meeting of the Government, plans and arrangements were discussed and made for the early commencement of the work this Fall.

BRUTAL CRIME IN ENGLAND

Seven Oaks Scene of Murder of General Luard's Wife—Scotland Yard Authorities Baffled

LONDON, Aug. 26.—Scotland Yard detectives are today working on one of the most baffling murder cases they have ever been asked to solved. It is the murder of Mrs. Luard, wife of Major-General C. E. Luard, whose body was found in a desolate wood near Seven Oaks shortly after she had left her husband yesterday to return home.

Failed to find his wife upon his return, General Luard instituted a search and a few minutes later stumbled over her body near the spot where he had left her. She had been shot twice in the head. Her rings were torn from her fingers and other valuable jewelry taken. No trace of the murderer has been found.

Mrs. Luard was a tall, handsome woman, 58 years old, General Luard is a retired officer of the Royal Engineers.

BUILDING COLLAPSES

Eighteen People Killed and Crushed Beyond Recognition ---None of the Dead Have Been Identified.

BOSTON, Aug 26.—Eighteen men are reported killed and a number hurt in the collapse of a building yesterday afternoon. Ten dead and seven injured already have been removed. The dead were crushed until unrecognizable. Thirty-five men were working in the building and searching parties are desperately at work searching the ruins. None of the dead have been identified.

The building was a structure that was being reconstructed, all but the front wall having been destroyed by the great Chelsea fire. It is supposed that the disaster was the result of an effort to use the other foundations which had been more seriously damaged than the builders thought.

When the walls collapsed thirty-five men employed within had no chance to escape, and all of them were caught in the debris, though some of them were not badly hurt. Twelve are believed to have received injuries that will not prove serious.

Ambulances were called from the marine and naval hospitals, and moving vans, which were in the neighborhood, also were employed in removing the dead and injured. The police reserves were called out and surrounded the scene, holding back a tremendous crowd that gathered immediately. Hundreds of citizens were allowed to pass the lines and join in the rescue work. Great difficulty was experienced in lifting the debris and in several cases men who were pinned down begged to be killed, fearing fire would break out and they would be burned alive

Mr. Marpole Confident.

VANCOUVER, Aug. 25.—Mr. Marpole western executive agent of the C.P. R., who has just returned from the old country states: "I found that in Great Britain the interest in Canada of recent years is unabated, and I look for a large immigration of desirable classes of people next year, incident to the garnering of a bountiful harvest in the Dominion, and of course of the revival of business in the commercial world generally.

You Will Wait In Vain
if you wait with the expectation or hope of finding better grades of Teas and Coffees than we are now offering to our customers.

And so much good in the worst of us,
That it hardly behooves any of us,
To talk about the rest of us.

WEDNESDAY, AUGUST 26, 1908

REVELSTOKE HOSPITAL

The annual report and financial statement of the Revelstoke Hospital Board as presented on Monday night at the general Annual meeting was as gratifying in its result as it was surprising in its success considering the dull year and hard times that have been experienced during the last twelve months. At the beginning of the year the directors felt dubious over the outlook and realized that a hard struggle and effort would have to be made to carry on the work. Money was tight and payments difficult to collect, but nevertheless the directors went boldly ahead looking and hoping for the best. The year has exceeded the most sanguine expectations and the Hospital Society now stands in a far better position than it has done for some time. This has been due partly to the loyal response of the public and supporters of the hospital and partly to the untiring efforts of the secretary and his directors who have put forward their best endeavors to keep the institution going in spite of many opposing circumstances. The finances are in good shape although the receipts from contract patients were $2,500 less than previous years and the Board very wisely decreased their expenditure where ever practical. The past year has been a heavy one, perhaps the heaviest in the history of the hospital and yet the work has been carried on with a handsome margin on the right side. With a balance in the bank of $7,000 to their credit, the Board can commence this year with light hearts and endeavor to accomplish many schemes both for the improvement of the hospital itself and also for the enlarging of its sphere of influence. The success last year should encourage the people of Revelstoke generally to give even larger support to this institution, which, if any in the city, deserves the unstinted assistance of all.

