ALL EYES ON ROSEBERY

He Alone Can Bring About Unity Among the Liberals.

Forecast of Chief Measures to Come Before Parliament.

London, Jan. 4.—When King Edward opens parliament on January 16th, which will be an occasion of even greater pomp and ceremony than was his last appearance in the House of Lords, one of the most interesting sessions of recent years will be commenced. Before its conclusion the whole status of the Liberal party will likely be altered, and Lord Rosebery's future determined. Present indications point to a split which no middle road pronouncements can heal, and in which Sir Edward Grey, H. H. Asquith, Sir H. H. Fowler, R. W. Perks, R. B. Haldane and other imperialists together with a few unionists, will flock to Lord Rosebery's standard and initiate an organization with the hope of securing control of all the Liberal elements prior to the general election temporarily. This division of the opposition will greatly facilitate the government's programme, the chief item of which is a sweeping reform of parliamentary procedure. The hopeless delay and confusion which at present characterizes all executive labors at Westminster have reached a point where parliament has become ridiculous in the eyes of the country. In the drastic recasting of the procedure many methods employed by the United States congress will either be adopted or given a trial in modified form.

Among other important features of the session will be a thorough investigation of General Buller's dismissal from the army. This doubtless, will once more involve the nation in a whirlpool of bitter controversy.

Education and finance are two routine matters which will carry more than usual interest.

The Chancellor of the Exchequer, Sir Michael Hicks Beach, will doubtless get all the additional war supplies he requires, though special measures will be necessary to raise them, and this will give the Sir Henry Campbell Bannerman section of the opposition a full opportunity for criticising the government's policy in South Africa. Some sanguine prophets also believe the war will be sufficiently near its end to enable the government to lay before the nation during the session, detailed plans for the settlements of South Africa. This belief, however, does not appear to be shared by the War office.

The steamship offices and other American rendezvous in London are already getting inundated with applications from the United States to secure seats from which to witness the coronation procession. Nothing definite can be arranged, as the route of the procession is still unsettled. In vicinities where it is thought likely that the great show will pass, speculation however, is beginning to get brisk. Those who own town mansions on Park Lane and in the ultra fashionable squares which will be available to visitors are being quoted at £3,000 to £4,000 for a short season and smaller furnished houses usually fetching £600 are on the market at £1,000 for the season. The leading hotels have already booked most of their rooms at advanced prices and several of them have s cured overflow hotels in anticipation of a rush. The London tradesmen openly avow that they are looking forward to a great American harvest, but that this will not go entirely into British pockets is evidenced by the inquiries made by many American firms regarding the purchase of stores favorably situated in the west end.

Public feeling here has been deeply stirred by the alleged libels on British soldiers in South Africa, circulated on the continent. Lord Roberts' letter, contradicting the stories of the violation of Boer women and the employment of Boer female refugees for immoral purposes, has intensified this feeling especially as regards the anti-British tendencies of the German press. The Pall Mall Gazette declares that a positive duty is incumbent on the German government to order its military attaches in South Africa to announce what they know regarding the alleged atrocities. In all quarters the keenest disposition is evinced to have authoritative denials issued and have all accusations investigated.

In the meanwhile the irritation against Germany is being vigorously fanned by several of the London dailies. Dr. Conan Doyle's pamphlet on the subject of the South African charges will be shortly published. It deals with every specific charge he has been able to investigate and it will be sold without profit both here and in the five European countires for which it has been translated. A New York firm has been given the American rights on condition that it sends free a copy to every United States senator, congressman and government officer.

In connection with the war it is interesting to note that the War office is considering the advisability of supplying false teeth to the forces. Sixty per cent. of the applicants for enlistment in General Baden Powell's police have been rejected on the ground of bad teeth, and hundreds of applicants for service with the yeomanry were disqualified for the same cause. The dental hospitals of London have notified the War office that they are prepared to make good the deficiency or entirely equip applicants who are otherwise eligible at £1 per head.

By far the most important contributor to the exhibition of old masters, a private view of which was held at Burlington house, is J. Pierpont Morgan. He has sent a Colonna, a Raphael, a Van Dyck, a portrait group by Rubens, a portrait of the Holy family by Titian, and a Rembrandt landscape. Other prominent exhibitors are the Duke of Devonshire and various Oxford colleges.

About a week ago Mrs. Alec Tweedie wrote an article for the Daily Mail on the selfishness of modern Englishmen, quoting an American girl as saying that English bachelors never returned woman's hospitality and were otherwise remiss. By endorsing and emphazing this view, Mrs. Tweedie started a stream of correspondence and elicited several amusing replies from English young men. These retort that no English girl would ever expect men to take her to tea, the theatre, for a drive in the park or give her candy or flowers, and that the American girl by her willingness to accept such attentions, comes in for considerable criticisms. Mrs. Tweedie also represented the American girl as saying she would not waste hospitability over those who would not return it. This commercialism has been greeted with jeers from various clubmen who have taken up the cudgels for their sex. Mrs. Tweedie apparently only drew a caricature of a well bred American girl, but it served to bring out curiously biting reflections from men who have evidently accepted American hospitality.

The action of Sir Ernest Cassol in placing £200,000 at the disposal of King Edward for charitable or utilitarian purposes which sum will be devoted to the establishment of a sanitarium for consumptives, has brought prominently before the public notice one of the most interesting character in England. Comparisons are now drawn between Andrew Carnegie and Cassol. In this connection the Spectator says: We hope the gift will be the precursor of many more. English millionaires do not behave well in this respect, far worse, for instance than their American rivals who have sent this year £25,000,000 in the endowment of universities, colleges, libraries and art schools. It is thoroughly discreditable to us that Oxford and Cambridge lack a million apiece required for their complete equipment.

