SALVATIONIST STRUCTURE

A Ten Thousand Dollar Brick Block to Be Built on Victoria Street.

Plans Approved Last Night. Work to Be Started in Four Weeks.

A private meeting was held last evening in the Salvation Army barracks to discuss the erection of a new barracks and as a result of the meeting a telegram was forwarded to headquarters at Toronto to proceed with the plans and specifications which are expected to arrive in the city in about ten days. Tenders for the new building will be called for at once and it is expected that work will be commenced some time during July.

Major Hargraves of Spokane arrived in the city the other evening from Fernie. The object of his visit was to confer with the local corps in regard to the work of building the new Salvation Army barracks in this city. A sketch plan of the building had been forwarded from Toronto, which was submitted to the local officers last evening. The building will be of solid brick and the ground floor plan will be 47x58 feet. It will be two story high and contain a small hall in the front 21x33 feet with officers quarters above. The hall will be capable of holding 150 people. At the rear will be an auditorium 34x44 feet with 21 foot ceiling with a seating capacity of 350. The officers quarters will be the same size as the small hall and will contain four large rooms in addition to an office and a bath room. The front of the building will be faced brick with stone facings and will have an ornamental tower at each corner. At the west end tower will be the entrance, containing a vestibule 10x6 and a lobby leading to each of the halls 10x14. The building will be heated throughout by hot air and lighted by electricity. All the material will be procured in the city and it is the intention of the army to let the contract to local contractors. Immediately the plans and specifications are completed the work will be proceeded with and it is the aim of those in charge to have the work completed as soon as possible. It is the desire of the local officers to have the barracks ready for occupation before the cold weather, if at all possible. The old barracks will remain in the position they now occupy and will continue to be used while the new building is being erected. The new building will come to the street line on Victoria street and when completed will add another handsome block to the other valuable properties which now adorn the city. It is expected that the barracks will cost in the neighborhood of $9,000. Of this amount the sum of $3,000 has already been subscribed and the balance of the amount will be obtained from the Army's reserve fund. In addition to this there will be the cost of seating, lighting and heating.

Major Hargraves leaves the city today and will visit Rossland, before his return to Spokane.

The closing exercises of St. Joseph's school were conducted yesterday and the summer vacation has now commenced for teachers and scholars. A considerable number of the parents of the children attending the school were present, and all enjoyed the short and well selected little entertainment consisting of songs, recitations, choruses, and instrumental selections which was rendered.

A few minutes before 2 p. m., the children marched into the large class room, the little boys looking most of them as if they very much wished the ceremonies were over, and the little girls, dressed chiefly in white, with plenty of bright ribbons, appearing to thoroughly enjoy themselves. The following programme was then rendered:

Piano Solo—"Arcadia," Miss Cecelia Prosser.

Song—"Welcome."

Recitation—"The Captive Linnet," Miss Zillah Emerson.

Piano Solo—"Warblings at Dawn," Miss Hazel Gore.

Babies' Song and Recitation—Kindergarten Class.

Duet—"Sunshine on the Lea," Misses Prosser and Gore.

Chorus—"Like the Lark," School.

Duet—"Come and Dance With Me," Misses Sturgeon and Gore.

Vocal Solo—"I'm Ashamed to Look My Dolly in the Eye," Miss G. Desaulnier.

Recitation—"Don't," Miss Dorothy Macleod.

Solo—"Summer," Miss Annie Sturgeon.

Chorus—"Lincoln Guards," School.

Recitation—"School of Sorrow," Miss Lillian Garland.

AN EMIGRATION "BOOM."

Canada Attractive to the British Farm Laborer.

London, June 28.—While farmers here complain of the scarcity of labor the attractions of Canada are causing agricultural laborers to emigrate in large numbers to the Dominion. There is inddeed a "boom" in emigration to Canada going on. Some time ago the farmers of Manitoba, finding themselves short of laborers, deputed Mr. Adamson to visit this country in search of men, and subscribed sufficient funds to advance £5 to fifty emigrants, the money to be repayable after a certain time.

So many applicants came forward to go out on these terms that the Canadian Government offered a further advance on the same lines to 100 men, £5 going a long way toward paying the cost of the journey.

