NEW SANITARIUM

Will be Ready for Patients in Fortnight.

KAMLOOPS, Nov. 6.—Twenty-seven people who are afflicted with the dreaded white plague have applied for admission to the new sanitarium at Tranquille.

This information was given out at a special meeting of the directors of the B. C. Anti Tuberculosis association held at Victoria last Thursday night.

Dr. Fagan reported that great progress was being made in getting the institution at Tranquille in good shape and it is expected that it will be open for patients in about two weeks' time. The appointment of a medical superintendent and matron was made, Dr. Irving, a recent arrival in Victoria, being appointed to the first-named position while Miss Matheson, formerly matron of Kamloops hospital, was appointed matron. Dr. Irving has had experience in sanitarium work at Gravenhurst, Ont., and has been appointed temporarily for six months. The question of the appointment of nurses was left to the medical superintendent.

RECORD LAND DEAL

NELSON, B. C., Nov. 5.—The biggest real estate deal consummated in Nelson for a long time was concluded last week when J. E. Annable sold to a syndicate of eastern capitalists represented by Y. S. Sheppard, of Lethbridge, the bulk of his holdings in Fire Valley, Deer Park and Burton City districts, aggregating nearly 7,000 acres. Negotiations have been in progress for several weeks and grew fairly definite a few days ago.

The purchasing syndicate intends to subdivide and settle the lands, making a beginning next year. The price has not been made public.

THANKSGIVING SERVICE.

Union of Churches for Divine Worship.

According to announcement four of the churches held union Thanksgiving service on Thursday, Oct. 31, in the Methodist church. A good, strong union choir led the singing of Thanksgiving hymns to grand old tunes.

A letter from Rev. Mr. Robertson was read by Rev. Mr. Hall, expressing his regret that on account of illness he was not able to attend.

Rev. Mr. Hall took charge of the meeting, Rev. Mr. Freeman led in prayer and afterwards read the 65th Psalm, and Mr. Hall read a part of the sixth chapter of Matthew.

The sermon was preached by Rev. Mr. Calder, and was one of marked ability. After showing many of the things for which we as Canadians should be thankful, the preacher, in a most fearless manner, spoke of some of the things which we, as Canadians, have reason to fear. Words of warning were plainly spoken. These referred to dangers political and religious, and our danger from the possibly fearful influx of foreign peoples who must eventually become a damage to us instead of a help. A good congregation listened attentively, and will not soon forget the sermon.

A collection of $13 was given for the children's aid society of this province. We entertain the hope that this will not be the last union Thanksgiving service in our city.

GEO. B. HOWARD CO.

This well known company will play a return engagement of three nights, commencing Tuesday, Nov. 12th, presenting the laughing success "Charley's Aunt," "Hello Bill," and "Young Mrs. Winthrop." The Geo. B. Howard Company need no introduction here as they fully demonstrated their ability during their engagement last August. Everywhere they appear the press and public proclaim this company to be the very best ever in western Canada. Their return should be heartily welcomed.

Negro Lynched—Calgary Commission---Prisoner at Large ---Copper Prices---An Insane Monarch.

CAMERON, Texas Nov. 6.—Following his indictment by the grand jury on a charge of criminal assault, Alexander Johnson, a negro, was taken from the jail here by a mob of five hundred men and hanged to a tree in the court house yard.

CALGARY, Nov. 6.—At a meeting of the City Council recently, it was decided to govern the city in future by a commission consisting of the mayor and two aldermen.

KAMLOOPS, Nov. 6.—The chase for the alleged murderer Hine still goes on. No trace of him has yet been found. Chief Constable Fernie and a posse are scouring the country between Shuswap Lake and Grand Prairie and Revelstoke, and the Okanagan trails are all guarded. There is some likelihood that the man escaped by boarding an eastbound freight and getting ever the mountains by that means.

