UNITED STATES NEWS

"WHITE CAPS" IN DAKOTA.

Doland, Dak., March 11.—Antoine Belanger came to Raymond yesterday morning much bruised and with a chain fastened about his neck with a padlock. He said at his home, about twenty miles north of Doland, on Saturday he was aroused from bed by a noise at his barn. On going to the barn door five men, masked with white caps, rushed upon him with drawn revolvers and put a chain upon his neck and also around him and raised him twice to a joist of the barn, threatening to kill him if he did not confess he burned his neighbor's building last fall. To save his life he confessed. They then bound his hands, blindfolded him and took him to the house, broke the furniture and poured kerosene over everything. They took his money and loaded him and his trunk into his wagon behind his own team. Two men on horseback, with drawn revolvers, followed him eastward nine miles, promising him death on his return, while the others reduced his house to ashes. He says he knows them all, and the officers are now after the men he has named. He disclaims any knowledge of how his neighbor's fire originated.

BIBLE SOCIETY MEETINGS.

The committee of the Nanaimo Branch of the Bible Society met yesterday afternoon in the Magistrate's parlor, J. P. Planta, Esq., vice president in the chair. The secretary, Mr. A. Shaw, reported a stock of bibles and testaments in various languages now on sale at Messrs. G. H. Blakeway & Co.'s store. It was resolved at an early date to lay the claims of this society prominently before the public, the spread of the Word of God being one of the most important works of the Christian.

A SHORT SESSION.

Washington, March 11.—The Senate met at 12 o'clock and remained in session for fifteen minutes without transacting any kind of business, when recess was taken till 1:30. At that hour one of the executive clerks entered with a message from the President, and the Senate at once went into secret session, and in five minutes afterward the doors were reopened and the senate adjourned till tomorrow.

ANOTHER BOODLER IN CANADA.

Mason City, Iowa, March 11.—D. W. Shook, grain dealer, who recently absconded from Stephens, Minn., with $16,000 belonging to his creditors, has been heard from at Vancouver's Island. It is said his family will join him there.

A NEWSPAPER VENTURE.

Washington, March 11.—It is understood that A. J. Blethen, formerly of Minneapolis, has nearly completed arrangements for an afternoon republican daily here. He has associated himself with a wealthy young man named Steele, whose family reside here and who has large property interests in Minnesota, and they expect to make a success of their venture.

UNDOING THE WORK.

St. Paul, March 11.—Secretary of the Interior, Noble, has already begun undoing the work of his predecessor in Minnesota. Yesterday he telegraphed the land officers at Redwood Falls to transfer the effects to Marshall. One of the last acts of the democratic administration was the abolition of the land office at Fergus Falls and at Tracy and Redwood Falls. A howl of indignation went up from the people of those places and it is supposed that by the action of Secretary Noble these offices will be restored.

A THEATRICAL QUARREL.

Akron, O., March 11.—As a result of trouble between Pat Rooney and one of the female members of his company while he was intoxicated, all the members of the company, including Mrs. Rooney and her daughter Katie, abandoned him and left for New York this morning. The company was doing a good business, and had dates extending into May.

A DEADLY WHALING GUN.

New Bedford, Mass., March 11.—A cable dispatch from Aquamina, West Coast of Africa, states that Capt. Holmes, of the whaling bark Sea Fox, an officer and servant were killed and five of the crew burned by the explosion of a whaling bomb gun.

FOREIGN NEWS.

HOW IT WAS BROUGHT ABOUT.

Paris, March. 11.—It is stated that the Comptoir d' Escompte crisis was brought about by the withdrawal by the Russian government of 25,000,000 francs.

ANOTHER OUTRAGE.

Dublin, March, 11.—A landlord named Creagh in county Clare was fired upon yesterday while driving to church with his sister. Miss Creagh's nose was shot off and Mr. Creagh is in a critical condition from the wounds he received. Assailants unknown.

PAUNCEFORT APPOINTED.

London, March 11.—The Queen has given her official approval of the appointment by Lord Salisbury of Sir Julian Pauncefort as minister to Washington.

A SERIOUS CHARGE.

A man was being tried before the local justice at Duncan's yesterday charged with committing rape on an Indian woman at Cowicham Lake. Mr. Charles Wilson appeared for the prosecution and Mr. E. Bodwell for the defence.

DEBATING SOCIETY.

