BRITISH VESSELS

In Chilian Waters Assured Full Protection by Lord Salisbury.

AN IRISH FARMER STRIKES AN EARL

The Bradford Weavers' Strike an Extremely Serious Affair.

MORE JEWISH OPPRESSION

The Hurlburt Breach of Promise Case Excites the Deepest Interest.

LONDON, April 14.—Salisbury interviewed the German ambassador and Chilian minister. It is stated that England and Germany are considering a proposal to relieve the situation of foreigners in Chili, and under pretext to aid the congress party in bringing Balmaceda to terms. The German fleet which has been ordered to Chili, goes with instructions to co-operate in all things with the British, to whom the protection of German interests on the Chilian coast has heretofore been committed. It was British influence exercised through Minister Kennedy under the directions of Lord Salisbury, that saved the congress fleet from being outlawed and treated as piratical, as Balmaceda desired that it should be. The British at once accorded belligerent recognition to the insurgents, and have since aided them in every way possible without open violation of international law. It is understood that Lord Salisbury's instructions to the British admiral embrace much more than has been officially announced and that Balmaceda will find the fleets of England and Germany virtually arrayed against them. British merchants and shipowners have brought great pressure to bear upon the government to put an end to the existing state of affairs which threatens to be prolonged indefinitely, and is causing immense injury to British and German as well as French interests on the west coast of South America.

BRITAIN SPEAKS OUT.

Lord Salisbury has cabled to the British Minister an Santiago and to the admiral commanding the British fleet of Valparaiso that President Balmaceda's closing of the nitrate ports (in which British capital is interested to the extent of several million pounds) is ultra vires, inasmuch as no blockade has been established or declared. The British government has also notified British shipowners, that the British admiral will protect their interest in Chilian ports and that England does not recognize the right to exact double duties once by the congress forces and again by Balmaceda, under protest.

THE NEWFOUNDLAND CRISIS.

Lord Knutsford announced today that the bill for the coercion of Newfoundland would be brought up for a second reading on Monday next and the Newfoundland delegates would be heard at the bar of the House if desired.

THE WEAVERS' STRIKE.

An ugly state of feeling prevails in Bradford today. Working people feel that their rights have been trampled on, that the authorities unjustly suppressed the meeting of the striking weavers yesterday, and the subsequent reading of the riot act and the calling in of military was an excuse for brute violence, wholly unnecessary under the circumstances and only calculated to intimidate labor from presenting its just demands. Angry groups are gathered about the streets discussing the events of last night and the treatment of the people. Their demeanor is threatening, and the entire police force is on duty today. The leaders of the striking weavers have determined to call a mass meeting for next Sunday, which will be swelled by delegations from all the country round. It will then be seen whether the rights of the people to meet in public will again be interfered with by such an expression of arbitrary power. A deputation of Socialists from London will attend the meeting. About a dozen of the strikers who were arrested yesterday were sentenced to one or two weeks' imprisonment.

GRANVILLE'S SUCCESSOR.

The Liberal members of the House of Lords held a meeting today and Earl of Kimberly was chosen to succeed, pro tem, Earl Granville as Liberal leader in the House of Lords. The Earl of Kimberly will have as an assistant in the leadership Earls Spencer and Rosebery.

A DESPERATE MOVE.

The case for breach of promise brought against William Henry Hurlburt is the latest sensation here and excites keen interest in the community where the parties are so well known. Sir R. Webster, the Attorney General, continues to act as counsel for Mr. Hurlburt, while George Lewis, an eminent solicitor, is submitting to a rigorous search the past life of the plaintiff called Gladys Evelyn. She has already been forced to admit that she has lived as wife with two men. Her papers have been impounded. The suit is a desperate move on her part. Should she lose it a trial for perjury will follow.

A GENUINE SAVAGE.

A horrible tragedy occurred in a public house in North London this morning. A man named Fritz, employed as barman in Eggleston's public house, became wildly intoxicated and attacked the young daughter of his master, striking her on the head with a hammer and fracturing her skull. The child fell senseless at his feet, and Fritz, now thoroughly frenzied, seized her by the hair and dragged her into the parlor, where, after locking the door, he smashed the furniture. Seeing signs that the terribly injured girl was returning to consciousness, Fritz again attacked her with the hammer and beat her until he supposed she was dead. He then went to his home, where he loaded his revolver, telling his wife he intended to kill every member of Eggleston's family. Then he dashed out of the house and has not been seen since. Fritz's victim is still living, but cannot possibly survive many hours. The police are searching for him.

NAVAL COMMENDATION.

Naval experts in England have for some time been attempting to attract attention toward the American navy in process of construction. The English public is just beginning to take an interest in this effort. This interest is stimulated, perhaps, by the talk of sending Italian ironclads on a trip to New Orleans. The Times prints an account of what it calls "The New American Navy" and discusses it editorially. The editorial is worth attention because it is the work of an authority on shipbuilding, whoever he may be. He thinks it right that the United States should have a navy. He admits handsomely that the United States has distinguished, even glorious naval traditions; that Americans are renowned for the novelty and audacity of their mechanical inventiveness. They are, however, going ahead rather too boldly and lightheartedly in building ships, which, good as they are, do better on paper than on water.

THE NEW EXPLOSIVE.

Captain Grierson, of the Royal Artillery, who has been attending the German army manœuvres for the past two years, says that the three great factors which have influenced battle tactics lately are smokeless powder, magazine rifles and the small calibre rifles. Captain Grierson thinks that, for field artillery, smokeless powder is both a boon and a curse; a boon because it gives a clear field for fire, and a curse because it enormously increases the difficulty of seeing the object aimed at.

