DRIVE OUT AMERICAN GOLD

Proposed Canadian Coinage Will Replace American Gold Eagles.

VANCOUVER, Oct. 29.—"The effect of the establishment of a national mint at Ottawa and the inauguration of a gold coinage will result in the gradual replacement of American gold by the Canadian gold coin throughout the Dominion," said D. T. Cameron, inspector of the Canadian Bank of Commerce, Toronto.

"At the outset, owing to the novelty of the situation, a considerable amount of Canadian gold coins will enter into circulation, but after a while the gold will seek the bank vaults to remain and serve as a reserve for the note circulation of Dominion government bills and bank notes. In the meantime, and only to a limited extent, will this restrict the function of paper money."

TO FACE BIG RACE PROBLEM

ST. JOHN, Oct. 30.—Rev. J. W. Graham, acting secretary of education of the Methodist Church of Canada, in a sermon on Sunday night said the nineteenth century brought a race problem to the United States and the twentieth century would find Canada face to face with one. He declared that nothing could take the place of the national public school, and expressed regret that there is not a single language system here as in the United States. The Bible, he said, should be read in all schools.

ANTI-TUBERCULOSIS SOCIETY

Dramatic Performance by Revelstoke Amateurs to Raise Funds.

Arrangements are being made by the Revelstoke Anti-Tuberculosis Society to raise funds for the carrying on of the work, and the Revelstoke Amateur Dramatic Club have consented to put on a production at the Opera House for this cause. At the special request of many of the club's patron's and admirers, the Amateur Dramatic Club will present "Jane," which was recently produced with such unqualified success and it is hoped that Revelstoke as a whole will support the undertaking.

The prevention of tuberculosis is a very important movement throughout the entire province and it is earnestly requested that the public will respond and do all in their power to support the local society. The Dramatic Club have very kindly lent their valuable services and we feel sure that the Revelstoke public will make a bumper house on the night of the show, the date of which will shortly be announced.

In coming to see "Jane" the people will get their money's worth of amusement and at the same time aid the great cause of the prevention of this white death. Details will be announced later.

Vancouver City Council ask for Protection from Ottawa Government.

VANCOUVER, Oct. 29.—A special committee last night recommended the city council to ask Ottawa to abrogate the Japanese treaty, pass laws limiting Asiatic immigration and asking the provincial government to assist in bringing white immigrants to British Columbia.

The committee points out that nine thousand, nine hundred Asiatics have landed in Vancouver since January, and special indictments against the Japanese, pointing out that during the week of the riot they were the only Orientals to take forcible possession of the streets of their own quarters, refusing to allow white citizens to pass and ignoring the police, only retiring to their homes when ordered to do so by the Japanese consul.

REVELSTOKE STEAM LAUNDRY

J. C. Hutchison Purchases Business—Will Reopen Shortly

It is gratifying to learn that the Revelstoke Steam Laundry, after passing through considerable difficulties and liquidation will again be opened up for business at an early date. J. C. Hutchison, one of our most enterprising and progressive citizens has purchased the entire business for the sum of $2,500 and will henceforth operate the laundry as a private concern. Mr. Hutchison states that he intends to carry on the business on strictly business principles and hopes to receive the liberal patronage of the city. The present machinery, plant and apparatus are all up-to-date and in first class condition for turning out the very best work, the building being of comparatively recent date, having been constructed shortly after the fire last December. It is the intention of the new owner to employ white labor only, as well as a competent manager to take full charge of the work. Prices will be regulated chiefly by the patronage received. Mr. Hutchison will if necessary install additional machinery if the business will warrant it. Special attention will be paid to all fancy and delicate fabrics and entire satisfaction is guaranteed. Care will be exercised in the marking of articles and the keeping those of similar marks together. All outlying districts Salmon Arm, Armstrong, Sicamous, Arrowhead and eastern points will be catered for. J. T. Telfer has accepted the position in the laundry office.

A good white laundry running moderate charges is a welcome institution in Revelstoke and such a concern will perhaps make the Chinese keep more within their limits. The date of the opening of the laundry under the new management will be announced in our Saturday's issue.

