PROVINCIAL PARAGRAPHS

Happenings Throughout Week in B. C.

A. S. Goodeve, M. P. for Kootenay, is urging the establishment of a fish hatchery on Kootenay Lake.

The miners in convention at Fernie endorse the present strike. Morgan, member of the conciliation board, agrees with them.

"Kid" Macdonald, one of the best known gaol birds in the interior of the province is at present serving an indeterminate sentence of from five to 15 years for burglary in the Spokane gaol.

A report from New Westminster this week states that the C. P. R. completed the purchase of a tract of 80 acres of land close to the Junction. Mrs T. J. Scott was the owner of the property and she states that the land was sold to the C. P. R. and that the price she received was $350 per acre.

A man named Lappin from Notch Hill was before the magistrate this week charged with having venison in his possession. He was fined $25 and costs. The case arose out of the recent wholesale slaughtering of deer near Notch Hill. The man who shot down the deer has not yet been apprehended

At Nelson Mr. R. S. Lennie, who, by special appointment, heard the appeal of the C. P. R. last month against the Provincial Government's assessment of the British Columbia Southern land grant in which $150,000 per annum is involved, gave judgment in favor of the government, upholding the assessment. The C. P. R. was represented in the case by E. P. Davis, K. C., and R. B. Bennet, K. C. The case will go to the privy council.

The curfew bylaw was finally adopted at the special meeting of the Trail council on Wednesday evening, and provides that all children under 10 years of age shall be off the public thoroughfares by 9 o'clock p. m. each evening from May 1 to September 30, and by 8 o'clock p. m. from October 1 to April 30 in each year, unless accompanied by parents or guardians, or on an errand in connection with an adult's business. The penalty for an infraction of this bylaw is a fine not exceeding $10, and in default of payment not more than thirty days in gaol. The police have been given strict instructions to enforce the bylaw.

ALPINE LECTURE

Illustrated Lecture by A. O. Wheeler on Selkirk Mts.

One of the most interesting and instructive lectures that has ever been delivered to a Revelstoke audience was given at the Edison Parlor Theatre on Thursday night by Mr. A. O. Wheeler, F.R.G.S., president of the Alpine Club of Canada on the Selkirks and Rockies, The Rev. J. R Robertson introduced Mr. Wheeler to a good audience touching on the newly formed organization of the Revelstoke Mountaineering Club and its advantages, concluding by hoping that its members would get nearer heaven than they were now by climbing.

Mr. Wheeler was received with much enthusiasm and at once went into his subject of the mountains of the Selkirks, giving a graphic description of the many mighty peaks and glaciers, illustrated by magnificent stereopticon pictures. A happy feature of Mr. Wheeler's lecture is the vein of humor that is spread through his descriptions, and with the hundred and one anecdotes, of which he has a vast fund, such a lecture cannot fail to leave its impression. He dwelt on the advantages of the Alpine Club and its popularity, urging Canadians to realize more fully what a great asset they had in their mountains. The views thrown on the screen were taken from all parts of the great Selkirk snow world and were veritable treasures in that they enabled people to traverse valley, glacier, ravine, peak and summit in comfort, so realistic were the pictures.

As a lecturer, Mr Wheeler is second to none, every word being interesting and instructive. He instanced the mountain and stream as the workshop of the country, forming, as they do, rich alluvial deposits round the rivers. A very lengthy series of pictures on the Alpine camp, proved particularly interesting, and showed the great work being done. He explained the sad accident at the Rogers' Pass camp last year, saying with sorrow that disobedience to the guide's instructions had been the main cause. In conclusion a very fine set of glacial pictures were shown and the matte "sic itur ad astra," the matte of the club thrown on the screen, brought a splendid lecture to a close. Mention must be made of the series of fine pictures illustrating scenes in the Deutschman Caves. At the close of the lecture a banquet was given to Mr. Wheeler at the Windsor restaurant by the members of the Mountaineering Club, where Mr. Wheeler in a few words, urged the expansion of the Alpine Club with Government support.

THE LATEST TELEGRAMS

Great Lake Strike—Disorderly Scenes—Fatal Accident—Active Volcanoes—Royal Welcome.

BUFFALO, April 17—The strike of the sailors on the Great Lakes, or rather their refusal to work, is now in effect. Fully 15,000 men, from engineers to debkhands, are affected by the decision of the union organizations not to operate boats belonging to members of the Lake Carriers' association until its avowed purpose to enforce an open shop on the lake boats is abandoned.

OTTAWA, April 17.—The debate on the Pugsley matter brought several disorderly scenes and the Speaker had hard work to restore order. Pugsley said Dr. Daniel had no right to take away a man's character on the basis of mere insinuations.

VANCOUVER, April 17.—While exercising at drill as taught at school, with a 22 calibre rifle, a companion shot Harold Stephens, son of Thomas Stephens of the Leckie Boot company, through the heart, killing him instantly.