AT DAGGERS DRAWN.

DUBLIN, April 14.—It is stated in well informed quarters that Messrs. Sexton and Healy are having a serious quarrel in regard to the editorial management of the National Press, the organ of the McCarthy party. Mr. Sexton, it is said, objects to Mr. Healy's praising himself in letters unsigned or bearing fictitious signatures, and there are other matters in dispute between the two men. M. Dickson, M. P. for Stephens Green, is endeavoring to effect a reconciliation.

A GALLANT IRISH FARMER.

In Ireland the farmers are up in arms against fox hunting squires and peers. In the vicinity of Parsontown, Kings County, where Lord Rosse holds court in his feudal castle, the agriculturists have resolved that their fields shall no onger be trampled with impunity and that fox coursing must cease. The young Earl of Huntington, a captain in the Prince of Wales' regiment, was dashing today across farmer Murphy's meadows, with a fox and a pack of hounds, when the farmer unexpectedly appeared and seized the earl's horse by the bridle. The earl, who traces his ancestry to a steward of the conqueror, was aghast at such a liberty on the part of a peasant, and raising his whip struck a blow at the farmer. Murphy, nothing daunted, held the horse with a powerful arm while he struck and nearly dismounted the earl. The intervention of others put an end to the contest, and the hunters retired leaving farmer Murphy in possession of his acres.

ANOTHER WHIM.

The Kaiser has concluded to remove the old cathedral at Berlin, and have a new one erected as soon as possible, and it is hoped that the work may be taken in hand next autumn, by the pulling down of the existing building, and clearing the site for the new and splendid edifice. Berlin is in great need of increased church accommodation, as on special religious occasions the houses of worship are so crowded that many have to go away. The building of churches has not kept pace with the growth of the population.

American Enterprise.

ROME, April 14.—An enterprising American collector of curiosities has been in this city several days and has succeeded, now, in his quest. He has been by him was politely declined.

Against the Treaty.

CONSTANTINOPLE, April 14.—The Turkish authorities at the Dardanelles stopped a Russian war vessel belonging to the volunteer fleet which has been filled out by popular subscription and which was on her way to Vladivostock, Asia, near the northern limit of Corea on the Caspian sea. The warship was loaded with railroad material and had as passengers a large number of military workmen detailed to construct the Trans-Siberian railroad which is intended to make a harbor and arsenal of Vladivostock, one of the most valuable ports of Russia in Asia. The commander of the vessel made an appeal to the Russian ambassador at Constantinople, M. de Nelldoff, who in turn presented a vigorous protest to the Porte. M. de Nelldoff declared the action of the Turkish authorities to be a flagrant violation of the commercial treaties existing between Russia and Turkey. The Turkish government after an interchange with the Russian ambassador permitted the ship to pass the Dardanelles. The detention was made on the authority of the treaty of 1841 concluded by the five great powers and Turkey. The treaty stipulated that no ship of war belonging to any nation except Turkey should pass the Dardanelles without express consent of the Porte.

Probably Correct.

This is how the Bellingham Bay Express sums up the late great showman's virtues and the reward he ought to have: P. T. Barnum, the great showman is dead. If he could return from his trip he could advertise to the world that he had "The Solution;" the "only" curiosity of the age, secured at a great expense, etc. Barnum was a great and good man; everybody has laughed at and enjoyed amusements he provided. The world was better for his being in it. The best there is on the other side of Jordan is none too good for P. T. Barnum.

Gets Another Chance.

In consequence of the defeat that Thomas met with at the hands of Stewart of Nanaimo on Saturday, the athletic association of that city has decided to make up a purse of $250 and allow the two men to wrestle for it. The affair will probably come off next Saturday night, and this time the chokehold is to be barred. Thomas feels confident he can down his man, providing he does not use the strangle hold, and as he appeared to be acquainted with all the other holds in his matchless wrestling will be hard entertaining.

The Martha C. Fisher.

Capt. Foster, of the British bark Martha C. Fisher, just arrived in Victoria, left London on November 13th with a general cargo consigned to Messrs. Robert Ward & Co., of that city. She met with favorable weather to Madeira, which she reached in fourteen days, proceeding thence to the equator, which she crossed on the 27th from the Thames. From the line she passed to Staten Island, having very high winds in the South Atlantic. She had a month of very bad weather, and was a month between Diego Romeriz and Cape Horn, experiencing very rough wind. She lost her pleasure off her forward house, and received other injuries, including slight damage to her rigging. From 30 degrees south to the Pacific Equator she had lost 37 days of good winds. After three days of calm in the Straits, she arrived at Esquimalt, yesterday, all well. Included in her cargo was a 25-ton gun for H. M. S. Warspite, and a large shipment of naval explosives, besides 3,000 kegs of blasting powder for Messrs. R. Ward & Co. These she is discharging at Esquimalt, and after unloading there will go on to Nanaimo to take on coal for Kilmenon, Alaska. There she will take on a large shipment of fish guano and oil for the United Kingdom. She had, on the whole, a very pleasant and successful voyage. She belongs to F. Iredale & Porter of Liverpool.—Colonist.

SAN FRANCISCO, April 14.—The barkentine J. D. Spreckles left San Francisco about a month ago for Kahului with general cargo. The Hawaiian customs authorities sent an inspector from Honolulu to search the cargo. The result was the seizure of seven hundred pounds of opium. Had it been got ashore smugglers would have netted $35,000. The supply of the drug in Honolulu is very small; as much as $70 per pound has been paid for small quantities.

Miraculously Saved.

