CANUCK BRAWN TO THE FORE

World's Champion Eights Lose to Two Canadian Crews.

Nelson Tennis Players Vanquish Rosslanders—General Sporting News.

Philadelphia, Pa., July 20.—The world's champions, the Vesper eight oared shell crew, of this city, which always before carried the colors of its club to victory, went down to defeat today before the strong Argonaut crew of Toronto, Ontario, in the last day of the annual regatta of the National Association of Amateur Oarsmen. Not only was this crew whipped by the Eastern Canadians, but the eight men of the Winnipeg Rowing Club also flashed past the champions and beat them out at the finish. It was the first defeat for the Vesper eight since the crew was gotten together. With the exception of two men, the Vesper crew was the same as that which wrested the victory from the world's oarsmen at Paris last year. The Argonaut time for the mile and a half was 7.49, just 10 seconds lower than the time made by the Vespers over the same course in a race last year. Winnipeg's time was 7.53¾ and the Vespers 7.56. Between 30,900 and 50,000 people saw the race.

The dual contests for the championship of the United States in the singles was not as inspiring as hoped for and the honor will be with Ten Eyck for another year at present.

TODAY'S SUMMARIES ARE:

Intermediate doubles, final—Detroit 1st New York A. C. 2nd, Harlem R. C. 3rd. Time 9.2⅕.

Intermediate Fours, final—Vespers B. C. Philadelphia 1st, Western R. C., St. Louis 2nd. Time 9.09. Harlem club was disqualified.

Intermediate pairs, final—Atlanta R. C., New York 1st, West Philadelphia R. C. 2nd, Pennsylvania R. C. 3rd. Time 10.11¼.

Championship singles, final—Edward H. Ten Eyck, Worcestor, Mass, 1st; Frank B. Greer, Boston, 2nd. Time 9.54.

Intermediate doubles, final—Detroit R. C. 1st, New York A. C. 2nd, Harlem R. C. 3rd. Time 9.4⅕. Harlem was disqualified in intermediate fours final.

International fours, final—Vesper R. C., Philadelphia 1st, Western R. C. St. Louis 2nd. Time 8.31.

Intermediate pairs, final--Atlanta R. C., New York 1st, West Philadelphia R. C. 2nd, Pennsylvania R. C. 3rd. Time 10.11¼

Senior eights, final—Argonaut R. C. of Toronto 1st, Winnipeg R. C. C. 2nd, Vesper R. C. of Philadelpha 3rd. Time 7.49.

Intermediate sculls final, Lou Scholes, Don Rowing Club, Toronto, 1st; A. C. McCloskey, Pennsylvania Barge Club, Philadelphia, 2nd; Joseph Miller, Columbia R. C., Alleghany, 3rd. Time 10.15⅕.

Yesterday afternoon a most interesting match was played between teams of the Rossland and Nelson tennis clubs, at the Tennis grounds near Cottonwood creek. From beginning to end each set was keenly contested and until the last it was impossible to tell to which side victory would f all. The final score was 4 to 3 in favor of Rossland. A large number of ladies were present especially throughout the earlier part of the game. The teams were composed as follows:

Rossland—J. C. Gordon, E. E. L. Dewdney, A.D. Severs, C. C. Walker.

Nelson—F. A. McCrae, H. Pollock J. C. Wilson, E. J. Crickmay.

The match opened with two sets of doubles in which Pollock and Crickmay were defeated by Walker and Dewdney with scores of 6-3 and 7-5, and in the second McCrae and Wilson defeated Walker and Dewdney with 6-4, 6-4.

In the following singles, Severs won from McCrae with 6-4, 7-5, and Dewdney from Wilson with 6 3, 6-3.

In the next set of doubles Pollock and Crickmay defeated Dewdney and Walker, with 6-3, 7-5, and Severs and Gordon were defeated by McCrae and Wilson with 6,-0, 8-6.

The final single ended with Walker victorious over Pollock, the score being Walker 3-6-6, and Pollock 6-1-2.

By this it will be seen that Nelson won three out of the four doubles, losing one, while Rossland secured the three singles and one double.

Chicago, Ill, July 20.—Milwaukee won the first of the trial races sailed today to determine what boat shall be the defender of the Canada cup. Cadillac of Detroit was second, two minutes and 33 seconds behind the Milwaukee. Nine boats sailed the course, Milwaukee and Orion of Milwaukee, Detriot and Cadillac of Detriot; Minota, Illinois, Briar, Yankee and Prairie of Chicago. The Briar and Prairie were not in the race officially but having engaged in former events of this kind were out to try their speed against the newer boats. The original distance of 21 miles was observed. The race throughout was largely between Milwaukee and Cadillac.

The course was 21 miles, three legs of seven miles each. At the end of the first leg the Cadillac led Milwaukee by three minutes with others following in this order: Illinois, 1 minutes behind Cadillac; Minota, eight mintues; Detroit, 10 minutes; Orion, 11 minutes; Prairie, 20 minutes; Yankee, 46 minutes and Briar 25 minutes behind the Yankee. At the end of the second leg Cadillac and Milwaukee were ahead with Illinois third. Milwaukee won, Cadillac second, Illinois third.

