CITY COUNCIL.

A special meeting of the city council was held last night to discuss the Sewage By-Law. Mayor Brown and all the aldermen being present.

The minutes of the last meeting were adopted as read. Notice of calling of special meeting was read, to introduce and deal with the by-law authorizing the construction of the sewerage system and raising funds by local improvement. General business was also taken up.

J. Palmer, city, was appointed dynamo tender at the power house, to date from June 1st.

An official notification was received of the appointment of A. M. Pinkham as police magistrate.

A bill was received from H. A. Stewart for $73 for nursing the recent diphtheria patient, F. Bates. Referred to Health Committee.

The by-law for the sewerage system passed its third reading.

The Court of Revision was appointed to revise the assessment applying to the Sewerage By-law, to set in the City Hall on June 12.

The council then adjourned.

RAIL AND STEAMER

The committee representing the railways and railway employees, appointed to prepare a new set of operating rules, have the work so well advanced as to be able to present their report to the Railway Commission on June 1st., for the consideration of the board. The new rules are designed to further safeguard the interests of the travelling public, also the safety of employees and the standardisation of the rules.

The C. P. R. wrecking crew from here has finished picking up the parts of the wreck of 14 ore cars, which ran away in February near the Rawhide mine, Phoenix, when H. Rushton, brakeman was killed.

The C. P. R. are making arrangements for the construction of a gigantic car scale in the yard here. The foundations are already underweigh. The capacity will be one hundred tons.

The Canadian Pacific has again registered one of the most prosperous week's in its history. For the first seven days of May the system's gross earnings have been well over $200,000 a day. This is an average that compares well with its best records for last year, which was the best in the history of the road.

American railways will spend close to a billion dollars during the present year in an extraordinary effort to secure sufficient equipment, power and track, including new roads, to make it possible to handle the great amount of traffic being offered to them. If the car and locomotive builders and the steel rail makers do their part the year will be a record one in the three industries mentioned

It is said that the American railways will pay fully $92,000,000 for steel rails this year.

WILL OPERATE IN B. C.

Company Incorporated in East With $6,000,000 Capital.

OTTAWA, May 18.—The Pacific Coal Mines, Ltd., has been incorporated with capital stock of six million dollars and headquarters Toronto, to carry on general mining business and to take over the business of the Alaskan Development Company, and of the Pacific Coal and Oil Company. The names of incorporators are given in the Canadian Gazette as J.S. Lovell, accountant; E. W. McNeill, solicitor's clerk, and others of Toronto, but the enterprise is understood to be one of Messrs. MacKenzie and Mann.

The Northern Empire Railway Company has given notice of application to Parliament next session for a charter to construct a railway from the international line east of Cardston, Alta, northwesterly through Fort Vermillion to Yukon Territory and British Columbia.

CARD OF THANKS.

The Ladies' Guild of St. Peter's church hereby acknowledge their indebtedness to all who rendered such invaluable assistance in making their concert such an unqualified success, and desire to thank all for their assistance and co-operation.

MRS. ELSON, President.
MRS. PAGET, Secretary.

Empire Day flags at Bews' Drug Store.

UNIQUE BOND

Taken on Le Roi Mine—V. V. & E. R. R. Construction Has Helped the Sale.

GREENWOOD, May 22.—A deal has just been completed here by which a syndicate of Phœnix and spokane men has acquired under bond the Le Roi property in Camp McKinney. James Copeland has owned the Le Roi for many years and has done considerable work on it. It is a copper property and has a fine showing of good ore. The property was bonded for $300,000 with a cash payment of $300. A feature of the bond somewhat unique is that during the term of the bond, two years, Copeland shall receive a monthly bonus of $100. If the bondholders choose to put up the cash for the property at any time prior to the two years the bonus shall cease. Several parties have made efforts to secure the Le Roi on other terms, but the owner has always stood firm for these conditions. The construction of the V. V. & E. railway within four miles of the property has helped the sale.

FOOTBALL

The secretary of the local club yesterday received the line up of the Field team for the match here on Empire Day. It is understood that they are a strong eleven so the home team will have to work. The Field line up is: Goal, G. Roller; backs, J. E. Shaw, W. Wemley; half backs, G Bickerton, A. Hollier, D. Louden; forwards, J. McKinnon, G. Fitzpatrick, J. H Thomas, J. Wadge, W. Adamson. Reserves, G. Stanley, A. Jenion.

The local team will be chosen tonight after practice from the following players: J. Allan, W. Allan, Brooker, Davis, Dunlop, Entwistle, Gorrin, Kerfoot, Maguire, J. Savident, E. Savident, Sissons, W. Smythe, D Smythe. As there is considerable material to cheose from there is a cordial rivalry among the club members for a place on the team.

If possible, arrangements will be made for busses to run from corner of First Street and McKenzie Avenue to the Gun Club grounds, for the convenience of patrons. There being no other attraction in the city on the 24th, the club look for a large crowd. Bring a good pair of lungs and be one of them. With E. H. Lewis handling the whistle the spectators are assured of good, clean play.

BOWLING

At the Y. M. C. A. alley tonight the City and Maple Leaf teams will meet for a game that will, in all likelihood, decide the winners of the tournament. Both teams are even at present, having each lost one game in the series The players will be: Maple Leaf—J. Palmer, M. F. Crawford, J. H. Lyons, C. D. Palmer, W. V. T. Green. City—G. Lembke, R. D. MacDonald, R. W. Haggen, G. Bell, K. McRae. So far the teams have made about even scores, and a close, exciting game should result.

A LOCATION NOTICE.