FALLS CITY, Neb., April 14.—A Missouri Pacific passenger train went through a trestle near here this morning. The engine and sleeper remained on the track. The remainder of the train went down. Strange to say no one was injured.

Their Morality Law.

CHICAGO, April 14.—In view of the fact that the Minnesota state senate has passed a bill forbidding the appearance of women in tights on the stage in that state and the possibility that the house may pass it also, making it a law, the McCall Opera Company has cancelled its dates there. Manager Avery today telegraphed the St. Paul manager at whose house the company was to have appeared in these words: "No tights, no show."

Suddenly Disappeared.

ST. LOUIS, Mo., April 14.—Society and business circles are stirred over the disappearance since last Friday of Page McPherson of the firm of McPherson, Switzer & Co., stock brokers, 208 North Rod Street. It is reported that Mr. McPherson's accounts are involved to the extent of $20,000. There is no clue to his whereabouts. Mr. McPherson has posed as the leader of St. Louis society's "400" and his flight has caused a sensation.

Ways of Wickedness.

The well known athlete of this city, was shot and almost instantly killed this morning by John E. Hughes, a barkeeper. The men had been playing cards and Bell lost his last dollar. He became infuriated and attacked Hughes in a savage manner. The bystanders interfered and pulled Bell off, but he shook them loose and reached for a pistol in his hip pocket. Hughes saw the movement and quick as a flash he turned to a sideboard and grabbing a revolver fired three shots at Bell, who reeled and fell to the floor dead.

Footlight Favorites.

NEWARK, N. J., April 14.—The marriage was announced today of Miss Emily Pierrie, the pretty serio-comic singer of Gus Hill's "World of Novelties," and W. Harley, the well known character impersonator connected with the same company. Rev. E. Martin of of the First Reformed Church performed the ceremony on Thursday last, and after the performances at Waldman's Theatre, the young couple gave a supper to the members of the company at the Ashland House. Miss Pierrie and Mr. Harley met a year ago for the first time, having joined the show together. She is a native of San Francisco and is a sister of Miss Carrie Swain, an actress well known in the west. The groom hails from St. Louis.

Utopian Survivors.

NEW YORK, April 14.—The Italian immigrants saved from the wreck of the Utopia, who were brought to this city, were landed at the barge office today. Many of them suffered the loss of some friend or relative, and in some instances one member of a whole family was all there was left. Of one family of eight only the father and one son reached here, the mother, brother and four children having been lost. One sad case was that of a little Italian boy about 9 years old who was all alone, his parents having been drowned. When the accident happened he jumped overboard and got astride of a plank, to which he clung until picked up by the rescuing boats. He was taken care of here by the Italian Home Society. Capt. Marr of the Anglia, the steamer which brought the rescued immigrants here, stood by the registry clerk's desk as the immigrants passed by to be registered and to each he gave $12. It was the division of the fund that had been subscribed to their relief.

CANADIANS ... Brosse at the Grand Trunk Half Yearly Meeting.

MONTREAL, April 14.—A special cablegram to the Star reports most exciting scenes at the half yearly meeting of the G. T. R. held in London today. Sir Henry Tyler, president of the company, violently attacked Sir Charles Tupper, but the meeting refused to listen. The company's report was adopted, but when the question of the election of directors came up an amendment was moved and much to the surprise of the meeting was carried amid rousing cheers by a vote of 60 to 10. After the excitement had been in a measure allayed, Sir Henry Tyler demanded a poll, which will take place tomorrow. As Sir Henry made his demand he was greeted with such cries as, "This will be a death blow to your connection with the company," and, "you had better go." Amid much excitement a motion to adjourn for a fortnight was carried.

NEW POSTAL SERVICE.

QUEBEC, April 14.—On April 23rd the first English mail for China to go over the C. P. R., will leave Liverpool, reaching this city on May 2nd.

A MONSTER LOAN.

All the talk in financial circles here is the loan effected in London by the C. P. R. of $21,000,000 at 4 per cent. to be Minneapolis, St. Paul and Sault Ste. Marie Railway. The Canadian Pacific guarantees the loan and receives in return a mortgage upon the road which will insure its control. The issue of the price of the bonds was 92. The sum of $14,290,000 will be reserved for the exchange of existing bonds.

MEETING WITH SUCCESS.

Premier Mercier and Hon. Mr. Shehyn, Provincial Treasurer, have succeeded in making preliminary arrangement for a new Provincial loan of $10,000,000. The Bankers are French, German and Dutch houses. The Canadian colony in Paris will tender the ministers a banquet.

STUBBORNLY FOUGHT OUT.

WINNIPEG, April 14.—The Manitoba Legislature was in session 22 hours yesterday and today. This was caused by the Opposition making a decided stand against the passage of the Franchise Bill, which they characterized as one of the most iniquitous measures ever attempted. The new bill places the making of new voters' lists in the hands of the Government and its supporters.

IN FINANCIAL TROUBLE.

TORONTO, April 14.—Joseph Knowles, who, a short time ago engaged in the banking business at Prince Albert, and who left that place for the ostensible purpose of visiting friends in Toronto, has been arrested here on a caplas issued by Henry and William Rogers of Halton county. The amount mentioned in the caplas is $1,500, but the real amount in dispute is said to be much larger.

Battled for Love.

