Daily Edition No. 1075 — NELSON, BRITISH COLUMBIA, FRIDAY, JUNE 28, 1901 — Eleventh Year

COMMUTATION OF SENTENCE

Murderer Collins, Now in the Nelson Jail, Will Not Hang.

Census Returns Will Not Be Published Until September.

(SPECIALS TO THE MINER.)

Ottawa, June 27.—Premier Laurier left tonight for Arthabaseaville, where he will spend two or three weeks taking rest.

Sergt.-Major O'Keefe, of the city police died tonight. He was 58 years of age and a brother of Police Magistrate O'Keefe.

It has been decided to locate the new observatory on the experimental farm.

The case of Fred Collins, of Peterboro, East Kootenay, B. C., in jail at Nelson, convicted of the murder of the Bangor Kid was before the cabinet today. The death sentence was changed to one of imprisonment for life.

Ottawa, June 27.—At a meeting of police commissioners, J. L. Dowlin, the counsel for ex-Detective Flannagan, stated he intended presenting 26 sworn charges against Chief Powell and other officers of the police force. Flannigan who put in his resignation, was permitted to withdraw it in order that he stands suspended. The charges are said to be of rather a startling and spicy character.

Census returns will not be ready till September 1. It had been expected that bulletins would be issued by July 2, but the assistant commissioner stated that events had arisen which would preclude such an early publication of returns. What the exact nature of these new developments may be can only be conjectured. But the commissioner will not, he says, give out the returns of cities and towns piecemeal, and the whole will wait until September.

Vancouver, B. C., June 27.—The coroner's jury at Ladner has brought in a verdict of wilful murder against On Kwang who killed four other Chinamen with an axe. The murderer has not spoken since his incarceration except to ask for more food. His appetite is abnormal.

The C. P. R. has replied to the wholesale grocers' protest, that there is no preferential tariff in existence in favor of eastern shippers to the Yukon.

A special from Ottawa says that Thos. McCaffery, formerly manager of the Union Bank, Winnipeg, will be manager of the Government assay office Vancouver.

Dr. Wilson Herald, of 150 Mile House, says the next Cariboo gold brick will be one valued at $200,000. It will be shipped to Glasgow for the exhibition.

Montreal, June 27.—General Manager McNicoll, C. P. R., states that were it not for intimidation on the part of the striking trackmen the company could get all the men it wanted in place of the strikers.

Brantford, Ont., June 27.—At a convention of health officers yesterday, Dr. Riddell Bayham denounced the habit ladies had of kissing each other as a very fruitful source of contagion.

Arnprior, Ont., June 27.—Gilbert Duncan, aged seven, a son of James Duncan of this town, was drowned this morning in the Madawaska, while playing on a boom.

Quebec, June 27.—W. J. Bryan, the famous ex-presidential candidate of the Democratic party in the United States, is at Chateau Frontenac with his family.

Montreal, June 27.—Valmore E. Traversy & Co., lumber merchants, assigned on demand. Liabilities exceed $30,000.

Montreal, June 27.—Ex-Policeman Dieudonne Plouffe was sentenced to three years in the penitentiary this morning for having robbed a supposed drunken man of a gold watch. Plouffe was suspected of being a thief and the plan was arranged to make sure of his guilt.

Hamilton, Ont., June 27.—Mrs. Blanie, aged 74, suicided today, by cutting her throat with her husband's razor.

CANNERY COMBINE.

New York, June 27.—The Journal of Commerce says: Little information is obtainable in reference to the proposed consolidation of salmon canners of the Pacific coast, which has been hanging fire for something over two months. The report that several representatives of the canneries had left the coast for New York for the purpose of conferring with the financiers is confirmed. It is, however, too early to say whether the deal will be actually consummated as there is still considerable work to be done. At the same time the fact that these gentlemen are coming indicates that there is at least a prospect that plans will be carried out. It is conceded that the Alaska Packers' Association is not interested. It is claimed, however if the deal goes through on the basis now being discussed that the new company would control some 70 per cent of the business. It is not intended to make any change in the authorized capitalization of the company from that proposed some time ago, namely $12,500,000 preferred stock, $12,500,000 common stock and $7,000,000 bonds. The issued amounts of stocks and bonds, however, will be considerably less, the actual amount having not been yet decided upon.

C. P. R. SERVICE.

How Trains and Boats Will Run For July 1st.

A special holiday rate of a fare and a quarter from station to station will be given by the C. P. R., good to go on June 29 and 30 and July 1st and to return on July 1st and 2nd, except to Nelson and Grand Forks where the tickets will be good to return up to the 3rd of July.

There will be no special service into Nelson for the celebration as the regular service will answer all purposes. The Kokanee will leave Kaslo at the usual time, 7.30 a. m., on Monday and Tuesday, and will call at all lake points, arriving here on Monday morning in time for the monster trades' procession. It will leave for Kaslo about 10.30 on Monday or after the water carnival. On Tuesday evening it will leave for Kaslo at 6 p. m., instead of four, to allow the Kaslo people to take in the afternoon sports. On Monday the C. P. R. will have a steamer on the lake for the regatta in the afternoon and the water carnival at night. A splendid view of both events will be provided and bands will be on board. A fare of 25 cents will be charged for the boat ride.