A very interesting meeting of the Debating Society was held last evening. The subject discussed was "Protection vs. Free Trade."

HUMOROUS.

"You are Mr. Quezeen, the husband of the celebrated lecturess on cookery, are you not?"

"Yes, sir," replied the dejected, hollow-eyed man. "I am the man she tries her new dishes on,"

POLICE COURT.

Before J. P. Planta, Esq., S.M., M. Bate, Esq., J. P., and J. W. Stirton, Esq., J. P.

The remanded case against G. Simpson, charged with committing an aggravated assault upon E. McDonough was called.

Mr. R. Scoular appeared for the plaintiff, and Mr. E. Yarwood for the defence.

George Bevilockway on being sworn said, I reside in Nanaimo, on the Victoria crescent; know the plaintiff and defendant. On Friday last hearing high words near my place of business and loud talking, I ran out of the shop and heard Simpson say "will you take it back" or something like that; McDonough in answer, held up his hands (like this) in fighting attitude, about the same time I think Simpson put up his hands; the defendant then struck out right and left as hard as he could. McDonough then jumped off the sidewalk into the street; after he (McD) had jumped off the sidewalk he put up his hands to protect his face from the blows; I did not see him strike; I thought first he was going in for a square fight, when Simpson struck him (McD) he fell into the mud and was all the time calling for help; we looked on until Simpson started to kick him (McD) when I went over and said to Simpson, that it was not right to kick him like that you might kill him; there were two or three others there and also spoke, when Simpson left him, the kicks seemed to strike him in the head; I think perhaps the marks on the complainant's head were the result of the kicking; I saw blood on his face at the time.

Cross-examined by Mr. Yarwood—I saw blood on his face when he came on the sidewalk after it was done; I don't know where he (Simpson) struck the complainant, but he seemed to strike him on the head; the marks might have been done by the fist; I have seen marks done like that with the fist; after it was over McDonough said he was a cripple, but if the defendant would meet him with a pistol, knife or razor he would meet him on fair grounds; I did not hear all of the conversation.

By the court—I actually saw Simpson kick McDonough; he kicked him more than once; the kicking seemed to go to his face; McDonough had both of his hands up to his face while the kicking was being done.

Peter G. Brodie, sworn said—I know the complainant and the defendant; on Friday last saw them on Victoria Crescent; saw the complainant on the ground and the defendant kick him; the complainant had his hands up to his face, but can't say whether the defendant kicked him on hands or face.

Cross-examined by Mr. Scoular—I heard the complainant calling for help and ran out of the bakery at the time; the complainant was on his hands and knees, face downwards in the street (witness showed court the position) Simpson was kicking (McD) on the right side.

Matthew Duffy was called as a witness for the defence and being sworn said—Know the complainant and defendant; I saw them on Friday last on Victoria Crescent, was with Simpson on that day going up home when we met McDonough; Simpson said he had received his (McD) letter, McDonough said "yes" and Simpson asked him (McD) if he thought he had any right to send him that letter and McDonough said "yes"; Simpson then asked him (McD) to take a walk to get satisfaction and (McD) said he would give him all the satisfaction he (Simpson) wanted; Simpson said "let's have satisfaction now;" McDonough put down his stick and Simpson squared off to him; McDonough put up his fists to defend himself, this was before Simpson struck him and then Simpson struck him on the head just about where it is sore now; McDonough ran into the middle of the road and went down on his knees and Simpson struck him when he was down. McDonough put his hands to his face and Simpson kicked him. He (McD) had his hands over his face when Simpson kicked him and shouted for help; Webb and others came out and he Simpson stopped.

Cross-examined by Mr. Scoular—McDonough did not say he was a cripple till after he was down on his knees; Can't say with which hand Simpson struck McDonough; McDonough was not thereby defending himself the whole time; Simpson struck the first blow; McDonough struck at, but did not hit Simpson as he (Simpson) was too quick for him.

Re-examined by Mr. Yarwood—When McDonough went off the sidewalk he was bleeding. This was before he was down on his hands and knees, it was before the kicking.

James Pender, was also called and sworn and gave to large extent corroborative evidence of the last witness.

The counsel for the prosecution and the defence then addressed the court at considerable length and the court having considered the evidence and reviewed the law fined the defendent $50 including costs.

"He Had Fifteen Dollars."