Sir Ernest Cassol is an instance of those who have worked from the bottom to the top rung of English life He was born 50 years ago at Cologne. His father was a German baker. Sir Ernest entered the London financial house of Bischoffsheim and Goldsmid, as a clerk, finally attaining a partnership. He had much to do with the great English boom in Eries and was chiefly responsible in 1880 for the conversion of the Atlantic and Great Western trust into the Atlantic First Leased Lines Rental trust. He was made knight commander of St. Michael and St George for important financial services to the Egyptian government, and was also decorated by Norway and Sweeden for assistance rendered to railway enterprises in these countries. Sir Ernest was interested in the issue of the Mexican five

(Continued on Third Page.)

WILL ACCEPT $40,000,000

Commission's Valuation of Panama Canal Satisfactory.

Offer Formally Placed Before the Secretary of State.

Paris, Jan. 4.—The directors of the Panama Canal company, with President Bo, in the chair, met at the company's office at 11 o'clock this morning and after a brief session, came to a definite decision to offer to sell the canal property to the United States for $40,000,000. This price includes the excavations, canal, railway, machinery and all the other items specified in the Isthmian commission's report. The company's representative at Washington, M. Boeufve, received a cable message today instructing him to formally submit this offer to the president.

Washington, Jan. 4.—A formal proposition to sell the Panama canal properties to the United States government for $40,000,000 today was submitted to the authorities here. It was made by M. Boeufve representing the company, and Admiral Walker, as chairman of the Isthmian commission. M. Boeufve acted under cable instructions received today from the Panama canal officials at Paris. Admiral Walker brought the proposition to the knowledge of the Secretary of State and President, going directly to the State department for that purpose.

The submission of this offer carries out a plan which has been under consideration for the last two weeks. The first step was taken when M. Puton retired from the presidency of the Panama canal. In substance the notification delivered to Admiral Walker is as follows:

The Panama Canal company declares itself ready to transfer to the government of the United States on payment of $40,000,000 its properties and concessions, estimated at that amount by the Isthmian Canal company, in conformity with the terms and conditions of the estimates of the said commission.

Except to submit the proposition in the foregoing terms, there was no discussion with Admiral Walker as to what further steps were likely to be taken except to bring the proposition to the attention of the Secretary of State, and the President.

It can be stated that the President will communicate the proposition to congress. The offer as made to Admiral Walker and later communicated to the President and Secretary of State refers to the estimates of the Isthmian commission's report. This feature of the commission's report appears under the caption "total value of the Panama canal," and is as follows: Summing up the foregoing sums the total value of the property is found to be, excavation already done $27,474,033, Panama railway stock at par $6,850,000, maps, drawings and records $2,000,000, to which add 10 per cent, to cover commission, making the total valuation of the Panama canal $40,000,000.

LEFT A COLD WORLD.

St. Louis, Jan. 4.—Henry C. Tatum, aged 50 years, secretary of the Western Commercial Travellers association, was found dead in bed at his residence here today. He had been ill for some time. Mrs. Tatum said that when her husband came home last night at 11 o'clock he said: "This is a cold world" A physician, who was called today when Tatum's dead body was found, discovered an empty bottle beside the bed, which, he said, had contained some kind of poison. Mrs. Tatum told the doctor that her husband had swallowed the contents of the bottle before he retired.

HAWAIIAN MINISTER MARRIED.

San Francisco, Jan. 4.—Samuel Parker formerly premier and minister of foreign affairs, of Hawaii, has been married to Mrs. Abigal Campbell of San Jose, widow of the millionaire planter, James Campbell, the engagement of whose daughter Abbie to Prince Kawawanoka was recently announced.

SPANISH STRIKE RIOTS.

Many Conflicts With Police and Cavalry Called Out.

Madrid, Jan. 4.—Martial law will be proclaimed tonight in Barcelona and its vicinity. Already there have been serious disturbances between the strikers and the civil guards and numbers of persons have been wounded and many arrested. A general strike in all trades has been decreed in support of the striking metal workers. Bodies of strikers are constantly parading the streets, and pelting the workshops and factories with stones, necessitating the calling out of cavalry to restore order.

The police of Barcelona are guarding the suburban tramway cars which have to run the gauntlet of volleys of rocks. There has been a large influx of people into Barcelona from the surrounding villages and the socialists and anarchists are active in organizing attacks on the factories which have been compelled to close. A well known woman anarchist Therese Claremont is among the persons arrested. A feature of the situation is the militant action of the women. Meetings of work women during the night decided to strike for nine hours work per day and support the men strikers. Women are now prominent in all the street demonstrations.

GRACIOUS TO FOREIGNERS.

Chinese Dowager Empress Announces a Series of Receptions.

Pekin, Jan. 4.—The dowager empress has issued another edict displaying a desire to conciliate foreigners. She says friendly relations with the ministers should be resumed immediately on the court's return to Pekin, wherefore, it is desirable that the emperor grant an audience and orders an early date to be fixed for the reception of the ministers.

Her majesty recalls the pleasure she experienced twice in receiving the ladies of the diplomatic corps and announced that she will soon arrange another reception. The edict mentions the hall in which the emperor will receive the ministers. It is in the Forbidden city and is the same hall where the members of the council and the highest nobles are received. This conforms with the peace treaty. It is reported that a building along the route of the procession will be provided where the foreign ladies may witness the court's re-entry in Pekin.

FIRE IN HOSPITAL.

Richmond, Va., Jan. 4.—The main building of the Eastern State hospital at Williamsburg was destroyed by fire early today. All of the 150 patients were gotten out safely and made comfortable in the town. The loss to the state is about $75,000.

MORE BOERS CAPTUED.

London, Jan. 4.—Lord Kitchener reports to the War office, under date of Johannesburg, Jan. 3rd as follows: "Bruce Hamilton operating to the eastward of Ermelo, since Dec. 29th, has captured 100 prisoners, including Gen. Erasmus."

FOUR INSTANTLY KILLED.

Monmouth, Ills., Ja. 4.—Four section men were instantly killed by a Burlington passenger train today. They were going to work on a hand car and the train was concealed by the steam from a freight train on a siding.

ROSSLAND ORE SHIPMENTS.

Rossland, Jan. 4.—The output of ore from the Rossland camp for the first four days of the new year is 3,350 tons, 2,700 from the Le Roi and 650 from the Le Roi No. 2.

