Nelson Daily Miner.

Daily Edition No. 1241 — NELSON, BRITISH COLUMBIA, WEDNESDAY, JANUARY 15, 1902 — Eleventh Year

PROF. STEIN APOLOGISES

A Famous Anglican Heresy Case Amicably Settled.

Gilbert Parker Makes a Generous Offer to Belleville.

Montreal, Jan. 14.—The Stein controversy which aroused much interest in Anglican church circles throughout Canada a few months ago, has been settled. Archbishop Bond, it will be remembered, inhibited Prof. Stein, a member of the faculty of the Diocesan college from preaching in the diocese on account of erroneous doctrines he was alleged to have given utterance to. The discussion of the question gave rise to some unseemly incidents and finally resulted in Stein's suing the archbishop. As a result of the settlement Stein withdraws the suit, apoligizes to the archbishop, retracts the erroneous doctrine and is restored to standing in the church.

E. S. Bronson, a wealthy Ottawa lumberman, has made large donation to McGill university to be expended in search of bacilli of tuberculosis under Dr. Adami.

PARKER OFFERS A LIBRARY.

Belleville, Jan. 14.—Gilbert Parker, the well known novelist, offered to erect a public library building here if the city will make it a free library.

LLOYD'S DISCRIMINATION.

Canadians Advised to Insure Their Own Vessels.

Montreal, Jan. 13.—The Canadian Humane Association awareed parchment certificates to Leslie Jones and Constable Narbonne, of this city for bravery in saving life.

The Star's London cable says: At today's meeting of the Canadian trade section of the London chamber of commerce after the adoption of a resolution of sympathy with Mrs. Dobell, it was resolved to petition the Canadian government to promote federal insolvency legislation. The meeting also discussed Lloyd's discrimination in insurance rates against Sydney, Cape Breton. It was suggested that Canadian shippers should show their confidence in the safety of Canadian ports by insuring their own vessels.

THE PETITION MANIA.

Toronto, Jan. 14.—F. S. Spence, secretary of the Dominion Alliance, says petitions are coming in very fast from country points asking the government to pass a prohibition law. Ten thousand names have so far been received.

PROMINENT MASON DEAD.

Montreal, Jan. 14.—J. R. Isaacson, for the past 25 years grand secretary of the grand lodge of Quebec A. F. and A. M., and well known in Masonic circles all over the continent, died tonight in the general hospital as the result of a paralytic stroke.

CARNEGIE REMEMBERS SARNIA.

Sarnia, Jan. 14.—Andrew Carnegie has offered Sarnia $15,000 for a public library providing the town provides $1,500 per year for maintenance.

FEARS FOR COTTAGE CITY.

No Hope For Bristol's Crew—Fred Fell Dead.

Victoria, Jan. 14.—Some anxiety is felt for the steamer Cottage City which is overdue from Skagway.

The steamer Nell which has arrived from Port Simpson, brought no news of the missing members of the crew of the ill-fated collier Bristol and now little hope is held out for them.

The injuries to the Santa Clara caused by her going on Trial Island on Christmas night are more serious than at first thought and she will have to remain on the marine ways for a month at least. Her hull was not punctured but the timbers were badly damaged.

Fred Fell, a well known business man and steamship owner of this city, died this afternoon after a critical operation for the removal of an abscess. The deceased came to Victoria in 1862 when he was nine years of age.

RILEY WILL RUN.

E. and N. Railway Fight Against Crossing Rights.

Victoria, Jan. 14.—Geo. Riley was tonight nominated by the Liberals to contest Victoria in the by-election for the Dominion house made necessary by the unseating of Col. Prior. The other defeated Liberal candidate, Mr. Drury, nominated Mr. Riley at the convention tonight.

Mayor Hayward was today reelected by acclamation. There will be a contest for aldermen in each ward and also for school trustes.

News has been received here by letter to the effect that H. M. S. Amphion struck a reef while on her way from Panama to Callao and was rather seriously damaged but how bad the letters do not state. As the dry-dock at Callao was occupied she proceeded to Valparaiso for repairs. The naval authorities are waiting anxiously for word of H. M. S. Condor, which is overdue at Honoluiu from this port.

The steamers Rosalie and Majestic will hereafter call at Port Angeles on their way to and from Victoria.

For some time past there has been a difference between the E. and N. railway company and the Mount Sicker railway company over the right of the latter to build over the line of the former company. Last week the Mount Sicker company completed the two bents which were to carry their trestle over the line of the E. and N. railway. On Saturday night Supt. Hunter and a gang of men of the E. and N. railway company went to the spot and tore down the two bents on the ground that they had been erected on the right of way of the E. and N. railway. The question will no doubt now be fought out in the courts.

IMPORTANT SURRENDER.

Filipinos Submit Unconditionally to General Bell in Taal District.

Manila, Jan. 14.—The full surrender of the forces of Col. Marisigan, who with Major Gabrera and a renegrade priest named Castillo, gave themselves up unconditionally on January 10th to General Bell who is conducting the campaign against the insurgents in Batangas province, occurred today at Taal. The insurgents created a surprise, by bringing in 60 more rifles than the authorities thought the colonel could command in the district of Taal, which he controlled. The Filipinos who surrendered included three colonels, one major, five captains, and 12 lieutnants. They gave up 219 rifles and one cannon. All the insurgents who surrendered did so unconditionally. Gen. Bell ordered the men to be released.