PARIS, April 17.—A despatch received here from Naples says that Mt. Aetna is in eruption, and that showers of cinders have fallen on Catania. Many of the inhabitants, the despatch says, have fled. Stromboli, it is asserted, is also active.

LONDON, April 17.—The first, second and third divisions of the Home fleet and the Atlantic fleet, comprising 68 battleships and cruisers, and 75 torpedo boats, will assemble at Spithead on June 10th, for inspection by the Colonial journalists attending the Imperial Press Conference.

FINE PERFORMANCE

Real Life Tragedy in the "House of Bondage"

John Cort presented Florence Roberts at the opera house on Wednesday night in the well known play by Seymour Oberner, entitled "The House of Bondage." As a play this production is an admirable representation of what too often happens in real life showing the inconsistency of the English divorce laws. The characters of the piece were all well filled, the whole being a realistic life tragedy played with all the natural traits of human feeling. Florence Roberts in her emotional scenes was a striking figure and played her part to perfection, while Thurlow Bergen, as Paul Bertrand, an eminent London surgeon, and Chas. Lane, as Sir Vincent Meredyth, were excellent characters. The latter portrayed vividly the cold, selfish husband, the former the passionate and ardent lover in a lost love. The piece was perfect in every detail and one of the finest in its realism and idealistic acting ever seen in Revelstoke, and certainly deserved a better house than was afforded it on Wednesday, in spite of the rather high price of the seats. Unfortunately, Revelstoke as a whole has yet not been educated up to really fine theatrical art and apparently is incapable of appreciating a really good company, which portrays the higher ideals of histrionic talent and shows true sides of life in a real yet simple manner. Give a Revelstoke audience a circus, a blood and thunder melodrama, a second-rate nigger minstrel troupe, or some such common place performance where the finer senses are not required or deeper feeling exercised, and they will be quite happy and applaud vociferously and leave the show well pleased with the "swell piece," they have just witnessed

Eye Opener Changes

CELGARY, April 16—R. C. Edwards, editor of the Eye-Opener, is considering a very flattering suggestion from some Toronto business men to move his well known paper from Calgary to Toronto, and will probably accept. The Eye Opener will probably be turned into a joint stock company with Mr. Edwards holding the controlling interest.

CITY COUNCIL

Sewer Pipe Contract Let—Dairy Inspection Ordered

The regular meeting of the city council was held last night with His Worship, Mayor Lindmark, and Ald. Pradolini, Sawyer, Wells, Stone, Macdonald and Kimberley present.

COMMUNICATIONS

were received from the Chief of Police reporting fire alarms working satisfactorily. Also reporting on the fire at Mrs. Carr's residence. Filed.

From R. W. Hodgson, Live Stock Commissioner at Victoria, re dairy inspection and milk contamination, stating that it would be advisable to get a dairy inspector who could look into the matter of the cows and dairy premises to see if the health provisions were carried out. The council decided that the government inspector should be given the names of all dairymen and milk vendors premises which he was to inspect for health and report to the Council.

From J Shumura, requesting that water and light be carried out to the city limits and he would do the work of connections from the limits to his property himself.

The matter of extending the city boundaries was discussed and the advisability of accommodating people outside the city limits with water, light and fire protection. People should be induced to build in the city It was also deemed advisable that residents outside the city limits should be made to understand that they will have to pay for fire brigade services and protection. The matter was left in the hands of the fire, water and light committee.

From the Observer Publishing Co, stating that the company intended to publish a weekly newspaper in the city, the plant having been installed for the interests of Revelstoke generally, and requesting a share in the city printing. A resolution was then passed to this effect.

The matter of new transformers for the city was taken up and the necessity of having a stock on hand in case of emergency, besides the improvement in the lighting system at the lower end of the city. The matter was left with the chairman of the fire, water and light committee.

By resolution it was decided that the resolution re the city paying a third cost of the concrete sidewalks, should be placed on the minutes, the cost to be included in the debentures.

The matter of the completion of the sewer pipe contract with the Rickmat Company, of Vancouver, was left with the Mayor and the chairman of the By law committee.

A resolution was passed engaging L. H. Buck as city engineer at $200 per month, to take effect from April 15th.

A discussion arose regarding the danger from fire of the brush piled in the lower town for the traffic bridge and an effort will be made to secure its removal.

The accounts were passed and the meeting terminated.

PRESERVE THE BOULEVARDS

The City Council Appeals to the Public

Now that the city boulevards are being prepared for the summer and seeding in of grass going on, it is up to the citizens themselves to aid the city authorities in preserving the spoilation by children running and playing on them and dogs tearing up and otherwise destroying the surface. The city is taking special pains over the boulevard work to ensure their success, and the general public should lend their aid in furthering the cause. The boulevards will be a great means of beautifying the city and it would be a pity to spoil the work now just at a critical stage. The civic authorities appeal to the citizens in this respect, and ask their co-operation in preserving the boulevards and preventing any children or animals from causing any destruction to the surface, grass or trees. All who take pride in the "City Beautiful" will head the appeal.

