CURLING CLUB

New Rink to be Built—Skips Appointed.

A meeting of the Curling Club was held on Wednesday night last with a good attendance. W. A. Foote as president took the chair. A resolution was passed, after a general discussion, that the president, vice president and secretary be instructed to secure a site for a curling rink on the most favorable terms, and that a company be formed for the purpose of purchasing said site and building a curling rink of their own, and that every endeavor be made to purchase and pay for said rink site and secure a fund for the erection of a rink building thereon.

It was further resolved that Mr. Elliot's offer as follows be accepted: "That I incorporate a joint stock company under the Benevolent Act, incorporating the Revelstoke Curling Club with sufficient capital to purchase a site and build a curling rink, and agree to secure said incorporation at a cost of incorporation disbursements only, and that on payment of such incorporation disbursements I be issued stock to cover that amount"

A committee of the following has appointed the skips:—J. H. Jackson, A. E. Rose, F. C. Elliott.

A GRAND SUCCESS

Masquerade Ball Under Auspices of Fire Brigade No. 1 —Magnificent Display of Costumes—Large Attendance

The social event of the season so far took place on Thursday night in the Opera House, the occasion being the first annual masquerade ball under the auspices of Fire Brigade No. 1. Seldom has Revelstoke witnessed such a gala scene as that portrayed in the elegantly decorated hall on Thursday The decorations were tastefully and lavishly carried out, the combination of color overhead making a vivid canopy over the ball room, the effect being particularly pleasing. Conspicuously placed on the platform in front of the Independent Band was a trophy of hose and nozzles surmounted by the handsome "wet test cup" won this year at the Labor Day sports by No. 1. Considerable taste was displayed by the decoration committee who deserve great credit for their work.

By the time the Grand March was called a large number of dancers arrayed in fancy costumes were filling the hall, and during the intricacies of the fascinating circle the conglomeration of color effect was superb, and it is safe to say that such an exhibition of art, decorative skill, taste and variety in the hundred and one costumes that mingled together in an ever changing kaleidoscepic whirl has never been seen before in Revelstoke

Those who came in costume are all to be highly complimented on their skill in choosing such novel and elegant attire. Many of the dresses were indeed works of art and lavishly ornamented. To the onlooker the scene was one of fascination, the effect being heightened by the fact that practically few of the dancers could be recognized behind their masks. Unmasking was the signal for endless amusement as the characters were identified. Soldiers mingled with oriental beauties, prim puritan maids and school girls made eyes at dashing cavaliers and cowboys, while skeletons, savage Zulus, squaws and policemen took life together as happily as anything. This was perhaps one of the Socialists dreams or the beginning of the Milennium as people of all nations, languages and color were hob nobbing together on enjoyment bent.

As hosts the firemen of No. 1 carried out their duties of feeding "the five thousand" admirably, only in this case the supply of good things was readily forthcoming. Revelstoke is famous for her home cooking, and a sample of it was seen in the many rich and luscious cakes provided.

During the interval Miss Muriel Buck and Miss Mary Edwards provided "extras."

Dancing was kept up till an early hour on Friday morning.

The affair has been voted a huge success. The firemen of No. 1 and No. 2 are popular entertainers and as guests the latter gave ready assistance to their brother brigade.

Our firemen are an army of men who draw water rather instead of blood and thanks instead of tears. They are a cold water army who never break their pledge, and may the ladies never cast cold water on the flame of their affection; their coats are water proof, their flesh fire proof, their bones fracture proof, their spirits fourth proof; they are the first to be moved by the sound of the bells (belles), and the last to be deaf to their calls. No. 1 has every reason to congratulate themselves on the success of their first masquerade which has been voted the event of the season.

To the band credit is due for excellent music and still more perfect time.

The judges had hard work to make a fair decision, so difficult it was to decide between the many beautiful and eloborate costumes.

The following won the prizes:

Best Man—A. B. McCleneghan—Turkish Zouave. Prize, marble clock.

Best Lady—Miss M. Edwards—Tambourine Dancing Girl. Prize, hand mirror.

Comic—V. C. Wainwright—Zulu. Prize, jardiniere.

Special prize for Best Couple—J. Collin and Miss Kitchen—Indian and Squaw.

NO ESCAPE

Three Murderers Will Hang on Dec. 18th

New Westminster will, this month, have the unique experience of three hangings on one day. These executions arose out of the trial of three murder cases. The condemned men are a Chinaman named Lee Chung, and two negroes, John Petrella and James Jenkins.

The cabinet has now reviewed the evidence in each case, and is unable to find any grounds for commutation. The execution will take place accordingly on December 18th, the date fixed by the trial judges.