Mr. Colmer, secretary to the Dominion Agency in London, told a representative of the Express yesterday that of late there has been an unprecedented demand for information from prospective emigrants.

"Within the past five months," said Mr. Colmer, "we have received 8,000 letters of inquiry at this office, apart altogether from the innumerable inquiries addressed to the agents in various parts of the country."

Many of the inquiries came, curiously enough, from South Africa, and this Mr. Colmer attributes to the Canadian contingents, the members of which apparently have lost no opportunity of singing the praises of the land of their birth.

The reason why agricultural laborers are so ready to emigrate to Canada is to be found in the fact that opportunities are open to them there which do not exist at home. Many men who once worked as laborers here now own profitable farms in the Dominion.

The Canadian Government is most energetic in disseminating information respecting the resources of the land of the maple leaf.

Its representatives on this side distribute broadcast among pupils at the elementary schools text books, atlases and copybooks, dealing with the Dominion, and recently 1,000 schools took part in a competition for the best essay on the Dominion. As a result 1,000 medals were distributed, and another competition is now being arranged.

The government of the province of New Brunswick is also making efforts to attract population.

It has arranged for cheap fares for people who are desirous of viewing the land before definitely deciding to settle. During their stay in New Brunswick the visitors will be specially looked after by the authorities.

THE CITY

The Dominion Day celebrations commenced last evening by the putting up of three paper balloons. They were sent up in front of the Hume hotel and on account of the extremely quiet evening they went up as straight as if they had been shot out of a gun, and after promenading the skies returned to the earth in the vicinity of the boat house.

A number of the merchants of the city had their front blinds all down yesterday preparing their windows for the Monday display and there are a number of surprises in store for the citizens on Monday morning. Some of the stores have already completed their decorations and others were busy Thursday afternoon and apparently all day yesterday.

The Nelson Carpenters' Union are preparing a float for the trades' procession which will be of the nature of a house on wheels, and will be a correct representation of their craft. G. Thorpe has under construction the building of a float for the firm of Brackman & Ker, on which their goods will be on exhibition, in the trades' procession during the Dominion Day celebrations.

At Emmanuel church tomorrow evening there will be a patriotic service. The choir has prepared special music as follows: Baritone solo, "His Majesty the King," by Mr. Steele; anthem, "The Glory of God," Leslie; anthem, "The Nations of God," Bierly. Rev. Wm. Munroe will preach on "Canada My Country." The service will begin at 8 o'clock. A cordial invitation is extended to everyone.

Unionism is on the increase in the city and the latest of the movements in this direction is the organization of the musicians who have been doing band service in the city. The R. M. R. band sent for a charter on Wednesday evening and on its arrival they will form themselves into an oragnization. This action has been made necessary, they claim, owing to the fact that they have been compelled to undergo unfair competition, which they hope by this combination to remove.

DECORATIONS DESTROYED

Another Fire—A Blaze in the K.-W.-C. Block Last Evening.

The Value of the Nelson Fire Brigade Again Demonstrated.

The value of the Nelson fire brigade was again demonstrated last evening. About 10 o'clock an alarm was rung from the K. W. C. block, where McPherson & McCammon's store was seen to be ablaze. The fire brigade was soon on the spot and by the aid of the chemical the fire was soon under control. The handsome plate glass window was broken which will take in the neighborhood of $300 to replace. The cause of the fire originated in the heat of the incandescent light igniting the paper with which the light was decorated. The proprietors of the store have been busily engaged during the last two days in decorating the store for the Dominion Day celebration and were just putting the finishing touches to their display when the fire started. As there was a large amount of decorative tissue paper all around, it was only a few seconds before the whole thing was a blaze and although the proprietors attempted to arrest the flames by tearing down the work they were just on the point of completing, the fire had too great a start and the material it was feeding upon was so inaffimmable that it was found necessary to ring up an alarm with the result already indicated. There was soon a large crowd of people on the spot and willing hands rendered all the assistance it was in their power to offer. The fire was confined to the window and although the store was soon with smoke the fire hose was not called into action. McPherson & McCammon had been at great pains to arrange a handsome display and the whole of their work is entirely destroyed. The decorations must have cost them a large amount of money in addition to the time they have spent, all of which has gone up in smoke. Two large plate glass windows are broken and the total loss will probably be in the neighborhood of $300 which is all covered by insurance. The proprietors wish it to be distinctly understood that no blame is to be attached to the electricians who laid the wires, as everything was tested in their presence the evening before when everything was all right and no other reason than the one given above is to been found. The action of the fire brigade in responding so promptly to the call and the rapidity with which the flames were under control is worthy of praise, as without the assistance of the brigade at that particular time the losses would have been considerable.