Below is given what is claimed to be a bona fide copy of a location notice posted on a claim near Cornucopia, Ore. It claims about everything between heaven and the other place and is the prize notice until something can be shown to beat it:

We, the undersigned, men of worth,
Just to show that we're on the turf,
Do hereby locate for ourselves alone,
Fifteen hundred feet radius around this stone;
Together with mineral and water rights;
All placed lands and townsites;
All veins and ledges within our line
Of brass and gold and other mines.
We claim all coal and oil as well
From the top of the sagebrush down to hell;
All the air and sunshine, too,
Up to where the sky shines blue.
The name of the claim is Wilson and Green,
No. 400 and group sixteen.

HO! FOR HALCYON

An ideal place to spend your holi days. Buy a ticket for Halcyon Hot Springs and spend May 24th at this favorite resort. Single fare and one third for the round tiip, good from May 22 to May 27. Boating, fishing and launch excursions, and a delightful trip on the C.P.R. palace steamer from Arrowhead to Halcyon. Extension trip, from Halcyon to Nakusp and return, fare only 90 cents.

It's a sad story that follows the uninsured man's fire. Then get an insurance policy from the agent for the Non-Combine Companies.—E. A. Haggen, Revelstoke, B. C.

GALENA BAY

From our own corrspondent.

Messrs. Ashburne and Nelson had a surprise visit from Mr. John Shaw and family on Sunday last. Mr. and Mrs Shaw walked over to greet their new neighbors and a very pleasant day was spent. Dinner was spread in the shade of the cottonwoods and heartily partaken of by both the younger and older members of the party. Afterwards a visit was paid to Simpson's shingle mill by means of the steam launch "Olivia." On returning, photographs were taken of the party, and all repaired for their homes, feeling that the day had been well spent in thus beginning such social ties and fellow-feeling in the settlement.

DEATH OF J. W. HASKINS

The steamer Princess May, which left here for the north yesterday afternoon at 12:30 o'clock, returned about half an hour later with the body of Mr. J. W. Haskins, a passenger, who took suddenly ill and expired just as the vessel had got outside the Narrows into English Bay.

The boat was scarcely out of sight behind the eastern end of Stanley Park, when Mr. Haskins complained of feeling very faint. Dr. Russell, brother of the late Mr. E. G. Russell, who was on board, and everything possible was done for the suffering man. He grew worse, however, and died when the Princess was nearing Point Atkinson. The vessel was turned around and a few minutes afterwards steamed back into the Inlet.

The news was gently broken to Mrs. Haskins at the Vancouver Hotel. She came over from Victoria to say good-bye to her husband.

The deceased was manager of the Rosella Hydraulic Mining Company which operates extensively in the Dease River country. For several years he has made annual trips to these mines and was bound north with a party on this occasion.

The late Mr. Haskins had been a prominent figure among mining men for the last ten years. He formerly lived in Revelstoke, but lately took up his residence in Victoria. His body will be forwarded to that city by Messrs. Center & Hanna on this afternoon's boat.

Business Locals

Nothing better than Our "Special."

Rhubarb, lettuce, oranges, lemons and bananas at C. B. Hume & Co's.

Ball bearing lawn mowers from $4.50 up. Lawrence Hardware Co.

All the new books you can find at the Canada Drug Store.

Patronize Home Industry. Smoke Revelstoke Cigars.

Mattresses, Pillows and bed comforts at C. B. Hume & Co's.

The prescription store is the Canada Drug & Book Store. Only the purest of medicines used there.

Everything you need to make your picnic basket one of the best at C. B. Hume & Co's.

For first-class Painting and Paperhanging, go to L. A. McClanahan, one block east of the Queen's hotel, in the Lougheed Block.

You may have "money to burn" but there is no reason why you should not burn it economically. Crow's Nest Coal is economical coal. Order from the Agent, E. A. Haggen.

H. Y. Anderson, the newly appointed manager of the Beatrice mine, in the Lardeau, has gone up to take charge of the property. In an interview he stated: "We will build a tramway at once, as we are about 11 miles from the railroad. About 20,000 tons of ore are now blocked out and we expect to be ready to haul again by the fall. The ore is a high grade and does not require a reduction plant." Mr. Anderson added that a party of stockholders from Fargo, N. D. will visit the property next month.—Nelson News.

THE CURFEW.

It is interesting to note that the Kamloops city council have determined to enforce the Curfew by-law, a measure which could very well be adopted by Revelstoke. Children must of course be allowed a certain amount of freedom, but unrestricted freedom becomes a serious and fatal mistake, and one which many parents are seemingly willing should occur. When parents fail in their duty of looking after their children and bringing them up as good citizens and allow them to come in contact with harmful influence, it is right that a public body should protect the children themselves.