LEST WE FORGET

Arrangements have been perfected for the annual Thanksgiving Dinner under the auspices of Knox Church Auxiliary which takes place in Selkirk Hall tomorrow evening. The dinner will include all the delicacies and dainties of the season, and will be served in a manner which only the ladies know how to accomplish. A splendid programme has been arranged which will be rendered at intervals during the evening, and altogether the affair promises to be one of the most enjoyable social events in the history of Revelstoke. Dinner will be served from 5:30 to 8:30 p.m. Adults 50 cents, Children 25 cents.

THANKSGIVING SERVICE

Union Thanksgiving service of St. Andrew's, Knox, Baptist and Methodist congregations will (D V) be held tomorrow a. m. in the Methodist church at 11 o'clock. WEDNESDAY, OCTOBER 30, 1907

THANKSGIVING DAY.

Thanksgiving Day has once more come round and we have again an opportunity of returning thanks for the many blessings and benefits we have received during the past year. Our Thanksgiving Day is not the Thanksgiving Day of the United States. It has no historic associations. It dates back no landing of the Pilgrim Fathers. It is simply a day of National Thanksgiving for the harvest, and on the opportunity thus offered we should all realize that we have indeed all of us much to be thankful for. In Revelstoke, the signs of the times are visible, the mark of prosperity is very prominent and we cannot but take a natural pride in our city as we see her growing more and more, increasing slowly but surely with an abundance of good things. We cannot but realize as we review the past year that we have prospered and it is to acknowledge this prosperity and to return thanks for the good times that we have had that Thanksgiving Day will be held tomorrow. While we are to a certain extent under the ban of a financial stringency, yet the outlook is not so serious as at first thought and though the pinch has been felt and in fact is being felt the reaction must eventually follow. Let us this Thanksgiving Day be thankful for the mercies of the past and endeavour to so order our future that we may bring credit to our city and to the community in which we live.

O LORD HOW LONG?

The cry for domestic help still goes up and in spite of the many schemes projected the actual solution of the difficulty has never been arrived at. That the lack of help is having a disastrous effect upon the internal life of the country has been amply demonstrated. As civilization advances and living becomes more strenuous, the need of domestic help is all the more keenly felt. Why can it not be possible for us to obtain capable and reliable domestic servants in sufficient numbers so that the head of a family can take her proper place in the household? The proper place of a woman in her household is not that of a drudge. It is true that under any conditions: "Man's work ends with set of sun, but woman's work is never done" The cares of a household are heavy in the extreme and those who are bringing up families feel the burden. Whether sick, or incapable of exertion or otherwise broken down be it by mental or physical worries, a woman still has her work to do and men, often blind and selfish in their pursuit of gain do not realize that this evil is sapping the very lifeblood of the west. Even if labor is coming in to better the employers of men, it in no way betters the plight of the housewives. Under the present condition of affairs the race of Canadians will never substantially increase and if we want a good healthy stock to grow up and carry on the work of empire building, we should then secure some means of helping the housewives. It is not according to our laws or consciences that all semblance of home, of family ties, of domestic peace and comfort should be ruined for lack of help and far be it that we in Canada should see women become slaves and suffer possibly untold misery in their own homes. Mothers have a duty to perform to their children and husbands and under the present condition of things, that duty cannot be carried out. With the influx of domestic help a serious situation will be remedied, but that remedy should not be delayed if the desired results are to be accomplished.

CANADIAN CLUB.