TWO MORE PRIZES.

Many Entries For Next Tuesday's Baby Show.

The prizes for the great baby show, which is to be held on Tuesday afternoon, have received two handsome additions, consisting of a baby carriage, donated by J. G. Bunyan & Co., and a prize for the best pair of twins, of two silver mugs, to be presented by Mr. W. A. Macdonald. The list now stands: 1st prize, gold medal; 2nd prize, silver cup; 3rd prize, one case of St. Charles Cream; 4th prize, five pounds of best $1 per pound tea; 5th prize, a baby carriage, with the separate prize of two silver mugs for the best pair of twins.

The show will be held at 2.30 in the afteroon in J. G. Bunyan & Co.'s furniture establishment, corner of Baker and Kootenay. All entries must be in by 6 o'clock Monday evening to either Mrs. W. A. Macdonald, or Dr. LaBan.

In the premises that have been kindly furnished there will be plenty of room for carriages, so that mothers, if they wish, can keep the youngsters in their carriages.

Srvices will be held at the Methodist church tomorrow at 11 a. m. and 7.30 p. m. The pastor's subject for the evening will be "Our National Holiday, and What it Means, and How to Observe it."

LET US LOOK AHEAD.

The Miner would be glad to know who or what the "disgruntled element" of Nelson consists of. It has been accused of being the organ of that "element," and so often that it has the curiostity at last to inquire. We recognise that it is always better that an organ should know what it is an organ of. When it was accused of being the organ of the Liberals, and then of the Conservatives, and then of Turnerism, and then of the C. P. R., and the Great Northern, and the Crow's Nest, and of the Mine Owners, and of one or two dozen other corporations or interests, it always knew where it was supposed to stand; but it is wholly at a loss in its effort to locate the "disgruntled element" of Nelson. Would The Tribune please tell us? It must know, for it is it that says The Miner is its organ. Are the "disgruntled" people of the city those unfortunates who cannot approve of the manners and methods of that distinguished person who is known as editor of The Tribune? To disagree with him is to be "disgruntled" indeed, no doubt, but we did not know they had been bunched into an "element" and that the "element" had made The Miner its organ. We think the matter will bear explanation. Who or what is this "disgruntled element"?

Pending a reply, we pass on to the other statement that this "element"—this "disgruntled element"—is willing that the electric light franchise shall last event be sold to a monopoly company. Of course, not knowing of whom or what the "element" consists, The Miner cannot say what it is willing or unwilling to do. The statement bears the stamp of absurdity on the face of it; in fact, under ordinary conditions it is a kind of statement which only an absurd person could make. But it is possible it is the "element" that is absurd, and to resolve the doubt we beg The Tribune will hurry with its explanation. Speaking for itself, however, The Miner would say that it would not willingly have the City make any disposition of its electric franchise that was not to the undoubted advantage of the people in general. The Miner, unlike The Tribune and its editor, has no personal schemes to advance, no jobs to put through, in connection with this or any other municipal matter of any kind whatever.

We look forward to the time when Nelson will be a much larger town than it is today. The electric service we have now is not sufficient for present requirements. It cannot even light the City of today, to say nothing of motive power. If we had cheap motive power, it would help the growth of Nelson, and the growth of Nelson is what every man of us should work for. If the City can supply itself with ample light, and also furnish power as required, at an expense as low as can be supplied otherwise, by all means let it do so. But we hope it is not fool enough to hang on to an antiquated and imperfect system merely because it happens to be a child of John Houston's. Nelson requires the best electric service it can obtain, whether as the result of its own efforts or at the hands of others. That, in a word, is the position of The Miner. It has nothing to do with, and knows nothing of, companies that are endeavoring to obtain a monopoly of electric light, or electric power, or electric anything else. It leaves to the hon. member for Nelson the distinction of associating with, and embracing, and being embraced by, companies that are on the run for monopolies.