For the Grand Forks celebration a special train will leave Rossland at 4.15 Sunday afternoon and will connect at Robson with the 8.30 train from here. This train has been arranged by the Grand Forks committee who have shown great enterprise in advertising their celebration in Rossland. Another special will leave Phoenix and Midway for Grand Forks at 8 a. m. on the 1st and returning will leave Grand Forks after the fistic encounter at night.

A special will leave Rossland for Trail at 11.15 on the morning of the 1st and will return after the ball.

WANTS MANY MEN.

Mayor Carlson of Kaslo Needs Laborers For Lardo Line.

Mayor G.A. Carlson of Kaslo, was in the city yesterday in connection with the purchase of supplies and the employment of men to work on his contract on the Lardo railway. Mr. Carlson has 350 men now at work and expects to increase this force to 1,000 men within a few weeks. The work at present consists of clearng the right of way, cutting, filling, grading and bridging. His contract extends over 30 miles of country easy to build, the grades being very light and the rock work not so heavy as usually encountered in building railroads in mountainous countries. The engineers have laid out the line in a very ingenious manner, taking full advnatage of every natural facility that the contour of the district provides. In this way the work has been made light.

Mr. Carlson is in immediate need of a large number of men, being able to put four or five hundred to work. He will give employment to any good laborers who report at his headquarters at Howser. He leaves for the north this morning.

SITUATION IS ACUTE

Striking Trackmen on the C.P.R. Still Holding Out.

In Many Places the Neglected Road-bed Is Thoroughly Useless.

The strike situation is becoming more acute as it continues. The service on the main line is reported to be practically tied up. The situation in the neighborhood of Calgary has become somewhat strained. When the strike took place all the Galicians in the employ of the railway vacated the boarding cars. As they had neither food, money, or accommodation they were naturally in a precarious condition. To help them out of their delemna and to avoid the necessity of their having to give in to the company the citizens of Calgary are at the present time running a monster relief camp and are supporting the foreigners. Some empty cars on Tuesday last went through the bridge at Morley, falling a distance of 92 feet. The trestle seems to have been in an unfinished condition when the strike was declared, and although erected and thought to be passable has given way. On account of this in addition to the condition of the track in that division, it is quite probable that the traffic will have to be diverted to the Crows' Nest road, unless the condition of the latter line compel the trainmen to refuse to take their trains over it.

It is said that there is only one man at work on the road at the present time between McLeod and Kootenay Landing. The pump men did not go out on strike at the commencement of the struggle but all are now out and the railway company are offering $10 per day for men to take their places, so as to be able to keep, the passenger trains running. One man was hired from Breckenridge & Lund's tie camp at Michel, at an advance on the wages he was receiving but soon resigned as the Dago's made it too hot for him to continue. Section foremen are reported to have been offered an increase of $200 per month on their regular wages to take out their gangs but cannot be prevailed upon to do so.

Some excitement was created the other day when a man of the name of J. Gosling, who six months ago was one of the most rabid union men, and who worked hard to obtain prominence, was summoned before the magistrate on the charge of threatening a man by pointing a pistol at him. There was a large crowd of strikers at the trial and although Gosling got off he had few sympathisers. He admitted having the pistol in his possession but denied having pointed it at the plaintiff.

Telegrams received yesterday by the local committee of the strikers from various points on the main line reporting that things were much in the same condition, except that the heavy rains were knocking out the road bed badly. At all points the men seemed jubilant as a rule, although some are beginning to feel the pinch pretty keenly. Many of the strikers in Nelson have families living here and their wages did not permit of keeping much ahead, but all express their deterimnation to stay out until a favorable decision is reached. Telegrams from Montreal yesterday stated that the company's officials still refused to meet the strike leaders to confer on the situation.

THE DAY'S DEAD.

Montreal, June 27.—Senator Villeneuve died this evening at his residence, from kidney trouble.

Andrew Allan, head of the shipping firm of H. & A. Allan, died this afternoon from heart failure. He has been in ill health for some time and was advanced in years.

DROWNED IN A POND.

Toronto, June 27.—Mark Selaosky was drowned today in a pond at Hanlan's island.

SHAFT SUNK SHY OF SHOTS

Peculiar Method of Mining on a Windermere Lead Property.

Sand Carbonates of Lead That Can Be Taken Out With a Shovel.

Mr. S. S. Fowler has returned from a trip to the Windermere country where he visited the Paradise group of claims on Toby creek, in which he is interested with H. C. Hammond of Toronto, and R. Randolph Bruce, of Peterboro, B. C. Mr. Bruce is manager of the property. About 850 tons of ore have been shipped from the Paradise which is one of the most most notable properties in the Province. An incline shaft has been sunk 175 feet on the claims without a stick of powder being used. This will sound like a fairy story but it is none the less truth for the syndicate is mining lead carbonates which can be literally shovelled out and put into sacks ready for shipment. It is known as sand carbonates as it is about the consistency of sand. It is between two well defined walls and on account of the remarkably cheap method of mining that can be adopted, pays to ship a long distance although it is not particularly high grade. In no other mine in the Province has this kind of ore been encountered in such a large body. A little was found in the North Star property in East Kootenay. The lead carbonates, so called, mined in the Slocan are galena. Mr. Fowler expects that as development continues on the Paradise, they will run through the sand carbonates and encounter galena. Millions of tons of this variety of ore were mined in Colorado, particularly in the vicinity of Leadville.