While we have many institutions in Revelstoke, that, all more or less need support and keener interest taken in them, still there is room for even one other, and that should be a Canadian Club. By the organization of a club such as this much material benefit could be derived, and Revelstoke is by no means too small or too unimportant that she cannot make her mark on Canadian affairs. We hold here an important position, as one of the chief cities of the interior, and situated as a transportation centre, our possibilities are such as to warrant increased development and influence. There are already ten Canadian Clubs throughout the west, this side of the Great Lakes, and there is no reason why Revelstoke should not get into line. Every year sees her progressing along developmental lines and commerce is rapidly producing drastic changes. The Canadian Club is a social and educational institution, independent of all party connections designed to promote a lively interest in all things likely to redound to the general good of the country. It aims to spread knowledge among the members on public questions by having distinguished visitors address them. No opportunity should be lost in this city of meeting all the great and prominent men as they pass through our midst and of visiting them and hearing what they have to say. Were it widely known that Revelstoke had a Canadian Club, where free from the chains, fetters and embarrassments of political intrigue, any distinguished visitor could meet the citizens, we feel sure that there would be no lack of outside interest taken and the great men of Canada, and of any other nation could find a welcome and a hearing before an unbiassed audience in the club room. The aim should be to stimulate Canadian sentiment and to unite the people in a common loyalty to the country and its constitutions. If the spirit of the enterprise is rightfully placed a Canadian Club in Revelstoke could become largely influential in the general public life of Canada.

WANT FOREIGN CAPITAL.

As touching the question regarding the financial situation the Monetary Times says: "Western criticisms of our banking system have not usually borne the imprint of common sense. Mr. William Pearson presented an address recently before the Real Estate Exchange of Winnipeg. He is evidently one of the few western men who recognize that the financial stringency is not peculiar to Canada, or Western Canada, but that it is world-wide. 'Whatever remedy is proposed,' he says, 'it must, in my opinion be based on the fact that foreign capital must be attracted to Canada. Our banks recognize this, for some of them have within the past few months made large European loans. Canadian money is not sufficient to develop Canada—you might as well attempt to lift yourself by your bootstraps. The securing of abundant foreign capital would do much to solve the situation. In the present condition of the money market it will, of course, be very difficult to secure this, but the present conditions will not be of world-wide permanence, and as soon as the situation lightens up, an effort should be made to secure this foreign capital for use in Canada. Our business now is to plan for the future. Canada, both east and west, can offer the soundest security, combined with high interest, and this fact should attract foreign capital as soon as money again becomes free. Our banks, Zealand, might arrange to secure large amounts of deposits in Europe'."

OLD-TIMER INTERESTED

The following letter which appeared in the London Mail, Oct. 11th, and signed C. E. Shaw, will perhaps be of interest to our readers. Mr. Shaw is still taking an active interest in current topics:

To the Editor of the "Daily Mail."

SIR,—Mr. Keir Hardie advocates Home Rule for India and says that what is good for Canada should be good for India.

Does Mr. Keir Hardie know that resident Chinese and Indians are not allowed to vote in Canada, and have no part in the government of the country, even though they may be naturalized British subjects? Such is the fact, however, and I would predict an extremely warm reception for Mr. Hardie if he ventured to preach in Canada the doctrines of race equality which he has been mouthing in India.

C. ERSKINE SHAW,
late Town Clerk, of Revelstoke, B.C.

REVELSTOKE EARLY HISTORY

We intend to publish extracts from the history of the early days in Revelsteke, deeming that such will recall old memories of old timers and bygone days when Revelstoke was in her infancy:

"A Chinaman who was caught purloining some offal, i. e, waste beef, from McCarty's slaughter house a day or two ago, was hung up to the windlass used for hoisting carcases, and kept until he became pretty nearly insensible. They treat Chinese thieves rather summarily in this town."

"John P. Neilson, mail carrier between Revelstoke and Big Bend, arrived with his dog train on Wednesday afternoon, having made the last 30 miles (from Carnes Creek) in five hours, and the 50 miles from Seven-Mile Pass in 11 hours. He left here on the 14th (Jan.) and reached the farthest point on his route (French Creek) on the 20th. This is the quickest trip that has been made."

VARIOUS WATER SCHEMES.

A water system is offered to the town for $500. Mr. Picard's scheme, which as yet is an unknown quantity, may be feasible or it may not. But we must state, in justice to our correspondent, "Macaroni," that Mr. Picard's intention at first was to pump the water from the river in the vicinity of the bridge; but in the face of adverse criticism Mr. Picard may have changed his plans. There is now another Richmond in the field. Mr. Tapping offers to bring water down from the mountains for $500 and, unlike Mr. Picard, explains how it is to be done. But Mr. Tapping errs in saying Mr. Picard's scheme "was not approved of by the citizens," as no one knows what Mr. Picard's scheme is."