MILAN, Tenn., April 14.—News has reached here of a novel encounter which took place Friday afternoon at Brazil. John Gibson and William Knox fell in love with Miss Carrie Moss and have been marked in their attention to her for the past few months, neither, however, seeming to make any progress. A few days since the young men got together to talk the matter over, and as they could come to no pleasant agreement, it was decided, with the young lady's consent, to settle the matter by a fight of six rounds. Miss Moss to act as referee. Friday afternoon they went one mile south of Brazil, attended by Miss Moss and four friends. The two combatants leaped into the ring, grasped each other's hand, and the fair referee called time, smiling at both. Knox made a feint with his right, which Gibson easily parried, and letting drive his left sent his opponent to the earth. Little fighting was done in the second, third and fourth rounds. In the fifth round it was plainly seen that Gibson was being worsted, though he was determined, he rushed at Knox, who knocked him down with a heavy left-hander. This dazed Gibson and he was easily knocked down again, and failing to come to time, the fight was given to Knox. Then the girl threw herself into Knox's arms: Gibson, it is said, will leave at once for Texas.

An Augean Stable.

As a sample of how the post office in this city is managed the adventure of a stamp may be related. It was one afternoon and on entering the main door he immediately found himself in the middle of a dense crowd, composed of all sorts of people. He wanted to buy a stamp. He thought this was a very modest kind of a desire, and never imagined that it was a sin to just after a mean little three cent stamp. But the postoffice people don't look favorably on any such feelings, and when he enquired for one at the money order department and offered to pay cash down for it, he was icily ordered to apply at the stamp window round the corner in the corridor. This is a good name for that window—stamp window—because if a man is meek and mild and understized, the crowd around the window will stamp all over him and howl for more in the mad endeavor to get a hand in to grab for their mail. Our hero found a crush six deep round the window, and hope for a season retired behind the scenes. What was he to do for a stamp? The only thing in that line on the premises seemed the liability of a stampede occurring. After waiting around many precious minutes, being jostled by the crowd, elbowed out of the way and jammed in a corner like a sardine, not a Thulle, he groaned and went out into the sunshine and the fresh air. He finally procured a stamp in a store down town. The fact of the matter is that Westminster's post office is run in a way that would throw discredit on the latest settlement up the Congo, where they make a biscuit box do for a post office. It is perfectly evident that the whole machine is run on a public be-something or other principle that should not be mentioned in polite society. It seems really comical to think of the whole mailing business of Westminster, a city of 10,000 inhabitants, being transacted through that miserable 10x20 hole in the wall. Why not have a special poste restante department and another in which stamps and information only might be dealt out. It is scandalous that while improvements are taking place in every other branch of the city's business the post office department remains a disgrace to the city through its crudeness and mouldy, old fashioned ways of meeting a modern public.

Our Sailor Actors.

The grand programme to be given on Saturday night by H. M. S. Nymphe Dramatic Club is almost any event of a similar nature that has been in contemplation here in a long time. It would seem, taking the public expression as a guide, that Herring's opera house will be almost too small to contain the audience. Everybody seems to have decided already to go, and if they do they had better go early, for seats will be at a premium long before the performance begins. Many of the city's elite will honor the performance with their patronage, and altogether a thoroughly representative Westminster house may be confidently anticipated. The programme of the evening is as follows: The curtain will rise on a most amusing comedy in two acts, entitled, "Checkmate"; the characters are, Sir Everton Toffee, Mr. H. Seadon; Sam Winkle, his groom, Mr. W. Sims; Henry, a waiter at the Plantagenet Hotel; Mr. J. Male; Strap, a stableman, Mr. J. Cox; Cheeks, a page boy, Mr. C. Green; Bottles, a butler, Mr. H. Stafford; Miss Charlotte Rose, Mr. W. Wickenden; Martha Rose, her maid, Mr. W. Alexander; Mary Ann and Jane, servants, Messrs. Alexander and G. Axton.

Next will follow a laughable farce entitled, "Borrowed Plumes," with the following cast: Mr. Rotherby Bibbins, Mr. H. Seadon; Horatio Gustavus Tattleton, afterwards Captain Slasher, Mr. G. Huton; Dick Mizzle, owner of the Flying Mackerel, Mr. W. Sims; Violet and Emma, daughters to Bibbins, Messrs. W. Wickenden and J. King.

Following the farce will come an interesting exhibition of the cutlass exercise by seamen of H. M. S. Nymphe under the leadership of Mr. H. Seadon; to conclude with a grand realistic naval tableau, "Britannia, or, Ready aye Ready."

The Ledger.

WAKE UP!

There is a popular superstition that a Board of Trade exists in this city. If this thing be a reality, the public would greatly enjoy seeing it prodded up a little.

This city is missing golden opportunities to advance its interests.

Every day almost comes fresh news of a new manufactory being started in British Columbia. But rarely, if ever, is New Westminster favored. The reason is, its public men are asleep.

No mention is ever heard at the Council meetings of methods by which the city's industrial and commercial interests might be advanced. And the Board of Trade! It is surely a myth.

This Province is bound to have a certain number of factories of one kind and another; what are we doing to attract our fair share of them here? Nothing.

But Vancouver and Victoria are both alive, and they are getting the factories as a result.

Depend on it, incoming manufacturers are not going to thrust themselves uninvited upon us.

It would pay this city to employ a good man to look up its interests in this regard—some hustling, energetic fellow—one who never was nor ever thought of becoming a member of the Board of Trade or the City Council.

THE MARKET SCHEME.

It is to be hoped that there will be a large and representative meeting of citizens on Friday evening, when the market question will be discussed thoroughly. We learn that there will be some opposition to the establishment of such an institution, as the ground that it will probably prove unsuccessful and unprofitable. This view, as our readers are well aware, we do not hold nor do we think that it is entertained by more than a small minority of our citizens, who are doubtless open to conviction, and will, we hope, be convinced by the many cogent arguments which can be adduced in support of the erection of a large farmers' market at some point in our city, as near the riverside and railway station as possible.