The Seattle Times says there can be no manner of doubt that the murder of the chief of police was the direct outcome of the wide open policy which was inaugurated with the election of the present mayor. That election meant the ascendancy of the lawless element, the gambling element, the sporting element, the very advanced element that thinks everybody is at liberty to do as he pleases. Seattle is an immoral city, because it is a wide open city; it is a wide open city, because the bums, loafers, blackguards, and criminals have for the time got the upper hand in its government; and the bums, loafers, blackguards, and criminals have got the upper hand, because they were encouraged by municipal leaders who will do anything for votes—leaders who, having none themselves, cannot conceive that a city has any need of a reputation.

Four rivers in Alaska that a few years ago were alive with salmon are now said to be completely depleted. The Americans never did take care of their fish; from the first they adopted the catch-as-catch-can principle and acted upon it with vigor, disregarding such simple regulations as the Government were moved to proclaim. We do these things better in Canada, but even with us there is recklessness that bids in time to leave its mark. This is especially true of brook and lake trout, which at the present rate of destruction will be exhausted in a few years.

Mr. Leamy's appointment as Junior Judge for the district of Kootenay was gazetted last Saturday. We give this little bit of information for the benefit of some readers of our local contemporary, who have been trying in vain to have their curiosity in respect to the matter gratified. It may be added that the appointment was made on merits, backed by influences of an entirely legitimate character.

VACATION HAS BEGUN

(Continued from First Page)

Solo—"Pearly Dewdrops," Miss Mabelle Larson.

Hymn—"Sacred Heart," School.

After the programme Rev. Father Ferland and the Sister Superior distributed the prizes, which consisted of medals, books, a number of gold and pearl penholders, and a $5 gold piece. The books were presented for good progress in the kindergarten class; the gold medal as first prize for general proficiency, and the $5 gold piece as second prize for the same. Silver medals were presented to the other winners.

The following children were the prize winners, the percentages of marks taken by many of the leading pupils being exceptionally high:

Preparatory Class.—1st, May Sims; 2nd, Marion Maulsby.

Grade I.—1st, Leithe Ogilvie; 2nd Percy Farmer.

Grade II.—1st, Helen McLoughlin; 2nd, Harold Kinahan.

Grade III.—1st, Norman McLeod; 2nd, Albert Poupore.

Grade IV.—1st, Gladys Gray; 2nd, Joseph Moran.

Grade V.—1st, Katie Kilcline; 2nd, Myrtle McLean.

Grade VI.—1st, Louise Allison; 2nd, Dorthy McLeod.

Grade VII.—1st, Grace Allison; 2nd Vina Luse.

Grade VIII.—1st, Lily Garland; 2nd, John McAstocker.

Good Progress.—Lillian Russel, Sadie Madden, Babie Lapointe, Lily Manson, Ella McDonald, Bert Cameron, Conrad Sinclair, Willie Demers, Charles Archambault, Eldridge Brown, Kenneth McBeth.

Spelling—Helen Gigot, Maud O'Loughlin, Margt. Harwood, Alex. Finnerty.

History—John McAstocker, Beryl Emerson, Mary Harwood, Mabel Larson.

Merit—Alf, O'Loughlin, Zillah Emerson, Winefride Kinahan.

Good Conduct—Florence Ferland, Lily McMahon, May Ferland, Gertie Lapointe, Georgie Desaulnier; Ella Madden, Josephine Ferland.

Instrumental Music.—Seniors: 1st prize, Miss Hazel Gore; 2nd, Miss Celia Prosser. Merit: Miss Annie Sturgeon, Miss Gladys Gray.

Drawing—Senior class: 1st prize, George Gore; 2nd, Ernest Kinahan. Junior class: 1st prize, Willie Sturgeon; 2nd, Louis Madson. Merit: Excellence, Willie Poupore.