Col. Marisigan says he can prevail on many more men to surrender during the next few days and also obtain possession of a number of additional rifles. Gen. Bell says the surrender pacifies for the present all the eastern part of Batangas.

FUNERAL OF MR. DOBELL.

Lord Strathcona and His Secretary Represent the Government.

Folkestone, Jan. 14.—Lord Strathcona and Mount Royal, the High Commissioner for Canada, and Joseph G. Colmer, secretary of the office of the Canadian High Commissioner, represented the Canadian government at the funeral today of Hon. Richard Reid Dobell, the Canadian minister without portfolio, who was thrown from his horse and killed near here on Saturday last. Cannon Woodhouse officiated at the services, which were attended by a large number of persons.

WESTERN VOLUNTEERS.

Winnipeg, Jan. 14.—A party of about 30 western men, recruited to complete the new contingent of C. M. R.'s for South Africa, passed through the city today for Halifax from Fort Steele. There are 16 men from Fort Steele, six from Calgary and the balance from Medicine Hat and Regina.

THE NEW CHWANG WRANGLE.

Pekin, Jan. 14.—Paul Lessar, Russian minister to China, has arranged for telegraphic communication between the United States minister here Mr. Conger, and the consul of the United States at New Chwang. The consul at New Chwang has telegraphed that the Russians there are arresting American naval officers and sailors on groundless charges.

A CAPE CART SAVED BOTHA

General Hamilton Almost Had Him in the Toils.

Some Costly Presents for the Earl of Winslow's Bride.

London, Jan. 14.—Lord Kitchener, in a despatch from Johannesburg, dated Monday, Jan. 13th reports the narrow escape of General Botha from capture by General Bruce Hamilton. Hearing of a concentration of Boers at Knapdear, Bruce Hamilton went to the spot, but only to find the Boers had been given the alarm and 400 of them were trekking miles distant with General Botha in a cape cart leading. Bruce Hamilton chased the Boers for seven miles, until his horses gave out, and captured 52 Boers and quantities of ammunition, and stock.

There was a great gathering of members of the aristocracy this afternoon at the wedding here of the Earl of Wicklow to Lady Gladys Hamilton, daughter of the Duke and Duchess of Abercorn. Life guardsmen belonging to the bridegroom's regiment lined the aisles and the band of the regiment furnished the music. The archbishop of Armagh officiated. The presents were magnificent, diamonds predominating. King Edward and Queen Alexandra gave a diamond bracelet, as did the Prince and Princess of Wales and the Duke and Duchess of Connaught. Cecil Rhodes' present was a diamond necklace with pearl drops.

SENATORS WANT LIGHT.

Situation in the Philippines Considered Not Satisfactory.

Washington, Jan. 14.—For the first time this session the Philippine question was touched in the Senate. Interest taken indicates that it will occupy the attention of the upper branch of congress for some time when the tariff bill is reported. The Philippines were the subject of an address by Mr. Hoar, (Mass.) who spoke on his resolutions introduced yesterday providing for the appointment of a committee to investigate the administration of those islands. Mr. Hoar spoke at some length regarding the unreliability of statements which have been made from time to time regarding the situation in the Philippines and the causes which led to the outbreak. He urged that there should be a plan whereby any senator in his official capacity could go and ask for two witnesses to prove the correctness or incorrectness of any question, upon which light is desired.

Mr. Lodge, Mr. Hoar's colleague, said he regarded the resolution as a reflection on the Philippine commission of which he was chairman and the necessity for the latter would cease were this resolution to be adopted. His committete, he said, was perfectly able to handle any investigation which might be conducted. Mr. Carmack (Dem.) agreed with him. The discussion was leading rapidly to an opening up of the whole Philippine question when it was agreed that the resolution should go over until tomorrow. Mr. Mason made a speech in favor of reciprocity with Cuba and discussed the protective policy generally.

NEGRO LABORERS KILLED.

Thawing Dynamite Explodes With Terrible Results.

Williamsport, Pa., Jan. 14.—A dispatch from Karthaus, Clearfield county, says three negroes were blown to pieces and seven others hurt in a dynamite explosion early this morning. The explosion occurred in one of the shanties occupied by negro laborers employed on the new West Branch railway. The men were thawing dynamite at a wood stove.

BARNARD NOMINATED.

Victoria, Jan. 14—Frank S. Barnard, formerly member of the Dominion house for Yale-Cariboo, was tonight nominated by the Liberal-Conservatives to contest Victoria at the by-election for the Dominion house against George Riley, who was nominated by the Liberals last night.

SOME CITY STATISTICS

Annual Reports From Works and Fire Departments.

Aggregates of City Improvements Done in Past Years.

Below are given synopses of the reports of the chief of the fire brigade and of the city engineer. The first shows a remarkable absence from destructive fires, and is the best possible testimonial to the efficiency of the city's fire department. The engineer's report shows the aggregate of the work done during the year and in the city to date. Nelson is there shown to be well provided with graded streets, sewers, waterworks and sidewalks, to an extent of which it has reason to be proud.

FIRE DEPARTMENT.