NEW YORK, Nov. 6.—Notwithstanding the heavy buying movement over the last two weeks, no signs of weakness in copper prices have developed yet. Sales of electrolytic copper were made on Saturday at prices close to 15 cents a pound, or on about the same price basis reported on the proceding day. One large producer has reported heavy sales.

CHINESE HEAD TAX

Nearly $50,000 Collected in Victoria Last Month.

VICTORIA, Nov. 6. — During the month just closed the arrivals of Chinese who paid the head tax of $500 assessed all incoming celestials broke all previous records. In all 96 paid the head tax, the receipts at the customs house from this source amounting to $48,000, to which was also added $694 representing the dollar paid by as many departing Chinese for certificates of identification which render it possible for them to return without a second payment of the poll tax.

Since the poll tax on Chinese was advanced January 1, 1904, from $100 $500, 357 Chinese have entered the country and paid $178,500 to the Dominion government for the privilege.

According to one competent to speak on the subject the immigration of Chinese will probably fall off perceptibly in a short time. The majority of those who have come since the poll tax was advanced have been disappointed. They imagined that the falling off of immigration had resulted in such a shortage in Chinese labor that they would be able to command their own price. Some of those who arrived by the last steamer and paid head tax expected to be paid $4 per day for their labor, and were quite disappointed when they secured but $1.50. These have written to friends advising them not to come to this continent.

MAY PRACTICE IN B. C.

Twenty-two Doctors Successful at Examinations.

VANCOUVER, Nov 6.—Twenty-two out of the 33 candidates for admission to the practice of medicine in this province were successful at the examinations held last week in the provincial government buildings. The announcement was made on Saturday by Dr. Fagan, Provincial Health Officer, and a member of the board of examiners.

The examination papers were stiff, but fair, and the showing of the various candidates is considered a favorable one. The candidates have all graduated from Eastern Canadian, United States or British medical schools.

Dr. McKay who has been practicing in Revelstoke was among the number.

The majority of the successful ones will at once commence the practice of medicine in this province. Three ladies who took the examination were unsuccessful.

CURLING CLUB

Will Form Western Association ---Ice Rented for Winter.

An executive meeting of the Revelstoke Curling Club was held last night in the city hall, with a good attendance. The chief subjects for discussion were the arranging of matches for the season and the desirability of forming a Western Curling Association.

It was decided to rent the two sheets of curling ice for this season from J. McPhail, who has leased the rink from Messrs. Bourne and Brown.

The question of forming an association composed of clubs along the main line and the Okanagan Valley, was taken up. Owing to Nelson and Rossland being so far away, these two places having monopolized the annual bonspiel, and the expense, and more important, the loss of time in going and returning being an unfair tax on the northern clubs, it was considered that in the interests of curling a Northern Association could be formed composed of clubs from Golden to Ashcroft on the main line and with three or four clubs from the Okanagan Valley. The Revelstoke club has three cups which could be competed for and the Hon. President of the club, Mr. C. F. Lindmark, has very generously consented (provided such an association was formed) to give a cup for annual competition which, with the others would form a good nucleus to start with; it was therefore decided that the secretary write the different clubs to get their opinion and if favorable, delegates can be appointed by the various clubs interested and steps taken to form a Northern Curling Association.

A very enjoyable surprise party was held at the residence of Mr. Baines last Wednesdas.

Last Saturday as Mr. Aitkin was busy in his orchard, he was attracted by a terrific commotion in his fowl yard. On approaching the scene, he found a huge lynx in the act of devouring a prize cock. The beast seeing a new enemy suddenly sprang upon Mr. Aitkin, its fang and claws doing considerable damage. Charles Baines who happened to be near, seeing the man and beast in a fierce struggle, picked up a big pole and beat the animal to death, afterwards dressing Mr. Aitkin's wounds.

CARDIFF COAL!!