French Ambulance Dogs

Included in the programme for tonight at the Edison Parlor Theatre is a splendid instructive film entitled, "The French Ambulance Dogs," and should be seen by everyone. The comedies are good also and help to make one of the best programmes presented this spring. On Monday and Tuesday there will be a new programme of interesting subjects and first-class comedies.

CONVICT KILLS WARDEN

Of the Edmonton Penitentiary—Motive is Unknown

EDMONTON, April 16—Deputy Warden Richard Stedman, of the Alberta penitentiary, was murdered yesterday morning by a convict, who hit him at the base of the the skull with an axe. The reason is unknown. Stedman, who came from Panetangueshene, where he had been warden in the reformatory there for 25 years, was working in the carpenter shop with six convicts at the time. He leaves a wife and two sons. An inquest is being held.

Sewing machines for sale at $15 at the Ideal.

Thirty Killed in Explosion

SULLIVAN, April 16—The nitroglycerine factory at Goodin, Ill., across the Wabash river from this place, was destroyed by an explosion this afternoon, and it is reported that 30 men were killed. Details are lacking.

How Sad!

Their meeting it was sudden,
And it was very sad;
She sacrificed her dear young life—
'Twas all the life she had.
She's weepinfi 'neath the daisies,
She's resting peacefully now;
There's always something doing
When a freight train meets a cow.

The Ladies Hospital Guild will hold a calico ball in the opera house on April 20th.

UNION LABEL

There is so much bad in the best of us,
And so much good in the worst of us,
That it hardly behooves any of us,
To talk about the rest of us.

SATURDAY, APRIL 17, 1909

RAILWAY CONSTRUCTION

Announcement has been made that the Grand Trunk Pacific Railway will build a line from Fort George to Vancouver and that in all probability the choice of route will be made along the Big Bend and Columbia river in order to tap the valuable timber, mineral and agricultural lands in that vicinity. The superiority of the Columbia river route from the point of view of taking advantage of natural resources is unquestionable. Revelstoke has been rightly termed the railway city of the Interior, and can claim superiority over all other points by reason of her unsurpassed geographical position. Railroad companies have realized that a line through this centre would be advantageous from every point of view. The Canadian Northern will very probably build down the Columbia from Edmonton, via Revelstoke and Vernon to the coast. The opening up of the rich areas of agricultural land by the Arrowhead and Kootenay railway and the competitive phase of the situation tends to the betterment of Revelstoke as a junction of great railroads and a distributing centre for the whole of the Interior. The Board of Trade should lose no opportunity in pressing Revelstoke's claims and keeping her credentials before those interested in railway construction. Railroad work has become an issue now in the administration of the province and to such our district should pay special attention and assure that the necessary strings are pulled that will bring about railway development to their advantage.

A BACKWARD SEASON

A backward spring, with more or less unpleasant and disagreeable weather, seems to be characterizing Canada at the present time. To the prairies we look for the renewal of prosperity in the west, and the late spring throws a far more serious aspect on the condition of the prairies as far as crops are concerned, that it does in the West The following from the Victoria Times is significant:

"A good deal depends upon another bountiful harvest throughout the agricultural regions of Canada. We need another fat year not only to establish business conditions upon a solid, substantial foundation, but to put heart into the many thousands of strangers taking up land along the Grand Trunk Pacific Railway. That institution will also be in a position during the coming fall to enter actively into the business of transportation, so that its immediate fortunes must to some extent depend upon the favor of Nature. All things considered, therefore, it will be easily understood how much depends upon the humors of the weather during this and the later season of the year. The reports which have reached the Coast thus far are very encouraging. In the northern parts of Alberta the farmers have been busy for some time getting in the crops. Whether the conditions there are the conditions further east, we do not know; but we shall all hope for the best. The fortunes of the people of British Columbia generally are bound up to a greater extent than most of us realize in the fortunes of their neighbors in the three prairie provinces. Although lumbering has become an industry of importance in the northwestern parts of Alberta of late, and while the newly-established mills there are competing to some extent with the lumbering interests of this province, the quality of the product of the Alberta millmen can hardly equal the output of our British Columbia mills. There must consequently arise an increasing demand upon the prairies for our lumber, subject of course to the influence upon the prices of the competition of Alberta spruce timber. For these reasons we shall watch with a good deal of interest the reports of the progress of the agricultural industry in the Northwest."

LOCAL OPTION'S EFFECTS

The local option movement is being revived in Revelstoke and great interest has been taken in the addresses given by Dr. Spencer, the leader of the Local Option League, on the subject. Temperance people make no extravagant claims as to what local option will do, being content with a plain, practical, moderate statement of the facts. It is not claimed that local option will mean the ushering in of the millenium. We do not say that it will stop all drinking and drunkenness, or that it will immediately banish all the evils of intemperance. To make such claims would be utter nonsense. We do claim, however, and not only claim, but not incontrovertibly prove that local option will close the open bar, practically destroy the treating system and tremendously lessen drinking and drunkenness with all their attendant evils. It will put a stamp of legal disapproval upon a bad institution. It will break the partnership in crime that exists between electors and a licenced bar room. It will mean the giving to many men who are today the slaves of appetite a chance to redeem themselves and to become once more sober, respected, law abiding citizens. It will help business by diverting the money that now goes over the bar into legitimate means of trade. It will help the home and safeguard it against the evil which now curses it. It will make the work of the church hopeful and effective. It will be the beginning of the end of the liquor traffic in this country, and a long step toward the time when the evils of intemperance shall be eradicated.