The Canadian boats that completed to sail for the Canada's cup, now held at Chicago and to select a defender for which the above trial was sailed yesterday, were the Invader, Canadian and Beaver. Several trial races were sailed and the Invader proved the best in almost all kinds of weather. Some of the eastern papers warmly espoused the case of the other boats and after some acriminous discussion it was finally decided to send the Invader to Chicago to endeavor to bring the Canada's cup back to Canada.

Some men are rather easy. Last night a party of Nelson baseball fans visited The Miner office to find out what the score was when Nelson played Slocan City here at the Dominion Day celebration. The files of The Miner were consulted and it was found that the score was 20 to 6 in favor of Nelson. One of the parties to the dispute consequently had to pay a wager. A few minutes later the same party returned and with them was another man who subsequently turned out to be The Victim. Again The Miner night editor was asked to look up the score, and as the request was accompanied by a most prodigious wink he complied with it without making it apparent that he already knew the score, and that everyone else in the party except The Victim, also knew it. Thus the man who lost the previous bet retrieved himself. When The Victim reads this morning's Miner he will be indignant but it is too late as the bet is paid.

The following are the scores made yesterday in the second match of the Canadian Military Rifle League series:

First Team—	200	500	600	Tot'l
N. T. McLeod	28	34	32	94
H. Bird	31	30	29	90
Corp. F. E. Weir	29	32	27	88
Dr. G. A. B. Hall	30	30	26	86
A. Grant	25	32	27	84
J. D. Tinkass	27	32	25	84
A. Carrie	31	29	23	83
Col-Ser. McKenzie	24	30	23	77
Mt. D. McKay	26	27	22	75
L. Gobey	21	23	18	62
Grand Total, 823.				
Second Team—				
Pte. Richardson	27	25	23	75
J. H. Robie	23	25	25	73
H. A. Langford	23	26	19	68
Pte. F. C. Ingram	23	26	18	67
Lieut.-Sergt. Steel	20	26	20	66
Lieut. T. Brown	21	21	23	65
Pte. J. G. Simpson	17	29	18	64
Judge Forin	12	27	24	63
J. Rae	23	15	10	58
Pte. E. J. Dutton	19	10	—	29
Grand total, 618.				

Lacrosse scores yesterday were:

At Ottawa—Capitals, 3, Shamrocks, 2.

At Toronto—Toronto, 6; Cornwall, 4.

At Victoria—Victoria, 4; New Westminster, 4.

Victoria, July 20—Victoria and New Westminster played a tie game of lacrosse here today. When time was up, the score was 4 to 4. Playing was continued for an extra quarter of an hour with the score unchanged. It was a hard and exciting match.

Yesterday's baseball scores at the last named cities were:

National League—

New York, 2; Chicago, 7.

Brooklyn, 2; Pittsburg, 15; Boston, 10; St. Louis, 2.

Philadelphia, 1; Cincinnati, 5.

American League—

Baltimore, 13; Milwaukee, 11.

Philadelphia, 8; Chicago, 6.

Boston, 6; Detroit, 8.

Washington, 9; Cleveland, 7.

New York, July 20.—The German Chess Association, which will hold a congress next year at Hanover, has decided to celebrate its 25th anniversary by arranging an international tournament open to the masters of the world. The committee of the Hanover Chess Club is getting together a prize fund and will shortly issue a prospectus with full particulars.

It was expected that a cricket team from Rossland would be in the city yesterday to try conclusions with a local eleven, but enough cricketers could not get away from the strike town and the game did not take place. The loss and men may come over at a future date as their game with Nelson is now recognized as an annual event.

In about two weeks the Grand Forks lacrosse train which defeated the Nelson men, early this summer will come to Nelson and endeavor to repeat the trick. The Nelson men, however, will meanwhile practice and endeavor to score a very decided victory.

FOR ANOTHER EXPOSITION

Ireland Has Contracted the Habit of Giving Shows.

The Famous Town of Cork Will Have an Exhibition On the Lee.

Cork, Ireland, July 20.—The following particulars relative to the great international exhibition which it is proposed to hold in Cork next year, are at hand. The exhibition is being organized with the co-operation of a government department, known as the department of agriculture and technical instruction, which has already given a donation of $25,000 towards the erection of buildings and in addition, the department proposes to give the benefit of its organization to collect exhibits from the great industrial centres of the world, to be shown in Cork, and in other ways to ensure the success of the great undertaking. The idea has caught on with great enthusiasm The patronage of the Lord Lieutenant of Ireland, Earl Cadogan, has been obtained, and leading noblemen of the United Kingdom figure as officials of the general committee. The donations towards the fund have been pouring in very generously since the matter was first mooted, some three months ago and the latest developments of the scheme is the selection of a site known as the Mardyke, which extends for some more than thirty acres in a spot very beautiful by nature, and within the city limits. The River Tee will intersect the grounds and the service of electric tram cars will bring visitors right up to the scene from the various termini in the city. From the point of view of the exhibitors, the place is suitable and for side shows such as the water chute, switch back railroad, shooting jungles and other minature forms of recreation, it is excellent. It is thickly wooded and the River Lee at this point is very clear and placid. It is intended to attract as many visitors from the United States aspossible and trans-Altantic carrying companies are being approached with a view to getting special fares for intending visitors to the exhibition. The companies have also been interviewed with regard to facilities for intending exhibitors.