SAFEGUARDING OF CURRENCY

Far back in the ages, in all countries, it has been a vexed question that of proper safe-guarding of local currency, either through local control or local representation. Currency is, it may be said, the life blood of commerce, the stream which carries the fertilizing powers of wealth and capital through every section of the community. This most vital matter is not peculiar to British Columbia or even to the American continent. The Victoria Week has dealt with the subject very fully and brought to light many important points that have hitherto been obscure and now prove that the protection of local currency is a dire necessity for the community. Until a few years ago the Western states of America depended almost entirely upon eastern banks and a sprinkling of English banks. Every one can recall the strained relations between the east and west at that time, and the controversy became so bitter that many will remember that the foolish remedy of separation was seriously discussed. This struggle, like all similar struggles, ended in the foundation of local banks, an absolute necessity for a commercial community which has passed from infancy to manhood. Public scrutiny and criticism will safeguard the direction of local currency to men at a distance from the community to which the currency belongs. Remove these safeguards and the result will be temptation to financial magnates at a distance to divert the money under their control into commercial and speculative undertakings, which have no more to do with the community whose currency is used than the man in the moon. Such schemes will probably call in funds from other distant countries, crippling and stagnating commercial life in those parts. The recent scandals in connection with eastern banks which have been before the public lately and the introduction of German capital, coupled with the strictures in the reports of the Insurance committee on finance magnates, who were also bank directors, are sufficient to warrant the deduction that the calling in of overdrafts by eastern bank branches in Victoria and other western cities is due to causes entirely outside the Province of British Columbia and that the merchants of those cities are being made to suffer for other's faults and at the same time precluded from a just and fair scrutiny of the cause of evil. The banks owe a duty to the public and when crises and stringencies arrive the bank directors should not play the part of selfish cowards, but should be in the forefront to check any public sentiment. But it seems that in most cases they are the first to stampede and cause panic. After deflecting every cent of our currency to other and distant parts and practically emptying our pockets, they demand the repayment of overdrafts and shut down on advances for legitimate business. It would be a bad look out if our merchants did the same to their customers, but they have stood by them when money was scarce and kept up the trade of the country, because they are part and parcel of commercial life of this Province. If one suffers the whole suffer. The establishment of local banks in Victoria has received gratifying support and the Northern Bank of Winnipeg was founded on the same principal by wealthy merchants. In the comment of the subject the Victoria Week urges the formulation of a Bill for the Taxation of Deposits to prevent exportation of currency. It says that if lumber and iron ore require export tax, surely the wealth, in solid cash, of the people of a growing and still struggling community like British Columbia requires safeguarding. This is a drastic remedy, but the situation is an extreme one and it is an old proverb that desperate diseases require desperate remedies.

DEPARTMENT OF MINES

New Departure by Minister of Mines Templeman, to Meet Demands for Information

In view of the numerous requests from this country and from abroad for information on the mining and metallurgical industries of Canada and the need of such a publication to bring the mining and metallurgical industries of the Dominion in touch with the newly created department of mines, the minister, Hon. Wm. Templeman, has authorized the collection of authentic and reliable information for a report on "The Mining and Metallurgical Industry of Canada." This report will cover the whole country, and will give the following information: Name of company, date of incorporation and charter, authorized capital, value of shares, directors and officers, head office, Canadian office, number of men employed, wages, transportation facilities, market and prices, and the following additional information regarding the mining industry: Mining land owned and controlled (province, township, concession, lot), class and character of ore mined, average quality of ore (analysis), method of mining, treatment of ore, if any; cost of mining (drilling, explosives, hoisting, transportation, general expenses), total cost per ton of ore raised. And for the metallurgical industry—location of plant, ore treated, quality of product, method of treatment, description of machinery and apparatus used, source of supply of raw material, composition of raw material, cost of production.

It is proposed to report only upon producing mines, mines under development, and established metallurgical plants. The present rapid progress in the development of these industries and the changing conditions regarding such factors as labor, market and prices will necessitate supplementary annual publications to bring the information of the original report up-to-date until the changes and new material call for the issuance of a complete new report.

It is hoped that those in charge of the mines and industries to be reported upon will furnish every facility to representatives of the department of mines, for obtaining such full and accurate data as will render the report authoritative and useful.

Mr. R. R. Hedley, of Nelson, formerly superintendent of the Hall mines smelter, has been appointed to collect full and reliable data for the report in British Columbia, Alberta, Saskatchewan and Manitoba. He starts on his work at once.

ARROWHEAD

(From Our Own Correspondent)

W. Rosworm was in Revelstoke over Sunday

Mr. and Mrs. O. Lachmund are in Vancouver.

Mrs. Gibson and Miss Hyatt of Comaplix spent Sunday in town

Mrs. J Smith and family left Tuesday for Kamloops.

Mrs. R. Gibbons, of Revelstoke, was in town a few days visiting old friends.

Mrs. Dondoneau made a trip to Kamloops.

W. and A. Cowboy have resumed their duties on the s. s. Rossland, having spent some months on their homestead in Saskatchewan.

J. B. McGaghran got several shots at a bear only a short distance from town, but somehow Bruin escaped.

The recent rain did good work in quenching bush fires that have been raging in this vicinity.

The s. s. Rossland made the first through trip of the season to Robson on Wednesday.

Hall Bros' tug "Eric" got fast between piles in the mouth of the river on Thursday evening. The crew were brought to shore on the tug "Mud Hen" The rising water during the night set the "Eric" free, very little damage being done.

The Lawrence Hardware Company, Limited, respectfully inform its many customers that they have secured the services of Mr. C. North, of Brantford, Ont., who arrived this week to take charge of the electrical department.

sa my 18 41 Liquidator.

NOTICE

Notice is hereby given that sixty days after date I intend to apply to the Honorable the Chief Commissioner of Lands and Works for permission to purchase the following lands situated on Upper Arrow Lake and described as follows:

Commencing at a post planted on Half Way Creek, about one and a half miles from lake shore and marked "J. K. McLean's S. E. corner post," thence west 80 chains, thence north 40 chains, thence east 80 chains, thence south 40 chains to place of commencement Containing 320 acres more or less.

Dated May 7th, 1907.

w my 8 J. K. McLEAN,

Notice is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands situate in West Kootenay district:

1. Commencing at a post planted on the west bank of a large creek about 1½ miles south of Bigmouth Creek, following the Creek and about 5½ miles from Columbia River and marked "E. McBean's north-west corner," thence 160 chains south, thence 40 chains east, thence 160 chains north, thence 40 chains west to point of commencement.