Revelstoke General Agencies

Moral Reform in Phoenix

PHOENIX, April 13.—Yesterday was the second Sunday since the law closing all bars took effect. The law was carried out to the letter, not an infraction of the law being attempted at any of the fifteen hotels, notwithstanding the fact that Saturday was pay day at the mines and that some $50,000 was moving through miners' hands. There was a time when gambling was a popular pastime in Phoenix; this has been permanently eliminated and now the sale of liquor has been curtailed. At a meeting of the city council on Thursday, a bylaw requiring all hotels to have 30 rooms for the accommodation of guests, or pay an extra license fee of $300, received its first reading. This will practically mean that 50 per cent. of the saloons in the city will go out of business this summer. At present only three of the fifteen hotels have the required number of rooms. The present city council is carrying into effect several drastic measures towards moral reform.

Buffalo Bill on the Water Wagon

DENVER, April 16.—Col. William F. Cody, known to fame as 'Buffalo Bill,' has paid his annual visit to Deadwood and gone, says a despatch to the News. This time the veteran plainsman imparted a genuine surprise when it was learned that for the first time in his eventful life he has joined the ranks of the teetotalers.

The colonel's yearly trip to Deadwood is looked upon by old timers as an occasion when all meet and recall the days when the west was young and Cody is no slouch of a story-teller.

For three solid hours the scout and his host and chum of the plain days, M. R. Russell, made the rounds of one-time haunts of "Wild Bill," Hickox, "Calamity Jane," and other noted characters, and spread consternation in his wake. Long before the trip was ended he had consumed all the available buttermilk on hand, and the men in white aprons were trying in vain to stock up against his approach.

Incidentally, Colonel Cody let slip that he took his last friendly glass some three months back and he volunteered some wholesome advice to those he met on the subject of teetotalism. He looks younger and seems in better health than for many years and declares he intends to stay so.

Give Trading Stamps

The following paragraph is from a Winnipeg daily contemporary this week: "It has been reported to the police that a couple of stores in the city have again started the practice of giving trading stamps with purchases. There is a clause in the statutes preventing this practice, the extreme penalty being imprisonment for one year or a fine of $500 to be imposed on the proprietor or agent who gives trading stamps, premium tickets or any such device for obtaining trade."

SENATOR COX WEDS

Settles Million on Bride Not Half His Age

TORONTO, April 16.—Senator Geo. A. Cox was married on Wednesday afternoon to Miss May Gertrude, the youngest daughter of Walter Sterling, city editor. Rev George Jackson, pastor of Sherbourne Street Methodist church, assisted by Prof. Wallance, of Victoria college, performed the ceremony at the home of the bride's father, only the immediate relatives of the contracting parties being present.

The couple left immediatly after the ceremony for New York en route to Europe where they will spend three months' honeymoon. On their return will reside at 437 Sherbourne street.

Senator Cox is 68 and bride is 32 years of age. A million dollars is said to be settled on her.

Edison Parlor Theatre

The following is the programme for to night at the Edison Parlor Theatre: "Lost Baby," "Sailor's Joke," a very interesting comedy, "Ju Jitsu," the Japanese wrestling game as learned by the wife for the benefit of her wayward husband; "Burglar's Cunning," "Ambulance Dogs," an instructive, interesting and exciting picture; "Tricked to Consent," showing how lovers obtain the consent of the father; "Kitchen Maid's Dream," an interesting comedy showing how the dishes wash themselves and the housework is done while the maid is sleeping. An illustrated song by A. Arman.

Ten China Dinner Sets Monthly for Users of Royal Standard Flour

Every 49lb. sack of Royal Standard Flour leaving our mills contains a numbered coupon entitling the person who holds it to a chance to be one of the lucky persons who win one of the handsome china dinner sets given away each month. The duplicates of these coupons are placed in a receptacle and ten are drawn each month.

There is no better flour in existence for bread making than Royal Standard Flour. It is rich in color, pure, strong, delicious and nutritious. In using Royal Standard Flour you get the best flour value money will buy. In gathering coupons you run one chance in ten each month to secure a handsome prize.

The lucky numbers will be inserted in this space the first issue of each month. Watch for them.

More bread and Better bread

—And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it the cheapest and most economical after all.