The report of the fire department for the past year, which was laid before the council on Monday evening by T. W Lillie, showed a most satisfactory record for the year. In January and February there had been no fires; in March, 6, with a total damage account of $35, being principally chimney fires; in April, 4, damage $45, insurance $45; in May one alarm but no damage done; in June 3 fires, with a damage bill of $1,078.95, with insurance for the same amount; July, August and September showed a clean list; in October 4 fires, with a loss of $118,75, with $68.75 insurance; in November there were 2 alarms, and in December 2 fires, with $120 damage and $100 insurance. Mr. Lillie, as building inspector, also supplied a report of the building operations in the city during the year, which amounted as follows:

4 Brick buildings, cost	$23,650
19 Frame (2-story)	32,350
10 Frame, (1-story)	10,200
2 Brick additions	6,470
Addiions frame buildings	6,085
Estimated cost of alterations, repairs, miscellaneous	6,912
C. P. R. roundhouse	6,500
Total	$92,167

PUBLIC WORKS.

The report of the city engineer to the council gave a detailed description of the work done by the city during the past year under his superintendence.

An account was given of the freshet on Cottonwood creek in the early summer, which did considerable damage to the city's water pipe, and also filled the electric light dam up with silt. A large amount of work was done in repairing this damage and in protecting the steel pipe leading from Cottonwood creek, so that there would be no danger of a similar occurrence again. During the year the amount of water pipes laid was as follows: 6 inch mains, 1,140 lineal feet; 4 inch mains, 1,227 lineal feet; 2-inch mains, 42 lineal feet; 1-inch mains, 1,300 lineal feet. Total, 3,709 feet.

Of the old system previous to 1897 there was 1,187 feet of pipe in use. The amount of pipe laid in 1897 was 14,602; in 1898, 16,771; 1899, 17,870; 1900, 7,840; 1901, 3,709. Total length of pipes now in use eleven and one-half miles. Two new hydrants were put in during the year making a total of 50. In the same period 63 houses were connected with the water service, making a total of 850 now connected. Plumbing fixtures placed during the year numbered 296, making a total of 2,312.

The water works financial statement was as follows:

Year	Construction	Mainten'ce	Revenue
1897	$23,159.32	$.....	$ 2,738.35
1898	13,343.34	1,064.08	7,426.25
1899	35,239.52	3,402.30	9,748.23
1900	14,114.28	475.62	14,435.66
1901	5,324.90	2,845.78	17,935.66

Original cost of water works, $5,000.

The cost of the sewer system has been:

Year	Construction	Maintenance
1897	$ 9,682.69	$ .....
1898	8,370.34	107.83
1899	17,227.61	127.23
1900	15,595.91	326.85
1901	5,451.67	283.70
Total	$56,328.22	$845.61

Total rental—$6,385.63.

The amount of sewer pipes laid during the year was 3,901 fet, making a total to date of 38,917 feet, now in use.

In sidewalks there were 14,113 feet laid, 1,060 feet relaid to grade, and 5,417 feet replaced and widened, making a total of a little over 14 miles of sidewalks now in use. The expenditure on sidewalks was as follows: 1897, $4,482.11; 1898, $4,070.99; 1899, $6,730.74; 1900, $9,241.04; 1901, $6,125.

The grading of the road ways of the city has cost as follows: 1897, $4,725.69; 1898, $01,453.75; 1899, $11,899.11; 1900, $42,256.41; 1901, $13,548. Total for the five years, $82,791.96.

PRINCE HENRY'S VISIT.

Berlin and New York Agog With Preparations.

Berlin, Jan. 14.—The correspondent of the Associated Press has received a telegram from the North German Lloyd Steamship company at Bremen, saying that the date of Prince Henry's sailing has not yet been fixed. This telegraph concludes as follows: It is probable that the new company will send a fast liner not in the published sailing schedule to convey Prince Henry to New York."

An arrangement has been made between the German admiralty and the North German Lloyd Steamship company by which the Imperial yacht Hohenzollern when she arrives at Hoboken will be freshly painted in order to remove all trace of her long voyage and that she may present her handsomest appearance for the festivitives. German newspapers print long cablegrams from New York, dwelling on the interest evoked by Prince Henry's projected visit, describing the tentative plans for his entertainment and giving the comment of the New York press on the matter. These latter have created the best impression here. Prince Henry will arrive at Berlin next Thursday where he will remain for the court festivities.

SMALL CAUSE FOR MURDER.

New England Farmer Shoots a Neighbor Over Small Matter.

Newport, N. H., Jan. 14.—Geo. H. Briggs, an elderly prosperous farmer, of Langdon, was placed on trial today charged with the murder of Mrs. Florence Jones, a neighbor. Two witnesses were called during the day, both children of the murdered woman. Cleveland Jones, 16 years old, said that on November 2nd while in a field driving some stray cattle Briggs, who was also there, accused him of frightening the cattle. He said that they called each other names and Briggs threatened to shoot the whole Jones family. Later Briggs appeared at the Jones home with a revolver, and when Mrs. Jones went to the door, Briggs shot her, following her into the kitchen and fired two more shots into the prostrate woman.

Annie Jones, aged 14 years, corroborated her brother's testimony The trial will last some days and interest in it is keen because no reason is known for Briggs' act except a dispute between neighbors over the right of way in a road.

ANOTHER CYCLING RECORD.

Philadelphia, Jan. 14.—The second day's riding in the 6-day bicycle race came to a close at 10.30 tonight with seven teams still in the contest. Albert Champion, the Frenchman, went against the world's single motor record twice today. In the afternoon it was announced he had lowered the record one-fifth of a second to 1.25 and tonight the time keepers announced he had lowered it to 1.23. The score of the 6-day race is as follows: Leander and Rutz, Monroe and McEachran, Freeman and Mayo, Gougoltz and Wilson, each, 347.6; Chevallier and Fisher, 347.5; Hatfield and King, 347.3; Mueller and Barclay, 346.8.