2. Commencing at a post planted on the west bank of a large creek about 1½ miles south of Bigmouth Creek, following the creek and about 5½ miles from Columbia River and marked "E. McBean's north-east corner," thence 160 chains south, thence 40 chains west, thence 160 chains north, thence 40 chains east to point of commencement.

3. Commencing at a post planted about 250 yards west of a small creek and about 1 mile south of Bigmouth Creek, and about 4½ miles from the Columbia River and marked "E. McBean's north-west corner," thence 160 chains south, thence 40 chains east thence 160 chains north, thence 40 chains west to point of commencement.

4. Commencing at a post planted about 250 yards west of a small creek and 1 mile south of Bigmouth Creek and 4½ miles from the Columbia River, and marked "E. McBean's north-east corner," thence 160 chains south, thence 40 chains west, thence 160 chains north, thence 40 chains east to point of commencement.

5. Commencing at a post planted at the north-west corner of Location No. 4 and marked "E. McBean's north east corner," thence 80 chains south, thence 80 chains west, thence 80 chains north, thence 80 chains east to point of commencement.

Dated April 23rd, 1907.

6. Commencing at a post planted about 1 mile north of Bigmouth Creek and 3 miles from the Columbia River and marked "E. McBean's south-west corner," thence 160 chains east, thence 40 chains north, thence 160 chains west, thence 40 chains south to point of commencement.

7. Commencing at a post planted 1½ miles north of Bigmouth Creek and 3 miles from the Columbia River and marked "E. McBean's south-west corner," thence 160 chains east, thence 40 chains north, thence 160 chains west, thence 40 chains south to point of commencement.

Dated April 24th, 1907

8. Commencing at a post planted at the south-east corner of Lot 12, about 53 chains south of Bigmouth Creek and marked "E. McBean's north-east corner," thence 80 chains south, thence 80 chains west, thence 80 chains north, thence 80 chains east to point of commencement.

9. Commencing at a post planted at the north-west corner of Lot 13 and marked "E. McBean's south-west corner," thence 160 chains north, thence 40 chains east, thence 160 chains south, thence 40 chains west to point of commencement.

10. Commencing at a post planted at the north-east corner of Lot 13, and marked "E. McBean's south-east corner," thence 160 chains north, thence 40 chains west, thence 160 chains south, thence 40 chains east to point of commencement.

Dated April 25th, 1907.

11. Commencing at a post planted on the south bank of Canyon Creek and about 1¼ miles from Bigmouth Creek and marked "E. McBean's north-west corner," thence 40 chains south, thence 40 chains east, thence 40 chains south, thence 80 chains east, thence 40 chains north, thence 40 chains west, thence 40 chains north, thence 80 chains west to point of commencement.

12. Commencing at a post planted on the north bank of Canyon Creek, about ¼ mile from mouth and marked "E. McBean's north-west corner," thence 80 chains south, thence 80 chains east, thence 80 chains north, thence 80 chains west to point of commencement.

13. Commencing at a post planted on the east bank of Bigmouth Creek, about 5 miles above Canyon Creek and marked "E. McBean's south-east corner," thence 80 chains north, thence 80 chains west, thence 80 chains south, thence 80 chains east to point of commencement.

14. Commencing at a post planted on the east bank of Bigmouth Creek, about 5 miles above Canyon Creek and marked "E. McBean's south-west corner," thence 80 chains north, thence 80 chains east, thence 80 chains south, thence 80 chains west to point of commencement.

15. Commencing at a post planted on the east bank of Bigmouth Creek, about 5 miles above Canyon Creek and marked "E. McBean's north-west corner," thence 80 chains east, thence 40 chains south, thence 20 chains east, thence 40 chains south, thence 80 chains west, thence 40 chains north, thence 20 chains west, thence 40 chains north to point of commencement.

Dated April 27th, 1907.

16. Commencing at a post planted on the north bank of Bigmouth Creek near the mouth of south fork and marked "E. McBean's north-west corner," thence 160 chains south, thence 40 chains east, thence 160 chains north, thence 40 chains west to point of commencement.

17. Commencing at a post planted about 15 chains north of Bigmouth Creek, two miles below north fork and marked "E. McBean's south-west corner," thence 160 chains east, thence 40 chains north, thence 160 chains west, thence 40 chains south to place of commencement.

Dated April 29th, 1907.

18. Commencing at a post planted 10 chains east of the south east corner of T. L. 10458 and marked "E. McBean's north-west corner," thence 160 chains south, thence 40 chains east, thence 160 chains north, thence 40 chains west to point of commencement.

Dated 30th April, 1907.

19. Commencing at a post planted ¼ mile north of south-east corner of T. L. 7648 and marked "E. McBean's south-east corner," thence 40 chains north, thence 80 chains west, thence 40 chains north, thence 120 chains east, thence 80 chains south, thence 40 chains west to point of commencement.

20. Commencing at a post planted about one mile west of Columbia River, and about one-half mile south of Eight-mile Creek and marked "E. McBean's north-east corner," thence 80 chains west, thence 80 chains south, thence 80 chains east, thence 80 chains north to point of commencement.

Dated 1st May, 1907.

21. Commencing at a post planted at the south-west corner of T. L. 10700 and marked "E. McBean's south-east corner," thence 80 chains west, thence 80 chains north, thence 80 chains east, thence 80 chains south to point of commencement.

22. Commencing at a post planted on the south bank of Gordon Creek, about 1½ miles from the mouth and marked "E. McBean's north-east corner," thence 80 chains south, thence 80 chains west, thence 80 chains north, thence 80 chains east to point of commencement.