THE SCHOOL OPENING

After the long summer holiday the public school and High school re-opened at 9 o'clock on Monday morning and the children have once more resumed their studies. It is extremely important that all parents should instil into their children the necessity of regular attendance and that interest in their studies should be impressed upon them without causing the children to look on school and work simply as a routine and drudgery. The parents can accomplish much ff they cause their children to take a pleasurable interest on their studies, at the same time letting them see that their work and progress at school is noticed and gives them interest Indifference on the part of father or mother in their children's school life tends to discourage the young mind and this discouragement invariably leads to shirking of lessons as tasks unfruitful, and distasteful. Now that the new term has commenced it is vitally important that every child should attend regularly at school so that he or she may not lose ground or time and cause delay and difficulty not only to the child but also to the class itself, which is frequently hampered by having to go slow by reason of the fact of one or more children missing certain important parts of the general work of the class. In both cases it is unfair and hard on the child and the class as a whole. Although we have treated with this matter at a more or less recent date, yet we take this opportunity of urging the parents to give their children a chance and do all in their power to further their progress and interest in their studies.

A horse race between pacers without a driver is one of the novel features planned for the race meet at the Spokane Fair next fall. Manager Robert H. Cosgrove is in receipt of applications from three owners of pacers asking him to put up a purse for a guideless horse race.

NEW MOUNTAIN FEAT

First Ascent of Jordan's Peaks by Revelstoke Climbers

R. R. Copeland and H. Siegfried made the first ascent of the mountain visible from the city up the Jordan Pass last week. Leaving town at noon of Thursday, they reached Half-way creek before dark. The next morning climbing was continued up the shoulder between Half-way and Goose Creeks, the ascent being steep but good. The following day the timber line was reached and the men skirted along the ridge till a camping ground was found near the first glacier. The next day the first glacier was crossed and the first peaks came in sight which were reached by crossing the glaciers and climbing steep snow and ice slopes, the ascent being difficult and tedious. Some interesting rock work was here negotiated and after a strenuous climb two peaks were overcome and another essayed up a narrow loose rock ridge only a few inches wide. Considerable care was necessary as a false step meant a drop down a precipiece of 1,000 feet on one side and a series of snow slopes and deep crevasses on the other. The summit was finally reached and a cairn of stones erected. The view was superb and magnificent in every direction except where the fire raged at Three Valley. Three fine glaciers are held up by the four peaks. The return trip was made without incident, excepting the sighting of three fine caribou crossing the southern glacier The scenery in the valley well repaid the exertion of the climb and the traveller made town again after an interesting and novel trip.

NO SUCCESSFUL MAN REJECTS A PROPOSITION WITHOUT DUE CONSIDERATION

The Market for Oil is increasing more rapidly than for any other mineral.

Every new mine, every new railway or Factory require lubricating Oil, for which there is no substitute, while new machinery has created an immense demand for gasoline and Fuel Oils.

Freight and Duty are the items which makes our Oil so costly. So with the production of Oil at home, the price to the consumer will be reduced and a profitable industry built up.

Compare the price of Oil here and in the United States.

Dr. Dawson, Dominion Geologist, claimed that Southwestern Alberta contained the largest undeveloped Oil area in America and he has made few mistakes. It was his prediction of Coal in the Crow's Nest Pass that started the development of that rich field. It was his prediction of Gas at Medicine Hat, which revealed the greatest Gas Pressure in the world.

Our Property lies directly between the Coal and the Gas, where there must be an abundance of Oil.

A months' wages invested to-day may mean a Fortune.

OUR PLAN. Your investment is the motive power to carry on this Drilling, Pay wages and purchase supplies.