A CAUSE OF GRATIFICATION.

St. Petersburg, Jan. 14.—At the Russian New Year's reception, the czar and czarina took the occasion to express to the United States ambassador, Charlemagne Tower, the gratification which they felt at the reports of good feeling in the United States toward Russia which they constantly received.. Their majesties wished the Americans to understand that the feeling was reciprocated by both themselves and by the Russian people. The czar and czarina inquired particularly concerning President Roosevelt, whose career they showed themselves to be perfectly familiar with. Their majesties expressed the highest opinion of Mr. Roosevelt's character and acnievements.

FLAMES MAKE HEAVY LOSS

New England's Best Building Now a Total Wreck.

New Hampshire Town Suffered Heavily Last Night.

Manchester, N. H., Jan. 14—The destruction of the Kennard, a granite structure considered to be the finest business office building in New England, north of Boston, proved to be the worst fire in many years, the loss being around half a million. Besides the Kennard, the Smythe block was practically ruined and considerable damage was done to the home of the Derryfield club. In the Smythe block were the Park theatre, occupied tonight by J. Z. Little's dramatic company, a printer, The World and two banks.

The fire started just about 9 o'clock in the clothing store of Allan and Kimball. The first warning that the occupants of the Kennard had was an explosion which resounded through the city like a cannonading. At the time the board of trade was in session and the moment the explosion was heard a rush for the exists was made. The heat was so intense that the firemen had to fall back and give their attention to the surrounding builings. Despite all they could do, the flames jumped across the street and set fire to the Smythe block. When one of the rear walls of the Kennard fell, the roof of the extension of the Derryfield club was ignited but the firemen saved the main building. Much other adjoining property was considerably damaged by both fire and water.

The cause of the fire is believed to have been located in the new electrical connections in Allen and Kimball's store. The chief figures of loss are given as follows: Kennard, $250,000, tenants, $200,000; Smythe block, $20,000, tenants $10,000; Derryfield club, $10,000; other property $10,000. The loss to the Second National bank in the Kennard cannot be determined until its vaults can be opened.

SCHWAB DID NOT PLAY.

He Denies the Sensational Story of His Gambling at Monte Carlo.

New York, Jan. 14.—The following cablegram from Charles M. Schwab, president of the United States Steel Corporation is self explanatory:

Nice, Jan. 14.—To the Associated Press, New York: I have today learned of the sensational statements regarding gambling at Monte Carlo. I have been on an automobiling trip through the south of France with a party of friends. I did visit the Casino at Monte Carlo, but the statements of sensational gambling are false. (Sgd.) Schwab."

CANNOT STEAL MESSAGES.

New York, Jan. 14.—Signor Marconi was banquetted by the American Institute of Electrical Engineers before leaving for Europe.

Signor Marconi, on being introduced described what his system had accomplished. He then referred to the prevailing opinion that when a message is sent into space any one of the necessary apparatuses can intercept that message and read it. He said: "Messages can only be read when the receiver and transmitter are attuned. This attuned system as perfected is not at present in use on ships. It has been deemed necessary that each ship should be equipped with apparatus which permits their reading a message sent from any other ship because of the possibility of aid being required in cases of danger." Signor Marconi declared that shortly it would be possible to send many messages over the sea at the same time.

METAL QUOTATIONS.

New York, Jan. 14.—Copper dropped slightly on the market today and is quoted at $11 to $12 50 for lake, and $11 for casting. In London the price was also lower being £45 12s 6d for spot, and £46, for futures, a drop of £1 7s 6d. Lead is unchanged here at $4 and in London 1s 3d lower, at £10 7s 6d.

$10 REWARD

The above Reward will be paid to anyone giving evidence that will convict persons of stealing The Miner from our subscriber's doors.

THE TWO TICKETS.

Following are the candidates for mayor and aldermen and in order that the public may know just who they are voting for they are put in parallel columns. Those in the first column may be relied on to give the city a first class, economical and progressive government, and The Miner is in favor of their election:

The Miner Ticket	The Tribune Ticket
For Mayor	For Mayor
Frank Fletcher	J A Kirkpatrick
West Ward Aldermen	West Ward Aldermen
Ald John Hamilton	Capt D C McMorris
Ald Harold Selous	Thos J Scanlon
John Elliot	
East Ward	East Ward
Ald W G Gillett	R W Drew
Ald John Paterson	Ald J A Irving
W J Wilson	Chris Morrison

A CAMPAIGN MYSTERY.