LOCAL OPTION

Dr. Spencer's Address Brings to Light Startling Features

Dr. Spencer began his address on Thursday with comments upon the evils arising out of the present method of handling the liquor traffic, instancing in particular the vicious manner in which the lumbermen, miners and others of similar occupations are made the victims of the greed of the liquor sellers. He gave as an instance an offer made by one sawmill owner to give a hotelkeeper, whose place of business was near the sawmill, $,000 for the surrender of his liquor license. The offer was declined and a counter proposition presented that if the sawmill man would make his pay cheques payable for the following five years at the hotel, the proprietor of the hotel would pay him an enormous sum of money.

Taking up the spread of the temperance movement Dr. Spencer stated that in the United States 35,000,000 people were livlng in states where either Local Option or prohibition prevailed and in Canada every province of the Dominion had provision for temperance legislation in the different municipalities should such municipalities choose to enact it, except the Province of British Columbia. The province of Prince Edward Island under total prohibition had recently hoisted the flag at top mast over every gaol in the province in consequence of these gaols being without inmates whilst at the same time the Province of British Columbia under a license law had the gaols overflowing and the prisoners moved from one place to the other to find room for the ever increasing crowd.

In consequence of such a state of affairs in British Columbia whilst other provinces had taken a forward movement in the cause of temperance a convention of temperance workers was formed last fall at the Coast and the Local Option League of B. C. was formed with district unions throughout the Province.

From such local unions delegates were sent to Victoria upon the opening of the Legislature. To the number of 150 they waited upon the Government and presented a petition with 35,000 names asking for a local option law. Following this presentation of the case a small delegation of men interested in the liquor traffic with 400 telegrams from different parts of the province waited upon the government and asked that nothing be done in the manner asked for in the petition. After taking the matter into consideration the government decided to meet the wishes of the liquor interests rather than those of the 35,000 voters who had signed the local option petition. A promise was however given to put the matter to a plebiscite of the people. This would likely take place at the time of the next Provincial elections.

Dr. Spencer made an appeal to all good citizens for the financial support which would be necessary to carry on the campaign thus thrust upon the country and stated that whilst the Local Option League of British Columbia was asking only the modest sum of $5,000 to secure for each municipality the right to say whether licenses should be issued or not, the liquor interests were organizing a fund of $40,000 to combat their efforts. Of this munificent sum from one small town alone a contribution of $5,000 had been made.

In closing the meeting Dr. Spencer promised to take up on Wednesday evening at the Y.M.C.A. a general outline of the work to be done and the results that might be accomplished if all church workers and temperance people would get together for a common cause.

THE WEDNESDAY MEETING

Rev. Dr. Spencer, travelling secretary of the Local Option League of British Columbia, addressed a meeting on Wednesday evening in the gymnasium of the Y.M.C.A. Although there were other counter-attractions there was a fair attendance. Suitable music was rendered by a male quartette. The speaker took as his subject "Problems of B.C." After referring briefly to such subject as the Land Question, Railway Construction, Education and Religion, he turned to the real subject of his remarks under the heading of "The Drink Traffic."

Dr. Spencer said that the term Local Option was not fully understood by a large number of people who be called upon to vote upon the question at some time in the near future. It was the object of the meeting to explain the situation.

Local option means that the people of each locality are given the option of saying whether licences shall be granted in such localities for the sale of intoxicating liquor. An instance was given of a district in B. C. which, although not under a local option law had in reality local option results. That place was Summerland where there were no liquor licences, no gaols and no police officers.

The forward move of temperance feeling was evinced by the results of the municipal elections in such towns as Revelstoke, Nanaimo and New Westminster.

Speaking of the difficulties to be met with by those working for the temperance cause, Dr. Spencer stated that in Victoria the liquor men had asked a wholesale house to dismiss an employee who had been circulating a local option petition, but were met by the reply that so long as the young man did his work during working hours he was at liberty to employ his time as he wished while not on duty. In Vernon the school trustees were asked to dismiss a teacher because he was a local option worker. In New Westminster a government official was elected as alderman on the temperance platform and the liquor interests at once waited upon the Government to secure this man's withdrawal either from the aldermanic board or from his government position.

Referring to the Gottenberg system which was to have the consideration of the government, Dr. Spencer said that much of the good results which were attributed to that system were in reality due to local option which was in operation in districts adjoining those under the Gottenburg system. If credit were honestly given for the good accomplished in the respective districts, it would be seen that local option was the power for good and not so noticeable the other system.

Touching upon the claim made that the Scott Act years ago was a failure the speaker claimed that the Act was weak in its administrative features and that the Scott Act as now in force was working well in the districts favored by such law. The local option bill which the government was asked to pass was strong in its administrative features and if brought into effect with the support of the temperance workers throughout the districts, should make a power for good.

In closing, an appeal was made for the loyal support of all good living people in the effort to better the moral atmosphere of the Province by taking away the evils of the liquor traffic.

No Limit But the Roof

LONDON, April 16.—Joseph Martin, K.C., addressing Stratford Liberals, declared himself an out and out free trader, favored votes for women, denounced colonial preference as a policy of greed and selfishness and would abolish the House of Lords. Martin's candidature is attracting considerable interest. He is warmly welcomed by the Liberal press.