A CELEBRATED CASE.

San Francisco, Cal., July 20.—Judge Trout in the Superior court has just decided that the trust clause in the Fair will, as regards personal property, is void and on the petition of the children of the late Senator has ordered a distribution of two-thirds of the personal property of the estate, valued at $6,000,000.

FROM THE EAST.

A Nelson Man Speaks of the Attractions of the Pan-American.

Mr. S. J. Emmanuels returned to th city a few days ago from the Pan-American Exposition, where he has been during the last few weeks. He has been away for some time, and during his absence attended a convention of the New York Life Insurance Company, of which he is the general agent. While in the city of Buffalo he took in the exposition, and was delighted with the sights. The electrical display, one of the wonders of the age alone was worth the price of the trip. At the time of his visit the Canadian exhibit had not been dedicated, but was opened on Dominion Day which was Canada's day at the fair. Several of the state exhibitis were not yet completed, as they have not had time to complete them. The Manitoba exhibit was well arranged and well worth seeing. The buildings were not of the substantial character that characterised those of the World's Fair in Chicago, but the illuminations at nighttime were most brilliant. The grounds cover 33 acres of ground and the whole works have cost the sum of $5,250,000. The charges which have been made in regard to the exorbitant cost of accommodation at the exhibition, he claims are not correct, as a visitor to the grounds can procure a sandwich for the modest sum of 10 cents, and a glass of Pabst beer for five cents, and as good a tenderloin steak as could be bought, for 45 cents. This is of course on the fair ground. The hotel charges are exorbitant, but to avoid these over taxes rooms can be rented for a dollar a day, and meals are served on the grounds. Another proof that the charges are not excessive, is the fact that reserved seats to hear Sousa's band, which played on the one programme sixteen tunes, was only ten cents, while the temple of music, where they have the finest organ in the world was free. Referring to his trip through Manitoba, he remarks that although he had known the Province for the last nineteen years, he had never seen the prospects as good as they are at the present time and the mosquitoes are as proportionately large and ready for harvesting. The crops in the Dakotas and Minnesota are equally great, and it is to be feared that if the crop prospects continue as good as they are at present, that the people of the Province are going to have some difficulty in harvesting the crop, owing to the scarcity of men.

Mr. Emmanuels leaves for the City of Mexico this morning, where he will represent the New York Life Insurance company, in that region.

THE CITY

The public works committee will meet on Monday morning at the city hall at 11 o'clock for the purpose of discussing future public improvements.

There was a practice call of the fire brigade last night about 10 o'clock to the London & B. C. block sent in by the mayor. The brigade responded spendily.

A fly with grey wings proved a dainty morsel for a 3¼ pound trout that was safely landed in N. Buchanan's net yesterday afternoon. It was caught off Selous' point.

Public worship morning and evening today at the Baptist church will be under the direction of the pastor. This morning he will report the doings and sayings of interest at the annual convention, and this evening he will deal with the important subject of "Co-operative Labor." Strangers and the public are welcome.

The fire brigade had a short run yesterday morning to a small bon fire which had been made by one of the city employees, who had set fire to one of the shacks near the Nelson Saw & Planing mill. The brigade were called out to be in attendance to protect neighboring property and also to see that the fire did not expire before it had completed its work.

The new pipe organ for St. Saviour's church was placed in position by the company yesterday for trial by the organ committee of the church, which will take place some time next week. The organ is one of the largest of that type made. It can be run either by water or by hand and if it is accepted, as is likely, it will be used next Sunday.

A mud puddle at the crossing on Josephine, in front of the fire hall yesterday morning caused a number of people to do some internal growling, because they were compelled to cross the muddy place on their tip toes or make a lengthy detour. This has not been an infrequent occurrence of late and some people are of tthe opinion that it is not an absolute necessity. The water should be confined more closely to the fire hall.

There have only been two cases before the police magistrate during the past week neither of which was of a very serious nature. Either the Nelson people are becoming better behaved or else the toughs of the city have been starved out and have sought fresh fields and pastures new. Yesterday morning there was a man before the police magistrate who was described as a disorderly character. He was arrested the previous evening for disorderly condduct, and put in the cooler to cool off. He was fined for his hilarity the sum of $25 and costs.

The picnic of St. Saviour's Sunday School will be held next Thursday by the steamer Moyie, which has been chartered for the day, to Procter. The boat will leave Nelson at 9 a. m and 1.30 p. m, returning at 6.30. Ice cream and other refreshments will be for sale on the grounds. For the ladies' archery and croquet contests will be held, while quoits and other sports are to be provided for the men. A varied programme of games, etc., has been arranged for the children, so that all may have a good time. Those who do not wish to be bothered with lunch baskets can procure lunch and tea at the Outlet Hotel. The tickets are $1.00 for adults and 50 cents for children.