23. Commencing at a post planted on the south bank of Gordon Creek, about 2 miles from the mouth and marked "E. McBean's south-west corner," thence 160 chains west, thence 40 chains north, thence 160 chains east, thence 40 chains south to point of commencement.

24. Commencing at a post planted on the south bank of Gordon Creek, about 2½ miles from the mouth and marked "E. McBean's north-east corner," thence 80 chains south, thence 80 chains west, thence 80 chains north, thence 80 chains east to point of commencement.

Dated May 2nd, 1907.

wed my 8 E. McBEAN.

Commencing at a post planted at T. J. Pearson's S. E. corner, dated April 13th, 1907, marked "John Muldoon's N. E. corner post," thence south 100 chains, thence west 64 chains, thence north 100 chains, thence east 64 chains to point of commencement.

Dated April 13th, 1907.

wed my 1 JOHN MULDOON,

Tracks and Valley Covered up. Rains Cause Freshets—Floods Imminent.

The snowslide that blocked the C.P. R. track last week near Ross Peak, in the Illecillewaet valley, was one of the largest on record. For the distance of about half a mile the valley was entirely filled with the gigantic slide, which swept down the mountain on the far side of the valley from the track. Thousands of tons of snow were precipitated from the heights and the m jestic sweep of the thunderously moving mass, was not stayed till it had jammed its lf against the rocky walls of the opposite side of the valley and incidently buried the C. P. R. tracks 20 feet deep for about 500 feet. It is estimated that the depth of the snow in the valley was 75 to 100 feet and behind the great natural dam the waters of the swollen Illecillewaet commenced to rise in a manner most threatening. The railway men on the scene watched the rising flood apprehensively. It was a question for a long time just what would happen when the hundreds of tons of waters piling up behind the slide should break through. If the great dam held against the strain of the waters till it had risen to the level of the dam, the rush of water when the barrier broke would be tremendous if everything gave way suddenly. This was the great danger which threatened, and a serious one for the gate house and dam of the power plant here, but luckily the waters gradually bored their way through the slide and although they attained tremendous depth before commencing to pass over the obstruction and subside no damage was caused as the break down of the barrier was gradual.

The slide burying the railway tracks was responsible for the long delay in triffic A freight engine was derailed and much of the metal torn away. Heavy rain has fallen in the mountain sections during the last few days and all the streams will soon be in flood.

From the point of view of railway men, the Illecillewaet, the Columbia and Eagle rivers are most to be feared On the last mentioned the railway tracks follow the river at an elevation of a few feet for a number of miles and with a rise of 15 feet of water, the tracks would be touched. The Columbia is rising rapidly and the wing dam is practically submerged, while the channels are widening daily

B. C. NOW THE MECCA

Fruit Orchards Will Soon Supply Canadian Demand

WINNIPEG, Man., May 17.—Theodore Knappen, former secretary of the Western Canada Immigration Association, who has just returned from a tour in British Columbia, says:

"The interesting feature of the immigration movement this year is that there is now going on a marked influx into British Columbia from other parts of Canada, the United States, and from England. British Columbia on account of its mild climate, is growing in favor with British immigrants. The climate is much like that of the old country, and the opportunities for living, by the way, appeal to Englishmen.

"A remarkable change is being wrought in the mountain valleys, and it is safe to predict that in a few years British Columbia will supply Canada with all the temperate zone fruits it requires.

"Today if you buy a good apple in Winnipeg the chances are that it is from Oregon or Washington. The bulk of the strawberries consumed in the Winnipeg market come from Oregon and Washington. In certain seasons British Columbia can supply these and every small fruit just as well, and has a tariff in its favor. It is only a question of time till the province will be the primary horticultural province of Canada."

PORTRAITS FROM FUNLAND.

That keen and yet most kindly humorist, ex-Governor George W. Peck, of Wisconsin, seems to have adopted as his guiding motto Bobbie Burns' exclamation:

"O, wud some power the giftie gie us
To see ourselves as ithers see us,"

to which, doubtless, is largely attributable his universal popularity, and the continued success of the farce comedy, "Peck's Bad Boy," dramatised by his permission from the series of sketches which under that title set all the world aroar. The play, in continuation of its gladsome and golden career of twenty years, will be presented at the opera house on Friday, May 24, Empire Day, with newly added characters from Peck's portrait gallery of peculiar people, and notable up to date specialties. If you would know the unsuspected funniest side of yourselves, "Peck's Bad Boy,' will reveal it to you.

The people who own their own homes are the happiest, nine times out of ten, Select a home of your own from the list I have to offer. E. A. Haggen, Real Estate and Insurance Agent, Revelstoke, B. C.

Fit-Reform Blue Serge Suits

Most any lightweight serge is cool.

But if you want YOUR serge suit to hold its shape and its color—you ought to be mighty careful to get a Fit-Reform Serge.

"West of England" Blue Serge stays blue. It is fadeless and unshrinkable.

Made up by the famous Fit-Reform tailors—there is nothing cooler, and certainly nothing dressier, for summer wear.

$18. and $20.

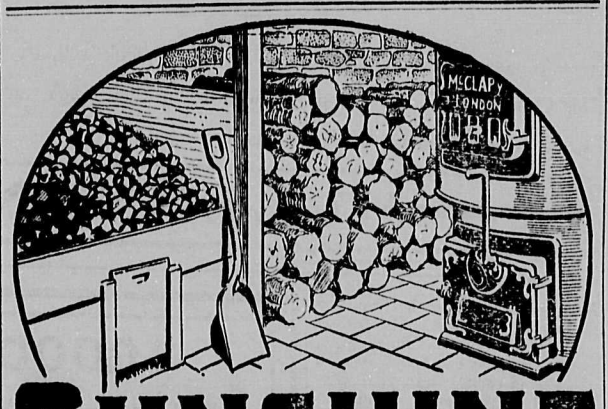
McKinnon & Sutherland - Revelstoke



SUNSHINE FURNACE

BURNS COAL OR WOOD

The Sunshine is a good, "all round" furnace. Burns, with equal facility, either coal or wood. Coke, too, if you prefer it.