What, however, will probably cause greater difference of opinion, than the question of the establishment of a city market, will be the selection of a site. The choice of this has seemingly to be made, between Lytton Square and the City Hall, and its adjoining enclosure. The former place is undoubtedly by far the more convenient of access from the centre of the town and the rail, from the Fraser's bank and situated on a hill side, up which it will be less easy for heavy laden farm wagons to make their way. There are however, it seems, certain obstacles to the adoption of Lytton Square, as a market site. Front Street, across which access to it must be had from the river is, during part of the day, somewhat impeded by railway traffic. It was moreover once intended—and for this some of the members of the Council still hope—that a second railway entering this city should seek terminal facilities in Lytton Square itself. This however is doubtful, and we believe that the Council is now under no obligation, thus to set aside the square to railway uses, for which other suitable areas are obtainable, if and when wanted.

The City Council has, however, for the reasons above stated, decided in favor of City Hall Square as the site of the market, which would then occupy the basement of a large, new municipal building. The decision notwithstanding, we still believe that the nearness of Lytton Square to the ferry and the river, and the easy gradient by which it is approached, render it by far the most suitable site in the city for a new market, especially one like ours that may be expected to become a great emporium for fruit, an article easily damageable, and for which therefore the less difficulty in transfer from riverside or railway to market the better. It is of course, obvious that fruit and other freight can, either from rail or river, be carried with the greatest ease on to Lytton Square, which is more than can be said in favor of the present City Hall precincts. We therefore consider that despite the railway traffic along Front Street and the possibility of affording new terminal facilities at or about Lytton Square, that square affords the best site for our city market. The market will be most likely there to become a commercial success; and as suitable terminal facilities for a second railway can elsewhere be provided when required, this consideration needs not stand in the way of a choice of Lytton Square. We therefore hope that the Council may yet reconsider its present decision, and revert to the site of a Lytton Square market.

NOTES AND COMMENTS.

Our legislators have resolved, with two dissentients only, to increase their sessional allowance from $400 to $600, they thus bring their parliamentary remuneration to a level with that of the members of the Ontario legislature, and as $600 are here by no means equivalent to the same salary in the Eastern province, there is little to be said apparently against the proposed increase.

* * *

English advices state that although confidence is gradually being restored, there will for some time continue to be reluctance to invest largely in commercial undertakings outside Europe. The collapse of credit in South America thus injures for a period the development of legitimate enterprise in other parts of the world, and especially in new and rising colonies like ours. We thus to a certain extent suffer for Spanish American rascaldom and revolution.

* * *

Another large banking firm, that of Messrs. DE MURIETTA & Co., which was like the house of BARING seriously affected by the Argentine collapse, has lately been reconstructed as a limited liability company with a large amount of new capital behind it. It must but for this have collapsed with disastrous effect to many thousands of people in England and elsewhere.

* * *

Some of the great civilised powers of the world will surely ere long interpose to prevent a continuance of the present reign of massacre in Chili, where British and American commercial interests are numerous and important. So villainously conducted is the civil war which President BALMACEDA and others have provoked that the leaders, one and all, well deserve sentence of death without hope of respite, they being directly responsible for deeds of unmentionable atrocity, which show that under a slight veneer of outer culture and nominal Christianity, the Chilian nature shows itself too often as that of a vicious and bloodthirsty savage.

* * *

No enthusiasm was shown at the sparsely attended meeting of Vancouver citizens on Monday night. Those present properly decided to celebrate in a dignified way the arrival of the Empress of India, and there was an evident desire to repudiate all such absurdity, as the presenting of a municipal address to a crowd of *well to do* globe trotters. Many sensible Vancouver people are naturally indignant at the notion of any such lowering of the dignity of the city. It seems probable that the committee which has been appointed will arrange for the decoration of streets and buildings, and the holding of a public banquet in honor of the occasion. The further advertising of Vancouver and its resources may then safely be left to the local real estate men.

* * *

It seems that the cold water thrown by the Victoria Board of Trade on the proposed one million dollar railway ferry bonus has not killed the proposal, which is shortly to be brought before the Victoria City Council, and if there carried, submitted as a by-law, to a vote of the ratepayers. In view of this, the Colonist, which has evident doubts of the advisability of the project, invites a general discussion of its merits and demerits, and offers to open its columns freely for this purpose. The probability is, that the proposal will be vetoed as involving lavish expenditure without any assured prospect of benefit to the community in return.

SCOTCHMEN, ATTENTION.

A MEETING OF THE CALEDONIAN society of St. Andrew's Society will be held at St. Leonard's Hall on Tuesday the 21st inst., at 8 o'clock p.m., to take into consideration matters of vital importance to the Society. *All Scotchmen are invited to be present.*

SIR, One man is better than another, just in proportion as he dresses well. Talk as you will, it is the external appearance by which we judge a man at first sight, and first impressions are the most lasting. No man who can afford to buy a suit of clothes, can afford to have that suit ill fashioned. That is sound philosophy, and it can be lived up to only by having your garments from the Famous Westminster Tailor

COUNTY COURT.

Prisoner Sentenced to Five Years' Penal Servitude.