Six-tenths of our capitalization has been placed in the Treasury for development purposes. Just enough of this Treasury Stock is offered for subscription to actually carry on active operations until at least SIX WELLS are put on the market, then a vote will be taken of all the shareholders for the election of officers and the subject of building Refineries and laying Pipe Lines, taken up along with other matters at that time for putting Oil and its products on the market. At the advanced price for which Shares will then sell, the Company has sufficient stock left in the Treasury to build these Refineries and pipe lines.

We Have These Planned and are working toward their successful outcome.

If you own a Share of this Stock you have an undivided, indisputable title to one Share in everything the Company Owns, namely:

2,000 acres of land in the centre of this Oil Belt and lease on 2,000 more.

Two drilling outfits, over six cars of machinery.

Good Camp of Twelve Houses, Derrick, 84 feet; Derrick, 90 feet, Blacksmith Shop, Horses and Supplies.

A Townsite will be put on the Market as soon as surveyed.

OIL IS KING OF MONEY MAKERS.
97 Per Cent of Oil Companies of the States Have Paid Very Large Dividends. Here are some stocks:

Home Oil	Cost $1.00	Now $5,000
Union Oil	Cost $1.00	Now $1,500
New York "	50 Cents	Now $ 200
Pacific "	50 Cents	Now $ 150

Besides Paying Large Dividends Each Year.

We have been operating since February Our well is down 1500 feet and we have found sufficient Oil to show that our property is very rich.

The Uncertainty is Over. Our development will go rapidly ahead, but we need money. Your investment will help us and insure yourself a tidy income in a short time

This is an Opportunity of a Life Time If you miss it, someone else will take advantage of it.

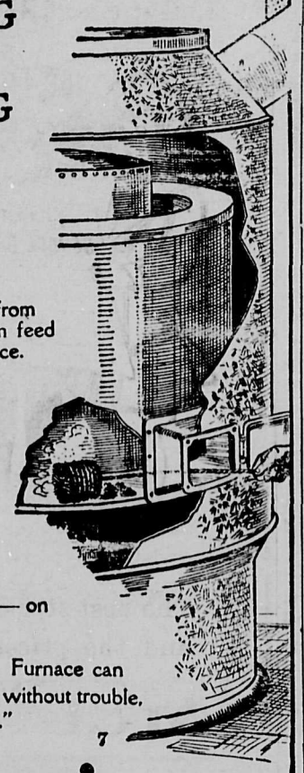
Stock is selling at $1.00 Per Share and an immediate advance is expected. Certificates of 50 Shares and Upwards Issued.

We invite a Full Investigation of Our Proposition.

Write To-Day for Further Information to

T. J. CUMBERLAND, - REVELSTOKE, B.C.

FLUE-CLEANING
—a dirty, heart-breaking job.
AND
FLUE-CLEANING
—a clean, record-breaking job.



THE FLUE DOORS

Situated "singly" over feed door —on some furnaces.

Situated "doubly," same distance from each other, same distance from feed door—on "Sunshine" Furnace.

"SUNSHINE" ADVANTAGE:
Operator can easily clean every bit of soot out of radiator.

THE OPERATION

Fire put out, smoke-pipe pulled down—on some furnaces.

Fire stays in, smoke-pipe stays up — on "Sunshine" Furnace.

"SUNSHINE" ADVANTAGE: Furnace can be cleaned out any time in season without trouble, dirt, or "fear of chilling the house."

EDISON PARLOR THEATRE

New Winter Amusement Hall for Revelstoke

The Edison Parlor Theatre will open August 31st on McKenzie Avenue, and the building which is being fitted up will be in every respect the neatest and tidiest theatre in the Interior. Ample accommodation will be provided and the seats will be arranged so as to give an uninterrupted view of the screen. Two galleries are being built and everything will be done to ensure the safety and comfort of the public. There will be five exits on the ground floor and two in the galleries, which will be conspicuously marked so as to give the best and quickest means of exit from the building in case of fire. This is a feature which should make such a public entertainment hall popular. The latest and most up-to-date films have been secured and changes will be made three times weekly. The management solicit the patronage of Revelstoke citizens and will ensure them good and attractive entertainments throughout the season. The theatre will be a favorite resort during the winter months. The price of admission will be as follows:—Adults 20c. Children, 10c. Gallery, Adults 25c. Gallery, children, 15c. Local men are behind the enterprise, which should secure good public patronage.