January, 1894.

EGYPTIAN OF POMPEII.

The Egyptian of Pompeii, under the direction of Harold Nelson and Clifford Lane Bruce, will appear at Tapping's Opera House. Monday Nov. 11. The play opens with the fete day at Pompeii. Nydia, the blind girl wanders through the streets selling flowers. Glaucus, the noble Athenian, converses with her but does not guess that she loves him, for to him she is but a child, and his affections are centered upon Ione, the beautiful Neapolitan maiden. She and her brother Apaecides, have been pupils of Arbaces, the Egyptian, and he, while trying to keep the brother from becoming a Christian, tries at the same time to win Ione for his bride. She, however, loves Glacus. The interest of the play circles round Arbaces, the Egyptian, who with his base treachery and cunning makes a strong personality.

The plot is good. The costumes are typical of that early era, the sandalled feet, the flowing robes, and the band Christians in their black cloaks and hoods.

While this production is under the direction of Harold Nelson and Clifford Lane Bruce, they have spared no pains to make this new venture a success. A capable company of New York players have been chosen to fill the various roles to support Miss Helene Scott, who appears as Ione, the Neapolitan maiden. Miss Scott is too well known through the west to need mention, having appeared for so many seasons as leading woman for the Nelson, Bruce Co. Her many friends and admirers will be glad to welcome her after an absence of two years.

Mr. Joseph De Stefani, an actor of great ability and long experience appears in the role of Arbaces, which demands more than ordinary talent to portray. The play is a dramatization of Bulwer-Lytton's famous novel, The Last Days of Pompeii.

Special scenery has been provided, and the curtain descends upon the magnificent spectacle of Vesuvius in Eruption.

There is so much bad in the best of us,
And so much good in the worst of us,
That it hardly behooves any of us,
To talk about the rest of us.—Stevens.

Special, The Union, and Marca Vuelta are ahead of all others.

CIVIC VOTERS LIST CLOSES

This Afternoon at Five O'clock Is Your Name Written There?

A steady stream of applicants for municipal franchise has been going on today, and all those who wish to have a say in the forthcoming civic elections in January should bestir themselves now and get their names in before the lists close at 5 p.m. Former announcements have stated that the list will be open tomorrow but owing to Thanksgiving Day falling on that date the limit of time to receive applications has been set for 5 o'clock this afternoon. It is pleasing to see that so many citizens have realized that they cannot be a citizen in the true meaning of the word until they have obtained the right to vote and then when duly qualified it is within their jurisdiction to express their opinion and to help the voicing of public sentiment. No one has any right to kick or criticize unless he has a franchise, so since the time is drawing near for the closing of the lists, all those who have delayed to apply whether from carelessness and indifference should "do it now" and do it quick, before 5 p.m. today.

AGRICULTURAL BULLETIN

Provincial Bureau of Information Brings Pamphlet Up-to-date.

The provincial bureau of information has had printed a seventh edition of Bulletin No. 10 on Land and Agriculture. The bulletin has been brought up-to-date, and contains the latest available information on the subject mentioned.

For instance, under fruit growing the cost of setting out and caring for an orchard as formerly estimated, has been increased in accordance with the general increase in the cost of land and labor. The estimate given this year for twenty acres is as follows:

Twenty acres (irrigated) at $150 per acre	$3,000 00
Fencing	200 00
Preparing land	150 00
Trees (968) at 25 cents each	242 00
Freight, etc	20 00
Setting out trees, at 8 cents each	77 44
	$3,689 44

In describing the different sections of the province, Mr. Maxwell Smith, Dominion fruit inspector, describes West Kootenay as follows:

"West Kootenay, an enormous fruit-growing district, where only a little progress has been made in the southern portion, but sufficient to indicate the possibilities and the superior quality of the fruit, which may be raised along those lakes and streams. The neighborhood of Nelson and Kaslo has accomplished wonders in the past few years, but the shores of the Arrow lakes are practically untouched by the hand of the fruit-grower, and the valley of the Columbia, from the Big Bend south to Arrowhead, affords opportunities little dreamed of by many of those in search of fruit lands. In the greater part of this district irrigation is only necessary in the very dry seasons.