RECEIVER APPOINTED.

New York, Jan. 4. Official announcement was made thrs afternoon at the office of the Crude Rubber Co. that a receiver had been appointed or the company.

GRANT SLOWLY IMPROVING.

Kingston, Ont., Dec. 4.—Principal Grant's health is daily improving and his strength is slowly but surely returning.

FIRE IN ST. LOUIS.

St. Louis, Jan. 4.—The Prudential building in east St. Louis was totally destroyed by fire last night. Loss on the building and contents is estimated at $75,000.

NEW BULGARIAN PREMIER.

Sofia, Jan. 4.—Prince Ferdinand has entrusted Doctor Daeff, minister of Foreign Affairs, with the task of forming a new cabinet.

OUTPUT OF MINERALS

The United States Last Year Surpasssed Previous Records.

Growing Home Demand Absorbs the Increased Production.

New York, Jan. 4.—The production and progress of the mining and metallurgical industries of the United States for the year just closed were reviewed in the current number of Engineering and Mining Journal. Coal, upon which all the other mining industries depend for fuel, was treated first and the total production was estimated at 300,000,000, short tons, an amount considerably in excess of that brought to the surface in Great Britain and far beyond the quantity mined in any other country. Nearly the entire amount was consumed at home despite a material growth in exports. The anthracite coal fields of Pennsylvania contributed one-fifth of the total.

The iron trade showed a production that a few years ago would have been regarded impossible and the quantity of pig iron exceeded the output of Great Britain and Germany combined. Raw iron, steel and finished products showed an aggregate parallel with that of pig iron. The enormous output was not in excess of the demand and at the end of the year the great mills and furnaces were almost all behind with orders.

Ore shipments from Lake Superior regions exceedetd 2,000,000 tons.

The export trade in iron and steel showed a material falling off in comparison with 1900, but the home market made up the deficiency.

Gold production showed an increase and amounted to between $82,000,000 and $83,000,000. Summing up the history of the year we may briefly say that the total production of the mining and metallurgical industries of the United States considerably exceeded the enormous total recorded in 1900, while there is every prospect that a still further advance will be made in 1902.

ENDS IN A FIGHT.

A General Scuffle Follows the 6-Day Bicycle Race.

Boston, Jan. 4.—In a fist fight which became general for a few minutes the six-day bicycle race at Park Square garden ended tonight with McFarland and Maya the winners, Leander second, Freeman third, King fourth, Gougolitz fifth, and McLean sixth. The distance covered by the leaders was 1,193 miles 5 laps. Trouble began almost an instant after the men were over the tape. McFarland who had only won first place by a few inches, jumped off his wheel and dashed at Leander. Other riders and trainers made a grab for the men and got Leander out of the way. Freeman next went for Leander and struck him full in the face. Thereupon riders, trainers and spectators took a hand and for a few minutes the affair looked like an incipient riot. Police officers jumped into the mass of men and straightened out matters.

A FATAL COLLISION.

Johnstown, Pa., Jan 4.—Because of a wrong signal at Nineveh tower an eastbound Pennsylvania railroad fast freight train ran into a slow freight ahead, five miles west of the city, and a few minutes later a west bound freight crashed into the wreck, causing the death of four persons and the serious injury of at least five others.

DEPEW'S WEDDING TOUR.

Paris, Jan. 4.—Senator Chauncey Depew left Paris this morning and travelled to Cherbourg in a splendid saloon carriage, accompanied by his bride.

A DUEL TO THE DEATH.

Jona, Duchy of Saxe-Weimer, Eisenach, Germany, Jan. 4.—Lieut. Thiene of the 94th regiment, killed a student named Held of Hille University, in a duel here this morning. The encounter was the outcome of a quarrel on New Year's day during which Held assaulted Thiene. The latter was slightly wounded during the duel.

JEALOUSY ARISING.

German Press Dislikes Recognising Monroe Doctrine.

Berlin, Jan. 4.—Herr Von Pilgrim-Baltazzi, the German charge d'affairs at Caracas handed President Castro a fresh note on Thursday reciting in simple plane language what Germany desires Venezuela to do respecting all her claims and the question in dispute. An official of the foreign office has informed the correspondent of the Associated Press that the new note is so phrased that no possible offense can be taken.

It contains no suggestion of a ultimatim and no time limit for compliance with its terms is made, though in presenting it to the charge d'affaires asked for an early reply. The object of the note is to afford President Castro an opportunity of yielding gracefully and it conveys no intimation of what Germany will do if Venezuela refuses to pay the German claims.

Diplomatic opinions here consider that Germany's representation to the United States regarding Venezuela indicates that the German government entirely accepts the Monroe doctrine. The papers have partly taken the same view. The Tageblatt says: The phrase America for Americans is an irreversible act. Some newspapers like the Cologne Volks Zeitung (a leading Centrist organ) sees in Germany's consultation with the United States a necessary recognition of the latter's pretenses in Central American and that paper avers that the presentations of the German ambassador at Washington were followed by a fresh outbreak of insolence upon the part of the American press.

A FLOATING PLEASURE HOUSE.

Dimensions of Emperor William's New Yacht.

New York, Jan. 4.—The Tribune publishes the following facts concerning the German Emperor's yacht which, it is expected, Miss Alice Roosevelt will christen at the request of the Kaiser. The yacht is being built by the Townsend and Downey Shipbuilding company from designs by Gary, Smith and Darney. It is armor plated and it is hoped that she will be launched in the early part of February. She will be the largest schooner yacht afloat, the architects say. Her dimensions are 161 feet over all, beam 27 feet. With awnings set and curtains at the side, there will be ample room on deck to give a ball. To carry out the Emperor's commands, her finish throughout will be plain, yet substantial. All her deck work, such as the deck house, skylights and rail will be of selected teak wood, and all capstans, winches, etc., of bronze. Aft is a deck house of steel, cased with teak. There is a bath room on the starboard side, opening directly from the ladies' cabin. Opening from the passage leading from the vestibule to the saloon are three staterooms and a bath room for gentlemen in waiting. The owner's room is on the starboard side, just aft of the saloon. It is a large one, being about 13 feet long. It contains a brass bedstead, several wardrobes, dressing table and writing desk.