Judge Hole presided at the meeting of the County Court held yesterday morning in the old court house. J. Delorie, for Joseph Peters, was brought up for sentence. Mr. Atkinson for the defense pointed out that the crime with which the prisoner was charged, if the evidence of the boy Sommers be given full credence, had been only attempted, and that moreover been admitted by the prisoner that he had asked him to do it, and it therefore showed that the prisoner had no desire to retain the stolen goods. His honor in addressing the prisoner said that he had had the benefit of a plea of guilty, in which not a point might tell in his favor had been urged, but, in view of the evidence that had been adduced, it was his duty to find the prisoner guilty of the attempt to commit this crime, the extent of punishment for which was ten years' penal servitude; he would, however, after having taken into consideration the facts of the case, temper the action of the law with mercy, and therefore sentenced the prisoner to five years' penal servitude. The prisoner received the sentence in the same cool, indifferent way in which he had listened to the proceedings of the trial. Williams and Wm. Brodie were brought up for trial under the speedy trial act. Mr. Leamy for the defense asked that they be allowed to wait their trial at the next assizes, which request was granted by his honor.

CITY POLICE COURT.

Business Plentiful Yesterday Morning and of a Varied Character.

Ah Sow, a Chinaman, was remanded for medical examination on account of alleged insanity.

Joe and Riley, two Indians, charged with being drunk and incapable, were committed for two months.

Kilbould was charged with supplying liquor to Indians. The case for the prosecution was conclusive and his worship sentenced the prisoner to three months in jail with hard labor.

Charles Wing, J. Berkley, H. Southern and J. Allen, charged on the information of A. Magnone with wilfully destroying his property to the value of $50, the articles broken being a stove and table. All the accused pleaded guilty. Mr. Magnone said that on Sunday night he heard a great disturbance in the room which was rented by the four accused and went to the police, after having asked the men to keep quiet. On the arrival of the police three of the men were in bed and when he went into the room he noticed that the stove and table were upset and one of the stove lids broken, but the witness could not say what amount of damage had been done. From the evidence of two of the accused who both swore that they were drunk, it appeared that Pickering and Allen had quarrelled over some cards; they had made an attack on the part the men, but before much could be done the stove and table were upset over and serious damage done to the two combatants, a fact which was evident by the faces of the men. It was also sworn by all the men that the lid of the stove was broken when they took the room; and that the top of the table was moveable. Wing, who appeared for the prosecution, said that the information he had laid charging the accused with disorderly conduct, which was done; and later, after remarking that he considered sober men who would let a trifling affair like this take place more culpable than their drunken brethren, imposed a fine of $10 each on Wing and Allen, the two men who tried to stop the fight, while on the other two men who had said that they made the disturbance. All the prisoners were given four hours in which to pay the fine or go to jail.

A Smart Little Steamer.

The summer Telephone is getting the name of being a veritable greyhound. Captain claims that he can start from Nelson with the Louise, make all his stops and meet that vessel as he is returning to town. Anyhow, there can be no doubt that the little boat can make the trip. She left town yesterday afternoon with a large number of passengers and a heavy load of merchandise for points. The Fairy Queen cleared for North Arm at the same time.

The Name as Indication.

Three miles northwest of the Silver King group is a claim called the Louise. Its owners are confident that the name does not indicate its value, but are prepared to spend several thousand dollars developing it. The work has been done on the ground as yet is a tunnel and an open cut, which exposes from eight to ten feet of vein matter mineralized throughout. The owners of the Jim Crow refused $5,000 for their property this week, in the belief that it will be worth ten times that sum next fall.—Miner.

Price Reduction Works.

Reports are rife that several smelters will be erected in the province, but not one is talked of from any mining district to furnish a regular ore supply. The smelter at Revelstoke, after being idle for nearly a year, has not yet made a trial run; and probably until an ore supply can be procured from Hot Springs district, where it is rumored in Fort Steele owners have opened mines. Hot Springs district is about 70 miles from Revelstoke. Before reaching the smelter the ore must be handled and transhipped several times: (1) at the mine, (2) at the steamboat wharf at Ainsworth, (3) at the railway wharf at Nelson, (4) at the railway wharf at Robson, (5) at the railway wharf at Revelstoke. This long and re-handling will place the transportation charges at so high a figure as to prevent the shipment of the low grade ores from the camps on Kootenay lake. Then, again, the Revelstoke smelter is not prepared to treat the ores of Toad Mountain district; in fact, the mine owners of that district do not propose to ship their ores to Revelstoke or any other distant works for treatment. They want them treated near the mines as possible. The reduction works that will be built at Nelson, provided the site and aid they require are secured, will be so constructed that every character of ore now found in the lake country will be treated at a minimum reduction charges. The company that has taken the matter in hand is backed up by both local capitalists and mine owners, and already much ore has been promised to run a 50-ton concentrator, a 30-ton lead stack, a 10-ton copper stack and a 10-stamp mill. The mine owners who promise the business have the ore in sight. These reduction works will do more to develop the mining resources of the Kootenay lake country than pages of legislative enactments.

Remember the grand entertainment by the Ladies' Auxiliary of the Y. M. C. A. on Friday evening, April 24th. *

H. M. S. Nymphe has been visited by large numbers since her arrival. The visitors never seem to tire of inspecting the beautiful finish of everything aboard the smart little fighting vessel, and do not fail to note the wonderful precision and regularity observed and the admirable cleanliness everywhere noticeable about the ship.

Dr. Ernest Hall, specialist, eye, ear, nose and throat, will be at Hotel Douglas from 3 to 10 p. m. on Wednesday, April 14th. *

Any one who likes walking and is interested in the city's progress should take a stroll out along the lineme being cleared for the Westminster-Vancouver tramway. The rate at which the work is progressing is surprising and when finished and the cars running regularly it will be one of the most delightful summer routes in the country.

Lots for $325 on Douglas road; $5 down; balance 6 and 12 months at 8 per cent. The cheapest property on the market.—BRENCHLEY & BENNETT. tf*

Charles Rush, of the Victoria fire department, will now a rising carsman of Portland for $500 a side some time in May next. Mr. Rush wants the race to take place in Victoria, and his opponent wishes it to be rowed in Portland. It is likely that Seattle will be chosen, which is about half way between the two places. The shells used will be about 31½ feet long by 30½ inches wide.