PERSONAL

The pastor will conduct both services at the Methodist church tomorrow at 11 a. m. and 7.30 p. m.

Jas. Carson, Calgary, and Mark Rheinhart, Baker City, Ore., are guests at the Royal hotel.

Jno. Campbell, Kaslo; W. A. Foote, Sandon, Albert Matthesor, Spokane; J. Johnson, Leadville, Col. and J. H. Hole, Trail, are guests at the Grand Cental hotel.

J. D. Anderson, P. L. S., of Trail, was in town yesterday for a few hours, en route to Goat Mountain, where he is going to survey a group of claims.

Mrs. Jarvis, wife of the chief of police, returned to the city on Friday evening last from Edmonton, where she has been on a three month's visit amongst friends in that district.

The following are the guests at the Hume hotel: J. Prentice, Hamilton; H. Lindwald, Moyie, W. J. Massey, Vancouver; F. W. Westren, Toronto; H. J. Tieley, J. G. Whitacre, Toronto; John Love, Winnipeg; J. H. McGill, Vancouver.

W. P. Perkins has been transferred from the Nelson branch of the Canadian Bank of Commerce to Cranbrook as accountant. Like most of the gentlemen who hail from Nelson, he is all right, and a valuable acquisition to Cranbrook.--Cranbrook Herald.

INTERESTING DISCLOSURES

How War Was Narrowly Averted Between France and Germany.

Le Figaro Goes Into History a Decade Old and Reveals Some Facts.

Paris, July 20.—The Figaro continues in its interesting revelations concerning the private opinions of the late President Faure. The Figaro now turns to the "Schaebele affair" in which it is shown how Prince Munster de Bernburg averted what threatened to be another war between France and Germany. It will be remembered that Schaebele was arrested 15 years ago by a German detective named Gautsch on the Franco-German frontier. The difficulties which followed this arrest produced a war scare in Europe. According to M. Faure, France's assertion that Schaebele had been arrested on French territory was bitterly contested by Prince Bismark. At this point a letter from Gauch to Schaebele summoning the latter to a conference was found. This letter was immediately sent to M. Nerbette, French ambassador to Berlin, but the latter had found Prince Bismarck so unfavorably disposed that he declined to trust such an important document to his tender mercies At this juncture Prince Munster de Berneburg, who was visiting Berlin, called upon M. Herbette, saying he ardently desired the maintenance of peace and offering to aid the French minister. When he was shown the Gautsch letter the German diplomat said: "Give it to me; confide to me; I will bring it back at 3 o'clock."

M. Herbette hesitated to turn over the letter but finally consented and entrusted France's trump card to the German ambassador at Paris. Prince Munster went to Prince Bismarck and showed him the Gautsch letter. Bismarck angrily asked the diplomat what business he had to attend to M. Herbette's commissions. Munster firmly replied he had only come to warn Bismarck and that he was going to show the letter to the Emperor of Germany. This he did. The Emperor read the letter carefully and said: "Then Schaebele was under a flag of truce: if we do not release that man, no one will ever dare send a flag of truce into a Prussian camp. He must be released. I will at once give the order and you can tell Herbette what I have done."

A few hours later Bisharck set Schaebele at liberty and the war cloud rolled away.

MINING RECORDS.

The following certificates of work were granted yesterday: Jersey, to John Walabeser; Control Fractional, to Thos. Kane; Best, Kate McEvoy; Highland Chief, to David T. Morice Newsboy, to G. W. Taylor; Monument, to Steve Hawkins, et al. The following locations were recorded yesterday: Golden, on north side of Wild Horse creek, about three miles from the town of Ymir, being a relocation of the Golden Treasure, located by Grant Morris; Alma Creek, on Alma creek, about two miles from Ymir, adjoining the Golden, being a relocation of the White Iron, located by Nancy Cumming; Protector, on Craig mountain, adjoining the Careless, on east, located by Jas. L. Kane; Kent between Bear creek and Sheep creek, upon Queen Mountain, being a relocation of the Frankfort, located by G D. Bell; Franklin, about half mile southwest of Keystone and being a relocation of Fourth of July, located by Kate McEvoy; Dane, on Summit of Jim Crow mountain, one mile west of Silver King mine, and adjoining Sylvia, on southeast, formerly the Dacie, located by M. S. Davys; Idid, on Evening Mountain, located by Thos. M. Parr. The following are yesterday's transfers: King of the West, Avondale, from John Lang to Antor Lenzi; Walla Walla, from Henry Reichart to Thos. P. Moran; May Day, Pink Diamond, from Jno. F. Harbottle of Ymir, to S. S. Taylor, of Nelson, $994.66.

THE STRIKING TRACKMEN.

Resolution Passed By the B. of R. T. of A., at Revelstoke.