Work on the Paradise will be actively continued this summer under the direction of Mr. Bruce. There is a wagon road up Toby creek from Peterboro within a few miles of the property and it will be continued this season.

The construction of the wagon road up Horse Thief creek in the same district will open up a large number of properties. The Red Line company is adding $15,000 to the Government's $15,000 to build the road from Peterboro to its property. The Red Line group is reported to be very rich and the construction of the road will probably lead to early shipments.

Mr. Fowler is of the opinion that good transportation facilities would speedily mean the development of a large number of promising properties in the Windermere country. On Toby and Horse Thief creeks this season great activity will be diplayed.

A dispatch to The Miner last night was as follows:

"Montreal, June 27.—At the annual meeting of the North Star Mining Co., yesterday it was decided, owing to the low price for lead and excessive charges for smelting and transportation, to curtail the shipping at present. D. D. Mann was re-elected president."

Mr. Frank Robins, manager of the North Star, who is attending the mine owners' meeting, stated to The Miner that the shipments from the mine had already been curtailed from nearly 2,000 tons a month to 1,000 tons. The company is under contract to ship the latter amount monthly to the Trail, Nelson and Everett smelters. They will continue to ship 1,000 tons a month. The situation of the property makes the ore easy to get at and only about 35 men are on the pay roll. If the hardships under which silver-lead mining is laboring are removed the staff of men will be greatly increased and the shipments speedily doubled.

Mr. David Heap, secretary of the Last Chance Mining Co., who was stopping at the Phair last night, in answer to a question of a Miner reporter, stated that the crosscut tunnel is now in 1,400 feet. This long tunnel will traverse the whole group, and is expected to open up many veins of great value. The results so far have been very promising. When completed the crosscut will open the claims in a very thorough manner and will be one of the longest in Canada.

Like other Slocan lead properties the Last Chance is not shipping at present, work being confined to driving the crosscut on which 16 men are employed. Compressed air is used for working the drills. The property is in a position to maintain large shipments as soon as a market is supplied.

The annual meeting of the company will be held about the middle of July.

Dr. W. A. Hendryx, president of the company, and Mrs. Hendryx are also stopping at the Phair. After the annual meeting Dr. Hendryx will go to Boise City, Idaho.

Geo. B. McAulay, managing director of the Cariboo mine, Camp McKinney, and Frank F. Mendenhall, manager of the Rossland branch of the Jenckes Machine company, were in Midway on Thursday on their way to Camp McKinney, says the Advance.

It is the intention of the Cariboo company to purchase 40 additional tsamps for its mill, which will bring the capacity of the mill up to sixty stamps.

On Friday Messrs. McAulay and Mendenhall were going on to Fairview to inspect the Smuggler twenty stamp mill, which is owned by the Jenckes Machine company. If the plant be in a satisfactory condition it will be purchased by the Cariboo company and taken to Camp McKinney, and as it has been used but very little since its installation at Fairview, it is altogether likely that it is nearly as good as new.

The mine never looked as well as it does at the present time. It has at least 75,000 tons of ore in sight that will run about $12. During Mr. McAulay's stay at McKinney he will lay out plans for sinking a new four compartment shaft, together with letting a contract for the new hoist, with sinking capacity of fifteen hundred feet.

AMATEUR SECTIONMEN.

Some C. P. R. Office Men Engage in Laying Rails.

Yesterday afternoon a Miner reporter noticed a group of men working at the disabled switch at the west end of the C. P. R. yard. On approaching to see if the strike had been settled it appeared as if the section men had donned boiled shirts, high collars and their Sunday best to celebrate the return of peace. As the reporter came up to the scene of activity the mystery was still further increased by hearing one "navvy," who was swinging a ponderous sledge hammer, shout, "There that'll do d—n it," and a mate, similarly equipped, answered with a strong English accent, "No it won't, hit it again with that beastly mallet." Both of them with that fell to pounding an unoffending clamp rod, which appeared to be slightly bent, in a manner that made up in force what it lacked in regularity and precision.

By this time the workmen had proved to be Roadmaster Lewis, and Messrs. Freeman Lake, Weir, R. S. Moe, and another whose name could not be ascertained, all from the general offices of the C. P. R.. It appeared that owing to the great need for the west switch being repaired, the indefatigable roadmaster had gathered together a gang of recruits from the office and with them was doing his best to put the repairs through.

The job appeared to be a particularly tough one. Engine 584 is extremely heavy, even for an engine, and in its course along the ties it had snapped each one it had come in contact with in its journey of a car length, besides bending the clamp and connecting rods which keep the rails at the proper distance apart, and twisting the slide rails slightly. The rails had first to be loosened from the ties, then jacked up to allow of the broken ties being removed and new ones substituted, the bars to be straightened and rails changed and a few other interesting operations to be managed. How far they got before darkness came it is hard to say, but one trackman, who was probably biassed, said that they only hit a spike once out of three blows on the average, so there is likely lots of work left for today.

When the participators in this work rise to be presidents and general managers, the present practice will doubtless prove invaluable when they are called upon to officiate at the imposing ceremony of "driving the last spike."

MANY MINING MEN MEET

Mine Owners' Association Is Holding Sessions in the City.

Market of Silver Lead Ores a Question That Is Bothering It.