CONSERVATIVE CONVENTION

In Vancouver on Nov. 22-23—to Create Provincial Organization.

A big Conservative convention will be held in Vancouver on Friday and Saturday, Nov. 22-23, and promises to be an epoch making event in the history of Conservatism in British Columbia. No efforts will be spared to ensure success and the railroads have offered every encouragement in the way of reduced rates to delegates attending. The purpose of the convention is mainly to create a provincial organization and thus place the outlaying districts in closer touch with the central body. It is anticipated that Premier Roblin, of Manitoba, and Hon. F. W. G. Haultain, of Regina, will be present and address the convention. It is proposed to make the event an educator in the way of familiarizing local Conservatives with questions of a federal character.

RAISE ASSESSMENTS

TORONTO, Oct. 29.—The Board of Anglican Missions has adopted an apportionment call upon dioceses, increasing the western assessments about 75 per cent. and placing them on the same proportionate rating as to families' contributions, etc. It was felt that the east had been doing its best and desired to increase the means that should come from the hitherto favored section.

Western assessments are: Athabasca $100; Calgary, $2875; Caledonia, $350; Columbia, $1466; Kootenay, $1274; Westminster, $2500; Qu'Appelle, $1200; Ruperts Land, $6704; Saskatchewan, $1411; Yukon, $2310.

To grants to be given were added $2000 for Mackenzie River, $2000 for Columbia Coast Mission.

BUBONIC PLAGUE

Seattle Takes Precautions—War on Rats and Vermin.

VICTORIA, Oct. 29.—"Kill your rats and all vermin, and burn the dead bodies," is the chief precaution which Dr. Fagan, provincial health officer, urges upon the citizens of Victoria in order to obviate all danger of infection in the event of bubonic being introduced from Seattle.

Plague does not spread unless by direct infection. It is not like smallpox or other diseases which become epidemic where infection may be conveyed through germs floating in the air. The germ must be carried and the chief offender is the household rat in the case of bubonic.

Dr. Fagan with Dr. Watt, of the William Head quarantine station have just returned from Seattle where they looked into the precautions exercised against the spread of the plague.

Dr. Fagan and Dr. Watt state that every precaution is being taken in Seattle to stamp out the disease. Army doctors, thoroughly experienced in fighting the disease in Honolulu and the Philippines, are in charge of the campaign.

No attempt will be made to keep matters secret but full publicity will be given the progress of the war in order that no false reports may go abroad. A reward of five cents for the carcass of every dead rat has already been offered in Seattle.

The provincial government is having a pamphlet published for distribution. This gives the history of the plague and the treatment to be adopted.

SUSPECTED TRAIN ROBBERS

Alleged Montana Hold-up Men Arrested.

SPOKANE, October 29.—With $14,000 in national bank notes concealed in their pockets, at the point of drawn revolvers, surrounded by a squad of detectives, two rough looking men, believed to be the bandits who held up the Great Northern Oriental train near Rondo Siding, Montana, on Sept. 12th, and secured $40,000 in greenbacks, threw up their hands and were arrested in a Great Northern dining car as it entered this city last night.

When searched at the police station, the $14,000 was taken from their clothing. The descriptions of the bandits exactly fits.

The suspects gave their names as C. E. McDonald, 43 years old, and Ed. Smith, 33 years old. They said they were miners. They fell under suspicion at Bonners Ferry, where they squandered $500 in dance halls and saloons a few nights ago.

HOSPITAL BOARD

Officers Elected for Coming Year.

At a meeting of the newly appointed directors of the Hospital board held last week the following officers were elected for the ensuing year:

President, T. Kilpatrick.

First Vice President, E. M. Cook.

Second Vice President, J. P. McLennan.