The Ladies Hospital Guild will hold a calico ball in the opera house on April 20th.

PYTHIAN WEEK AT SEATTLE

Famous Iola Team of Dayton, O Will Visit Coast in July

SEATTLE, April 16—Plans have just been made public by the Washington Domain of the Knights of Pythias to bring to Seattle this summer the famous Iola Rank team of Dayton, Ohio, with its spectacle performances of the drama of Damon and Pythias, the founding of the Knights of Pythias order at the ancient city of Syracuse, special drills and musical features, and secret work of the order. The team will give three performances in the new armory here on July 6th and 7th, and one on July 8th for Pythians only. Pythian week at the Alaska-Yukon-Pacific exposition is July 5th to 12th, and the local reception committee expects 25,000 members of the lodge as visitors during that period.

The cost of bringing the Iola team, with its carload of scenery and electrical effects, to the coast will be $15,000, which the Knights of Pythias will raise by the sale of tickets to their own members throughout the west.

Excursions by special trains will run to Seattle from many parts of the west during Pythian week at the fair.

NEW BUFFALO HERD

Another Shipment for the Canadian Parks

Preparations for the shipment from Montana, into the big new buffalo park at Wainwright, of the second portion of the huge buffalo herd, purchased by the Dominion government two years ago, have been completed by Howard Douglas, commissioner of Dominion parks, says the Winnipeg Tribune Mr. Douglas will leave shortly for Montana, after visiting the new park f Wainwright.

The contract with the Dominion government calls for the delivery of the 300 head of buffalo, which comprise the second shipment, at the park in May, and Mr. Douglas has no reason to doubt but that the shipment will be made on time. The buffalo will be shipped into the park via Saskatoon and Wainwright, the G. T. P. line into Wainwright coming within half a mile of the new park. The buffalo will be shipped in a train of 24 cars specially constructed with separate stalls for each animal, and with trap doors in the car roof to facilitate the feeding of the animals.

The new park in which the second portion of the herd are to be installed, covers an area of 110,000 acres and is 74 miles around, and is situated between Bowtell and Wainwright, the Battle River flowing through it. In August Mr. Douglas will open up Jasper Park.

IMPORT PRAIRIE CHICKENS

Large Consignment from Alberta for B. C.

The B. C. provincial authorities are making arrangements with Alberta farmers for the biggest consignment of prairie chickens that has ever been made to this province.

The birds will be brought from Brooks station, a point about half way between Calgary and Edmonton, where they are especially plentiful. It is expected that 50 pairs will be imported.

"The native species of prairie chicken had become pretty well shot out two years ago," says the provincial game warden, "and we found it necessary to replenish with birds imported from Alberta Last year we imported 30 pairs, and they did very well.

"We are putting the prairie chicken into the Nicola, Ashcroft and Kamloops districts, where the climate is dry and where there is a good deal of open country. There are many gulhies in these districts where there is plenty of scrub to afford protection to the birds during the winter."

There will probably be no open season for prairie chicken for a couple of years, as the government desires to give the birds a good opportunity to increase.

Fifteen Years Recluse

LOS ANGELES, April 16.—Lost in the desert for 15 years, Albert Courtney, a mining prospector and British subject, heard yesterday for the first time that Queen Victoria was dead and the name of Theodore Roosevelt was a strange one to him, and not an echo of the Boer war had reached his ears. All the great facts and occurrences of recent years were matters of which he was ignorant. Courtney was a recluse and did not see a book or paper during the entire period from the time he buried himself in the desert until he visited San Bernadino to ask among other things, after Queen Victoria's health.

"How is the queen?" was one of his first questions He was told, once his question was understood, that it is now King Edward. An auto shot past and the man from the desert backed hastily into a doorway for protection. "And so Queen Victoria is dead; I cannot hardly believe it," he murmured, but the victory in South Africa raised his spirits and he gave British cheers on the spot. Courtney is 70 years old and is well preserved physically and mentally.

E. C. Fromey is erecting a commodious warehouse on the spur track near 3rd street.

Don't forget the Hospital Calico Ball on Tuesday, April 20th, in the opera house.

The death is announced of Sir Donald Currie, the well known ship owner, at London, Eng.

The Grand March at the Ladies Auxiliary B. of R. T. in the opera house on Thursday, April 22nd, will commence at 9 p.m.

W Fleming was fined at the Police Court on Thursday, the costs of the court for allowing horses to run at large in the city.

Do not make any engagement on Thursday, April 22nd, but attend the dance given by the Ladies' Auxiliary of the B.R.T. td

For the benefit of those who do not dance at the Hospital Calico Ball on Tuesday, April 20th, cards and card tables will be provided in the galleries.

Prizes will be given to the winners of the Marathon waltz by the Ladies' Auxiliary to the B.R.T., Thursday, April 22nd, at the Opera House td

A few plates and one umbrella were left at the Opera House after the dance on Tuesday evening. Owners please call for the same at Mrs. Pettipiece's, Fourth Street.