ENVOY TO AMERICA.

A Boer Clergyman To Cross the Atlantic This Month.

Brussels, Jan. 4.—The Rev. Mr. Broeckhuyson returns as a Boer propagandist to the United States about the middle of January. He will probably be accompaned by Abraham Fischer the leader of the Boer delegation which visited the United States in May, 1900. The Rev. Mr. Broeckhuyson says he and other propagandists have collected in America $50,000. This is more than the Boers have received from any other source.

PATENT OFFICE REPORT.

Rowland Brittain, patent attorney, Vancouver, sends the following report for the week ending Tuesday, Dec. 24th: During this week seven patents were issued from the United States office to Canada. Messrs, Letson and Burpe of Vancouver, have received the Canadian patent on their improved can soldering machine, the allowance of which in the United States office was referred to in a recent report. They are introducing a full line of their cannery plant in Australia and a soldering machine built under this patent formed part of a recent shipment; and the firm are now occupied in filling a similar order for Japan.

A Canadian patent was also issued to G. A. Roedde, bookbinder of Vancouver, on his lock fast magazine holder or temporary binder.

HONORED BY THE POPE.

New York, Jan. 4.—iMss Ann Leary of this city has received word from Rome that the pope has conferred upon her the title of countess. Miss Leary built the chapel at Bellevue hospital and established the Arthur Leary chair of English literature in the Loyola school.

THE CREW WERE SAVED.

Lisbon, Jan. 4.—The Dutch steamer Danae has landed here the crew of 27 men of the Italian steamer Scipio, which was burned at sea on January 3rd.

SURVIVORS COMING IN

Forty-Five Dead or Missing from Steamer Walla Walla.

Several Life Boats Reach Shore During the Day.

San Francisco, Jan. 4.—As far as can be determined by diligent inquiry and careful comparison of lists, the dead and missing from the wreck of the Walla Walla now number 45 people The known dead number 8, passengers missing 17, crew missing 20. The known dead are:

Mrs Herman Kotchmar, passenger; John Wilson, quartermaster, William Barten, fireman; Drolly (or L H Duby) a passenger; and four unknown men.

The following passengers are unaccounted for:

J L Field, J A Gray, Chas Neff, Dr Allen, Mrs Allen, Mrs. L Johnson, W B Moore, L M Hanselman, M C Marsh, Mrs. Rickson, and three children; J Brown, N Jones, C F Spencer, L Drube, G Nicholson, A Hanson.

Crew unaccounted for: Geo Hueldron, third officer; J Otis, watchman; John English, quartermaster; R Somers, seaman; E E Nuttman, purser; Geo H Crosby, chief engineer; B F Potter, second assistant engineer; W P Dorlands, waiter; J Rooney, fireman; G Gore, coal passer; D Gallagher, coal passer; J Connell, steward; Mrs M Reynolds, stewardess; Frank Reardon, porter; F Rhoe, mess boy; I Holloway, waiter; T B Williams, waiter; J Johnson, waiter; E D Reiss, waiter.

The list of saved includes 51 passengers and 55 of the crew. Advice received at the office of the Pacific Coast Steamship Co. says that two of the missing life boats arrived last night north of Trinidad, and that 17 people were landed from them. This leaves one life boat and two rafts yet to be accounted for. The rafts are in charge of the first and second officers of the Walla Walla. The company's agents have confidence that all the missing craft will turn up before many hours shall have passed. The majority of the survivors left Eureka today on the steamer Pomona. They are due to arrive tomorrow. The revenue cutter McCulloch and a number of tugs are cruising up and down the coast for possible survivors.

The steamer Nome City arrived here tonight with six surviovrs of the Walla Walla. They include five of the crew and one second class passenger. They were picked up off Trinidad island from a life raft. Their names are P Nelson, first officer; F L Lupp, second officer; C Brown, fourth officer; J S Cheil, pantryman; S Murelo, third cook; Henry Erickson, second class passenger. This reduces the list of missing to 45. The wife and three children of Erickson are yet unaccouned for.

THE BARK HEARD FROM.

Seattle, Jan. 4.—A special from Neah bay says: The steam collier Wastena which has just arrived, reports being in company with the French bark Max off Cape Mendocino on Jan. 2nd. The Max reported being in collision with a large passenger steamer at 4 o'clock that orning. The Max had three holes stove in her bow and her stem was sent to port but no lives were lost on the bark. It is probable that the passenger steamer was the Walla Walla The Max was bound from Havre for San Francisco in ballast.

MANY ASPIRING LIBERALS.

Montreal, Jan. 4.—Despite efforts of Sir Wilfrid Laurier and other members of the government, there will be two Liberal candidates in St. James division of this city, two in Laval county, and three in Beauce.

MRS. DALE ACQUITTED.

New York, Jan. 4.—The Hudson county (N. J.) grand jury which adjourned today reported that "no bill" had been found against Mrs. Elizabeth Howe Dale, who was accused of killing her little daughter, Emeline, with poison. Mrs. Howe Dale is under $5,000 bail and her bondsmen may now secure the release of the bail.

COPPER SITUATION.

From mail advices received from the Old Country it is palpable that lowering of the price of copper by the Amalgamated Copper Co. is the result of an effort on its part to compel the Calumet and Rio Tinto companies to curtail their production. It is part of a great game which is being played to limit the output of copper to the capacity of the markets of the world to consume it so that prices may be kept up. As the parties chiefly concerned are all anxious for profits on their output of metal it would seem to be obvious that an understanding would soon be reached. Those who are in control of the interests involved are among the shrewdest of financiers and men who do not allow simple rivalry or feeling to interfere with money making, and this makes it all the more certain that they will arrive at an understanding before many days.