The Miner has received for publication a resolution passed by the Revelstoke Sub Division B. of R. T. of A. as follows:

"Whereas, that on this date a month's time has elapsed since a suspension of work was ordered by our General Grievance Committee, representing the maintenance-of-way employees on C. P. R. system at Montreal, and

"Whereas, the representatives of the company, instead of dealing in a fair and just manner with our Committee, have resorted to unfair and underhand tactics, spreading false reports in regard to force at work, coupled with vile insinuations leveled at our Committee and President, lying dispatches and bolstered editorials got up by a pap-sucking subsidized portion of the press, all of which we know to be false:

"Be it resolved, that we take this opportunity to express and record our unbounded confidence in our Committee and Grand President, that we hereby endorse their actions, that we suspended work by order of said Committee, that we will not resume work until ordered by said Committee, that we hold said Committee blameless for delays in settlement as our Committee is ready to meet the chosen representatives of Canadian Pacific Railway Company whenever notified to do so and further, that copies of this resolution be sent to our Committee and Grand President; to the presidents of the various Sub-Divisions and members of Protective Boards on the Canadian Pacific Railway system; to the Kootenay Mail, Inland Sentinel, Voice and other papers who have shown a willingness to stand on their own merits and give a square deal to the striking trackmen."

NEWS FROM GERMANY.

Berlin, July 20.—All the leading members of the ministry are now absent on their vacations, Baron Von Ritchoff, secretary of the Imperial foreign office having left this week and a summer stillness prevails in Berlin political circles. In the discussion of the tariff question brought out this week upon the publication of the new agricultural schedules by the Stuttgart Beobachter, which claims to have authentic information in this matter from the recent tariff conference, the two most striking features of these schedules are the high duties and the minimum and maximum charges on cereals. The minimum figures are the lowest admissible in commercial treaties while the maximum charges are 65 marks per ton on wheat and 69.60 marks per ton on rye and oats. The minimum charge of wheat is 55 marks per ton and on rye and oats 50 marks. The present duties on rye and wheat are 35 marks per ton and on oats 28 marks. Animals and meat are without minimums. The duty on cattle has been raised from 9 marks and on swine from 50 marks per ton to 100 marks per ton. Meat, lard and calves are scheduled for considerable increase. Sausages are raised from 170 to 450 marks per ton, butter and cheese from 15 and 20 to 30 marks per ton and eggs from 20 to 60 marks. The Conservative and Agrarian papers ignore or doubt the story printed by the Stuttgart Beobachter. Other papers, however, have investigated the matter on their own account and substantially confirm the Beobachter's schedules. The Berlin correspondent of the Frankfurter Zeitung is informed that these figures are true and the Berlin Boeren Courier has received the same information. More significant is the statement published in the Hamburger Correspondence which has close relations with the Government circles, to the effect that that paper has every reason to believe the figures in question represent the present status of the tariff negotiations.

"But we hope," continues the Hamburger Correspondent, "that the Reichstag will have enough political wisdom not to adopt such duties"

The Frankfurther Zeitung avers commercial treaties will be impossible under such conditions and says: "Tariff wars are in Germany's future if the government revises its intentions."

ROSSLAND SITUATION.

Ore Shipments Small and No Immediate Prospect of Strike Ending.

Rossland, B. C., July 20.—The effect of the miners' strike is evident on the ore shipments for the week. The total output of the camp is: Le Roi, 860 tons; Iron Mask, 200, total, 1,060. As the big mines have practically cleaned up the ore they desired to move no further shipments are likely until the labor trouble is settled. The Iron Mask is increasing its output weekly and will probably send out 250 tons weekly shortly. The Homestake and I. X. L. will ship next week.

The local situation has no new features of interest. There is nothing tangible in the direction of settlement and citizens have settled down to accept a long wait. Business is not materially affected. Merchants are doing good business and money is fairly free.

GRANBY ORE RUN.

Grand Forks, B. C., July 20.—During the week ending today the Granby smelter treated 4,519 tons of ore. The total treated to date is 183,017 tons.

The following are the guests at the Phair hotel: J. S. Bissell, Wooster, Ohio; J. D. Parker, Hamilton; A. D. Severs, J. C. Gordon, J. H. Watson, C. C. Walker, E. E. L. Dewdney, J. C. Drewery, Rossland; C. J. Kettyle, Kaslo; W. D. Wright, Spokane; Geo. B. McDonald Sandon; H. L. Johnstone, Greenwood; T. H. Maclaren, Montreal; A. G. B. Lucas, Hamilton.

Miss Debrisay, of the Kootenay Lake General Hospital, returned from her vacation last evening.

The following are the arrivals at the Queens hotel: Chas. Riley, Eight-Mile Point; W. H. Livingstone, Robson; R. Covington, New Denver; P. Sunnott, Silverton.

FOREIGN INTERFERENCE.