Gold Medal.—General proficiency and highest per centage, L. Garland.

Five Dollars.—General proficiency and second highest percentage, J. McAstocker.

Arithmetic—Floyd Hyndman, Gertie Burr, Alma Demers, Nels Nelson, Park Howell, W. Archambault.

When the prizes had been distributed Father Ferland spoke a few closing words, touching on the good work that had been done by teachers and scholars during the past year, and drawing attention to the truly remarkable progress that had been made by the school, especially considering the short time that had elapsed since its founding. He concluded by hoping that all would have a good time during the holiday and come back at the beginning of the next session refreshed both in mind and body.

The children then sang a final chorus and were dismissed.

AID LACROSSE MATCH.

To the R. M. R. Band:

Gentlemen,—We intend to give a lacrosse match on Saturday afternoon for the benefit of Kootenay Lake hospital. We would like to secure the services of a band. We have asked the other band to donate their services, but they have not come forward. Would the R. M. R. Band come out once more to help along a noble cause?

Yours respectfully,
(Sgd.) FRANK A. TAMBLYN.
Nelson, June 28.

Frank A. Tamblyn, Esq., Manager Lacrosse Team:

Sir,—Whenever the city has a few dollars to spend on band music, it generally goes to other bands, not to ours. However, to help along such a good work we will donate our services as we have done in the past, and do what we can to help you at your lacrosse match on Saturday for the benefit of the hospital.

(Sgd.) R. M. R. BAND,
J. B. Pollard, Secretary.

THE CITY

The Nelson Gun club will have its regular shoot this evening at 6.30 sharp.

The decorations committee will give a prize of $15 for the best decorated grocery window.

Indians have been coming to the city in small numbers during the last day or two to stay over for the celebration.

The old shipyards are proving a good camping place for itinerary tourists, there being a party of them there every night.

There will be a Swedish gospel meeting in Miners' Union hall tomorrow at 10.30 a. m. and 8 p. m. All Scandinavians are invited.

A number of ladies who are interested in the children spent yesterday in fixing up the children's float for the trades' procession. It will be a decidedly handsome production.

The merchants of the city are taking such a great interest in the contest for the best decorated window that the committee has decided to supplement the prize list and will offer a handsome prize to the grocery store that has the best decorated window.

There was only one case before the police court yesterday which was that of a solitary drunk, who was fined the usual fee of $5 and costs. During the last few days the boys have been on their good behavior and are probably saving up for a grand celebration on on the first.

The Nelson hotel is being renovated externally at the hand of the knight of the paint brush. The interior has been completed and is pannelled above the wainscotting wiith mirrors and cedar panel work. When completed it will be more up to date and attractive than ever.

The carpenters were busy at work yesterday making changes at the Hume hotel made necessary by the alteration of the sidewalk in front of the hotel. The windows have been barred and protected from the feet of the passers by, and other changes made in the Ward street entrance.

There were apparently several promotions and dismissals yesterday in the gang of amateur sectionmen who are repairing the switch at the west end of the C. P. R. yards. As at present constituted it consists of Trainmaster Hamilton, Roadmaster Lewis, and a mechanic from the shops. Whether the ones who are missing have joined the strikers in asking for more pay, or were sent back to the offices to handle pen and ruler instead of crowbar and "mallet" is not known. Their tools were abandoned in a very unworkmanlike manner, and lie beside the track mutely pleading for their late handlers to come back and wipe the rust off.

A NIGHT STRUGGLE.

Woman's Fight With a Demon.

It is remarkable, the curious and different ways coffee will affect the human body. A little lady in Herkimer, N. Y., had an experience that may happen to others, but it is not common.

She says, "I am impressed with the desire, not only to thank you personally for relief, but realize that others may have the same distressing symptoms without thinking of the cause.

When I would drop asleep I would seem to receive a perfect electric shock from feet to head through every nerve of my body. It was dreadful. I would finally become so feverish and exhausted with this horror repeated over and over each time I fell asleep, that I was obliged to force myself to stay awake, actually not daring to think of rest.