The Mine Owners' Association is meeting in Nelson. Just what the gathering is for is not made public but the large attendance of representatives of the leading lead properties gives color to the report, circulated persistently of late, that the mine owners were getting somewhat desperate over the continued mobility to market lead ores and were going to do something towards providing a market of their own. Various remedies hav been suggested, among them the erection of smelters by the mines and the prospect of a lead refinery being established in Canada shortly makes this scheme more feasible. It is well known that some of the mine owners are outspoken in favor of building smelters of their own and efforts have been made to have the companies take action in this direction. Another suggested remedy is the formation of what might be called a selling associatiton, composed of the mines which have lead ores for sale and which would appoint a sales agent whose duty it would be to find a market, whether local or foreign, and look after the sales of ore. This would make the companies stronger through unity and more able to get their rights when acting together in securing markets.

It is also said that the present meeting may have something to do with the strike at the Northport smelter. Bernard Macdonald, manager of the LeRoi mine and the smelter, is attending the meeting and his latest trouble will probably be discussed.

The asociation held a session last evening in the board room of the London & B. C. Gold Fields, and about midnight adjourned until this morning. Those attending it stated that they had absolutely nothing for publication. The sessions will be continued this morning and will probably last all day.

Among those present are Bernard Macdonald, Edmund B. Kirby, manager of the War Eagle, Rossland; H. B. Alexander, manager of the Whitewater mines, Whitewater, B. C.; George Hughes, a prominent mining man of Sandon; Geo. A. Alexander, manager of the Ruth, Antoine, Jackson and other mines, and the Kootenay Ore Purchasing Co.; James Cronin, manager of the St. Eugene Consolidated, Moyie; R. F. Tolmie, secretary of the association; Dr. W. A. Hendryx, of Los Angeles, Cal., and president of the Last Chance Mining Co.; David Heap, Sandon, secretary of the same company; Frank Robins, manager of the North Star mine in East Kootenay; J. Roderick Robertson, managing director of the London & B.C. Gold Fields, Ltd.; S. S. Fowler of the same company; Capt. J. B. Gifford, manager of the Silver King mine; J. J. Campbell, commercial manager of the Hall Mining & Smelting Co.; Capt. T. J. Duncan, of the Duncan Mines, Ltd.; Hon. T. Mayne Daly, K. C., solicitor of the B. A. C., Rossland, and others.

The great lacrosse match tomorrow afternoon in aid of the General hospital is attracting much attention. One of the articles of agreement between the two teams is that no practising must be indulged in. Yeserday it was rumored that the McFarland Muffers were practising in the office of their solicior, W. A. Macdonald, K. C., and the Tamblyn Tigers have entered a protest. The McFarland Muffers are retaliating by preparing injunctions to be serve on any of the Tigers who score more than 19 games.

The prizes for the Dominion Day sports which were on exhibition in Teetzel's window have been removed to the window of J. Dover's jewellry store and present a striking picture. They are arranged on a plaid striped stand and have a back ground of the national flags. In the centre, like a king amongst his subjects, stands the silver cup which will be presented to the winner of the blue ribbon in the trades' procession. It is an excellent display and the prizes are tempting ones.

Sir Claude Macdonald says that during the five years he served as British Minister in the Flowery Kingdom he never saw a drunken Chinaman. Perhaps it is this intemperate sobriety that makes the Chinese so unpopular in some localities in British Columbia.

The newspaper men and women of Minnesota are a very lively lot. Two or three years ago they took in Manitoba, the Territories, and British Columbia, and this year they are down in Ontario, 250 strong. They are bound to know Canada. There are some other American editors whom it would profit if they were to see with their own eyes that there are other countries and other people in the world besides their's.

The Washington Government are terribly annoyed over the report that they had asked to have the Alaska boundary matter submitted to the arbitration of Russia. The dispatch omits to explain the particular cause of their annoyance, but we suppose it is at the suggestion implied in the report that they are simple enough to run the risk of a just settlement when by hanging out they can carry everything their own way.

Since the Good Queen's Jubilee Canada has figured largely in British estimation, and for the past year its name is supposed to have been in every mouth in the United Kingdom. Yet when Punch introduces Miss Canada to the War Minister, she is clothed in blanket and moccasins, with a flaming head-dress of feathers. Perhaps it was the excessive heat of the past few weeks that caused it to overlook the snowshoes. We wonder if Englishmen at home will ever cease to regard Indians and snow as the special types of Canada?

Among the Democrats of the United States there is an apprehension, or for party reasons the pretence of an apprehension, that it is still a set purpose of the Rebublicans to nominate Mr. McKinley for a third term, notwithstanding his positive disclaimer of a few weeks ago. It is maintained that he is too weak of purpose to withstand the influence of the party leaders who have had special charge over him during the years he has been in the White House. That is not the impression formed of him by those on the outside, who regard him as one of the ablest and best of United States Presidents since the Rebellion. But whether inclined or not, there is little probability of another nomination, for one of the unwritten decrees of the American constitution is that no man shall be President a third time. That was a precedent established by Washington, and the American people would sooner deny the Christian religion than thus dishonor the teachings of the Father of their country.