Vicar-General Routhier, of Ottawa, who is well abreast of the social and economic questions of the day, does not believe that United States labor leaders should be allowed to meddle with labor affairs in Canada. The Canadian workingmen, he thinks, are capable of looking after themselves. He has nothing to say against international federations of labor unions in themselves. They are designed as a protection to their own interests, and wisely managed can be made capable of much good. But to make them the medium of foreign interference with conditions in this country, which from the nature of things can be but imperfectly understood, is not good policy and should not be permitted.

The reverend gentleman instances present and recent strikes in support of the position he takes. The trackmen's strike was ordered from the United States, and a labor leader from that country is in Canada to personally conduct it. It is not reasonable to suppose that down in St. Louis they were familiar with the conditions here. The strike is ordered, nevertheless, and all along the line of the Canadian Pacific railway families of workingmen are suffering in consequence. But the trackmen of the United States are not disturbed, and will not be. Their work is going on without interruption, while Canadian trackmen are called upon to make sacrifices to some international union. The strike in Rossland was determined by alien miners, yet there is no sympathetic demonstration in American mines. It is believed that the strike of the Fraser River fishermen was ordered by a United States organisation, but there was no interruption to the fishing industry on the other side; there the fishing and packing went on as merrily as ever and Canadians alone were idle. This helped the American industry, and there is a suspicion that such was the intention. A short time ago the foundrymen of Victoria were on strike. The employers promptly complied with their demands, but the strike was ordered to be continued until some foundries in the United States were brought to terms. When have Americans made sacrifices to help Canadians?

Understanding well the lesson of all these, the Vicar-General does not think it is in the interest of Canadian labor to make itself subject to control from the United States. There might be reason in a federation of unions for international purposes, but in the purely local concerns here mentioned it would be better if Canadians took the control into their own hands. They should suffer no foreign interference of any kind. It will be time enough to kiss the rod of the United States labor leaders, when labor in that country shows its sympathy for labor in Canada by going on strike for it. This it has never yet done, and its selfishness is so great that it never will be done. It might be well if our labor leaders, and especially the men themeslves, were to ponder carefully these views of Vicar-General Routhier.

The newspapers in London are teeming with letters on the proposed extension of the King's title. The one most in favor is "Sovereign Lord of Canada, Australasia, and South Africa." Other correspondents suggest that the two sons of the Duke of Cornwall should be created Prince of Australia and Prince of Canada. If by the arrangement of the wording it is intended that the Prince of Australia should be senior, the preference will not be well advised. Canada is an older Colony than Australia, is more populous, and is and always will be a more important portion of the Empire. It is therefore entitled on all grounds to seniority of honors.

Something surprising has occurred. "It is understood," as the dispatch says, that the population of Ottawa is 57,770. The Government should appoint a Royal Commission to ascertain, if possible, how this information leaked out, and another to discover by what mental process the Census officials have been able in three months to make so stupendous a calculation as this total of one city's population.

Mr. Houston's opinion of men and things is liable to sudden variations. A short time ago his own paper, The Tribune, and The Lardeau Eagle were two of the three brightest papers on earth. Yesterday he said the editor of The Eagle was a "blubbering blockhead." The Eagle had a pertinent paragraph referring to The Tribune's attitude in respect to the trackmen's strike, hence this sudden blasting of its reputation.

Here are words of good sense, taken from The Cranbrook Herald: "Conditions may not be the best in the mining camps of British Columbia, owing to several causes, but every man knows that there is just one thing to do, and that is to stand pat and keep the good work going on. Nowhere is there a richer country than the Kootenays, and nowhere is there a place where there will be better opportunities for men of industry and ability. The wealth is here in abundance, and it is going to bring great prosperity to the people of the district."

The Toronto Mail the other day had a special dispatch from Prince Edward Island, to the effect that Mr. Peters was to take the place of Sir Louis Davies in the House and in the Government. Mr. Peters could fill both positions with credit, but he could not make himself the representative both of Prince Edward Island and of British Columbia in the Cabinet. The party leaders might imagine his acting in this double capacity, but it would be much too gauzy to impose upon the people here. Mr. Peters may leave Victoria for a seat in his native Province and a portfolio at Ottawa, but the smell of the Pacific will be blown off him by the time he is installed.

The Greenwood Times has purchased the plant and good will of The Greenwood Miner, and for some time at least Greenwood will have but one paper. This is uncommon good sense, for as The Times says, there are too many newspapers in British Columbia, and every step towards reducing the number is a step in the right direction. This paper would consider a proposition to buy The Tribune, if its proprietors would take the trouble to thoroughly disinfect it.

A GOOD THING.

German Syrup is the special prescription of D. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough Price 75 cts. Get Green's Prize Almanac.

WHAT'S YOUR FACE WORTH?

Sometimes a fortune, but never, if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at Canada Drug & Book Co.

OVER A MILLION WORDS.

Taken in Evidence by Commission on Chinese and Japanese Immigration.

The evidence taken before the Royal Commission which sat from March till June at all important Pacific coast cities to enquire into the subject of Chinese and Japanese immigration, its effect upon trades and callings in Canada, is fast being transcribed by Stenographer Alex H. Crawford, who accompanied the commission.