The latest copper circular of the Messrs. James Lewis and Sons, of Liverpool, says: "The reduction in the price of Standard Copper to £55 per ton appears to be part of a policy adopted by the Amalgamated Copper Co. (or their agent, the United Metals Selling Co.) to force the Calumet and Rio Tinto Cos. to agree to a reduction of their production so as to equalize supply and demand. We understand this policy to be that of having sold some 25,000 tons of their own stock to the regular customers of the Calumet Co. at about 16 5-8 cents per lb., with a guarantee to the buyers that an allowance would be made to them of any lower price at which the Calumet Co. might subsequently offer to sell, thus supplying the requirements of their important consumers for some three or four months to come, in order to prevent sales by the Calumet Co. for still more forward delivery, at a very low price, the value of Standard in the London market was depreciated £10 per ton—or more than 2 cents per lb. By these means the Amalgamated Co. are relieved from carrying a stock of some 25,000 tons, the onus of which falls upon the Calumet Co. It remains to be seen whether this very determined action on the part of the Amalgamated Co. will have the desired effect of inducing the other large producers to join with them in the necessary reduction of production.

"That it would be to the advantage of the shareholders of the Rio Tinto Co. to reduce production—say 10 per cent., rather than that copper be reduced £15 per ton is evident. A fall of £15 per ton in the value of their total production of 35,000 tons represents £525,000 whereas the loss of profit of £25 per ton—between the cost of production of £35 and £60 for tough cake—on 3,500 tons, represents only £87,500.

"The depreciation in the market value of the Amalgaamted Company's shares during the past six months from $130 to $65, represents nearly $100,000,000, and in those of the Rio Tinto company, from £53 1-2 to £41, £4,000,000.

"It is incomprehensible that the Amalgamated company with some 180,000 tons of copper to sell annually should gratuitously depreciate this, and the stock they hold, to the extent they have done during the last three weeks, unless they have some ulterior object in view. Part of this object may be to acquire sufficient Rio Tinto shares at a low price to enable them to obtain control of the company's affairs and so regulate its production.

"From our statistics it will be seen the apparent consumption of England this year has decreased 3,015 tons, but the exports from England have increased 10,437 tons. French consumption is 833 tons less. German consumption shows the large decrease of 20,800 tons—due to the great trade depression developed in that country. There are, however, now signs of an improvement, especially in the electrical industries, and we may therefore look for an increased consumption of copper in Germany, as well as in England, during 1902. The increase in American consumption and stocks is 69,365 tons. Of this 20,000 tons probably represents increased consumption—which has been exceptionally large this year—and the balance 49,365 tons, increased stocks."

EDITORIAL NOTES.

A report has been given wide circulation that Carter-Cotton of the Vancouver News-Advertiser was to take editorial charge of the Victoria Colonist and that C. H. Lugrin was to be retired from that position. This story the Colonist emphatically denies, stating that the report is absolutely without foundation.

An English paper notes it as a curious fact that although the eagle is the national bird of the United States, and therefore deserving of popular honor, yet, in point of fact, the bird is nearly always ruthlessly killed whenever the opportunity offers itself. This moves the humorist of the Montreal Star to remark that this fact seems impressive until it is remembered that whenever they have a chance the Englishman ruthlessly kill the lion, which symbolizes the greatness and power of the British empire.

A process of dissolving glass has been discovered by David A. Nicholl, of Baltimore, which promises from illustrations given by the inventor to revolutionize the art of enameling. By means of a chemical solution, Mr. Nicholl has succeeded in rendering it soluble and has converted it into a liquid form which can be applied to articles and surfaces with a brush like paint or any other pigment. Mr. Nicholl says that his discovery is the result of years of experiment He believes that he has discovered one of the lost arts of enameling which was possessed by the ancient Egyptians, and is confident that his invention will revolutionize the industrial arts to some extent.

The Lardeau Eagle takes a roseate view of the prospects of that district for 1902. It believes that the price of silver and lead will have risen by the time the mines are ready to ship next year as all the ore in the meantime is being saved. The establishment of the Canadian mint will increase to some extent the demand for silver and when Canadians have their own refining works they will be to a large extent independent of the American Lead Trust. The McCrossan smelter is being built and rail transportation is likely to materialise before the end of the year. All that Lardeau needs, in its opinion, is a continuation of the enterprising spirit that has prevailed there in the past.

The value of the grain, potatoes, poultry and dairy products raised by the farmers of Manitoba last year was $40,000,000. In this estimate is not included the horses, cattle, sheep, hogs, hay and roots raised in the province, which would probably swell the total about $5,000,000. This is wonderful but in only a measure shows the capabilites of Manito a and the Northwest territories. The section is certain to become the granary of the world and the home for many millions of prosperous and contented people. In the Northwest Territories alone, consisting of Alberta, Assiniboia and Saskatchewan, there are 300,000 square miles or 192,000,000 acres. The stockraiser can find land suitable to his calling in the foothills of the Rocky Mountains in Alberta. On the other hand, if one desires dairying, mixed farming, or wheat growing, then Eastern Assiniboia, Northern Alberta and parts of Manitoba are open to him. There are said to be 100,000 square miles open to settlement in the Sasketchewan valley. This section is now being opened by the Canadian Northern railway and will soon be settled and in a short time it will be sending into the markets of the world millions of bushels of wheat and adding its quota to the wealth of Canada.

An interesting question will come before the American congress after the holiday recess when the Isthmian canal is up for discussion. The Nicaragua route has heretofore been the only one seriously considered owing to the prohibitive price of $100,000,000 placed upon the unfinished Panama canal by the French company owning it. The French stockholders are now anxious to sell for $40,000,000 and it is possible that they would take less. While the American commission recommended the Nicaragua route with but one dissenting voice this was done principally on account of the high price asked for the French company's rights to its partially finished waterway. It has all along been palpable that it would be cheaper to purchase the Panama canal and finish it than it would be to construct a new waterway by way of the Nicaragua route, provided the Panama rights could be procured for a reasonable figure, and considering that much more has been expended upon it $40,000,000 is not an unreasonable price. Then, too, a canal at sea level is obviously superior to one with numerous locks. It is possible that the Americans may purchase the French rights and construct the canal by the Panama instead of the Nicaragua route. The canal will be of great benefit to British Columbia.