We beg to advise the public that we have secured the agency for the Cardiff Coal Co. of Alberta, who mine the best soft coal yet placed on the market for domestic purposes. This coal burns clean with no dust, or gas; has hardly any smoke or ashes; and retains its heat longer than any other soft coal on the market. We have tested it in almost every possible way and draw your attention to the results obtained by Mr. J. H. Lyons, C.P.R. engineer.

The price of this remarkable coal is $9 PER TON.

November 1st., 1907

REVELSTOKE GEN. AGENCIES:

Gentlemen,—

I received this sample of the Alberta Cardiff Coal and found it to be most satisfactory. I tried it in my cooking range and it burned with very little smoke and retained the heat for a long time. After leaving but a small amount of fire in the grate all night I was surprised to find a fair fire the next morning. I am of the opinion this coal would give good satisfaction in a self feeding heater as it burns with practically no smoke or ash.

Yours truly,

(Sgd) J. H. LYONS.

TEACHING PATRIOTISM.

As touching the all-important question of patriotism in our schools that great lesson and one which should take first place in the school curriculum, the Victoria Week has the following to say: "Every loyal Canadian will endorse the policy of bringing the 'flag' into greater prominence, and teaching the principles of loyalty and patriotism in our public schools. This statement has been voiced in certain resolutions adopted by the Victoria Canadian Club. The Week would like to see the Union Jack waving over every school house in the British Empire. But in any event it is highly desirable, in view of the cosmopolitan character of our new population, that every settler in Canada should be confronted by the outward and visible sign of Imperial rule. Of scarcely less importance is it that Canadian scholars should be taught English History. One of the speakers truly declared that in the present curriculum of Canadian schools there is no place for this. The authorities have proceeded upon the same narrow lines which govern so-called education in the States, one of the principal features of which is, the ignoring of English History, and the glorification and ridiculous exaggeration of incidents which have occurred upon the American continent. Such teaching finds no place for the great historic events which determined the future of the Anglo-Saxon race. It takes no account of the victories which secured new worlds for colonization, or new charters of liberty. The sun rises and sets in the Western Hemisphere! In these days when for the first time the Imperial leaven is working, and we see the dawnings of a veritable renaissance in Imperial life, it is fitting that there should be an awakening of public sentiment in favour of a readjustment of the school curriculum, and the abandonment of a system which is keeping our children in ignorance of the deeds which won the Empire, and the cause for which their fathers died. As Archdeacon Pentreath appositely remarked, there is other work for Canadian Clubs, than the entertaining of illustrious visitors; and the practical departure made by the Victoria Club is one which should be copied by every branch in the Dominion.

SCHOOL REPUTATION.

It affords the MAIL-HERALD the greatest pleasure to be able to add a word of appreciation at the successes attained by the teachers and scholars of the school, as demonstrated at the High School opening exercises on Friday last. We join in the congratulations which are being extended to the winners of the several medals and certificates and also to the teaching staff in their earnest and faithful work. The record which Principal Miller of the Public School and C. B. Sissons of the High School were able to present showed more than the fact that extremely satisfactory progress is being made; it showed that the pupils had done equally well and although those who did not receive prizes no doubt felt disappointed at not receiving honors still their work was none the less creditable. The teaching staff deserve every credit for faithful and careful work, and it is to be hoped that the parents and citilens alike will by their manifest appreciation encourage the teachers in their efforts to raise the standard of education even higher than it is now. The task of moulding the growing mind and filling it with knowledge at an age when *first impressions are most lasting*, is by no means a light one and the responsibility is very great. We therefore would remind the people of the necessity of appreciating the efforts of *the teachers and giving them their* encouragement and taking a lively interest in the work of the school. We have schools to be justly proud of and ranking high as Revelstoke does as an educational centre, every care and opportunity should be taken to preserve and increase the reputation gained.

PUBLIC ANNOYANCE.