"Flaneur," of The Toronto Mail, having expressed his willingness to accept the opinion of the majority of medical men regarding vaccination, is treated to a letter in reply of which the following is an extract: "History shows that this is not a safe thing to do. During the previous century this 'majority' was equally in favor of smallpox inoculation, yet they have now made it illegal. For forty years the 'majority of medical men,' opposed Harvey's discovery of the circulation of the blood; they bled the people for a century, thereby slaughtering thousands; for many years they denied a cup of cold water to a patient consuming with fever; they used to give patients calomel till their teeth dropped out, the flesh rolled off their bones, and the bones crumbled into dust, and, in short, they have bitterly opposed every real and scientific reform in the healing art. Through vaccination they are poisoning the blood of the whole civilized world, and so introducing the seeds into the system, or, at least, predisposing it to all forms of disease. And all for the purpose of securing an imaginary immunity from a disease with which few have any acquaintance except by hearsay, and from which 99 of every 100 recover."

A gambler and an ex-chief of police of Seattle engaged in a shooting scrap a few days ago, in which the chief of police was killed. The shooting took place in broad day, in a drug store in the heart of the city, filled at the time with customers, spectators, and idlers. The sheriff, a police detective, and several other police officers were present, witnessed the fracas from the beginning and towards the end of it interfered to separate the combatants. They were no more than any other spectators, however, no attention being paid to their authority as peace officers, and the shooting went merrily on. Such a thing could never take place in Canada among Canadians, thanks to that inbred and deep-seated respect for the majesty of the law which prevails in every civilized community that rejoices in the protection of the British flag. The presence of a representative of the law, who demands peace in the King's name, will overawe any brawlers less than hardened and desperate criminals. That there is a deplorable want of this respect among average Americans is due to the laxity of the authorities themselves in punishing offences against the law.

A DEEP MYSTERY.

It is a mystery why women endure Backache, Headache, Nevousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney troubles," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at Canada Drug & Book Co.

HUDSON'S BAY COMPANY.

INCORPORATED 1670.

We beg to announce that we have made arrangements with Mr. H. Moses, who comes highly recommended by his late employers, the Spokane Dry Goods Co., at Spokane, to

Make Up Fur Garments,
Repair Fur Garments,
Remodel Fur Garments, and to
Renovate Fur Garments generally.

This is a rare opportunity for the people of Nelson and vicinity to have their Fur Coats, Capes, Muffs, Collars, Caps, Cuffs, etc., thoroughly repaired and made to look new and fashionable.

If so desired, Mr. Moses will be glad to call at your residence, inspect the garments, submit patterns of latest styles, and give estimates of the cost of the work required.

THE TONTINE SAVING ASSOCIATION

Home Office Minneapolis, Minn.

Victoria, B. C., May 29th, 1901.

Mr. Jno. T. Pierre, Nelson:

Dear Friend John,—Your favor from Kaslo duly received with $5.00 enclosed and herewith please find receipt for same, also herewith please find four contracts for Sam and one for Malone. Business, I am pleased to say, is just booming here and I tell you they are talking Tontine good now. This is the list of payments I have made this week:

P. Crombie	$160	Dr. Lewis Hall	$320
A. McLaggan	480	Harry Maynard	320
Tom Sarantis	160	A. Bancroft	960
Jos. P Stewart	160	D. T. Scott	160
Jos. Mayer	160	H. Liebenbaum	160
H. J. Case	160	N. Shakespeare	320
	$1280		$2240

$3,520 is pretty nice I tell you and always looking for more. So just tell your friends to get aboard. I have now myself 30 and hope to get it to 50 before long. With best wishes to you, I remain yours very truly,

FRED CARM, Jr.,

PRELIMINARY HEATS.

Junior Four-Oared Event Now Down to the Finals.

Yesterday afternoon in spite of wind and rain, the junior four-oared crews rowed their preliminary heats and semi-finals and as a result the Nase and Pullen crews row off on Monday for possession of the handsome prizes.

The first heat rowed yesterday was between Fraser and Nase. Forbes was scheduled to row Fraser but he defaulted and Fraser was consequently advanced a stage and rowed Nase, who was a bye. The crews got away well together and each rowed a good race, but Nase was too much for his opponents and won handily by a couple of lengths. The Fraser crew never pulled together before.

When the boats were being overhauled for the next heat a seat fell overboard and of course sunk. This caused considerable delay during which time the bottom of the lake was scraped with fish poles. Finally another seat was secured and the Pullen and Somerville crews rowed their heat. It was a walk over for Pullen as his opponents gave up when they were opposite the city wharf leaving Pullen to paddle home a winner. The Somerville crew had trouble with their slides.

McBeatth and Newport then took the boats. The heat went to the former who proved much too strong for the other and won out by a couple of lengths.

Pullen and McBeath next rowed their semi-final heat. The former crew pulled splendidly and won by a good margin.

The results were:

Forbes defaulted to Fraser.

O. Nase stroke, E. Hickling 3rd, R. J. Strachan 2nd, J. Patterson bow, beat N. F. Fraser stroke, W. A. Fraser 3rd, F. A. Eaton 2nd, P. S. Horton bow.

F. Pullen stroke, R. W. Brigstock 3rd, S. M. Johnson 2nd, C. Campbell bow, beat O. Somerville stroke, Dr. McLennan 3rd, John Rae 2nd, J. G. Bunyan bow.

H. McBeath stroke, A. V. Mason 3rd, F. Clark 2nd, W. R. Seattle bow, beat J. Newport stroke, W. Sprey 3rd, C. Holmes 2nd, C. K. Loring bow.

Pullen beat McBeath.

TRIGGER AND TRAP.