ASTHMA CURE FREE !

Asthmalene Brings Instant Relief and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full size bottle.

Rev. Dr. Morris Wechsler.

Rabbi of the Cong. Bnai Israel,

NEW YORK, Jan, 3, 1901

DR. TAFT BROS. MEDICINE CO.,

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,

REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y, Feb. 1, 1901.

DRS. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130 th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS, MEDICINE CO, Feb. 5, 1901.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-sized bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

Home address, 235 Rivington street, S. RAPHAEL,

67 East 129th St., New York City.

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL,

Do not delay. Write at once, addressing DR. TAFT BROS, MEDICINE CO., 79 East 130th St., N. Y. City.

Sold by All Druggists.

SEVEN YEARS IN BED.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver troubles, nervous prostration and general debility; but "Three bottles of Electric Bitters enabled me to walk." she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Canada Drug and Book Co. Only 50c.

Witness: P. McColl

MINING NEWS.

The Wonderful has two carloads of ore ready for shipment.

During the last month the Whitewater shipped 553 tons of ore.

The ore shipments for the past week from Sandon were 456 tons. The Slocan Star shipped 191 tons.

The True Blue has commenced to rawhide ore out for shipment to the Hall Mines smelter. The shipments are to kept up as long as it is practicable to rawhide.

Prof. Blochberger of Rossland, has been requested to deliver an address on British Columbia at the Unsited States editorial congress to be held during the month of May, 1902, in Hot Springs, Araknsas.

William Yolen Williams, supeintendent of the Knob Hill, Old Ironsides and other properties of the Granby Consolidated, has announced that there is no inte tion on the part of his company to shut down operations in its mines on account of the low price of copper. On the contrary, the intention is to shortly increase the output from 700 to 1,000 tons daily.

Lumber for the McCrossan smelter, now being built in Ferguson, is being laid on the ground. The basement is almost completed, and carpenters will be at work this week. Word of the arrival of the machinery from San Francisco is expected daily. The wood-cutting contract is well under way, and already a good deal of it has been delivered.

The Silver Cup ore will be held for shipment till next spring, says the Lardeau Eagle, over the new A. and K. branch, a fairly good indication in itself that Manager Didisheim has received sufficient guarantee from the railway officials to warrant him in doing so. The shipment of 800 tons of ore from the Cup will mean further and more extensive development work before other shipments are made. Supt. Warden has a force of some 40 men employed at present

J. W. Livingstone and Ole Peterson have quit work on the Ruffled Grouse for the winter, having about four tons more ore ready for shipment. They have done a good deal of surface work, driven some fifty feet of tunnel and sunk a thirty-foot shaft. The property, says Ole Peterson, is looking splendid and next season they will re-commence work on a larger scale. As soon as the smelter plant in Ferguson is ready for business they intend to bring their ore up and market it there

According to a recent report the out put of the St. Eugene mine last year was 11,000 tons of concentrates. The concentrates averaged 40 ounces of silver and 70 per cent. lead to the ton. The output for 1901 was only about one-third of the possible production it having been demonstrated in actual practice that the mine and concentrating mill could turn out 3,000 tons of concentrates per month. It is said to be very probable that on or about June 1st the St. Eugene will resume shipments, as a result of the action of the Canadian Smelting works in deciding to establish a refinery in connection with its smelter at Trail. In the meanwhile the development of the mine is being steadily pushed.

Any person owing postoffice box rent for 1901, will please pay it at J. A. Gilker's store.

MASONIC INSTALLATION.

Installation of the officers of Alta Lodge, No. 29, A. F. and M., took place Thursday evening, at Sandon, says the Mining Review. The ceremony was performed by R. W. Bro. Chipman, of Kaslo, assisted by W. Bro. H. Giegerich, of Kaslo. Bros. Goodenough and McIntosh, of Kaslo, and Bro. Nivin, of Whitewater, were also present. The following officers for the ensuing year were installed: Thos. Brown, W. M.; F. C. Sewell, S. W.; Robert McTaggart, J. W.; Alex Crawford, treasurer; James Barton, secretary; A. B. Docksteader, S. D.; John Docksteader, J. D.; G. W. Grimmett, chaplain; Alex McMillan, D. of C., and E. A. Cameron, tyler. The retiring master, W. Bro. M. L. Grimmett was presented with a beautiful past master's jewel by the lodge. A most enjoyable time was spent.

If Coffee tampers with your heart or nerves suppose you break away for 10 days and see how much better you feel.

FRANK FLETCER.

Jan. 4th, 1902.

ALL EYES ON ROSEBERY

(Continued from First Page)

per cent. loan, and was among the first to put faith in the "two penny tube" as one of the London underground railways is termed. Lady Cassol, his wife, died in 1891. While he is of a Jewish family, Sir Ernest does not belong to the Jewish community. In racing, Sir Ernest has long been prominent.

Were the silly season raging, the country could not be more firmly by the ears that it is today by those vital topics Ping-Pong and the Shakespeare-Bacon controversy. An American, Mrs. Gallup, and her Baconian cipher theory daily monopolises the columns of the Times and other papers. W. H. Mallock, Sidney Lee and hundreds of other less known Shakespearean scholars have all come out with lengthy letters. Mrs. Gallup is now the center of a literary storm which far surpasses that raised by Ignatius Donnelly. Among her champions is Mr. Mallock, and though others bitterly denounce this latest American exposition, it is surprising to find how many able men, while unwilling to accept the correctness of Mrs. Gallup's discovery, admit that they seriously doubt if Shakespeare wrote the plays.

The recently concluded national Ping-Pong tournament has given such zest to that game that it promises to become quite a national pastime. Women take as keen interest in it as men and special Ping-Pong costumes are now in vogue, stately drawing rooms have been dismantled of their breakables in order to give the players room, while Ping-Pong tournaments nightly replace the almost forgotten whist parties of the last century.