"The evidence will make 12,000 folios or 1,200,000 words," he said today when asked the extent of it. "That means six volumes of 700 pages each."

He hinted that nothing in the way of an exhaustive report as to the effect of the evidence could be expected before the end of September. This will be handed out by the Chief Commissioner, R. C. Clute, K. C. The other Commissioners were Daniel J. Mann, of New Westminster, B.C., and Christopher Foley, of Rossland, B. C.

Mr. Crawford was the only stenographer and some idea may be had of the demand upon him and his ability when it is admitted by the Commissioners that he worked longer and took far more evidence than the two stenographers in the Behring Sea Commission.—Toronto Telegram.

Rev. J. H. White returned to the city the other day from a trip to the Crow's Nest district, where he has been on business connected with the Methodist church, of which he is the district superintendent. In speaking of his trip he observed that there appeared to be considerable activity in some of the towns in the Crow's Nest district. Notably in Fernie, there appears to be great activity in the building line, and it has the appearance of becoming a large centre of industry. The mining industry does not appear to be as progressive as the St. Eugene at Moyie has closed down and the Kimberley also. The St. Eugene concentrator has also suspended work, but it is not anticipated that the Moyie shut down will be of long duration, as it is maintained that it was caused by the need of immediate repairs. The Kimberley mine is supposed to be closed indefinitely.

If you don't like Blue Ribbon Tea it's because you never tasted it.

NOTICE TO CREDITORS.

In the matter of the Estate of William Thomas Beadles, late of the town of Salmo, British Columbia, deceased, intestate.

Notice is hereby given, pursuant to the "Trustees and Executors' Act," that all creditors and others having claims against the estate of the said William Thomas Beadles who died at Nelson, B. C., on the 17th day of April, 1901, are required on or before the 20th day of August, 1901, to send by post prepaid, or deliver to the undersigned, solicitors for the administrator of the estate of the said deceased at Nelson, B. C., their Christian names and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities if any, held by them.

And further take notice that after such last mentioned date the Administrator will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall have then had notice, and that he will not be liable for the said assets or any part thereof, to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Nelson, B.C., this 18th day of July, 1901.

MACDONALD & JOHNSON,
Solicitors for James Lawrence, administrator of the estate of the said deceased intestate.

CAUTION TO FUSE CONSUMERS

Mr. Machin, general agent Bennett Fuse Co., headquarters at Victoria, B. SHERIFF'S SALE.

Province of British Columbia, Nelson, West Kootenay: To Wit:

By virtue of two writs of Fieri Facias issued out of the Supreme Court of British Columbia, at the suits of The Merchants Bank of Halifax, and Miller & Richard, Plaintiffs, and to me directed against the goods and chattels of the Nelson Publishing Company, Limited, Defendants, I have seized and taken in execution all the right, title and interest of the said Defendant, the Nelson Publishing Company, Limited, in one Thorne Type Setting Machine, one Cottrell Press, one Pony Press, three Gordon presses, one wire stitcher, one ruling machine, one standing press, one paging machine, book debts, subscription list, office furniture, stationery, stock in trade and all other goods and chattels now in the building occupied by the said Nelson Publishing Company, Limited, on Ward Street in the City of Nelson, B. C., to recover the sum of five thousand four hundred and thirteen dollars and eleven cents ($5,413.11) and also interest on thirteen hundred and forty-six dollars and thirty-four cents ($1,346.34) from the 3rd of May, 1901, until payment, and also interest on four thousand and fifty nine dollars and seventy-seven cents ($4,059.77) from the 3rd of July, 1901, until payment, both at the rate of five per centum per annum; besides Sheriff's poundage, officers' fees and all other legal incidental expenses; all of which I shall expose for sale, or sufficient thereof to satisfy said judgments, debts and costs, at my office next to the Court House in the City of Nelson, B. C., on Tuesday the 23rd day of July, 1901, at the hour of 11 o'clock in the forenoon.

An inventory of the goods and chattels to be sold may be seen at my office on and after the 18th instant until day of sale.

Note.—Intending purchasers will satisfy themselves as to interest and title of the said defendants.

Dated at Nelson, B. C.,
15th July, 1901.

S. P. TUCK,
Sheriff of South Kootenay.

LAND ACT NOTICE.

Notice is hereby given that I have made application to the Chief Commissioner of Lands and Works at Victoria, B. C., for a special license to cut and carry away timber on and from the following described Crown Lands in the Goat River section of West Kootenay district, B. C.:

Commencing at a post placed on the South bank of Meadow Creek and marked "South East Corner," said Meadow Creek being a tributary of Goat River and above point is situated about four miles east of the station known as Kitchener on the Crow's Nest branch of the B. C. S. Railway. Commencing at said southeast corner and running west 160 chains, North 40 chains, East 160 chains and south 40 chains to place of beginning, containing about 640 acres.

JAMES CRONIN.
Dated at Moyie, B.C., June 16, 1901.

LAND ACT.