TRACK WASHED OUT

By a Cloudburst at Spatzum Near Spences Bridge

A cloudburst occurred at Spatzum, just east of Spences bridge, at 10 o'clock on Sunday morning, and one result of the torrential rains which fell was the washing out of some 60 feet of the main line tracks of the C.P.R.

The trains from the east, Nos. 97 and 1, were caught on the east of the washout and had to be held there till the track could be repaired The eastbound trains which left Vancouver were somewhat delayed by the washout.

Patent Window Device

W. Sawyer, of Vernon, brother of R. H. and H. Sawyer of this city, has patented a new device for window sash sustaining, its improvement on the weight system being generally recognized.

Simplicity is its keynote. The patent is simply three small pulleys in a compressed steel case, having a rope passed around each pulley, forming a bind which sustains the sash. There is practically no friction, the tension of the rope passing round the pulleys sustaining the sash. A child can apply it. It works exactly as the present system of weights in adjusting to any height. Simply lift the window up and down and the device sustains the window wherever left.

The patent costs between 25 and 50 cents, as compared to weights at $2 to $3. The advantages that it has over the weights should be enumerated It can be applied in a very few minutes, and should anything go wrong, it can be adjusted in a few minutes, whereas weights take considerable time besides tearing the windows.

Mr. Sawyer is open for offers either to sell his patent outright or for percentage or royalty.

Georgia Minstrels

"All work and no play makes Jack a dull boy." Amusement is as necessary to the welfare of humanity as labor.

To the brain-fagged business man, overworked clerk and drudging housewife, no form of amusement appeals as does the Minstrels. Their fun is natural, spontaneous and exhilarating free from rant and theatrics.

Undoubtedly the best known and popular minstrel organization before the public today is Richards & Pringle's, which appear at the Opera House on Tuesday, Sept. 1st.

Each year they bring a bran new show, and each year the show seems a little better than their previous visit. There are a lot of new faces this season, but Clarence Powell still heads the fun fountain. They are forty in number, and every one of them is an artist.

There is a band of twenty and an orchestra of ten; and such a band and orchestra, well, they're worth going a long way to hear.

There will be a big parade at noon, and a free concert in front of the theater at 7 30 o'clock in the evening.

A violent westerly gale swept over the city on Monday afternoon accompanied by heavy rain and hail. The wind traveled at a rate of over 70 miles an hour during the height of the storm. Several trees were blown over but no other damage was done. The rain was very welcome, and besides relieving the crops and soil will materially aid in the extinguishing of all forest fires.

A meeting of the W.C.T.U. will be held in the Methodist church, Friday, Aug. 28th, at 3:30 p.m. Important!

Miss Chamberlain, of C. B. Hume & Co.'s department store, is attending the millinery openings at Seattle and Portland.

Included in the opening night programme at the new Edison Parlor Theatre, Monday, Sept. 31, will be new films showing scenes in an African town; comic picture, the Diabolical Pick Pocket, and two magnificent colored pictures, the Vestal and the Poacher's Wife.

The Fruit and Produce Exchange of B. C., have presented two handsome cups for the Revelstoke Fall Fair. In class 1, for green fruit, district exhibit, 1st., cup; 2nd., $5; 3rd., $3. In class 2, ten apples, special for individual growers, for the best ten commercial fall and winter apples, 1st., cup: 2nd., $3; 3rd., $2; 4th., $1.

The local improvement by-law authorizing the construction of cement sidewalks round the business section of McKenzie avenue on First street at a cost of about $8,500, to be raised by frontage tax, received its three readings at the City Council meeting on Monday night with the unanimous consent of the Council.