The address of John A. Kirkpatrick, candidate for mayor, appeared yesterday and the public did not seem to be as much concerned in the several planks in the platform as it was as to the identity of the individual who wrote it. There were a number who were firm and unswerving in the belief that it was written in the fine literary style of the chief editor of the Tribune. They thought, and declared in support of their contention, that they could detect certain beauties of style and mannerisms of expression which no hand less cunning than his could have produced. They declared that they were thoroughly familiar with the elegant literary mannerisms of the gentleman in question and though they did not see him while the thoughts were surging through his brain or while he was transferring his thoughts to paper still they were just as confident that he was the author as though they had seen him while the vigorous and bright progeny of his brain were being born and put to the work of molding public opinion almost before the ink on the paper was dry. They had arrived at this conclusion by a system of deduction similar to that employed by Sherlock Holmes and were just as certain that they were correct as they are that their bills for the current month will reach them on February 1st. Doubting Thomases, made up of those who do not observe closely, and who never reason by induction, proudly pointed to the signature, which occurs in capitals, and occupied nearly a whole line at the bottom of the address, and triumphantly said how can you get over this irrefagible evidence of who the actual author of the address is? The inductionists pointed out the fact that Shakespeare's plays bore his signature, and yet Ignatius Donnelly and many others are certain that Sir Francis Bacon wrote them: a signature to them amounted to nothing, except when written on a check, when the mental and literary abilities of an individual have to be taken into consideration. The arguments pro and con as to who really wrote the address were kept up all day and long into the night and still the matter was involved in as much doubt when the several groups, who had been discussing it, dispersed for the night as it was when it opened early in the morning. It will probably go down in the history of Nelson municipal politics as one of the unsolvable mysteries, and will equal in time that other unanswered question of "who struck Billy Patterson?"

A SPLENDID ENDORSATION.

The meeting at the Opera House on Monday evening was attended by nearly 600 of the residents of this city, and was the strongest sort of an endorsation of Mayor Fletcher, Alderman John Hamilton, Alderman Harold Selous, John Elliot, Alderman W. G. Gillett, Alderman John Paterson and W. J. Wilson. It was a thoroughly representative meeting made up of mine owners and miners, merchants and their clerks, men in professions and men in trades. The speakers were listened to with close attention and when they made a telling point they were vociferously applauded. There was no hostile interruptions, like those which frequently occur at political meetings, and which sometimes demonstrate that the audience is not in political sympathy with the speakers and the intensity and frequency of these unfriendly demonstrations and the degree with which the audience sympatizes with the disturbers may be taken as a true index of the public esteem with which the speakers are held. There was none of these unfriendly manifestations at the Monday night meeting; on the contrary all of the remarks made and the homage given the speakers showed that the audience was friendly to them and to the sentiments which they expressed. The meeting certainly demonstrated the direction in which the political wind is blowing and more than any other thing since the campaign opened tended to give increased hope to Mayor Fletcher, the alderamnic candidates in sympathy with him and their supporters of winning by a large majoarity and had a correspondinlgy depressing effect on Mr. Kirkpatrick and his friends.

The manner in which the large audience revealed its hearty accord with the action taken by the mayor and council in regard to supplementing the city plant with leased power and with their general conduct of the affairs of the city showed unmistakealby how those who composed it feel on these subjects. Those present gave no uncertain signs of approbation when comparisons were made of the council of 1901 with that of 1900. Indeed what the speakers said revealed that the affairs of the city were most ably and eeconomically managed during the past year. Then, too, everyone of the campaign lies lately put in circulation were refuted with facts and figures which could not be succesfully controverted. In short the meeting was most successful and was a splendid commendation of the action of the city government of 1901.

EDITORIAL NOTES.

The Silent Candidate has at last spoken, by proxy, and what has he said—nothing that is particuiarly new, and nothing that is specially bright.

Considering the amount of funds at its disposal the city council of 1901 accomplished a great deal in the way of public improvements. The showing is one to which they can point to with pride.

W. J. Wilson made a short but effective speech on Monday night. His concluding words showed that he is a born politician. He said: "If you elect me well and good. If not I will be your friend just the same."

It was stated on the streets yesterday that the henchmen of J. A. Kirkpatrick had purchased all of the snow shovels in town. They expect him to be snowed under tomorrow and will use the snowshovels to dig him out.

Wonder what makes the Tribune so quiet during these January days? Perhaps it sees the headsman stalking behind its candidate and realizes that his finish will come tomorrow when the voters will give him his political quietus.

There is a vacancy in the Tribune ticket as it lacks a third aldermanic canidate in the west ward. Is it possible that no man can be found in all that big ward who would consent to sacrifice himself filling the aching void in the ticket?

There has been considerable objection raised and rightly, too, to government by injunction. There is just as much objection to government by proxy and the people should speak in no uncertain tones on this question at the polls tomorrow.

Mayor Fletcher answered in a satisfactory manner the questions put to him by his opponents and his replies were applauded to the echo. His opponent, Mr. Kirkpatrick, has failed so far to answer some pertinent queries put to him by The Miner.

There is talk of forming a trust to purchase all the brooms in the city with the object of selling them on Thursday evening at advanced prices to the successful candidates. The candidates who expect to win should, therefore, secure an option on a few hundred brooms before the price is raised by the trust.

The charge that the city government ran a wide-open town last year is not borne out by the facts. The figures frunished by the police reports are an eloquent refutation of this charge. In 1900 there were 315 arrests and in 1901 there were only 287. This demonstrates most clearly that Nelson was freer from crimes and misdemeanors under the administration of Mayor Fletcher than it was under his predecessor. In 1901, too, there were nine arrests for gambling, which is more than the previous administration can show. Mayor Fletcher and his council followed the policy of a happy medium between two extremes and this course seems to have met with the approbation of a majority of the people.

The members of the provincial government at Victoria are so busy with combinations and cabals to extend their official lease of life that they evidently have but little spare time for the transaction of public business. In an effort to secure a hearing from them concerning a site for the city on the Kootenay river for a power plant the mayor has written a number of letters to Premier Dunsmuir and the members of his cabinet, but so far has been unable to elicit a reply. He says the resident member seems to have as little influence with the government as he has.