"I'd fifteen dollars in my inside pocket." He sang it in a voice that resembled a cross between a buzz-saw and a horse-fiddle as he walked towards the Long bridge last night. A stray cur alarmed at the hideous sound set up a howl of dismay and fled. A belated Siwash and an almond-eyed celestial, stopped to listen and, then, with accelerated pace, passed on. Not so the scribe. He was used to all the divers and sundry sounds—pleasant, harmonious, euphonious, horrowing blood-curdling, from the insane and inane, mutterings of the "old man of the mountains" to the bray of an ass in the vicinity of the Free Press office—so he listened, calmly and expectantly, and he was not afraid. But just then the songster's voice ceased, and a hand was laid on the singer's shoulder, a voice from out of the darkness said:—"See here then, pay me that $11.50 I lent you six months ago." The reporter not wishing to intrude in private business, betook himself to his desk, and knoweth not the result of the interview, but he will remember the song.

A little boy caught his foot in some worsted with which his sister was working the sentence, "Kind Words Never Die" on perforated cardboard, and got a crack on the ear that will lay him up for a fortnight.

LOCAL AND GENERAL.

THE FOOTBALL MATCH.

The Nanaimo Rovers returned home on Sunday evening from Vancouver, but contrary to expectations they did not bring the cup with them. Several causes transpired to beat the Island team. The Mainlanders were in good training and played well together, which was more than could be said of the Island team. When time was called the game stood four points and two tries to nothing in favor of the Mainland.

The News-Advertiser says that the game was contested hotly at every point and it was played in the friendliest spirit, and was a splendid exhibition of science, which only required fair weather to make it perfect.

In the evening, after the match, a large number sat down to an elegant dinner given in honor of the Islanders at the Brighton house. Mr. Lister, of New Westminster, occupied the first chair and U. S. Consul Hawthornthwaite the second chair. Among the numerous toasts drank was that of the "President of the United States," to which Consul Hawthornthwaite responded in a telling and eloquent speech. Altogether the boys report having an excellent time and received the best of usage from their entertainers.

Upon the conclusion of the match Captain Hawthornthwaite on behalf of the "Rovers" challenged the Mainland team for the championship, but they could not at that time state whether the challenge would be accepted or not.

HE WAS HIT.

"We have—all of us, in fact, have, seen a spoilt and wayward child, on being reproved by its mentor for a wrong act, fly into an angry passion, cry and kick and scream until, at last, becoming so angry, it is unable to articulate distinctly, but a few disjointed and meningless words are uttered. Such an exhibition was seen in yesterday's issue of our contemporary, in answer to our comment upon their publishing a bawdy letter. The exhibition of anger was unseemingly and demonstrates the truthfulness of the adage, 'Those who live in glass houses should not throw stones.'"

The above appears in last night's Free Press. A liberal reward will be paid at at this office to any person or persons who can render an interpretation thereof. The COURIER is not ashamed to confess its entire inability. We copy it for its very uniqueness. In truth, it is very "UNSEEMINGLY."

SMALL-POX AT CAPE MUDGE.

Mr. F. Hall, of Lasqueti Island, who recently arrived down from that place, states that there are about forty cases of small-pox among the Indians of Cape Mudge. The Catholic priest of the mission is devoting himself to the care and nursing of those afflicted with the loathsome disease. It is said that very few have died, and it is thought that the epidemic will soon be under control.

WILL KNOW NEXT TIME.

Just after the train left Chemanuis station yesterday an Indian, who was loaded with parcels, attempted to jump off and was sent sprawling on the ground by the side of the track. His parcels were scattered, but apparently the Indian was not hurt by the fall beyond a few scratches on his face. The next time he travels on a railroad he will take care to get off at the station.

LAID TO REST.

The funeral of the late Mrs. John Craven took place on Sunday afternoon, Rev. J. B. Good officiating. The members of Court Nanaimo, A. O. F., attended the obsequies in a body.

The funeral of the late J. B. Beauneau, who was found dead at Chemainus, also took place on Sunday afternoon. The remains were interred in the Catholic cemetery, Rev. Father Durand officiating.

VISITING TOUR.

Rt. Rev. Bishop Lemmens and Rev. Father Donckau of Victoria, yesterday visited the Indian mission at Chemainus. At the depot they were met by about one hundred Indians with flags and banners. A procession was formed and headed by the reverend gentlemen it moved to the church where mass was celebrated. Bishop Lemmens is visiting all the Indian mission stations on the island and will arrive in this city to-day.