AT THE HOTELS.

Hume.—G A Powell, St. Catherines.

Phair.—J G Billings, Spokane; Henry Roy, Rossland.

Queens—A McPhail, Robson; A York and wife, A McNeish, Slocan; O B Appleton, Eight-Mile Point; G Bruce, Vancouver.

RETURNS OF $12 PER TON.

William Davis, managing director of the Transvaal-Zambesi company, operating valuable mining property in the Erie camp, has received returns from the shipment of ore made from Erie recently. The smelter returns netted the company $12 per ton after deducting all charges. The ore sent out was intended to represent the average values obtainable over the property, and the outcome is decidly satisfactory. The development work done on the property during the past fall and summer has shown up a considerable body of ore, much of which carries considerably higher values than the average of the last shipment. Arrangements are now being made to get out several cars of ore during the present month.

SETH LOW AS MAYOR.

New York, Jan. 4.—Seth Low, former mayor of Brooklyn, and president of Columbia university, until he gave up that office to become the candidate of the mayoralty on the Fusion ticket, has entered upon his duties as mayor of New York. At the same time there was an almost complete turning over of the city and county officers by the Democratic incumbents to the candidates elected on the Fusion ticket in November. Of the 35 district leaders of Tammany Hall, eighteen lost their placed in the public service in one day.

A RAGING ROARING FLOOD

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds, and all Throat and Lung diseases by Canada Drug and Book Co. Price 50c.

THANKS TO THE GOOD PUBLIC We desire to thank you all for the hearty support you have given us during the present season. We appreciate the many kindly expressions that have been extended to

MORLEY AND LAING.

It is gratifying to know that our effort to improve the old store meets with your approval. We shall endeavor to retain your good feeling towards us during the coming year by filling your wants both as to merchandise and price and the more frequently you use our store the sooner you will be convinced of these facts.

We wish you all a Happy and Prosperous New Year.

NELSON, B. C.

Show Room for Mason & Risch pianos

THE CITY

J. A. McDonald has been appointed agent for the Hazelwood Dairy Co.

The committee of the Y. M. C. A. will hold a meeting next week to arrange for the opening up of operations in Nelson.

The heavy frost last night will be welcomed by the curlers, as the ice should be in condition by tonight or tomorrow at the latest.

A letter was received in the city yesterday from C. Benedict who had just arrived in Honolulu with T. Parkinson, also of this city. They had a very rough passage from San Francisco.

Repairs were completed on the derrick at the Kaslo marble quarry on Friday and it is expected that a barge load of marble will reach Nelson today, and that work will be resumed on the postoffice building on Monday.

By having the paddle wheels kept turning for half an hour while their steamers are tied at the end of the city wharf the captains of these vessels are gradually getting a small channel dredged out, giving a larger berth in which to land at the wharf.

The services of the week of prayer will begin tomorrow, Monday evening, in the Methodist church. Rev. Wm. Munroe will preach on The Church. The members of all churches are urged to be present as these services are being carried on simultaneously throughout all Christian countries. The subjects for the night will be announced from day to day.

A meeting of the supporters of J. A. Kirkpatrick for mayor was held last evening in the store premises lately occupied by T. Madson A speech was made by John Houston, who briefly explained his reasons for advocating Mr. Krkpatrick for mayor, and stated that he would do his best to put in six aldermen to support him as well. Speeches were also made by Alderman Irving, E. Curran, J. A. Kirpkatrick and others. A committee of twelve was appointed to canvass for votes, and a meeting arranged for Monday night. H. Wright was appointed secretary for the campaign.

SURRENDERED

To Hot Biscuits and Warm Pie.

Bombarding a stomach with hot biscuits and warm pie, plenty of butter, bacon, greasy potatoes, and a few other choice delicacies will finally cause the fortifications to give away. Then how to build back on good food is worth knowing.

A man in Factoryville, Pa., attacked his stomach in about this way and says: "The sign of surrender was plain in my white, colorless face. At that time every article of food distressed me, and heart-burn kept me in continued misery. I liked all sorts of breakfast foods but they did not agree with me. Of course, much of the food that I ate contained nourishment but my stomach could not get the nourishment out. I tried pepsin and other aid to digestion which worked for a time and then gave out. Finally I became so reduced, when in an extremely weak condition the stomach could not digest anything, why not take some food that was already digested like Grape-Nuts, so I started on Grape-Nuts and the new food won my palate straight away and agreed with me beautifully.

The heavy, oppressive feeling disappeared and I became thoroughly impressed with the new food and began to improve at once. Little by little my strength came back and slowly and surely I gained my lost weight. The wasted tissues and muscles built up, and today I am well, buoyant and strong.

I unreservedly give the chief credit to Grape Nuts which met me in a crisis and brought me over the dark period of despondency. Nothing else did it for nothing else could be endured.

Please withhold my name." Name can be given upon application to the Postum Co., Battle Creek, Mich.

AUCTION SALE

AT 2 P. M. SHARP

on the premises formerly occupied by Rev. H. S. Akehurst, on Stanley St., opposite Dr. LaBau's. Terms, cash.

Chas. A. Waterman & Co.,

AUCTIONEERS, ETC.

M J. Ready, of the Sullivan Machinery Co., of Spokane, is a guest at the Phair.

A fine line of Imported and Domestic Cigars, Peterson's Patent Pipes, Lowe and B. B. B. goods—at Thurman's.

A daughter was born yesterday to the wife of A. McCulloch, C. P. R. engineer, residing at the corner of Josephine and Latimer streets.

During December at the Free library there were 264 books taken out, a daily average of 11. The total number of visitors was 1,660, a daily average of 54.

The pastor will conduct both services at the Methodist church today. Morning topic, Then, Now and When. Evening, A Call For Pioneers. Communion at the close of evening service.