Take notice that I intend to apply 30 days after date to the Chief Commissioner of Lands and Works at Victoria, B.C., to purchase the following described vacant Crown Lands in the District of West Kootenay, B. C.:

Commencing at a post planted on the west line of Lot 362, group 1, West Kootenay District and about 200 ft. from North West Corner of the said lot, and which post is marked "James Cronin's North-West Corner," thence west 80 chains, thence south 80 chains, thence east 80 chains, thence north 80 chains to place of beginning, containing 640 acres more or less.

Correspondence Papers We have several correspondence papers that are being more and more largely used by critical people as their real merits become better known. Among others we mention "Olde Dorchester Bond" and "Crown Parchment." These are put up in the various fashionable sizes. Their quality is the highest, style the most attractive, manufacture the most perfect, and they are always satisfactory. That's why exclusive people like them and why they ask for them. Other high-grade papers are: "Foreign Mail" and "Old Parchment Bond." Insist on having these names on the box. There is nothing else "just as good."

THOMSON STATIONERY Co. Ltd
NELSON, B. C.

Pianos to Rent at $7 per month.

THE CITY

The following books have been added to the public library: "Black Douglas," by S. R. Crockett; "Cinderella," by S. R. Crockett; "Hosts of the Lord," by F. A. Steel; "Lady Barbarity," by J. C. Smith; "Lane That Had No Turning," by Gilbert Parker.

Tonight at Emmanuel Church there will be a musical service to which every one is invited. The choir have arranged special music as follows: Bass solo, "King of Eternity," by Mr. W. J. Caldwell; anthem, "Jesus Lover of My Soul"; solo and quartette, "O Lord Be Thou Merciful," by Mr. A. Steele, Mrs. Caldwell, Miss Winnie Ewart, and Mr. Geo. Brown; anthem, "He Shall Lead His Flock;" soprano solo, "Ora Pro Nobis," Mr. W. J. Caldwell. The service will begin at 8 o'clock.

A COOL PROPOSITION

And a Sure One.

Ths Body Does Not Feel Heat Unpleasantly if You Use

GRAPE-NUTS

KEEP COOL FROM PROPER HOT WEATHER FOOD.

People can live in a temperature which feels from ten to twenty degrees cooler than their neighbors enjoy, by regulating the breakfast.

The plan is to avoid meat entirely for breakfast; use a goodly allowance of fruit, either cooked or raw. Then follow with a saucer containing about four heaping teaspoonfuls of Grape Nuts, treated with a little rich cream. Add to this about two slices of entire wheat bread, with a meagre amount of butter, and serve one cup of Postum Food Coffee. If one prefers, the Grape-Nuts can be turned into the cup of Food Coffee, giving a delightful combination. By this selection of food the bodily energy is preserved, while the hot, carbonaceous foods have been left out. The result is a very marked difference in the temperature of the body, and to this comfortable condition is added the certainty of easy and perfect digestion, for the food is readily worked up by the digestive machinery.

Experience and experiment in food and its application to the human body has brought out these facts. They can be made use of and add materially to the comfort of the user.

PERSONAL

On H. Long and W. Darcy's claim on 49-creek, the Breadwinner, a lead of free milling gold ore eighteen inches wide, and assaying from $7 to $8 on the surface has been located.

Brown Brothers, who were the only jewellers that closed last Thursday afternoon, remained open yesterday as also J. J. Walker, the other firms in that line of business closing from 1 till 6 p. m.

Contractor Lemoine, of the post-office contract, who was expected to arrive in the city yesterday, did not put in an appearance. A wire was received from him that he had indefinitely postponed his trip.

Architect Carrie has completed the plans and specifications for the new high school and is calling for tenders. The notices call for the tenders to be in the hands of the architect by the 29th of the present month.

F. J. Melloche took out supplies yesterday to his two brothers who are developing the Aurora group of claims on Toad mountain near the east fork of Cottonwood creek. They have a shaft sunk 30 feet on the lead, which has a width of 11 feet. The ore carries considerable galena with values in gold and silver.

Washington Park, Chicago, Ill., July 20.—In the Lakeview handicap, today, Rosewar won, with Memnon, second, and Flora Pomola, third. Time, 1.12 3-5.

Fishermen Attention!

T. G. Procter's houseboat is now for rent by the day or week. Special rates for family parties. First-class cook and attendant in charge. Rates $2.50 per day. Parties can get off C. P. R. boats either going or returning from Kootenay Landing. The boat for the next two weeks will be stationed at the mouth of Midge and neighboring creeks, where a big catch of rainbows is assured. Apply to T. G. Procter, Baker street, for further information.

INHERITED ASTHMA

Suffered Since His Birth, and Found Help Only Through Clark's Kola Compound. Now Free From Asthma.

Mr. Robert S. Taylor, New Westminster, B. C. writes:—"I have been a constant sufferer from hereditary asthma since my birth, 27 years ago. I have tried every remedy ever heard of for this trouble and spent hundreds of dollars with doctors, but to no purpose. Clark's Kola Compound is the only remedy that ever gave any permanent relief. I have also gained much in weight since being cured. I can honestly recomend it to any unfortunate sufferers from asthma."