We would call the immediate attention of the City Council to the unfinished state of the sidewalks where the recent grading has been going on at the *intersection of McKenzie Ave* and Second Street. At the southwest of Second Street and McKenzie Avenue the sidewalk has been replaced in such a manner as to leave an awkward drop of several inches. Many complaints have been made on this score and indeed rightly so as the step thus made has been the cause of upsetting many a pedestrian in more ways than one and is liable to cause perhaps serious injury. We would urge that immediate steps be taken to rectify this piece of careless workmanship which hardly does credit to the city and is a source of danger and annoyance to public safety.

REVELSTOKE EARLY HISTORY

November 14th, 1896.—Laforme's pack train of about 25 animals, in charge of Pete Levesque and J. Neilson, was met Tuesday by F. G. Kegler *about 7 miles this side of Gold Stream.* The last bit of feed had been eaten up the night before at the 9-mile tree, and they were pushing on to Gold Stream where they have a small quantity of hay stored. The snow was 3ft. deep, and as it has been snowing steadily since it must now be very much deeper.

This want of feed stuff may result in the death of the animals unless some can be got to them right away. John D. Boyd is said to have some feed stored at Downie Creek, which will help out somewhat but as the quantity is very limited more will be required. A relief party has been organized to relieve the distressed train, and will take up a cargo of hay and oats on the boat Big Bend.

Kegler also reports meeting Geo. Laforme and Bob Green, on the same day (Tuesday), at 7-mile creek with a herd of cattle for the Last Chance, they were breaking the trail well. This will materially assist the pack train in getting out if the provender can be got to it on its way down.

About four years ago a somewhat similar misfortune overtook the train and all the animals had to be shot. A catastrophe which it is hoped may be averted this time.

On Wednesday, July, 1st., 1896, *there was opened in Revelstoke a new* hotel—The Gold Hill—which is a credit to the town in appearance. The bar is stocked with the choicest wines, liquors and cigars, and is presided over by Jack Perks.

On his return from the east last week Hon. Col. Baker, Minister of Mines and Provincial Secretary, stated in an address to his constituents at Golden, that he was authorized to say that the C. P. R. shops at Donald, which have been of great service to that town's growth, were to be removed to Revelstoke in the near future. President Van Horne is reported to have said the same thing and the matter has been very generally discussed in railway circles.—November 28th, 1896.

A NEW CANDIDATE

Something different from anything in the field at the present time is a new weekly paper which is to cater to the three western provinces, The West-Land by name. The first prospectus number, under date of Vancouver, Edmonton and Regina, is already issued and announces itself to be "Western Canadian in outlook, religious in spirit, and in its particular church interest Presbyterian." From which we gather that the Presbyterians of the West are to have a paper of their own. The first number looks well and gives good promise. The editor is Aubrey Fullerton, a western journalist whose name has appeared in several of the magazines and journals. Regular publication is announced to begin on January next.

IMMIGRANTS FOR PROVINCE

Work by the Provincial Government Reviewed — Seven Hundred Leave England in February.

"The Provincial Government is quite alive to the desirability of encouraging white immigration and of spreading abroad accurate information as to the resources of the Province," said Hon. R. G. Tatlow, Minister of Finance and Agriculture, when questioned by a News-Advertiser representative regarding the resolution passed last Monday by the Vancouver City Council on immigration. "Of course it must be borne in mind that owing to British Columbia's immense area of nearly four hundred thousand square miles—the largest province in the Dominion—and taking into account the broken nature of the country, it has been impossible with the amount of revenue at its disposal, for the Government to map out and survey this huge territory in the same way as has been possible with the other portions of the Dominion. At the same time a great deal has been accomplished in exploration and survey work and every effort is being made to give intending settlers accurate information.

In this connection I may say during the last year over $25,000 was spent for surveys and $50,000 was appropriated for that purpose in the current year.