ASTHMA CURE FREE !

Asthmalene Brings Instant Relief and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL!

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, o Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thaukful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full size bottle.

Rev. Dr. Morris Wechsler,

Rabbi of the Cong. Bnai Israel,

NEW YORK, Jan, 3, 1901

DR. TAFT BROS. MEDICINE CO.,

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,

REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y, Feb. 1, 1901.

DRS. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130 th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS, MEDICINE CO, Feb. 5, 1901.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-sized bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

Home address, 235 Rivington street, S. RAPHAEL,

67 East 129th St., New York City.

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

Do not delay. Write at once, addressing DR. TAFT BROS, MEDICINE CO., 79 East 130th St., N. Y. City.

A CLOSE CURLING GAME.

Only one game was played last night in the Bunyan cup competition at the curling rink one sheet of ice not yet being in good condition. Owing to the absence of F. Starkey, the skip of one of the rinks, F. A. Tamblyn acted in his place without playing, the third player of that rink playing two pairs of stones. As all the players of that rink are green curlers, though they did not win they came near it and the game was one of the closest contested that has been played on the ice this winter as the score will show.

Keen interest was manifested in the game throughout by the veterans of the club, particularly the skips. It was anybody's game at any stage of the play and at the beginning of the last end the score stood 6 to 8, when Starkey's rink made a point and had a narrow margin only from tying the score, but Walley had the last end too strongly guarded.

Deacon	W Clayton
P Chapman	Dr Armstrong
T S McPherson	E Smythe
Tamblyn, sk, 7.	Walley, sk 8.

The club has been in correspondence regarding rates to Winnipeg but so far the rink to go has not yet been chosen.

Stops the Cough and Works off the Cold.

THE SCHOOL ELECTION.

In the school election now pending the candidates who receive the highest number of votes shall hold office for two years and the other three for one year. Next year these three will retire and those who take their places will hold office for two years and so on two will be selected one year and three the other. Two of the present board of trustees are nominated for reelection, namely Dr. Arthur and F. W. Swannell. Both have been trustees for some years and have taken a deep interest in school matters. The other candidates, Messrs. Annable, McKillop, Weir and Dr. Hall, are well known to the public and from the six candidates the voters will take their choice, as only one will have to be rejected.

MADE A HIT.

Rossland, Jan. 14.—"Engaged" was produced by the Rossland Opera house this evening before a large and appreciative audience. The company scored a bigger hit than even it did in "Confusion," and it is possible that it may be reproduced in Spokane. The proceeds were given to the Presbyterian church.

A DEEP MYSTERY.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness. Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at Canada Drug and Book Co.

SELECT PERFUMES.

We use special care in purchasing perfumes and only the best is secured. A drop of our perfumes is equal to the scent of a bouquet of flowers. All lovers of good extracts will appreciate our judgment and discrimination. Any quantity from a half ounce to a pound.

We have in stock a large line of

Frost King Chamois Vests for Men and Boys, made of chamois lined with flannel.

Frost Queen Chamois Vests for Women and Girls, made of chamois covered with French flannel.

If you want to make a Xmas gift that will be a source of comfort, pleasure, and a guard to health, these are the proper things. Price, $3.00. Children's sizes, $2.00.

Canada Drug and Book Co., Ltd.

"STABAT MATER."

One of Rossini's Masterpieces to Be Produced in Nelson.

It is intended to render Rossini's "Stabat Mater" in the Opera house, under the leadership of Herr Steiner on Thursday, January 30th. The soloists will be Mrs. Melville Parry, Mrs. R. W. Hannington, Mr. George Kydd and Mr. E. Grizelle. The chorus is composed of over 50 voices and will be strong and effective. The whole work promises to be given in a very effective, excellent and high class manner. It is believed that this is the first attempt ever made in Nelson at giving an oratorio in full with orchestral, piano and organ accompaniment, and it is hoped that lovers of good music will show their appreciation of the effort of the singers and actors by attending the production in large numbers.

Every member of the chorus is particularly requested to give his or her time in closely studying and learning the score, and to attend the rehearsals on Mondays and Thursdays at 8 p. m. at the Presbyterian church The altos will have a special rehearsal with Mr. Jowett at 8 o'clock this evening at the church when a full attendance is requested.

TOT CAUSES NIGHT ALARM.

"One night my brother's baby was taken with Croup," wries Mrs J. C Snider, of Crittenden, Ky., "it seemed it would stangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung Troubles. 50c and $1.00. Trial bottles free at Canada Drug and Book Co.

Shall I Drop It?

Killing Two Birds with One Stone.

A man said: "I nearly killed two birds with one stone when I ruined stomach and nerves with coffee. Quit it? Well, I think so. I had rather be well, feel good, eat meals, sleep well and be able to do something in this world than to have all the coffee on earth."

Brain workers can get on with coffee a while, but the day comes when dyspepsia begins to show its head then come times when the brain gets tired and has to be pushed. That's the time to look out, for it is a sure forerunner of that terrible disease, Nervous Prostration and probable paralysis.

Coffee poison affects stomach and nerves (the brain included), and if persisted in will do its work sure as the sun is sure to rise. Medicine will not avert the final attack. There is but one thing to do. Drop it, if you show the least sign of the poison affecting you in stomach, nerves, kidneys, bowels, eyes or heart.