And so perfect is the combustion of the Sunshine that it extracts every unit of heat from the fuel.

What's left in the ash-pan is not worth sifting.

Sunshine consumes less fuel, too. Because its perfect system of dampers prevent the escape of the hot air up the chimney—compels it to come out through the registers.

You pay for heating the inside—not the outside—of your house when you buy the Sunshine.

If your local dealer does not handle this most economical furnace write direct to us for FREE BOOKLET.

IN THE MATTER OF THE ESTATE OF JACOB ALLEN AGNEW, DECEASED.

NOTICE is hereby given that all creditors and others having claims against the estate of the said Jacob Allen Agnew, who died on or about the 13th day of April, 1907, are required, on or before the 15th day of June, 1907, to send by post prepaid or deliver to Messrs. Harvey, McCarter & Pinkham, of the Imperial Bank Block, Revelstoke, B. C., Solicitors for Minnie Agnew, the Executrix of the last will and testament of the said deceased, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said Executrix will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that the said Executrix will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by her at the time of such distribution.

Dated the 15th day of May, 1907.

HARVEY, MCCARTER & PINKHAM,
Solicitors for Minnie Agnew, Executrix of the will of said deceased. s my18-4t

NOTICE.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Hon Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands situated in the District of North East Kootenay, B.C.:

1. Commencing at a post planted on the west side of Goat Creek, about three miles up from Bush River, in the District of North-East Kootenay, B C., and marked "G. W. Gates' north-west corner post" thence east 80 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains to the point of commencement.
Dated April 20th, 1907. G. W. GATES.

The Ladies Auxiliary of the R. R. Y. M. C. A. will hold a social in the Y. M. C. A. parlors on Tuesday evening, June 18th.

The Ladies' Guild Knox Church have arranged a good programme for Thursday, May 30th, introducing many novel features.

Grand Master Schofield, of the Masonic Order in B. C., was entertained on Monday night by the Kootenay Lodge No. 15, at a banquet.

The Lord's Day Alliance at Toronto have applied to the Attorney-General for permission to bring prosecutions for infractions of the Lord's Day Act.

The Ladies' Guild of St. Peter's Church have realized a sum of over $100, after all expenses are paid, as proceeds of their entertainment on Friday last.

The new organ purchased from Calgary by the Ladies' Guild of St. Peter's church has been shipped and should be very shortly ready for instalment in the church.

Messrs. Woolsey & Lefeaux have commenced excavations at the intersection of Second Street and McKenzie Avenue, opposite the City Hall, for the erection of a big store.

Messrs. McPhail and Hornell will shortly open their new premises on McKenzie Avenue, as first-class tea and refreshment rooms.

Mail Orders promptly attended to at this Store.

Come and taste the dainties made by the ladies of Knox Church on May 30th.

Sit for your photos on the holiday—24th of May—at Trueman's. R. H. Trueman personally in charge.

Leave your orders for all delicacies of culinary art by the Knox Church ladies with any member of the Guild.

Work on the dam and river bank is now being finished up for the season and only a few hands are employed on both works.

If the youth of the city persist in bicycling on the sidewalks after dark and without lights they are liable to be up against an unpleasant interview with the police.

J. Carlson, a Swede, and a stranger in town was suddenly taken seriously ill on Monday night at the Oriental Hotel. He was at once removed to the hospital, where he now lies in a dangerous condition.

An interesting football match has been arranged for Friday, May 24th on the Gun Club grounds between Field and Revelstoke. As both teams are confident of success the game should prove attractive to devotees of sport.

Mr. Vance, of Anderson, Indiana, has left with a large party for French Creek, Big Bend, where he will be in charge of the mining operations on the American Mining Company's property which will be developed this summer by eastern capital.

A young mare attached to a rig belonging to Woolsey & Lefeaux took it into her head to play acrobatic tricks in the street yesterday afternoon and did a neat somersault backwards between the shafts falling in a heap underneath the rig.

At the regular drawing of the Pacific Loan Company, Ltd., the fortunate contract holder was Mr. A. J. Washett Mr. Washett is now entitled to a loan of $1,000 at less than two per cent. For further particulars apply to the company, 529 Pender St., Vancouver or Mr. W. B. Robertson, Revelstoke.

Reaping the Harvest Company gave a performance last night to an appreciative audience. The piece is powerful with a good caste, the roles being well sustained by all. Miss Hamner did splendid work and with a graceful carriage and clever acting was by far the mainstay of the piece.

The choir and managers of Knox Church have presented H. Floyd with a handsome silver tea service, consisting of four pieces and a tray, as a token of their appreciation of his services as acting organist during the winter months. Mr. Floyd, in accepting the gift, replied in a suitable manner.

Mrs. (Rev.) W. C. Calder left for her home in Revelstoke yesterday. For the last three weeks she has been the guest of Mr. and Mrs. John Lawson, at their pretty little ranch Hollyburn, which is situated about midway between the mouth of the Capilano river and Point Atkinson.—News Advertiser.

The local branch of the Fruit Growers' Association held a meeting on Monday night to discuss arrangements for entertaining the delegates to-day. The proposal of a lunch was agreed upon to be followed by a drive if time was available. General business was discussed and several new members enrolled.