FREIGHT TRAINS

Better Equipment Order of Commission

The railway commission has an order out which stipulates that where freight cars are used on main line trains they must be equipped with air brakes, steel tires and metal trucks designed for passenger service. Where these requirements are not complied with on account of exceptional circumstances, trains must not be run at more than 35 miles an hour.

Interior Lawyers Going to Vancouver

NELSON, Dec. 11.—Mr. S. S. Taylor, K. C., mayor and resident of this city for the past 11 years, has announced his intention to remove to Vancouver early in January, where he will continue his law practice. Mr. W. H. Galliher, ex-M. P., has already taken up the practice of law in the thriving commercial capital of the province, and there are rumors that a number of other leading legal lights of Nelson and other cities of the interior are contemplating removal to the coast cities.

Card of Thanks

Fire Brigade No. 1 wishes to thank the Independent Band for rendering such valuable service at the Masquerade Ball on Thursday night, and all those who by their assistance made the affair such a signal success.

C. ABRAHAMSON, Chief.
H. COOK, Secretary.

JOIN FORCES

What can you do for Revelstoke is a question that should come next to that of the motto "Home sweet home" in every citizens home, and should be asked by everyone in this fair city of ours. There are lots of things that the people generally could do for Revelstoke if they only try. Instead of waiting for a few to build up the city, everybody should lend a helping hand. That is the way cities are built. Internal friction and sectional standoffishness has done more harm for the city than is in accordance with what the idea of what city building really means. A man's past has little to do with the way in which he acts at the present and if a man proves himself a man to his fellows it matters little what his early history consisted of. Where a community is engaged, as a whole, in building up the city of its home, by carrying on different trades and professions there is little difference between man and man and the more smoothly the wheels of social intercourse run the more prosperous will that community be. Boost, don't knock and remember that the self opinionated bears no weight with the broadminded public.

RICH COUNTRY

Arrow Lake District Shows Marked Progress.

Application has been made to the Dominion Government for the establishment of a postoffice at Robson. This is the ninth or tenth application made this year to the department and shows the rapidity with which the settling of the fruit lands along the Kootenay valley is going on. As Robson has now close on to one hundred settlers and already boasts of a hotel, a school, a church and a general store, there is no doubt but that the request will be granted.

Where a few years ago the shores of the Columbia river valley from Waneta, on the international boundary, northward to Arrowhead, at the head of the upper Arrow lake, 150 miles away, presented an almost unbroken appearance of woods sweeping down to the water's edge, there are now dozens of settlements. The old customs port of Waneta is now a flourishing fruit community, and in rapid succession up the river come Columbia, Sayward, the oldest smelting town of Trail, China Creek, Poupore, Waterloo, where the Doukhobors have lately taken up a settlement, Castlegar, Robson, Deer Park, Brooklyn, Dog Creek, Edgewood, The Needles, Burton, an old mining camp, Arrow Park, Nakusp, a lumber center, St Leon, Halcyon and the nuclei of as many more. The C. P. R. have increased their flotilla on the lakes in consequence of the growing traffic.

The valley of the Columbia and Arrow lakes is peculiarly favored, as the warm winds from the coast flow right into the heart of the mountains from the south, and the temperature is in consequence very much milder, with less extremes than on either the other sides of the ranges confining it. Hence the eagerness with which these lands are being taken up.

LOCAL OPTION

Important Executive Meeting of the League

An executive meeting of the Local Option League was held on Thursday evening in the Y. M. C. A. President Miller was in the chair and almost the full executive was present. As Mr. Bews stated that his duties made it impossible for him to accept the office of secretary of the league, Rev. J. R. Robertson was elected permanent secretary. Mr. Clay, who, as delegate, attended the recent convention in Vancouver, gave an interesting verbal report, drawing special attention to the large attendance and earnest enthusiasm of the convention. President Miller presented the leaflets and petition forms sent from the provincial executive, and steps were taken to secure a full and proper circulation of these petitions throughout the community. A large public meeting in the interests of local option will likely be held in the near future.

Dining Room Furniture is particularly essential, and in view of this fact we have selected a very desirable line of elegant and artistic dining tables, chairs and sideboards. An early inspection should be made, as the price we are asking for such superior furniture makes them a most desirable decoration.

NOTICE

Rectification of Crown Grant

Whereas on the 26th day of November, 1907, a Crown Grant was issued in the name of Frederick Washbourne for Lot 5147, Group 1, Kootenay District. That evidence has since been been produced showing that the said Frederick Washbourne died on the 7th of August, 1907, sometime prior to the issuance of the said Crown Grant. That by agreement dated 29th August, 1906, the said Frederick Washbourne assigned all his estate, right, title interest claim and demand whatsoever in the said land to Thomas Shanks McPherson.