Take for example the excellent work being done by the Bureau of Information in the issuing of bulletins relating to the various parts of the Province on fruit growing, agriculture, timber and other subjects. No less than 103,000 of these bulletins were published and distributed by the Bureau last year and several thousand letters of inquiry from intending settlers answered. Besides this, large numbers of maps prepared by the Lands and Works Department were placed in the hands of persons seeking information.

Through the office of the Agent-General in London, maps, bulletins and other information were disseminated, while the brilliant success of the enterprise of the Government in sending fruit exhibits to Great Britain under the supervision of Mr. Palmer has been another great factor in drawing attention to this Province and inducing settlement. The most casual observer cannot fail to see in the growth of settlement and development both of cities and rural districts that a great deal of good is being accomplished.

The efforts made on behalf of the agricultural industry have been most successful as may be shown from the fact that in 1906 the value of such products was $7,500,000, an increase over the previous year of a million dollars.

In addition to the publications already mentioned, I might refer to the reports issued by the Bureau of Mines and the systematic efforts made therein to set out the advantages and wealth of our mineral resources; the continuous growth of that industry from year to year being an index of what that course is accomplishing.

The Government has consistently endeavored to make this a white man's country, as anyone must admit who has watched the course of legislation in the Provincial House since we came into office and I might briefly refer to the agreement between the Government and the emigration branch of the Salvation Army by which a considerable influx of farm hands and domestic help is expected from Great Britain during the coming Spring and Summer. The Salvation Army has notified the Government that it has chartered a steamer to sail from Liverpool in February with 700 farm laborers and domestic servants for British Columbia. These will be made up as follows: about 200 domestics 150 young men, and 50 families. These will be brought through Canada on special trains and will be under the guidance of Army officers till placed in situations in British Columbia. This may be regarded as the advance guard of a large immigration of British settlers of a desirable class into the Province.

I may also mention, that the Bureau of Information, has sent out circulars throughout the Province, inquiring as to the class of white farm hands or domestic help needed in any particular district with a view of placing such persons of these classes as apply for employment.

Without going more into detail," Mr. Tatlow concluded, "I think it must be admitted from this brief outline that the Government fully realises its duties both in the matter of making known the advantages of the Prouince and of securing white immigration of a desirable class."

GRAND BENEFIT

Amateur Dramatic Club in Jane and Band Concert in Aid of Anti-Tuberculosis Society

"Laugh and the world laughs with you," is an old maxim, moreover, laughter is as strengthening and health giving as the most elaborate tonic ever prescribed. The tonic thus recommended can be obtained at the Canada Drug & Book Co., where its prescription is made up for 75 cents. The results are so beneficial that it is only fair to the general public of Revelstoke to reveal the name of this wonderful elixir—"Jane"—with a big percentage of superior talent, is guaranteed to cure any ill, be it the blues, the dumps or even indigestion. Two hours with "Jane and Bill" will cause the patient to forget all his cares and pains, and send him away with pleasant recollections of good healthy evening's entertainment.

All those who pay their money to "Jane" will also have the satisfaction of knowing that while having an evening's pleasure, they are incidentally aiding the furtherance of one of the most deserving causes in Canada today. The performance of "Jane" on Friday night at the Opera House, is a benefit for the Revelstoke Anti-Tuberculosis Society, or the society for the prevention of consumption The movement is now wide spread all over the province and appeals to all to give their assistance and co operation in securing funds for the treatment of consumptives. The local association is but one of the many that are taking up active work for this cause, and let it not be said that Revelstoke is behind in interest and support.

The Amateur Dramatic Club by special request will present the three-act comedy "Jane," on Friday, Nov. 8th. In conjunction with the play the Independent Band have generously given their services and will play selections of music throughout the evening. At the conclusion of the comedy there will be a dance for which all are requested to remain. The following are the dramatis personae of Jane:

Charley Shackleton ..T. E. L. Taylor
Mr. Kershaw.....W. J. W. Brown
William Tipson ....W. M. Lawrence
Claude..... R. H. Sawyer
Pixton.....H. Cunningham Morris
Jane.....Mrs. W. M. Lawrence
Mrs. Chadwick.....Miss Grant
Lucy Norton.....Mrs. D. M. Rae
Mrs. Pixton.....Miss White

Special music by Independent Band.