It is easy to change from coffee to Postum Food Coffee if you insist on having Postum prepared by long boiling. That brings out the taste and food value.

Typewriters There are a few things that should be insisted on by the buyer of a typewriter. First, it should be made of the best material so that it can stand the wear and tear and last for a reasonable time without having to be rebuilt. Secondly, it should have as few parts as possible. In this age we all avoid complicated machinery, simplicity is the rule in mechanical engineering. Thirdly, insist on investigating the merits of our three machines—the Empire at $60.00 built on exclusively its own design; the Manhattan at $90.00, exact duplicate of the Remington; the New Century at $125.00.

MORLEY & LAING
SUCCESSORS TO
THOMSON STATIONERY CO., Ltd.
NELSON, B. C.
Show Room for Mason & Risch pianos

THE CITY

A. F. Rosenberger left on Monday for the east and will be gone several months.

The Nelson Boat club gave another of their successful dances at the Phair hotel last evening. A large number were present, and with a good floor and stirring music a very pleasant evening was spent.

At the hospital Monday night a Chinaman named Chow Hing died from peritonitis. He had been brought in from a mining camp the day before where he had been cooking, but was too far gone for anything to be done towards his recovery.

Rev. R. B. Blyth, who is to preach at the Congregational church on Sunday, will give a lecture on Monday evening in the same edifice on The Boer War. About a year ago this gentleman gave a very entertaining lecture on the same subject in this city which was much appreciated.

Henry Roy was in the city yesterday having just returned from Crawford bay where he had taken a number of horses and a quantity of supplies for the Silver Hill mine. It is expected that the tramway will be in shape by the end of the present week and shipping from the mine will be commenced immediately thereafter.

The senior hockey team are hard at work practicing for the match with the Sandon team next Monday evening at the Tramway rink. As the Sandon team, owing to the colder weather experienced in that town, are able to get in steady practice from the beginning of the winter right through, a lively game may be looked for.

One of Mr. Kirkpatrick's supporters who was present at the meeting on Monday night to hear Mr. Fletcher and his supporters speak, yesterday said, "I will confess that I was sorry that either Kirkpatrick or some of the others did not attend the meeting and answer some of the speeches made as they were a good deal strenger than I expected, and put a lot of things in a different light."

Electioneering is proceding very briskly in the city. There is a noticeable difference in the demeanor of some of the leading Kirkpatrick-Houston workers from that displayed in the early part of the campaign. They are beginning to realize that they are up against some unpleasant realities and have lost much of the boastfulness which was so noticeable at first.

At Fraternity hall on Monday a very successful and pleasant reception was given to the new rector of St. Saviour's church, Rev. F H. Graham It took the form of an informal entertainment and social, and was greatly enjoyed by all attending, comprising the greater part of the congregation of the church. A number of songs and musical selections were given by some of the clever amateurs, of which Nelson is fortunate in possessing a number. Refreshments were served by the ladies of the congregation.

A raffle is to be held shortly at The aPlm with a rather singular object. On Monday A. F. Rosenberger, of this city, received a parcel from a Colorado penitentiary. It contained a most beautifully inlaid jewel box made of 3,000 pieces of wood, containing over 30 different varieties, and a very peculiar walking stick made of paper, but as strong as iron. With them was a letter from a man who had formerly worked with Mr. Rosenberger for a long period in Colorado, telling him of a shooting affair which the sender got into as a result of which he had been sent to the penitentiary for a long term of years. He knew of evidence that would get him pardoned but had been unable through poverty to procure it, and in his spare time had worked on these articles to help to raise some money for this object, and now sent them to Mr. Rosenberger to do what he could. As the latter was just going on an extended trip he left the articles in the hands of Mr. Mussulman, of the Mines Exchange, who is arranging to raffle them. Mr. Brown of The Palm, became interested in the case and donated several prizes towards it so that it will probably prove an interesting affair. The articles are on exhibition at The Palm.

Your Hotel
will serve
Grape-Nuts
if you ask.
Order the food served dry and with cream to pour over it.

James Cronin manager of the St. Eugene mine, at Moyie, is at the Phair.

J. L. Parker, who has been at the Phair for several days, leaves today for Rossland.

A miner from the Silver King who was in the city yesterday stated that at the mine they were having beautiful weather with bright sunshine all day, while the valley below seemed to be filled with a heavy fog.

H. Fitzgerald, of Nelson, was married last evening to Miss Mary Genery, of Duluth. The wedding took place at the residence of Mr. Zelazny, at the corner of Ward and Carbonate streets, Rev. Wm. Munroe being the officiating clergyman.

The funeral of Samuel Hockaday, who perished in the blizzard near Slocan City last week, took place yesterday. The Salvation Army, of which the deceased was a member, conducted the services, which were largely attended, and the Nelson Miners Union attended in a body. At the grave the burial service of that order was said.

George K. Tackabury, agent of the Nelson and Fort Sheppard railway, returned on Sunday from a month's trip to California. He spent most of the time while he was away amid the orange groves and at the beach hotels of Southern California and reports that he greatly enjoyed the outing and comes back to his work with renewed vigor.

The disease among horses commonly known as "pink eye" has made its appearance in Nelson and Dr. Armstrong, the veterinarian, reports about 30 cases. This disease is remarkable in that it usually makes its appearance every ten years. It is not usually fatal though it incapacitates the animal for work. The outbreak in 1892 was not severe, but in 1882 the disease was very widespread and in some of the larger cities it was almost impossible to keep the street cars running.