At the prayer meeting in Knox Church, to-night, preparatory services will be held in view of Communion services next Sunday. It is desired by the pastor and members of session that all communicants and all who are uniting either by certificate or on profession of faith be present at this preparatory service to-night at 8 o'clock.

A heavy train containing a large contingent of Mystic Shrines passed through on Sunday afternoon eastbound. The special of five cars was conveying them who have been attending the convention of the Mystic Shrine in Los Angeles, to their homes. The Shriners all expressed themselves satisfied with their trip through B.C. and spoke enthusiastically of the country.

Mrs. J. C. Kemp, who has just been elected supreme representative to the Triennial Review of the Supreme Hive of the L. O. T. M. and who is D. S. C. for British Columbia, is registered at the Central Hotel. Mrs. Kemp is organizer for the province and is in the city for the purpose of instituting a Hive in Revelstoke amongst the ladies and organizing a local lodge of the Ladies of the Maccabees.

Come and see the "Ribbon Drill" by the Wee Ones, under the directorship of Mrs. Telfer, at the Knox Church May Festival, May 30.

Social and Personal

Mrs. W. Morris will not be at home until the first Saturday in June.

The Rev. C. A. Procunier left yesterday for Nelson for a few days visit.

Mrs. D. Lyttle left on Sunday evening for Vancouver, on a visit to her sister, Mrs. J. Edwards.

Mr. Williamson, of Bear Creek, and his son G. Williamson leave tomorrow for a trip to Ireland.

E. W. B. Paget has returned from a round visit to Nelson, through the Crow's Nest to Calgary.

Mrs. Harry Morris and family and Mrs. Farrell left this morning for Halcyon on a three weeks' visit.

Bishop Dart, of the Kootenay Diocese, will hold confirmation in St. Peter's church on Sunday, June 10th.

Mrs. R. Laughton gave an afternoon tea yesterday, in honor of Mrs. J. Laughton, who is leaving on Friday morning for an extended trip to the Old Country.

Mrs. Geo. Maundrell, of Armstrong, mother of H. R. Maundrell of P. Burns & Co.'s staff, who has been visiting Mr. and Mrs. Maundrell here for the past two months, returned home yesterday.

EXCURSION CANCELED.

Owing to high water in the Columbia River canyon the s.s. Revelstoke has been prevented from coming below the bridge for the Eagles' Arrow Lake excursion on Empire Day, consequently the trip has been called off. The committee wired to Nelson to endeavor if possible to secure a steamer from them from the C. P. R., but a boat could not be procured. Those who have bought tickets will have their money returned.

Exhibition of Ladies' Culinary Art.

CORPORATION OF THE CITY OF REVELSTOKE

SEAL OF THE CORPORATION OF THE CITY OF REVELSTOKE BRITISH COLUMBIA

By-law No. 99

A By-law to provide for the construction of main and common sewers in the City of Revelstoke and to authorise the issue of debentures for the purpose of raising the sum required therefor.

WHEREAS in the opinion of the Council and in the interest of the City it is desirable to construct a system of sewers in the City of Revelstoke according to the plans and specifications therefor prepared by Thos. H. Tracey, Esq., City Engineer, and approved of by the Council and that the funds to be provided for such improvement shall be repaid by special rate of frontage tax to be levied on the land or real property in or on or fronting or abutting upon the portions of the streets and lanes throughout the City and immediately benefited thereby.

And Whereas such work is a local improvement.

And Whereas under and by virtue of the Municipal Clauses Act the Council duly passed a By-law known as the "Local Improvement Sewage By-law No. 98, 1907," being a By-law to provide for the means of ascertaining and determining what lands or real property will be benefited by such improvements and of ascertaining and determining the proportion in which the assessment is to be made on the various portions of land or real property so benefited.

And Whereas in pursuance of the said By-law the City Engineer has ascertained and determined the said works and improvements and has certified as correct a plan or description thereof, and has made an estimate and report of the expense or cost thereof, and has ascertained and determined and shown on said plan and in said reports what land or real property will be immediately benefited by the proposed improvements.

And Whereas in pursuance of the said By-law the City Clerk has ascertained and determined the proportion in which the assessment is to be made on the various portions of land or real property to be benefited and has duly made his report thereon to the Council and which report has been approved of and adopted by the Council.

And Whereas notice signifying the Council's intention to undertake such improvements and of making the assessment therefor has been published and given as required by said By-law and the Municipal Clauses Act and no petition has been presented against the proposed improvements.

And Whereas $99,511.75 is the total amount of the cost of the said improvements and is the amount of the principal debt to be created by this By-law.

And Whereas by sub-section 17 of Section 256 of the Municipal Clauses Act the Council is empowered in the case of by-laws passed for works payable by local assessment, in order to facilitate the negotiation of debentures thereunder, to declare that the debt or any portion thereof is further guaranteed by the Corporation at large.

And Whereas the total amount required to be raised annually by special rate per foot for paying the said debt and interest thereon and for creating a sinking fund for paying the said principal debt within 20 years, which said debt is created on the security of the special rate as settled by this By-law, and on that security only, and further guaranteed by the said Corporation at large, is for interest $1,975.58, and for sinking fund $3,703.38, making a total of $8,678.96.

And Whereas the total assessed value of the whole real property rateable under this By-law according to the last revised assessment roll is $334,825.00.

And Whereas the Council is desirous of passing a By-law for the purposes mentioned.