The Winning BREAD

Good Bread is the steed that health rides on. Our bread is favorite because it is made of the best wheat flour by an expert bread maker and baked in a model bakery.

We bake it every morning and deliver it to you fresh every day.

Hot Rolls if you wish them for lunch.

CANNED GOODS

Canned Goods to be nutritious and wholesome must be the best that money can buy, and none but the most reliable, true and tried brands are offered by us.

Deleterious effects on the health follow the use of inferior goods. What we sell, all know are pure, fresh and wholesome, as they are delicious in flavor, preserving the natural taste of the fruit or vegetable or meat.

Don't forget to reserve the date of December the 5th, for something altogether new, and still old, in the concert line, when ye olde folks, will sing ye olde time songs that pleases everyone, at Tapping's singing house.

On Sunday evening the members of L. O. L. 1658, attended Divine service at St. Addrew's church. There was a large congregation, special music being introduced The Rev. W. C. Calder preached an eloquent sermon, appropriate for the occasion.

The Union hotel restaurant will be re-opened for business this evening under the new management. Stewart McDonald, as manager, for J. Laughton, has superintended all details and has completely remodelled the entire premises. Dinner will be served this evening.

The Attorney-General has appointed a special provincial constable for Field, B. C., where the C. P. R. is affecting extensive improvements to the roadbed, cutting away a heavy grade, an operation which will require about two years. A lock-up has been built there also.

Drop in line and follow the crowd to the Halcyon Club's dance, Thursday night, Nov. 7th, in the Selkirk Hall. Note, this dance is held every second Friday, but owing to the Dramatic Club's reproduction of "Jane" in the Opera House, Friday, the dance as stated above will be held Thursday, Nov. 7th, 8:30 p m.

When down shopping try a cup of our hot Bovril, it puts new life into one, at the Savoy.

The first meeting of the Esperanto Club will be held on Saturday next, Nov. 9th, in the council chamber at the City Hall, commencing at 7:30 p.m. All members are requested to be present and to be on time. Any members who have not yet received their books should apply to the secretary, Miss E. Atkinson.

Those who were at the depot on Sunday night would have seen a strange sight in the depot waiting room, which was crammed full of Italian laborers, waiting for the east bound morning train to take them to Montreal. Each man had his complete kit with him and was stretched in more or less ungainly attitudes in slumber. The atmosphere, needless to say, was anything but sweet.

Alex. McGregor brought in his bridge gang on Sunday and work will be at once commenced on the new C. P. R. Columbia bridge. The steel work is nearly all completed and some already in transit will arrive shortly. Construction work under Alex. McGregor and J. Fraser will be in very capable hands. The bridge will be one of the biggest on the main line and will be constructed so as not to delay or impede traffic while the work is going on.

OBITUARY

Well Known and Popular C.P.R. Engineer Passes Away.

Wide spread regret will be felt at the death of Allan McNab, C. P. R. locomotive engineer, which occurred at his residence at Kamloops on Monday at midday. The deceased was one of the best known men in the west, being engineer on the first train into Port Moody, 22 years ago. The late Mr. McNab was perhaps the most popular C. P. R. engineer in the west and his friends are legion; a prominent Conservative, he took active interest in all the current issues of the day and was unquestionally one of the most popular men in political circles.

The deceased was running to and from Revelstoke in the C. P. R employ for near twenty years and all who knew him will feel his loss from their midst. Revelstoke, where he was one of the best known men, will feel general regret at the death of one who was so closely associated for so many years with the citizens. The MAIL-HERALD joins with the large circle of friends in expressing the deepest sympathy and condolence with the bereaved wife and family.

Mrs. H. A. Brown has returned from Enderby.