Secretary-Treasurer, H. Floyd.

When Mr. Floyd was proposed and nominated, he said that much as he appreciated the honor done him, he regretted that he found himself unable to accept the position, as he could not conscientiously devote the full time to the work, and begged leave to propose Mr. Atkins. Mr. Atkins declined and the board finally decided to request Mr. Floyd to accept the position until the next directors meeting on the 11th of November.

C. Holden, of Winnipeg, the newly appointed superintendent at the power house, arrived last Saturday and went out to look over the plant. After seeing into every detail, and finding out the nature of the work which he was required to do, he informed the council that he regretted very much but would be obliged to refuse their offer of superintendent and requested that they secure the service of another in his stead. A special meeting of the council was called last night to discuss the situation, Mr Holden's resignation being accepted. It was resolved to write to A. Duck, of Keewatin, Ont., asking him to accept the position, his name being among the list of applicants. Mr. Duck has accepted and will be here on Monday.

The Swastika Club held a "barn dance" last night in the Selkirk Hall. The attendance was good and the affair one of the jolliest. The hall was decorated with corn, vegetables, fruit, etc., considerable artistic skill being displayed. Being near Hallowe'en the decorations were schemed to include the festival, Jack-o-lantern being much in evidence The ladies donned the pistuesque costume of dairy maids, while the men turned up arrayed in farmers' garb, the effect being very novel. Bales of hay and sacks of oats formed the seating while pumpkin pie, doughnuts, cider, coffee, etc., formed the refreshments.

We are in receipt of a communication from Rev. W. P. Spooner, of Shellmouth, Man., who has invented and patented in Canada, a wheel for use on ordinary streams of water for the purposes of electrical mining and milling. The peculiarities of the new departure are that no dam is needed, no floods affect it to stop it and no frost above 60 below zero will freeze it up. The Dominion government of Canada have sent the invention to their engineers to report on its utility and has on the strength of their report, granted "waterway and land" to the inventor. The writer states that many cities and private firms are looking into its merits which promise well to be successful on all waterways. The wheel is peculiar for cheapness and simplicity.

There'll be no Thanksgiving Dinner anywhere so complete, satisfying and enjoyable as that to be served in Selkirk Hall tomorrow evening from 5:30 to 8:30 o'clock. Price 50 cents.

Week's Engagement by Popular Entertainers.

One of the most successful and popular theatrical stock companies that has ever visited Revelstoke, is now playing a week's engagement at the Opera House. The series of powerful dramas that this company are playing, cannot but appeal to all theatre goers.

The McAuliffe Stock company have already played two nights, the first being "A Daughter of the People," a powerful melodrama, portraying scenes of Russian intrigue and villainy. Jere McAuliffe as the comedian has at once leapt into the public favor, his parodies being enthusiastically encored. The caste is a powerful and capable one, good acting and pleasing personality being well combined.

Last night, "The Confessions of a Wife" was staged, a sad story of a woman's weakness and man's cruelty. Augusta Perry as the heroine is a highly talented artist, her emotional work being excellently portrayed. Louise Sage as the Christian Sister, plays a powerful part, while W. Howatt and W. Downing are already popular in their respective roles. Burke Eldridge as a heartless woman does her part well, while the other members of the company added to these make up a splendid aggregation of talent, which cannot fail to attract large crowds nightly to the Opera House. Jere McAuliffe received a great ovation again last night in his role as the comedian and in his laughable parodies. Al. W. Wilson as a ventriloquist is second to none, and gives a delightful entertainment with his animated dolls, little Willie Green having become already a popular favorite. Fred Martell in his illustrated songs can always command enthusiastic applause. Without a doubt the McAuliffe Stock Co. is very welcome in Revelstoke, and no one should fail to see every one of their repertoire.

With a clean, refined programme, carried out by talented actors and actresses, with new and handsome scenery, the McAuliffe Stock company should receive extensive patronage while here. No one should miss seeing them. Details of the matinee tomorrow and Saturday and for the remaining nights of the engagement are announced in another part of this issue.