After one such horrible night, which I shall never forget, I arose completely worn out with my night's battle, but with a firm resolve to set aside my morning cup of coffee, as I began to believe that was the cause of my trouble.

I had some Postum Food Coffee made according to directions, I took another cup at teatime. At night, to my great surprise, I fell quietly asleep and rested well all night. It seems incredible after only one day's use, but it is positively a truthful statement.

I have persisted in the use of Postum until now my nervous system is in perfect condition.

Husband showed some signs of coffee poisoning, such as stomach trouble and other symptoms, so he left off the coffee and drinks Postum with me. This has improved his health, and he says he likes Postum better than he did the old fashioned coffee.

We might have been saved our trouble if we had known the truth about coffee, but we were ignorant as are thousands of others, and had to learn by experience.

Please do not use my name in public." Name can be given, upon application, by the Postum Cereal Co., Ltd., Battle Creek, Mich.

R. J. Steele, real estate agent, put through a deal yesterday of a 160 acre ranch in the neighborhood of Nelson at a good figure.

Contractor Hepburn has a gang of men at work fitting up the C. P. R. barge No. 17 for the Dominion Day celebrations. A new floor is being laid for the dance in the evening and seats erected around the barge for the convenience of the ladies. When the carpenter work is completed the barge will be tastefully decorated and other accommodation for the convenience of the judges and committee who will occupy the barge on the day of the water carnival.

What might have been a serious accident occurred to a young lady of this city last evening. She was out horseback riding in company with Mr. Brown, of Byers & Co., and when opposite the Grand Central hotel she fell from the horse she was riding. Her gentleman friend at once dismounted and assisted the lady to her feet. It was soon ascertained that the fright was the only damage done and the lady was able to resume her seat in the saddle in continuation of her journey.

The following are the mining records of yesterday: Locations—Tiger Fractional, on west side of north fork of Salmon river, in district of West Kootenay, located by Joseph Bernaid and Herbert Porter; Eureka, on the south slope of Iron Mountain and adjacent to the Josie, about nine miles from Salmo located by Robert B. Bell. Certificates of work—Black Star, to Susie Ford; Suters, to R. McCormick; Heno Fractional, to James Coxhead; Zulu King, to William Allen and Dollie Virden.

Bradley Bros., painters and decorators are preparing a number of banners and emblems for the Dominion Day decorations. Among the number are two thirty foot streamers for the city, one bearing the words, "The Maple Leaf Forever.' The other streamers will contain the words, "God Save the King." In addition to the above the Trades & Labor Council are having a banner painted in the form of a triangle, with nine foot sides. The Miner's Union, the Bricklayers' Union, and the Typographical Union are each having banners prepared representing their individual crafts.

The most wonderful lacrosee match that has ever taken place in Nelson will be played this afternoon at 4 o'clock when Tamblyn's Tameless and Terrible Tigers will meet McFarland's Merry but Merciless Muffers. The teams will be as follows: Dr. Quinlan, goal; Dr. Arthur, Geo. Johnstone, W. McLean, F. Irvine, D. McFarland, Geo. Kydd, F. A. Tamblyn, J. A. Turner, G. A. Hunter, J. H. Wallace, J. E. Annable, A. G. Gamble, Jas. McDonald, W. A. Macdonald, W. Lawr, R. J. Hamilton, Judge Forin, John Toye, Frank Fletcher, J. A. Gibson, W. W. Beer, Geo. Bell, H. H. Playford, R. W. Fishburn. Sparemen, Melville Parry, Captain Gore, R. Thompson, W. Hyde Baker. Umpires, T. G. Procter, J. S. Lawrence. Timekeeper, Jacob Dover.

It was reported yesterday that the bridgemen from Fort William to Moosejaw had gone out, and that two train crews and conductors stopped at Winnipeg, refusing to take trains over the track between Brandon and Winnipeg in its present condition. On the Okanagan branch the bridgemen have also gone out and trains now travel very slowly between Sicamous and Okanagon, making some of the track ahead before running on it. The strain becomes more acute every day, and the men say that it will be impossible for the company to run trains over some sections of the line any longer as the continued wet weather, no repairing done to many places where a little work at first would have made all secure, has left many soft places everywhere.