Yesterday afternoon at the office of the chief of provincial police, the trial of Long Dack, one of the Chinamen accused of stealing windows and other fixtures from the city pest house was held. The prosecution was looked after by W. H. Bullock-Webster, while R. S. Lennie represented the prisoner. The police had discovered two windows, similar in size and shape to those missing from the pest house in the cabin occupied by the prisoner, but were unable to prove that they were the same windows and the prisoner was discharged. The other prisoner who was brought up on the same charge was remanded until today at 2.30 p.m.

Percy F. Godenrath of Greenwod, a well know Boundary newspaper correspondent passed through the city yesterday on his way to Montreal and Toronto. Mr. Godenrath's mission is connected with the colonization of arable lands near Grand Forks in the Kettle river valley. This section of the Boundary is notable for the excellency and productiveness of its soil for fruit culture. The climatic conditions are all that can be asked by the horticulturalist and the markets for fruit and garden produce throught the district cannot be excelled. One of the best of the fruit farms is W. H. Covert's, three and a half miles from Grand Forks. Mr. Covert took up the place 16 years ago and has some 11,000 trees. His 320 acres has been divided into 10 acre plots with a view to disposing of same to small farmers. Mr. Godenrath will endeavor to induce immigration in that direction, among the agriculturists of eastern Canada. He takes with him a small but choice exhibit of fruits, vegetables, etc., and also a number of photographs of Mr Covert's farm and the district generally. He will have published a pamphlet dealing on the subject giving all the information possible relative to fruit culture in the Kettle river valley.

AT THE HOTELS.

Grand Central—O H McMillan, Mollie Gibson mine; D S McDaniel, Slocan; W J Sullivan, Rossland; H Porter, Ymir; Wm McArthur, Salmo.

Queens—James McDonald, Sandon; John Burke, Spokane.

Hume—W N Brayton, Kaslo; J R Gifford, Hall Mines; D W Moore, Trail; W McLeod, Winnipeg; G H Barnhart, Ymir.

Madden—John Harbottle, Ymir; Robert McDonald, Sandon.

Phair—Henry Roy, Rossland; G O Buchanan, Kaslo; J L Parker, Phoenix; A R Fingland, Three Forks; Robert Irving, W. Stuart, N F Ferris, Kaslo; James Cronin, Moyie; W Valentine Hunt, Bonnington Falls.

TWELVE HOUR SHIFTS.

A letter was received yesterday from Sam Neelands, who enlisted in the third Canadian rifles now in camp at Halifax. He states that they are up at 6 a. m. drilling and are kept at it till 6 p.m. Some of the boys are kicking but he says he does not mind it. The men from the west are considered the best looking in the regiment but they have not yet received their new uniforms and will not until they go aboard ship.

SUICIDE AT ARCOLA.

Winnipeg, Jan. 14.—J. H. Enbody, an American, aged 22, committed suicide today at Arcola. The inmates of the house were awakened by his groaning at 4 a.m. He had taken two ounces of laudanum and left this message in a magazine: "Advise relatives in Ames, Nebraska, of my death." No reason is given for the act, which is the second attempt within two weeks.

NO HOPE FOR POLAND.

Berlin, Jan. 14—The chancellor yesterday disclaimed any desire to slight the Catholics. He knew only one policy, he said, as he knew only one nation; that policy made the Polish question a national one and the government would not deviate in the slightest from the track laid down.

MR. CHOATE'S STATUS.

Will Not Be Official Representative at the Coronation.

Washington, Jan. 14.—Mr. Choate, U. S. ambassador to London, who sailed today for his post, will not, strictly speaking, have any official connection with the special coronation embassy. This was the fact during the golden jubilee when Ambassador Hay was not even ex-officio a member of the special representation of the United States government. As a matter of fact, however, the United States ambassador is a very important figure in the ceremonies and is in almost every instance attendant upon all the functions in which the special representatives participate. General J. S. Wilson had a conference with Secretary Root at the the war department this afternoon and formerly accepted the appointment of military member of the special embassy to London at the coronation of King Edward.

GERMANS RETALIATE.

Propose to Enact American Regulations as to Imports.

Berlin, Jan. 14.—Baron Heyl Zuherrnsheim national Liberal proposed an amendment to the tariff bill in committee today which was aimed at the United States. The government is authorized to apply to imports from any foreign state, such regulations respecting the consular authentication of invoices of such imports, the declaration of their market value and the costs of their production, as may be enforced against German exports.

The language of the amendment proposed by Baron Heyl Zuherrnsheim is fashioned after the American law and is regarded by the committee as undoubtedly designe to offset the custom requirements of the United States and satisfy the long standing complaints of the German manufacturers. This amendment has not been discussed but inquiry of some members of the committee has elicited the statements which indicate that it is more than likely to be adopted.

BIG LACE FACTORY GOES.

Nottingham, Jan. 14.—Sampson's lace factory, the largest one here, has probably been destroyed by fire. The damage is over £100,000.

UNNA DEFINES A CAUSE.

European Skin Specialist Says Dandruff is Caused by Parasites.

Upon that theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all "took a hand" and the successful issue is the present product known as "Newbro's Herpicide."

This remedy actually kills the parasites that infests the hair bulb, does its work most effective and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and aubndant.