The steamer Kaslo yesterday brought down two cars of ore from the American Boy, and one car from Sunset, both for the Trail smelter; and one car of Rambler-Cariboo ore for the Everett smelter. On Friday it brought down seven cars of Payne ore for the Trail smelter.

The field of aldermanic candidates is rapidly filling up and there will be no lack of men to choose from. Six announcements appear in the advertising columns of this issue. They are W. G. Gillett, John Paterson, John Hamilton, Harold Selous, John Elliot and Charles Hillyer.

E. J. Coyle, assistant general passenger agent of the C. P. R. at Vancouver, is spending Saturday and Sunday in Nelson. He states that the company is preparing to put steamers of exceptionally comfortable type on the Vancouver-Victoria and on the Vancouver-Skagway runs.

On Monday evening the Curling lub will hold a general meeting at the Board of Trade rooms to arrange a new set of rules rendered necessary by the large number of members who wish to play. The matter of sending rinks to Calgary for the bonspeil to begin there on January 21st will also be considered.

The buffet car which is to be put on between Smelter Junction and Grand Forks was at Winnipeg on Friday and it is anticipated that it will be placed in serivce on Monday. This will be a great convenience to passengers travelling between Nelson and the Boundary country, as they will be able to obtain excellent meals while on the way.

This evening at Emmanuel church Rev. Wm. Munroe will preach from the subject New Year Ideals. The music for the service will be, anthem, God Be With You, (Leslie); solo and quartette, Sweet the Moments, by Miss Ida Hanson, Miss Winnie Ewart, Geo. Brown and B. S. Hebden. A cordial invitation is extended to everyone.

The death occurred at the Deaconess' Home at Spokane on Friday night of Mrs. Victor C. Coxhead, from heart failure following a surgical operation. Mrs. Coxhead, who was formerly Miss Alice Strong, was a resident of Nelson during the three years of her married life, and her many friends here will be greatly grieved to hear of her untimely death. Her mother and her husband were with her at Spokane, and will remain for the funeral which is to be held in that city.

A. McPhail was up from Robson yesterday. He states that the steam shovel was started to work on the approaches to the bridge on Wednesday. The first train to cross was on Tuesday, when a number of gravel cars were taken over. It will probably be the end of February before the bridge is ready for regular traffic, as it is not intended to run passenger trains across it until after the trestles in the approach have been filled in. Freight trains will be run across it shortly.

A PHENOMENAL RECORD.

Grand Forks, B.C., Jan. 4.—During the five days of the present week prior to the close down to install the new furnace, the Granby smelter treated 3,933 tons of ore. This was at the phenomenal rate of 786 tons daily.

HERPICIDE'S MISSION.

New Remedy That Destroys the Dandruff Germs.

Nothing is more annoying to men or women of middle age when they notice that their hair is growing thinner, when they must admit that the first indications of baldheadedness have commenced to appear. Many would give a thousand dollars and more for a remedy with which to preserve their natural head-dress. However, they don't need to. Newbro's Herpicide removes the effect of dandruff by destroying the cause, the only dandruff cure that actually destroys the dandruff germ.

Corporation of the City of Nelson.

NOTICE

Public notice is hereby given to the electors of the Municipality of the City of Nelson that I require the presence of the said Electors in the Council Chamber at the City office on Josephine street in the City of Nelson, on Monday the 13th day of January, 1902, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Mayor and Aldermen and for the further purpose of electing persons to represent them in the Board of School Trustees for the City of Nelson.

The nomination of candidates shall be as follows: The candidates shall be nominated in writing. The writing shall be subscribed by two voters of the Municipality as proposer and seconder and shall be delivered to the returning officer at any time between the date of the notice and 2 p. m. of the day of the nomination and in the event of a poll being necessary, such poll will be opened on the 16th day of January, 1902, between the hours of 8 o'clock a.m. and 4 p. m., for the East Ward at the Police office on the East side of Josephine Street, between Victoria and Baker streets and for the West Ward at the office of Ward Brothers, on the North side of Baker Street between Stanley and Kootenay streets, of which every person is hereby required to take notice and govern himself accordingly.

The persons qualified to be nominated for and elected as Mayor, shall be such persons as are male British subjects, of the full age of twenty-one (21) years and who are not disqualified under any law and who have been for the six (6) months next preceding the day of nomination, the registered owner in the Land Registry office, of land or real property in the City of Nelson, of the assessed value on the last Municipal Assessment roll of $1,000.00 or more, over and above any registered encumbrance or charge and who are otherwise duly qualified as Municipal voters.

The persons qualified to be nominated for and elected as Aldermen of the City of Nelson, shall be such persons as are male British subjects of the full age of twenty-one (21) years and who are not disqualified under any law and who have been for the six (6) months next preceding the day of nomination, the registered owner in the Land Registry office of land or real property in the City of Nelson, of the assessed value on the last Municipal Assessment roll of $500.00 or more, over and above any registered encumbrance or charge and who are otherwise qualified as Municipal voters.

The persons qualified to be nominated for and elected as School Trustees of the City of Nelson, are such persons as are householders in the School District of the City of Nelson, who are British subjects of the full age of twenty-one (21) years and who are qualified by the Public Schools Act to vote at an election of School Trustees in the School District of the City of Nelson.

Given under my hand at Nelson, B. C., the 3rd day of January, 1902.

J. K STRACHAN,
Returning Officer.

ONLY EIGHTEEN YEARS OLD

And Eight Years Tortured With Asthma Kept in an Airtight Room for Months Was Cured With Clarke's Kola Compound

Mr. L. O. Lemieuns, C. P. R. engineer, Winnipeg, Man. writes: "My son, who is just eighteen years of age, has been a terrible sufferer from asthma for eight years. Hundreds of dollars I spent on doctors and remedies during those years only brought temporary relief. For months he was kept in an airtight room. About the first of September, 1898, we purchased some Clarke's Kola Compound He took in all seven bottles and has since been completely cured. It has certainly been a blessing to him." Sold by all druggists. Enclose six cents in stamps for free sample, to the Griffiths and Macpherson Co., Limited. 121 Church street, Toronto.