THEREFORE the Municipal Council of the Corporation of the City of Revelstoke enacts as follows:

1. That the said hereinbefore recited estimates, plans and reports be adopted and that the proposed improvements in constructing main and common sewers and the works connected therewith throughout the City of Revelstoke be made, constructed and carried out in accordance therewith.

2. That the land or real property which is immediately benefited by the said improvements shall be that which has been ascertained in the said plans and reports of the said City Engineer and the shares or proportions in which the said assessment is to be made on the various lots or portions of lots benefited together with the amount necessary to form a sinking fund and interest shall be as shewn by the report of the said City Clerk which lands or real property and assessments are shown in the said report of the said City Clerk and the said lands or real property and portions of land or real property mentioned in said report of said City Clerk are hereby assessed accordingly with the payment of the amount as therein set out opposite each said portion of land or real property and the said report is hereby adopted as the assessment roll for the purposes of this By-Law.

3. The amount of the special rate assessed as aforesaid against each lot or part of lot respectively shall be assessed, levied and collected in each year for 20 years after the passing of this By Law during which the debentures have to run.

4. It shall be lawful for the Mayor of the Corporation of the City of Revelstoke to borrow upon the security of the special rate hereby imposed and upon the credit of the debentures hereinafter mentioned, from any person or persons, or body or bodies corporate who may be willing to advance the same, a sum not exceeding in the whole the sum of $99,511.75 being the sum necessary for the work, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said City for the purposes herein recited.

5. It shall be lawful for the said Mayor to cause any number of debentures, to be called "Local Improvement Debentures," to be made, executed and issued for such sum or sums as may be required for the purposes aforementioned not exceeding however the sum of $99511.75, each of the said debentures being of the denomination of One Thousand Dollars except in the case of one of such debentures which may be for a lesser sum if deemed requisite by the said Mayor, and all of such debentures shall be sealed with the seal of the Corporation of the City of Revelstoke, and signed by the Mayor and Clerk thereof.

6. The said debentures shall be made payable in twenty years from the day hereinafter mentioned for this By-Law to take effect, at the office of the Molsons Bank at Revelstoke, B. C., aforesaid, which said place of payment shall be designated by said debentures, and shall have attached to them coupons for the payment of interest, and the signature to the coupons may be either written, printed, stamped or lithographed.

7. The said debentures shall bear interest at the rate of Five per centum per annum from the date thereof, which interest shall be payable semi-annually at the office of the Molsons Bank at Revelstoke aforesaid in lawful money of Canada.

8. It shall be lawful for the said Mayor to negotiate and sell the said debentures or any of them at a rate below par if he may deem it necessary to do so, and to authorize the Treasurer to pay out of the sums so raised by the sale of the said debentures all expenses connected with the preparation and lithographing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

9. For the purpose of forming a sinking fund for the payment of the said debt and the payment of the interest thereon at the rate aforesaid as the same becomes due, there shall be assessed and levied over and above all other rates and charges the annual sum of $8,678.96 in each and every year until the said sum of $99,511.75 and interest is fully by special rate per foot frontage upon all the land or real property according to the respective amounts hereinbefore recited as set forth in the said report of the said City Clerk, such yearly rate to be assessed and levied in each year at the same time and in the same manner as ordinary taxes are assessed and levied.

10. The amount of the special rate or frontage tax levied hereunder shall be added to the taxes for the financial year in which such rate or frontage tax is assessed and levied, and such special rate or frontage tax may be enforced and recovered in the same manner and in every respect as ordinary land or real property City Taxes, whether by the sale of the land or real property upon which the same attaches, or by registration, as a charge upon such land or real property, or otherwise as provided by the Municipal Clauses Act.

11. If the owner of any portion of the said land or real property hereby assessed shall desire to commute the special assessment imposed by this By-Law, he or she can do so by paying to the Treasurer of the Corporation, on or before the Fifth day of December, 1907, the amount set opposite the real property, lots or portions of lots mentioned in the seventh column of the said report of the said City Clerk.

12. Any amounts paid in commutation shall or may be invested according to the provisions relating to the investment of the City Sinking Fund.

13. It shall be lawful for the said Corporation from time to time to repurchase any or all of the said debentures at such price or prices at or below par as shall be mutually agreed upon.

14. The said debt as created by this By-Law is hereby further guaranteed by the Corporation at large.

15. This By-Law shall come into force on the Second day of July, 1907, may be cited as the "Local Improvement Sewage Assessment By-Law No. 99, 1907."

Read a first time the 21st day of May, 1907.

Read a second time the 21st day of May, 1907.

Read a third time, and passed, the 21st day of May, 1907, with the unanimous consent of the Council.

Reconsidered and finally passed and adopted by the Council the day of 1907.

.....
MAYOR.

.....
CITY CLERK.

Take notice that the above is a true copy of a By-Law which is intended to be finally passed and adopted by the City Council for levying a frontage rate to pay for the construction of the improvements therein mentioned and that the Assessment Roll as contained in the report of the City Clerk, mentioned in the said By-Law, showing the rate and the lands or real property liable to pay the same, together with the names of the owners thereof, is now on file in the office of the City Clerk and is open for inspection during office hours.

The first sitting of the Court of Revision to revise the assessment will be held on Wednesday, June 12th, 1907 at the hour of 7.30 o'clock in the afternoon at the City Hall, Revelstoke, B. C., for the purpose of hearing complaints against the assessment as proposed by said By-Law, or the accuracy of the frontage measurement or any other complaint which persons interested may desire to make and which is by law cognizable by the Court.

All complaints against the said assessment must be served upon the City Clerk at least (8) eight days prior to the date of the first sitting of the Court of Revision.

Dated May 22, 1907.

H. FLOYD,
City Clerk.