AS OTHERS SEE US.

Says the Columbian: The rate payers of Nanaimo on the 18th inst. will vote on a by-law to enable the "Black Diamond" city to borrow $30,000, to be expended on permanent improvements. If the citizens of Nanaimo consult their own interests they will see that this progressive measure carries. To the COURIER a good share of credit is due for stirring up the sleepy Nanaimoites to a sense of their duties and possibilities.

"HELD UP."

Two Chinamen claim that they were "held up" on Fitzwilliam street last night by two men who wanted to relieve them of their money. Not having any, the robbers contented themselves with punching one of the Mongolians on the nose. It is supposed that no attempt at robbery was intended and that the white men were simply "guying John."

IN THE HARBOR.

A correspondent a few day ago referred to the carcase of a cow having been thrown into the harbor, and he also stated that in a short time it would "bring up" at the long bridge. Sure enough with the flood tide yesterday afternoon the "defunct critter" came floating in and it can be seen in the vicinity of the bridge. It will be heard from shortly.

THE WALKING MATCH.

The fifteen hours walking match, between G. Stokes and W. Irvine began in the Institute Hall last night. The attendance was small and little interest was manifested in the match. At the close of last night's walk Stokes was in the lead.

MOUNT BENSON DRIPPINGS.

Though it turned out a "Cole" day when the Nanaimo boys were partially left for the "cup," they still maintain that no 'ornery "Beverage" knocked them out.

VICTORIA HAPPENINGS.

Bold Burglars Make a Determined Attempt at Safe Blowing, but Fail in their Designs.

(Special to the COURIER.)

Victoria, March 11.—Professional cracksmen made a most desperate and determined attempt to blow open a safe in Henry Saunders grocery store early Sunday morning. They entered the premises from the rear and after rummaging the drawers in the office and securing nothing they attacked the safe in a systematic manner. The safe is a large one, weighing about two tons, manufactured by Hall of Chicago. They drilled a hole in a side of the safe, intending to strike it between the outside and inside doors. They missed the right place by half an inch and drilled into the inside safe. A charge of gun powder, estimated by experts to be about ten pounds, was then blown into the safe and fired. Sacks of oatmeal were placed around the safe to deaden the sound. The safe stood the pressure and the crooks were foiled. There were twelve hundred dollars in the safe. After the explosion and when they saw the attempt was a failure they decamped. It is said there are several professional burglars in the city and the police have their eyes open and its hoped they will be captured.

AGAIN THE BY-LOAN LAW.

In a few days the ratepayers of the city will be called upon to vote upon the city by-law, which provides for the borrowing of $30,000 for city improvement. We have so often referred to the necessity existing, for city improvements that at the risk of tiring our readers and exasperating them beyond endurance, we venture to refer to it again. We have been charged with being "irresponsible," "birds of passage," "no interests in Nanaimo" and a great many other equally interesting epithets have been hurled at us, simply because we dare to advocate measures which, we believed were essential to Nanaimo's progress. "What are your arguments," has been asked us and we have endeavored to reply, and in a fair accurate and impartial manner, point out the benefits which would accrue to this city, were substantial improvements inaugurated. We believe that a policy of inaction, as concerns the vital interests of this city has been too long pursued, and as we have said before while not wishing to plunge the city into debt which would in the future, prove too burdensome for it to carry we are first, last and all the time ready to advocate such measures as we believe are possible to be enacted for the city's permanent improvement. Among these is the borrowing of money for such purposes, as are necessary to the material welfare of this city. It is too patent even to any casual observer, that our streets and bridges are in a miserable condition; our sidewalks especially on the principal thoroughfares are—anything but good, while some of our streets have no sidewalks at all; then there is the question of sewerage, which without having some system, the health of the city cannot be preserved. And again, the question of an adequate water supply is one which must in the near future entail the expenditure of considerable money if the citizens wish to have a pure, wholesome supply free from all contaminating sources. In fact there are so many wants that need attention, and so many grievances that need redressing that they cannot be dealt with in the space of one short article. Need we again point to the rapid strides made by other younger cities on this coast as an evidence of what the judicious and liberal expenditure of money can do in placing them in a position which would be a credit to many older, but still not so progressive towns. And yet these same cities are not bankrupt; their merchants do a satisfactory and ever increasing business; their streets multiply; new enterprises are started in their midst; modern improvements are introduced and the whole city is benefited. Why? Because its citizens are alive to its requirements; because they are not blind to all advantages; because they are not content to see other towns outstrip them in all things which go to make up a live, progressive city. Can this be doubted. If so, we ask any intelligent reader to look around him and see for himself. Note the progress made by Vancouver, Seattle, Tacoma, while even now the slow, sleepy town of Port Townsend is awakening and coming to the front. Why? Because its citizens realize the fact that if they do not wish to pass into a state of "utter forgetfulness," that they must take advantage of the times and assert themselves. We believe in aggressiveness. We are "pugnacious" and we are not ashamed to own it. It need not either be taken as a vain boast; for we have more respect for the man who will fight for a principle than for him who always wishes to be on the safe side, and whose principles are subservient always to the whims of the tide, which will, perchance, bring the most shekels to his coffers. He is only a time server and mercenary to a degree. He would sell himself for literally thirty pieces of silver. The growth, the welfare, the health of the city is nothing to him so long as he gets his piece.