S. Beckerton, Mrs. Beckerton and family, arrived in the city from Navon, Ont., on Saturday. Mr. and Mrs Beckerton are old-time Revelstoke citizens and were residents of this city over 14 years ago, when Mr. Beckerton owned a boot and shoe store here. Mr. Beckerton will open up a boot and shoe repairing shop as soon as he gets a location. Mrs. Beckerton is a sister of Mrs Sam Needham, jr.

The public and high schools once more became the scene of busy industry on Monday, and the children are now gathered to their seats of learning With the rapid increase of population in the city that has been apparent, there is a considerable augmentation of the school roll. The children have returned healthy and ready for work, there being few absentees at the first opening. D. L. McLaurin assumes the principalship of the high school.

Social and Personal

Mr. Bethune, manager of the Imperial Bank at Arrowhead, was in the city on Monday to attend the Hospital meeting.

Mrs. G. S. McCarter has returned from a visit to Banff

Mr. Peterson, of the P. Burns Co. staff, left last night for Calgary.

Eng. W. Tomlinson, from Notch Hill, has been spending a few days at his home.

Miss Frances Paget has taken up her duties as school teacher at Okanagan centre.

J. Sibbald, of the Imperial Bank staff, at Golden, paid a flying visit to his home on Sunday.

J. McMartin, of the Customs Department, left yesterday for Cranbrook where he will remain for a time relieving the collector at that point.

Mr. and Mrs C. Anderson, Misses Anderson, Miss Benson, Mr. and Mrs. Swan Carlson and others were visitors up Lindmark Trail to Victoria Park, for the last week end.

Watch for "The Shaughraun"

The Revelstoke public should not miss the opportunity of seeing the finest Irish drama ever staged in Revelstoke. This production will be played by the Amateur Dramatic Club and is entitled "Conn, The Shaughraun." Replete with a vast store of wit, humous, tragedy and pathos "The Shaughraun" cannot but appeal to our people. The work is spectacular and contains many tableaux which vividly portray the stirring scenes and incidents of the play. Don't fail to secure a seat for Sept. 7th, Labor Day night, at Opera house.

Advance Lumber Prices.

SEATTLE, Aug. 25.—An immediate advance in the price of lumber, shingles and other forest products is expected by prominent operators in the Northwest. The unusually heavy sales of timber, such as have been made within the past few days, would indicate this fact. Expecting an advance in the price of timber, the wealthy operators are buying up all the available timber lands at the present low prices, and they expect to realize handsomely when the prices are raised.

SPORTING NOTES

Vernon made a garrison finish in the cricket match with the Albions at Victoria this week. The Vernons were retired for 47 in the first innings, while the Albions scored 96. In the second innings the Vernon eleven rap up 139, while the Albions were retired for 81, the Vernon team winning by nine runs.

The Labor Day sports committee have the programme now arranged and the prizes are first class They are too numerous to mention here, but there are four silver cups in the list and all the other prizes are good.

All men who are trying for a place on the ball team to play Kamloops on Labor Day should take every opportunity to get out and practise. First practise to-night, next on Tuesday night.

The Y.M.C.A. and City lacrosse teams will play a league game on Monday night, Y.M.C.A. grounds, at 6 p.m. sharp.

The Scots Greys and Hopefuls meet this evening at baseball in the semi-finals in the Y.M.C.A. series. Play will commence at 6 p.m.

The following baseball seniors are requested to turn out to-night for practice. Proulx, Scott, McLennan, Dalgleish, McInerny, Blackadar, Hope. Eberley, Jackson, Noll, Roller.

The lacrosse match, City v. Y.M.C.A., billed for last Monday, was postponed through wet weather.

The Y. M. C A track team will practice to-morrow night on the McKenzie avenue grounds, starting from the Y M.C.B. at 6:15 p.m.

Local lawn tennis players could not get a team together to play Golden this week and the visit to that city has been postponed.

Canadian Northwest Oil Co.