Keep the date—Friday, May 7th, for the annual May festival, under auspices of the Ladies' Auxiliary of Knox church.

A Marathon waltz will be a new thing for the dancing people of Revelstoke. The Ladies' Auxiliary to the B.R.T. will introduce the latest dance Thursday, April 22nd, at opera house.

Police officer Nottley left on Wednesday for Kamloops having in his charge a halfbreed prisoner sentenced to a year's "hard" at Kamloops for threatening, obstructing and assaulting the police.

Sam Needham has nearly completed the new residence for S. Lefeaux on Douglas street. The building is a handsome structure and rumor says that Mr. Lefeaux will not occupy it alone for very long.

F. F. Sinclair, who has the contract for the sewerage system, commenced excavation work on Thursday along portions of the central section which will be started first. Mr. Sinclair will rush the work along with despatch.

Revelstoke can derive a lesson from the performance of the "House of Bondage" on Wednesday night, in getting herself accustomed to be broad-minded. A narrow minded community is a curse to the country and is usually the reflection of those who have played a leading part in its history.

The roller rink will open this afternoon and evening for the first time this season.

The Calico Ball on Tuesday, April 20th, under auspices of Ladies' Hospital Guild, promises a good time.

W. W. Baer, of the MAIL HERALD staff, who has been in the hospital for the past week, is making satisfactory recovery.

Card tables and cards will be provided on Tuesday evening at the Hospital Calico Ball in the galleries for those who do not dance.

The roller rink will be open every afternoon from three to five o'clock and every evening from eight to ten. A large number of new skates have been put in for this season.

The police authorities have notified all property owners that by May 1st, they must have their back premises cleaned up and rid of all refuse, etc Lanes, too, must be cleared and disinfectants used when necessary. It behooves all residents, therefore, to get busy and have a general clean up, before the warm weather sets in.

The government has appointed A. F. Griffiths, chartered accountant of Vancouver, a commissioner under the public enquiries act with power to take evidence under oath for the purpose of enquiring into the affairs of the B. C. Fruit Exchange, of Revelstoke, which has recently gone into liquidation.

Vagrancy in England is henceforth to be regarded as a species of crime. A bill is soon to be passed by parliament that will rob the professional tramp of his glorious irresponsibility. A rough time is coming for peripatetic professional philosophers who wear their hair matted and have an aversion to soap and water.

Announcement is made that Lord Kitchener, who is retiring from the office of commander-in-chief of British forces in India, will be in Canada shortly on his way to Australia. He will pass through Revelstoke and an effort should be made to arrange for a short visit from him to the city to enable him to see some of our natural wonders.

W. A. Chambers, who has for several years been in the local C.P.R. offices, has been transferred to Victoria where he will be accountant in the C. P. R. engineering department. Billy has made many friends during his residence in Revelstoke and his departure will be generally regretted. Mr. W Chambers is to be congratulated on his promotion.

The people of Revelstoke will have an opportunity of hearing Dr. Kilpatrick on Friday of next week, 23rd. The Doctor is a professor in Knox College, Toronto, and is widely known and greatly loved throughout Canada. He is at present taking part in the Chapman-Alexander evangelistic campaign in Kootenay, and has kindly agreed to hold a meeting in Revelstoke. While all are invited to come, the doctor would like to specially direct his message to the men of the city in "A Man's Religion." The meeting will be held in Knox church.

At the opera house last night the Imperial Scots Concert Company gave a performance before a small audience. J. M. Hamilton, the Scotch tenor, gave several pleasing numbers while Fred Barclay, the well known Scottish comedian, created much merriment by his ludicrous songs and antics. Miss Annie McKay, accompanist, presided at the piano and gave several well rendered selections. Ruby Seath Grant, the Scottish soprano, did not appear, the delay in arrival of her stage baggage being responsible for her absence.

One thousand men lined up along the main street of Gary, Ind., yesterday, passing into a saloon, taking a drink and going out the back door, marked the closing of one of the 15 saloons in the city that went out of business last night at midnight. For more than a year the saloons here have been gradually going out of business, a remonstrance having been filed at that time and the saloons closing as the licenses expired. Fifteen saloons licensed one year ago closed at midnight and Gary is a dry town to-day.

We note with interest that a company has been organized at Copenhagen, Denmark, to insure and reassure young women who dread becoming old maids. A girl who takes out a policy pays a fixed sum every year. If she finds a husband before she reaches the age of 40 she is presumed to have received her money's worth and the policy lapses. If she is unmarried when she is 40 she begins to receive an annual pension for life or till she does marry. It is said that the movement is a popular one and that branch agencies are being established in many parts. We will be anxious to hear which of our local insurance men will handle the job here.

Social and Personal

Mrs. McKitrick, of Nakusp, was a visitor to the city this week.

Mrs. W. Scott, of Nakusp, is the guest of Mrs. A. McRae.

Mrs. W. H. Elson will not be at home on Wednesday, April 21st.