But seriously speaking we want to ask if our citizens, for the sake of their future welfare, are prepared to vote for the adoption of the proposed loan. Do they consider it necessary? Is the good which the expenditure of the money will bring commensurate with the increased taxation which will be levied? We answer, unhesitatingly, yes. And the experience of other cities will bear us out in the statement. We ask a full, free and fair discussion, divested of all prejudices and partisan feeling. And we believe that if the subject is considered on its merits the answer will be advantageous to the city—viz: in the adoption of this by-law, which must prove of great and lasting benefit to all. Let the rate payers of this city weigh the question on its MERITS, and we do not fear the result.

EDITORIAL NOTES.

The Epoch, in treating of typographical depravity, a subject always of interest to writers, states on the authority of Kinglake, the historian, that the appellation of Napoleon III, as applied to the nephew of his uncle, originated, in so far as the numeral was concerned, to a printer's error. A minister engaged in the manufacture of public sentiment, wrote: "Que le mot d'ordre soit vive Napoleon!!!" The printer mistook the exclamation points for Roman numerals, the people took up the cry and the Emperor was duly ticketed.

No one will gainsay that it is a wise policy for the authorities to adopt all practical measures which will lead to the reformation of criminals, but in the application of theories it is to be remembered that criminals are perverse some times, but most of them are exceedingly cunning. An exchange remarks that it is not the hardened criminal and old offender who make trouble for the prison officials. He has been there before, knows that good conduct will tell in his favor and acts accordingly. It is the novice in crime, or, more properly, the man who is new to prison restraint, who savagely rebels at the yoke imposed upon him. Adopt any attainable rule of outward conduct as a test for a man's release and the man who "knows the ropes," so to speak, will live up to it. If it were in the power of man to search the heart, indeterminate sentences would be regarded with unreserved favor; but with the limitations which have been placed on human capacity, the theory cannot be accepted in its fullness. The most dangerous class of criminals is that which has education, great natural shrewdness and all outward accomplishments. There are men to-day in every prison in the land who, until their misdeeds were discovered, passed as good citizens and as good Christians. Such men, when inside of the walls of a prison, would bring forth, apparently, works for repentance as would melt the hearts of wardens and prison boards who are carried away with theories. There is no human tribunal which can make more than a random guess at the effect of prison life upon the hearts of these men. The ignorant ruffian is a much more promising subject for reformation than these. They are not "habitual criminals." There is no reason why they should be kept in prison always, but there is even less reason why they should be released upon any protestations of penitence and of conviction of sin (which they never confessed until they were found out) until they have had a season of restraint and reflection commensurate with their offense.

A WARNING.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all is dangerous, and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

HARPER'S BAZAR.

ILLUSTRATED.

HARPER'S BAZAR will continue to maintain its reputation as an unequalled family journal. Its art illustrations are of the highest order, its literature is of the choicest kind, and its Fashion and household departments of the most practical and economical character. Its pattern-sheet supplements and fashion-plates alone will save its readers ten times the cost of subscription, and its articles on decorative art, social etiquette, house-keeping, cookery, etc., make it indispensable to every household. Its bright short stories, and timely essays are among the best published; and not a line is admitted to its columns that could offend the most fastidious taste. Among the attractions of the new volume will be serial stories by Mrs. FRANCES HODGSON BURNETT, Mrs. ALEXANDER, WILLIAM BLACK, and THOMAS HARDY, and a series of papers on nursery management by Mrs. CHRISTINE TERHUNE HERRICK.