Yesterday's Scores and the Programme For Next Week.

The regular shoot of the Nelson Gun club took place at the traps last night at 6.30. Clarence Goepel headed the score with 23 out of 25, and Dr. Hall was second with 18 breaks.

The following is the score, each shooting at 25 birds:

Pete Nelson 0-1-0-1-0-0-1-1-0 0-1-0-0-0-1-0-0-0-1-0-0-0—8

S. Nelson 1-0-1-1-1-1-0-0-1-0-1-0-0-1-0-1-0-0-0-0-1-1-1-1-0—13

Clarence Goepel 1-1-1-1-1-1-1-1-1-1-1-0-1-1-1-0-1-1-1-1-1-1-1-1—23

Dr. Hall 1-0-1-0-1-0-1-1-1-0-0-1-1-1-0-0-1-1-1-1-1-1-1-1-1-1—18

Geo. Tierney 0-0-1-0-0-1 0-0-0-0-0-1-1-0 1-1-1-1-1-1-0-1-0-0-1—12

Goepel's score of 23 was the highest ever made over the Nelson traps.

The club have fixed up the grounds for the tournament on the second of July and expect a lot of shooters to take part in the contests. The shooting will be over five expert traps, five men up.

The following is the programme which is attracting trapshooters from Revelstoke and other places:

Event No. 1.—25 birds, entrance, price of birds; 1st prize value $10; 2nd, value $5.

Event No. 2.—Sweepstake, five birds, the entrance arranged at the traps.

Event No. 3.—Individual Championship Cup, entrance, price of birds, 50 birds, five men up.

Event No. 4.—Sweepstake, five birds, entrance arranged at the traps.

Event No. 5.—Corby Challenge Cup, entrance, price of birds, 20 birds, five men up.

Events No. 6 and 7.—Sweepstakes, five birds each; entrance arranged at the traps.

Event No. 8.—Team shoot, three men, entrance price of birds; prize, three solid gold lockets to winning team.

Events No. 9 and 10.—Sweepstakes, five birds each, entrance arranged at the traps.

AT THE RANGES.

The following are the riffe range scores for Thursday:

	200	500	600	Tot'l
A. Grant	28	32	24	84
R. J. Steel	27	28	28	83
A. Carrie	30	29	23	82
J. Simpson	27	23	24	74
H. J. Robie	28	25	18	71
J. Christie	21	18	12	51
E. J. Dutton	16	11	10	37

THE ONLY TRAINED ZEBRA.

Aexas, is the name of the only trained African zebra in the world. He will be seen with Norris & Rowe's Big Trained Animal Show, which will exhibit in this city next Monday afternoon and evening under their enormous waterproof tents which will be located in the C. P. R. yards. Heretofore the zebra has been considered unmanageable and it remained for Norris & Row, the world's greatest animal trainers to prove this to be erroneous. Alexas is a genuine African specimen, and Norris & Rowe will forfeit $10,000 to any charitable institution, if Alexas is not as represented to be. Some years ago a certain circus advertised a team of trained zebras, but they were Quaggas, a species closely related to the zebra, the only distinction being that the zebra is striped to the hoof and the Quaggra's legs are perfectly white. Alexas will be driven in the new big free spectacular street carnival and children's fairyland parade will be given on the morning of the exhibition at 11 o'clock. No matter where you have been, if you have not seen Alexas you never saw a trained African zebra. This feature alone stamps Norris & Rowe as the greatest animal trainers of the age.

MINING RECORDS.

The records yesterday were as follows: Certificates of Work—Alice, Anna B., Hattie B., Idá, to H. B. Campbell; Maggie, to John Holm; Maggie to August Johnston. Transfers—The Pot, Carthage and L. M. Fraction to M. E. Parenteau, agent of the Chicago National Development Co., from Henry Kearns, Oliver Blair and John Philbert; Marion and Aberdeen, from H. B. Campbell and H. McAlpine to M. H. Coulter.

TOT CAUSES NIGHT ALARM.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds Throat and Lung troubles. 50c and $1.00. Trial bottles free at Canada Drug & Book Co.

GOOD ADVICE.

The most miserabl beings in the world are those suffe ng from Dyspepsia and Liver mplaint. More than seventy-five per ent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach Sick Headache Habitual Costiveness palpitaton of the Heart, Heartburn Waterbrash, Gnawing and Burning pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Greens' Prize Almanac. For sale by W. F. Teetzel & Co. Get Greens' Prize Almanac.

LAND ACT NOTICE.

Notice is hereby given that I have made application to the Chief Commissioner of Lands and Works at Victoria, B. C., for a special license to cut and carry away timber on and from the following described Crown Lands in the Goat River section of West Kootenay district, B. C.:

Commencing at a post placed on the South bank of Meadow Creek and marked "South East Corner," said Meadow Creek being a tributary of Goat River and above point is situated about four miles east of the station known as Kitchener on the Crow's Nest branch of the B. C. S. Railway. Commencing at said southeast corner and running west 160 chains, North 40 chains, East 160 chains and south 40 chains to place of beginning, containing about 640 acres. JAMES CRONIN.

Dated at Moyie, B.C., June 16, 1901.

CAUTION TO FUSE CONSUMERS

Mr. Machin, general agent Bennett Fuse Co., headquarters at Victoria, B. C., begs to say that in consequence of attempts to impose spurious and cheap imitations of their white countered, patent safety Fuse, Crown Brand, he feels it necessary to ask consumers to be sure that they get the genuine Bennett's Fuse. The sole agents in Nelson is the Lawrence Hardware Co.