Mr. and Miss Carroll, of Salmon Arm, are spending the Easter holidays with their sister, Mrs. Wm. Armstrong, Third Street.

Miss Dorothy Day, of Victoria, who has been the guest of Mr. and Mrs. J. D. Sibbald, left on Thursday on a visit to friends in New Westminster.

The marriage of Ada Louise Morrill to Arthur Wilson Crowe of Revelstoke, will take place at the Kamloops Presbyterian church on Wednesday, April 21st.

In the person of "Skibo" Anderson, C.P.R. call boy, Revelstoke has lost one of his local characters. Skibo was a universal favorite, and has been transferred to the Coast.

F. Crick, C.P.R. locomotive engineer, returned home on Friday morning from an extended trip to the Coast cities and California, after spending an enjoyable and well-earned holiday.

Miss Marie Armstrong left this morning, Wednesday, for Portage la Prairie, Manitoba, to attend the wedding of two widely known C. P R. telegraphers, with whom she was associated in the Regina commercial telegraph office for some time.

One of the jolliest evenings for the young people of the season was given on Wednesday night by Mrs. C. B Paget. Progressive bridge formed the amusement of the early part of the evening, the prizes being won by Mrs. H J. Haylock and Mr H. J. Haylock The booby prizes were won by Miss Dorothy Day consisting of a handsome "rattle", and by Mr. A. Copp, who received a fine chronometer watch. Al fresco refreshments made a delightful diversion and dancing brought a very pleasant evening to a close.

Churches.

The March of Progress

How swiftly the world moves! There is now being held in London an international aeroplane exhibition at which over a dozen types of airships are on exhibition. Not only on exhibition, but on sale! A touring dirigible of a cubic capacity of less than 30,000 feet, and driven by a motor of 16-horsepower can be got for £120, while the Wright machine is offered at £1,400. Other machines cost only £600. The airship to-day is pretty much where the motor car was twelve years ago; with possibilities of development not much inferior.

Piano for sale—only been in use a few months—a bargain. See Howson's Furniture Store.

Carpets, linoleums and floor oil cloth, a choice range at C. B. Hume & Co's.

W. J. Curtis, piano tuner, will be in the city about 25th April. Orders left with R. Howson or Revelstoke General Agencies will receive prompt attention. td

I have nearly one thousand nice calendars for photographs, and from now until they are gone, I will give one complete with every dozen any size photos taken by me. Come either on clear and cloudy days. E. F. Tucker. 15 tf

MINERS' STRIKE

Proposition of Agreement is Submitted

FERNIE, B C., April 16.—The miners have approached the operators with a proposition of an agreement along the same lines as those of the agreement that expired March 31.

The committee met Stockett, of Hosmer; Whiteside, of Coleman: Nasmith, of Lethbridge; and W. E. Aldridge yesterday, and the operators replied that they could give no definite reply until they had met the other members of the association.

Morgan is said to have stated that he had found the grounds of difference on which the strike was based so trifling either way that he would take no side toward the signing of the Macleod agreement, so he simply refers the operators to do business with the officials of district 18, and says the international will stand behind the strikers.

FIRE HOLOCAUST

Fearful Scenes in a San Francisco Fire

SAN FRANCISCO, April 16—Two more dead bodies were recovered from the ruins of the St. George tenement today, making the number of known dead six. Both bodies were charred beyond recognition.

Firemen working in the ruins declare that there are dozens of bodies still in the ruins and estimates of the number of dead now range from 25 to 50.

Fire Marshal Towne gave out the following statement: "The cause of the fire is unknown. It started on the second floor of the rooming house and was probably caused by a defective flue. The place, while complying with the letter of the law governing buildings, was a fire trap pure and simple. Its hallways and entrances were barely up to the standard and the former were so winding that in darkness or a time of excitement the exits could hardly be found."

Forty ledgers in the St. George had not been accounted for today.

A Burst of Eloquence

on what constitutes a well-regulated

MEAT MARKET

Fixtures, electric lights, and marble tables MAY add to the artistic settings, but for genuine MEAT VALUE that insures health and the pleasures of the dinner-table, you've got to have meat kept in a zero temperature, in sanitary surroundings safe from too much handling — prime, rich, juicy — the kind you'll always find here

Opera House Tonight

The Imperial Scots Concert Company, who gave a pleasing entertainment in the Opera House last night, will play another engagement this evening.

Card of Thanks

The members of the Brotherhood of Locomotive Engineers and Brotherhood of Locomotive Firemen and Enginemen wish to thank all who assisted in making their "at home" and dance a success, also those who were kind enough to assist with the decorations

COMMITTEE.

Thousands Rendered Homeless

CITY OF MEXICO, April 16—A great forest fire is raging in the Zitzuro mountains, in the state of Michocan. Thousands of persons have been rendered homeless and a great quantity of the dye woods in which the region abounds has been destroyed. Already a number of valuable towns have been swept by flames and scores of villages destroyed. No details as to loss of life are available.