—BANKERS—

The Bank of British Columbia.

The British Columbia Tanning Company is formed for the purpose of carrying on the business of manufacturing all kinds of leather, belting, trunks, and the manufacturing of all kinds of leather goods and goods in which leather forms any part.

Any number of hides can be procured at a reasonable price here and in other parts of the province.

Fuel can be procured here cheaper than in any other town in the province.

The shipping facilities here are of the best.

Any amount of bark for tanning purposes can be procured in the vicinity.

A large proportion of the heavy leather now used in this Province is brought from the United States.

The hides in this Province are better adapted for heavy leather than the Eastern hides.

Now most of the heavy leather manufactured in the Eastern Provinces is made out of hides brought from Chicago, Northwest Territories and British Columbia.

Besides supplying this Province, a market for these goods can readily be found as far East as Montreal.

Owing to the largely increased demand for these goods as compared with any previous period and the facilities which this city affords for manufacturing them, a large profit can be assured.

It is also proposed to manufacture buckskin gloves, as there is an unlimited supply of deer hides, and the hides can be tanned and made into gloves at a good profit.

It is proposed to erect buildings in the City of Nanaimo for the manufacturing of said articles; the buildings and machinery will cost about $15,000.

The calls on the stock will not exceed ten per cent. at any onetime and will not be made oftener than once a month.

NOTICE.

We hereby give notice that we will not be responsible for any debts contracted by any parties without a written order from the undersigned.

CHLORODYNE.

THE ORIGINAL and ONLY GENUINE.

Advice to invalids—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c., &c.

From Symes & Co., Pharmaceutical Chemists Medical Hall, Simla, January 5th, 1880: To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London, Dear Sir:—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and judging from their sale, we fancy their sojurn there will be but evanescent. We could multiply instances ad finitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and 2nd Dysentery Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general Sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of the opinion that the substitution of any other than Collis Browne's, is A DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBE AND PATIENT ALIKE. We are sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellancy the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was, undoubtedly, the inventor of Chlorodyne; that the story of the defendant, Freeman, was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1884.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution—Beware of Piracy and Imitations.

OUR CITY FATERS.

The regular weekly meeting of the city council was held last evening in the Council Chamber.

Present His Worship and all the aldermen.

The minutes of the last meeting of the council were read and on motion adopted.

A petition signed by a number of ratepayers and citizens addressed to the Mayor and Aldermen requesting that a public meeting be called at an early day to discuss the school tax question, was presented and read.

It was moved by Ald. Abrams, seconded by Ald. Webb, that the prayer of the petition be granted. Carried.

A letter from J. McDonald asking to be furnished with street lines was read and on motion of Ald. Nightingale, seconded by Ald. Webb, the surveyor was instructed to furnish the lines as asked.

A communication from R. B. McMicking, (agent for the Ball Electric Co., of Toronto, Ontario,) respecting electric light for the city, and offering to supply engine, boiler and dynamos sufficient to light 100 lamps, and to place in position and supply same with 50 lamps for $8875, also stating that the cost to run the machinery and 50 lamps would amount to $2240 for a year. On motion the communication was received and filed and the clerk instructed to acknowledge the receipt of the letter stating that the council could not at the present time entertain the proposition.

The following accounts were received and on motion referred to the finance committee:

The Nanaimo Gas Co., Feb.....	$ 125,00
Walter Wilson, hardware.....	17,90
Nanaimo Free Press, printing....	78,50
Pay sheet for February.....	437,91

Ald. Abrams asked if it was customary to divide the city teaming amongst the teamsters in the city as some teamsters had complained to him that they had not received any hauling for the city.

Ald. Nightingale stated that instructions had been given to have the city teaming divided amongst the teamsters, but sometimes when teaming had been required to be done in the busy season they could not get every teamster willing to haul lumber, etc.

The following tenders for the construction of sidewalks on Albert and Farquhar streets were received:

H. McAdie, 95 cents per yard.
Jessie Sage, $1.02 per yard.
" " with crossings, $1.03 per yard.

Ald. Mahrer moved, seconded by Ald. Webb, that the contract be awarded to H. McAdie.