Pianos to Rent.

THE CITY

A new sidewalk is being laid on the east side of Kootenay street between Baker and Victoria streets.

The local strawberry crop this year will in all probability be a very small one, owing to the continued cold, wet weather.

The Archbold & Pearson auction sale was continud yesterday and again adjourned until this afternoon. There is a large assortment of valuable articles yet to be sold.

Many of the retail store men took advantage of the half day closing yesterday to decorate their windows. Competition for the prize for the best dressed window will be very keen.

Owing to the inclemency of the weather the contests in the Quoit club tournament did not take place yesterday but all quoiters in the team are requested to be on hand this evening at 7 o'clock sharp.

The presentation of prizes and closing exercises at St. Joseph's school will take place this afternoon at 2 p. m., when parents and relatives of the scholars and those interested in educational work are invited to attend.

The alterations and improvements to the Phair hotel are at last approaching completion. Some of the old timers will remember when they were commenced. The hotel will be elaborately decorated for the 1st and 2nd of July.

In the baseball game yesterday afternoon the Clothiers went down to defeat at the hands of the Grocers by the score of 25 to 14. The return game will be played on Thursday July 11, when the Clothiers will have all their own team on hand and not have to use any subs.

Martin Madden, contractor for the McMillan block going up on the corner of First sreet and Knob Hill avenue, has the foundation of the structure up and is crowding the work as fast as possible. When complete this block will cost about $8,000, and will be one of the best buildings in the city.—Pheonix Pioneer.

The accident on the Crow's Nest road last evening is not as serious as it was first supposed. The engineer, Hughie Brock, who was injured, is progressing favorably. He was badly injured in the groin but the injuries are not regarded as likely to be attended with any fatal consequences. No knowledge of the perpetrators of the tampering with the switch is as yet to hand and although the company have offered a reward of $1,000, so far no arrests have been made.

GOOD BREAKFASTS.

Start the Day Right.

The breakfast is perhaps the most important meal of the day. Europeans usually eat a very light break fast. Many Americans have stomach trouble because they eat too much or food of not the right sort for the morning meal. An ideal breakfast is a baked apple or some other fruit, a dish of Grape-Nuts Food with a little cream, and a cup of Postum Food Coffee.

Leave off all meat, hot biscuits, etc. Grape-Nuts and Postum both furnish the phosphate of potash together with other food elements that go to make up brain and nerve centers as well as muscle and tissue, and both can be digested by the stomach of an infant.

It is the part of wisdom nowadays to use food especially selected for nourishment and that can be easily digested. Ten days trial of this breakfast and you will feel as though you had "cleaned house."

The exhilaration of bounding health is worth a hundred times the small outlay of time and care in arranging such a breakfast.

Mrs. Riley, 125 Chesnut St., Camden, N. J., says she formerly breakfasted on chops, hot biscuits and coffee. "After such a meal I would have severe pains and they would last sometimes far into the night" She finally determined on a change in her diet and had for breakfast only Grape-Nuts Food and a little cream with Postum Food Coffee. She says, "In a very few days the intestinal trouble all disappeared. I have regained my old-time weight, lost the irritability and nervousness, and life takes on a new aspect.

When I feel a little exhausted in the day I simply drop everything and stir a spoonful of Grape-Nuts in a little cream or hot milk, and in ten minutes I have regained my vigor and freshness."

Grape-Nuts Food is best when served just as it comes from the package without any cooking whatever. The food has already been cooked ten or twelve hours in the process of manufacturing it. When made up into puddings, pies and other desserts it does not hurt it to be cooked again, but when served simply as a breakfast food it should never be cooked. On the contrary Postum Coffee absolutely must be boiled 15 or 20 minutes before the food value and flavor can be brought out.

There was a large turnout of the quoit players last evening to prepare for the Dominion Day celebration games. The following were chosen to represent the Nelson Quoit club against outside teams: J. H. Wallace, W. Telford, Geo. Nunn, W. W. Beer.

The district land office of the C. P. R. is now transacting business. It is in charge of A. Taylor, son of Sir Thos. W. Taylor, formerly chief justice of Manitoba. Mr. Taylor is district land agent and is assisted by H. Waters. The local office will have charge of the company's land in British Columbia.

The new cigar and tobacco store of H. H. Playford & Co., was opened last evening. The work of transforming the Madden block quarters into luxurious smoking parlors is not yet completed but when it is the store will be very handsome and comfortable. Meanwhile the popular manager is attending to a large number of customers.

The reception committee of the Dominion Day celebration met last evening in H. R. Cameron's office. It was decided to serve lucheon on Monday and Tuesday in the Macdonald block, where the guests of the city will be entertained. All the visiting public officials of other towns and the outside newspaper men will be guests of the committee while here. Representatives of the reception committee will meet all trains and boats coming into the city to look after their visitors.

J. Lonsdale Doupe, assistant land commissioner of the Canadian Pacific, is at the Phair. He has spent some time in the Lardo country superintending the work there that comes under his department. A townsite, named Selkirk, is being laid out at the south east end of Trout Lake, which will be the present terminus of the road. The townsite will be put on the market in a few weeks The company will build freight sheds and wharves at Trout Lake City, at the other end of the lake this season. Mr. Doupe leaves for the east in a couple of days.