Notice is therefore hereby given, in pursuance of Section 98 of the "Land Act," that it is the intention to cancel the said Crown Grant issued in the name of Frederick Washbourne and to issue one in its stead in the name of Thomas Shanks McPherson three months from the date hereof unless good cause is shown to the contrary.

Tobasco Land, Tobasco Land—Don't forget to secure good seats early for Thursday, Dec. 17th.

Hugh Smythe was successful this week in bringing down a fine cariboo as a result of a hunting trip north of the city.

There are some people in this city who are so neighborly that they neglect their own business to attend to their neighbors.

Members of the Young People's Glee Club are working hard to make the Mexican Operetta Tobasco Land the hit of the season.

A cricketers social gathering for members only will be held in the rooms over P. Burns block on Tuesday, Dec. 29th at 8 p m.

Advices from Skidgate, Queen Charlotte Island, states that a heavy earthquake shock has done considerable damage to the village. The shock lasted seven seconds.

J. McPhail is making the preliminary arrangements for the flooding of the roller rink for ice skating, and by the time the next cold snap comes the ice will be in good shape.

In our issue of the 5th instant the date given for the pretty Mexican Operetta Tobasco Land was an error, the date should have been Thursday, the 17th, instead of the 18th.

Mayor Lindmark has informed us that the Provincial Government has arranged to pay their share of the construction of the Lindmark trail up Mt. Victoria at an early date.

Commercial men who have been visiting Revelstoke of late and who do business here report that everything favored a still larger increase during the coming year, as the prospects are that business will be better.

There is in the Columbia river valley abundant unimproved land suitable for agricultural and fruit growing purposes. Fruit will grow in abundance and the immense local market is the localities that will attract agriculturists.

J. McPhail will have, after Monday, season tickets for the skating rink for sale. A reduction in price of tickets for family of four ond over will be made. Children will be allowed to skate every afternoon and one night each week, Friday nights.

The C. P. R. R. M. S. Empress of China is bringing one of the most valuable cargoes of silk from the Orient that has come to Vancouver. The cargo consists of part of 690 tons of silk valued at over $2,000,000 and consigned to New York firms.

LOST—Will the person who by mistake took another lady's head shawl instead of their own, on the night of the Masquerade Ball (Thursday, Dec. 10), kindly leave same at the MAIL-HERALD Office and receive their own property.

Arrangements are being made by the J. Y. Griffin company, the Canadian branch of the Swift Packing Co., for the opening of a branch business in this city, W. J. Ovans was in the city this week in the interests of the firm, and stated that they are looking forward to considerable business in the west.

The following story is being told in connection with our local school, although we cannot vouch for its authenticity. It is said of a school ma'am who has a dread of all kinds of contagious diseases, that she sent a child home because her mother was sick. The next day the little girl presented herself again with her finger in her mouth and a little hood swinging by the string and said: "We've got a new baby at the house, but mama says I should tell you it isn't catching.

On the 7th inst. Nels Demars passed away at Nakusp at the advanced age of 83. Mr. Demars was undoubtedly the oldest pioneer in B. C. and during his 51 years of prospecting and residence in Kootenay. He had the contract for the lumber used in the steamer "49," which ran on the Columbia river in 1865. The deceased will be remembered on account of the murderous attack made on him by Rose, who was afterwards hanged at Nelson for the murder of Cole, the partner of Demars

Any persons in town who can make donations of old clothes that can be used for comfort are requested to send them to Rev. J. R. Robertson. The following is required immediately: Clothes for two boys, about the same size, eight and ten years old; for a little girl five years, a little boy two years, and an infant child of six months; underclothes and shoes are as necessary as over clothes. Also a few chairs, two or three bedsteads, some warm bed clothes, any any plain house furniture are much needed and will be greatly appreciated.

Alpine Club

A meeting of the local members of the Alpine Club of Canada was held in the Y. M. C. A. on Thursday night. A communication from President A. O. Wheeler, F. R G S., was fully considered and plans made for a banquet to be tendered Mr. and Mrs. Wheeler by the local members. This interesting function will be held in the Y. M. C. A, probably on Jan 4th. A committee was appointed consisting of Messrs. J. P. Forde, Mayor Lindmark, E. M. Cook and Miss Hobbs.

May Operate in All Provinces

According to a decision of the Supreme Court of Canada, says the Vancouver News Advertiser, fire insurance companies may do business all through the Dominion, after they have secured a licence from the Dominion Government. This settles an important point in the law, and one of great interest to business men.