To Investors—There will be few lots left for sale after the extension to Queensborough. Get in now before the advance in prices. Particulars from F. M. Watson & Co., agents. *

As will be seen by reference to an advertisement elsewhere in this issue, Chief Benson of the Caledonian and St. Andrew's Society, calls a meeting of all Scotchmen in the city for a social in St. Leonard's Hall on the evening of the 21st inst. Matters of vital importance to the society are to be considered. Every bairn o' John Tamson's in Westminster should make a point of being present.

Towle & Wilcox, architects and superintendents have opened an office over D. Lyall's book store, Columbia Street. Modern designs made promptly and practically. *

Ovide Musin, the great violinist, who appears with his own concert company and orchestra of 30 pieces, in Victoria on the 20th and 21st, has received higher prices in large cities than any other virtuoso, and his playing on "one" string is well worth the price of admission. He was recently paid $500 for two solos, and often receives $200. His receipts on 15 concerts in San Francisco last year, with three artists, averaged over $1,200 per night.

Full sized lots on Tramway line, close to city, $150 and $200 each; ¼ cash, balance 6 and 12 months. Cheapest thing on the market. Secure one at once. S. T. MACKINTOSH & CO. *

CLEVER DRAMATIC AMATEURS

A Dress Rehearsal Last Night Gives a Good Idea of Their Powers

The Westminster Amateur Dramatic Club held a dress rehearsal in Herring's Opera House last night. The first piece put on was "Box and Cox," with Messrs. Bowman and Sheppard in the title role and Miss Hill as the landlady. The fine old farce went off splendidly, indeed, considering that the actors were amateurs the performance was wonderfully well done. If there was any improvement to suggest it would be that a little more dash and quickness be infused into the speech and action of the impersonators. The presentation of this time-honored piece was completely successful. When the curtain rang up again it was on the two act comedy, "Down by the Sea." Again the ladies and gentlemen acting the various roles showed that they were thoroughly well up in their parts; the play went off without the approach to a hitch and was most pleasingly presented throughout. The part of the old Frenchman taken by Mr. Brooke was capitally done, but his makeup might have been improved by the addition of a little powder to his wig to produce the desired effect of old age. This trifling defect can, of course, be easily remedied. Mr. Boycott as Mr. Raymond was very clever, and if anything at all could have been desired by a carping critic it would have been a trifle more animation. The small but select audience of admiring friends in the auditorium were quite justified in rewarding the presentation of this piece with hearty applause. The next rise of the curtain showed the stage set for the farce comedy, "Nan, or good for nothing." Mrs. Moresby sustained the title role with much vivacity and grace. Mr. Bowman as Mr. Simpson, the young swell, Mr. Morey as Harry the railroad fireman, Mr. Bloomfield as Tom the gardener, the outspoken friend of Nan, and Mr. Sheppard as the carpenter, were first class and kept the fun going with the utmost verve all through the piece. Mr. Boycott as the man servant was a great success and acted the prim precise "Tummas" of Bloomsbury in the best of form. Of Mrs. Moresby's acting, however, too much cannot be said; the ease and finish with which she took the part of Nan would do credit to a professional actress.

Those who attend the performances tonight and tomorrow night will be delighted; the club deserves the best house Westminster can turn out, and there is every likelihood of such being the case at Herring's this evening.

PERSONAL.

E. Wade of Surrey is in town.

S. Kirkland of Ladners is in town.

R. Ward of Victoria is up on business.

T. Allice of Victoria is up on business.

K. K. Peiser of Victoria is a guest at the Colonial.

J. P. Janes of Fairhaven is over on a business trip.

A. J. Black of New York is stopping at the Colonial.

D. and C. W. Gillanders of Chilliwack are in the city.

E. R. Knight of Popcum is a guest at the Hotel Douglas.

Robert Ward of Victoria came up yesterday from the capital on business.

Miss Ellard is visiting Miss Wadhams and Mrs. Hutcherson, Ladner's Landing, for a few days.

D. L. Lockerby of Montreal is again paying Westminster a visit. He was here last year and found much to delight and interest him, and was not silent about his trip when he returned home.

An Incorrigible Drunkard.

Lockupkeeper Smith had a lodger last night who seems bent on making himself notorious. He appeared on Monday last on bail in the Police Court and was sent back by Mr. Atkinson as he was not in a fit state to appear. He has now got into the hands of the police for a third time, the charge being that he was found in an Indian cabin in a state of intoxication, on which charge he will have to present himself in court this morning.

Oarsmen, Attention.

The Royal City Rowing Club held a meeting this evening in the city hall at 8 o'clock. Every one at all interested in the manly sport is invited to be present. An attempt is to be made to place the club on a proper and well established basis, so that it may take equal rank with the other city athletic organizations, and not be the unheard of quantity it has been, almost since its inception. A good deal of fresh blood has been infused into the club, much to its advantage, and no doubt the work done this year will redound infinitely to the credit of the city's young aquatic society.

Not Appreciated.

The valves on the C. P. N. dock gave an extempore concert last night and the music supplied was of exquisite quality; so was the discomfort of everybody within hearing the livelong night. There would sometimes be a piece of complete quiet that was soothing to the souls of sufferers, then one confounded calf would begin to bawl as if it had lost its mother. Then the others would join in for sympathy and go through the bovine long exercises with horrible precision and vigor. Some city people said that the poor little brutes were suffering, but that, of course, is too ridiculous to be listened to for a moment. Every intelligent person knows well enough that animals cannot feel pain, and more especially calves. They just bellow all night for fun and the benefit of their lungs.