The new lap streak boats of the boat club arrived in the city on Wednesday evening from Vancouver and are now safely housed in the boat house. The boatmen express themselves as more than pleased with their purchase and say that the boats are much superior to the ones they had expected. They are about 35 feet long and two feet wide. The seats are constructed on the sliding scale principle with patent foot holds. The boats weigh about 150 pounds and are of most excellent workmanship. They were launched yesterday afternoon and gave great satisfaction. The crews will practice in them during the next few days when a decision will be made as to whether they will be used at the approaching regatta.

The barges on which the fancy dress ball will be given on the evening of the Dominion Day celebrations will be anchored in mid stream and a tug will ply between the wharf and the barge for the conveyance of passengers. The judges' stand will also be on the barge and the arrangement of the course for the water carnival has been left in the hands of Captain Gore. The course will be somewhere between the C. P. R. wharf and a place near to One Mile point. Illuminated buoys will be placed at the required intervals to define the course and it is expected that the procession will take the form of an eight or double eight. At 8.30 the barge will brought alongside the wharf for the convenince of those attending the dance.

Government Engineer Keefer, who is in town on Government business, last evening sitting in the comfortable reception hall of the Phair hotel, told some interesting reminiscences of the changes that had taken place in the appearance of Nelson since his first visit here, which had been in connection with running the line for the Columbia & Kootenay from Robson to Nelson. At that time the accommodations for travellers in the present city were so scarce that visitors of any consequence were generally invited to the rough shacks and tents of the engineering staff, on the site of the old shipyards. Most of the streets were but trails winding around the rocks and up and down the ravines with which the townsite was liberally cut up. It was only a rough mining camp, and looked one of the last places where such a handsome city as in here now, would be located.

APPEAL ALLOWED.

In Manley vs. Collom Defendant Wins Before the Full Court.

A telegram was received from Vancouver last evening by Macdonald & Johnson, solicitors for the defendant, informing them that the appeal of the defendant in Manley vs. Collom had been allowed with costs. The suit involved the title to the Native Silver Frac. lying between the Arlington and Burlington mineral claims near Slocan City. The property was of considerable value on account of its location. The defendant contended that the mineral claim of the plaintiff was fraudulent and invalid on account of having been located in the interests of a previous owner without having obtained the consent of the Gold Commissioner, and through defect of staking in not showing the approximate compass bearing of the location line. It was also contended that the plaintiff did not find any mineral in place on the claim and that the free miners' certificates were defective in having been issued by E. M. Sandilands, of Sandon, who was neither Gold Commissioner nor mining recorder. The trial of the action took place at Nelson last October before Mr. Justice Walkem, who gave a verdit for the plaintiff, from which the defendant appealed. In the appeal court the case for the plaintiff was argued by Mr. L. P. Duff, K. C, and J. H. Lawson.

Messrs. E. P. Davis, K. C., and W. A. Macdonald, K.. C., appeared for the defendant.

PERSONAL

Dan McLachlan, Dublin, Ireland, is at the Clarke House.

W. Whitehead, Marble Head, B. C., is registered at the Tremont hotel.

Colin C. Brown and J. G. Egan of Rossland, are registered at the Queens hotel.

W. J. Driscoll and E. Bransteller, Slocan, are registered at the Madden house.

Dr. Wilbur Hendryx, president of the Last Chance Mining Co., and Mrs. Hendryx are stopping at the Phair.

Judge Forin, who has been at Fort Steele on county court work, returned to the city on Wednesday evening.

Mr. V. Hyde Baker, of Cranbrook, who is largely interested in the Blairmore coal fields was in town yesterday.

Miss Howe, of the Kootenay Lake General hospital, who has been spending her vacation up the lake, returns today.

F. S. Clements, of Green & Clements, who has been surveying near Ymir for some days will return to Nelson on Sunday.

W. H. Harrison, Granite Mill; John B. Old, Arrow Lake; W. Whetster, Slocan, and Philip White, Ymir, are guests at the Grand Central hotel.

Captain and Mrs. J. R. Gifford, Silver King; Frank Gorgan, Greenwood, H. Wilson, Vancouver; R. T. Lowery, New Denver, and J. H. McGill, Vancouver, are registered at the Hume hotel.

T. C. M'Manamon, who is looking after the interests of the striking trackmen in this section, left on last night's boat for East Kootenay to investigate the affair at Cranbrook in which an engine was ditched. Mr. M'Manamon said the trackmen would do all they could to bring the guilty party or parties to justice.

Those registered at the Phair yesterday were, H. B. Alexander, Sandon; Geo. Hughes, Sandon; Geo. A. Alexander, Kaslo; Mr. and Mrs. J. C. Webb San Francisco; T. Mayne Daly, Bernard McDonald, Edmund B. Kirty, Geo. E. Pfunder, Rossland; T. K. Parkhurst, Portland; Edward Brough Greenwood; A. C. MacDonald, Winnipeg; E. J Wilson, Greenwood; P. F. Melheim, Milwaukee; W. H. Jeffrey, Kaslo; John G. Sullivan, Trail; James Cronin, wife and child, Spokane; G. F. Ehrenzeller, L. Beer, New York; Mrs. J. H. Gray, Kaslo; G. B. Winter and wife, Spokane.