The Canadian Northwest Oil Co whose advertisement appears on another page of this issue, is one of the new companies that is claiming a good deal of attention from investors and men of affairs in British Columbia Being a Canadian Company investing Canadian capital to develop commercial resources, its progress is being watched with more than usual interest and the success of the development work has more than justified the confidence placed in its directors by the public. Having secured extensive claims in what Dr. Dawson claimed was "the greatest undeveloped oil area in America," they commenced the development of what promises to be one of the most extensive and profitable industries of Canada. The work is being carried on by five of the most expert drillers of Pennsylvania under the direction of R. H. McCutcheon who has brought in the largest and most complete drilling plant ever used in Canada.

The work has been in progress since February of this year and the indications of a large flow of oil are better than ever hoped for. An analysis of the oil brought from this district shows it to be equal to anything produced in the world which assures it a ready market. The directors who are delighted with their property expect in a few months to be in a position to put their produce on the market and anyone fortunate enough to hold this stock may soon look for handsome returns

Sues for Damages

GOLDEN CITY, Mo., Aug 24—Alleging that "he was set upon by members, thrown violently to the floor and kicked and beaten most unmercifully while he was blindfolded," in taking the second degree initiation into the Modern Woodmen," John A. Griesel, editor of the Golden Gate Register, has filed suit for $10,000 damages against the order.

Griesel avers that two ribs were broken in an attempt to ride the "goat" over a rough road, and that for two days he was confined to his home on account of his injuries.

CRICKET MATCH

With Okanagan Sports Club Abandoned Through Rain

The cricket match against the South Okanagan Sports Club yesterday, had to be abandoned owing to the deluges of rain that fell all day. The visitor in spite of the disappointment all declared that they had enjoyed their visit to the city and the entertainment provided for them. Play was started in the morning and continued till lunch, the home team batting but the heavy rain upset all semblance of cricket. The lunch provided by the ladies was the feature of the meal and proved a pleasant social function The large marquee gave shelter to both visitors and residents and the sumptuous repast was done full justice to by all. B. R. Atkins, on behalf of the Revelstoke club, welcomed the guests, his remarks being heartily responded to by the visitors. An effort was made after lunch to resume the game but the rain was still as heavy as ever and the match was called of.

The visitors returned home on No. 97 well pleased with their reception. The following were the guests of the home club: Mr. and Mrs. Crichton, Mr. and Mrs. Walker, Messrs. J. Maquire, J H. Thompson, M. H. Vernon, F. Thorneloe, A. Burdekin, W. C. D. Mitchell, R. Favell, J. Oakley, G. H. Parker, A. Humphreys, A. Bennett, A. H. Bell, A. Swinton.

NEW BRANCH BANK

Canadian Bank of Commerce Will Open in Revelstoke

Officials of the Canadian Bank of Commerce, the head offices of which are in Toronto, are in the city today for the purpose of opening up a branch in Revelstoke. A suitable location was this morning decided upon and the new branch will be open for business in a few days. This new addition to the business interests of Revelstoke will be a further evidence of the progress and commercial importance of the city as a centre for the trade of the Interior, and the city as a whole will welcome the Bank of Commerce amongst them. The future of Revelstoke is very promising and no better demonstration of this can be seen than in the establishment of banking concerns in our midst.

H. H. Morris, superintendent of the Pacific Coast branches of the Canadian Bank of Commerce, will open the bank in the premises adjoining the City Bakery on McKenzie Ave, and opposite the Edison Parlor Theatre

Spongitis Cured

LEBANON, Oregon, Aug. 26—Four doctors at Albany found a sponge in the vitals of Mrs. S. H. Elliott, on whom they performed an operation on account of inexplicable pains.

Mrs. Elliott was operated on at Oklahoma last year, the southern surgeons sewing up a sponge inside.

Trainmen Will Not Strike

FORT WILLIAM, Ont., August 25—At a large meeting of the trainmen of Fort William Division of the C.P.R., held yesterday, to take action on the mechanics' strike, it was decided by a large majority not to strike in sympathy with the shop men.