Lacrosse Engagements.

The secretary of the Westminster Lacrosse Club has been instructed to communicate with the secretary of the Seattle club to try and arrange a match to take place, if possible here, on the 24th of May. Or failing that at Fairhaven during the fete which the enterprising citizens of that lively burg are going to have on that date. The Seattles have a fine team, composed of old and well known lacrosse players from "back east," and whose love for the grand game induced them to form a club in Uncle Sam's most progressive western city. A match between the Westminsters and Seattles would be a sight worth travelling a long way to see.

There is also a chance of the Westminster club going to Fairhaven on the "glorious fourth" and giving the people there a taste of their quality. But nothing definite has so far been done towards this enterprise. As will be seen by the formal report of the meeting last night in an adjoining column, lacrosse starts this year with a rush; every player seems filled with the right spirit, and no doubt the wonderful Westminster successes of 1890 will be completely thrown into the shade by the crowning victories of the season of 1891.

LACROSSE ARRANGEMENTS.

The Plan of Campaign Drawn Up for the Coming Season.

A meeting of the Lacrosse Club was held in the City Hall last night and the following business was transacted: The report of the delegates was adopted, and a vote of thanks tendered them by the club. A committee consisting of Messrs. Leamy, Lewis, Dalgliish, Mackintosh and Keary, was appointed to take into consideration the forming of a Provincial Amateur Athletic Association.

A communication was received from the Calgary Club, asking if the Westminster Club would take part in a tournament to be held at that place during the coming season. On motion the secretary was instructed to reply that the committee would give the matter favorable consideration. The secretary was instructed to communicate with the Fairhaven authorities with a view to arranging a match either at that city or here, on May 24th, with the Seattle Club. It was also decided that practice would commence on Wednesday, April 15th, at 5 o'clock, also that practices would be held on Mondays, Wednesdays and Fridays in the evening, and practice matches every alternate Saturday afternoon, commencing on the first Saturday in May. Before the close of the meeting several new members were elected. The meeting then adjourned and a private meeting of the executive was afterwards held.

Heavy Run Predicted.

One of the pioneers salmon canners who has just returned to Victoria from the north states that preparations are under way on the Naas and Skeena for a big pack this year. The prospect of a heavy run is based principally upon the fact of the heavy snowfall in the mountains during the winter. As the Indians say, and the experience of the past has proved them good prophets, "hyson snow" means "hyson salmon;" and there has been an unusually heavy snowfall during the past winter.

Increased Telegraph Service.

Mr. Wilson, superintendent of the Canadian Pacific Railway Telegraphs, is up at Mission directing the inauguration of a new system of wires over the Mission branch to Huntingdon and thence to Seattle, thus giving full connection with the American system of telegraphs. The wires are expected to be strung and everything ready for work with the completion of the railway which is expected to be in about two weeks. The track is laid five miles from the bridge and is being pushed forward as rapidly as possible. The telegraphic connection with the American lines will prove of great service to the Province.

Reeve Thrift's Resignation.

Council met at Town Hall on Monday April 13th. Present, Mr. H. T. Thrift, Reeve; Councillors Bamford, Douglas, McDonald and Parr. Minutes of previous meeting read and approved. Communications were received from Hon. John Robson, Messrs. Armstrong, Eckstein & Grayson, Davis & Morrison, J. A. Grieve, Dr. Walker and W. D. Johnston—received. Communications from Messrs. Ingle & McLean, and J. Brown, laid over until next meeting. A petition from E. M. Wiltshire and others re Clover Valley road was read and action thereon deferred until next meeting, the clerk to notify the petitioners to that effect. Bills and accounts were received from B. C. Gazette $10, Dr. Walker $35, Coroner Pittendrigh $30, Lewis & Greig $39, Zed S. Hall $10.50, Tom Robinson $20, C. C. Cameron $28, J. Patrick $6, J. Beaton $6—referred to Finance Committee and, if correct, ordered paid. The Statute Labor, Nuisance Weeds, Assessment, Revenue and Dyke Commissioners Bylaws were reconsidered and adopted. The assessment roll was then read and on motion accepted as returned. Coun. Douglas was authorized to have the half section line east of Johnson road and north of Yale road defined. An animated discussion on the position of the Council with regard to dyking affairs occupied the members for a considerable time and ended in the following resolution being submitted and carried: "Moved by Coun. Parr, seconded by Coun. Bamford, that it is the feeling of this Council that the Reeve should resign, and they request him to do so." Mr. Thrift immediately wrote out his resignation which was accepted by the Council. The Reeve thereon left the chair and Coun. Parr was on motion appointed chairman. The clerk, E. T. Wade, was appointed returning officer, and instructed to take immediate action for the holding of an election to fill the vacancy. The Council then adjourned until Monday April 27th, at 1 p. m.

A Pointer to the Public.

District Lot No. 28 lies immediately adjoining the city limits. The continuation of Mary Street goes directly through it, and the Electric Tramway will in a couple of months be running its cars every hour of the day through the centre of this property. The lot (No. 28) is composed of the acres of land as level as a table. Contracts have been let to clear and grub the ground, and leave it in perfect condition for building purposes. Already six citizens have decided to erect handsome residences there, ranging in price from $4,000 to $7,000 each. The whole of this splendid piece of property (except some limited portions already disposed of) will be put on the market in a few weeks. One great advantage in buying a lot and erecting a residence on this property is that the owner will avoid heavy municipal taxation. Make a note of it, and wait till the property is put on the market before buying. *