Ald. Nightingale said that as the places where the sidewalks were to be laid were remarkably good streets and easily laid, he thought the prices were really too high, and suggested that the city purchase the required lumber, obtain the services of a good man and put the sidewalks down by the city workmen. He thought it would be cheaper to do so.

Ald. Abrams said he supposed the street committee would give a guarantee that the sidewalks be constructed by the corporation workmen would not cost any more than the lowest tender.

Ald. Mahrer said he did not think it was fair, after asking people to tender for work, and finding out their price then to do the work themselves. He did not believe in a person working for nothing, and thought they should receive a remuneration for the work they did.

The motion was carried.

The following applications for the position of assessor were received and read:

A. G. Fuller.....	$ 50 00
John Hilbert.....	125 00
H. McAdie.....	No sum mentioned

Ald. Nightingale said he thought there would have been more applicants for the position.

Ald. Baker said he thought there must be some mistake about Mr. McAdie's application not mentioning any sum for doing the work. He wished someone appointed who knew Nanaimo and the prices of property in the city to fill the position, and he thought Mr. McAdie would, if appointed, give general satisfaction to all.

On motion of Ald. Nightingale, seconded by Ald. Mahrer, the appointment of assessor was left open for one week, and new applications sent in during that time to be received.

Ald. Abrams said that several parties had told him that they intended applying for the position.

Ald. Mahrer thought it was much better to let the matter stand for a week.

Ald. Nightingale said he would prefer the matter being left over for a week, as he did not know anything of one of the applicants, and he thought perhaps some other applicants who have a good knowledge of the values of real estate of the city would apply.

The motion then carried.

The street committee reported that the city workmen had been engaged ashing Farquhar street, repairing Comox road, sand rail and underspring at the Newcastle House, a culvert on Wallace and Wentford street, hauling gravel from front of Mr. Mahrer's lot on Comox road to make a crossing on Front street; also for fixing a crossing on Fraser street; some of the men were also employed one day on Farquhar street.

On motion of Ald. Mahrer, seconded by Ald. Baker, the report was received and filed.

Ald. Mahrer said he should like to hear some report from the street committee respecting Mill street

Ald. Nightingale said he and Ald. Baker had visited Mill street on Sunday and found it would be necessary to have it surveyed before anything could be done with it, and it would require to be graded and gravelled its full width before a good job could be done.

Ald. Webb said he would like to know what the street committee intended to do to improve Commercial street and Victoria Crescent.

Ald. Nightingale said that the small number of workmen which the street committee had at their disposal could not do everything, and he was afraid that before summer they would be compelled to employ a less number, especially if the Loan By-Law was not carried, as there would not be any money to spend.

Ald. Mahrer said now was the time they wanted good streets and not in the summer. He was not satisfied with the answer of the street committee.

Ald. Peck suggested that a few men be employed to let the water out of the pools and fill up the places with a few loads of gravel.

Ald. Mahrer moved, seconded by Ald. Abrams that more men be employed and put on Mill street to place it in order at once.

Ald. Peck moved in amendment, seconded by Ald. Webb, that the matter be deferred until the by-law has been voted on.

The amendment was carried.

Ald. Nightingale suggested that the finance committes bring in a report at at the next meeting of the council.

Ald. Mahrer moved, seconded by Ald. Webb, that the city clerk be appointed returning officer for the election to be held under the loan by-law. Carried.

Ald. Abrams moved, seconded by Ald. Webb, that more workmen be employed to clean off the mud on Commercial street from the post office to A. G. Horne's store.

Ald. Mahrer moved an amendment, seconded by Ald. Nightingale, that the matter be laid over until after the finance committee bring in their report.

The amendment was carried.

Ald. Hilbert suggested that the city clerk see Mr. Robins respecting the ground to be granted for the cemetery and make arrangements with him respecting same.

His Worship said a deed had been received, when he was in the company's office, for the cemetary, subject to certain conditions. The council must remember that they were only acting as trustees as far as the cemetary was concerned and that they must be careful in dealing with the city funds, as all moneys collected from the city must be expended in the city.

Ald. Mahrer called the attention of the council to the condition of Milton street and suggested that the street committee attend to same.

The council then adjourned.

PROVISIONAL DIRECTORS:

Arthur Bullock, John Hilbert and John Mahrer.

This company is formed for the purpose of printing and publishing a seven column daily morning and weekly news paper, to be known as the Nanaimo COURIER.

The need of a first-class daily newspaper has long been felt—a paper which will devote itself to advancing the social interests and commercial prosperity of Nanaimo district and surrounding country.

The great favor which has been shown towards the present Nanaimo Morning COURIER, and the substantial support it has received give the promoters great hopes that the paper in an enlarged form (taking its rank as one of the best in the Province) cannot fail but meet with a pecuniary and lasting success.

The object of this newspaper (being of a non-political character) is to be entirely independent.

The company have entered into agreements to purchase the plant, etc., of the Nanaimo Morning COURIER, which agreements can be *seen at the company's office at Nanaimo.*

SEALED TENDERS addressed to the undersigned and endorsed "Tenders for Telegraph construction," will be received at the Department of Public Works, Ottawa, up to Monday the 1st day of April next for the construction of about 54 miles (more or less) of Telegraph Line along the new wagon road between Nanaimo or Departure Bay and Alberni Settlement. Also *of about 30 miles (more or less)* between Cape Beale Lighthouse, to Carmenah Point near Bonella Point on the Island of Vancouver, British Columbia.

The work to be delivered over, complete, on or before September 1st, 1890,

Each tender for one or both lines must be accompanied by an accepted bank cheque made payable to the order of the Honorable the Minister of Public Works, equal to five per cent, of the amount of the tender, which will be forfeited if the party declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

For specification of construction, &c., apply to F. C. Gamble, Esq., Agent, Department of Public Works, Victoria, B. C.

The Department will not be bound to accept the lowest or any tender.

By Order,

A. GOBEIL,
Secretary.

Department of Public Works, Ottawa, 11th February, 1889.

CORPORATION OF THE CITY OF NANAIMO, B. C.

Whereas it is expedient and desirable to raise by way of loan, on the credit of the Municipality of the City of Nanaimo the sum of $30,000 payable on the first day of July A. D. 1929 with interest at the rate of not more than six per centum per annum payable half yearly; to be applied to the permanent improvement of the city of Nanaimo for roads, bridges, sidewalks and other necessary requirements, and,

Whereas the sum of two thousand five hundred and fifty dollars will have to be raised annually as a special rate for paying the interest and creating a sinking fund for paying the said loan at the days and times when the same become payable by this by-law and,

Whereas the total debt of the said city of Nanaimo is at present $4,700 incurred in the purchase of the City Hall and providing hose and hydrants for fire purposes, and which debt is secured by special rates imposed on the real estate in the said city of Nanaimo, and,

Whereas the amount of the whole rateable property of the city of Nanaimo is $303,855 according to the last revised assessment roll of the city, and whereas to raise the said yearly sum of two thousand five hundred and fifty dollars, the annual special rate upon the said rateable property will require to be eight and one-half mills in the dollar.

Therefore, the Mayor and Aldermen of the city of Nanaimo, in council assembled enact as follows:—

1. It shall be lawful for the Mayor of the said city to raise by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of Thirty Thousand dollars and cause the same to be paid into the hands of the City Clerk or Treasurer of the said city, and with the objects hereinbefore recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made, each for such sum of money, not less than one hundred dollars, as may be required, and all such debentures shall be sealed with the seal of the Corporation of he City of Nanaimo, signed by the said Mayor and countersigned by the City Clerk or Treasurer of said city.

3. The said debentures shall be made payable in forty years from the day hereinafter *mentioned* for this by-law to take *effect*, at the office of tht City Clerk or Treasurer of the city of Nanaimo.

4. The said debentures shall have coupons attached for the payment of interest at the rate of not more than six per centum per annum on the amount of said debentures payable on the first day of January and July in each and every year, at the office of the City Clerk or Treasurer.

5. For the purpose of forming a sinking fund for the payment of the principal of said debentures, and interest to become due thereon, an equal special rate of eight and one-half mills in the dollar shall, in addition to all other rates, be raised, levied and collected in each year upon all the rateable property in said city during the continuance of said debentures.

6. It shall be lawful for the said corporation from time to time, to repurchase any of the said debentures, at such price or prices as may be mutually agreed upon, and all debentures so repurchased shall be forthwith cancelled, and no reissue of debentures, or any debenture, shall be made in consequence of said repurchase.

This by-law shall before the final passin thereof, receive the assent of the property owners of the said corporation, and shall take effect on the first day of July 1889.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the City Hall on Monday the 18th day of March, 1889, from ten o'clock a. m. to four o'clock p. m.
